

Washington Apple Health (Medicaid)

Complex Rehabilitation Technology (CRT) Products & Related Services Billing Guide

January 1, 2020

Every effort has been made to ensure this guide's accuracy. If an actual or apparent conflict between this document and an agency rule arises, the agency rules apply.

About this guide*

This publication takes effect January 1, 2020, and supersedes earlier guides to this program.

HCA is committed to providing equal access to our services. If you need an accommodation or require documents in another format, please call 1-800-562-3022. People who have hearing or speech disabilities, please call 711 for relay services.

Washington Apple Health means the public health insurance programs for eligible Washington residents. Washington Apple Health is the name used in Washington State for Medicaid, the children's health insurance program (CHIP), and state-only funded health care programs. Washington Apple Health is administered by the Washington State Health Care Authority.

What has changed?

Subject	Change	Reason for Change
Behavioral Health Organization (BHO)	Removed this section.	Effective January 1, 2020, behavioral health services in all regions will be provided under integrated managed care.
<u>Integrated Managed Care Regions</u>	Effective January 1, 2020, integrated managed care is being implemented in the last three regions of the state: <ul style="list-style-type: none"> • Great Rivers (Cowlitz, Grays Harbor, Lewis, Pacific, and Wahkiakum counties) • Salish (Clallam, Jefferson, and Kitsap counties) • Thurston-Mason (Mason and Thurston counties) 	Effective January 1, 2020, HCA completed the move to whole person care to allow better coordination of care for both body (physical health) and mind (mental health and substance use disorder treatment, together known as “behavioral health”). This delivery model is called Integrated Managed Care (IMC).
<u>CRT Coverage table</u>	Added HCPC code <u>E2398</u> .	New wheelchair accessory.

* This publication is a billing instruction.

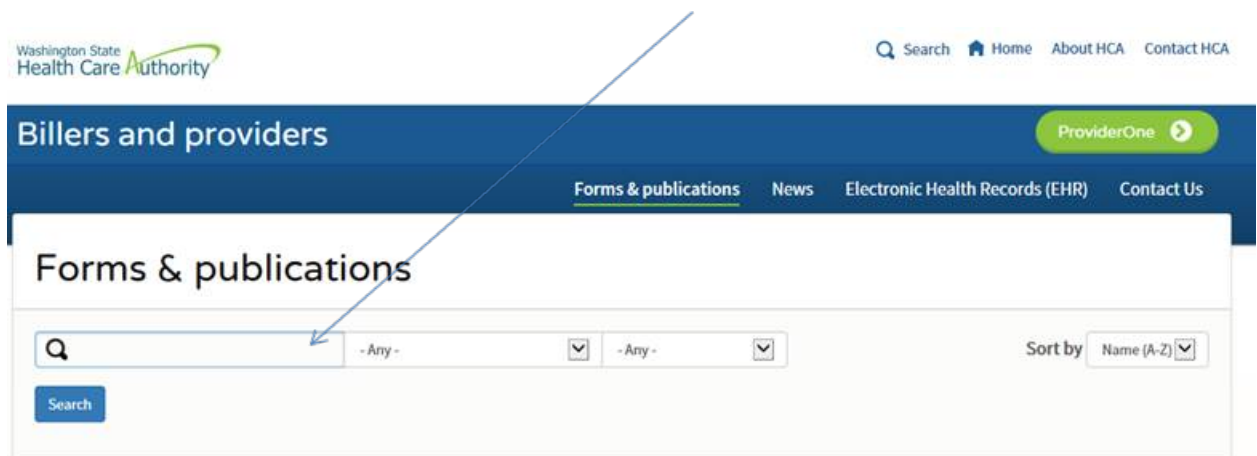

How can I get agency provider documents?

To access provider alerts, go to the agency's [provider alerts](#) webpage.

To access provider documents, go to the agency's [provider billing guides and fee schedules](#) webpage.

Where can I download agency forms?

To download an agency provider form, go to HCA's Billers and provider's webpage, select [Forms & publications](#). Type the HCA form number into the **Search box** as shown below (Example: 13-835).

Definitions

This list defines terms and abbreviations, including acronyms, used in this guide. Refer to [Chapter 182-500 WAC](#) for a complete list of definitions for Washington Apple Health.

Assignment – A process in which a doctor or supplier agrees to accept the Medicare program’s payment as payment in full, except for specific deductible and coinsurance amounts required of the patient.

