About the Program

What Is the Purpose of the Chiropractic Services for Children Program?

The purpose of the Health Care Authority's (the agency's) Chiropractic Services for Children Program is to provide medically necessary chiropractic services to eligible clients **20 years of age and younger**.

Who Is Eligible to be Reimbursed for Chiropractic Services?

The agency pays only for chiropractic services that are all of the following:

- Provided by a chiropractor licensed in the state where services are provided and enrolled as an Agency provider.
- Within the scope of the chiropractor's license.
- Listed in this document (see [Coverage](#)).
- Medically necessary.

Fee Schedule

For maximum allowable fees, view the agency's current [Chiropractic Services for Children Fee Schedule](#).

Client Eligibility

Who is eligible for chiropractic services for children?

To be eligible, clients must be 20 years of age and younger and referred¹ by a screening provider under the Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) program.

How do I verify a client's eligibility?

Most Apple Health clients are enrolled in an agency-contracted managed care organization (MCO). This means that Apple Health pays a monthly premium to an MCO for providing preventative, primary, specialty, and other health services to Apple Health clients. Clients in managed care must see only providers who are in their MCO's provider network, unless prior authorized or to treat urgent or emergent care. See the agency's [Apple Health managed care page](#) for further details.

It is important to always check a client's eligibility prior to providing any services because it affects who will pay for the services.

Check the client's Services Card or follow the two-step process below to verify that a client has Apple Health coverage for the date of service and that the client's benefit package covers the applicable service. This helps prevent delivering a service the agency will not pay for.

Is the client enrolled in an agency-contracted managed care organization (MCO), in a behavioral health organization (BHO), or is the client receiving services through fee-for-service (FFS) Apple Health?

¹ Include the referring provider's National Provider Identifier (NPI) on the electronic professional claim. Keep referral information in the client's file.

Verifying eligibility is a two-step process:

- Step 1. Verify the patient's eligibility for Apple Health.** For detailed instructions on verifying a patient's eligibility for Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in the agency's [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the note box below.

- Step 2. Verify service coverage under the Apple Health client's benefit package.** To determine if the requested service is a covered benefit under the Apple Health client's benefit package, see the agency's [Program Benefit Packages and Scope of Services](#) web page.

Note: Patients who are not Apple Health clients may submit an application for health care coverage in one of the following ways:

1. By visiting the Washington Healthplanfinder's website at:
www.wahealthplanfinder.org
2. By calling the Customer Support Center toll-free at: 855-WAFINDER
(855-923-4633) or 855-627-9604 (TTY)
3. By mailing the application to:
Washington Healthplanfinder
PO Box 946
Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit www.wahealthplanfinder.org or call the Customer Support Center.

Are children enrolled in an agency-contracted managed care organization (MCO) eligible for chiropractic services?

Yes. All chiropractic services for clients enrolled in an agency-contracted managed care plan (MCO), must be requested and provided directly through the client's Primary Care Provider (PCP). Clients can contact their managed care plan by calling the telephone number provided to them.

All medical services covered under a managed care plan must be obtained by the client through designated facilities or providers. The managed care plan is responsible for both of the following:

- Payment of covered services.
- Payment of services referred by a provider participating with the plan to an outside provider.

Managed care enrollment

Apple Health (Medicaid) places clients into an agency-contracted MCO the same month they are determined eligible for managed care as a new or renewing client. This eliminates a person being placed temporarily in FFS while they are waiting to be enrolled in an MCO or reconnected with a prior MCO. This enrollment policy also applies to clients in FFS who have a change in the program they are eligible for.

New clients are those initially applying for benefits or those with changes in their existing eligibility program that consequently make them eligible for Apple Health managed care. Renewing clients are those who have been enrolled with an MCO but have had a break in enrollment and have subsequently renewed their eligibility.

Checking eligibility

- Providers must check eligibility and know when a client is enrolled and with which MCO. For help with enrolling, clients can refer to the Washington Healthplanfinder's [Get Help Enrolling](#) page.
- MCOs have retroactive authorization and notification policies in place. The provider must know the MCO's requirements and be compliant with the MCO's policies.

Behavioral Health Organization (BHO)

The Department of Social and Health Services (DSHS) manages the contracts for behavioral health services (mental health and substance use disorder) for eight of the Regional Service Areas (RSAs) in the state. The remaining regions have [fully integrated managed care \(FIMC\)](#).

