

Washington Apple Health (Medicaid)

Vision Hardware Program Billing Guide

(For clients age 20 and younger)

October 1, 2017

Every effort has been made to ensure this guide's accuracy. If an actual or apparent conflict between this document and an agency rule arises, the agency rules apply.

About this guide*

This publication takes effect October 1, 2017, and supersedes earlier billing guides to this program.

HCA is committed to providing equal access to our services. If you need an accommodation or require documents in another format, please call 1-800-562-3022. People who have hearing or speech disabilities, please call 711 for relay services.

Washington Apple Health means the public health insurance programs for eligible Washington residents. Washington Apple Health is the name used in Washington State for Medicaid, the children's health insurance program (CHIP), and state-only funded health care programs. Washington Apple Health is administered by the Washington State Health Care Authority.

What has changed?

Subject	Change	Reason for Change
<u>Fully Integrated Managed Care (FIMC)</u>	<p>Effective January 1, 2018, the agency is implementing a second FIMC region, the North Central (NC) region, which includes Douglas, Chelan, and Grant Counties.</p> <p>The agency has updated and consolidated the FIMC information in this guide and provided several hyperlinks to the agency's <u>Managed Care web page</u>, the agency's <u>Integrated physical and behavioral health care web page</u>, and the agency's <u>Regional resource web page</u>.</p>	Notification of new region moving to FIMC

*This publication is a billing instruction.

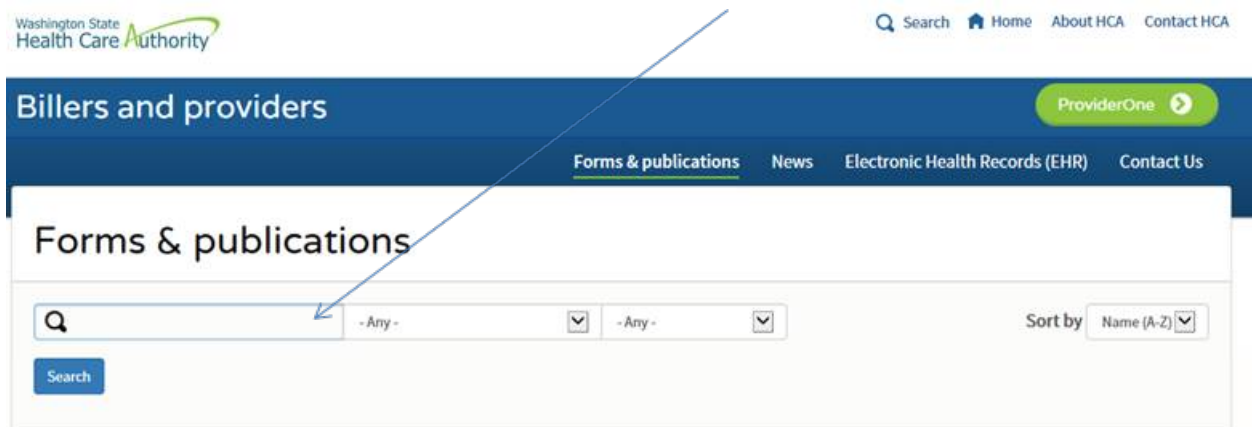

How can I get agency provider documents?

To access provider alerts, go to the agency's [provider alerts](#) web page.

To access provider documents, go to the agency's [provider billing guides and fee schedules](#) web page.

Where can I download agency forms?

To download an agency provider form, go to HCA's Billers and providers web page, select [Forms & publications](#). Type the HCA form number into the **Search box** as shown below (Example: 13-835).

Definitions

This section defines terms and abbreviations, including acronyms, used in this billing guide. Refer to [Chapter 182-500 WAC](#) for a complete list of definitions for Washington Apple Health.

Blindness - A diagnosis of visual acuity for distance vision of 20/200 or worse in the better eye with best correction or a limitation of the client's visual field (widest diameter) subtending an angle of less than 20 degrees from central. (WAC [182-544-0050](#))

Conventional soft contact lenses or rigid gas permeable contact lenses - Federal Drug Administration (FDA)-approved contact lenses that do not have a scheduled replacement (discard and replace with new contacts) plan. The soft lenses usually last one year, and the rigid gas permeable lenses usually last two years. Although some of these lenses are designed for extended wear, the agency generally approves only those lenses that are designed to be worn as daily wear (remove at night). (WAC 182-544-0050)

Disposable contact lenses - FDA-approved contact lenses that have a planned replacement schedule (e.g., daily, every two weeks, monthly, quarterly). The contacts are then discarded and replaced with new ones as scheduled. Although many of these lenses are designed for extended wear, the agency generally approves only those lenses that are designed to be worn as daily wear (remove at night). (WAC 182-544-0050)

Extended wear soft contacts - Contact lenses that are designed to be worn for longer periods than daily wear (remove at night) lenses. These can be conventional soft or disposable lenses designed to be worn for several days and nights before removal.

Hardware - Eyeglass frames and lenses and contact lenses. (WAC 182-544-0050)

ICD Diagnosis Codes - Classifies morbidity and mortality information for statistical purposes, indexing of hospital records by disease and operations, data storage, and retrieval. The disease classification has been expanded to include health-related conditions and to provide greater specificity at the fifth-digit level of detail. These fifth digits are not optional; they are intended for use in recording the information substantiated in the clinical record.

