Washington Apple Health (Medicaid)

Chiropractic Services Billing Guide
(For Clients Age 20 and Younger)

October 1, 2017

Every effort has been made to ensure this guide’s accuracy. If an actual or apparent conflict between this document and an agency rule arises, the agency rules apply.
About this guide*

This publication takes effect October 1, 2017, and supersedes earlier guides to this program.

HCA is committed to providing equal access to our services. If you need an accommodation or require documents in another format, please call 1-800-562-3022. People who have hearing or speech disabilities, please call 711 for relay services.

Washington Apple Health means the public health insurance programs for eligible Washington residents. Washington Apple Health is the name used in Washington State for Medicaid, the children's health insurance program (CHIP), and state-only funded health care programs. Washington Apple Health is administered by the Washington State Health Care Authority.

About the Program

What Is the Purpose of the Chiropractic Services for Children Program?

The purpose of the Health Care Authority’s (the agency’s) Chiropractic Services for Children Program is to provide medically necessary chiropractic services to eligible clients 20 years of age and younger.

Who Is Eligible to be Reimbursed for Chiropractic Services?

The agency pays only for chiropractic services that are all of the following:

- Provided by a chiropractor licensed in the state where services are provided and enrolled as an Agency provider.
- Within the scope of the chiropractor’s license.
- Listed in this document (see Coverage).
- Medically necessary.

Fee Schedule

For maximum allowable fees, view the agency’s current Chiropractic Services for Children Fee Schedule.
Client Eligibility

How can I verify a patient’s eligibility?

To be eligible, clients must be 20 years of age and younger and referred by a screening provider under the Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) program.

**Note:** Clients 19 through 20 years of age covered under the Medical Care Services program are not eligible for chiropractic services.

Providers must verify that a patient has Washington Apple Health coverage for the date of service, and that the client’s benefit package covers the applicable service. This helps prevent delivering a service the agency will not pay for.

Verifying eligibility is a two-step process:

**Step 1. Verify the patient’s eligibility for Washington Apple Health.** For detailed instructions on verifying a patient’s eligibility for Washington Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in the agency’s current *ProviderOne Billing and Resource Guide*.

If the patient is eligible for Washington Apple Health, proceed to **Step 2.** If the patient is **not** eligible, see the note box below.

**Step 2. Verify service coverage under the Washington Apple Health client’s benefit package.** To determine if the requested service is a covered benefit under the Washington Apple Health client’s benefit package, see the agency’s *Program Benefit Packages and Scope of Services* webpage.

**Note:** Patients who are not Washington Apple Health clients may submit an application for health care coverage in one of the following ways:

1. By visiting the Washington Healthplanfinder’s webpage at: [www.wahealthplanfinder.org](http://www.wahealthplanfinder.org)
2. By calling the Customer Support Center toll-free at: 855-WAFINDER (855-923-4633) or 855-627-9604 (TTY)
3. By mailing the application to:
   Washington Healthplanfinder
   PO Box 946
   Olympia, WA 98507

---

1 Include the referring provider’s National Provider Identifier (NPI) on the electronic professional claim. Keep referral information in the client’s file.
Are Children Enrolled in an Agency Managed Care Organization Eligible for Chiropractic Services?

YES! When verifying eligibility using ProviderOne, if the client is enrolled in an Agency managed care plan, managed care enrollment will be displayed on the Client Benefit Inquiry screen. All chiropractic services must be requested and provided directly through the client’s Primary Care Provider (PCP). Clients can contact their managed care plan by calling the telephone number provided to them.

All medical services covered under a managed care plan must be obtained by the client through designated facilities or providers. The managed care plan is responsible for both of the following:

- Payment of covered services.
- Payment of services referred by a provider participating with the plan to an outside provider.

**Note:** To prevent billing denials, please check the client’s eligibility prior to scheduling services and at the time of the service and make sure proper authorization or referral is obtained from the plan. See the agency’s current ProviderOne Billing and Resource Guide for instructions on how to verify a client’s eligibility.
Effective July 1, 2017, not all Apple Health clients were enrolled in a BHO/FIMC/BHSO

On July 1, 2017, some Apple Health clients were not enrolled in a behavioral health organization (BHO), fully integrated managed care (FIMC), or behavioral health services only (BHSO) program. For these clients, substance use disorder (SUD) services are covered under the fee-for-service (FFS) program.

