

Washington Apple Health (Medicaid)

Hearing Hardware Billing Guide

October 1, 2016

Every effort has been made to ensure this guide's accuracy. If an actual or apparent conflict between this document and an agency rule arises, the agency rules apply.

About this guide*

This publication takes effect October 1, 2016, and supersedes earlier billing guides to this program.

HCA is committed to providing equal access to our services. If you need an accommodation or require documents in another format, please call 1-800-562-3022. People who have hearing or speech disabilities, please call 711 for relay services.

Washington Apple Health means the public health insurance programs for eligible Washington residents. Washington Apple Health is the name used in Washington State for Medicaid, the children's health insurance program (CHIP), and state-only funded health care programs. Washington Apple Health is administered by the Washington State Health Care Authority.

What has changed?

Subject	Change	Reason for Change
Billing and Claim Forms	Effective October 1, 2016, all claims must be filed electronically. See blue box notification.	Policy change to improve efficiency in processing claims

How can I get agency provider documents?

To access provider alerts, go to the agency's [provider alerts](#) web page.

To access provider documents, go to the agency's [provider billing guides and fee schedules](#) web page.

Important Changes to Apple Health Effective April 1, 2016

**These changes are important to all providers
because they may affect who will pay for services.**

Providers serving any Apple Health client should always check eligibility and confirm plan enrollment by asking to see the client's Services Card and/or using the ProviderOne Managed Care Benefit Information Inquiry functionality (HIPAA transaction 270). The response (HIPAA transaction 271) will provide the current managed care organization (MCO), fee-for-service, and Behavioral Health Organization (BHO) information. See the Southwest Washington Provider Fact Sheet on the agency's [Early Adopter Region Resources](#) web page.

New MCO enrollment policy – earlier enrollment

Beginning April 1, 2016, Washington Apple Health (Medicaid) implemented a new managed care enrollment policy placing clients into an agency-contracted MCO **the same month** they are determined eligible for managed care as a new or renewing client. This policy eliminates a person being placed temporarily in fee-for-service while they are waiting to be enrolled in an MCO or reconnected with a prior MCO.

- **New clients** are those initially applying for benefits or those with changes in their existing eligibility program that consequently make them eligible for Apple Health Managed Care.
- **Renewing clients** are those who have been enrolled with an MCO but have had a break in enrollment and have subsequently renewed their eligibility.

Clients currently in fee-for-service or currently enrolled in an MCO are not affected by this change. Clients in fee-for-service who have a change in the program they are eligible for may be enrolled into Apple Health Managed Care depending on the program. In those cases, this enrollment policy will apply.

How does this policy affect providers?

- Providers must check eligibility and know when a client is enrolled and with which MCO. For help with enrolling, clients can refer to the Washington Healthplanfinder's [Get Help Enrolling](#) page.
- MCOs have retroactive authorization and notification policies in place. The provider must know the MCO's requirements and be compliant with the MCO's new policies.

Behavioral Health Organization (BHO)

The Department of Social and Health Services (DSHS) manages the contracts for behavioral health (mental health and substance use disorder (SUD)) services for nine of the Regional Service Areas (RSA) in the state, excluding Clark and Skamania counties in the Southwest Washington (SW WA) Region. BHOs will replace the Regional Support Networks (RSNs). Inpatient mental health services continue to be provided as described in the inpatient section of the [Mental Health Billing Guide](#). BHOs use the [Access to Care Standards \(ACS\)](#) for mental health conditions and [American Society of Addiction Medicine \(ASAM\)](#) criteria for SUD conditions to determine client's appropriateness for this level of care.

Fully Integrated Managed Care (FIMC)

Clark and Skamania Counties, also known as SW WA region, is the first region in Washington State to implement the FIMC system. This means that physical health services, all levels of mental health services, and drug and alcohol treatment are coordinated through one managed care plan. Neither the RSN nor the BHO will provide behavioral health services in these counties.

Clients must choose to enroll in either Community Health Plan of Washington (CHPW) or Molina Healthcare of Washington (MHW). If they do not choose, they are auto-enrolled into one of the two plans. Each plan is responsible for providing integrated services that include inpatient and outpatient behavioral health services, including all SUD services, inpatient mental health and all levels of outpatient mental health services, as well as providing its own provider credentialing, prior authorization requirements and billing requirements.