Complex needs patient – A person with a diagnostic or medical condition that results in significant physical or functional needs and capacities. (WAC [182-543-1000](#))

Complex rehabilitation technology (CRT) – Means wheelchairs and seating systems classified as medical equipment within the Medicare program that:

- (1) Are individually configured for people to meet their specific and unique medical, physical, and functional needs and capacities for basic activities as medically necessary to prevent hospitalization or institutionalization of a complex needs patient.
- (2) Are primarily used to serve a medical purpose and generally not useful to a person in the absence of an illness or injury.
- (3) Require certain services to allow for appropriate design, configuration, and use of such item, including patient evaluation and equipment fitting and configuration. (WAC [182-543-1000](#))

Date of delivery – The date the client actually took physical possession of an item or equipment. (WAC [182-543-1000](#))

Health care common procedure coding system (HCPCS) – A coding system established by the Centers for Medicare and Medicaid Services (CMS). (WAC [182-543-1000](#))

Individually configured – A device has a combination of features, adjustments, or modifications specific to complex needs patient that a qualified complex rehabilitation technology supplier provides by measuring, fitting, programming, adjusting, and adapting the device as appropriate so that the device is consistent with an assessment or evaluation of the complex needs patient by a health care professional and consistent with the complex needs patient’s medical condition, physical and functional needs and capacities, body size, period of need, and intended use. (WAC [182-543-1000](#))

Manual wheelchair – See “Wheelchair – Manual.”

Medically necessary – See WAC [182-500-0070](#).

Power-drive wheelchair – See “Wheelchair – Power.”

Prior authorization – See WAC [182-500-0085](#).

Complex Rehabilitation Technology (CRT) Products and Related-Services

Qualified complex rehabilitation technology supplier – A company or entity that:

- (1) Is accredited by a recognized accrediting organization as a supplier of CRT.
- (2) Meets the supplier and quality standards established for medical equipment suppliers under the Medicare program.
- (3) For each site that it operates, employs at least one CRT professional, who has been certified by the Rehabilitation Engineering and Assistive Technology Society of North America as an assistive technology professional, to analyze the needs and capacities, and provider training in the use of the selected covered CRT items.
- (4) Has the CRT professional physically present for the evaluation and determination of the appropriate individually configured complex rehabilitation technologies for the complex needs patient.
- (5) Provides service and repairs by qualified technicians for all CRT products it sells.
- (6) Provides written information to the complex needs patient at the time of delivery about how the person may receive service and repair.

(WAC 182-543-1000)

Usual and customary charge – See WAC [182-500-0100](#).

Warranty-period – A guarantee or assurance, according to manufacturers' or provider's guidelines, of set duration from the date of purchase.

(WAC [182-543-1000](#))

Wheelchair – Manual – A federally-approved, non-motorized wheelchair that is capable of being independently propelled and fits one of the following categories:

- **Standard:**
 - ✓ Usually is not capable of being modified
 - ✓ Accommodates a person weighing up to 250 pounds
 - ✓ Has a warranty period of a least one year
- **Lightweight:**
 - ✓ Composed of lightweight materials
 - ✓ Capable of being modified
 - ✓ Accommodates a person weighing up to 250 pounds
 - ✓ Usually has a warranty period of at least three years
- **High-strength lightweight:**
 - ✓ Is usually made of a composite material
 - ✓ Is capable of being modified
 - ✓ Accommodates a person weighing up to 250 pounds
 - ✓ Has an extended warranty period of over three years
 - ✓ Accommodates the very active person
- **Hemi:**
 - ✓ Has a seat-to-floor height lower than 18" to enable an adult to propel the wheelchair with one or both feet
 - ✓ Is identified by its manufacturer as "Hemi" type with specific model numbers that include the "Hemi" description

Complex Rehabilitation Technology (CRT) Products and Related-Services

- **Pediatric:** Has a narrower seat and shorter depth more suited to pediatric patients, usually adaptable to modifications for a growing child.
- **Recliner:** Has an adjustable, reclining back to facilitate weight shifts and provide support to the upper body and head.
- **Tilt-in-space:** Has a positioning system, which allows both the seat and back to tilt to a specified angle to reduce shear or allow for unassisted pressure releases.
- **Heavy duty** meets one of the following:
 - ✓ Is specifically manufactured to support a person weighing up to 300 pounds
 - ✓ Accommodates a seat width of up to 22" wide (not to be confused with custom manufactured wheelchairs)
- **Rigid:** Is an ultra-lightweight material with a rigid (nonfolding) frame.
- **Custom heavy duty** meets one of the following:
 - ✓ Is specifically manufactured to support a person weighing over 300 pounds
 - ✓ Accommodates a seat width of over 22" wide (not to be confused with custom manufactured wheelchairs).

- **Custom manufactured specially built:**
 - ✓ Ordered for a specific client form custom measurements
 - ✓ Is assembled primarily at the manufacturer's facility(WAC [182-543-1000](#))

Wheelchair – Power – A federally-approved, motorized wheelchair that can be independently driven by a client and fits one of the following categories:

- **Custom power adaptable to:**
 - ✓ Alternative driving controls
 - ✓ Power recline and tilt-in-space systems
- **Non-custom power:** Does not need special positioning or controls and has a standard frame.
- **Pediatric:** Has a narrower seat and shorter depth that is more suited to pediatric patients. Pediatric wheelchairs are usually adaptable to modifications for a growing child.
(WAC [182-543-1000](#))

About CRT

What is the purpose of the complex rehabilitation technology (CRT) billing guide?