Specialty contact lens design - Custom contact lenses that have a more complex design than a standard spherical lens. These specialty contact lenses (e.g., lenticular, aspheric, myodisc) are designed for the treatment of specific disease processes, such as keratoconus, or are required due to high refractive errors. This definition of specialty contact lens does not include lenses used for surgical implantation. (WAC 182-544-0050)

Stable visual condition - A client's eye condition has no acute disease or injury, or the client has reached a point after any acute disease or injury where the variation in need for refractive correction has diminished or steadied. The client's vision condition has stabilized to the extent that eyeglasses or contact lenses are appropriate and that any prescription for refractive correction is likely to be sufficient for one year or more. (WAC [182-544-0050](#))

Visual field exam or testing - A process to determine defects in the field of vision and test the function of the retina, optic nerve and optic pathways. The process may include simple confrontation to increasingly complex studies with sophisticated equipment. (WAC [182-544-0050](#))

About the Program

What is the scope of vision hardware program?

(Chapter [182-544](#) WAC)

This billing guide applies to eligible clients who are age 20 and younger.

What is the purpose of the program?

The purpose of the program is to provide the following hardware to eligible clients age 20 and younger:

- Ocular prosthetics (see the Ocular Prosthetics section in the [Coverage Table](#) for coverage for clients age 21 and older)
- Prescription eyeglasses (frames and lenses)
- Contact lenses

What are the general guidelines?

(WAC [182-544-0010](#) (1))

The agency covers the vision hardware listed in this billing guide, according to agency rules and subject to the limitations and requirements found in [Coverage](#). The agency pays for vision hardware when it is:

- Covered
- Within the scope of the eligible client's medical care program
- Medically necessary (see [Chapter 182-500 WAC](#))
- Authorized, as required within this billing guide, any applicable provider alerts, and Chapters [182-501](#) and [182-502](#) WAC
- Billed according to this billing guide and Chapters 182-501 and 182-502 WAC

What is prior authorization (PA)?

(WAC [182-544-0010](#) (2) and (3))

- PA is a form of authorization used by the provider to obtain the agency's written approval for specific vision services, including hardware. The agency's approval is based on medical necessity and must be received before the service is provided to clients as a precondition for payment.
- The agency does **not** require PA for covered vision hardware that meet the clinical criteria found in [Coverage](#).
- The agency requires PA for covered vision hardware when the clinical criteria found in [Coverage](#) are not met, including the criteria associated with the expedited prior authorization (EPA) process. Note that authorization requirements are not a denial of service.
- For PA, a provider must submit a written request to the agency (see [Authorization](#)). The agency evaluates these requests on a case-by-case basis to determine whether they are medically necessary, according to the process found in WAC [182-501-0165](#).

What provider requirements must be met?

(WAC [182-544-0150](#) (1))

Eye care providers who are enrolled or contracted with the agency must:

- Meet the requirements in Chapter [182-502](#) WAC
- Provide only those services that are within the scope of the provider's license
- Obtain all hardware, including the tinting of eyeglass lenses, and contact lenses for agency clients from the agency's designated supplier. See [Ordering Vision Hardware](#)
- Return all unclaimed hardware and contact lenses to the agency's designated supplier using a postage-paid envelope furnished by the supplier

Note: Check the accuracy of all prescriptions and order forms submitted to the agency's contracted provider.

Who may provide vision hardware to agency clients?

(WAC [182-544-0150](#) (2))

The following providers are eligible to enroll or contract with the agency to provide and bill for vision hardware furnished to eligible clients:

- Ophthalmologists
- Optometrists
- Opticians
- Ocularists

Client Eligibility

Who is eligible?

(WAC [182-544-0100](#) (1))

Eligible clients may receive the vision hardware described in this billing guide depending on their benefit package.

Note: Refer to the [Program Benefit Packages and Scope of Services](#) web page for an up-to-date listing of benefit packages.

How can I verify a patient's eligibility?

Providers must verify that a patient has Washington Apple Health coverage for the date of service, and that the client's benefit package covers the applicable service. This helps prevent delivering a service the agency will not pay for.

Verifying eligibility is a two-step process:

Step 1. Verify the patient's eligibility for Washington Apple Health. For detailed instructions on verifying a patient's eligibility for Washington Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in the agency's current [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Washington Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the note box below.

Step 2. Verify service coverage under the Washington Apple Health client's benefit package. To determine if the requested service is a covered benefit under the Washington Apple Health client's benefit package, see the agency's [Program Benefit Packages and Scope of Services](#) web page.

Note: Patients who wish to apply for Washington Apple Health can do so in one of the following ways:

1. By visiting the Washington Healthplanfinder's website at: www.wahealthplanfinder.org
2. By calling the Customer Support Center toll-free at: 855-WAFINDER (855-923-4633) or 855-627-9604 (TTY)
3. By mailing the application to:
Washington Healthplanfinder
PO Box 946
Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit www.wahealthplanfinder.org or call the Customer Support Center.

Limited coverage

- The agency covers vision hardware under the Alien Emergency Medical (AEM) program as described in WAC 182-501-0160, when the hardware is necessary to treat a qualifying emergency medical condition only.
- For Qualified Medicare Beneficiary only (QMB Medicare Only) clients, the agency pays for vision hardware only when Medicare allows the service and has made a payment or applied the payment to the client's deductible.

Are clients enrolled in an agency-contracted managed care organization (MCO) eligible?

(WAC [182-544-0100](#) (2))

Yes. Most Medicaid-eligible clients are enrolled in one of the agency's contracted managed care organizations (MCOs). For these clients, managed care enrollment will be displayed on the client benefit inquiry screen in ProviderOne. Eligible clients enrolled in an MCO are covered for vision hardware as follows:

- **Eye exams, refractions, and visual fields** must be requested and provided directly through the client's MCO.
- **Eyeglass frames, lenses, and contact lenses** must be ordered from the agency's contractor. These items are paid through fee-for-service (FFS). See [Ordering Vision Hardware](#). Use the guidelines found in this billing guide for clients enrolled in an agency-contracted MCO.

