About the Program

General Information about the Program

[Refer to WAC 182-543-0500]

The federal government considers durable medical equipment (DME) and related supplies, as optional services under the Medicaid program, except when prescribed as an integral part of an approved plan of treatment under the home health program or required under the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) program.

Note: The Agency may reduce or eliminate coverage for optional services, consistent with legislative appropriations.

The Agency covers DME and related supplies listed within these billing instructions, according to Agency rules and subject to the limitations and requirements within this section.

The Agency pays for DME and related supplies including modifications, accessories, and repairs when it is:

- Covered;
- Within the scope of the client's medical program (see WAC 182-501-0060 and WAC 182-501-0065);
- Medically necessary, as defined in WAC 182-500-0005;
- Prescribed by a physician, advanced registered nurse practitioner (ARNP), or physician assistant certified (PAC) within the scope of his or her licensure, except for dual eligible medicare/medicaid clients when medicare is the primary payer and the Agency is being billed for a co-pay and/or deductible only;
- Authorized, as required in these billing instructions, any related numbered memoranda, and the following:
 - ✓ Chapter 182-501 WAC;
 - ✓ Chapter 182-502 WAC; and
 - ✓ Chapter 182-543 WAC.
- Provided and used within accepted medical or physical medicine community standards of practice.

The Agency requires prior authorization (PA) for covered durable medical equipment (DME) and

Wheelchairs, Durable Medical Equipment, and Supplies

related supplies, and related services when the clinical criteria are not met, including the criteria associated with the expedited prior authorization (EPA) process.

The Agency evaluates requests requiring PA on a case-by-case basis to determine medical necessity, according to the process found in WAC 182-501-0165.

Note: Refer to Section “J” within these billing instructions for specific details regarding authorization for the DME Program.

The Agency bases its determination about which DME services and related supplies require PA or EPA on utilization criteria (see the Authorization Section within these billing instructions). The Agency considers all of the following when establishing utilization criteria:

- High cost;
- The potential for utilization abuse;
- A narrow therapeutic indication; and
- Safety.

The Agency evaluates a request for any DME item listed as noncovered within these billing instructions under the provisions of WAC 182-501-0160. When EPSDT applies, the Agency evaluates a noncovered service, equipment, or supply according to the process in WAC 182-501-0165 to determine if it is:

- Medically necessary;
- Safe;
- Effective; and
- Not experimental (Refer to the Agency’s *Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Program Billing Instructions* for more information).

The Agency evaluates a request for a service that is in a covered category, but has been determined to be experimental or investigational as defined by WAC 182-531-0050, under the provisions of WAC 182-501-0165 which relate to medical necessity. (See Section “J” within these billing instructions).

Client Eligibility

Who Is Eligible? [Refer to WAC 182-543-1100]

Please see the Agency *ProviderOne Billing and Resource Guide* at http://hrsa.dshs.wa.gov/download/ProviderOne_Billing_and_Resource_Guide.html for instructions on how to verify a client's eligibility.

Note: Refer to the *Scope of Healthcare Services Table* web page at: <http://hrsa.dshs.wa.gov/Download/ScopeofHealthcareSvcsTable.html> for an up-to-date listing of Benefit Service Packages.

Third-Party Liability (TPL)

If the client has TPL coverage (excluding Medicare), prior authorization must be obtained before providing any service requiring prior authorization.

Are Clients Enrolled in an Agency-Managed Care Plan Eligible?

YES! When verifying eligibility using ProviderOne, if the client is enrolled in an Agency managed care plan, managed care enrollment will be displayed on the Client Benefit Inquiry screen. All services must be requested directly through the client's Primary Care Provider (PCP). Clients can contact their managed care plan by calling the telephone number provided to them.

All medical services covered under a managed care plan must be obtained by the client through designated facilities or providers. The managed care plan is responsible for:

- Payment of covered services; and
- Payment of services referred by a provider participating with the plan to an outside provider.

