

**Washington Apple Health (Medicaid)**

# **Substance Use Disorder Billing Guide**

**(Fee-for-Service)**

**July 1, 2023**

## Disclaimer

Every effort has been made to ensure this guide's accuracy. If an actual or apparent conflict between this document and an HCA rule arises, HCA rules apply.

Billing guides are updated on a regular basis. Due to the nature of content change on the internet, we do not fix broken links in past guides. If you find a broken link, please check the most recent version of the guide. If this is the most recent guide, please notify us at [askmedicaid@hca.wa.gov](mailto:askmedicaid@hca.wa.gov).

## About this guide\*

This publication takes effect **July 1, 2023**, and supersedes earlier billing guides to this program.

The Health Care Authority is committed to providing equal access to our services. If you need an accommodation or require documents in another format, please call 1-800-562-3022. People who have hearing or speech disabilities, please call 711 for relay services.

Washington Apple Health means the public health insurance programs for eligible Washington residents. Washington Apple Health is the name used in Washington State for Medicaid, the children's health insurance program (CHIP), and state-only funded health care programs. Washington Apple Health is administered by the Washington State Health Care Authority.

Refer also to HCA's [ProviderOne billing and resource guide](#) for valuable information to help you conduct business with the Health Care Authority.

## How can I get HCA Apple Health provider documents?

To access provider alerts, go to HCA's [provider alerts webpage](#).

To access provider documents, go to HCA's [provider billing guides and fee schedules webpage](#).

## Confidentiality toolkit for providers

The [Washington State Confidentiality Toolkit for Providers](#) is a resource for providers required to comply with health care privacy laws. To learn more about the toolkit, [visit the HCA website](#).

## Definitions

---

This section defines terms and abbreviations, including acronyms, used in this billing guide. Refer to [Chapter 182-500 WAC](#) for a complete list of definitions for Washington Apple Health.

**HCA-designee** – Any entity expressly designated by HCA to act on its behalf.

**American Indian/Alaska Native (AI/AN)** – A person having origins in any of the original peoples of North America, or people who self-identify as AI/AN when they:

- Apply or re-certify for Medicaid
- Submit a change in [Healthplanfinder](#) or through HCA Medicaid Customer Service Center.

**Apple Health client without a managed care plan** - A person who is not assigned to a managed care plan, but who is still eligible for the Medicaid fee-for-service benefit administered by HCA.

**Approved treatment facility** - A treatment facility, either public or private, for profit or nonprofit, approved by HCA according to [Chapter 246-341 WAC\\*](#) and [RCW 71.05](#).

**American Society of Addiction Medicine (ASAM)** - A professional medical society dedicated to increasing access and improving the quality of addiction treatment.

**ASAM Criteria** - A clinical tool used to systematically evaluate the severity and diagnosis of a person's need for treatment along six dimensions, and then use a fixed combination rule to determine which level of care a substance-using person will respond to with the greatest success. ASAM also includes recommendations regarding substance use disorder (SUD) treatment services.

**Assessment** - The set of activities conducted on behalf of a new patient, for the purpose of determining eligibility, evaluating treatment needs, and making necessary referrals and completing forms. The assessment includes all practices listed in applicable sections of [Chapter 246-341 WAC\\*](#) or its successor. For the purpose of determining eligibility for Chemical Dependency Disposition Alternative (CDDA), the set of activities will include completion of all of the following:

- The Adolescent Drug Abuse Diagnosis (ADAD)
- The *Kiddie* version of the Schedule of Affective Disorders and Schizophrenia (K-SADS)
- American Society of Addiction Medicine (ASAM) questionnaire forms

**Case management services** – Services provided by a certified Substance Use Disorder Professional (SUDP), a Substance Use Disorder Trainee (SUDPT), under

the clinical supervision of a SUDP to assist people in gaining access to needed medical, social, educational, and other services.

**Certified Peer Counselor- (CPC)**- A person who: has self-identified as a consumer of behavioral health services; has received specialized training approved by the Division of Behavioral Health and Recovery (DBHR); has passed the Washington State test, which includes both written and oral components of the training; has been certified by DBHR; has passed a Washington State background check; and is registered as an agency-affiliated counselor with the Department of Health (DOH).

**Client** - A person receiving substance use disorder treatment services from a DOH-certified agency.

**Core provider agreement** – An agreement between HCA and eligible providers. HCA reimburses enrolled eligible providers for covered medical services, equipment, and supplies they provide to eligible clients.

**Fee-for-service (FFS)** – The general payment method HCA or HCA’s designee uses to pay for covered medical services provided to clients, except those services covered under HCA’s prepaid managed care programs. See [WAC 182-500-0035](#).

**Group therapy** - Planned therapeutic or counseling activity conducted by one or more certified SUDPs or SUDPTs to a group of two to 16 people. Acupuncture may be included as a group therapy activity if all of the following are met:

- A SUDP or SUDPT is present during the activity
- The provision of these services is written into the master treatment plan for the client
- The services are documented in the client case file in the progress notes

**Individual therapy** - A planned therapeutic or counseling activity provided to an eligible client by a certified Substance Use Disorder Professional (SUDP) or a Substance Use Disorder Professional Trainee (SUDPT) under the supervision of a SUDP. Individual therapy includes treatment provided to a family group consisting of a primary client and one or more significant others, or treatment provided to a couple who are partnered. Individual therapy may be provided to a family group without the primary client present or to a client without the family present.

**Institution for mental diseases (IMD)** - A hospital, nursing facility, or other institution of more than sixteen beds that is primarily engaged in providing diagnosis, treatment or care of people with mental diseases, including medical attention, nursing care and related services. An IMD may include inpatient chemical dependency facilities of more than sixteen beds which provide residential treatment for alcohol and substance abuse. See [WAC 182-500-0050](#).

**Interim maintenance treatment** – Services provided in an opioid treatment program, in conjunction with appropriate medical services, while a patient is awaiting transfer to an opioid treatment program that provides comprehensive maintenance treatment, as defined in [42 C.F.R. 8.12\(j\)](#).

CPT® codes and descriptions only are copyright 2022 American Medical Association.

**Maximum allowable** - The maximum dollar amount a provider may be reimbursed by HCA for specific services, supplies, or equipment.

**Opioid treatment programs (OTP)** - Opioid treatment program services include dispensing opioid treatment medication, along with a comprehensive range of medical and rehabilitative services, when clinically necessary, to an individual to alleviate the adverse medical, psychological, or physical effects incident to opioid use disorder as described in Chapter 246-341 WAC. See HCA's [Physician-related services billing guide](#) for more information about OTP, which includes, but is not limited to how HCA reimburses for buprenorphine/naloxone when administered or dispensed in an OTP.

**Residential services** - A complete range of services and supports performed in a live-in setting as authorized by HCA.

**Pregnant and postpartum women (PPW) assessment** - Assessment provided to an eligible woman who is pregnant or postpartum. The postpartum period covers the 60 days after delivery and any remainder of the month in which the 60th day falls.

**Provider Entry Portal (PEP)** – A web-based portal that allows registration and data submission, as defined by the [Behavioral Health Data System Data Guide](#), by non-tribal providers for American Indian/Alaska Native (AI/AN) Medicaid clients not enrolled in managed care.

**ProviderOne** - HCA's primary provider payment processing system.

**ProviderOne Client ID** - A system-assigned number that uniquely identifies a single client within the ProviderOne system; the number consists of nine numeric characters followed by "WA."

**Secure withdrawal management and stabilization** - Care and treatment of a person while the person recovers from the transitory effects of acute or chronic intoxication or withdrawal from alcohol or other drugs. The designated crisis responder (DCR) will determine if a person is "gravely disabled or presenting a likelihood of serious harm to self or others due to a substance use disorder." Treatment provided is for people who meet Involuntary Treatment Act (ITA) criteria due to a substance use disorder ([Chapter 71.05 RCW](#)).

**Substance use disorder** - A cluster of cognitive, behavioral, and physiological symptoms indicating that a person continues using a substance despite significant substance-related problems. The diagnosis of a substance use disorder is based on a pathological pattern of behaviors related to the use of the substance.

**Substance Use Disorder Professional (SUDP)** – A person who has met the requirements of WAC 246-811-030 and is certified to provide SUD services according to RCW 18.205.030.

**Substance Use Disorder Professional Trainee (SUDPT)** – A person working toward the education and experience requirements for certification as a substance use disorder professional, and who has been credentialed as a SUDPT.

**Substance use disorder treatment** – Behavioral health services provided to an eligible client designed to mitigate or reverse the effects of substance use disorder and restore normal physical and psychological functioning. Substance CPT® codes and descriptions only are copyright 2022 American Medical Association.

use disorder treatment is characterized by a combination of drug and alcohol education sessions, individual therapy, group therapy, and related activities provided to clients and their families.

**Urinalysis** - Analysis of a client's urine sample for the presence of alcohol or controlled substances by a licensed laboratory or a provider who is exempted from licensure by the Department of Health.

**Withdrawal management** - Care and treatment of a person while the person recovers from the transitory effects of acute or chronic intoxication or withdrawal from alcohol or other drugs.

- Acute – Inpatient program that is medically monitored by nurses with on-call physicians available 24/7 for consultation. They have “standing orders” and available medications to help with withdrawal symptoms.
- Sub-Acute – Residential program that is clinically managed with limited medical coverage by staff and counselors who monitor patients. Generally, any treatment medications are self-administered.

## Substance Use Disorder Treatment

---

### Who should use this billing guide?

Providers who deliver Medicaid substance use disorder services to Apple Health clients without a managed care plan or behavioral health services only (BHSO) for:

- Department of Health (DOH)-certified substance use disorder (SUD) providers registered in the Provider Entry Portal (PEP). See the [Contractor and provider resources webpage](#) for information about registering through PEP.
- Providers who have registered through the PEP for those Apple Health clients not enrolled in a managed care plan.
- Indian health care providers who are certified or approved by the Department of Health (DOH) to treat SUD.
- Federally qualified health centers (FQHCs) rendering services for eligible Apple Health clients.

To correctly bill, providers must use this billing guide, the appropriate fee schedule(s), and their Core Provider Agreement with HCA.

See the [Coverage Table](#) for appropriate CPT® codes, modifiers, and taxonomies. Room and board charges must also be billed through ProviderOne.

### Institution for Mental Diseases (IMD)

Effective for dates of service on and after August 1, 2018, institutions for mental diseases (IMDs) with approval from the Centers for Medicare and Medicaid Services (CMS) for a Section 1115 SUD IMD waiver must bill for services provided to American Indian/Alaska Native (AI/AN) Medicaid clients not enrolled in an integrated managed care plan directly through ProviderOne.