Note: To prevent billing denials, check the client's eligibility **prior** to scheduling services and at the **time of the service**, and make sure proper authorization or referral is obtained from the agency-contracted MCO, if appropriate. See the agency's [ProviderOne Billing and Resource Guide](#) for instructions on how to verify a client's eligibility.

Effective July 1, 2017, not all Apple Health clients were enrolled in a BHO/FIMC/BHSO

On July 1, 2017, some Apple Health clients were not enrolled in a BHO/FIMC/BHSO program. For these clients, substance use disorder (SUD) services are covered under the fee-for-service (FFS) program.

Effective January 1, 2017, some fee-for-service clients who have other primary health insurance were enrolled into managed care

On January 1, 2017, the agency enrolled some fee-for-service Apple Health clients who have other primary health insurance into an agency-contracted managed care organization (MCO).

This change did not affect all fee-for-service Apple Health clients who have other primary health insurance. The agency continues to cover some clients under the fee-for-service Apple Health program, such as dual-eligible clients whose primary insurance is Medicare.

For additional information, see the agency's [Managed Care web page](#), under Providers and Billers.

Effective April 1, 2016, important changes to Apple Health

These changes are important to all providers because they may affect who will pay for services.

Providers serving any Apple Health client should always check eligibility and confirm plan enrollment by asking to see the client's Services Card and/or using the ProviderOne Managed Care Benefit Information Inquiry functionality (HIPAA transaction 270). The response (HIPAA transaction 271) will provide the current managed care organization (MCO), fee-for-service, and Behavioral Health Organization (BHO) information. See the agency's [Regional Resources web page](#).

New MCO enrollment policy – earlier enrollment

Beginning April 1, 2016, Washington Apple Health (Medicaid) implemented a new managed care enrollment policy placing clients into an agency-contracted MCO the same month they are determined eligible for managed care as a new or renewing client. This policy eliminates a person being placed temporarily in fee-for-service while they are waiting to be enrolled in an MCO or reconnected with a prior MCO.

New clients are those initially applying for benefits or those with changes in their existing eligibility program that consequently make them eligible for Apple Health Managed Care.

Renewing clients are those who have been enrolled with an MCO but have had a break in enrollment and have subsequently renewed their eligibility.

Clients currently in fee-for-service or currently enrolled in an MCO are not affected by this change. Clients in fee-for-service who have a change in the program they are eligible for may be enrolled into Apple Health Managed Care depending on the program. In those cases, this enrollment policy will apply.

How does this policy affect providers?

- Providers must check eligibility and know when a client is enrolled and with which MCO. For help with enrolling, clients can refer to the Washington Healthplanfinder's [Get Help Enrolling](#) page.
- MCOs have retroactive authorization and notification policies in place. The provider must know the MCO's requirements and be compliant with the MCO's new policies.

Behavioral Health Organization (BHO)

The Department of Social and Health Services (DSHS) manages the contracts for behavioral health (mental health and substance use disorder (SUD)) services for nine of the Regional Service Areas (RSA) in the state, excluding Clark and Skamania counties in the Southwest Washington (SW WA) Region. BHOs replaced the Regional Support Networks (RSNs). Inpatient mental health services continue to be provided as described in the inpatient section of the [Mental Health Services Billing Guide](#). BHOs use the [Access to Care Standards \(ACS\)](#) for mental health conditions and [American Society of Addiction Medicine \(ASAM\)](#) criteria for SUD conditions to determine client's appropriateness for this level of care.

Fully Integrated Managed Care (FIMC)

For clients who live in a fully integrated managed care (FIMC) region, all physical health services, mental health services, and drug and alcohol treatment are covered and coordinated by the client's agency-contracted managed care organization (MCO). The Behavioral Health Organization (BHO) will not provide behavioral health services in these counties.

Clients living in an FIMC region will enroll with an MCO of their choice that is available in that region. If the client does not choose an MCO, the client will be automatically enrolled into one of the available MCOs, unless the client is American Indian/Alaska Native (AI/AN). Clients currently enrolled in one of the available MCOs in their region may keep their enrollment when the behavioral health services are added.

Effective July 1, 2017, American Indian/Alaska Native (AI/AN) clients living in an FIMC region of Washington must choose to enroll in one of the agency-contracted MCOs available in that region; or they may choose to receive all these services through Apple Health fee-for-service (FFS). If they do not choose an MCO, they will be automatically enrolled into Apple Health FFS for all their health care services, including comprehensive behavior health services. For more information about the services available under the FFS program, see the agency's [Mental Health Services Billing Guide](#) and the [Substance Use Disorder Billing Guide](#).

For full details on FIMC, including which clients residing in an FIMC region are not enrolled with an MCO and information on complex behavioral health services for foster children in an FIMC region, see the agency's [Managed Care web page](#), the agency's [Integrated physical and behavioral health care web page](#), and the agency's [Regional resource web page](#).

FIMC Regions

North Central Region (NC) – Douglas, Chelan and Grant Counties

Effective January 1, 2018, the agency will implement the second FIMC region known as the NC region which includes Douglas, Chelan, and Grant Counties. Clients eligible for managed care enrollment will choose to enroll in an available MCO in their region. Specific details, including information about mental health crisis services, can be found on the agency's [Managed Care web page](#), the agency's [Integrated physical and behavioral health care web page](#), and the agency's [Regional resource web page](#).