Note: To prevent billing denials, please check the client's eligibility **prior** to scheduling services and at the **time of the service** and make sure proper authorization or referral is obtained from the plan. See the Agency *ProviderOne Billing and Resource Guide* at: http://hrsa.dshs.wa.gov/download/ProviderOne_Billing_and_Resource_Guide.html for instructions on how to verify a client's eligibility.

Primary Care Case Management (PCCM)

For the client who has chosen to obtain care with a PCCM provider, this information will be displayed on the Client Benefit Inquiry screen in ProviderOne. These clients must obtain or be referred for services via a PCCM provider. The PCCM provider is responsible for coordination of care just like the PCP would be in a plan setting.

Note: To prevent billing denials, please check the client's eligibility **prior** to scheduling services and at the **time of the service** and make sure proper authorization or referral is obtained from the PCCM provider. Please see the *Agency ProviderOne Billing and Resource Guide* at: http://hrsa.dshs.wa.gov/download/ProviderOne_Billing_and_Resource_Guide.html for instructions on how to verify a client's eligibility.

How Do I Provide Proof of Delivery? [Refer to WAC 182-543-2200]

When a provider delivers an item directly to the client or the client's authorized representative, the provider must furnish the proof of delivery when the Agency requests that information. All of the following apply:

- The Agency requires a delivery slip as proof of delivery, and it must:
 - ✓ Be signed and dated by the client or the client's authorized representative (the date of signature must be the date the item was received by the client);
 - ✓ Include the client's name and a detailed description of the item(s) delivered, including the quantity and brand name; and
 - ✓ For durable medical equipment (DME) that may require future repairs, include the serial number.
- When the provider or supplier submits a claim for payment to the Agency, the date of service on the claim must be one of the following:
 - ✓ For a one-time delivery, the date the item was received by the client or authorized representative; or
 - ✓ For DME for which the Agency has established a monthly maximum, on or after the date the item was received by the client or authorized representative.

When a provider uses a delivery/shipping service to deliver items which are not fitted to the client, the provider must furnish proof of delivery that the client received the equipment and/or supply, when the Agency requests that information.

- If the provider uses a delivery/shipping service, the tracking slip is the proof of delivery. It must include:
 - ✓ The client's name or a reference to the client's package(s);
 - ✓ The delivery service package identification number; and
 - ✓ The delivery address.
- If the provider/supplier delivers the product, the proof of delivery is the delivery slip. The delivery slip must include:
 - ✓ The client's name;
 - ✓ The shipping service package identification number;

Wheelchairs, Durable Medical Equipment, and Supplies

- ✓ The quantity, detailed description(s), and brand name(s) of the items being shipped; and
- ✓ For DME that may require future repairs, include the serial number.
- When billing the Agency:
 - ✓ Use the shipping date as the date of service on the claim if the provider uses a delivery/shipping service;
 - ✓ Use the actual date of delivery as the date of service on the claim if the provider/supplier does the delivery.

Note: A provider must not use a delivery/shipping service to deliver items which must be fitted to the client.

Providers must obtain PA when required before delivering the item to the client. The item must be delivered to the client before the provider bills the Agency.

The Agency does not pay for DME furnished to the Agency's clients when:

- The medical professional who provides medical justification to the Agency for the item provided to the client is an employee of, has a contract with, or has any financial relationship with the provider of the item; or
- The medical professional who performs a client evaluation is an employee of, has a contract with, or has any financial relationship with a provider of DME.

Rental or Purchase [Refer to WAC 182-543-2300]

- The Agency bases its decision to rent or purchase wheelchairs, durable medical equipment and supplies (DME) on the length of time the client needs the equipment.
- A provider must not bill the Agency for the rental or purchase of equipment supplied to the provider at no cost by suppliers/manufacturers.
- The Agency purchases *new* DME equipment only.
 - ✓ A new DME item that is placed with a client initially as a rental item is considered a new item by the Agency at the time of purchase.
 - ✓ A used DME item that is placed with a client initially as a rental item *must* be replaced by the supplier with a new item prior to purchase by the Agency.

