STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State WASHINGTON

E. PER DIEM, PER CASE, AND RCC PAYMENT METHODS (cont.)

1. i. PER DIEM RATE (cont.)

- ✓ Effective for dates of admission on or after July 1, 2013, per diem rates for specialty services will decrease by eleven and fifty one-hundredths (11.50%) from the rates that were established for dates of admission on and after February 1, 2010. This rate adjustment is in accordance with Chapter 74.60 RCW, as amended by the Legislature in 2013. The July 1, 2013, rates will be equal to the July 1, 2009, rates.
- ✓ Effective for dates of admission on or after July 1, 2014, psychiatric rates were rebased at cost using the same methods as described above, based on cost information for hospital fiscal years ending in 2013. The Agency applied a budget adjuster so that aggregate inpatient payments would remain constant after the rebased costs were determined. The Agency increased funding by psychiatric services by \$3,500,000.
- ✓ Effective for dates of admission on and after October 1, 2017, psychiatric per diem rates were increased as directed by the legislature. The increase was applied to any hospital with 200 or more psychiatric bed days. The increase was prioritized for hospitals not currently paid based on provider-specific costs using a similar methodology to set rates for existing inpatient facilities utilizing cost report information for hospital fiscal years ending in 2016. To distribute the funds for each fiscal year, free-standing psychiatric hospitals were given 68.15% of the statewide average cost per day. All other hospitals were given the greater of 78.41% of their provider-specific cost, or their current Medicaid psychiatric per diem rate. Rate increases for providers were set so as not to exceed the amounts provided by the legislature. The agency will conduct annual reviews for updated cost information to determine whether new and/or existing providers meet the 200+ bed criteria. The agency will apply the same cost percentage criteria for future rebasing of the psychiatric per diem rates.
- ✓ Effective for dates of admission beginning May 8, 2019 through June 30, 2019, psychiatric per diem rates were increased to \$1,050.00 as directed by the legislature. The increase was applied to any hospital that is designated as a rural hospital by the Department of Health (DOH), has less than fifty staffed acute care beds as reported by DOH, is not participating in the certified public expenditure full cost reimbursement program, and has combined Medicare and Medicaid inpatient days greater than fifty percent of total days. The agency set the rate increases for qualifying providers so as not to exceed the amounts provided by the legislature.
- ✓ Effective for dates of admission beginning July 31, 2019 through June 30, 2020, long-term psychiatric per diems were set at \$1,171 or the hospital-specific psychiatric per diem rate, whichever is greater as directed by the Legislature. The increase is applied to any hospital that accepts patients committed to a psychiatric facility for a period of 90 days or greater. The Agency set the rate so as not to exceed the amounts provided by the Legislature.

E. PER DIEM, PER CASE, AND RCC PAYMENT METHODS (cont.)

1. i. PER DIEM RATE (cont.)

- ✓ Effective for dates of admission beginning July 1, 2020, Hospitals that have a 12-month Medicare cost report on file, their psychiatric per diem will be the greater of their costs or \$940. If the hospital does not have a 12-month cost report available, their long-term psychiatric per diem rate will be set at the greater of either the average of all in-state provider-specific long-term psychiatric per diem rates or their current short-term psychiatric per diem. The increase is applied to any hospital that accepts patients committed to a psychiatric facility for a period of 90 days or greater. The Agency set the rate so as not to exceed the amounts provided by the Legislature.