Southwest Washington Region (SW WA) – Clark and Skamania Counties

Effective April 1, 2016, the agency implemented the first FIMC region known as the SW WA region which includes Clark and Skamania Counties. Clients eligible for managed care enrollment choose to enroll in one of two available MCOs in this region: Community Health Plan of Washington (CHPW) or Molina Healthcare of Washington (MHW).

Apple Health Core Connections (AHCC)

Coordinated Care of Washington (CCW) will provide all physical health care (medical) benefits, lower-intensity outpatient mental health benefits, and care coordination for all Washington State foster care enrollees. These clients include:

- Children and youth under the age of 21 who are in foster care
- Children and youth under the age of 21 who are receiving adoption support
- Young adults age 18 to 26 years old who age out of foster care on or after their 18th birthday

American Indian/Alaska Native (AI/AN) children will not be auto-enrolled, but may opt into CCW. All other eligible clients will be automatically enrolled.

AHCC complex mental health and substance use disorder services

AHCC clients who live in Skamania or Clark County receive complex behavioral health benefits through the Behavioral Health Services Only (BHSO) program in the SW WA region. These clients will choose between CHPW or MHW for behavioral health services, or they will be auto-enrolled into one of the two plans. CHPW and MHW will use the BHO Access to Care Standards to support determining appropriate level of care, and whether the services should be provided by the BHSO program or CCW.

AHCC clients who live outside Skamania or Clark County will receive complex mental health and substance use disorder services from the BHO and managed by DSHS.

Contact Information for Southwest Washington

Beginning on April 1, 2016, there is not a BHO in Clark and Skamania counties. Providers and clients must call the agency-contracted MCO for questions, or call Beacon Health Options for questions related to a person who is not eligible for or enrolled in Medicaid.

If a provider does not know which MCO a client is enrolled in, this information can be located by looking up the patient assignment in ProviderOne.

To contact Molina, Community Health Plan of Washington, or Beacon Health Options, please call:

 MOLINA[®] HEALTHCARE	Molina Healthcare of Washington, Inc. 1-800-869-7165
---	---

 COMMUNITY HEALTH PLAN of Washington	Community Health Plan of Washington 1-866-418-1009

Beacon Health Options	Beacon Health Options 1-855-228-6502
------------------------------	---

Coverage

What services are covered?

Ocular Prosthetics

(WAC [182-531-1000](#))

The agency covers ocular prosthetics for eligible clients when provided by any of the following:

- An ophthalmologist
- An ocularist
- An optometrist who specializes in prosthetics

See the agency's [coverage table](#) for more information on coverage for ocular prosthetics and the [Outpatient Prospective Payment System \(OPPS\) and Outpatient Hospitals](#) fee schedule.

Vision therapy

The agency covers orthoptics and vision therapy. See the [Physician-Related Services/Healthcare Professional Services Medicaid Billing Guide](#) for coverage criteria.

The agency requires prior authorization (PA) or expedited prior authorization (EPA) for orthoptic and pleoptic training.

Note: EPA covers the first 48 units (15 minutes per unit). CPT codes 97110, 97112, and 97530 may be billed in combination with no more than 48 units total. An additional 48 units may be requested by submitting a prior authorization request for a limitation extension.

Eyeglasses (frames and lenses)

(WAC [182-544-0300](#) (1))

The agency covers eyeglasses without prior authorization (PA) once in a calendar year for eligible clients when the following clinical criteria are met:

- The eligible client has a stable visual condition.
- The eligible client's treatment is stabilized.
- The prescription is less than 18 months old.
- One of the following minimum correction needs in at least one eye is documented in the client's file:
 - ✓ Sphere power equal to, or greater than, plus or minus 0.50 diopter
 - ✓ Astigmatism power equal to, or greater than, plus or minus 0.50 diopter
 - ✓ Add power equal to, or greater than, 1.0 diopter for bifocals and trifocals

Eyeglasses for clients with accommodative esotropia or strabismus

(WAC [182-544-0300](#) (2))

The agency covers eyeglasses (frame and lenses), for eligible clients with a diagnosis of accommodative esotropia or any strabismus correction, without PA. In this case, the limitations listed in [Eyeglasses \(Frames and Lenses\)](#) do not apply.

Back-up eyeglasses

(WAC [182-544-0300](#) (3))

The agency covers one pair of back-up eyeglasses for eligible clients who wear contact lenses as their primary visual correction aid (see [Contact lenses](#)) limited to once every two years for eligible clients.

Lost or broken frames or lenses

(WAC [182-544-0325](#)(2), [182-544-0350](#) (5))

- The agency covers up to two replacement frames or four replacement lenses in a calendar year without PA for eligible clients when the frames or lenses are lost or broken. If additional frames or lenses are necessary, see [Authorization](#).

Note: Provider must document the reason for replacement in the client file.

Durable or flexible frames

(WAC [182-544-0325](#) (1))

The agency covers durable or flexible frames without prior authorization (PA) when the eligible client has a diagnosed medical condition that contributes to broken eyeglass frames. To receive payment, the provider must:

- Follow the agency's expedited prior authorization (EPA) process. See **EPA# 870000619** and **EPA# 870000620** in [Authorization](#)
- Order the **durable** or **flexible** frames through the agency's designated supplier

The agency covers flexible frames for eligible clients when the provider documents one of the following in the client's record:

- The client has a diagnosed medical condition that contributes to broken eyeglass frames.
- Reasons that the standard CI Optical frame is not suitable for the client.

To receive payment, providers must follow the agency's EPA process. See **EPA# 870000620** in [Authorization](#).

