Acute Physical Medicine & Rehabilitation Billing Guide

April 1, 2016

Washington State
Health Care Authority

About this guide*

This publication takes effect April 1, 2016, and supersedes earlier guides to this program.

Washington Apple Health means the public health insurance programs for eligible Washington residents. Washington Apple Health is the name used in Washington State for Medicaid, the children's health insurance program (CHIP), and state-only funded health care programs. Washington Apple Health is administered by the Washington State Health Care Authority.

What has changed?

Subject	Change	Reason for Change
<u>Important Changes to Apple Health Effective April 1, 2016</u>	Effective April 1, 2016 , Apple Health (Medicaid), important changes are taking place that all providers need to know. Information has been added regarding new policy for early enrollment into managed care, implementation of fully integrated managed care in SW WA Region, Apple Health Core Connections for Foster Children, Behavioral Health Organizations (formerly RSNs), and contact information for southwest Washington.	Program changes.

How can I get agency provider documents?

To download and print agency provider notices and billing guides, go to the agency's [Provider Publications](#) website.

* This publication is a billing instruction.

Important Changes to Apple Health Effective April 1, 2016

**These changes are important to all providers
because they may affect who will pay for services.**

Providers serving any Apple Health client should always check eligibility and confirm plan enrollment by asking to see the client's Services Card and/or using the ProviderOne Managed Care Benefit Information Inquiry functionality (HIPAA transaction 270). The response (HIPAA transaction 271) will provide the current managed care organization (MCO), fee-for-service, and Behavioral Health Organization (BHO) information. A Provider FAQ is available on the [Washington Apple Health \(Medicaid\) providers webpage](#).

New MCO enrollment policy – earlier enrollment

Beginning April 1, 2016, Washington Apple Health (Medicaid) implemented a new managed care enrollment policy placing clients into an agency-contracted MCO **the same month** they are determined eligible for managed care as a new or renewing client. This policy eliminates a person being placed temporarily in fee-for-service while they are waiting to be enrolled in an MCO or reconnected with a prior MCO.

- **New clients** are those initially applying for benefits or those with changes in their existing eligibility program that consequently make them eligible for Apple Health Managed Care.
- **Renewing clients** are those who have been enrolled with an MCO but have had a break in enrollment and have subsequently renewed their eligibility.

Clients currently in fee-for-service or currently enrolled in an MCO are not affected by this change. Clients in fee-for-service who have a change in the program they are eligible for may be enrolled into Apple Health Managed Care depending on the program. In those cases, this enrollment policy will apply.

How does this policy affect providers?

- Providers must check eligibility and know when a client is enrolled and with which MCO. For help with enrolling, clients can refer to the Washington Healthplanfinder's [Get Help Enrolling](#) page.
- MCOs have retroactive authorization and notification policies in place. The provider must know the MCO's requirements and be compliant with the MCO's new policies.

Behavioral Health Organization (BHO)

The Department of Social and Health Services (DSHS) manages the contracts for behavioral health (mental health and substance use disorder (SUD)) services for nine of the Regional Service Areas (RSA) in the state, excluding Clark and Skamania counties in the Southwest Washington (SW WA) Region. BHOs will replace the Regional Support Networks (RSNs). Inpatient mental health services continue to be provided as described in the inpatient section of the [Mental Health Billing](#) guide. BHOs use the [Access to Care Standards \(ACS\)](#) for mental health conditions and [American Society of Addiction Medicine \(ASAM\)](#) criteria for SUD conditions to determine client's appropriateness for this level of care.

Fully Integrated Managed Care (FIMC)

Clark and Skamania Counties, also known as SW WA region, is the first region in Washington State to implement the FIMC system. This means that physical health services, all levels of mental health services, and drug and alcohol treatment are coordinated through one managed care plan. Neither the RSN nor the BHO will provide behavioral health services in these counties.