The purpose of this billing guide is to provide billing information for individually configured, complex rehabilitation technology (CRT) products and related services provided to eligible clients with complex needs.

Note: For clients who require a wheelchair but who do not meet the agency's requirements in this billing guide for an individually configured CRT product, see the agency's [Medical Equipment \(ME\)/Non-CRT Wheelchairs Billing Guide](#).

When does the agency pay for CRT products and related services?

(WAC [182-543-0500](#))

The agency covers CRT products and related services according to agency rules and subject to the limitations and requirements within this guide.

The agency pays for CRT products and related services including modifications, accessories, and repairs when they are all of the following:

- Covered
- Within the client's medical program scope (see WAC [182-501-0060](#) and [182-501-0065](#))
- Medically necessary, as defined in WAC [182-500-0005](#)
- Prescribed by a physician, except for dual-eligible Medicare/Medicaid clients when Medicare is the primary payer and the agency is billed for a co-pay and/or deductible only
- Authorized, as required in this billing guide, and per the following:
 - ✓ Chapter [182-501](#) WAC
 - ✓ Chapter [182-502](#) WAC
 - ✓ Chapter [182-543](#) WAC
- Provided and used within accepted medical or physical medicine community standards of practice

Complex Rehabilitation Technology (CRT) Products and Related-Services

The agency requires prior authorization (PA) for CRT products and related services. The agency evaluates requests requiring PA on a case-by-case basis to determine medical necessity, according to the process found in WAC [182-501-0165](#).

Note: See [Authorization](#) for specific details regarding authorization for CRT.

The agency evaluates a request for any CRT product or related service under the provisions of WAC [182-501-0160](#). When EPSDT applies, the agency evaluates a noncovered product or service according to the process in WAC [182-501-0165](#) to determine if it is all of the following:

- Medically necessary
- Safe
- Effective
- Not experimental (refer to the agency's [Early and Periodic Screening, Diagnosis and Treatment \(EPSDT\) Program Billing Guide](#) for more information)

The agency evaluates a request for a service that is in a covered category, but has been determined to be experimental or investigational as defined by WAC [182-531-0050](#), under the provisions of WAC [182-501-0165](#) that relate to medical necessity.

Does the agency follow the National Correct Coding Initiative (NCCI) policy?

Yes. The agency follows the National Correct Coding Initiative (NCCI) policy. The Centers for Medicare and Medicaid Services (CMS) created this policy to promote national correct coding methods. NCCI assists the agency to control improper coding that may lead to inappropriate payment.

The agency bases coding policies on the following:

- The American Medical Association's (AMA) Current Procedural Terminology (CPT®) manual
- National and local policies and edits
- Coding guidelines developed by national professional societies
- The analysis and review of standard medical and surgical practices
- Review of current coding practices

Complex Rehabilitation Technology (CRT) Products and Related-Services

Medically Unlikely Edits (MUEs) - Part of the NCCI policy are MUEs. MUEs are the maximum unit of service per HCPC or CPT code that can be reported by a provider under most circumstances for the same patient on the same date of service. Items billed above the established number of units are automatically denied as a “Medically Unlikely Edit.” Not all HCPCS or CPT codes are assigned an MUE. The agency adheres to the CMS MUEs for all codes.

The agency may have units of service edits that are more restrictive than MUEs.

The agency may perform a post-pay review on any claim to ensure compliance with NCCI. NCCI rules are enforced by the ProviderOne payment system.

Client Eligibility

Most Apple Health clients are enrolled in an agency-contracted managed care organization (MCO). This means that Apple Health pays a monthly premium to an MCO for providing preventative, primary, specialty, and other health services to Apple Health clients. Clients in managed care must see only providers who are in their MCO's provider network, unless prior authorized or to treat urgent or emergent care. See the agency's [Apple Health managed care page](#) for further details.

It is important to always check a client's eligibility prior to providing any services because it affects who will pay for the services.

How do I verify a client's eligibility?

Check the client's Services Card or follow the two-step process below to verify that a client has Apple Health coverage for the date of service and that the client's benefit package covers the applicable service. This helps prevent delivering a service the agency will not pay for.

Verifying eligibility is a two-step process:

Step 1. Verify the patient's eligibility for Apple Health. For detailed instructions on verifying a patient's eligibility for Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in the agency's [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the note box below.

Step 2. Verify service coverage under the Apple Health client's benefit package. To determine if the requested service is a covered benefit under the Apple Health client's benefit package, see the agency's [Program Benefit Packages and Scope of Services](#) webpage.