Beacon Health Options provides mental health crisis services to the entire population in Southwest Washington. This includes inpatient mental health services that fall under the Involuntary Treatment Act for individuals who are not eligible for or enrolled in Medicaid, and short-term substance use disorder (SUD) crisis services in the SW WA region. Within their available funding, Beacon has the discretion to provide outpatient or voluntary inpatient mental health services for individuals who are not eligible for Medicaid. Beacon Health Options is also

responsible for managing voluntary psychiatric inpatient hospital admissions for non-Medicaid clients.

In the SW WA region some clients are not enrolled in CHPW or Molina for FIMC, but will remain in Apple Health fee-for-service managed by the agency. These clients include:

- Dual eligible – Medicare/Medicaid
- American Indian/Alaska Native (AI/AN)
- Medically needy
- Clients who have met their spenddown
- Noncitizen pregnant women
- Individuals in Institutions for Mental Diseases (IMD)
- Long-term care residents who are currently in fee-for-service
- Clients who have coverage with another carrier

Since there is no BHO (RSN) in these counties, Medicaid fee-for-service clients receive complex behavioral health services through the Behavioral Health Services Only (BHSO) program managed by MHW and CHPW in SW WA region. These clients choose from CHPW or MHW for behavioral health services offered with the BHSO or will be auto-enrolled into one of the two plans. A [BHSO fact sheet](#) is available online.

Apple Health Core Connections (AHCC)

Coordinated Care of Washington (CCW) will provide all physical health care (medical) benefits, lower-intensity outpatient mental health benefits, and care coordination for all Washington State foster care enrollees. These clients include:

- Children and youth under the age of 21 who are in foster care
- Children and youth under the age of 21 who are receiving adoption support
- Young adults age 18 to 26 years old who age out of foster care on or after their 18th birthday

American Indian/Alaska Native (AI/AN) children will not be auto-enrolled, but may opt into CCW. All other eligible clients will be auto-enrolled.

AHCC complex mental health and substance use disorder services

AHCC clients who live in Skamania or Clark County receive complex behavioral health benefits through the Behavioral Health Services Only (BHSO) program in the SW WA region. These clients will choose between CHPW or MHW for behavioral health services, or they will be auto-enrolled into one of the two plans. CHPW and MHW will use the BHO Access to Care Standards

to support determining appropriate level of care, and whether the services should be provided by the BHSO program or CCW.

AHCC clients who live outside Skamania or Clark County will receive complex mental health and substance use disorder services from the BHO and managed by DSHS.

Contact Information for Southwest Washington

Beginning on April 1, 2016, there will not be an RSN/BHO in Clark and Skamania counties. Providers and clients must call the agency-contracted MCO for questions, or call Beacon Health Options for questions related to an individual who is not eligible for or enrolled in Medicaid.

If a provider does not know which MCO a client is enrolled in, this information can be located by looking up the patient assignment in ProviderOne.

To contact Molina, Community Health Plan of Washington, or Beacon Health Options, please call:

 MOLINA HEALTHCARE	Molina Healthcare of Washington, Inc. 1-800-869-7165

------------------------------	---

Definitions

This section defines terms and abbreviations, including acronyms, used in this billing guide. Refer to [Chapter 182-500 WAC](#) for a complete list of definitions for Washington Apple Health.

Bone-anchored hearing aid (Baha) – A type of hearing aid based on bone conduction. It is primarily suited to people who have conductive hearing losses, unilateral hearing loss, and people with mixed hearing losses who cannot otherwise wear ‘in the ear’ or ‘behind the ear’ hearing aids.

Cochlear implants - A cochlear implant is a small, complex electronic device that can help to provide a sense of sound to a person who is profoundly deaf or severely hard-of-hearing. The implant consists of an external portion that sits behind the ear and a second portion that is surgically placed under the skin.

Developmental Disabilities Administration (DDA) – A division administration within the Department of Social and Health Services. DDA provides services to children and adults with developmental disabilities.