Clients must choose to enroll in either Community Health Plan of Washington (CHPW) or Molina Healthcare of Washington (MHW). If they do not choose, they are auto-enrolled into one of the two plans. Each plan is responsible for providing integrated services that include inpatient and outpatient behavioral health services, including all SUD services, inpatient mental health and all levels of outpatient mental health services, as well as providing its own provider credentialing, prior authorization requirements and billing requirements.

Beacon Health Options provides mental health crisis services to the entire population in Southwest Washington. This includes inpatient mental health services that fall under the Involuntary Treatment Act for individuals who are not eligible for or enrolled in Medicaid, and short-term substance use disorder (SUD) crisis services in the SW WA region. Within their available funding, Beacon has the discretion to provide outpatient or voluntary inpatient mental health services for individuals who are not eligible for Medicaid. Beacon Health Options is also responsible for managing voluntary psychiatric inpatient hospital admissions for non-Medicaid clients.

In the SW WA region some clients are not enrolled in CHPW or Molina for FIMC, but will remain in Apple Health fee-for-service managed by the agency. These clients include:

- Dual eligible – Medicare/Medicaid
- American Indian/Alaska Native (AI/AN)
- Medically needy
- Clients who have met their spenddown
- Noncitizen pregnant women
- Individuals in Institutions for Mental Diseases (IMD)
- Long-term care residents who are currently in fee-for-service
- Clients who have coverage with another carrier

Since there is no BHO (RSN) in these counties, Medicaid fee-for-service clients receive complex behavioral health services through the Behavioral Health Services Only (BHSO) program managed by MHW and CHPW in SW WA region. These clients choose from CHPW or MHW for behavioral health services offered with the BHSO or will be auto-enrolled into one of the two plans.

Apple Health Core Connections (AHCC)

Coordinated Care of Washington (CCW) will provide all physical health care (medical) benefits, lower-intensity outpatient mental health benefits, and care coordination for all Washington State foster care enrollees. These clients include:

- Children and youth under the age of 21 who are in foster care
- Children and youth under the age of 21 who are receiving adoption support
- Young adults age 18 to 26 years old who age out of foster care on or after their 18th birthday

American Indian/Alaska Native (AI/AN) children will **not** be auto-enrolled, but may opt into CCW. All other eligible clients will be auto-enrolled.

AHCC complex mental health and substance use disorder services

AHCC clients who **live in** Skamania or Clark County receive complex behavioral health benefits through the Behavioral Health Services Only (BHSO) program in the SW WA region. These clients will choose between CHPW or MHW for behavioral health services, or they will be auto-enrolled into one of the two plans. CHPW and MHW will use the BHO Access to Care Standards to support determining appropriate level of care, and whether the services should be provided by the BHSO program or CCW.

AHCC clients who **live outside** Skamania or Clark County will receive complex mental health and substance use disorder services from the BHO and managed by DSHS.

Contact Information for Southwest Washington

Beginning on April 1, 2016, there will not be an RSN/BHO in Clark and Skamania counties. Providers and clients must call the agency-contracted MCO for questions, or call Beacon Health Options for questions related to an individual who is not eligible for or enrolled in Medicaid.

If a provider does not know which MCO a client is enrolled in, this information can be located by looking up the patient assignment in ProviderOne.

To contact Molina, Community Health Plan of Washington, or Beacon Health Options, please call:

 MOLINA HEALTHCARE	Molina Healthcare of Washington, Inc. 1-800-869-7165
---	---

 COMMUNITY HEALTH PLAN of Washington	Community Health Plan of Washington 1-866-418-1009
---	---

Beacon Health Options	Beacon Health Options 1-855-228-6502
------------------------------	---

How does this affect the Acute Physical Medicine and Rehabilitation Program?

The majority of eligible clients will be assigned to an MCO. If clients are newly eligible, their enrollment with the MCO will start on the first day of the month of enrollment.