Effective January 1, 2017, some fee-for-service clients who have other primary health insurance were enrolled into managed care

On January 1, 2017, the agency enrolled some fee-for-service Apple Health clients who have other primary health insurance into an agency-contracted managed care organization (MCO).

This change did not affect all fee-for-service Apple Health clients who have other primary health insurance. The agency continues to cover some clients under the fee-for-service Apple Health program, such as dual-eligible clients whose primary insurance is Medicare.

For additional information, see the agency’s Managed Care webpage, under Providers and Billers.

Effective April 1, 2016, important changes to Apple Health

These changes are important to all providers because they may affect who will pay for services.

Providers serving any Apple Health client should always check eligibility and confirm plan enrollment by asking to see the client’s Services Card and/or using the ProviderOne Managed Care Benefit Information Inquiry functionality (HIPAA transaction 270). The response (HIPAA transaction 271) will provide the current managed care organization (MCO), fee-for-service, and Behavioral Health Organization (BHO) information. See the agency’s Regional Resources webpage.
New MCO enrollment policy – earlier enrollment

Beginning April 1, 2016, Washington Apple Health (Medicaid) implemented a new managed care enrollment policy placing clients into an agency-contracted MCO the same month they are determined eligible for managed care as a new or renewing client. This policy eliminates a person being placed temporarily in fee-for-service while they are waiting to be enrolled in an MCO or reconnected with a prior MCO.

New clients are those initially applying for benefits or those with changes in their existing eligibility program that consequently make them eligible for Apple Health Managed Care.

Renewing clients are those who have been enrolled with an MCO but have had a break in enrollment and have subsequently renewed their eligibility.

Clients currently in fee-for-service or currently enrolled in an MCO are not affected by this change. Clients in fee-for-service who have a change in the program they are eligible for may be enrolled into Apple Health Managed Care depending on the program. In those cases, this enrollment policy will apply.

How does this policy affect providers?

- Providers must check eligibility and know when a client is enrolled and with which MCO. For help with enrolling, clients can refer to the Washington Healthplanfinder’s Get Help Enrolling page.

- MCOs have retroactive authorization and notification policies in place. The provider must know the MCO’s requirements and be compliant with the MCO’s new policies.

Behavioral Health Organization (BHO)

The Department of Social and Health Services (DSHS) manages the contracts for behavioral health (mental health and substance use disorder (SUD)) services for nine of the Regional Service Areas (RSA) in the state, excluding Clark and Skamania counties in the Southwest Washington (SW WA) Region. BHOs replaced the Regional Support Networks (RSNs). Inpatient mental health services continue to be provided as described in the inpatient section of the Mental Health Services Billing Guide. BHOs use the Access to Care Standards (ACS) for mental health conditions and American Society of Addiction Medicine (ASAM) criteria for SUD conditions to determine client’s appropriateness for this level of care.
Fully Integrated Managed Care (FIMC)

For clients who live in a fully integrated managed care (FIMC) region, all physical health services, mental health services, and drug and alcohol treatment are covered and coordinated by the client’s agency-contracted managed care organization (MCO). The Behavioral Health Organization (BHO) will not provide behavioral health services in these counties.

Clients living in an FIMC region will enroll with an MCO of their choice that is available in that region. If the client does not choose an MCO, the client will be automatically enrolled into one of the available MCOs, unless the client is American Indian/Alaska Native (AI/AN). Clients currently enrolled in one of the available MCOs in their region may keep their enrollment when the behavioral health services are added.

**Effective July 1, 2017, American Indian/Alaska Native (AI/AN) clients living in an FIMC region of Washington must choose to enroll in one of the agency-contracted MCOs available in that region; or they may choose to receive all these services through Apple Health fee-for-service (FFS). If they do not choose an MCO, they will be automatically enrolled into Apple Health FFS for all their health care services, including comprehensive behavior health services. For more information about the services available under the FFS program, see the agency’s Mental Health Services Billing Guide and the Substance Use Disorder Billing Guide.**

For full details on FIMC, including which clients residing in an FIMC region are not enrolled with an MCO and information on complex behavioral health services for foster children in an FIMC region, see the agency’s Managed Care webpage, the agency’s Integrated physical and behavioral health care webpage, and the agency’s Regional resource webpage.