### Who should NOT use this billing guide?

Providers billing for a client who has coverage through one of the managed care organizations (MCOs). See [Are clients enrolled in an HCA-contracted managed care organization \(MCO\) eligible?](#)

Note: A person who is not eligible for or covered by Medicaid may receive some services through the [Behavioral Health Administrative Services Organization \(BH-ASO\)](#), within its available funding.

## Client Eligibility

---

Most Apple Health clients are enrolled in an HCA-contracted managed care organization (MCO) or behavioral health service organization (BHSO). This means that Apple Health pays a monthly premium to an MCO or BHSO for providing preventative, primary, specialty, and other health services to Apple Health clients. Clients in managed care must see only providers who are in their MCO's or BHSO's provider network, unless prior authorized or to treat urgent or emergent care. See HCA's [Apple Health managed care web page](#) for further details.

It is important to always check a client's eligibility prior to providing any services because it affects who will pay for the services.

### Who can receive substance use disorder (SUD) treatment services under fee-for-service?

To receive fee-for-service (FFS) substance use disorder (SUD) treatment services, a client must meet all of the following:

- Must not be enrolled in an MCO or BHSO when the services begin.
  - SUD-eligible clients may receive FFS outpatient SUD clinic services when not enrolled in an MCO or BHSO are program for claim date of service.
  - SUD-eligible clients may receive FFS SUD overnight treatment services when not enrolled in an MCO or BHSO on the date of admittance.
- Have Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-V) diagnosis of substance use disorder, mild, moderate, or severe
- Meet medical necessity criteria as stated in the American Society of Addiction Medicine (ASAM)
- Be age 10 or older (treatment for clients under age 10 must be authorized)

### How do I verify a client's eligibility?

Check the client's Services Card or follow the two-step process below to verify that a client has Apple Health coverage for the date of service and that the client's benefit package covers the applicable service. This helps prevent delivering a service HCA will not pay for.

#### Verifying eligibility is a two-step process:

Step 1. **Verify the patient's eligibility for Apple Health.** For detailed instructions on verifying a patient's eligibility for Apple Health, see the Client Eligibility, Benefit Packages, and Coverage Limits section in HCA's [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Apple Health, proceed to Step 2. If the patient is not eligible, see the note box below.

CPT® codes and descriptions only are copyright 2022 American Medical Association.

Step 2. **Verify service coverage under the Apple Health client's benefit package.** To determine if the requested service is a covered benefit under the Apple Health client's benefit package, see HCA's [Program Benefit Packages and Scope of Services webpage](#).

**Note:** Patients who are not Apple Health clients may apply for health care coverage in one of the following ways:

- **Online:** Go to [Washington Healthplanfinder](#) - select the "Apply Now" button. For patients age 65 and older or on Medicare, go to [Washington Connections](#) - select the "Apply Now" button.
- **Mobile app:** Download the [WAPlanfinder app](#) - select "sign in" or "create an account".
- **Phone:** Call the Washington Healthplanfinder Customer Support Center at 1-855-923-4633 or 855-627-9604 (TTY).
- **Paper:** By completing an *Application for Health Care Coverage (HCA 18-001P)* form. To download an HCA form, see HCA's Free or Low Cost Health Care, [Forms & Publications](#) webpage. Type only the form number into the Search box (Example: **18-001P**). For patients age 65 and older or on Medicare, complete the *Washington Apple Health Application for Aged, Blind, Disabled/Long-Term Services and Supports (HCA 18-005)* form.
- **In-person:** Local resources who, at no additional cost, can help you apply for health coverage. See the [Health Benefit Exchange Navigator](#).

## Are clients enrolled in an HCA-contracted managed care organization (MCO) eligible?

**Yes.** Most Apple Health (Medicaid) clients are enrolled in one of HCA's contracted managed care organizations (MCOs). For these clients, managed care enrollment is displayed on the client benefit inquiry screen in ProviderOne. (Screen Shot)

All medical services covered under an HCA-contracted MCO must be obtained through the MCO's contracted network. The MCO is responsible for:

- Payment of covered services
- Payment of services referred by a provider participating with the plan to an outside provider

CPT® codes and descriptions only are copyright 2022 American Medical Association.

**Note:** A client's enrollment can change monthly. Providers who are not contracted with the MCO must receive approval from **both** the MCO and the client's primary care provider (PCP) prior to serving a managed care client.

**Send claims to the client's MCO for payment.** Call the client's MCO to discuss payment prior to providing the service. Providers may bill clients only in very limited situations as described in [WAC 182-502-0160](#)

## Managed care enrollment

Most Apple Health (Medicaid) clients are enrolled in HCA-contracted MCO the same month they are determined eligible for managed care as a new or renewing client. Some clients may still start their first month of eligibility in the FFS program because their qualification for MC enrollment is not established until the month following their Medicaid eligibility determination. Providers must check eligibility to determine enrollment for the month of service.

New clients are those initially applying for benefits or those with changes in their existing eligibility program that consequently make them eligible for Apple Health managed care.