Coating of frames and incidental repairs

(WAC [182-544-0325](#) (2))

The agency covers, without PA:

- Coating contact eyeglass frames to make the frames nonallergenic. Eligible clients must have a medically diagnosed and documented allergy to the materials in the available eyeglass frames.
- Four incidental repairs to a client's eyeglass frames in a calendar year. To receive payment, all the following must be met:
 - ✓ The provider typically charges the general public for the repair or adjustment.
 - ✓ The contractor's one-year warranty period has expired.
 - ✓ The cost of the repair does not exceed the agency's cost for replacement frames and a fitting fee.

Eyeglass lenses

(WAC [182-544-0350](#) (1)(2))

The agency covers the following plastic scratch-resistant eyeglass lenses without prior authorization (PA):

- Single vision lenses
- Round or flat top D-style bifocals
- Flat top trifocals
- Slab-off and prism lenses (including Fresnel lenses)

Note: The agency’s contractor supplies **all** plastic eyeglass lenses with a scratch-resistant coating.

Note: Eyeglass lenses must be placed into a frame that is, or was, purchased by the agency.

High index eyeglass lenses

(WAC [182-544-0350](#) (3)(a))

The agency covers high index lenses without PA when the eligible client’s medical need in at least one eye is diagnosed and documented as:

- A spherical refractive correction of plus or minus 6.0 diopters or greater; or
- A cylinder correction of plus or minus 3.0 diopters or greater.

To receive payment, providers must follow the expedited prior authorization (EPA) process. See EPA# [870000625](#) in [Authorization](#).

Plastic photochromatic lenses

(WAC [182-544-0350](#) (3)(b))

The agency covers plastic photochromatic lenses without PA. The eligible client’s medical need must be diagnosed and documented as one of the following:

Medical Problems	ICD Diagnosis Codes
Ocular Albinism	See the agency’s Approved Diagnosis Codes by Program web page for Physician-Related/Professional Services
Retinitis pigmentosa	

Polycarbonate lenses

(WAC 182-544-0350 (3)(c))

The agency covers polycarbonate lenses without prior authorization (PA). The eligible client’s medical need must be diagnosed and documented as one of the following:

Medical Problems	ICD Diagnosis Codes
Amblyopia	<p data-bbox="829 856 1269 995">See the agency’s Approved Diagnosis Codes by Program web page for Physician-Related/Professional Services</p>
Attention deficit hyperactivity disorder (ADHD)	
Autism	
Bipolar	
Blind in one eye and needs protections for the other eye, regardless of whether a vision correction is required	
Cerebral palsy	
Developmental delay	
Down Syndrome	
Infants and toddlers with motor ataxia	
Multiple sclerosis	
Schizophrenia	
Seizure disorder	
Strabismus	

Replacement of bifocal or trifocal lenses

(WAC 182-544-0350 (3)(d))

The agency covers, without PA, bifocal lenses to be replaced with single vision or trifocal lenses, or trifocal lenses to be replaced with bifocal or single vision lenses when all the following are true:

- The eligible client has attempted to adjust to the bifocals or trifocals for at least 60 days.
- The eligible client is unable to make the adjustment.
- The bifocal or trifocal lenses being replaced are returned to the provider.

Tinting

(WAC [182-544-0350](#) (4))

The agency covers the tinting of plastic lenses without prior authorization (PA) as follows:

- The eligible client’s medical need must be diagnosed and documented as one or more of the following chronic (expected to last longer than three months) eye conditions causing photophobia:

Medical Problems	ICD Diagnosis Codes
Blindness	See the agency’s Approved Diagnosis Codes by Program web page for Physician-Related/Professional Services
Chronic corneal keratitis	
Chronic iritis, iridocyclitis (uveitis)	
Diabetic retinopathy	
Fixed pupil	
Glare from cataracts	
Macular degeneration	
Migraine disorder	
Ocular albinism	
Optic atrophy and/or optic neuritis	
Rare photo-induced epilepsy conditions	
Retinitis pigmentosa	

- The tinting must be performed by the agency’s designated lens supplier.

Replacement lenses due to refractive change

(WAC [182-544-0350](#) (6))

The agency covers replacements lenses without prior authorization (PA) when the eligible client meets one of the following clinical criteria:

- The client had eye surgery, the effect(s) of prescribed medication, or one or more diseases affecting vision:**
 - ✓ The client must have a stable visual condition. See the definition of [stable visual condition](#).
 - ✓ The client’s treatment must be stabilized.
 - ✓ The lens correction must have a 1.0 or greater diopter change between the sphere or cylinder correction in at least one eye.
 - ✓ The previous and new refractions are documented in the client’s record.

Vision Hardware for Clients Age 20 and Younger

To receive payment, providers must follow the agency's expedited prior authorization (EPA) process (see EPA# 870000622 in the [Authorization](#)).

- **The client experiences headaches, blurred vision, or visual difficulty in school or at work.** In this case, all the following must be documented in the client's file:
 - ✓ Copy of the current prescription (less than 18 months old)
 - ✓ Date of last dispensing, if known
 - ✓ Absence of a medical condition that is known to cause temporary visual acuity changes (e.g., diabetes, pregnancy)
 - ✓ A refractive change of at least .75 diopter or greater between the sphere or cylinder correction in at least one eye

To receive payment, providers must follow the agency's EPA process. See EPA# 870000624 in [Authorization](#).

Contact lenses

(WAC [182-544-0400](#) (1) (2))

The agency covers contact lenses, without prior authorization (PA), as the eligible client's primary refractive correction method when the client has a spherical correction of plus or minus 6.0 diopters or greater in at least one eye. See [exceptions to the plus or minus 6.0 diopters criteria for contact lenses](#). The spherical correction may be from the prescription for the glasses or the contact lenses and may be written in either "minus cyl" or "plus cyl" form.

