

Health Home Rates Effective July 2018

The Health Home (HH) program serving Medicare/Medicaid dual eligible clients under the Health Care Authority's (HCA) Managed Fee-for-Service (MFFS) contract will receive an increase in rates effective July 2018. The payment for services provided during a month using the HCPCS codes G9148, G9149, and G9150 will increase as illustrated in the table below. HCA pays the HH Lead organization, who in turn, contract with community based Care Coordination Organizations (CCOs) to provide services and may keep up to 8.5% for administrative costs. We have included the subsequent change in administrative costs retained by the Leads, as well as the portions paid to a CCO.

	Payment to HH Lead		Administrative Costs		Payment to HH CCO	
	Prior	July 2018	Prior	July 2018	Prior	July 2018
G9148	\$252.93	\$281.28	\$25.29	\$23.91	\$227.64	\$257.37
