

Working Together for a Healthier Washington

Health Innovation Leadership Network Quarterly Meeting

October 16, 2015

Better Health, Better Care, Lower Costs

Today's Objectives

- Share Healthier Washington successes to date and how HILN members are accelerating these successes.
- Provide an update on the development of the HILN Accelerator Committees

A Healthier Washington

Build healthier communities through a collaborative regional approach

Ensure health care focuses on the whole person

Improve how we pay for services

Implementation tools: State Innovation Models grant, state funding, potential federal waiver, philanthropic support
Legislative support: HB 2572, SB 6312

Better Health, Better Care, Lower Costs

Spotlight On: Healthier Washington and Equity

John Wiesman, Department of Health
Ross Hunter, Department of Early Learning
Nancy Giunto, Washington Health Alliance
Antony Chiang, Empire Health Foundation
Winfried Danke, CHOICE Regional Health Network

Disparities: *at the intersection of priorities*

Triple Aim: improving experience, health and cost

- **Population health management**
 - Addressing biggest breakdowns in care process
- **Demographic shift**
 - 2043 projections: Minorities to majorities
 - WA ranked with both largest LEP population and growth
- **Increased coverage**
 - Racial and ethnic populations disproportionately represented in Medicaid expansion
- **Organizational strategy**
 - Move towards pay-for-performance contracts, new accreditation requirements, etc.

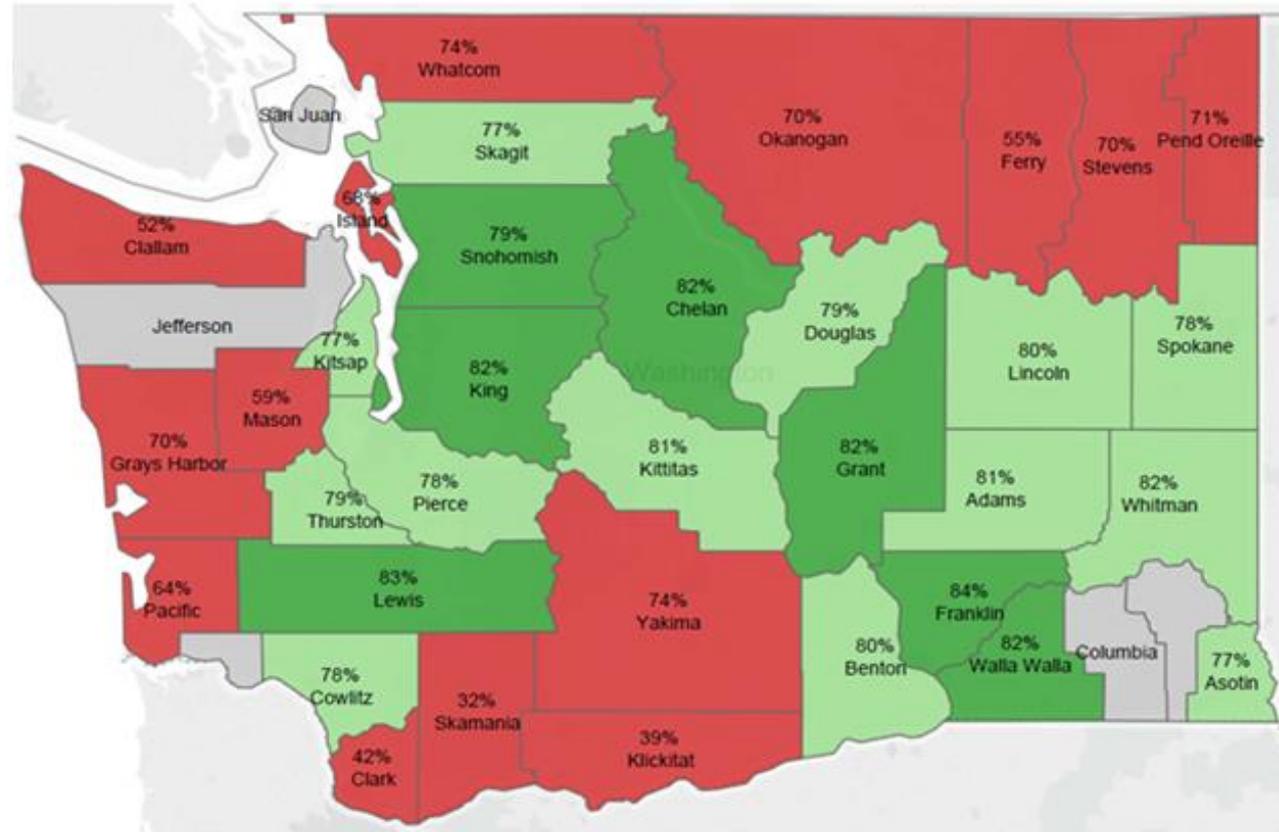

Accessing primary care

When people have insurance, does that mean they are seen by a primary care provider?