Starting April 1, 2016, when a client or a client's representative applies for eligibility, the Healthplanfinder will determine if the client is eligible. If eligible, the client will be able to pick one of the managed care plans or be assigned to one. As a result, most clients will be in a managed care plan before admission to PM&R.

The managed care plan assignment can be found in [ProviderOne](#).

Definitions

This list defines terms and abbreviations, including acronyms, used in this billing guide.

Accredit (or Accreditation) - A term used by nationally recognized health organizations, such as the Commission on Accreditation of Rehabilitation Facilities (CARF), to indicate a facility meets both professional and community standards of medical care. (WAC [182-550-1050](#))

Acute - An intense medical episode, not longer than three months. (WAC 182-550-1050)

Acute PM&R - A comprehensive inpatient rehabilitative program coordinated by an interdisciplinary team at an agency-approved rehabilitation facility. The program provides twenty-four-hour specialized nursing services and an intense level of therapy for specific medical conditions for which the client shows significant potential for functional improvement. (WAC 182-550-1050)

Administrative day - One or more days of a hospital stay in which an acute inpatient or observation level of care is not medically necessary, and a lower level of care is appropriate. (WAC 182-550-1050)

Administrative day rate - The agency's statewide Medicaid average daily nursing facility rate. (WAC 182-550-1050)

Commission on Accreditation of Rehabilitation Facilities (CARF) – See <http://www.carf.org/home/>. (WAC 182-550-1050)

Family - People who are important to and designated by the client and need not be related.

Interdisciplinary team - A team that coordinates individualized Acute PM&R services at an agency-approved inpatient rehabilitation facility to achieve the following for the client:

- Improved health and welfare.
- Maximum physical, social, psychological, and vocational potential.

Noncovered service or charge – A service or charge the agency does not consider or pay for as a "hospital covered service." This service or charge may not be billed to the client, except under the conditions identified in WAC [182-502-0160](#). (WAC 182-550-1050)

Per diem – A hospital-specific daily rate for a service, multiplied by covered allowable days. (WAC [182-550-3000](#))

Short-term - Two months or less.

Survey – An inspection or review conducted by a federal, state, or private agency to evaluate and monitor a facility's compliance with Acute PM&R program requirements. (WAC 182-550-1050)

About the Program

(WAC [182-550-2501](#))

What is Acute Physical Medicine & Rehabilitation (Acute PM&R)?

Acute PM&R is a 24-hour inpatient comprehensive program of integrated acute medical and rehabilitative services provided during the acute phase of a client's rehabilitation. The agency requires prior authorization for Acute PM&R services (see [What are the requirements for prior authorization?](#)).

An interdisciplinary team coordinates individualized Acute PM&R services at an agency-contracted rehabilitation facility for a client's:

- Improved health and welfare
- Maximum physical, social, psychological, and educational or vocational potential

The agency determines and authorizes a length-of-stay based on:

- The client's Acute PM&R needs
- Community standards of care for Acute PM&R services

When the agency's authorized acute period of rehabilitation ends, the provider transfers the client to a more appropriate level of care. Therapies may continue to help the client achieve maximum potential through other agency programs such as:

- Home health services
- Nursing facilities
- Outpatient physical, occupational, and speech therapies
- Neurodevelopmental centers

The agency's Acute PM&R program is regulated by:

- [RCW 74.09.520](#), Medical Assistance-Care and services included--Funding limitations
- [WAC 182-550-2501](#), 2511, 2521, 2531, 2541, 2551, 2561, and 3381 Acute PM&R
- The agency's Core Provider Agreement

How does a client qualify for Acute PM&R services?

