Agency: Health Care Authority

Subject of possible rule making: WAC 182-550-2600 Inpatient psychiatric services; other related rules as appropriate.

Statutes authorizing the agency to adopt rules on this subject: RCW 41.05.021, 41.05.160, 2SSB 5103, 68th Legislature, 2023 Regular Session

Reasons why rules on this subject may be needed and what they might accomplish: The agency is amending this section to replace outdated terms such as "Residential Support Network (RSN)" and "mental health designee," to delete references to the department of mental health, and to update language regarding authorization and certification for inpatient psychiatric care consistent with the current managed care and administrative services organization (ASO) structure. The agency is also making changes to align with 2SSB 5103, 68th Legislature, 2023 Regular Session. This legislation requires the agency to provide a hospital payment for Apple Health clients who meet the criteria for discharge from a hospital stay to certain facilities but who cannot be discharged because placement is unavailable. This revision provides for the payment of medically necessary ancillary services to be billed by and paid to the hospital separately. During the course of this review, the agency may identify additional related changes that are required in order to improve clarity or update policy.