### Checking eligibility

- Providers must check eligibility and know when a client is enrolled and with which MCO. For help with enrolling, clients can refer to the [Washington Healthplanfinder website](#).
- MCOs have retroactive authorization and notification policies in place. The provider must know the MCO's requirements and be compliant with the MCO's policies.

Clients have a variety of options to change their plan:

- **Available to clients with a Washington Healthplanfinder account:** Go to [Washington healthplanfinder website](#).
- **Available to all Apple Health clients:**
  - Visit the [ProviderOne Client Portal website](#):
  - Call Apple Health Customer Service at 1-800-562-3022. The automated system is available 24/7.
  - Request a change online at [ProviderOne Contact Us](#) (this will generate an email to Apple Health Customer Service). Select the topic "Enroll/Change Health Plans."

For online information, direct clients to HCA's [Apple Health Managed Care webpage](#).

## Clients who are not enrolled in an HCA-contracted managed care plan for physical health services

Some Medicaid clients do not meet the qualifications for managed care enrollment. These clients are eligible for services under the FFS Medicaid program. In this situation, each Integrated Managed Care (IMC) plan will have Behavioral Health Services Only (BHSO) plans available for Apple Health clients who are not in managed care. The BHSO covers only behavioral health treatment for those clients. Eligible clients who are not enrolled in an HCA-contracted managed care plan are automatically enrolled in a BHSO, with the exception of American Indian/Alaska Native clients. If the client receives Medicaid-covered services before being automatically enrolled in a BHSO, the FFS Medicaid program will reimburse providers for the covered services. Some examples of populations that may be exempt from enrolling into a managed care plan are Medicare dual-eligible, American Indian/Alaska Native, Adoption support and Foster Care alumni.

## Integrated managed care

Clients qualified for enrollment in an integrated managed care enrollment plan receive all physical health services, mental health services, and substance use disorder treatment through their HCA-contracted managed care organization (MCO).

For full details on integrated managed care, see HCA's [Apple Health managed care webpage](#) and scroll down to "Changes to Apple Health managed care."

## Integrated Apple Health Foster Care (AHFC)

Children and young adults in the Foster Care, Adoption Support and Alumni programs who are enrolled in Coordinated Care of Washington's (CCW) Apple Health Foster Care program receive both medical and behavioral health services from CCW.

Clients under this program are:

- Under the age of 18 who are in foster care (out of home placement)
- Under the age of 21 who are receiving adoption support
- Age 18-21 years old in extended foster care
- Age 18 to 26 years old who aged out of foster care on or after their 18th birthday (alumni)

These clients are identified in ProviderOne as "**Coordinated Care Healthy Options Foster Care.**"

The Apple Health Customer Services staff can answer general questions about this program. For specific questions about Adoption Support, Foster Care or Alumni clients, contact HCA's Foster Care and Adoption Support (FCAS) team at 1-800-562-3022, Ext. 15480.

CPT® codes and descriptions only are copyright 2022 American Medical Association.

## Fee-for-service Apple Health Foster Care

Children and young adults in the fee-for-service Apple Health Foster Care, Adoption Support and Alumni programs receive behavioral health services through the regional Behavioral Health Services Organization (BHSO). For details, see HCA's [Mental Health Services Billing Guide](#), under *How do providers identify the correct payer?*

## American Indian/Alaska Native (AI/AN) Clients

**American Indian/Alaska Native (AI/AN)** clients have two options for Apple Health coverage:

- Apple Health Managed Care
- Apple Health coverage without a managed care plan (also referred to as fee-for-service [FFS])

If an AI/AN client does not choose a managed care plan, they will be automatically enrolled into Apple Health FFS for all their health care services, including comprehensive behavioral health services. See the Health Care Authority's (HCA) [American Indian/Alaska Native webpage](#).

## Who is Eligible for Substance Use Disorder Treatment Services?

Substance use disorder treatment services are available for eligible Apple Health clients who are not enrolled in an integrated managed care plan or behavioral health services only (BHSO) and have one of the following recipient aid categories (RACs):

Recipient aid categories (RACs)			
1014-1023	1039*	1046-1049*	1052-1055
1059*	1061*	1065-1074	1083-1084*
1086*	1088-1089*	1091*	1101-1111
1121-1122	1124 & 1126*	1134	1146-1153
1162-1169	1174-1175	1194	1196-1207
1209	1211-1225	1236 & 1269	1274-1281

- RAC codes with \* indicate those people who may have a spenddown.
- See HCA's [Provider spenddown step-by-step resource](#) and HCA's [ProviderOne billing and resource guide](#) for more information about spenddown.

**Note:** For authorization requirements and information regarding secure withdrawal management and stabilization for clients enrolled in an integrated managed care plan or behavioral health services only (BHSO), contact the corresponding entity.

## Coverage Table

HCA covers the following substance use disorder (SUD) services with the [coverage limitations](#) listed in this guide.

When a specific diagnosis cannot be made or is unknown at the time of assessment, the following diagnoses are reimbursable:

- Z714.1- Alcohol abuse counseling and surveillance
- Z715.1- Drug abuse counseling and surveillance

The following combinations of HCPCS or CPT® code, modifier\*, and taxonomy may be reimbursed for the SUD program. Claims must be billed in 837P/Professional claim format.