(WAC [182-550-2551](#))

To qualify for Acute PM&R services, a client must have:

- All of the following extensive **or** complex:

- ✓ Medical needs
- ✓ Nursing needs
- ✓ Therapy needs

AND

- A recent or new onset of a condition that causes an impairment in **two or more** of the following areas:

- ✓ Mobility and strength
- ✓ Self-care/ADLs (Activities of Daily Living)
- ✓ Communication
- ✓ Cognitive/perceptual functioning

AND

- A new or recent onset of **one** of the following conditions:

- ✓ Brain injury caused by trauma or disease
- ✓ Spinal cord injury resulting in:
 - Quadriplegia
 - Paraplegia
- ✓ Extensive burns
- ✓ Bilateral limb loss
- ✓ Stroke or aneurysm with resulting hemiplegia or severe cognitive deficits, including speech and swallowing deficits
- ✓ Multiple trauma (after the client is cleared to bear weight) with complicated orthopedic conditions and neurological deficits
- ✓ Severe pressure ulcers after skin flap surgery for a client who meets both of the following:
 - Requires close observation by a surgeon
 - Is ready to mobilize or be upright in a chair

Provider Requirements

How does a hospital become an agency-approved Acute PM&R provider?

(WAC [182-550-2531](#))

The agency accepts applications from in-state and border hospitals only. To apply to become an agency-approved Acute PM&R facility, the agency requires the hospital provider to submit a letter of request to:

Acute PM&R Program Manager
Health Care Authority
PO Box 45506
Olympia, WA 98504-5506

A hospital that applies to become an agency-approved Acute PM&R facility must provide the agency with documentation that confirms the facility is all of the following:

- A Medicare-certified hospital
- Accredited by the Joint Commission on Accreditation of Hospital Organizations (JCAHO)
- Licensed by the Department of Health (DOH) as an acute care hospital (as defined by DOH in WAC [246-310-010](#))
- Accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF) as a comprehensive integrated inpatient rehabilitation program or as a pediatric family-centered rehabilitation program, unless the facility has obtained a 12-month conditional approval from the agency (see [Conditional approval when waiting for CARF accreditation](#))
- Contracted under the agency's selective contracting program, if in a selective contracting area, unless exempted from the requirements by the agency

- **Operating per the standards set by DOH** (excluding the Certified Rehabilitation Registered Nurse (CRRN) requirement) in either:
 - ✓ WAC 246-976-830, Level I Trauma Rehabilitation Designation
 - ✓ WAC 246-976-840, Level II Trauma Rehabilitation Designation

Note: Acute PM&R is **NOT** related to, nor does it qualify any facility for, the DOH Acute Trauma Rehabilitation Designation program.

For a list of CARF-approved providers, go to [CARF International](#).

Conditional approval when waiting for CARF accreditation

A hospital not yet accredited by CARF:

- May apply for or be awarded a 12-month conditional written approval by the agency if the facility meets both of the following:
 - ✓ Provides the agency with documentation that shows it has started the process of obtaining full CARF accreditation
 - ✓ Is actively operating under CARF standards
- Is required to obtain full CARF accreditation within 12 months of the agency's conditional approval date. If this requirement is not met, the agency sends a letter of notification to revoke the conditional written approval.

Note: If a hospital is working with a CARF consultant, a letter of active intent showing time lines of facility operation under CARF standards must be submitted to the agency at the time of application. Full CARF accreditation must be:

- Obtained within 12 months of the agency's conditional approval
- Kept current

Final qualification criteria

A hospital qualifies as an agency-approved Acute PM&R facility when:

- The facility meets all the applicable requirements in this guide.
- The agency's clinical staff has conducted a facility site visit.
- The agency provides written notification that the facility qualifies to be paid for providing Acute PM&R services to eligible medical assistance clients.

Note: Agency-approved Acute PM&R facilities must meet the general requirements in Chapter [182-502](#) WAC, Administration of Medical Programs-- Providers.

Is notifying clients of their right to make their own health care decisions (Advance Directives) required?

[\(42 CFR, 489 Subpart I\)](#)

All Medicare and Medicaid certified hospitals, nursing facilities, home health agencies, personal care service agencies, hospices, and managed health care organizations are federally mandated to give **all adult clients** written information about their rights, under state law, to make their own health care decisions.

