Interested Subcontract Name	Contact Name	Contact Address, Phone Number, and Email Address	Summary of your capabilities as it relates to the Scope of Work
SAIL Healthcare Solutions	Dr. Angela Larson	1127 Columbia St. Port Angeles, WA 98362 (503) 318-3008 alarson@sailhcs.com	SAIL Healthcare Solutions is a consulting service capable of designing medical protocols and services for those undergoing substance use treatment, particularly with regards to treatment of primary care, mental health, and medications for substance use disorders. Dr. Angela Larson is an experienced family physician and the sole proprietor of SAIL Healthcare Solutions; she is based out of Port Angeles, WA which is geographically close to Grays Harbor. Residents undergoing substance use treatment and their families need timely access to primary care and prenatal care services (in addition to substance use treatment) which the

			<p>county of Grays Harbor is unable to supply on its own. Many people who enter substance use treatment have not previously received adequate healthcare. These clients need preventive healthcare services such as cancer screenings, sexually transmitted infection screening, and vaccinations, as well as chronic disease diagnosis and management for common co-morbid conditions of substance use such as STIs, Hepatitis C, HIV, syphilis, and liver disease. Pregnant individuals will also need high-risk pregnancy services pre- and post-delivery, including specific care for neonates affected by substance use. Children of clients may also have previously unmet healthcare needs. Dr. Larson, in addition to having experience in full-spectrum primary care, is trained in healthcare system design, finance, and value-based care. She has experience as a clinical director of primary care in rural Port Angeles (a similar community to Grays Harbor), and is capable of care design, medical protocol formation in alignment with best practices, and understands the importance of whole-family care.</p>