Wheelchairs, Durable Medical Equipment, and Supplies

- The Agency requires a dispensing provider to ensure the DME rented to a client is both of the following:
 - ✓ In good working order; and
 - ✓ Comparable to equipment the provider rents to clients with similar medical equipment needs who are either private pay clients or who have other third-party coverage.
- The Agency's minimum rental period for covered DME is one day.
- The Agency authorizes rental equipment for a specific period of time. The provider must request authorization from the Agency for any extension of the rental period.
- The Agency's reimbursement amount for rented DME includes all of the following:
 - ✓ Delivery to the client;
 - ✓ Fitting, set-up, and adjustments;
 - ✓ Maintenance, repair and/or replacement of the equipment; and
 - ✓ Return pickup by the provider.
- The Agency considers rented equipment to be purchased after twelve months' rental unless the equipment is restricted as rental only.
- DME and related services purchased by the Agency for a client are the client's property.
- The Agency rents, but does not purchase, certain DME for clients.
- The Agency stops paying for any rented equipment effective the date of a client's death. The Agency prorates monthly rentals as appropriate.
- For a client who is eligible for both Medicare and Medicaid, the Agency pays only the client's coinsurance and deductibles. The Agency discontinues paying client's coinsurance and deductibles for rental equipment when either of the following applies:
 - ✓ The reimbursement amount reaches Medicare's reimbursement cap for the equipment; or
 - ✓ Medicare considers the equipment purchased.

The Agency does not obtain or pay for insurance coverage against liability, loss and/or damage to rental equipment that a provider supplies to a client.

Coverage - Other DME

 - ✓ The client's medical condition requires immediate position changes

Coverage - Wheelchairs

The Agency covers, with prior authorization (PA), manual and power-drive wheelchairs for clients who reside at home.

Wheelchairs – General [Refer to WAC 182-543-4000]

- For manual or power-drive wheelchairs for clients who reside at home, requests for PA must include all of the following completed forms:
 - ✓ General Information for Authorization form, 13-835; (See WAC 182-543-7000 Authorization);
 - ✓ Medical Necessity for Wheelchair Purchase (for home clients only) form, 13-727 from the client’s physician or therapist; and
 - ✓ The Agency’s prescription form, 13-794.

The Agency does not pay for manual or power-drive wheelchairs that have been delivered to a client without PA from the Agency, as described in this section.

When the Agency determines that a wheelchair is medically necessary, according to the process found in WAC 182-501-0165, for six months or less, the Agency rents a wheelchair for clients who live at home.

Note: For clients, who reside in a skilled nursing facility, refer to Section H.

Wheelchairs – Manual [Refer to WAC 182-543-4100]

The Agency covers the rental or purchase of a manual wheelchair for a home client who is nonambulatory or has limited mobility and requires a wheelchair to participate in normal daily activities.

Note: For clients who reside in a skilled nursing facility refer to Section H.

The Agency determines the type of manual wheelchair for a home client as follows:

- A standard wheelchair if the client's medical condition requires the client to have a wheelchair to participate in normal daily activities;

Wheelchairs, Durable Medical Equipment, and Supplies

- A standard lightweight wheelchair if the client's medical condition does not allow the client to use standard weight wheelchair because:
 - ✓ The client cannot self propel a standard weight wheelchair; or
 - ✓ Custom modifications cannot be provided on a standard weight wheelchair.
- A high-strength lightweight wheelchair for a client:
 - ✓ Whose medical condition doesn't allow the client to self-propel a lightweight or standard weight wheelchair; or
 - ✓ Requires custom modifications that cannot be provided on a standard weight or lightweight wheelchair.
- A heavy duty wheelchair for a client who requires a specifically manufactured wheelchair designed to:
 - ✓ Support a person weighing three hundred pounds or over; or
 - ✓ Accommodate a seat width up to twenty-two inches wide (not to be confused with custom heavy duty wheelchairs).
- A custom heavy duty wheelchair for a client who requires a specifically manufactured wheelchair designed to:
 - ✓ Support a person weighing three hundred pounds or over; or
 - ✓ Accommodate a seat width over twenty-two inches wide.
- A rigid wheelchair for a client:
 - ✓ With a medical condition that involves severe upper extremity weakness;
 - ✓ Who has a high level of activity; and
 - ✓ Who is unable to self-propel any of the above types of wheelchairs.
- A custom manufactured wheelchair for a client with a medical condition requiring wheelchair customization that cannot be obtained on any of the categories of wheelchairs listed in this section.
- Pediatric wheelchairs/positioning strollers having a narrower seat and shorter depths more suited to pediatric patients, usually adaptable to modifications for a growing child.

