(g) "Nearest and most appropriate destination" means the nearest facility able and willing to accept the involuntarily detained person for treatment, not the closest facility based solely on driving distance.

(i) Provides for intoxicated people:

(A) Evaluation and assessment by certified chemical dependency professionals;

(B) Acute or subacute detoxification services;

(b) A danger to others;

(c) At substantial risk of inflicting physical harm upon the property of others; or

(d) Gravely disabled as a result of SUD.

(3) The agency pays for transportation under this section only when the transportation is:

(iii) A court hearing; or

(iv) A secure detoxification facility or crisis response center.

(d) To the nearest and most appropriate destination. The reason for a diversion to a more distant facility must be clearly documented in the client's file.

(4) The DCR authorizes the treatment destination based on the client's legal status.

(5) A copy of the agency's authorization of ambulance/secure transportation services under the Involuntary Treatment Act (ITA) form (HCA 42-0003) must be completed and signed by the DCR and kept in the client's file.
