

FEE-FOR-SERVICE HEALTH HOME RATES

EFFECTIVE 07/01/2020

The Health Home (HH) program serving Medicare/Medicaid dual eligible clients under the Health Care Authority’s (HCA) Managed Fee-for-Service (MFFS) contract will receive an increase in rates effective July 1, 2020. The payment for services provided during a month using the HCPCS codes G9148, G9149, and G9150 will increase as illustrated in the table below. These rates were developed based on actuarial review and analysis of the experience and cost data submitted by the HH Lead Organizations. HCA pays the HH Lead Organization, who in turn, contract with community based Care Coordination Organizations (CCOs) to provide services. The Lead Organization may keep up to 8.5% for administrative costs. The subsequent change in administrative costs retained by the Leads as well as the portions paid to the CCO is also illustrated in the table below.

	PAYMENT TO HH LEAD		ADMINISTRATIVE COSTS		PAYMENT TO HH CCO	
	PRIOR	JULY 2020	PRIOR	JULY 2020	PRIOR	JULY 2020
