1

Provider information

Provider name

Provider phone number

Provider's fax number

2

Client information

Client name

ProviderOne client ID

Pregnancy information, answer one of the following:

Due date

Or

Date pregnancy ended (birth or other outcome)

3

Background information

How many units of T1032 have been used to date? (Note: 1 unit = 15 minutes.)

How many additional units of T1032 are being requested? (Note: 1 unit = 15 minutes.)

List other programs, agencies, and/or community resources this family is currently involved with (WIC, HeadStart, medical care, home visiting services, etc.):

Additional risk factors or issues not identified on the client's screening tool HCA should be aware of when reviewing this request:

Briefly describe interventions provided and actions taken to date by the Doula provider to address identified risk factors and issues identified above:

Describe client's current status related risk factors and issues identified above, including any changes since client started receiving doula services:

4

Planned activities

What interventions and actions will be taken **if additional units of T1032 are approved**? How will this move the client toward the goal of a healthy birth outcome, healthy infant/family, and/or health post-pregnancy period?

5

Completing this form

- Make sure all boxes on this form are completed and legible.
- Submit supporting documentation which includes the client chart showing progression and includes the care plan and screening tool(s) with your request.
- If the agency does not receive adequate information to make a determination, additional information will be requested. This will increase the amount of time it takes to process the decision.