The agency covers the following contact lenses with limitations:

- **Conventional soft or rigid gas permeable** contact lenses that are prescribed for daily wear
- **Disposable** contact lenses that are prescribed for daily wear and have a monthly or quarterly planned replacement schedule, as follows:
 - ✓ Twelve pair of monthly replacement contact lenses
 - ✓ Four pair of three-month replacement contact lenses

Medical Problems	ICD Diagnosis Code
Hypermetropia	See the agency's Approved Diagnosis Codes by Program web page for Physician-Related/Professional Services
Myopia	

Note: The agency’s opinion is that the prolonged use of overnight wear may increase the risk of corneal swelling and ulceration. Therefore, the agency approves their use in limited situations where they are used as a therapeutic contact bandage lens or for aphakic clients (see WAC [182-544-0050](#)).

Soft toric contact lenses

(WAC [182-544-0400](#) (3))

The agency covers soft toric contact lenses, without prior authorization (PA), for clients with astigmatism when all of the following clinical criteria are met:

- The eligible client's cylinder correction is plus or minus 1.0 diopter in at least one eye.
- The eligible client has a spherical correction of plus or minus 6.0 diopters or greater in at least one eye.

Medical Problems	ICD Diagnosis Code
Astigmatism	See the agency’s Approved Diagnosis Codes by Program web page for Physician-Related/Professional Services

Exceptions to the plus or minus 6.0 diopters criteria for contact lenses

The agency covers contact lenses, without PA, when the following clinical criteria are met. In these cases, the limitations (spherical correction of +/- 6.0 diopters or greater in at least one eye) do not apply:

- For eligible clients diagnosed with high anisometropia:
 - ✓ The refractive error difference between the two eyes is at least plus or minus 3.0 diopters between the sphere or cylinder correction.
 - ✓ Eyeglasses cannot reasonably correct the refractive errors.

Medical Problems	ICD Diagnosis Code
High anisometropia	See the agency’s Approved Diagnosis Codes by Program web page for Physician-Related/Professional Services

Vision Hardware for Clients Age 20 and Younger

- Specialty contact lens designs for eligible clients who are diagnosed with one or more of the following:

Medical Problems	ICD Diagnosis Code
Aphakia	See the agency's Approved Diagnosis Codes by Program web page for Physician-Related/Professional Services
Keratoconus	
Corneal softening	

- Therapeutic contact bandage lenses only when needed immediately after eye injury or eye surgery

Lost or damaged contact lenses

(WAC [182-544-0400](#) (5))

The agency covers eligible clients' replacement contact lenses when they are lost or damaged.

Replacement contact lenses for clients whose vision has changed due to surgery, medication, or disease

(WAC [182-544-0400](#) (6))

The agency covers replacement contact lenses for eligible clients, without prior authorization (PA), when all the following clinical criteria are met:

- The client's vision has changed because of:
 - ✓ Eye surgery
 - ✓ The effect(s) of prescribed medication
 - ✓ One or more diseases affecting vision
- The client has a stable visual condition (see the definition of [stable visual condition](#)).
- The client's treatment is stabilized.
- The lens correction has a 1.0 or greater diopter change in at least one eye between the sphere or cylinder correction. The previous and new refraction must be documented in the client's record.

What is not covered?

The agency does not cover:

- Bifocal contact lenses
- Custom colored contact lenses
- Daily and two week disposable contact lenses
- Executive style eyeglass lenses
- Extended wear soft contact lenses, except when used as therapeutic contact bandage lenses or for aphakic clients
- Glass lenses
- Nonglare or anti-reflective lenses
- Progressive lenses
- Sunglasses and accessories that function as sunglasses (e.g., clip-ons)
- Upgrades at private expense to avoid the agency's contract limitations. For example:
 - ✓ Frames that are not available through the agency's contract
 - ✓ Noncontract frames or lenses for which the client or other person pays the difference between the agency's payment and the total cost

Note: A provider may request an exception to rule (ETR) for noncovered hardware as described in WAC [182-501-0160](#). For rules on billing a client, see WAC [182-502-0160](#).

Coverage Table

Due to its licensing agreement with the American Medical Association, the agency publishes only the official, brief Current Procedural Terminology (CPT) procedure code descriptions. To view the entire description, see the current CPT book.

CPT Code	Modifier	Short Description	PA?	Policy/ Comments	Maximum Allowable Fee
Contact Lens Services					
92071		Contact lens fitting for tx		1 fitting in a calendar year	Fee Schedules*
92072		Fit contact lens for managmnt		2 fittings in a calendar year. Limited to diagnosis range 371.60 to 371.62

Authorization

See the agency's current [ProviderOne Billing and Resource Guide](#) for more information on requesting authorization.

What are the general guidelines?

(WAC [182-544-0560](#))

- The agency requires providers to obtain authorization for covered vision hardware as required in Chapters 182-501 and 182-502 WAC, billing guides, or when the required clinical criteria are not met. (WAC [182-544-0560](#) (1))
- Note that authorization requirements are not a denial of service.
- When a service requires authorization, the provider **must properly request** written authorization under the agency's rules and billing guides.
- When the provider does not properly request authorization, the agency returns the request to the provider for proper completion and resubmission. The agency does not consider the returned request to be a denial of service.
- Upon request, a provider must provide documentation to the agency showing how the client's condition met the criteria for prior authorization (PA) and expedited prior authorization (EPA).
- The agency's authorization of a service does not necessarily guarantee payment.

What is prior authorization?