Power-Drive Wheelchairs [Refer to WAC 182-543-4200 (1)(2)]

The Agency covers power-drive wheelchairs when the prescribing physician certifies that the following clinical criteria are met:

- The client can independently and safely operate a power-drive wheelchair;
- The client's medical condition negates his or her ability to self-propel any of the wheelchairs listed in the manual wheelchair category; and
- A power-drive wheelchair will:
 - ✓ Provide the client the only means of independent mobility; or
 - ✓ Enable a child to achieve age-appropriate independence and developmental milestones.

Note: The following additional information is required for a three or four-wheeled power-drive scooter/power-operated vehicle (POV):

- The prescribing physician certifies that the client's condition is stable; and
- The client is unlikely to require a standard power-drive wheelchair within the next two years.

Clients With Multiple Wheelchairs [Refer to WAC 182-543-4200(3)-(6)]

When the Agency approves a power-drive wheelchair for a client who already has a manual wheelchair, the power-drive wheelchair becomes the client's primary chair, unless the client meets the criteria for dual wheelchairs.

The Agency pays to maintain only the client's primary wheelchair, unless the Agency approves both a manual wheelchair and a power-drive wheelchair for a noninstitutionalized client.

The Agency pays for one manual wheelchair and one power-drive wheelchair for noninstitutionalized clients only when one of the following circumstances applies:

- The architecture of the client's home is completely unsuitable for a power-drive wheelchair, such as narrow hallways, narrow doorways, steps at the entryway, and insufficient turning radius;
- The architecture of the client's home bathroom is such that power-drive wheelchair access is not possible, and the client needs a manual wheelchair to safely and successfully complete bathroom activities and maintain personal cleanliness; or

Wheelchairs, Durable Medical Equipment, and Supplies

- The client has a power-drive wheelchair, but also requires a manual wheelchair because the power-drive wheelchair cannot be transported to meet the client's community, workplace, or educational activities. In this case, the manual wheelchair would allow the caregiver to transport the client in a standard automobile or van. The Agency requires the client's situation to meet the following conditions:
 - ✓ The client's activities that require the second wheelchair must be located farther than one-fourth of a mile from the client's home; and
 - ✓ Cabulance, public buses, or personal transit are not available, practical, or possible for financial or other reasons.

Note: When the Agency approves both a manual wheelchair and a power-drive wheelchair for a noninstitutionalized client who meets one of the criteria for dual wheelchairs, the Agency will pay to maintain both wheelchairs.

Clients Residing in Skilled Nursing Facility

[WAC 182-543-5700]

The Agency's skilled nursing facility per diem rate, established in chapter 74.46 RCW, chapter 182-96 WAC, and chapter 182-97 WAC, includes any reusable and disposable medical supplies that may be required for a skilled nursing facility client, unless otherwise specified within these Billing instructions.

The Agency pays for the following covered DME and related supplies outside of the skilled nursing facility per diem rate, subject to the limitations in this section:

- Manual or power-drive wheelchairs;
- Speech generating devices (SGD); and
- Specialty beds.

The Agency pays for one manual or one power-drive wheelchair for clients who reside in a skilled nursing facility, with prior authorization (PA), according to the requirements in WAC 182-543-4100, WAC 182-543-4200, and WAC 182-543-4300.