FIMC Regions

**North Central Region (NC) – Douglas, Chelan and Grant Counties**

**Effective January 1, 2018,** the agency will implement the second FIMC region known as the NC region which includes Douglas, Chelan, and Grant Counties. Clients eligible for managed care enrollment will choose to enroll in an available MCO in their region. Specific details, including information about mental health crisis services can be found on the agency’s Managed Care webpage, the agency’s Integrated physical and behavioral health care webpage, and the agency’s Regional resource webpage.

**Southwest Washington Region (SW WA) – Clark and Skamania Counties**

**Effective April 1, 2016,** the agency implemented the first FIMC region known as the SW WA region which includes Clark and Skamania Counties. Clients eligible for managed care enrollment choose to enroll in one of two available MCOs in this region: Community Health Plan of Washington (CHPW) or Molina Healthcare of Washington (MHW).
Apple Health Core Connections (AHCC)

Coordinated Care of Washington (CCW) will provide all physical health care (medical) benefits, lower-intensity outpatient mental health benefits, and care coordination for all Washington State foster care enrollees. These clients include:

- Children and youth under the age of 21 who are in foster care
- Children and youth under the age of 21 who are receiving adoption support
- Young adults age 18 to 26 years old who age out of foster care on or after their 18th birthday

American Indian/Alaska Native (AI/AN) children will not be auto-enrolled, but may opt into CCW. All other eligible clients will be automatically enrolled.

AHCC complex mental health and substance use disorder services

AHCC clients who live in Skamania or Clark County receive complex behavioral health benefits through the Behavioral Health Services Only (BHSO) program in the SW WA region. These clients will choose between CHPW or MHW for behavioral health services, or they will be auto-enrolled into one of the two plans. CHPW and MHW will use the BHO Access to Care Standards to support determining appropriate level of care, and whether the services should be provided by the BHSO program or CCW.

AHCC clients who live outside Skamania or Clark County will receive complex mental health and substance use disorder services from the BHO and managed by DSHS.
Contact Information for Southwest Washington

Beginning on April 1, 2016, there is not a BHO in Clark and Skamania counties. Providers and clients must call the agency-contracted MCO for questions, or call Beacon Health Options for questions related to an individual who is not eligible for or enrolled in Medicaid.

If a provider does not know which MCO a client is enrolled in, this information can be located by looking up the patient assignment in ProviderOne.

To contact Molina, Community Health Plan of Washington, or Beacon Health Options, please call:

| Molina Healthcare of Washington, Inc. | 1-800-869-7165 |
| Community Health Plan of Washington | 1-866-418-1009 |
| Beacon Health Options | 1-855-228-6502 |
Chiropractic services consist of the manipulation of the spine to facilitate the recuperative powers of the body and the relationship between the musculoskeletal structures and functions of the body to restore health. The agency covers only the following chiropractic services for children:

**Note:** Due to its licensing agreement with the American Medical Association (AMA), the agency publishes only the official, brief CPT® procedure code descriptions. To view the entire descriptions, please refer to your current CPT book.

**Note:** The agency does not pay for any of the following items under the Chiropractic Services for Children program:

- Therapy modalities such as light, heat, hydro, and physical.
- Any food supplements, medications, or drugs.
- Any braces, cervical collars, or supplies.

Chiropractic Services for Children

Billing

Effective for claims billed on and after October 1, 2016
All claims must be submitted electronically to the agency, except under limited circumstances.
For more information about this policy change, see Paperless Billing at HCA.
For providers approved to bill paper claims, see the agency’s Paper Claim Billing Resource.

What Are the General Billing Requirements?

Providers must follow the general billing requirements found in the agency’s current ProviderOne Billing and Resource Guide. These billing requirements include, but are not limited to, all of the following:

• What time limits exist for submitting and resubmitting claims and adjustments.
• When providers may bill a client.
• How to bill for services provided to primary care case management (PCCM) clients.
• How to bill for clients eligible for both Medicare and Medicaid.
• How to bill for clients with third-party liability.
• What standards to use for record keeping.

How do I bill claims electronically?

Instructions on how to bill Direct Data Entry (DDE) claims can be found on the agency’s Billers and Providers webpage, under Webinars.

For information about billing Health Insurance Portability and Accountability Act (HIPAA) Electronic Data Interchange (EDI) claims, see the ProviderOne 5010 companion guides on the HIPAA Electronic Data Interchange (EDI) webpage.