Digital hearing aids – Hearing aids that use a digital circuit to analyze and process sound. ([WAC 182-547-0200](#))

Hearing aids - Wearable sound-amplifying devices that are intended to compensate for hearing loss. Hearing aids are described by where they are worn in the ear as in-the-ear (ITE), behind-the-ear (BTE), etc. Hearing aids can also be described by how they process the amplified signal. This would include analog conventional, analog programmable, digital conventional, and digital programmable. ([WAC 182-547-0200](#))

Hearing health care professional – An audiologist or hearing aid fitter/dispenser

licensed under [Chapter 18.35 RCW](#), or an otorhinolaryngologist or otologist licensed under [Chapter 18.71 RCW](#). ([WAC 182-547-0200](#))

Maximum allowable fee - The maximum dollar amount that the agency will pay a provider for specific services, supplies, and equipment. ([WAC 182-547-0200](#))

Prior authorization – A form of authorization used by the provider to obtain approval for a specific hearing aid and service(s). The approval is based on medical necessity and must be received before service(s) are provided to clients as a precondition for payment. ([WAC 182-547-0200](#))

Programmable hearing aids – Hearing aids that can be “programmed” digitally by a computer. *All digital hearing aids are programmable, but not all programmable hearing aids are digital.*

Social Services Authorization – A form of authorization used by the Department of Social and Health Services to preauthorize services. The approval is based on medical necessity and client eligibility for the program or service. A Social Services Authorization can be viewed in ProviderOne.

Usual & customary fee - The rate that may be billed to the agency for a certain service or equipment. This rate may not exceed either of the following:

Hearing Hardware

- 1) The usual and customary charge that you bill the general public for the same services
- 2) If the general public is not served, the rate normally offered to other contractors for the same services

About the Program

When does the agency pay for hearing aids?

([WAC 182-547-0100](#))

The agency pays for hearing aids when they are:

- Covered.
- Within the scope of an eligible client's [Benefit Package](#).
- Medically necessary.
- Authorized as required within this billing guide and [Chapters 182-501](#) and [182-502 WAC](#).
- Billed according to this billing guide and Chapters [182-501](#) and [182-502 WAC](#).
- Provided to an eligible client. (See [Client Eligibility](#).)

Note: For clients of the Developmental Disabilities Administration (DDA) age 21 and over, refer to the [DDA](#) section of this billing guide.

Client Eligibility

How can I verify a patient's eligibility?

([WAC 182-547-0700](http://www.wa.gov/182-547-0700)(1))

Providers must verify that a patient has Washington Apple Health coverage for the date of service, and that the client's benefit package covers the applicable service. This helps prevent delivering a service the agency will not pay for.

Verifying eligibility is a two-step process:

Step 1. Verify the patient's eligibility for Washington Apple Health. For detailed instructions on verifying a patient's eligibility for Washington Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in the agency's current [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Washington Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the note box below.

Step 2. Verify service coverage under the Washington Apple Health client's benefit package. To determine if the requested service is a covered benefit under the Washington Apple Health client's benefit package, see the agency's [Program Benefit Packages and Scope of Services](#) web page.

Note: Patients who are not Washington Apple Health clients may submit an application for health care coverage in one of the following ways:

1. By visiting the Washington Healthplanfinder's website at: www.wahealthplanfinder.org
2. By calling the Customer Support Center toll-free at: 855-WAFINDER (855-923-4633) or 855-627-9604 (TTY)
3. By mailing the application to:
Washington Healthplanfinder
PO Box 946
Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit www.wahealthplanfinder.org or call the Customer Support Center.

Clients age 20 and younger who are receiving services under a Benefit Package:

- Are eligible for the covered hearing aids and services listed in this billing guide and for the audiology services listed in the agency's [Physician-Related Services/Health Care Professional Services Billing Guide](#).
- Must have a complete hearing evaluation, including an audiogram and/or developmentally appropriate diagnostic physiologic test results performed by a hearing healthcare professional.
- Must be referred by a licensed audiologist, otorhinolaryngologist, or otologist for a hearing aid.

Are clients enrolled in managed care eligible?

[\(WAC 182-547-0700\(2\)\)](#)

Hearing aids are covered under agency-contracted managed care organizations (MCO).

Clients who are enrolled in an agency-contracted MCO are eligible for covered hearing aids. Bill the MCO directly for these services. Additionally, clients enrolled in an agency-contracted MCO must obtain replacement parts for cochlear implants and bone anchored hearing aids (Baha®), including batteries, through their MCO.