Requests for PA must:

- Be for the exclusive full-time use of a skilled nursing facility resident;
- Not be included in the skilled nursing facility's per diem rate;
- Include a completed General Information for Authorization form, 13-835;
- Include a copy of the telephone order, signed by the physician, for the wheelchair assessment;
- Include a completed Medical Necessity for Wheelchair Purchase for Nursing Facility Clients form, 13-729.

Wheelchairs, Durable Medical Equipment (DME), and Supplies

The Agency pays for wheelchair accessories and modifications that are specifically identified by the manufacturer as separate line item charges, with prior authorization (PA). To receive payment, providers must submit the following to the Agency:

- A completed Prescription form, 13-794;
- A completed Medical Necessity for Wheelchair Purchase for Nursing Facility Clients form, 13-729. The date on form 13-729 must not be prior to the date on the Prescription form, 13-794. (See Section J for more information);
- The make, model, and serial number of the wheelchair to be modified;
- The modification requested; and
- Specific information regarding the client's medical condition that necessitates modification to the wheelchair.

The Agency pays for wheelchair repairs, with PA. To receive payment, providers must submit the following to the Agency:

- A completed Medical Necessity for Wheelchair Purchase For Nursing Facility (NF) Clients form, 13-729. The Agency's electronic forms are available online; see WAC 182-543-7000 Authorization;
- The make, model, and serial number of the wheelchair to be repaired; and
- The repair requested.

PA is required for the repair and modification of client-owned equipment.

The skilled nursing facility must provide a house wheelchair as part of the per diem rate, when the client resides in a skilled nursing facility.

When the client is eligible for both Medicare and Medicaid and is residing in a skilled nursing facility in lieu of hospitalization, the Agency does not reimburse for DME and related supplies, prosthetics, orthotics, medical supplies, related services, and related repairs and labor charges under fee-for-service (FFS).

The Agency pays for the purchase and repair of a speech generating device (SGD), with PA. The Agency pays for replacement batteries for SGDs in accordance with WAC 182-543-5500(3).

Wheelchairs, Durable Medical Equipment (DME), and Supplies

The Agency pays for the purchase or rental of a specialty bed (a heavy duty bariatric bed is not a specialty bed), with prior authorization (PA), when:

- The specialty bed is intended to help the client heal; and
- The client's nutrition and laboratory values are within normal limits.

The Agency considers decubitus care products to be included in the skilled nursing facility per diem rate and does not reimburse for these separately. (See Section M for more information).

The Agency pays for the following medical supplies for a client in a skilled nursing facility outside the skilled nursing facility per diem rate:

- Medical supplies or services that replace all or parts of the function of a permanently impaired or malfunctioning internal body organ.

Authorization

What Is Authorization? [Refer to WAC 182-543-7000]

Authorization is the Agency's approval for certain medical services, equipment, or supplies, before the services are provided to clients, as a precondition for provider reimbursement. **Prior Authorization (PA), Expedited prior authorization (EPA) and limitation extensions (LE) are forms of prior authorization.**

The Agency requires providers to obtain authorization for covered durable medical equipment (DME) and related supplies as required in:

- These billing instructions
- Any applicable # memoranda;
- Chapter 182-501 WAC, chapter 182-502 WAC, and chapter 182-543 WAC;
- When the clinical criteria required within this section are not met.

For prior authorization (PA), a provider must submit a written request to the Agency as specified. (See "What is PA")

All requests for PA must be accompanied by a completed General Information for Authorization form, 13-835 in addition to any program specific Agency forms as required within this section.

Note: The Agency's electronic forms are available online at:
<http://hrsa.dshs.wa.gov/mpforms.shtml>.

For expedited prior authorization (EPA), a provider must meet the clinically appropriate EPA criteria outlined within these billing instructions. The appropriate EPA number must be used when the provider bills the Agency. (See "What is EPA")

When a service requires authorization, the provider must properly request authorization in accordance with the Agency's rules, billing instructions, and numbered memoranda.