Clients have the right to:

- Accept or refuse medical treatment
- Make decisions concerning their own medical care
- Formulate an advance directive, such as a living will or durable power of attorney, for their health care

How does the agency ensure quality of care for the client?

(WAC [182-550-2541](#))

To ensure quality of care, the agency:

- May conduct reviews (post-pay or on-site) of any agency-approved Acute PM&R facility
- Requires a provider of Acute PM&R services to act on any report of substandard care or violation of the facility's medical staff bylaws and CARF standards. The provider must have and follow written procedures that meet both of the following:
 - ✓ Provide a resolution to either a complaint or grievance, or both
 - ✓ Comply with applicable CARF standards for adults or pediatrics as appropriate

A complaint or grievance regarding substandard conditions or care may be investigated by one or more of the following:

- ✓ DOH
- ✓ JCAHO
- ✓ CARF
- ✓ The agency
- ✓ Other agencies with review authority for agency programs

Note: Being selected for an audit does **not** mean that the business has been predetermined to have faulty business practices.

Client Eligibility

(WAC [182-550-2521](#) (1))

How can I verify a patient's eligibility?

Providers must verify that a patient has Washington Apple Health coverage for the date of service, and that the client's benefit package covers the applicable service. This helps prevent delivering a service the agency will not pay for.

Verifying eligibility is a two-step process:

Step 1. Verify the patient's eligibility for Washington Apple Health. For detailed instructions on verifying a patient's eligibility for Washington Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in the agency's [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Washington Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the note box below.

Step 2. Verify service coverage under the Washington Apple Health client's benefit package. To determine if the requested service is a covered benefit under the Washington Apple Health client's benefit package, see the agency's [Health Care Coverage—Program Benefit Packages and Scope of Service Categories](#) web page.

Note: Patients who wish to apply for Washington Apple Health may do so in one of the following ways:

1. By visiting the Washington Healthplanfinder's website at: www.wahealthplanfinder.org
2. By calling the Customer Support Center toll-free at: 855-WAFINDER (855-923-4633) or 855-627-9604 (TTY)
3. By mailing the application to:
Washington Healthplanfinder
PO Box 946
Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit www.wahealthplanfinder.org or call the Customer Support Center.

Are clients enrolled in an agency-contracted managed care organization (MCO) eligible?

(WAC [182-550-2521](#) (2))

Yes. When verifying eligibility using ProviderOne, if the client is enrolled in an agency-contracted MCO, managed care enrollment will be displayed on the client benefit inquiry screen.

If a client is enrolled in an MCO at the time of acute care admission, that plan pays for and coordinates Acute PM&R services as appropriate. Clients can contact their agency-contracted MCO by calling the telephone number provided to them.

Note: To prevent billing denials, check the client's eligibility **prior** to scheduling services and at the **time of the service** and make sure proper authorization or referral is obtained from the plan. See the agency's [ProviderOne Billing and Resource Guide](#) for instructions on how to verify a client's eligibility.

Are Primary Care Case Management (PCCM) clients eligible?

Yes. Providers must follow the agency's *ProviderOne Billing and Resource Guide*. These billing requirements include, but are not limited to:

- Time limits for submitting and resubmitting claims and adjustments;
- What fee to bill the agency for eligible clients;
- When providers may bill a client;
- How to bill for services provided to primary care case management (PCCM) clients;
- Billing for clients eligible for both Medicare and Medicaid;
- Third-party liability; and
- Record-keeping requirements.

Note: To prevent billing denials, check the client's eligibility **prior** to scheduling services and at the **time of the service** and make sure proper authorization or referral is obtained from the PCCM provider. See the agency's [ProviderOne Billing and Resource Guide](#) for instructions on how to verify a client's eligibility.

Prior Authorization

Is prior authorization (PA) required for Acute PM&R services?

(WAC [182-550-2501](#))

Yes. The agency requires PA for Acute PM&R services.

What are the requirements for PA?