Note: Patients who are not Apple Health clients may submit an application for health care coverage in one of the following ways:

1. By visiting the Washington Healthplanfinder's website at:
www.wahealthplanfinder.org
2. By calling the Customer Support Center toll-free at: 855-WAFINDER (855-923-4633) or 855-627-9604 (TTY)
3. By mailing the application to:
Washington Healthplanfinder
PO Box 946
Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit www.wahealthplanfinder.org or call the Customer Support Center.

Are clients enrolled in an agency-contracted managed care organization (MCO) eligible?

Yes. Most Medicaid-eligible clients are enrolled in one of the agency's contracted managed care organizations (MCOs). For these clients, managed care enrollment will be displayed on the client benefit inquiry screen in ProviderOne.

All medical services covered under an agency-contracted MCO must be obtained by the client through designated facilities or providers. The MCO is responsible for:

- Payment of covered services.
- Payment of services referred by a provider participating with the MCO to an outside provider.

Note: A client's enrollment can change monthly. Providers who are not contracted with the MCO must receive approval from **both** the MCO and the client's primary care provider (PCP) prior to serving a managed care client.

Send claims to the client's MCO for payment. Call the client's MCO to discuss payment prior to providing the service. Providers may bill clients only in very limited situations as described in [WAC 182-502-0160](http://www.wa.gov/wac/182-502-0160).

Note: To prevent billing denials, check the client’s eligibility **prior** to scheduling services and at the **time of the service**, and make sure proper authorization or referral is obtained from the agency-contracted MCO, if appropriate. See the agency’s [ProviderOne Billing and Resource Guide](#) for instructions on how to verify a client’s eligibility.

The agency does not pay for complex rehabilitation technology (CRT) products or related services provided to a client who is enrolled in an agency-contracted MCO, but who did not use one of the MCO’s participating providers.

Managed care enrollment

Apple Health (Medicaid) places clients into an agency-contracted MCO the same month they are determined eligible for managed care as a new or renewing client. This eliminates a person being placed temporarily in FFS while they are waiting to be enrolled in an MCO or reconnected with a prior MCO. This enrollment policy also applies to clients in FFS who have a change in the program they are eligible for. However, some clients may still start their first month of eligibility in the FFS program because their qualification for MC enrollment is not established until the month following their Medicaid eligibility determination.

New clients are those initially applying for benefits or those with changes in their existing eligibility program that consequently make them eligible for Apple Health managed care. Renewing clients are those who have been enrolled with an MCO but have had a break in enrollment and have subsequently renewed their eligibility.

Checking eligibility

- Providers must check eligibility and know when a client is enrolled and with which MCO. For help with enrolling, clients can refer to the Washington Healthplanfinder’s [Get Help Enrolling](#) page.
- MCOs have retroactive authorization and notification policies in place. The provider must know the MCO’s requirements and be compliant with the MCO’s policies.

Apple Health – Changes for January 1, 2020

Effective January 1, 2020, the Health Care Authority (HCA) completed the move to whole-person care to allow better coordination of care for both body (physical health) and mind (mental health and substance use disorder treatment, together known as “behavioral health”). This delivery model is called Integrated Managed Care (formerly Fully Integrated Managed Care, or FIMC, which still displays in ProviderOne and Siebel).

IMC is implemented in the last three regions of the state:

- **Great Rivers** (Cowlitz, Grays Harbor, Lewis, Pacific, and Wahkiakum counties)
- **Salish** (Clallam, Jefferson, and Kitsap counties)
- **Thurston-Mason** (Mason and Thurston counties)

These last three regions have plan changes, with only Amerigroup, Molina, and United Healthcare remaining. There are changes to the plans available in these last three regions. The only plans that will be in these regions are Amerigroup, Molina and United Healthcare. If a client is currently enrolled in one of these three health plans, their health plan will not change.

Clients have a variety of options to change their plan:

- **Available to clients with a Washington Healthplanfinder account:**
Go to [Washington HealthPlanFinder website](#).
- **Available to all Apple Health clients:**
 - ✓ Visit the [ProviderOne Client Portal website](#):
 - ✓ Call Apple Health Customer Service at 1-800-562-3022. The automated system is available 24/7.
 - ✓ Request a change online at [ProviderOne Contact Us](#) (this will generate an email to Apple Health Customer Service). Select the topic “Enroll/Change Health Plans.”

For online information, direct clients to HCA’s [Apple Health Managed Care](#) webpage.

Clients who are not enrolled in an agency-contracted managed care plan for physical health services

Some Medicaid clients do not meet the qualifications for managed care enrollment. These clients are eligible for services under the FFS Medicaid program. In this situation, each Integrated Managed Care (IMC) plan will have Behavioral Health Services Only (BHSO) plans available for Apple Health clients who are not in managed care. The BHSO covers only behavioral health treatment for those clients. Clients who are not enrolled in an agency-contracted managed care plan are automatically enrolled in a BHSO with the exception of American Indian/Alaska Native clients. Some examples of populations that may be exempt from enrolling into a managed care plan are Medicare dual-eligible, American Indian/Alaska Native, Adoption support and Foster Care alumni.

