

Washington Apple Health (Medicaid)

Ambulatory Surgery Centers Billing Guide

July 1, 2020

Disclaimer

Every effort has been made to ensure this guide's accuracy. If an actual or apparent conflict between this document and an HCA rule arises, HCA rules apply.

Billing guides are updated on a regular basis. Due to the nature of content change on the internet, we do not fix broken links in past guides. If you find a broken link, please check the most recent version of the guide. If this is the most recent guide, please notify us at askmedicaid@hca.wa.gov.

About this guide¹

This publication takes effect **July 1, 2020**, and supersedes earlier billing guides to this program.

The Health Care Authority is committed to providing equal access to our services. If you need an accommodation or require documents in another format, please call 1-800-562-3022. People who have hearing or speech disabilities, please call 711 for relay services.

Washington Apple Health means the public health insurance programs for eligible Washington residents. Washington Apple Health is the name used in Washington State for Medicaid, the children's health insurance program (CHIP), and state-only funded health care programs. Washington Apple Health is administered by the Washington State Health Care Authority.

Refer also to HCA's [ProviderOne billing and resource guide](#) for valuable information to help you conduct business with the Health Care Authority.

How can I get HCA Apple Health provider documents?

To access provider alerts, go to HCA's [provider alerts webpage](#).

To access provider documents, go to HCA's [provider billing guides and fee schedules webpage](#).

Where can I download HCA forms?

To download an HCA form, see HCA's [Forms & Publications webpage](#). Type only the form number into the Search box (Example: 13-835).

¹ This publication is a billing instruction.

Definitions

This section defines terms and abbreviations, including acronyms, used in this billing guide. Refer to [Chapter 182-500 WAC](#) for a complete list of definitions for Washington Apple Health.

Ambulatory Surgery Center (ASC) - Any distinct entity certified by Medicare as an ASC that operates exclusively for the purpose of providing surgical services to patients not requiring hospitalization.

Coinsurance-Medicare – The portion of reimbursable hospital and medical expenses, after subtraction of any deductible, which Medicare does not pay. Under Part A, coinsurance is a per day dollar amount. Under Part B, coinsurance is 20 percent of reasonable charges.

Health Care Financing Administration Common Procedure Coding System (HCPCS) – Coding system established by the Health Care Financing Administration (now known as the Center for Medicare and Medicaid Services [CMS]) to define services and procedures.

Ambulatory Surgery Centers

(Refer to WAC [246-330-105](#) and chapter [70.230 RCW](#))

What is the purpose of this program?

The purpose of the ambulatory surgery centers (ASC) program is to reimburse providers for the facility costs of surgical procedures that can be performed safely on an ambulatory basis in an ASC.

What is covered?

HCA covers the procedure codes listed in the fee schedule when the surgical services are medically necessary and not solely used for cosmetic treatment or surgery.

Authorization requirements, expedited prior authorization (EPA) lists, Centers of Excellence (COE) provider lists, coverage criteria (such as age, diagnostic, Medical Care Services client eligibility), sterilization requirements and forms, and unit limitations may be found in the appropriate program publications.

For example:

- [Dental-Related Services Billing Guide](#)
- [Family Planning Billing Guide](#)
- [Physician-Related Services/Health Care Professional Services Billing Guide](#)
- [Sterilization Billing Guide](#)

Client Eligibility

Most Apple Health clients are enrolled in an HCA-contracted managed care organization (MCO). This means that Apple Health pays a monthly premium to an MCO for providing preventative, primary, specialty, and other health services to Apple Health clients. Clients in managed care must see only providers who are in their MCO's provider network, unless prior authorized or to treat urgent or emergent care. See HCA's [Apple Health managed care page](#) for further details.

It is important to always check a client's eligibility prior to providing any services because it affects who will pay for the services.

How do I verify a client's eligibility?

Check the client's services card or follow the two-step process below to verify that a client has Apple Health coverage for the date of service and that the client's benefit package covers the applicable service. This helps prevent delivering a service HCA will not pay for.