(WAC [182-550-2561](#))

Note: Authorization of services does not guarantee payment. Providers must meet administrative requirements (client eligibility, claim timeliness, third-party insurance, etc.) before the agency pays for services.

The Acute PM&R provider must obtain prior authorization:

- Before admitting a client to the rehabilitation unit
- For an extension of stay, before the client's current authorized period of stay expires

Note: Retroactive authorization requests are approved on a case-by-case basis only.

Initial PA

For an initial admission:

- A client must:
 - ✓ Be eligible for Acute PM&R services (see [Client Eligibility](#))
 - ✓ Require Acute PM&R services (see [How does a client qualify for Acute PM&R services?](#))
 - ✓ Be medically stable and show evidence of physical and cognitive readiness to participate in the rehabilitation program
 - ✓ Be willing and capable to participate at least three (3) hours per day, seven (7) days per week, in Acute PM&R activities

- The Acute PM&R provider must:
 - ✓ Submit a typed and signed request for prior authorization to the agency. You must use the current version of the Acute Physical Medicine and Rehab Admit/Extension Request form 13-838 found at [Medicaid Forms](#). Older versions submitted will not be accepted.
 - ✓ Include sufficient medical information to justify that all of the following apply:
 - Acute PM&R treatment would effectively enable the client to obtain a greater degree of self-care or independence, or both.
 - The client's medical condition requires intensive 24-hour inpatient comprehensive Acute PM&R services in an agency-approved Acute PM&R facility.
 - The client suffers from severe disabilities including, but not limited to, neurological or cognitive deficits, or both.

Extension of PA

For an extension of stay:

- A client must meet all of the following:
 - ✓ Be eligible for Acute PM&R services (see [Client Eligibility](#))
 - ✓ Require Acute PM&R services
 - ✓ Be medically stable and show evidence of physical and cognitive readiness to participate in the rehabilitation program
 - ✓ Be willing and capable to participate at least three (3) hours per day, seven (7) days per week, in Acute PM&R activities
 - ✓ Have observable, documented evidence of significant improvement
- The Acute PM&R provider must do both of the following:
 - ✓ Submit a typed and signed request for the extension of stay to the agency before the current authorization expires. You must use the current version of the Acute Physical Medicine and Rehab Admit/Extension Request form 13-838 found at [Medicaid Forms](#). Older versions submitted will not be accepted.
 - ✓ Include documented medical evidence to justify the extension; include all pertinent medical records that substantiate the client's condition has observably and significantly improved.

If the agency denies the request for extension of stay, the client must be transferred to an appropriate lower level of care (see [What is Acute Physical Medicine & Rehabilitation \(Acute PM&R?\)](#).)

Note: To request authorization (either initial or an extension), complete the Acute Physical Medicine and Rehab Admit/Update form, [13-838](#), (current version) and fax it to the agency at: 360-725-1966.

Note: See the agency's [ProviderOne Billing and Resource Guide](#) for more information on requesting authorization.

What happens after prior authorization is requested?

A facility intending to transfer a client to an agency-approved Acute PM&R facility or an Acute PM&R facility requesting an extension of stay for a client must do both of the following:

- Discuss the agency's authorization decision with the client or the client's legal representative, or both
- Document in the client's medical record that the agency's decision was discussed with the client or the client's legal representative, or both

When does the agency authorize administrative days?

The agency may authorize administrative days for a client who meets one of the following:

- Does not meet the "extension" authorization requirements described in this section
- Stays in the facility longer than the community standard length-of-stay
- Is waiting for a discharge destination or a discharge plan

When does the agency not authorize Acute PM&R services?

The agency does not authorize Acute PM&R services for a client who meets one of the following:

- Is deconditioned by a medical illness or by surgery
- Has loss of function primarily as a result of a psychiatric condition(s)
- Has had a recent surgery and has no complicating neurological deficits

Examples of surgeries that do not qualify a client for Acute PM&R services without extenuating circumstances are:

- ✓ Single amputation
- ✓ Single extremity surgery
- ✓ Spine surgery

Payment

What is included in Acute PM&R room and board?