### Outpatient SUD Services

HCPCS or CPT® Code	Modifier	Short Description	Service	Taxonomy
H0001	HD	Alcohol and/or drug assess	Substance use disorder assessment, Pregnant and Parenting Women (PPW)	261QR0405X

## Telemedicine

Telemedicine is covered under HCA's Substance Use Disorder program. Refer to HCA's [Provider Billing Guides and Fee Schedules webpage](#), under *Telehealth*, for more information on the following:

- Telemedicine policy, under *Telemedicine policy and billing*
- Audio-only procedure code lists, under *Audio-only telemedicine*

For COVID PHE telemedicine/telehealth policies, refer to HCA's [Provider Billing Guides and Fee Schedules webpage](#), under *Telehealth* and scroll down to *Clinical policy and billing for COVID-19*.

## Coverage Limitations

Covered substance use disorder (SUD) treatment services are subject to the following limitations.

Service	Limitation
<b>Acute Withdrawal Management</b>	Covered once per day, per client
<b>Case Management</b> <b>T1017</b>	<p>One unit equals 15 minutes</p> <p>Must be provided by a certified substance use disorder professional (SUDP) or substance use disorder professional trainee (SUDPT). Providers cannot bill for the following activities:</p> <ul style="list-style-type: none"> <li>• Outreach</li> <li>• Time spent reviewing a certified SUDPT's file notes</li> <li>• Internal staffing</li> <li>• Writing treatment compliance notes and progress reports to the court</li> <li>• Interactions with probation officers</li> <li>• Court reporting</li> </ul>
<b>Individual Therapy</b> <b>H0004 - Individual therapy, without family present, per 15 minutes</b>	Individual therapy sessions are payable up to 3 hours per day.
<b>Group Therapy</b>	<p>Health behavior intervention, Group, face-to-face</p> <ul style="list-style-type: none"> <li>• 96164 HF – first 30 minutes</li> <li>• 96165 HF – each additional 15 minutes, must be on the same claim as 96164</li> </ul> <p>A Group Therapy session is payable up to 11 units per client, per day (1 unit of 'first 30 minutes' and 10 units of 'each additional 15 minutes')</p> <p>Retroactive to January 1, 2020</p>

CPT® codes and descriptions only are copyright 2022 American Medical Association.

Service	Limitation
<p><b>Family Therapy</b></p>	<p>Health behavior interventions (with the patient present), face-to-face</p> <ul style="list-style-type: none"> <li>• 96167 HF-First 30 minutes</li> <li>• 96168-HF- each additional 15 minutes, must be on the same claim as 96167</li> </ul> <p>Family therapy sessions are payable up to a maximum of 11 units per client, per day.</p> <p>Health behavior interventions (without the patient present)</p> <ul style="list-style-type: none"> <li>• 96170- HF first 30 minutes</li> <li>• 96171- HF each additional 15 minutes be on the same claim as 96170</li> </ul> <p>HCA must follow NCCI policy unless a waiver is granted to HCA on certain codes.</p> <p><b>Note:</b> When family members attend an individual session whether in lieu of or along with, the primary client, the session may be claimed only once regardless of the number of family members present.</p> <p>Retroactive to January 1, 2020</p>
<p><b>Peer Support</b></p> <p><b>H0038 HF- Self-help/ peer svc per individual</b></p>	<p>One unit equals 15 minutes</p>
<p><b>Opiate Substitution Treatment</b></p>	<p>Covered once per day while a client is in treatment</p> <p>See the <a href="#">Opioid Treatment Programs (OTP)</a> section of this guide for more information about Opiate Substitution Treatment.</p>

CPT® codes and descriptions only are copyright 2022 American Medical Association.

Service	Limitation
<b>Substance Use Disorder Assessment</b>	Covered once per treatment episode for each new and returning client  <b>Note:</b> Providers must not bill updates to assessments or treatment plans as separate assessments.
<b>Sub-Acute Withdrawal Management</b>	Covered once per day, per client
<b>Urinalysis (UA) Drug Testing</b>	UA drug testing is not a separately payable service in the SUD program.

## When may a behavioral health agency bill for take-home naloxone?

A behavioral health agency may bill separately when an individual receives take-home naloxone from an:

- Inpatient setting upon discharge
- Outpatient clinic

See the [Prescription Drug Program Billing Guide](#) for more information.

## Opioid Treatment Programs (Opiate Substitution Therapy)

Opioid Treatment Programs (OTP) provide bundled services. Services are consistent with all state and federal requirements and appropriate treatment practices. Bundled services must include, as a minimum, all of the following services:

- Physical evaluation upon admission
- Urinalysis testing\*
- Medical examination within 14 days of admission and annually thereafter

---

\* Urinalysis (UA) drug testing is not a separately payable service in the SUD program. For more information, See the *Drug Testing for Substance Use Disorder* section of the HCA's [Physician-Related Services/Health Care Professional Services Billing Guide](#).

\*\*Courtesy dosing is a covered service and HCPCS code H0020 should be used for all courtesy dosing services.

CPT® codes and descriptions only are copyright 2022 American Medical Association.

