Prior Authorization Direct Data Entry (DDE) submission for dental providers
What’s happening?

- The Health Care Authority (HCA) has implemented an online authorization submission process through the provider portal that allows providers to enter Prior Authorization (PA) requests directly into ProviderOne.
- Providers will be able to submit their PA requests and attach all backup documentation free of cost, to include x-rays and photos, needed for processing PA requests.
- These screens follow the same format as the General Information for Authorization form 13-835.
- If needed, providers can still submit authorizations using form 13-835 if they choose to.

IMPORTANT! Once you have successfully submitted your authorization, you will receive a 9-digit reference number as verification that the agency has received your request. Providers must not bill or perform any procedures until a written approval is received. The agency’s prior authorization review process has not changed, and requests will still be processed in the order they are received. Please ensure that all required documentation is included along with a fax number.

Service Request Information

- Once the Code Qualifier has been selected, enter the appropriate **National Code**.
- If applicable, enter:
  - Units/days or an amount (required)
  - Tooth number/surface/quadrant
- The from and to dates will auto-populate.
- If requesting retro dates of service, you will need to enter those dates specifically.
Service Request Information

• Click on the **Add Service Request Line Item** button to add the line to the authorization request.

**Note:** Either units or an amount is required.
Service Request Information

- This will move the information you entered to the bottom of the screen and clear the Service Request Line Items area for you to enter additional procedures as needed.
Service Request Information

- The line number is a blue hyperlink that when selected will re-populate the information in the Service Request Line Item.
  - You can make any needed changes and click the Update Service Request Line Item button to update the line.
- You can also delete an entire line by selecting the Delete hyperlink in blue next to the Service Request Line Item.
If you will be using NEA for any photos or x-rays, you will need to enter the NEA number or additional comments in the comments area, located below the Service Request Line Items.

If the CDT codes you are requesting requires a diagnosis code, do not enter the decimal point. ProviderOne will apply the decimal upon submission of the authorization.

IMPORTANT! Please enter your phone and fax number in the comments area.

Note: The comments area allows up to 250 characters.
Submitting your request

• Once the information is complete, click the **Submit PA Request Info** button at the top of the PA Request screen.

• ProviderOne will validate the data you entered in the request to ensure all minimum information has been submitted.
Submitting your request

• If you receive any red warnings at the top of the PA Request screen, verify and correct the information. These corrections must be completed before ProviderOne will accept the online PA request.
Submitting your request

- If you receive a confirmation screen with a PA request number, it means that all your information has been confirmed as valid and you are ready to add supporting documentation to your request.

Note: “No records found!” means you have not yet attached any backup documentation to the PA request.

Your request will not be sent to ProviderOne until the submit button has been clicked. See slide 24.
Submitting your request

• The Submitted PA Request Details screen also allows you to print a copy of this confirmation for your records, using the Print Details button.

• To submit your supporting documentation, select Add Attachment.

**Note:** Supporting documentation is required and will delay the request if any x-rays, photos or other documentation is not attached. Ensure all required documentation is attached prior to submitting your request.
Adding documentation

- Once you have clicked the **Add Attachment** button, the Back Up Documentation screen appears.
- Choose your **Attachment Type**, by using the dropdown.
Adding documentation

- Choose the **Transmission Code** by using the dropdown:
  - Select WB for web submission

The agency is no longer accepting prior authorizations by mail.
Adding documentation – Web

• Once you have chosen the Attachment Type and Transmission Code of WB, click the **Browse** button.

• If your office saves backup documentation to a file on your network or computer, this allows you to search those folders and attach the documentation.

• Click the **Ok** button.

Acceptable file formats: PDF, GIF, JPEG, DOC, DOCX, TIF, XLS, and XLSX with sizes no more than 10 MB.
Adding documentation – Web

- Your supporting information shows in the **Attachment List**.
- Acceptable file formats are PDF, GIF, JPEG, DOC, DOCX, XLS, XLSX, and document sizes no more than 10 MB.

**Note:** Multiple attachments can be added. Follow these steps for each attachment needed. Be sure to upload all required documentation.
Submitting your PA request

- Once you have added your supporting documentation, by WB, you are ready to submit your request.
- Select the **Print Details** button to keep a copy for your records of the attachments you are sending.
- Click the **Submit** button to finalize your request. The agency will not receive your request if you do not click the final submit button on this screen.

**Note:** Supporting documentation is required and will delay the request if any x-rays, photos or other documentation is not attached. Ensure all required documentation is attached prior to submitting your request.
