

Washington Apple Health (Medicaid)

Neurodevelopmental Centers Billing Guide

August 1, 2022

Disclaimer

Every effort has been made to ensure this guide's accuracy. If an actual or apparent conflict between this document and a Health Care Authority rule arises, the rule applies.

Billing guides are updated on a regular basis. Due to the nature of content change on the internet, we do not fix broken links in past guides. If you find a broken link, please check the most recent version of the guide. If this is the most recent guide, please notify us at askmedicaid@hca.wa.gov.

About this guide*

This publication takes effect **August 1, 2022**, and supersedes earlier billing guides to this program. Unless otherwise specified, the program in this billing guide is governed by [WAC 182-545-900](#).

The Health Care Authority is committed to providing equal access to our services. If you need an accommodation or require documents in another format, please call 1-800-562-3022. People who have hearing or speech disabilities, please call 711 for relay services.

Washington Apple Health means the public health insurance programs for eligible Washington residents. Washington Apple Health is the name used in Washington State for Medicaid, the children's health insurance program (CHIP), and state-only funded health care programs. Washington Apple Health is administered by the Washington State Health Care Authority.

Refer also to HCA's [ProviderOne billing and resource guide](#) for valuable information to help you conduct business with the Health Care Authority.

Services and equipment related to the programs listed below are not covered by this guide and must be billed using their specific provider guide:

- [Hearing Hardware for Clients Age 20 and Younger](#)
- [Home Health Services](#)
- [Outpatient Hospital Services](#)
- [Outpatient Rehabilitation](#)
- [Physician-Related Services/Health Care Professional Services](#)

How can I get HCA Apple Health provider documents?

To access provider alerts, go to HCA's [provider alerts webpage](#).

* This publication is a billing instruction.

CPT® codes and descriptions only are copyright 2021 American Medical Association.

To access provider documents, go to HCA's [provider billing guides and fee schedules webpage](#).

Where can I download HCA forms?

To download an HCA form, see HCA's [Forms & Publications](#) webpage. Type only the form number into the Search box (Example: 13-835).

About the Program

What do neurodevelopmental centers do?

Neurodevelopmental centers (NDCs) provide outpatient physical therapy, speech therapy, occupational therapy, and audiology services to children with neuromuscular or developmental disorders, such as cerebral palsy, Down syndrome, autism, and pervasive developmental delay. NDCs serve clients age 20 and younger, although some NDCs further limit the age range they serve.

Who may provide services?

After a client's primary care physician initiates NDC services by requesting an evaluation, the following health care professionals may provide services within their scope of practice to eligible clients in neurodevelopmental centers:

- Licensed occupational therapists
- Licensed occupational therapy assistants (OTA) supervised by a licensed occupational therapist
- Physiatrists
- Licensed physical therapists
- Licensed physical therapist assistants supervised by a licensed physical therapist
- Speech-language pathologists who have been granted a certificate of clinical competence by the American Speech, Hearing and Language Association
- Speech-language pathologists who have completed the equivalent educational and work experience necessary for such a certificate
- Audiologists who are licensed or registered to perform audiology services.

Client Eligibility

Most Apple Health clients are enrolled in an HCA-contracted managed care organization (MCO). This means that Apple Health pays a monthly premium to an MCO for providing preventative, primary, specialty, and other health services to Apple Health clients. Clients in managed care must see only providers who are in their MCO's provider network, unless prior authorized or to treat urgent or emergent care. See HCA's [Apple Health managed care page](#) for further details.

It is important to always check a client's eligibility prior to providing any services because it affects who will pay for the services.

How do I verify a client's eligibility?

Clients age 20 and younger may be eligible to receive services in a neurodevelopmental center, depending on their benefit package. Check the client's services card or follow the two-step process below to verify that a client has Apple Health coverage for the date of service and that the client's benefit package covers the applicable service. This helps prevent delivering a service HCA will not pay for.

Verifying eligibility is a two-step process:

- Step 1. Verify the patient's eligibility for Apple Health.** For detailed instructions on verifying a patient's eligibility for Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in HCA's [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the orange note box below.
- Step 2. Verify service coverage under the Apple Health client's benefit package.** To determine if the requested service is a covered benefit under the Apple Health client's benefit package, see HCA's [Program Benefit Packages and Scope of Services](#) webpage.

Note: Patients who are not Apple Health clients may submit an application for health care coverage in one of the following ways:

- By visiting the [Washington Healthplanfinder's website](#).
- By calling the Customer Support Center toll-free at: 855-WAFINDER
(855-923-4633) or 855-627-9604 (TTY)
- By mailing the application to: Washington Healthplanfinder,
PO Box 946, Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit the [Washington Healthplanfinder's website](#) or call the Customer Support Center.

Are clients enrolled in an HCA-contracted managed care organization (MCO) eligible?

Yes. Clients enrolled in a Health Care Authority -contracted managed care plan who are referred for outpatient rehabilitation services (Physical Therapy, Occupational Therapy and Speech Therapy) by their primary care provider are eligible to receive those services in a neurodevelopmental center (NDC). For these clients, managed care enrollment will be displayed on the client benefit inquiry screen in ProviderOne.

All medical services covered under an HCA-contracted MCO must be obtained by the client through designated facilities or providers. The MCO is responsible for:

- Payment of covered services
- Payment of services referred by a provider participating with the plan to an outside provider

Note: A client's enrollment can change monthly. Providers who are not contracted with the MCO must receive approval from **both** the MCO and the client's primary care provider (PCP) prior to serving a managed care client.

Send claims to the client's MCO for payment. Call the client's MCO to discuss payment prior to providing the service. Providers may bill clients only in very limited situations as described in [WAC 182-502-0160](#).

Managed care enrollment

Apple Health (Medicaid) places clients into an HCA-contracted MCO the same month they are determined eligible for managed care as a new or renewing client. This eliminates a person being placed temporarily in FFS while they are waiting to be enrolled in an MCO or reconnected with a prior MCO. This enrollment policy also applies to clients in FFS who have a change in the program they are eligible for. However, some clients may still start their first month of eligibility in the FFS program because their qualification for MC enrollment is not established until the month following their Medicaid eligibility determination.

New clients are those initially applying for benefits or those with changes in their existing eligibility program that consequently make them eligible for Apple Health managed care.

Renewing clients are those who have been enrolled with an MCO but have had a break in enrollment and have subsequently renewed their eligibility.

Checking eligibility

- Providers must check eligibility and know when a client is enrolled and with which MCO. For help with enrolling, clients can refer to the Washington Healthplanfinder's [Get Help Enrolling](#) page.
- MCOs have retroactive authorization and notification policies in place. The provider must know the MCO's requirements and be compliant with the MCO's policies.

Clients have a variety of options to change their plan:

- **Available to clients with a Washington Healthplanfinder account:**

Go to [Washington Healthplanfinder website](#).

- **Available to all Apple Health clients:**

- Visit the [ProviderOne Client Portal website](#):
- Request a change online at [ProviderOne Contact Us](#) (this will generate an email to Apple Health Customer Service). Select the topic "Enroll/Change Health Plans."
- Call Apple Health Customer Service at 1-800-562-3022. The automated system is available 24/7.

For online information, direct clients to HCA's [Apple Health Managed Care](#) webpage.