Coverage

What is covered?

([WAC 182-547-0800](http://www.wa.gov/wac/182-547-0800))

Monaural or binaural hearing aids

The agency covers new, nonrefurbished, monaural or binaural hearing aid(s), which includes the ear mold and batteries, for eligible clients age 20 and younger. In order for the provider to receive payment, the hearing aid must meet the client's specific hearing needs and be under warranty for a minimum of one year.

See the [Coverage Table](#) for specific procedure codes.

Replacement

The agency pays for the following replacements as long as the need for replacements is not due to the client's carelessness, negligence, recklessness, or misuse in accordance with [WAC 182-501-0050\(8\)](http://www.wa.gov/wac/182-501-0050(8)):

- Hearing aid(s), which includes the ear mold, when all warranties are expired and the hearing aid(s) are one of the following:
 - ✓ Lost
 - ✓ Beyond repair
 - ✓ Not sufficient for the client's hearing loss
- Ear mold(s) when the client's existing ear mold is damaged or no longer fits the client's ear.
- Batteries with a valid prescription from an audiologist.

Repair

The agency pays for a maximum of two repairs, per hearing aid, per year, when the repair is less than 50% of the cost of a new hearing aid. To receive payment, all the following must be met:

- All warranties are expired.
- The repair is under warranty for a minimum of 90 days.

Rental

The agency pays for a rental hearing aid(s) for up to two months while the client's own hearing aid is being repaired. In the case of a rental hearing aid(s), the agency pays separately for an ear mold(s).

Cochlear implant – replacement parts

([WAC 182-547-0800](#) (3))

The agency covers:

- Cochlear implant external speech processors, including maintenance, repair, and batteries.
- Baha® speech processors, including maintenance, repair, and batteries.

See the [Coverage Table](#) for specific procedure codes.

The agency pays for cochlear implant and Baha® replacement parts when:

- The manufacturer's warranty has expired.
- The part is for immediate use, not a back-up part.
- The part needs to be replaced due to normal wear and tear and is not related to misuse or abuse of the item (see [WAC 182-502-0160](#)).

The client must pay for repairs to additional speech processors and parts.

When reimbursing for battery packs, the agency covers the least costly, equally effective product.

Note: The agency does not pay providers for repairs or replacements that are covered under the manufacturer's warranty.

The agency will reimburse only those vendors with a current [Core Provider Agreement](#). If the cochlear implant device is provided by a vendor without a current Core Provider Agreement, replacement parts, accessories, and repairs for these devices may or may not be covered. See [WAC 182-502-1101](#).

Replacement parts - EPA criteria

The following expedited prior authorization (EPA) criteria must be met:

- The cochlear implant or bone conduction (Baha®) is unilateral (bilateral requires PA).
- The manufacturer's warranty has expired.
- The part is for immediate use (not a back-up part).

Note: If the client does not meet the EPA criteria, then PA is required.

Use **EPA 870000001** with **HCPCS codes L8615-L8618, L8621-L8624** when billing for cochlear implant and bone conduction (Baha®) replacement parts. See [What is expedited prior authorization \(EPA\)?](#)

What is not covered?

([WAC 182-547-0900](#))

The agency does not cover the following hearing and hearing aid-related items and services for clients age 20 and younger:

- Tinnitus maskers
- Group screenings for hearing loss, except as provided under the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) program (refer to the agency's [Early and Periodic Screening, Diagnosis and Treatment \(EPSDT\) Program Billing Guide](#))
- FM systems, including the computer-aided hearing devices for FM systems

When EPSDT applies, the agency evaluates a noncovered service, equipment, or supply according to the process in [WAC 182-501-0165](#) to determine if it is medically necessary, safe, effective, and not experimental. See [WAC 182-534-0100](#) for EPSDT rules.

Exception to Rule (ETR)

The agency evaluates a request for medical services, equipment, and/or supplies that are listed as noncovered under the provisions of [WAC 182-501-0160](#) that relates to noncovered services. The request for a noncovered medical service, equipment, or supply is called a "request for an exception to rule." See [WAC 182-501-0160](#) for information about exception to rule (ETR).