(WAC [182-550-3381](#) (2))

Acute PM&R **room and board** includes, but is not limited to:

- Facility use
- Medical social services
- Bed and standard room furnishings
- Dietary and nursing services

How does the agency determine payment?

The agency's payment for Acute PM&R services provided by Acute PM&R facilities is described below:

- The agency pays a rehabilitation facility a per diem rate as described in WAC [182-550-3000](#). Payment is calculated based on client length of stay and the provider specific rehab per diem rate.
- The agency pays the per diem rate in effect at the time services are provided, minus the sum of the following:
 - ✓ Client liability, whether or not collected by the contracted provider
 - ✓ Any amount of coverage from third parties, whether or not collected by the provider, including, but not limited to, coverage from the following:
 - Insurers and indemnitors;
 - Other federal or state medical care programs;
 - Payments made to the provider on behalf of the client by people or organizations not liable for the client's financial obligations; and
 - Any other contractual or legal entitlement of the client, including but not limited to the following:
 - Crime victim's compensation

- Worker's compensation
- Individual or group insurance
- Court-ordered dependent support arrangements
- The tort liability of any third party

The agency may authorize administrative days for a client who meets one of the following:

- Does not meet "extension" authorization requirements (see [Prior Authorization](#))
- Stays in the facility longer than the **community standards length-of-stay**
- Is waiting for a discharge destination or a discharge plan. (WAC [182-550-2561](#)(8))

How does the agency pay for administrative day(s)?

(WAC [182-550-3381](#)(3))

When the agency authorizes administrative day(s) for a client, the agency pays the facility for both of the following:

- The administrative day rate
- Pharmaceuticals prescribed for the client's use during the administrative portion of the client's stay

How does the agency pay for ambulance transportation services provided to clients receiving Acute PM&R Services? (WAC [182-550-3381](#)(4))

The agency pays for transportation services provided to a client receiving Acute PM&R services in a rehabilitation facility according to Chapter [182-546](#) WAC.

Billing and Claim Forms

What are the general billing requirements?

Providers must follow the agency's [ProviderOne Billing and Resource Guide](#). These billing requirements include:

- What time limits exist for submitting and resubmitting claims and adjustments
- When providers may bill a client
- How to bill for services provided to primary care case management (PCCM) clients
- How to bill for clients eligible for both Medicare and Medicaid
- How to handle third-party liability claims
- What standards to use for record keeping

What revenue codes should I use when billing the agency for services provided in an agency-approved Acute PM&R facility?

Bill the agency using any applicable revenue code with the following exceptions:

- For Acute PM&R room and board services, bill only revenue code 0128.
- For administrative days, bill only revenue codes 0169 (Room and Board - Other) and 025x (Pharmacy).

The agency pays for covered revenue codes only. See the agency's [Inpatient Hospital Services Billing Guide](#) for a complete list.

How do I bill the agency for noncovered days?

Days not authorized are considered noncovered. Hospitals must bill the covered and noncovered days on separate lines.

Example:

Revenue Code	Covered Days	Noncovered Days
0xx4	\$xx.xx	
0xx4		\$xx.xx

How do I bill the agency for administrative day(s)?

Bill the administrative day portion of the client's stay:

- On a separate claim form from the Acute PM&R portion of the stay
- Using the client's date of admission to the Acute PM&R facility for rehabilitation services in form locator 17
- Using the authorization number assigned by the agency
- Using the facility's Acute PM&R NPI

How do I update the ProviderOne client ID number and verify the length-of-stay on an authorization number?

Fax your completed Acute Physical Medicine and Rehabilitation (PM&R) Update form, [13-839](#), (current version) to the agency at: 360-725-1966.

Completing the UB-04 claim form

Detailed instructions on how to complete and bill according to the official UB-04 Data Specifications Manual is available from the [National Uniform Billing Committee](#).
