(1) The child's father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle, aunt, first cousin, nephew, or niece.

(2) The spouse of such parent or relative (including same sex marriage or domestic partner), even after the marriage is terminated by death or divorce.

(3) Other relatives including relatives of half-blood, first cousins once removed, people of earlier generations (as shown by the prefixes of great, great-great, or great-great-great), and natural parents whose parental rights were terminated by a court order.

"Carrier" means an organization that contracts with the federal government to process claims under medicare Part B.

"Categorically needy (CN) or categorically needy program (CNP)" is the state and federally funded health care program established under Title XIX of the Social Security Act for people within medicaid-eligible categories, whose income and/or resources are at or below set standards.

"Categorically needy income level (CNIL)" is the standard used by the agency to determine eligibility under a categorically needy program.

"Categorically needy (CN) scope of care" is the range of health care services included within the scope of service categories described in WAC 182-501-0060 available to people eligible to receive benefits under a CN program. Some state-funded health care programs provide CN scope of care.

"Center of excellence" - A hospital, medical center, or other health care provider that meets or exceeds standards set by the agency for specific treatments or specialty care.

"Centers for Medicare and Medicaid Services (CMS)" - The federal agency that runs the medicare, medicaid, and children's health insurance programs, and the federally facilitated marketplace.

For conditions of payment, see WAC 182-501-0050(5). A noncovered service is a specific health care service (for example, cosmetic surgery), contained within a service category that is included in a WAH benefits package, for which the agency or the agency's designee requires an approved exception to rule (ETR) (see WAC 182-501-0160). A noncovered service is not an excluded service (see WAC 182-501-0060).