To request an ETR, see [What documentation is required when requesting a PA or ETR?](#)

Coverage Table

	Procedure Code	Modifier	Short Description	Policy Comments
Monaural	V5246	LT, RT, RA	Hearing aid, prog, mon, ite	Includes a prefitting evaluation, an ear mold and at least 3 follow-up appointments.
	V5247	LT, RT, RA	Hearing aid, prog, mon, bte

Legend

EPA: Expedited Prior Authorization

PA: Prior Authorization required

Authorization

What is prior authorization (PA)?

PA is agency approval for certain medical services, equipment, or supplies, before the services are provided to clients, as a precondition for provider payment.

Does the agency require prior authorization for hearing hardware?

([WAC 182-547-1000](#))

No. Except for certain services specified in the Coverage table, PA is **not** required for clients age 20 and younger for hearing aids and services. Providers must send claims for clients age 20 and younger-directly to the agency. **Providers do not need to obtain authorization from the local Children with Special Health Care Needs (CSHCN) Coordinator.**

Note: The agency evaluates requests for covered services that are subject to limitations or other restrictions and approves such services beyond those limitations or restrictions as described in [WAC 182-501-0169](#).
([WAC 182-547-1000](#) (2))

What is expedited prior authorization (EPA)?

The EPA process is designed to eliminate the need for written authorization. The agency establishes authorization criteria and identifies these criteria with specific codes, enabling providers to create an EPA number using those codes.

The agency denies claims submitted without the appropriate diagnosis, procedure code, or service as indicated by the last three digits of the EPA number. The billing provider must document in the client's file how the EPA criteria were met and make this information available to the agency upon request.

Note: When billing using a paper claim form, enter the EPA number in *field 23*, or when billing electronically enter the EPA number in the *Authorization or Comments* field.

What documentation is required when requesting PA or ETR?

For all requests for prior authorization, the following documentation is **required**:

- A completed, TYPED General Information for Authorization form, [HCA 13-835](#). This request form **MUST** be the initial page when you submit your request.
- A completed Hearing Aid Authorization Request form, [13-772](#), and all the documentation listed on this form and any other medical justification.

Fax your request to: **(866) 668-1214**.

Payment

What is included in the agency's payment for hearing aids?

([WAC 182-547-1100](#) (1)-(3))

The agency's payment for purchased hearing aids includes all the following:

- A prefitting evaluation
- An ear mold
- A minimum of three post-fitting consultations

The agency denies payment for hearing aids and/or services when claims are submitted without the prior authorization number, when required, or the appropriate diagnosis or procedure code(s).

The agency does not pay for hearing aid charges paid by insurance or other payer source.

Note: To receive payment, the provider must keep documentation in the client's medical file to support the medical necessity for the specific make and model of the hearing aid ordered for the client. This documentation must include the record of the audiology testing providing evidence that the client's hearing loss meets the eligibility criteria for a hearing aid. ([WAC 182-547-1100](#) (4))

Where can I view the fee schedule?

View the agency's fee schedule online: [Hearing Hardware Fee Schedule](#).

Billing and Claim Forms

Effective for claims billed on and after October 1, 2016

All claims must be submitted electronically to the agency, except under limited circumstances.

For more information about this policy change, see [Paperless Billing at HCA](#).

This billing guide still contains information about billing paper claims.

This information will be updated effective January 1, 2017.

What are the general billing requirements?

Providers must follow the agency's [ProviderOne Billing and Resource Guide](#). These billing requirements include:

- The time limits for submitting and resubmitting claims and adjustments.
- How to bill for services provided to primary care case management (PCCM) clients.
- How to bill for clients eligible for both Medicare and Medicaid.
- How to handle third-party liability claims.
- What standards to use for record keeping.

Note: For guidance on when a provider may bill a client, see the agency's "Billing a Client" webinar [presentation](#).

What records must be kept in the client's file?

In addition to the documentation listed in [What is included in the agency's payment for hearing aids](#), providers must keep documentation of all hearing tests and results in the complete client's chart and record.