See the agency's [Mental Health Services Billing Guide](#) for details.

Fully Integrated Managed Care (FIMC)

For clients who live in an FIMC region, all physical health services, mental health services, and drug and alcohol treatment are covered and coordinated by the client's agency-contracted MCO. The BHO will not provide behavioral health services in these counties.

Clients living in an FIMC region will enroll with an MCO of their choice that is available in that region. If the client does not choose an MCO, the client will be automatically enrolled into one of the available MCOs, unless the client is American Indian/Alaska Native (AI/AN). Clients currently enrolled in one of the available MCOs in their region may keep their enrollment when the behavioral health services are added.

Effective July 1, 2017, American Indian/Alaska Native (AI/AN) clients living in an FIMC region of Washington may choose to enroll in one of the agency-contracted MCOs available in that region or they may choose to receive all these services through Apple Health FFS. If they do not choose an MCO, they will be automatically enrolled into Apple Health FFS for all their health care services, including comprehensive behavioral health services. See the agency's [American Indian/Alaska Native webpage](#).

For more information about the services available under the FFS program, see the agency's [Mental Health Services Billing Guide](#) and the [Substance Use Disorder Billing Guide](#).

For full details on FIMC, see the agency's [Changes to Apple Health managed care webpage](#).

FIMC Regions

Clients who reside in either of the following two FIMC regions and who are eligible for managed care enrollment must choose an available MCO in their region. Specific details, including information about mental health crisis services, can be found on the agency's [Apple Health managed care webpage](#).

North Central Region – Douglas, Chelan and Grant Counties

Effective January 1, 2018, the agency will implement the second FIMC region known as the North Central Region, which includes Douglas, Chelan, and Grant Counties.

Southwest Washington Region – Clark and Skamania Counties

Effective April 1, 2016, the agency implemented the first FIMC region known as the Southwest Washington Region, which includes Clark and Skamania Counties. Clients eligible for managed care enrollment choose to enroll in one of two available MCOs in this region.

Apple Health Foster Care (AHFC)

Coordinated Care of Washington (CCW) provides all physical health care (medical) benefits, lower-intensity outpatient mental health benefits and care coordination for all Washington State foster care enrollees through a single, statewide managed care plan known as Apple Health Core Connections (AHCC).

Clients under this program are:

- Under the age of 21 who are in foster care (out of home placement)
- Under the age of 21 who are receiving adoption support
- Age 18-21 years old in extended foster care
- Age 18 to 26 years old who aged out of foster care on or after their 18th birthday (alumni)

These clients are identified in ProviderOne as
“Coordinated Care Healthy Options Foster Care.”

See the agency's [Apple Health managed care page](#), Apple Health Foster Care for further details.

Coverage Table

Chiropractic services consist of the manipulation of the spine to facilitate the recuperative powers of the body and the relationship between the musculoskeletal structures and functions of the body to restore health. The agency covers only the following chiropractic services for children:

Billing

Effective for claims billed on and after October 1, 2016

All claims must be submitted electronically to the agency, except under limited circumstances.

For more information about this policy change, see [Paperless Billing at HCA](#).

For providers approved to bill paper claims, see the agency's [Paper Claim Billing Resource](#).

What Are the General Billing Requirements?

Providers must follow the general billing requirements found in the agency's current [ProviderOne Billing and Resource Guide](#). These billing requirements include, but are not limited to, all of the following:

- What time limits exist for submitting and resubmitting claims and adjustments.
- When providers may bill a client.
- How to bill for services provided to primary care case management (PCCM) clients.
- How to bill for clients eligible for both Medicare and Medicaid.
- How to bill for clients with third-party liability.
- What standards to use for record keeping.

How do I bill claims electronically?

Instructions on how to bill Direct Data Entry (DDE) claims can be found on the agency's [Billers and Providers](#) webpage, under [Webinars](#).

For information about billing Health Insurance Portability and Accountability Act (HIPAA) Electronic Data Interchange (EDI) claims, see the ProviderOne 5010 companion guides on the [HIPAA Electronic Data Interchange \(EDI\)](#) webpage.

The following claim instructions relate to the Chiropractic Services for Children program:
