

**Provider Notice 13-44**

Dear Provider,

**Effective for dates of service on and after July 1, 2013**, the Medicaid program of the Health Care Authority (agency) filed new rules for provider preventable conditions under WAC 182-502-0022 ([WSR# 13-11-051](#)) establishing its payment policy for services provided to clients by health care professionals and inpatient hospitals that result in provider preventable conditions (PPCs).

Providers may refer to the agency's [ProviderOne Billing and Resource Guide](#) for details, including information on the new Other Provider Preventable Conditions (OPPC) Notification Form, [12-200](#). *Please note, the July version of ProviderOne Billing and Resource Guide may not be available yet, so check the agency's website often until the updated version appears.*

The agency is publishing a revised Inpatient Hospital Services Medicaid Provider Guide reflecting updates as a result of the new rules. See the "What Has Changed" table for additional details.