Prior authorization (PA) is a form of authorization used by the provider to obtain the agency's written approval for a specific vision hardware. The agency's approval is based on medical necessity and must be received before the services are provided to clients as a precondition for payment.

What if my request exceeds the limitations in this billing guide?

(WAC [182-544-0560](#) (6))

The agency evaluates requests for authorization of covered vision hardware that exceed the limitations (a limitation extension (LE)) within this billing guide on a case-by-case basis under WAC [182-501-0169](#).

The provider must justify that the request is medically necessary for that client.

Note: A request for an LE must be appropriate to the client's eligibility and program limitations. Not all eligibility programs cover all services.

For example: Eyeglasses are not covered under the Family Planning Only Program.

How do I request a limitation extension?

There are two ways to request a limitation extension (LE):

- Complete the *Vision Care Authorization Request* form, [13-739](#). This form is required for any vision hardware authorization request.
- Follow the EPA process for certain LEs by using an EPA number. These EPA numbers will be subject to post payment review as in any other authorization process.

The written request must state the following:

- ✓ The client's name and ProviderOne Client ID
- ✓ The provider's full name, NPI, and fax number
- ✓ Additional service(s) requested
- ✓ Date of last dispensing and copy of last two prescriptions
- ✓ The primary diagnosis code and applicable procedure code
- ✓ Client-specific clinical justification for additional services

Send your written request to the agency (see [Resources Available](#)).

Download the *Vision Care Authorization Request* form, [13-739](#), **AND** *General Information for Authorization* form, [13-835](#). Fax both forms to the agency with the *General Information for Authorization* form as your cover letter.

What does the EPA process do?

(WAC [182-544-0560](#))

The EPA process allows providers to apply the agency's clinical criteria and certify medical necessity. The agency establishes clinical criteria and identifies the criteria with specific codes. Providers then create an EPA number using those authorization codes.

To bill the agency for diagnoses, procedures, and services that meet the EPA criteria on the following pages, the provider must **create a 9-digit EPA number**. The first five or six digits of the EPA number must be **87000** or **870000**. The last three or four digits must be the code assigned to the diagnostic condition, procedure, or service that meets EPA criteria. Enter the EPA number in field **23** on the hard copy billing form or in the *Authorization* or *Comments* field when billing electronically.

Example: The nine-digit authorization number for an exam for a client who had an exam 20 months ago but just had eye surgery would be **870000622**.

870000 = first six digits of all EPA numbers

622 = last three digits of an EPA number indicating the service and which criteria the case meets

- The agency denies payment for vision hardware claims submitted without the required EPA number, or the appropriate diagnosis, procedure code, or service as indicated by the last three digits of the EPA number.
- The agency may recoup any payment made to a provider if the agency later determines that the service was not properly authorized or did not meet the EPA criteria. Refer to WAC [182-502-0100](#)(1)(c) and WAC [182-544-0560](#) (7).
- When a client's situation does not meet the EPA criteria for vision hardware a provider must request PA.

For EPA codes, see [EPA Criteria Coding List](#).

Washington State EPA criteria coding list

Use these EPA codes on claims forwarded to the agency and the agency's contractor

Specialty Frames

Frame type	EPA Code	Criteria
Durable Frames	870000619	When the provider documents in the client's record that the client has a diagnosed medical condition that contributes to broken eyeglass frames.
Flexible Frames	870000620	When the provider documents one of the following in the client's record: <ul style="list-style-type: none"> • The client has a diagnosed medical condition that contributes to broken eyeglass frames. • Reasons that the standard CI Optical frame is not suitable for the client.

Replacement Eyeglass Lenses

Reason for replacement / lense type	EPA Code	Criteria
Replacement due to eye surgery/effects of prescribed medication/diseases affecting vision	870000622	Within one year of last dispensing when: <ul style="list-style-type: none"> • The client has a stable visual condition (see Definitions). • The client's treatment is stabilized. • The lens correction has a 1.0 or greater diopter change between the sphere or cylinder correction in at least one eye. • The provider documents the previous and new refractions in the client record.

Vision Hardware for Clients Age 20 and Younger

Reason for replacement / lense type	EPA Code	Criteria
Replacement due to headaches/blurred vision/difficulty with school or work	870000624	<p>Within one year of last dispensing, for refractive changes (provider error is the responsibility of the provider to warranty their work and replace the lens at no charge) when the provider documents all the following in the client's record:</p> <ul style="list-style-type: none"> • The client has symptoms e.g., headaches, blurred vision, difficulty with school or work. • Copy of current prescription • Date of last dispensing, if known • Absence of a medical condition that is known to cause temporary visual acuity changes (e.g. diabetes, pregnancy) • A refractive change of at least .75 diopter or greater between the sphere or cylinder correction in at least one eye
High index eyeglass lenses	870000625	<p>When the provider documents one of the following in the client's record:</p> <ul style="list-style-type: none"> • A spherical refractive correction of +/- 6.0 diopters or greater • A cylinder correction of +/- 3.0 diopters or greater

Note: See the agency's current [Physician-Related Services/Healthcare Professional Services Billing Guide](#), to locate EPA numbers for blepharoplasties and strabismus surgery.

Ordering Vision Hardware

Who is the agency's eyeglass contractor?

The agency's vision hardware contractor is CI Optical, which is part of the Washington State Department of Correctional Industries.

Providers must obtain all hardware through CI Optical. The agency does **not** pay any other optical manufacturer or provider for frames, lenses, or contact lenses.
(WAC [182-544-0150](https://www.wa.gov/govpub/other/wa-law-rules/wa-law-rules-182-544-0150))

Note: CI Optical cannot provide client eligibility or benefit information.

