Definitions & Abbreviations

This section defines terms and abbreviations, including acronyms, used in these billing instructions. Please refer to the Agency [Medical Assistance](#) for a more complete list of definitions.

Alcohol & Drug Addiction Treatment & Support Act (ADATSA) - A state program which funds medical and treatment services for persons who are incapable of gainful employment due to alcohol or other drug addiction.

Chemical Dependency - An alcohol or drug addiction, or dependence on alcohol and one or more other psychoactive chemicals.

Detoxification - Care and treatment in a residential or hospital setting of persons intoxicated or incapacitated by alcohol or other drugs during the period in which the person is recovering from the transitory effects of intoxication or withdrawal. Acute detoxification provides medical care and physician supervision; subacute detoxification is non-medical.

Free-Standing Detox Center - A facility that is not attached to a hospital and in which care and treatment is provided to persons who are recovering from the transitory effects of acute or chronic intoxication or withdrawal from alcohol or other drugs.

Intensive Inpatient Treatment- Nonhospital, DASA-certified facilities for sub-acute/detoxified patients focused on primary chemical dependency services in residential or outpatient settings.

Maximum Allowable - The maximum dollar amount that a provider may be reimbursed by the Agency for specific services, supplies, or equipment.

Rehabilitation Services - Hospital-based intensive inpatient substance abuse treatment, medical care, and assessment and linkages.

Usual and Customary Fee - The rate that may be billed to the Agency for a certain service or equipment. This rate *may not exceed*:

- The usual and customary charge that you bill the general public for the same services; or
- If the general public is not served, the rate normally offered to other contractors for the same services.

Hospital-Based Inpatient Detoxification

About the Program

The Health Care Authority (the Agency) Hospital-Based Inpatient Detoxification program covers services provided to clients receiving hospital-based alcohol and/or drug detoxification services in counties where no free-standing detoxification centers are available.

Note: If your facility is certified to treat pregnant women under a chemically using pregnant (CUP) women agreement, do not use these billing instructions. Use the current Agency *Chemically Using Pregnant (CUP) Women Billing Instructions*.

Payment [Refer to [WAC 182-508-0305](#) (1)-(3)]

The Agency only pays for services that are:

- Provided to eligible persons (see *Client Eligibility*);
- Directly related to detoxification; and
- Performed by a certified detoxification center or by a general hospital that has a contract with the Agency to provide detoxification services.

The Agency limits on paying for detoxification services are:

- Three days for an acute alcoholic condition; or
- Five days for acute drug addiction.

The Agency only pays for detoxification services when notified within ten days of the date detoxification began and all eligibility factors are met.

Payment for hospital-based inpatient detoxification services is based on the following:

Hospitals	Per diem. View current per diem rates at: http://www.hca.wa.gov/medicaid/hospitalpymt/pages/inpatient.aspx
Physicians	Physician-Related Services Fee Schedule

Authorization

Please see the Agency [*ProviderOne Billing and Resource Guide*](#) for more information on requesting authorization.

Client Eligibility

How can I verify a patient's eligibility?

[Refer to [WAC 182-508-0305\(5\)](#)]

Providers must verify that a patient has Washington Apple Health coverage for the date of service, and that the client's benefit package covers the applicable service. This helps prevent delivering a service the agency will not pay for.

Verifying eligibility is a two-step process:

Step 1. Verify the patient's eligibility for Washington Apple Health. For detailed instructions on verifying a patient's eligibility for Washington Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in the agency's current [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Washington Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the note box below

Step 2. Verify service coverage under the Washington Apple Health client's benefit package. To determine if the requested service is a covered benefit under the Washington Apple Health client's benefit package, see the agency's [Health Care Coverage—Program Benefit Packages and Scope of Service Categories](#) web page.

Note: Patients who are not Washington Apple Health clients may submit an application for health care coverage in one of the following ways:

1. By visiting the Washington Healthplanfinder's website at: www.wahealthplanfinder.org
2. By calling the Customer Support Center toll-free at: 855-WAFINDER (855-923-4633) or 855-627-9604 (TTY)
3. By mailing the application to:
Washington Healthplanfinder
PO Box 946
Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit www.wahealthplanfinder.org or call the Customer Support Center. A hospital must initiate application on the first working day following admission.

Are Clients Enrolled in a Agency Managed Care Plan Eligible? [Refer to [WAC 182-538-060](#) and [095](#) or [WAC 182-538-063](#) for GAU clients]

YES! When verifying eligibility using ProviderOne, if the client is enrolled in a Agency managed care plan, managed care enrollment will be displayed on the Client Benefit Inquiry screen. All services must be requested directly through the client's Primary Care Provider (PCP). Clients can contact their managed care plan by calling the telephone number provided to them.

All medical services covered under a managed care plan must be obtained by the client through designated facilities or providers. The managed care plan is responsible for:

- Payment of covered services; and
- Payment of services referred by a provider participating with the plan to an outside provider.

Note: To prevent billing denials, please check the client's eligibility **prior** to scheduling services and at the **time of the service** and make sure proper authorization or referral is obtained from the plan. See the Agency [ProviderOne Billing and Resource Guide](#) for instructions on how to verify a client's eligibility.
