About the Program

(WAC [182-550-2501](#))

What is Acute Physical Medicine & Rehabilitation (Acute PM&R)?

Acute Physical Medicine and Rehabilitation (Acute PM&R) is a 24-hour inpatient comprehensive program of integrated acute medical and rehabilitative services provided during the acute phase of a client's rehabilitation. The agency requires prior authorization for Acute PM&R services (see [What are the requirements for prior authorization?](#)).

An interdisciplinary team coordinates individualized Acute PM&R services at an agency-contracted rehabilitation facility for a client's:

- Improved health and welfare.
- Maximum physical, social, psychological, and educational or vocational potential.

The agency determines and authorizes a length-of-stay based on:

- The client's Acute PM&R needs.
- Community standards of care for Acute PM&R services.

When the agency's authorized acute period of rehabilitation ends, the provider transfers the client to a more appropriate level of care. Therapies may continue to help the client achieve maximum potential through other agency programs such as:

- Home health services.
- Nursing facilities.
- Outpatient physical, occupational, and speech therapies.
- Neurodevelopmental centers.

The agency's Acute PM&R program is regulated by:

- [RCW 74.09.520](#), Medical Assistance-Care and services included--Funding limitations.
- WAC [182-550-2501](#), 2511, 2521, 2531, 2541, 2551, 2561, and 3381 Acute PM&R.
- The agency's Core Provider Agreement.

How does a client qualify for Acute PM&R services?

(WAC [182-550-2551](#))

To qualify for Acute PM&R services, a client must have:

- All of the following extensive **or** complex:

- ✓ Medical needs
- ✓ Nursing needs
- ✓ Therapy needs

AND

- A recent or new onset of a condition that causes an impairment in **two or more** of the following areas:

- ✓ Mobility and strength

- ✓ Communication
- ✓ Cognitive/perceptual functioning

AND

- A new or recent onset of **one** of the following conditions:

Provider Requirements

How does a hospital become an agency-approved Acute PM&R provider?

(WAC [182-550-2531](#))

The agency accepts applications from in-state and border hospitals only. To apply to become an agency-approved Acute PM&R facility, the agency requires the hospital provider to submit a letter of request to:

Acute PM&R Program Manager
Health Care Authority
PO Box 45506
Olympia, WA 98504-5506

A hospital that applies to become an agency-approved Acute PM&R facility must provide the agency with documentation that confirms the facility is all of the following:

- A Medicare-certified hospital
- Accredited by the Joint Commission on Accreditation of Hospital Organizations (JCAHO)
- Licensed by the Department of Health (DOH) as an acute care hospital (as defined by DOH in WAC [246-310-010](#))
- Accredited by CARF as a comprehensive integrated inpatient rehabilitation program or as a pediatric family-centered rehabilitation program, unless the facility has obtained a 12-month conditional approval from the agency (see [Conditional approval when waiting for CARF accreditation](#))
- Contracted under the agency's selective contracting program, if in a selective contracting area, unless exempted from the requirements by the agency

- **Operating per the standards set by DOH** (excluding the Certified Rehabilitation Registered Nurse (CRRN) requirement) in either:
 - ✓ WAC 246-976-830, Level I Trauma Rehabilitation Designation
 - ✓ WAC 246-976-840, Level II Trauma Rehabilitation Designation

Note: Acute PM&R is **NOT** related to, nor does it qualify any facility for, the DOH Acute Trauma Rehabilitation Designation program.

Conditional approval when waiting for CARF accreditation

A hospital not yet accredited by CARF:

- May apply for or be awarded a 12-month conditional written approval by the agency if the facility meets both of the following:
 - ✓ Provides the agency with documentation that shows it has started the process of obtaining full CARF accreditation
 - ✓ Is actively operating under CARF standards
- Is required to obtain full CARF accreditation within 12 months of the agency's conditional approval date. If this requirement is not met, the agency sends a letter of notification to revoke the conditional written approval.

Note: If a hospital is working with a CARF consultant, a letter of active intent showing time lines of facility operation under CARF standards must be submitted to the agency at the time of application. Full CARF accreditation must be:

- Obtained within 12 months of the agency's conditional approval.
- Kept current.

Final qualification criteria

A hospital qualifies as an agency-approved Acute PM&R facility when:

- The facility meets all the applicable requirements in this guide.
- The agency's clinical staff has conducted a facility site visit.
- The agency provides written notification that the facility qualifies to be paid for providing Acute PM&R services to eligible medical assistance clients.

Note: Agency-approved Acute PM&R facilities must meet the general requirements in Chapter [182-502](#) WAC, Administration of Medical Programs-- Providers.

Is notifying clients of their right to make their own health care decisions (Advance Directives) required?

[\(42 CFR, 489 Subpart I\)](#)

All Medicare and Medicaid certified hospitals, nursing facilities, home health agencies, personal care service agencies, hospices, and managed health care organizations are federally mandated to give **all adult clients** written information about their rights, under state law, to make their own health care decisions.

Clients have the right to:

- Accept or refuse medical treatment.
- Make decisions concerning their own medical care.
- Formulate an advance directive, such as a living will or durable power of attorney, for their health care.

How does the agency ensure quality of care for the client?