Integrated managed care

Clients qualified for managed care enrollment and living in integrated managed care (IMC) regions will receive all physical health services, mental health services, and substance use disorder treatment through their agency-contracted managed care organization (MCO).

American Indian/Alaska Native (AI/AN) clients have two options for Apple Health coverage:

- Apple Health Managed Care; or
- Apple Health coverage without a managed care plan (also referred to as fee-for-service [FFS]).

If a client does not choose an MCO, they will be automatically enrolled into Apple Health FFS for all their health care services, including comprehensive behavioral health services. See the agency's [American Indian/Alaska Native webpage](#).

For more information about the services available under the FFS program, see the agency's [Mental Health Services Billing Guide](#) and the [Substance Use Disorder Billing Guide](#).

For full details on integrated managed care, see the agency's [Apple Health managed care webpage](#) and scroll down to "Changes to Apple Health managed care."

Integrated managed care regions

Clients residing in integrated managed care regions and who are eligible for managed care enrollment must choose an available MCO in their region. Details, including information about mental health crisis services, are located on the agency’s [Apple Health managed care webpage](#).

Region	Counties	Effective Date
Great Rivers	Cowlitz, Grays Harbor, Lewis, Pacific, and Wahkiakum	January 1, 2020
Salish	Clallam, Jefferson, Kitsap	January 1, 2020

North Central	Grant, Chelan, Douglas, and Okanogan	January 1, 2018 January 1, 2019 (Okanogan)
Southwest	Clark, Skamania, and Klickitat	April 2016 January 1, 2019 (Klickitat)

Integrated Apple Health Foster Care (AHFC)

Children and young adults in the Foster Care, Adoption Support and Alumni programs who are enrolled in Coordinated Care of Washington’s (CCW) Apple Health Foster Care program receive both medical and behavioral health services from CCW.

Clients under this program are:

- Under the age of 21 who are in foster care (out of home placement)
- Under the age of 21 who are receiving adoption support
- Age 18-21 years old in extended foster care
- Age 18 to 26 years old who aged out of foster care on or after their 18th birthday (alumni)

These clients are identified in ProviderOne as
“Coordinated Care Healthy Options Foster Care.”

Fee-for-service Apple Health Foster Care

Children and young adults in the fee-for-service Apple Health Foster Care, Adoption Support and Alumni programs receive behavioral health services through the regional Behavioral Health Services Organization (BHSO). For details, see the agency's [Mental Health Services Billing Guide](#), under *How do providers identify the correct payer?*

What if a client has third-party liability (TPL)?

If the client has third-party liability (TPL) coverage (excluding Medicare), prior authorization must be obtained before providing any service requiring prior authorization. For more information on TPL, refer to the agency's [ProviderOne Billing and Resource Guide](#).

Provider/Manufacturer Information

Who is eligible to provide complex rehabilitation technology (CRT) products and related services? (WAC [182-543-4400](https://www.wa.gov/govpublications/182-543-4400))

To be eligible to provide CRT and related services on a fee-for-service basis to clients, providers must:

- Meet the definition of a qualified CRT supplier.
- Employ at each site that a company operates, at least one CRT professional who is certified by the Rehabilitation Engineering and Assistive Technology Society of North America (RESNA).
- Be enrolled with Medicaid and Medicare.
- Be registered with the appropriate taxonomy number (**332BC3200X**) to bill for CRT and related services.

The client must be evaluated by a licensed health care provider who performs specialty evaluations within that provider's scope of practice (occupational or physical therapists) and who does not have a financial relationship with the supplier.

What are the agency's requirements for CRT providers?

CRT providers must:

- Be present at the client's evaluation to assist in selection of the appropriate CRT product(s) and provide training in the use of the selected items.
- Provide written information to the client at the time of delivery as to how the client may receive services and repairs.
- Provide service and repairs by a qualified technician for all CRT products it sells.

Complex Rehabilitation Technology (CRT) Products and Related-Services

- Meet the general provider requirements in chapter [182-502](#) WAC.
- Obtain prior authorization before delivering the CRT product to the client.
- Furnish to clients only new CRT products that include full manufacturer and dealer warranties.
- Furnish, upon agency request, documentation of proof of delivery.
(See [What are the agency's requirements for proof of delivery?](#))
- Have a valid prescription. To be valid, a prescription must meet all of the following:
 - ✓ Be written on the agency's Prescription form, HCA #13-794. See [Where can I download agency forms?](#)
 - ✓ Be written by a physician or naturopathic physician
 - ✓ Be written, signed (including the prescriber's credentials), and dated by the prescriber on the same day or before delivery of the supply, equipment, or device (prescriptions must not be back-dated)
 - ✓ Be no older than one year from the date the prescriber signs the prescription
 - ✓ State the specific item or service requested, diagnosis, estimated length of need (weeks, months, or years), and quantity

Note: The above does not apply to dual eligible Medicare/Medicaid clients when Medicare is the primary payer and the agency is being billed for the copay and/or deductible only.

