WAC 182-500-0010 Medical assistance definitions—A. "Administrative renewal" means the agency uses electronically available income data sources to verify and recertify a person's Washington apple health benefits for a subsequent certification period. A case is administratively renewed when the person's self-attested income is reasonably compatible (as defined in WAC 182-500-0095) with the information available to the agency from the electronic data sources and the person meets citizenship, immigration, Social Security number, and age requirements.

"After-pregnancy coverage (APC)" means full-scope Washington apple health (medicaid) health care coverage for people up to 12 months after the month their pregnancy ends under WAC 182-505-0115.

"Agency" or "medicaid agency" means the Washington state health care authority (HCA).

"Agency's designee" means any entity expressly designated by the agency to act on its behalf.

"Allowable costs" are the documented costs as reported after any cost adjustment, cost disallowances, reclassifications, or reclassifications to nonallowable costs which are necessary, ordinary and related to the outpatient care of medical care clients or not expressly declared nonallowable by applicable statutes or regulations. Costs are ordinary if they are of the nature and magnitude which prudent and cost-conscious management would pay.

"Alternative benefits plan" means the range of health care services included within the scope of service categories described in WAC 182-501-0060 available to persons eligible to receive health care coverage under the Washington apple health modified adjusted gross income (MAGI)-based adult coverage described in WAC 182-505-0250.

"Apple health for kids" is the umbrella term for health care coverage for certain groups of children that is funded by the state and federal governments under Title XIX medicaid programs, Title XXI Children's Health Insurance Program, or solely through state funds (including the program formerly known as the children's health program). Funding for any given child depends on the program for which the child is determined to be eligible. Apple health for kids programs are included in the array of health care programs available through Washington apple health (WAH).

"Attested income" means a self-declared statement of a person's income made under penalty of perjury to be true. (See also "self-attested income.")

"Authorization" means the agency's or the agency's designee's determination that criteria are met, as one of the preconditions to the agency's or the agency's designee's decision to provide payment for a specific service or device. (See also "expedited prior authorization" and "prior authorization.")

"Authorized representative" is defined under WAC 182-503-0130.
WAC 182-500-0020 Definitions—C. "Caretaker relative" means a relative of a dependent child by blood, adoption, or marriage with whom the child is living, who assumes primary responsibility for the child's care, and who is one of the following:

"Carrier" means an organization that contracts with the federal government to process claims under medicare Part B.

"Categorically needy (CN) or categorically needy program (CNP)" is the state and federally funded health care program established under Title XIX of the Social Security Act for people within medicaid-eligible categories, whose income and/or resources are at or below set standards.

"Categorically needy income level (CNIL)" is the standard used by the agency to determine eligibility under a categorically needy program.

"Categorically needy (CN) scope of care" is the range of health care services included within the scope of service categories described in WAC 182-501-0060 available to people eligible to receive benefits under a CN program. Some state-funded health care programs provide CN scope of care.

"Continuous eligibility" means a person continues to receive their apple health coverage without interruption throughout their certification period regardless of changes in income, household size, immigration or citizenship status, or any other factor of eligibility other than moving out-of-state or death.

"Core provider agreement" is a written contract whose terms and conditions bind each provider in the fee-for-service program to applicable federal laws, state laws, and the agency's rules, provider alerts, billing guides, and other subregulatory guidance. See WAC 182-502-0005. The core provider agreement is a unilateral contract.
"Cost-sharing" means any expenditure required by or on behalf of an enrollee with respect to essential health benefits; such term includes deductibles, coinsurance, copayments, or similar charges, but excludes premiums, balance billing amounts for nonnetwork providers, and spending for noncovered services.

"Cost-sharing reductions" means reductions in cost-sharing for an eligible person enrolled in a silver level plan in the health benefit exchange or for a person who is an American Indian or Alaska native enrolled in a qualified health plan (QHP) in the exchange.

"Covered service" is a health care service contained within a "service category" that is included in a Washington apple health (WAH) benefits package described in WAC 182-501-0060. For conditions of payment, see WAC 182-501-0050(5). A noncovered service is a specific health care service (for example, cosmetic surgery), contained within a service category that is included in a WAH benefits package, for which the agency or the agency's designee requires an approved exception to rule (ETR) (see WAC 182-501-0160). This term applies to the coverage whether or not the coverage is equivalent to that offered under premium-based programs included in Washington apple health (WAH). Creditable coverage is described in 42 U.S.C. 300gg-3 (c)(1).
