Having fun

7. Do you have other thoughts? Share any additional feedback for the committees below.

<p>Really value having the committees and the opportunity to participate with them. Such a great way to bring people together and allow them to positively impact and support our agency.</p>	<p>Thank you for all your great work!</p>
<p>Is the weekly wellness walk still a thing? If so you can you forward the calendar invite to new staff? I love the idea of taking a walk break but I worry about how I'll be perceived if I'm not responsive on Teams.</p>	<p>Thank you all for your voluntary efforts and time</p>
<p>I'd love to see the Sustainability Committee get some teeth. In an agency full of highly educated natural resource professionals, the greatest value is almost definitely not trying to teach us simple stuff or give us more ideas for "personal responsibility". How about making a serious plan to move toward Rivian or other electric vehicles capable of going to rough and remote worksites? Or converting the NRB to LED lights, automatic switches, etc.?</p>	<p>Thanks to all the committees for your work!</p>
<p>I am interested in most of the Sustainability topics in question 6! It was hard to choose three. :) Looking forward to more committee engagement and activities.</p>	<p>Thanks to all for enhancing the work environment</p>
<p>No thank you</p>	<p>Thank you for all that you all do!</p>
<p>Not interested.</p>	<p>You all are awesome- thanks!</p>
	<p>Thank you, for this survey. I believe all of the RCO committees do a great job; I just forget to keep checking the RCO website for updates.</p>