Clients who are not enrolled in an HCA-contracted managed care plan for physical health services

Some Medicaid clients do not meet the qualifications for managed care enrollment. These clients are eligible for services under the FFS Medicaid program. In this situation, each Integrated Managed Care (IMC) plan will have Behavioral Health Services Only (BHSO) plans available for Apple Health clients who are not in managed care. The BHSO covers only behavioral health treatment for those clients. Eligible clients who are not enrolled in an HCA-contracted managed care plan are automatically enrolled in a BHSO except for American Indian/Alaska Native clients. If the client receives Medicaid-covered services before being automatically enrolled in a BHSO, the FFS Medicaid program will reimburse providers for the covered services. Some examples of populations that may be exempt from enrolling into a managed care plan are Medicare dual-eligible, American Indian/Alaska Native, Adoption support and Foster Care alumni.

Integrated managed care

Clients qualified for enrollment in an integrated managed care plan receive all physical health services, mental health services, and substance use disorder treatment through their HCA-contracted managed care organization (MCO).

For full details on integrated managed care, see HCA's [Apple Health managed care webpage](#) and scroll down to "Changes to Apple Health managed care."

Integrated Apple Health Foster Care (AHFC)

Children and young adults in the Foster Care, Adoption Support and Alumni programs who are enrolled in Coordinated Care of Washington's (CCW) Apple Health Foster Care program receive both medical and behavioral health services from CCW.

Clients under this program are:

- Under the age of 21 who are in foster care (out of home placement)
- Under the age of 21 who are receiving adoption support
- Age 18-21 years old in extended foster care
- Age 18 to 26 years old who aged out of foster care on or after their 18th birthday (alumni)

These clients are identified in ProviderOne as "**Coordinated Care Healthy Options Foster Care.**"

The Apple Health Customer Services staff can answer general questions about this program. For specific questions about Adoption Support, Foster Care or Alumni clients, contact HCA's Foster Care Medical Team at 1-800-562-3022, Ext. 15480.

Fee-for-service Apple Health Foster Care

Children and young adults in the fee-for-service Apple Health Foster Care, Adoption Support and Alumni programs receive behavioral health services through the regional Behavioral Health Services Organization (BHSO). For details, see HCA's [Mental Health Services Billing Guide](#), under *How do providers identify the correct payer?*

American Indian/Alaska Native (AI/AN) Clients

American Indian/Alaska Native (AI/AN) clients have two options for Apple Health coverage:

- Apple Health Managed Care
- Apple Health coverage without a managed care plan (also referred to as fee-for-service [FFS])

If an AI/AN client does not choose a managed care plan, they will be automatically enrolled into Apple Health FFS for all their health care services, including comprehensive behavioral health services. See the Health Care Authority's (HCA) [American Indian/Alaska Native webpage](#).

Coverage

What services are covered?

The Health Care Authority covers unlimited services in a neurodevelopmental center for clients age 20 and younger, with the following exception: clients age 19 through 20 in Medical Care Services (MCS) are eligible for limited outpatient rehabilitation. For these clients, the outpatient rehabilitation benefit applies. See the [Outpatient Rehabilitation Billing Guide](#).

Telemedicine and coronavirus (COVID-19)

Audio-only telemedicine

(CPT® codes 92507, 92521, 92522, and 92523)

Audio-only telemedicine may require participation of a caregiver to assist with the treatment. Providers are responsible for making this determination and ensuring appropriate assistance or supervision, or both.

Audio-only telemedicine for the evaluation of speech is:

- Allowed for patients who have already had a face-to-face (in-person), initial evaluation with the provider.
- Permitted for less than 50% of the visits per year.
- Not allowed for outpatient physical or occupational therapy.

Refer to HCA's [Provider billing guides and fee schedules webpage](#), under Telehealth, for more information on the following:

- Telehealth policy, under *Clinical policy and billing for COVID-19*
- Telemedicine policy, under *Telemedicine policy and billing*
- Audio-only procedure code lists, under *Audio-only telemedicine*

See the Health Care Authority's [Information about novel coronavirus \(COVID-19\) webpage](#) for updated information regarding COVID-19.

Coverage Table

Note: Due to its licensing agreement with the American Medical Association, the Health Care Authority publishes only the official, short CPT® code descriptions. To view the full descriptions, refer to a current CPT® book.

