

UW TelePain

A service for community-practice providers to increase knowledge and skills in chronic pain management

UW TelePain sessions are collegial, audio/video-based conferences that include:

1. **Didactic presentations** from the UW Pain Medicine curriculum for primary care providers.
2. Case presentations from community clinicians.
3. Interactive consultations for providers with a multi-disciplinary panel of specialists.
4. Education in use of guideline-recommended measurement-based clinical tools to improve diagnosis and treatment effectiveness.
5. Follow-up case presentations to track outcomes and optimize treatments for ongoing care of your patients.

UW TelePain sessions for community health care providers are held each Wednesday, noon to 1:30 p.m.

You are invited to present your difficult chronic pain cases or ask questions, even if you don't present a case.

The expertise of the UW TelePain Panel spans pain medicine, internal medicine, anesthesiology, rehabilitation medicine, psychiatry, addiction medicine, and nursing care coordination.

Learn more about these sessions on the UW TelePain website