Mail, fax, or email completed prescriptions and purchase orders for sample kits, eyeglass frames, eyeglass lenses, and contact lenses to:

CI OPTICAL

11919 West Sprague Avenue

PO Box 1959

Airway Heights, WA 99001-1959

Customer Service: 888-606-7788

Fax: 888-606-7789

Email: ciopticalcustomercare@doc1.wa.gov

Where is general ordering information?

- For timely processing, all information on the prescription must be complete and legible.
- For prescription order forms, call or fax CI Optical.

Vision Hardware for Clients Age 20 and Younger

- Mail, email, or fax eyeglass orders, along with a copy of the medical eligibility verification (MEV), to the contractor. CI Optical requires that each fax page be legible. Keep a copy of the order on file, along with the fax transmittal.
- Include the appropriate ICD diagnosis code (and expedited prior authorization (EPA) number, if applicable) on all order forms for eyeglasses and contact lenses. If this information is not included on the form, the contractor must reject and return the order.
- CI Optical rejects and returns orders for clients for whom the agency has already purchased a pair of lenses or complete frames or contact lenses within the applicable benefit period (12 or 24 months, as appropriate).
- The agency requires CI Optical to process prescriptions within 15 working days, including shipping and handling time, after receipt of a **properly** completed order. The agency allows up to 20 working days for completing orders for specialty eyeglass lenses or contact lenses. CI Optical must notify the provider when a prescription cannot be processed within either of these specified delivery timeframes.
- To obtain general information, or to inquire about overdue prescriptions, call or fax CI Optical. Have the medical record number ready when you call. **The phone number for CI Optical is for provider use only.** CI Optical cannot check a client's eligibility. For questions regarding client eligibility, call the agency at 800-562-3022.
- CI Optical ships the eyeglasses to the provider.
- CI Optical bills the agency directly for all hardware for Washington Apple Health clients.

Note: If a client does not return to the provider's office to pick up eyeglasses, then the provider must:

- Keep the completed pair of eyeglasses for three months.
- Make a good faith effort (a minimum of three attempts) to contact the client.
- After the above conditions are met, return the eyeglasses to the agency's designated supplier.

Billing

Effective for claims billed on and after October 1, 2016

All claims must be submitted electronically to the agency, except under limited circumstances.

For more information about this policy change, see [Paperless Billing at HCA](#).

For providers approved to bill paper claims, see the agency's [Paper Claim Billing Resource](#).

What are the general billing requirements?

Providers must follow the agency's [ProviderOne Billing and Resource Guide](#). These billing requirements include:

- Time limits for submitting and resubmitting claims and adjustments
- What fee to bill the agency for eligible clients
- When providers may bill a client
- How to bill for services provided to primary care case management (PCCM) clients
- Billing for clients eligible for both Medicare and Medicaid
- Third-party liability
- Record- keeping requirements

Billing instructions for special vision hardware and services

Special Ophthalmological Services - Bilateral Indicator

The agency considers special ophthalmological services to be bilateral if they are routinely provided on both eyes. This includes CPT code 92015, determination of refractive state. Do not use bilateral modifier 50 or modifiers LT and RT for these services, since payment is based on a bilateral procedure.

Billing for Ocular Prosthetics

See the agency's current [Outpatient Prospective Payment System \(OPPS\) and Outpatient Hospitals](#) fee schedule for a complete list of CPT codes and maximum allowable fees.

Reporting Diagnoses

The agency requires a diagnosis for a medical condition. The diagnosis assigned to a procedure is the first-level justification for that procedure.

Note: Use ICD diagnosis code Z01.00 (examination of eyes and vision) only for eye exams in which no problems were found.

E & M Procedure Codes

Use evaluation and management (E&M) codes for eye examinations for a medical problem, **not** for the prescription of eyeglasses or contact lenses. V codes and diagnosis codes for disorders of refraction and accommodation are **not** appropriate when billing E&M services.

The agency does not pay for:

- E&M codes and an eye exam on the same day
- Nursing home visits and an eye exam on the same day
- Any services with prescriptions over two years old

Modifier 55 for Optometrists

When billing follow-up for surgery procedures, use the surgery code and modifier 55 to bill the agency.

- **Billing:** Since payment for the surgical procedure codes with modifier 55 is a one-time payment covering the postoperative period, the agency denies any claims submitted for related services provided during that period. You must bill any other specific problems treated during that period using modifier 25.
- **Payment:** The amount allowed for postoperative management is based on the *Physician-Related/Professional and Emergent Oral Healthcare Services Fee Schedule*.

What if the client is eligible for both Medicare Part B and Medicaid?

- Bill the agency for refractions and fitting fees. Medicare does not currently cover these services. The provider is not required to bill Medicare for a denial before billing the agency.
- Refer to the agency's [ProviderOne Billing and Resource Guide](#) for current information on billing for clients eligible for Medicare and Medicaid.

How do I bill claims electronically?

Instructions on how to bill Direct Data Entry (DDE) claims can be found on the agency's [Billers and Providers](#) web page, under [Webinars](#).

For information about billing Health Insurance Portability and Accountability Act (HIPAA) Electronic Data Interchange (EDI) claims, see the ProviderOne 5010 companion guides on the [HIPAA Electronic Data Interchange \(EDI\)](#) web page.

Payment

(WAC [182-544-0600](#))

How much does the agency pay for vision care?

- To receive payment, vision care providers must bill the agency according to the conditions of payment found in this billing guide. See [Billing](#) for more information.
- The agency pays 100% of the agency contract price for covered eyeglass frames, lenses, and contact lenses when these items are obtained through the agency's approved contractor. For more information, see [Ordering Vision Hardware](#).