Note: The Agency's authorization of service(s) does not necessarily guarantee payment.

When authorization is not properly requested, the Agency rejects and returns the request to the provider for further action. The Agency does not consider the rejection of the request to be a denial of service.

Authorization requirements in this section are not a denial of service to the client. The Agency may

Wheelchairs, Durable Medical Equipment (DME), and Supplies

recoup any payment made to a provider if the Agency later determines that the service was not properly authorized or did not meet the EPA criteria. Refer to WAC 182-502-0100(1)(c).

What Is Prior Authorization (PA)? [Refer to WAC 182-543-7100]

The Agency requires providers to obtain PA for certain items and services before delivering that item or service to the client, except for dual-eligible Medicare/Medicaid clients when Medicare is the primary payer. The item or service must also be delivered to the client before the provider bills the Agency.

All PA requests must be accompanied by a completed General Information for Authorization form, 13-835, in addition to any program specific Agency forms as required within this chapter.

Note: Agency forms are available online at <http://www.dshs.wa.gov/msa/forms/eforms.html>.

When the Agency receives the initial request for PA, the prescription(s) for those items or services must not be older than three months from the date the Agency receives the request.

The Agency requires certain information from providers in order to prior authorize the purchase or rental of equipment. This information includes, but is not limited to, the following:

- The manufacturer's name;
- The equipment model and serial number;
- A detailed description of the item; and
- Any modifications required, including the product or accessory number as shown in the manufacturer's catalog.

For PA requests, the Agency requires the prescribing provider to furnish patient-specific justification for base equipment and each requested line item accessory or modification as identified by the manufacturer as a separate charge. The Agency does not accept general standards of care or industry standards for generalized equipment as justification.

The Agency considers requests for new durable medical equipment (DME) and related supplies that do not have assigned healthcare common procedure coding system (HCPCS) codes, and are not listed in these billing instructions and applicable # memoranda. These items require PA.

The provider must furnish all of the following information to the Agency to establish medical necessity:

- A detailed description of the item(s) or service(s) to be provided;
- The cost or charge for the item(s);

Wheelchairs, Durable Medical Equipment (DME), and Supplies

- A copy of the manufacturer's invoice, price-list or catalog with the product description for the item(s) being provided; and
- A detailed explanation of how the requested item(s) differs from an already existing code description.

The Agency does not pay for the purchase, rental, or repair of medical equipment that duplicates equipment the client already owns or rents. If the provider believes the purchase, rental, or repair of medical equipment is not duplicative, the provider must request PA and submit the following to the Agency:

- Why the existing equipment no longer meets the client's medical needs; or
- Why the existing equipment could not be repaired or modified to meet those medical needs.
- Upon request, documentation showing how the client's condition met the criteria for PA or EPA.

A provider may resubmit a request for PA for an item or service that the Agency has denied. The Agency requires the provider to include new documentation that is relevant to the request.

Submitting Photos and X-Rays for Medical and DME Requests

For submitting photos and x-rays for medical and DME requests, use the FastLook™ and FastAttach™ services provided by Medical Electronic Attachment, Inc. (MEA).

There is an associated cost, which will be explained by the MEA services.

Note: Please see the Agency *ProviderOne Billing and Resource Guide* at: http://hrsa.dshs.wa.gov/download/ProviderOne_Billing_and_Resource_Guide.html and review the Prior Authorization (PA) chapter for more information on requesting authorization

What Is a Limitation Extension (LE)?

[Refer to WAC 182-543-7200]

The Agency limits the amount, frequency, or duration of certain covered DME, and related supplies, and reimburses up to the stated limit without requiring prior authorization (PA).

Certain covered items have limitations on quantity and frequency. These limits are designed to avoid the need for PA for items normally considered medically necessary and for quantities sufficient for a thirty-day supply for one client.

