EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- ☒ That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
☐ That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: These rules are necessary to expand family-planning only coverage to support preventative screenings and family planning services while the permanent rulemaking process is completed. The agency began the permanent rulemaking process under WSR 23-24-065. The Family Planning Only program operates under a federal waiver allowing changes to be in response to state needs. These changes have recently been approved by the Centers for Medicare & Medicaid Services (CMS) as eligible additions to the state program.