- Initial treatment plan and treatment plan review quarterly, and semi-annually after the first two years of continuous treatment
- Vocational rehabilitation services as needed (may be by referral)
- Dose preparation and dose dispensing (Methadone, buprenorphine, and other treatment drugs)
  - One dose per day while a client is in treatment. See [Coverage Limitations](#).
  - See the [Coverage Table](#) for appropriate CPT® and HCPCS codes
- Withdrawal management if and when needed
- Patient case management
- Individual and/or group counseling
- One session of family planning; 30 minutes of counseling and education per month for pregnant enrollees
- HIV screening, counseling, and testing referral
- Courtesy dosing\*\*

**Note: Courtesy dosing is a covered service and is billable to HCA. (Charging the client for a covered service may be a violation of your Core Provider Agreement under WAC 182-502-0160).**

**Note:** No additional fee is reimbursed for different types of medication used. See HCA's [Physician-Related Services/Health Care Professional Services Billing Guide](#) for information regarding how HCA reimburses for buprenorphine/naloxone when administered in an OTP setting.

**Note :** For interim maintenance treatment of methadone administration (HCPCS code H0020), add secondary modifier TF. If an opioid program service is delivered in an opioid treatment program mobile medication unit, use place of service code 15.

## Billing for Opioid (OTP) Treatment Programs

## Billing for case management or intensive case management

Providers must not bill for case management or intensive case management if the client is:

- Pregnant and receiving Maternity Support Services (MSS) or Infant Case Management (ICM) services under HCA's First Steps Program.
- Receiving Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome (HIV/AIDS) case management services through the Department of Health (DOH).
- A youth on parole in a non-residential setting and under Department of Children, Youth and Families (DCYF) supervision.
- A youth in foster care through DCYF.
- Receiving case management services through any other funding source from any other agency system (e.g., a person enrolled in Mental Health with a Primary Health Provider).

Billing for case management for the above situations is prohibited because federal financial participation is being collected by HCA or HCA designee, DOH, or DCYF for these clients.

## Peer Support Services

The purpose of the Peer Support Services Program is to promote behavioral health recovery to Medicaid clients.

Peer Support Services pairs people in recovery with trained individuals who share their life experiences. Certified peer counselors provide recovery support in a variety of behavioral health settings, including but not limited to community behavioral health agencies, peer-run agencies, homeless outreach programs, evaluation and treatment programs and hospitals.

To be paid for by HCA, peer support services must:

- Be medically necessary.
- Be ordered in a service plan that must specify the frequency, duration, and expected recovery goals.
- Be provided at locations that are both:
  - Convenient to the client.
  - Within the client's community regional service area.

See [Coverage Limitations Table](#) for information on Peer Support Services.

## What certification is required for peer support providers?

Peer counselors who provide services must:

- Be grounded in recovery for behavioral health for more than one year before serving as a peer counselor.
- Be willing to share their recovery story with peer support clients.
- Pass a test for reading comprehension and writing composition.
- Receive HCA-approved certified peer counselor training and pass subsequent testing.
- Obtain and maintain an agency-affiliated counselor credential through the Department of Health.

A provider can only bill when providing therapeutic treatment services as indicated in the client's treatment plan under the clinical supervision of a supervisor experienced in recovery and rehabilitation who is either:

- A mental health professional if the peer counselor is providing mental health services.

OR

- A certified substance use disorder professional if the peer counselor is providing substance use disorder treatment.

**Note:** See the [Coverage Table](#) and [Billing](#) sections of this guide for information on billing for peer support services.

## Inpatient and withdrawal management SUD facilities: Medication for Opioid Use Disorder

---

Residential and inpatient licensed SUD behavioral health treatment agencies must:

- Develop policies and procedures to offer Medication for Opioid Use Disorder on-site or facilitate off-site access.
- Ensure services are not denied to clients prescribed any FDA-approved medications to treat all substance use disorders.
- Assure there is enough network capacity that SUD clients receiving or desiring SUD medication can have it prescribed while engaged in any level of American Society of Addiction and Medicine (ASAM) SUD treatment.
- Not mandate titration or limit the total acceptable daily dose or length of time on any prescribed FDA-approved SUD medications. Decisions concerning medication adjustment are based on medical necessity and in coordination with the prescribing provider.
- Allow clients to seek FDA-approved medication for any SUD at any point in their course of treatment. The SUD agency must provide or facilitate the use of any prescribed FDA-approved medications for any SUD.

## Withdrawal Management and Stabilization

---

Withdrawal management (previously referred to as detox) services are provided to help people safely withdraw from the physical effects of psychoactive substances. The need for withdrawal management (WM) services is determined by patient assessment and using the American Society of Addiction Medicine (ASAM) criteria to determine level of care.

There are three levels of withdrawal management facilities recognized in Washington. Assessment of severity, medical complications, and specific drug or alcohol withdrawal risk determines placement within each level of service. All programs are licensed by the Department of Health (DOH) under chapters [246-322](#), [-324](#) or [-337](#) WAC.

**ASAM 3.2-WM** – Sub-acute withdrawal management: Clinically managed residential facilities are considered sub-acute detox.

- Limited medical coverage by staff and counselors who monitor patients.
- Generally, any treatment medications are self-administered. DOH regulates both the facility and the program.

**ASAM 3.7-WM** – Acute withdrawal management: Medically monitored inpatient programs are considered acute detox.

- Medical coverage by nurses with physician’s on-call 24/7 for consultation. They have “standing orders” and available medications to help with withdrawal symptoms.
- Licensed as Residential Treatment Facilities (RTF) or qualified behavioral health facilities.
- Required to have formal referral relationships with higher levels of care. DOH regulates both the facility and the program.

