Purpose of the proposal and its anticipated effects, including any changes in existing rules: The Health Care Authority plans to create a new chapter for definitions that apply to all of Title 182 WAC. The first definition in this section will be "Health Care Authority." This chapter is not intended to change or eliminate any existing definitions but will provide a central location for commonly used terms.					

Reasons supporting proposal: Title 182 WAC regulates various programs such as the Public Employees Benefits Board, Medicaid, and Health Technology Assessment. These rules for Medicaid, non-Medicaid, public health and state employee benefit programs use different terms to refer to the Health Care Authority (HCA). A new WAC chapter that contains general definitions for terms used throughout Title 182 will assist the public with navigating HCA rules. NEW SECTION

WAC 182-02-005 Definitions. Chapter 182-02 WAC contains definitions of words and phrases used in rules throughout Title 182 WAC. When a term is not defined in this chapter, the definition found in another chapter of Title 182, or applicable state or applicable federal law will apply. For general terms not defined in this chapter, or in another chapter under Title 182 WAC, or state or federal law, the definitions in the Webster's New World Dictionary, Fifth Edition (2016), apply. If a definition in this chapter conflicts with a definition in another chapter of Title 182 WAC, the definition in the specific WAC prevails.