Map 1. Access to care among 7-11 year old Medicaid enrollees, county rates compared to Medicaid Statewide rate (78%), July 2012 – June 2013.

Color rankings based on Wilson Score Interval statistical test.

■ ABOVE STATE AVERAGE ■ MEETS STATE AVERAGE ■ BELOW STATE AVERAGE ■ TOO FEW CASES (<160)

Medicaid statewide rate:
78%

Variation?

52 percentage point

-Franklin County, 84 %

-Skamania County, 32 %

Health screenings

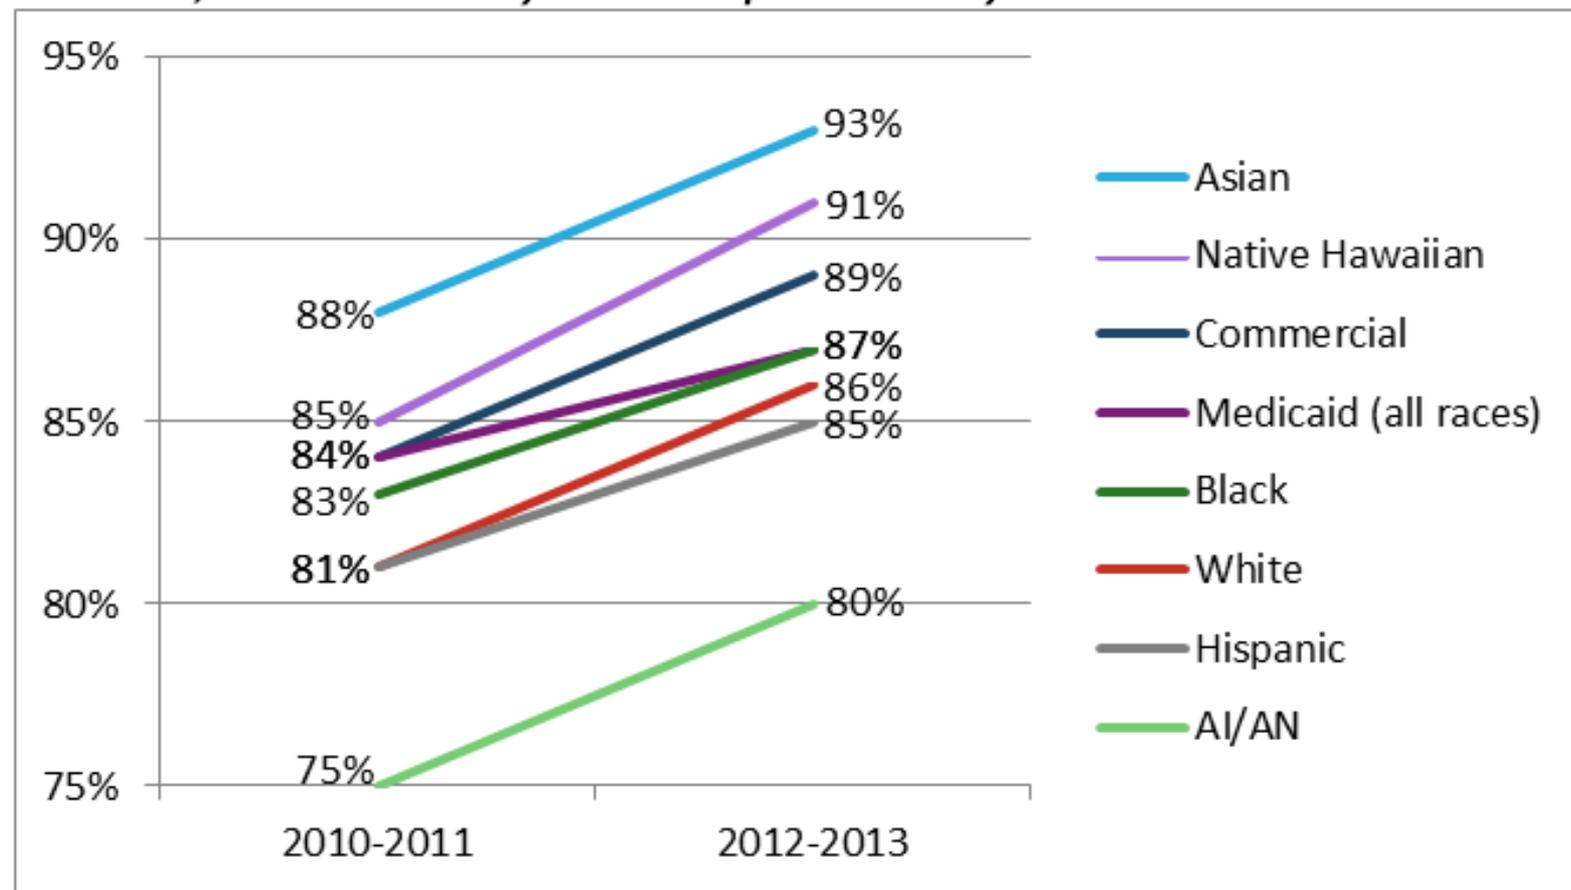

Table 2. Health screenings among Medicaid enrollees, July 2012 - June 2013.

Red=rate is significantly worse than Medicaid statewide rate; Green=significantly better; Gray=not significantly different. Color rankings based on Wilson Score Interval statistical test.

RACIAL/ETHNIC GROUP	Cancer Screenings			CHLAMYDIA
	BREAST	CERVICAL	COLON	
Statewide commercial	73%	72%	60%	39%
Statewide Medicaid (all races)	50%	65%	43%	50%
White	50%	62%	43%	49%
Hispanic or Latino	53%	72%	42%	52%
Black or African American	49%	70%	43%	59%
American Indian and Alaska Native	41%	60%	37%	54%
Asian	58%	70%	44%	38%
Native Hawaiian and Pacific Islander	*	68%	*	46%

Diabetes care

Figure 2. Diabetes care over time: Blood sugar (HbA1c) tests among Medicaid enrollees, June 2010 – July 2011 compared to July 2012 – June 2013.

A call to action

- The sooner we address disparities in care, the better we will be positioned in the rapidly changing landscape of population health management and shifting demographics.
- Rather than creating a new initiative, successful strategies to improve disparities often involve incorporating a disparities-in-care “lens” throughout the organization.
- The Alliance hopes that these findings will provide a call to action to effective quality improvement efforts to improve the health of all the people in our state.

Spotlight On: Healthier Washington and Equity