Verifying eligibility is a two-step process:

Step 1. Verify the patient's eligibility for Apple Health. For detailed instructions on verifying a patient's eligibility for Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in HCA's [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the note box below.

Step 2. Verify service coverage under the Apple Health client's benefit package. To determine if the requested service is a covered benefit under the Apple Health client's benefit package, see HCA's [Program Benefit Packages and Scope of Services](#) webpage.

Note: Patients who are not Apple Health clients may submit an application for health care coverage in one of the following ways:

1. By visiting the [Washington Healthplanfinder's website](#).
2. By calling the Customer Support Center toll-free at: 855-WAFINDER (855-923-4633) or 855-627-9604 (TTY)
3. By mailing the application to: Washington Healthplanfinder, PO Box 946, Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit the [Washington Healthplanfinder's website](#) or call the Customer Support Center.

Are clients enrolled in an HCA-contracted managed care organization (MCO) eligible?

Yes. Most Medicaid-eligible clients are enrolled in one of HCA's contracted managed care organizations (MCOs). For these clients, managed care enrollment will be displayed on the client benefit inquiry screen in ProviderOne.

For clients enrolled in an HCA-contracted managed care organization (MCO), the client's MCO covers services provided at ambulatory surgery centers when the client's primary care provider (PCP) determines that the services are appropriate for the client's health care needs. Providers must bill the MCO directly.

All medical services covered under an HCA-contracted MCO must be obtained by the client through designated facilities or providers. The MCO is responsible for:

- Payment of covered services
- Payment of services referred by a provider participating with the plan to an outside provider
- Facility fees associated with dental CDT® and CPT® procedures as designated by modifier SG

Note: Site of service prior authorization for eligible managed care clients will continue to be determined by HCA for facilities associated with dental procedure codes.

HCA continues to pay for the following through fee-for-service (FFS):

- Professional fees for dental procedures using CDT codes
- Professional fees using CPT codes only when the provider's taxonomy starts with 12

See the Dental-Related Services Billing Guide and and/or the Physician-Related Services/Health Care Professional Services Billing Guide on how to bill professional fees.

A client's enrollment can change monthly. Providers who are not contracted with the MCO must receive approval from **both** the MCO and the client's primary care provider (PCP) prior to serving a managed care client.

Send claims to the client's MCO for payment. Call the client's MCO to discuss payment prior to providing the service. Providers may bill clients only in very limited situations as described in [WAC 182-502-0160](#).

Managed care enrollment

Apple Health (Medicaid) places clients into an HCA-contracted MCO the same month they are determined eligible for managed care as a new or renewing client. This eliminates a person being placed temporarily in FFS while they are waiting to be enrolled in an MCO or reconnected with a prior MCO. This enrollment policy also applies to clients in FFS who have a change in the program they are eligible for. However, some clients may still start their first month of eligibility in the FFS program because their qualification for MC enrollment is not established until the month following their Medicaid eligibility determination.

New clients are those initially applying for benefits or those with changes in their existing eligibility program that consequently make them eligible for Apple Health managed care.

Checking eligibility

- Providers must check eligibility and know when a client is enrolled and with which MCO. For help with enrolling, clients can refer to the Washington Healthplanfinder's [Get Help Enrolling](#) page.
- MCOs have retroactive authorization and notification policies in place. The provider must know the MCO's requirements and be compliant with the MCO's policies.

Apple Health – Changes for January 1, 2020

Effective January 1, 2020, the Health Care Authority (HCA) completed the move to whole-person care to allow better coordination of care for both body (physical health) and mind (mental health and substance use disorder treatment, together known as "behavioral health"). This delivery model is called Integrated Managed Care (formerly Fully Integrated Managed Care, or FIMC, which still displays in ProviderOne and Siebel).

IMC is implemented in the last three regions of the state:

- **Great Rivers** (Cowlitz, Grays Harbor, Lewis, Pacific, and Wahkiakum counties)
- **Salish** (Clallam, Jefferson, and Kitsap counties)
- **Thurston-Mason** (Mason and Thurston counties)

These last three regions have plan changes, with only Amerigroup, Molina, and United Healthcare remaining. There are changes to the plans available in these last three regions. The only plans that will be in these regions are Amerigroup, Molina and United Healthcare. If a client is currently enrolled in one of these three health plans, their health plan will not change.

