Student Covered by Private Insurance

These next few slides provide directions on how to bill for a student who has primary insurance coverage through a third party liability (TPL) such as Regence, Cigna, Tri-Care, etc. with Medicaid as secondary coverage. If a student does not have TPL coverage, skip to Slide 23.

- If a student has private insurance coverage as primary and Medicaid as secondary, it is up to the district whether they choose to seek Medicaid reimbursement for this student (HCA does not require school districts to bill for these students).
- If your district decides to bill HCA for students with TPL, the district must bill TPL prior to billing Medicaid (Medicaid is always the payer of last resort).

Note: View the Checking Medicaid Eligibility training to view if a student has private insurance in addition to Medicaid.
Students Covered by Private Insurance

• If your district decides to seek Medicaid reimbursement for a student who is covered by TPL, the district must:
  ➢ Obtain parental consent (per IDEA regulations)
  ➢ Submit at least one claim annually to the private insurance company before billing HCA in order to get a claim denial

• The claim denial letter will contain a “group code” and “remark code”.

• The district must enter the “group code” and “remark code” on the SBHS claim.
Students Covered by Private Insurance

- If the student has other commercial insurance, open the **Other Insurance Information** section by clicking on the red + expander. If there is no insurance, skip over this.

Students Covered by Private Insurance

- Enter the adjustment **Group Code** and **Reason Code** (Number Only) which can be found on the denial letter you received from the insurance company.

For SBHS claims, you do not need to enter information under any of these sections.
Is the Claim Accident Related?

- This question will always be answered **NO**.

* Is this claim accident related?  
   - Yes  
   - No
The **Patient Account No.** field allows the school district to enter their internal student account numbers assigned to the student. This field is optional.

Note: Entering internal patient account numbers may make it easier to reconcile the weekly remittance and status report (RA) as these numbers will be posted on the RA.
Place of Service

- Choose the appropriate **Place of Service (POS)** from the drop down.
- For SBHS claims, choose the place of service that best matches the location of the student: **POS 03-SCHOOL**, **POS 12-HOME**, or **POS 99-OTHER** unless services were provided through telemedicine.
- For services provided through **telemedicine**, choose POS “02”.

![Place of Service dropdown](03-SCHOOL)

- Additional directions on how to bill for services provided through telemedicine are available in the **SBHS Billing Guide**.

**Note:** The Place of Service is required in this section but can still be added to the line level of the claim. Line level is **NOT** required.

Claim Inquiry
Claim Inquiry

How do I find claims in ProviderOne?

- Claim Inquiry

Enter search data then submit
Claim Inquiry

- Claim TCN’s returned
  - Click on TCN number to view the claim data.
    - Denied claims will show the denial codes.
    - Easiest way to find a timely TCN number for re-billing.
Why can’t I pull up my claim?

There are many reasons why you might not be able to retrieve a claim (for any system functions):

- It has been adjusted, you can’t retrieve a claim that has already been adjusted.
- It has been replaced by another claim.
- It hasn’t finished processing.
- It was billed under a different domain.
- You could be using the wrong profile.
- Trying to do a resubmit on a paid claim or an adjustment on a denied claim.
- Claims you billed with an NPI not reported in ProviderOne.
- Claims you billed with an ID only rendering provider NPI number as the pay-to provider.
Timely Billing
What are the agency’s timeliness guidelines?

- The initial billing must occur within 365 days from the date of service on the claim.
- Providers are allowed 24 months years total to resubmit, modify or adjust an initial claim that was previously assigned a TCN.
- The agency uses the Julian calendar on claim numbers for tracking.
What is a TCN?

TCN = Transaction Control Number

18 digit number that ProviderOne assigns to each claim received for processing. TCN numbers are never repeated.
How do I read a TCN?

1st digit - Claim Medium Indicator
- 1-paper
- 2-Direct Data Entry
- 3-electronic, batch submission
- 4-system generated (Credits/ Adjustment)

2nd digit - Type of Claim
- 0-Medical/ Dental
- 2-Crossover or Medical

3rd thru 7th digits - Date Claim was Received
- 3rd and 4th digits are the year
- 5th, 6th and 7th digits are the day it was received

Example TCN:
301610465325134000

3 Electronic submission via batch
0 Medical claim
16 Year claim was received-2016
104 Day claim was received-April 13
How do I prove timeliness?

- Direct Data Entry (DDE) Claims
  - Resubmit Original Denied/Voided Claim
  - ProviderOne will automatically detect the timely claim number as the timely TCN is now attached to the new transaction.
Adjust / Void a Claim
Adjust/Void a Paid Claim

- Select **Claim Adjustment/Void** from the Provider Portal.

- Enter the **TCN** number if known; or
- Enter the **Client ID** and the **From-To date** of service and click the **Submit** button.
