

WASHINGTON STATE OPIOID TREATMENT NETWORK

2019-2022 DIRECTORY

Opioid Treatment Networks (OTN) were developed to provide treatment and medication to individuals with Opioid Use Disorder in Washington State.

Organizations include:

- Emergency departments
- Jails
- Syringe exchanges
- Shelter
- Fire department

OTNs initiate medication treatment for Opioid Use Disorder with identified individuals and make referrals to community providers for ongoing care.

OTNs may offer all FDA-approved medications for Opioid Use Disorder: Buprenorphine; Methadone; and Naltrexone.