Quarterly Update: The State of the Healthier Washington Initiative

Nathan Johnson, HCA Chief Policy Officer
and Healthier Washington Coordinator

Break

HILN Accelerator Committees Update

Laura Kate Zaichkin, HCA Office of Health Innovation
& Reform Administrator and Healthier Washington
Deputy Coordinator

HILN Accelerator Committees

HILN subcommittees focused on specific and timely efforts directly impacting the achievement of Healthier Washington aims.

- Accelerate vs advise
- Evolve, expand and disperse as Healthier Washington evolves
- Align with and build upon groups already in place
- Championed by HILN members
- Includes leadership from HILN and non-HILN organizations

HILN Accelerator Committees

Clinical Engagement

- Co-Champions: Johnese Spisso & Hugh Straley

Integrated Physical and Behavioral Health

- Co-Champions: Teresita Batayola & Joe Roszak

Rural Health Innovation

- Co-Champions: Nicole Bell & Andre Fresco

Collective Responsibility

- Co-Champions: Kathleen Paul & David Wertheimer

Communities & Equity

- Co-Champions: Antony Chiang & Winfried Danke

Better Health, Better Care, Lower Costs

HILN's Role as Ambassadors

Rick Cooper

Empowering You as Ambassadors

Healthier Washington business cards

Better Health. Better Care. Lower Costs.

How we're achieving change

Healthier Washington is a multi-sector partnership working to improve health, transform health care delivery, and reduce costs. Healthier Washington:

- Supports patient-centered information and tools to aid health decisions
- Shifts health care costs from paying for volume to paying for value
- Supports development of Accountable Communities of Health throughout the state
- Builds a robust health information technology and exchange infrastructure
- Integrates physical and behavioral health services in Medicaid to better serve the whole person
- Supports clinical practice transformation