This includes, but is not limited to, the following tests:

- Audiogram results/graphs/tracings (including air conduction and bone conduction comparisons)
- Basic or simple hearing tests or screening, such as is done in many schools
- Tympanogram
- Auditory brainstem response (ABR)
- Electronystagmogram (ENG) (not a hearing test but a special test of inner ear balance)

A valid prescription from an audiologist for replacement batteries must be kept in the client's chart.

How do I complete the CMS-1500 claim form?

Note: Refer to the agency's [ProviderOne Billing and Resource Guide](#) at for general instructions on completing the CMS-1500 claim form.

The following CMS-1500 claim form instructions relate to the Hearing Hardware program.

Field No.	Name	Field Required	Entry
19.	Reserved for Local Use	When applicable	Enter: <ul style="list-style-type: none"> • “SCI=B” (Baby on parent’s ProviderOne Client ID); or • Claim notes.
23.	Prior Authorization Number	When applicable	Use the prior authorization number assigned to you if/when services have been denied and you are requesting an exception to rule.
24D.	Procedures, Services or Supplies CPT/HCPCS	Yes	Enter the appropriate Current Procedural Terminology (CPT) or Common Procedure Coding System (HCPCS) procedure code for the services being billed. Modifier: When appropriate enter a modifier.

About the Program (Developmental Disabilities Administration [DDA] Clients)

When does DDA pay for hearing aids?

(WAC [388-845-1810](#))

The administration pays for hearing aids when they are:

- Medically necessary.
- Authorized as required within this billing guide and Chapters [182-501](#) and [182-502 WAC](#).
- Billed according to this billing guide and Chapters [182-501](#) and [182-502 WAC](#).
- Provided to an eligible client. (See [How can I verify a patient's eligibility?](#))

Client Eligibility (DDA Clients)

How can I verify a client's eligibility?

Providers must verify that a patient has a valid social services authorization for the date of service and that the client's benefit package covers the applicable service. This helps prevent delivering a service the administration will not pay for. **Providers can verify that a client has a valid social services authorization in ProviderOne.**

How do I view a social services authorization in ProviderOne?

Providers will receive an alert message when a social services authorization has been created or changed. To view the social services authorization from the provider portal:

1. Select Social Services View Authorization List. The Provider Authorization List Page will appear.
2. Enter the authorization number from the alert or search by the Client ID.

For questions about the authorization, contact the case manager listed on the alert.

Coverage (DDA Clients)

What is covered?

(WAC [388-845-1810](#))

Monaural or binaural hearing aids

The administration covers new, non-refurbished, monaural or binaural hearing aids, which includes the ear mold and batteries, for clients eligible for the service. In order for the provider to receive payment, the hearing aid must meet the client's specific hearing needs necessary as a result of the individual's disability and be under warranty for a minimum of one year.

See the [Coverage Table](#) for specific procedure codes.

Replacement

The administration pays for the following replacements when approved with a social services authorization:

- Hearing aids, which includes the ear mold, when all warranties are expired and the hearing aids are one of the following:
 - ✓ Lost
 - ✓ Beyond repair
 - ✓ Not sufficient for the client's hearing loss
- Ear molds when the client's existing ear mold is damaged or no longer fits the client's ear.
- Batteries with a valid prescription from an audiologist.

Repair

The administration pays for repair when approved with a social services authorization. To receive payment, all the following must be met:

- All warranties are expired.
- The repair is under warranty for a minimum of 90 days.

Rental

The administration pays for a rental hearing aid for up to two months while the client's own hearing aid is being repaired. In the case of a rental hearing aid, the agency pays separately for an ear mold.

Cochlear implant – replacement parts

([WAC 182-547-0800](#) (3))

The administration covers:

- Cochlear implant external speech processors, including maintenance, repair, and batteries.
- Baha® speech processors, including maintenance, repair, and batteries.

See the [Coverage Table](#) for specific procedure codes.

The administration pays for cochlear implant and Baha® replacement parts when:

- The manufacturer's warranty has expired.
- The part is for immediate use, not a back-up part.
- The part needs to be replaced due to normal wear and tear and is not related to misuse or abuse of the item (see [WAC 182-502-0160](#)).

When reimbursing for battery packs, the administration covers the least costly, equally effective product.

Note: The administration does not pay providers for repairs or replacements that are covered under the manufacturer's warranty.