Neurodevelopmental centers must use the appropriate modifier when billing the Health Care Authority:

Payment

What must an NDC do to be reimbursed by the Health Care Authority?

To be reimbursed for the services listed in the coverage section, an NDC must:

- Contract with the Department of Health (DOH) as a neurodevelopmental center.
- Provide documentation of its DOH contract to the Health Care Authority.
- Have an approved core-provider agreement with the Health Care Authority.

To be reimbursed for the services listed in the coverage section, each service must be:

- Covered by the client's benefit package.
- Medically necessary, as defined in [WAC 182-500-0070](#).
- Within the scope of the eligible client's medical care program.
- Ordered by a physician, physician assistant (PA), or an advanced registered nurse practitioner (ARNP).
- Begun within 30 days of the date ordered.
- Provided by an approved health professional.
- Billed according to this guide.
- Provided as part of an outpatient treatment program in a neurodevelopmental center, as described in [WAC 182-545-900](#).

What services does the Health Care Authority not pay for?

The Health Care Authority does not pay for:

- Duplicate services for the same client when two or more providers are performing the same or similar intervention on the same date.
- Services included as part of the reimbursement for other treatment programs. This includes, but is not limited to, hospital inpatient and nursing facility services (see [WAC 182-545-900](#)).

Billing

All claims must be submitted electronically to the Health Care Authority, except under limited circumstances. For more information about this policy change, see [Paperless Billing at HCA](#). For providers approved to bill paper claims, see the Health Care Authority's [Paper Claim Billing Resource](#).

Are servicing provider national provider identifiers (NPIs) required on all claims?

Yes. Neurodevelopmental centers (NDCs) must use the servicing provider's national provider identifier (NPI) on all claims in order to be paid. If the servicing provider's NPI is not listed on the claim, the claim may be denied. Providers must follow the billing requirements listed in the Health Care Authority's [ProviderOne Billing and Resource Guide](#).

How do I bill claims electronically?

Instructions on how to bill Direct Data Entry (DDE) claims can be found on the Health Care Authority's [Billers and Providers webpage](#), under [Webinars](#).

For information about billing Health Insurance Portability and Accountability Act (HIPAA) Electronic Data Interchange (EDI) claims, see the ProviderOne 5010 companion guides on the [HIPAA Electronic Data Interchange \(EDI\) webpage](#).

Are modifiers required for billing?

Yes. Neurodevelopmental centers must use the appropriate modifier when billing the Health Care Authority:

Modality	Modifiers
Physical Therapy	GP
Physical Therapy Assistant	CQ
Occupational Therapy	GO
Occupational Therapy Assistant	CO
Speech Therapy	GN
Audiology and Specialty Physician	AF

CMS has established two modifiers, CQ and CO, for services furnished in whole or in part by physical therapy assistants (PTAs) and occupational therapy assistants (OTAs). The modifiers are defined as follows:

- CQ modifier: Outpatient physical therapy services furnished in whole or in part by a physical therapist assistant
- CO modifier: Outpatient occupational therapy services furnished in whole or in part by an occupational therapy assistant

Effective for claims with dates of service on and after January 1, 2020, the CQ and CO modifiers are required to be used, when applicable, for services furnished in whole or in part by PTAs and OTAs on the claim line of the service alongside the respective GP or GO therapy modifier, to identify those PTA and OTA services furnished under a PT or OT plan of care. Claims not so paired will be rejected/returned as unprocessed.

What are the general billing requirements?

Providers must follow the Health Care Authority's [ProviderOne Billing and Resource Guide](#). These billing requirements include the following:

- What time limits exist for submitting and resubmitting claims and adjustments
- When providers may bill a client
- How to bill for services provided to primary care case management (PCCM) clients
- How to bill for clients eligible for both Medicare and Medicaid
- How to handle third-party liability claims
- What standards to use for record keeping