Clients have a variety of options to change their plan:

- **Available to clients with a Washington Healthplanfinder account:**

Go to [Washington HealthPlanFinder website](#).

- **Available to all Apple Health clients:**

- Visit the [ProviderOne Client Portal website](#):
- Call Apple Health Customer Service at 1-800-562-3022. The automated system is available 24/7.

- Request a change online at [ProviderOne Contact Us](#) (this will generate an email to Apple Health Customer Service). Select the topic "Enroll/Change Health Plans."

For online information, direct clients to HCA's [Apple Health Managed Care](#) webpage.

Clients who are not enrolled in an HCA-contracted managed care plan for physical health services

Some Medicaid clients do not meet the qualifications for managed care enrollment. These clients are eligible for services under the FFS Medicaid program. In this situation, each Integrated Managed Care (IMC) plan will have Behavioral Health Services Only (BHSO) plans available for Apple Health clients who are not in managed care. The BHSO covers only behavioral health treatment for those clients. Clients who are not enrolled in an HCA-contracted managed care plan are automatically enrolled in a BHSO with the exception of American Indian/Alaska Native clients. Some examples of populations that may be exempt from enrolling into a managed care plan are Medicare dual-eligible, American Indian/Alaska Native, Adoption support and Foster Care alumni.

Integrated managed care

Clients qualified for managed care enrollment and living in integrated managed care (IMC) regions will receive all physical health services, mental health services, and substance use disorder treatment through their HCA-contracted managed care organization (MCO).

American Indian/Alaska Native (AI/AN) clients have two options for Apple Health coverage:

- Apple Health Managed Care; or
- Apple Health coverage without a managed care plan (also referred to as fee-for-service [FFS])

If a client does not choose an MCO, they will be automatically enrolled into Apple Health FFS for all their health care services, including comprehensive behavioral health services. See HCA's [American Indian/Alaska Native webpage](#).

For more information about the services available under the FFS program, see HCA's [Mental Health Services Billing Guide](#) and the [Substance Use Disorder Billing Guide](#).

For full details on integrated managed care, see HCA's [Apple Health managed care webpage](#) and scroll down to "Changes to Apple Health managed care."

Integrated managed care regions

Clients residing in integrated managed care regions and who are eligible for managed care enrollment must choose an available MCO in their region. Details, including information about mental health crisis services, are located on HCA's [Apple Health managed care webpage](#).

Region	Counties	Effective Date
Great Rivers	Cowlitz, Grays Harbor, Lewis, Pacific, and Wahkiakum	January 1, 2020
Salish	Clallam, Jefferson, and Kitsap	January 1, 2020
Thurston-Mason	Thurston and Mason	January 1, 2020
North Sound	Island, San Juan, Skagit, Snohomish, and Whatcom	July 1, 2019
Greater Columbia	Asotin, Benton, Columbia, Franklin, Garfield, Kittitas, Walla Walla, Yakima, and Whitman	January 1, 2019
King	King	January 1, 2019
Pierce	Pierce	January 1, 2019
Spokane	Adams, Ferry, Lincoln, Pend Oreille, Spokane, and Stevens	January 1, 2019
North Central	Grant, Chelan, Douglas, and Okanogan	January 1, 2018 January 1, 2019 (Okanogan)
Southwest	Clark, Skamania, and Klickitat	April 2016 January 1, 2019 (Klickitat)

Integrated Apple Health Foster Care (AHFC)

Children and young adults in the Foster Care, Adoption Support and Alumni programs who are enrolled in Coordinated Care of Washington's (CCW) Apple Health Foster Care program receive both medical and behavioral health services from CCW.