The Agency requires a provider to request PA for a limitation extension (LE) in order to exceed the stated limits for nondurable medical equipment and medical supplies.

All requests for PA must be accompanied by a completed General Information for Authorization form, 13-835 in addition to any program specific Agency forms as required within these billing instructions.

Note: Agency forms are available online at:
<http://www.dshs.wa.gov/msa/forms/eforms.html>.

The Agency evaluates requests for LE under the provisions of WAC 182-501-0169.

What Is Expedited Prior Authorization (EPA)?

[Refer to WAC 182-543-7300]

The expedited prior authorization (EPA) process is designed to eliminate the need for written and telephonic requests for prior authorization for selected DME procedure codes.

The Agency requires a provider to create an authorization number for EPA for selected DME procedure codes. The process and criteria used to create the authorization number is explained in the Agency published *Wheelchairs, Durable Medical Equipment, and Supplies Billing Instructions* starting on page J.5. The authorization number must be used when the provider bills the Agency.

Upon request, a provider must provide documentation to the Agency showing how the client's condition met the criteria for EPA.

A written or telephone request for prior authorization is required when a situation does not meet the EPA criteria for selected durable medical equipment (DME) procedure codes.

The Agency may recoup any payment made to a provider under this section if the provider did not follow the required expedited authorization process and criteria.

What Billing Requirements Are Specific to DME?

A provider must not bill the Agency for the rental or purchase of equipment supplied to the provider at no cost by suppliers/manufacturers.

The Agency does not pay a DME provider for medical supplies used in conjunction with a physician office visit. The Agency pays for these supplies when it is appropriate. Refer to the Agency's *Physician-Related Services Billing Instructions*.

How Do I Bill for a Managed Care Client?

[Refer to 182-543-8100]

If a fee-for-service (FFS) client enrolls in an Agency-contracted managed care organization (MCO), the following apply:

- The Agency stops paying for any rented equipment on the last day of the month preceding the month in which the client becomes enrolled in the MCO;
- The MCO plan determines the client's continuing need for the equipment and is responsible for paying the provider.
- A client may become an MCO enrollee before the Agency completes the purchase of prescribed medical equipment. The Agency considers the purchase complete when the product is delivered and the Agency is notified of the serial number. If the client becomes

Wheelchairs, Durable Medical Equipment, and Supplies

an MCO enrollee before the Agency completes the purchase:

- ✓ The Agency rescinds the Agency's authorization with the vendor until the MCO's primary care provider (PCP) evaluates the client; then
 - ✓ The Agency requires the PCP to write a new prescription if the PCP determines the equipment is still medically necessary as defined in WAC 182-500-0005; then
 - ✓ The MCO's applicable reimbursement policies apply to the purchase or rental of the equipment.
- A client may be disenrolled from an MCO and placed into fee-for-service before the MCO completes the purchase of prescribed medical equipment.
 - ✓ The Agency rescinds the MCO's authorization with the vendor until the client's primary care provider (PCP) evaluates the client; then
 - ✓ The Agency requires the PCP to write a new prescription if the PCP determines the equipment is still medically necessary as defined in WAC 182-500-0005; then
 - ✓ The Agency's applicable reimbursement policies apply to the purchase or rental of the equipment.

How Do I Bill for Clients Eligible for Medicare and Medicaid? [Refer to 182-543-8200]

The Agency sets, evaluates and updates the maximum allowable fees for purchased other DME at least once yearly using one or more of the following:

- The current Medicare rate, as established by the federal centers for Medicare and Medicaid services (CMS), for a new purchase if a Medicare rate is available;
- A pricing cluster; or
- On a by-report basis.

Establishing payment rates for purchased other DME based on pricing clusters.

- A pricing cluster is based on a specific HCPCS code.

- For items not included in the current Medicare fee schedule, as established by the federal centers for Medicare and Medicaid services (CMS), the Agency considers the maximum allowable daily payment rate as by-report. The Agency calculates the daily payment rate at one-three-hundredth of 85% of the manufacturer's list price.