**ASAM 4.0-WM** – Acute hospital withdrawal management: Medically managed Intensive Inpatient services are considered acute hospital detox.

- Have medical services provided 24/7 by registered nurses (RNs) and doctors. There is full access to medical acute care including ICU, if needed. Doctors, nurses, and counselors work as a part of an interdisciplinary team who medically manage the care of the patient.
- Facilities are regulated by DOH and hospital license. This level of care is considered hospital care and not part of the behavioral health benefits provided through BH-ASOs/MCOs. (Fact Sheet: Adult Withdrawal Management (previously detox) Services. Authority: RCW 71.24.520 WAC 246-341-1100, and WAC 246-341-1104.)
- See HCA’s [Inpatient Hospital Services Billing Guide](#) for more information on withdrawal management services.

CPT® codes and descriptions only are copyright 2022 American Medical Association.

## What is secure withdrawal management and stabilization?

Secure withdrawal management is provided for people who meet Involuntary Treatment Act (ITA) criteria due to a substance use disorder (RCW 71.05). An adult or minor may be committed for involuntary substance use disorder treatment upon petition of a designated crisis responder (DCR) if the person is “gravely disabled or presenting the likelihood of serious harm to self or others due to a substance use disorder.”

Secure withdrawal management and stabilization (SWMS) facilities are specifically certified by DOH to provide this ASAM 3.7-WM service (adults under WAC 246-341-1104). Facilities without this specific license certification are unable to provide and/or bill for this service.

## Who is eligible to provide and bill for secure withdrawal management and stabilization services?

To be eligible to provide and bill HCA for secure withdrawal management and stabilization services described above, the provider must:

- Be licensed and certified by the Department of Health (DOH) to provide the services;
- Be in good standing without restriction;
- Have a current core provider agreement (CPA) with HCA and national provider identifier (NPI). For more information about completing the CPA, see the Provider Enrollment webpage for new providers; and
- Be registered with the provider entry portal (PEP). See the [Contractor and provider resources](#) webpage.

## What authorization is required?

Authorization is not required for Apple Health-eligible clients with the recipient aid categories (RACs) referenced in the [Who is Eligible for Substance Use Disorder Treatment Services?](#) section.

Secure withdrawal management facilities must use the following Expedited Prior Authorization (EPA) codes when billing for clients who are not enrolled in managed care and must bill these codes only with revenue code 1002:

EPA Number	Criteria
870001652	<p><b>Voluntary Admissions for clients without a managed care plan into secure withdrawal management</b></p> <p>Use this EPA when the client agrees to admission for treatment for secure withdrawal and management and is without a managed care plan. All of the following must apply:</p> <ul style="list-style-type: none"> <li>• Must be medically necessary (as defined in WAC 182-500-0070)</li> <li>• Admission with secure withdrawal and management needs as the focus of treatment</li> <li>• Less restrictive placements are not available</li> <li>• Approved (ordered) by the professional in charge of the facility</li> </ul> <p>Services must be provided in a secure withdrawal management facility and be in APR DRG 740-760, 770, and 772-776</p> <p>A new authorization or EPA must be used when there is a change in any of the below:</p> <ul style="list-style-type: none"> <li>• Legal status</li> <li>• Principal covered diagnosis</li> <li>• Facility</li> </ul>

EPA Number	Criteria
870001653	<p data-bbox="418 331 1110 426"><b>Involuntary Admission for Apple Health clients without a managed care plan into secure withdrawal management</b></p> <p data-bbox="418 447 1084 573">Use this EPA when the client agrees to admission for treatment for secure withdrawal and management and is without a managed care plan. All of the following must apply:</p> <ul data-bbox="418 594 1110 856" style="list-style-type: none"> <li data-bbox="418 594 1084 657">• Must be medically necessary (as defined in WAC 182-500-0070)</li> <li data-bbox="418 678 1084 730">• Admissions with secure withdrawal and management needs as the focus of treatment</li> <li data-bbox="418 751 971 783">• Less restrictive placements are not available</li> <li data-bbox="418 804 1110 856">• Approved (ordered) by the professional in charge of the facility</li> </ul> <p data-bbox="418 877 1110 972">Services must be provided in a secure withdrawal management facility and be in APR DRG 740-760, 770, and 772-776</p> <p data-bbox="418 993 1089 1056">A new authorization or EPA must be used when there is a change in any of the below:</p> <ul data-bbox="418 1077 776 1188" style="list-style-type: none"> <li data-bbox="418 1077 597 1108">• Legal status</li> <li data-bbox="418 1119 776 1150">• Principal covered diagnosis</li> <li data-bbox="418 1161 540 1188">• Facility</li> </ul>

## How do I bill for secure withdrawal management and stabilization services?

For dates of service on and after July 1, 2018, submit claims for secure withdrawal management and stabilization services on an electronic institutional claim form (837i) using the following information:

Description	DOH Description	ASAM Level	HCPCS Code	Taxonomy	Rev Code	Authorization	POS	Modifiers	Average Length of Stay	Eligible
<b>837p Billing Professional</b>										
<b>Subacute withdrawal management-clinically managed residential facility</b>	246-341-1100	3.2	H0010	324500000X-Adult 3245S0500X-Youth	N/A	No prior authorization Length of stay is based on medical necessity	55	HF-Adult HA-Youth	2-4 days	
<b>Acute Withdrawal Management – Medically Monitored (non-ITA)</b>	246-341-1100	3.7	H0011	324500000X-Adult 3245S0500X-Youth	N/A	No prior authorization Length of stay is based on medical necessity	55, 56	HF-Adult HA-Youth		

CPT® codes and descriptions only are copyright 2022 American Medical Association.