Clients under this program are:

- Under the age of 21 who are in foster care (out of home placement)
- Under the age of 21 who are receiving adoption support
- Age 18-21 years old in extended foster care

- Age 18 to 26 years old who aged out of foster care on or after their 18th birthday (alumni)

These clients are identified in ProviderOne as “**Coordinated Care Healthy Options Foster Care.**”

The Apple Health Customer Services staff can answer general questions about this program. For specific questions about Adoption Support, Foster Care or Alumni clients, contact HCA’s Foster Care Medical Team at 1-800-562-3022, Ext. 15480.

Fee-for-service Apple Health Foster Care

Children and young adults in the fee-for-service Apple Health Foster Care, Adoption Support and Alumni programs receive behavioral health services through the regional Behavioral Health Services Organization (BHSO). For details, see HCA’s [Mental Health Services Billing Guide](#), under *How do providers identify the correct payer?*

Authorization

What are the general guidelines for authorization?

Authorization requirements are not a denial of service.

When a service requires authorization, the provider must properly request written authorization under HCA's rules and this Medicaid billing guide.

When the provider does not properly request authorization, HCA returns the request to the provider for proper completion and resubmission. HCA does not consider the returned request to be a denial of service.

Prior authorization

When prior authorization is required for services performed in an ambulatory surgery center (ASC), a provider must send or fax a request for authorization along with medical justification to HCA. (See [Resources Available](#)).

Note: Please see HCA's [ProviderOne Billing and Resource Guide](#) for more information on requesting authorization.

What are the specific authorization requirements for surgical procedures?

(See WAC [182-531-1700](#))

Surgical procedures requiring a medical necessity review by HCA

To implement the prior authorization requirement for selected surgical procedures (including hysterectomies and other surgeries of the uterus), HCA will conduct medical necessity reviews. For details about the prior authorization (PA) requirements for these procedures, refer to either:

- [Physician-Related Services/Health Care Professional Services Billing Guide](#)
- [Physician-Related/Professional Services Fee Schedule](#) (Select a procedure code and refer to the comments field for the accompanying authorization submittal requirement.)

Surgical procedures requiring a medical necessity review by Qualis Health

HCA and Qualis Health have contracted to provide web-based submittal for utilization review services to establish the medical necessity of selected surgical procedures in the following categories:

- Spinal, including facet injections
- Major joints
- Thoracic outlet release

Qualis Health conducts the review of the request to establish medical necessity for surgeries, but does not issue authorizations. Qualis Health forwards its recommendations to HCA. HCA must authorize any surgical procedures.

Requests initiated electronically require supporting documentation to be included with the electronic submission or faxed per the instructions found at [Qualis Health](#).

For more information about the requirements for submitting medical necessity reviews for authorization please refer to HCA's current [Physician-Related Services/Health Care Professional Services Billing Guide](#).

Note: To prevent billing denials, check the client's eligibility **before** scheduling services and at the **time of the service** and make sure proper authorization or referral is obtained. Providers must receive authorization from the client's primary care provider before providing services, **except for emergency services**. See HCA's [ProviderOne Billing and Resource Guide](#) for instructions on how to verify a client's eligibility.

Payment

What is included in the facility payment?

The facility payment (maximum allowable fee) includes all the following:

- The client's use of the facility, including the operating room and recovery room
- Nursing services, technician services, and other related services
- Drugs, biologicals, surgical dressings, supplies, splints, casts, appliances, and equipment related to the care provided
- Diagnostic or therapeutic items and services directly related to the surgical procedure
- Administrative, recordkeeping, and housekeeping items and services
- Materials and supplies for anesthesia

Payment for multiple surgical procedures

For providers performing multiple surgical procedures in a single operative session, HCA reimburses either:

- The lesser of the billed amount

-or-

- Up to 100 percent of HCA's maximum allowable for the procedure with the highest group number

For the *second* procedure, reimbursement is either:

- The lesser of the billed amount

-or-

- Up to 50 percent of HCA's maximum allowable

HCA does not make additional reimbursement for more than two surgical procedures.

To expedite payment of claims, bill all surgeries performed during the same operative session on the same claim. This includes secondary claims with payment by a primary commercial insurance and Medicare crossover claims.

What is not included in the facility payment?

