- Provided update to House Health and Wellness Committee on Nov. 16
 - Governor’s Executive Order
 - Status of fully-integrated managed care
 - The work being done to integrate HCA and DBHR
- Provided update on the tracking of client outcomes after integration
- Provided update on clinical behavioral health integration including code review, collaborative care implementation, and maternal and youth screening
- <https://www.hca.wa.gov/assets/house-hc-behavioral-health-integration-111617.pdf>

Phase 3 - CoCM Implementation

- Review Matrix
- Guidelines
- Attestation Form
- Next Steps

Phase 4 – Screening Tools

- Two new codes effective January 1, 2018
- Billed during an EPSDT visit or medical visit
- Documentation in the medical record must include name of screening tool and the score
- Link to suggested tools found in EPSDT, Mental Health, and Physician provider guides

Phase 4 – Screening Tools

- Draft Matrix and Appendix A Screening Tools
 - Depression Screening – Youth & Post-Partum
 - Confirmed Developmental Screens
- 96127 – brief emotional/behavioral screening (e.g., depression inventory, anxiety screening) with scoring and documentation per standard instrument.
 - Required for children 12 years of age and older
- 96161 – caregiver focused risk assessment such as a depression inventory for the benefit of the patient (child)
 - Caregivers of infants six months and younger
 - Billed on infant's ID #

Future: Identify Additional Screens

- Resulting from *2016 Children's Mental Health Workgroup* report (page 15)
 - Identify behavioral health screens - children ages birth to 20 years of age
- Gathered initial set (probably not complete)
- Identified members for this committee
 - Invited to this meeting to provide feedback on depression screens
- Invite others on this committee to participate

Next Steps

- Follow-up with team to gauge interest in advising on list of additional behavioral health screens
- Email will follow after this meeting to invite participants and topics

SSB 5779 Code Review Update

- Matrix Status
- Reimbursement Analysis