- Deliver the CRT product to the client before the provider bills the agency.
- Bill the agency using only the allowed procedure codes listed within this billing guide.

When does the agency not pay for CRT products or related services?

The agency does not pay for CRT products or related services furnished to eligible clients when:

- The medical professional who provides medical justification to the agency for the item provided to the client is an employee of, has a contract with, or has any financial relationship with the provider of the item.
- The medical professional who performs a client evaluation is an employee of, has a contract with, or has any financial relationship with a provider of CRT.
- The CRT products or related services have been delivered to a client without PA from the agency.

What are the agency's requirements for proof of delivery?

(WAC [182-543-2200](#))

When a provider delivers an item directly to the client or the client's authorized representative, the provider must furnish the proof of delivery when the agency requests that information. All of the following apply:

- The proof of delivery must:
 - ✓ Be signed and dated by the client or the client's authorized representative (the date of signature must be the date the item was received by the client).
 - ✓ Include the client's name and a detailed description of the item(s) delivered, including the quantity and brand name.
 - ✓ For CRT products that may require future repairs, include the serial number.
 - ✓ When the provider or supplier submits a claim for payment to the agency, the date of service on the claim must be the date the item was received by the client or authorized representative.
- When billing the agency, use the actual date of delivery as the date of service on the claim if the provider/supplier does the delivery.

Note: A provider must not use a delivery/shipping service to deliver items which must be fitted to the client.

What are habilitative services under this program?

Habilitative services are those medically necessary services provided to help a client partially or fully attain or maintain developmental age-appropriate skills that were not fully acquired due to a congenital, genetic, or early-acquired health condition. Such services are required to maximize the client's ability to function in his or her environment.

Applicable to those clients in the expanded population and covered by the Alternative Benefit Plan (ABP) only, the agency will cover CRT used to treat one of the qualifying conditions listed in the agency's [Habilitative Services Billing Guide](#), under *Client Eligibility*.

All other program requirements are applicable to a habilitative service and should be followed unless otherwise directed (e.g., prior authorization).

Billing for habilitative services

Habilitative services must be billed using one of the qualifying diagnosis codes listed in the agency's *Habilitative Services Billing Guide* in the primary diagnosis field on the claim.

CRT Coverage Table

The agency covers, **with prior authorization (PA)**, the following individually configured, complex rehabilitation technology (CRT) products and related services provided to eligible clients with complex needs.

Reminder: see [CRT Fee Schedule](#) for payment requirements.

Modifications, Accessories, and Repairs for CRT Wheelchairs

(WAC [182-543-4300](#))

What are the requirements for modifications, accessories, and repairs to complex rehabilitation technology (CRT) wheelchairs?

The agency covers, with prior authorization (PA), wheelchair accessories and modifications that are specifically identified by the manufacturer as separate line item charges. To receive payment, providers must submit all of the following to the agency:

- A completed *General Information for Authorization* form, HCA 13-835, see [Where can I download agency forms?](#) (WAC [182-543-7000](#) Authorization)
- A completed *Prescription* form, HCA 13-794
- A completed *Medical Necessity for Wheelchair Purchase (for home clients only)* form, HCA 19-0008
- The make, model, and serial number of the wheelchair to be modified
- The modification requested
- Any specific information regarding the client's medical condition that necessitates the modification

Note: The date on the *Medical Necessity for Wheelchair Purchase (for home clients only)* form, HCA 19-0008, must not be dated prior to the date on the *Prescription* form, HCA 13-794.

When does the agency pay for transit option restraints?

The agency pays for transit option restraints only when used for client-owned vehicles.

When does the agency cover CRT wheelchair repairs?

The agency covers, with prior authorization (PA), CRT wheelchair repairs. To receive payment, providers must submit all of the following to the agency:

- *General Information for Authorization* form, HCA 13-835, see [Where can I download agency forms?](#) (see [Authorization](#) for more information)
- A completed *Medical Necessity for Wheelchair Purchase (for home clients only)* form, HCA 19-0008
- The make, model, and serial number of the wheelchair to be repaired
- The repair requested

Note: PA is required for the repair and modification of client-owned equipment

Authorization

When a service requires authorization, the provider must properly request authorization in accordance with the agency's rules, this billing guide, and any related provider notices.

When authorization is not properly requested, the agency rejects and returns the request to the provider for further action. The rejection of the request is not a denial of service.

Note: The agency's authorization of service(s) does not guarantee payment.