The following services are not included in the facility payment:

- Physicians' professional services
- The sale, lease, or rental of durable medical equipment to clients for use in their homes
- Prosthetic devices (for example, intraocular lens)
- Ambulance or other transportation services

- Leg, arm, back, and neck braces
- Artificial legs, arms, and eyes
- Implantable devices

How do providers get paid for implantable devices?

To receive payment for implantable devices, providers must:

- Use HCPCS procedure code C1713 or L8699 when billing for an implantable device.
- Bill for implantable devices on the same claim as the primary procedure code associated with the device. The primary procedure code must be covered on the HCA's ASC fee schedule. Claims may be denied without a primary procedure code appearing on the claim.
- Use a HCPCS procedure code (C1713 or L8699) only once per claim. Bill multiple units if appropriate.
- Bill HCA the acquisition cost (AC). AC means the cost of an item excluding shipping, handling, and any applicable taxes as indicated by a manufacturer's invoice (See [WAC 182-550-1050](#).)

If the implantable device is a necessary supply, not an "over and above" supply, CPT considers it inclusive to the procedure code billed, and HCA will not reimburse separately. For example, in order to place the tympanostomy tube, the tube is a necessary supply, not an "over and above" supply. Under CPT, this supply is included in the procedure code billed. In cases where items are over and above those usually included with the procedure, bill using a specific CPT/HCPCS code. If a specific appropriate code is not available, you may bill using HCPCS code L8699 with prior authorization.

How do providers get paid for corneal tissue?

Effective for claims with dates of service on and after January 1, 2016, HCA will pay for corneal tissue processing (HCPCS procedure code V2785) by acquisition cost (AC). To receive payment, providers must:

- Bill the amount paid to the eye bank for the processed eye tissue.
- Attach invoice to claim.

HCA will update the [Ambulatory Surgery Centers Fee Schedule](#) to reflect this change.

Where is the fee schedule located?

To view or download a fee schedule, see HCA's [online fee schedule](#).

The notations in the code status column of the fee schedule are intended to alert providers that there is specific policy, regulation, or criteria related to the use of the code noted. Providers should review the program-specific publications for details (such as, [Dental – Related Services Billing Guide](#), [Physician-Related Services/Health Care Professional Services Billing Guide](#), and [Family Planning Billing Guide](#)).

Billing

All claims must be submitted electronically to HCA, except under limited circumstances. For more information about this policy change, see [Paperless Billing at HCA](#). For providers approved to bill paper claims, see HCA's [Paper Claim Billing Resource](#).

What are the general billing requirements?

Providers must follow HCA's [ProviderOne Billing and Resource Guide](#). These billing requirements include:

- What time limits exist for submitting and resubmitting claims and adjustments
- When providers may bill a client
- How to bill for services provided to primary care case management (PCCM) clients
- How to bill for clients eligible for both Medicare and Medicaid
- How to handle third-party liability claims
- What standards to use for record keeping

Note: Effective on or after January 1, 2020, hospital and ASC facility fees for eligible clients enrolled in an HCA-contracted managed care organization must be billed directly through the client's MCO.

How do I bill claims electronically?

Instructions on how to bill Direct Data Entry (DDE) claims can be found on HCA's [Billers and Providers](#) webpage, under [Webinars](#).

For information about billing Health Insurance Portability and Accountability Act (HIPAA) Electronic Data Interchange (EDI) claims, see the ProviderOne 5010 companion guides on the [HIPAA Electronic Data Interchange \(EDI\)](#) webpage.

When billing for the facilities, ensure that all procedures are billed on the claim. Please make all adjustments on the original claim.

The following claim instructions relate to ambulatory surgery centers:

Name	Entry
Prior Authorization Number	When applicable. If the service you are billing for requires authorization, enter the nine-digit number assigned to you. Only one authorization number is allowed per claim.
Place of Service	Enter 24 (ambulatory surgery center).
ASC Modifier	Enter SG
Taxonomy Code	Enter 261QA1903X

To prevent claim denials, you must submit claims with HCA-designated taxonomy and the ASC modifier.