The administration will reimburse only those vendors with a current [Core Provider Agreement](#). If the cochlear implant device is provided by a vendor without a current Core Provider Agreement, replacement parts, accessories, and repairs for these devices may or may not be covered. See [WAC 182-502-1101](#).

What is not covered?

([WAC 182-547-0900](#))

The administration does not cover the following hearing and hearing aid-related items and services for clients age 21 and older:

- Tinnitus maskers
- Group screenings for hearing loss

Coverage Table (DDA Clients)

	Blanket Code	Procedure Code	Modifier	Short Description	Policy Comments

Authorization (DDA Clients)

What is a social services authorization?

A social services authorization is administration approval for certain services, equipment, or supplies before the services are provided to clients as a precondition for provider payment.

How do I request a social services authorization?

The client or the client's representative initiates the request for a social services authorization. The provider can assist the client or representative in requesting a social services authorization by providing the following information:

- What equipment is necessary.
- An estimate of the total cost of all equipment requested.
- How the hearing hardware will assist the client to perceive, control, or communicate with the environment in which they live or to increase their abilities to perform activities of daily living.
- How the ancillary supplies or equipment will support proper functioning and continued use of the equipment, if the needed equipment supports the continued functioning of equipment the client already uses.

How do I view a social services authorization?

The social services authorization can be viewed in ProviderOne. If you have questions about the social services authorization, contact the case manager listed on the authorization.

What happens after the social services authorization is approved?

When the social services authorization is approved, the case manager will authorize using a blanket code SA893. The authorization will be for one unit at the estimated total cost. The provider will then submit the claim using the detailed procedure codes.

Payment (DDA Clients)

What is included in the administration's payment for hearing aids?

[\(WAC 182-547-1100\)](#) (1)-(3))

The administration's payment for purchased hearing aids includes all the following:

- A prefitting evaluation
- An ear mold
- A minimum of three post-fitting consultations

The administration denies payment for hearing aids and services when claims are submitted without the social services authorization number when required or the appropriate diagnosis or procedure code.

The administration does not pay for hearing aid charges paid by insurance or other payer source.

Note: To receive payment, the provider must keep documentation in the client's medical file to support the medical necessity for the specific make and model of the hearing aid ordered for the client. This documentation must include the record of the audiology testing providing evidence that the client's hearing loss meets the eligibility criteria for a hearing aid. [\(WAC 182-547-1100\)](#) (4)

Where can I view the fee schedule?

The administration uses the Apple Health [Hearing Hardware Fee Schedule](#).

Billing and Claim Forms (DDA Clients)

What are the general billing requirements?

Providers must follow the Apple Health [ProviderOne Billing and Resource Guide](#). These billing requirements include:

- The time limits for submitting and resubmitting claims and adjustments.
- How to bill for clients eligible for both Medicare and Medicaid.
- How to handle third-party liability claims.
- What standards to use for record keeping.

Note: For information on when a provider may bill a client, see HCA’s “Billing a Client” webinar [presentation](#).

What records must be kept in the client’s file?

In addition to the documentation listed in [What is included in the administration’s payment for hearing aids](#), providers must keep documentation of all hearing tests and results in the complete client’s chart and record.

This includes, but is not limited to, the following tests:

- Audiogram results/graphs/tracings (including air conduction and bone conduction comparisons)
- Basic or simple hearing tests or screening, such as those done in schools
- Tympanogram
- Auditory brainstem response (ABR)
- Electronystagmogram (ENG) (not a hearing test but a special test of inner ear balance)

A valid prescription from an audiologist for replacement batteries must be kept in the client’s chart.

How do I complete the CMS-1500 claim form?

Note: Refer to the Apple Health [ProviderOne Billing and Resource Guide](#) for general instructions on completing the CMS-1500 claim form.

The following CMS-1500 claim form instructions relate to the Hearing Hardware program.

Field No.	Name	Field Required	Entry
23.	Prior Authorization Number	Yes	Use the social services authorization number assigned to you.
24D.	Procedures, Services or Supplies CPT/HCPCS	Yes	Enter the appropriate Current Procedural Terminology (CPT) or Common Procedure Coding System (HCPCS) procedure code for the services being billed. Modifier: When appropriate enter a modifier.