The agency may recoup any payment made to a provider if the agency later determines that the service was not properly authorized. See WAC [182-502-0100\(1\)\(c\)](#).

Is authorization required for complex rehabilitation technology (CRT)?

(WAC [182-543-7100](#))

Yes. The agency requires complex rehabilitation technology (CRT) providers to obtain prior authorization (PA) for CRT products and related services and deliver the CRT product or related service to the client before billing the agency.

What documentation is required for requesting PA?

Requests for PA must include all of the following completed forms:

- General Information for Authorization form, HCA 13-835 (see WAC [182-543-7000](#) Authorization). This request form must be the initial page when you submit your request.
- Medical Necessity for Wheelchair Purchase (for home clients only) form, HCA 19-0008 or Medical Necessity for Wheelchair Purchase for Nursing Facility Clients form, HCA 19-006 from the client's physician or therapist
- The agency's Prescription form, HCA 13-794. For nursing facility clients, a copy of the telephone order, signed by the physician, for the wheelchair assessment is required in place of the prescription form

Complex Rehabilitation Technology (CRT) Products and Related-Services

See [Where can I download agency forms?](#)

For PA or limitation extension (LE), providers may submit prior authorization requests online through direct data entry into ProviderOne. See the agency's [prior authorization webpage](#) for details. Providers may also fax requests to 866-668-1214.

Facility or therapist letterhead must be used for any documentation that does not appear on an agency form.

Note: For more information on requesting authorization, see the Prior Authorization chapter of agency's [ProviderOne Billing and Resource Guide](#).

When the agency receives the initial request for PA, the prescription(s) (or telephone order) for those CRT products or related services must not be older than three months from the date the agency receives the request.

The agency requires certain information from providers in order to prior authorize the purchase of CRT. This information includes, but is not limited to, the following:

- The manufacturer's name
- The equipment model and serial number
- A detailed description of the item
- Any modifications required, including the CRT product or accessory number as shown in the manufacturer's catalog

For PA requests, the agency requires the prescribing provider to furnish patient-specific justification for base equipment and each requested line item accessory or modification as identified by the manufacturer as a separate charge. The agency does not accept general standards of care or industry standards for generalized equipment as justification.

The agency considers requests for new CRT products or services that do not have assigned healthcare common procedure coding system (HCPCS) codes, and are not listed in this billing guide. These items require PA.

The provider must furnish all of the following information to the agency to establish medical necessity:

- A detailed description of the item(s) or service(s) to be provided
- The cost or charge for the item(s)
- A copy of the manufacturer's invoice, price-list or catalog with the product description for the item(s) being provided
- A detailed explanation of how the requested item(s) differs from an already existing code description

Complex Rehabilitation Technology (CRT) Products and Related-Services

The agency does not pay for the purchase or repair of CRT that duplicates equipment the client already owns. If the provider believes the purchase or repair of CRT is not duplicative, the provider must request PA and submit the following to the agency, as appropriate:

- Why the existing equipment no longer meets the client's medical needs
- Why the existing equipment could not be repaired or modified to meet those medical needs
- Upon request, documentation showing how the client's condition met the criteria for PA

A provider may resubmit a request for PA for a CRT product or service that the agency has denied. The agency requires the provider to include new documentation that is relevant to the request.

Submitting photos and x-rays for CRT requests

For submitting photos and X-rays for medical and medical equipment PA requests, use the FastLook™ and FastAttach™ services provided by Vyne Medical.

Register with [Vyne Medical](#) through their website.

Contact Vyne Medical at 865-293-4111 with any questions.

When this option is chosen, fax the request to the agency and indicate the MEA# in box 18 on the *General Information for Authorization* (HCA 13-835) form. **There is an associated cost, which will be explained by the MEA services.**

Note: See the agency [ProviderOne Billing and Resource Guide](#) and review the Prior Authorization (PA) chapter for more information on requesting authorization.

Warranty

What warranty information should I keep?

(WAC [182-543-9000](#)(13))

Complex rehabilitation technology (CRT) providers must make the following warranty information available to the agency upon request:

- Date of purchase
- Applicable serial number
- Model number or other unique identifier of the equipment
- Warranty period

When is the dispensing provider responsible for costs?

(WAC [182-543-9000](#)(14))

The dispensing provider who furnishes the CRT product to a client is responsible for any costs incurred to have a different provider repair the CRT product when the following apply:

- Any CRT product that the agency considers purchased requires repair during the applicable warranty period
- The provider refuses or is unable to fulfill the warranty
- The CRT product continues to be medically necessary

**Complex Rehabilitation Technology (CRT)
Products and Related-Services**

MINIMUM WARRANTY PERIODS	
Wheelchair Frames (Purchased New) and Wheelchair Parts	Warranty
Powerdrive <i>(depending on model)</i>	One (1) year - lifetime
Ultralight	Lifetime
Active Duty Lightweight <i>(depending on model)</i>	Five (5) years - lifetime
All Others	One (1) year
Electrical Components	Warranty
All electrical components whether new or replacement parts including batteries	Six (6) months - 1 year

Billing

All claims must be submitted electronically to the agency, except under limited circumstances.
For more information about this policy change, see [Paperless Billing at HCA](#).
For providers approved to bill paper claims, see the agency's [Paper Claim Billing Resource](#).