837i Billing Institutional											
<b>Secure Withdrawal Management Medically Monitored (ITA)</b>	246-341-1104	3.7	N/A	324500000X	1002	No prior authorization  Length of stay is based on medical necessity.				3-17 days	All people 18 years of age or older in Washington State
<b>Non-secure Withdrawal Management Medically Monitored</b>		3.7	N/A	276400000X	0126	Length of stay is based on medical necessity					Eligible FFS clients
<b>Acute withdrawal management – Medically Managed (Provided in an acute care Hospital)</b>		4.0	N/A	282N00000X  *Any acute care hospital taxonomy	0120	Length of stay based on medical necessity					

CPT® codes and descriptions only are copyright 2022 American Medical Association.

## Billing

---

- All claims must be submitted electronically to HCA, except under limited circumstances.
- For more information about this policy change, see [Paperless Billing at HCA](#).
- For providers approved to bill paper claims, see HCA's [Paper Claim Billing Resource](#).

### What are the general billing requirements?

With the exception of Indian health care providers and Federally Qualified Health Centers (FQHCs) rendering outpatient SUD services, all providers must register through the Provider Entry Portal (PEP) on the [Contractor and provider resources](#) webpage in order to render SUD services to Apple Health clients.

Providers must follow HCA's [ProviderOne Billing and Resource Guide](#). These billing requirements include:

- What time limits exist for submitting and resubmitting claims and adjustments
- When providers may bill a client.
- How to bill for services provided to primary care case management (PCCM) clients.
- How to bill for clients eligible for both Medicare and Medicaid.
- How to handle third-party liability claims.
- What standards to use for record keeping.

### What are the recordkeeping requirements specific to substance use disorder (SUD) treatment providers?

- An SUD assessment and history of involvement with alcohol or other drugs
- Initial and updated individual treatment plans, including results of the initial assessment and periodic reviews
- Date, duration, and content of counseling and other treatment sessions
- HCA covers medically necessary SUD services rendered at Department of Health (DOH)-licensed and certified inpatient and residential treatment facilities. These services must be billed for using CPT® and HCPCS codes on a professional claim for or 837P. For secure withdrawal management and stabilization treatment facilities, services must be billed for using revenue codes on an institutional claim or 837i. For more information about coverage,

CPT® codes and descriptions only are copyright 2022 American Medical Association.

services, and codes, see HCA's [Contractor and provider resources webpage](#). All providers must comply with the documentation requirements in Chapters 246-341 and 246-337 WAC.

- Release of information form signed by the client to share information with HCA
- A copy of the continuing care plan signed and dated by the certified substance use disorder professional (SUDP) and the client
- The discharge summary
- Providers for Apple Health clients without a managed care plan must document services provided to American Indian/Alaska Native (AI/AN) clients. Services must be documented in the Behavioral Health Data System through PEP.
- A residential facility must have an independent assessment\*\*

\*\*In accordance with Washington State's approved 1115 waiver with the Centers for Medicare & Medicaid Services (CMS), residential providers must ensure Medicaid clients have an independent assessment from an outpatient provider. The independent provider will determine whether the client meets the American Society of Addiction Medicine (ASAM) residential level of care.

## What if a client has Medicare coverage?

Medicare does not pay for substance use disorder (SUD) treatment services provided in freestanding outpatient treatment centers unless the services are actually provided by a physician (not just overseen by a physician). Do not bill Medicare prior to billing HCA or HCA designee for SUD treatment services. Outpatient and residential SUD services rendered by certified substance use disorder professionals (SUDPs) or substance use disorder professional trainees (SUDPTs) may be billed directly to HCA without attaching a Medicare explanation of benefits.

## Where can I find substance use disorder fee schedules?

See HCA's [Substance Use Disorder Fee Schedule](#).

## How do I bill claims electronically?

Instructions on how to bill Direct Data Entry (DDE) claims can be found on HCA's [Billers and Providers](#) webpage, under [Webinars](#).

For information about billing Health Insurance Portability and Accountability Act (HIPAA) [Electronic Data Interchange \(EDI\)](#) claims, see the ProviderOne 5010 companion guides on the [HIPAA Electronic Data Interchange \(EDI\)](#) webpage.

The following claim instructions relate to billing Substance Use Disorder program services on a professional claim form:

### Place of service

**Place of Service:** the following is the only appropriate code(s) entered for Washington State Medicaid for residential services:

Code number	To be used for
05	Indian Health Service free-standing facility
07	Tribal 638 free-standing facility
50	Federally Qualified Health Center (FQHC)
55	Residential Substance Abuse Disorder Treatment Facility

**Rendering Provider:** Do not add individual servicing NPIs to SUD claims. SUD claims are billed at the clinic level only. This includes both inpatient and outpatient billing.

### Outpatient service codes

Place of service codes have been expanded to include all places or service (i.e. clinic, school, home) related to SUDPs providing SUD treatment for outpatient services. Outpatient services must be billed at the licensed and certified behavioral health agency level only. Do not add individual servicing NPIs to SUD claims.