What are the general billing requirements?

Providers must follow the agency's [ProviderOne Billing and Resource Guide](#). These billing requirements include all of the following:

- What time limits exist for submitting and resubmitting claims and adjustments
- When providers may bill a client
- How to bill for services provided to primary care case management (PCCM) clients
- How to bill for clients eligible for both Medicare and Medicaid
- How to handle third-party liability claims
- What standards to use for record keeping

Note: For payment, claim must match the authorization.

What billing requirements are specific to complex rehabilitation technology (CRT)?

A provider must not bill the agency for the purchase of CRT products supplied to the provider at no cost by suppliers or manufacturers.

Note: HCPCS code E1028 (wheelchair accessory, manual swingaway, retractable or removable mounting hardware) must be submitted on one line for correct payment.

How do I bill for a managed care client?

(WAC [182-543-8100](#))

If a fee-for-service (FFS) client enrolls in an agency-contracted managed care organization (MCO), all of the following apply:

- The agency-contracted MCO determines the client's continuing need for the CRT products and related services and is responsible for paying the provider.
- A client may become an MCO enrollee before the agency completes the purchase of prescribed CRT. The agency considers the purchase complete when the product is delivered and the agency is notified of the serial number. If the client becomes an MCO enrollee before the agency completes the purchase:
 - ✓ The agency rescinds the agency's authorization with the vendor until the MCO's primary care provider (PCP) evaluates the client.
 - ✓ Then the agency requires the PCP to write a new prescription if the PCP determines the equipment is still medically necessary as defined in [WAC 182-500-0070](#).
 - ✓ Then the MCO's applicable reimbursement policies apply to the purchase of the equipment.
- A client may be disenrolled from an MCO and placed into FFS before the MCO completes the purchase of prescribed CRT products and related services.
 - ✓ The agency rescinds the MCO's authorization with the vendor until the client's PCP evaluates the client.
 - ✓ Then the agency requires the PCP to write a new prescription if the PCP determines the CRT product is still medically necessary as defined in [WAC 182-500-0070](#).
 - ✓ The agency's applicable reimbursement policies apply to the purchase of the CRT product.

How do I bill for clients eligible for Medicare and Medicaid?

(WAC [182-543-8200](#))

If a client is eligible for both Medicare and Medicaid, all the following apply:

- The agency requires a provider to accept Medicare assignment before any Medicaid reimbursement.
- In accordance with [WAC 182-502-0110\(3\)](#):
 - ✓ If the service provided is covered by Medicare and Medicaid, the agency pays the deductible and coinsurance up to Medicare's allowed amount or the agency's allowed amount, whichever is less.
 - ✓ If the service provided is covered by Medicare but is not covered by the agency, the agency pays only the deductible and/or coinsurance up to Medicare's allowed amount.

How do I bill claims electronically?

Instructions on how to bill Direct Data Entry (DDE) claims can be found on the agency's [Billers and Providers](#) webpage, under [Webinars](#).

For information about billing Health Insurance Portability and Accountability Act (HIPAA) Electronic Data Interchange (EDI) claims, see the ProviderOne 5010 companion guides on the [HIPAA Electronic Data Interchange \(EDI\)](#) webpage.

The following claim instructions relate to CRT providers:

Field	Entry	
	These are the only appropriate code(s) for this billing guide:	
	<u>Code</u>	<u>To Be Used For</u>
Place of Service	12	Client's residence
	13	Assisted living facility
	32	Nursing facility
	31	Skilled nursing facility
	99	Other

What is included in the rate for CRT?

(WAC [182-543-9000](#)(11))

The agency's payment rate for covered CRT products and related services includes all of the following:

- Any adjustments or modifications to the equipment required within three months of the date of delivery, or are covered under the manufacturer's warranty (this does not apply to adjustments required because of changes in the client's medical condition)
- Any pick-up and/or delivery fees or associated costs (e.g., mileage, travel time, gas, etc.)
- Telephone calls
- Shipping, handling, and/or postage
- Routine maintenance of CRT products including:
 - ✓ Testing
 - ✓ Cleaning
 - ✓ Regulating
 - ✓ Assessing the client's equipment
- Fitting and/or set-up
- Instruction to the client or client's caregiver in the appropriate use of the equipment, device, and/or supplies

Where can I find the CRT fee schedule?

Maximum allowable fees may be found in the agency's [CRT Fee Schedule](#).

Note: Bill the agency your usual and customary charge.