(WAC [182-550-2541](#))

To ensure quality of care, the agency:

- May conduct reviews (post-pay or on-site) of any agency-approved Acute PM&R facility.
- Requires a provider of Acute PM&R services to act on any report of substandard care or violation of the facility's medical staff bylaws and CARF standards. The provider must have and follow written procedures that meet both of the following:
 - ✓ Provide a resolution to either a complaint or grievance, or both
 - ✓ Comply with applicable CARF standards for adults or pediatrics as appropriate

A complaint or grievance regarding substandard conditions or care may be investigated by one or more of the following:

- ✓ The Department of Health (DOH)
- ✓ The Joint Commission on Accreditation of Hospital Organizations (JCAHO)
- ✓ CARF
- ✓ The agency
- ✓ Other agencies with review authority for agency programs

Note: Being selected for an audit does **not** mean that the business has been predetermined to have faulty business practices.

Client Eligibility

(WAC [182-550-2521](#) (1))

How can I verify a patient's eligibility?

Providers must verify that a patient has Washington Apple Health coverage for the date of service, and that the client's benefit package covers the applicable service. This helps prevent delivering a service the agency will not pay for.

Verifying eligibility is a two-step process:

Step 1. Verify the patient's eligibility for Washington Apple Health. For detailed instructions on verifying a patient's eligibility for Washington Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in the agency's [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Washington Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the note box below.

Step 2. Verify service coverage under the Washington Apple Health client's benefit package. To determine if the requested service is a covered benefit under the Washington Apple Health client's benefit package, see the agency's [Health Care Coverage—Program Benefit Packages and Scope of Service Categories](#) web page.

Note: Patients who wish to apply for Washington Apple Health may do so in one of the following ways:

1. By visiting the Washington Healthplanfinder's website at: www.wahealthplanfinder.org
2. By calling the Customer Support Center toll-free at: 855-WAFINDER (855-923-4633) or 855-627-9604 (TTY)
3. By mailing the application to:
Washington Healthplanfinder
PO Box 946
Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit www.wahealthplanfinder.org or call the Customer Support Center.

Are clients enrolled in an agency-contracted managed care plan eligible?

(WAC [182-550-2521](#) (2))

Yes. When verifying eligibility using ProviderOne, if the client is enrolled in an agency-contracted managed care plan, managed care enrollment will be displayed on the client benefit inquiry screen.

If a client is enrolled in a managed care plan at the time of acute care admission, that plan pays for and coordinates Acute PM&R services as appropriate. Clients can contact their managed care plan by calling the telephone number provided to them.

The agency does not process or pay claims for clients enrolled in Healthy Options for services provided under the Healthy Options contract.

Note: To prevent billing denials, check the client's eligibility **prior** to scheduling services and at the **time of the service** and make sure proper authorization or referral is obtained from the plan. See the agency's [ProviderOne Billing and Resource Guide](#) for instructions on how to verify a client's eligibility.

Are Primary Care Case Management (PCCM) clients eligible?

Yes. For the client who has chosen to obtain care with a PCCM provider, this information will be displayed on the client benefit inquiry screen in ProviderOne. These clients must obtain or be referred for services via a PCCM provider. The PCCM provider is responsible for coordination of care just like the PCP would be in a plan setting.

Note: To prevent billing denials, check the client's eligibility **prior** to scheduling services and at the **time of the service** and make sure proper authorization or referral is obtained from the PCCM provider. See the agency's [ProviderOne Billing and Resource Guide](#) for instructions on how to verify a client's eligibility.

Prior Authorization

Is prior authorization (PA) required for acute PM&R services?

(WAC [182-550-2501](#))

Yes. The agency requires PA for Acute PM&R services.

What are the requirements for PA?

(WAC [182-550-2561](#))

Note: Authorization of services does not guarantee payment. Providers must meet administrative requirements (client eligibility, claim timeliness, third-party insurance, etc.) before the agency pays for services.

The acute PM&R provider must obtain prior authorization:

- Before admitting a client to the rehabilitation unit.
- For an extension of stay, before the client's current authorized period of stay expires.

Note: Retroactive authorization requests are approved on a case-by-case basis only.

Initial PA

For an initial admission:

- A client must:
 - ✓ Be eligible for Acute PM&R services (see [Client Eligibility](#)).
 - ✓ Require Acute PM&R services (see [How does a client qualify for Acute PM&R services?](#)).
 - ✓ Be medically stable and show evidence of physical and cognitive readiness to participate in the rehabilitation program.
 - ✓ Be willing and capable to participate at least three (3) hours per day, seven (7) days per week, in acute PM&R activities.

- The Acute PM&R provider must:
 - ✓ Submit a signed request for prior authorization to the agency (see [Resources Available](#)).
 - ✓ Include sufficient medical information to justify that all of the following apply:
 - Acute PM&R treatment would effectively enable the client to obtain a greater degree of self-care or independence, or both.
 - The client's medical condition requires that intensive 24-hour inpatient comprehensive Acute PM&R services be provided in an agency-approved Acute PM&R facility.
 - The client suffers from severe disabilities including, but not limited to, neurological or cognitive deficits, or both.

Extension of prior authorization

For an extension of stay:

- A client must meet all of the following:
 - ✓ Be eligible for Acute PM&R services (see [Client Eligibility](#))
 - ✓ Require Acute PM&R services
 - ✓ Be medically stable and show evidence of physical and cognitive readiness to participate in the rehabilitation program
 - ✓ Be willing and capable to participate at least three (3) hours per day, seven (7) days per week, in Acute PM&R activities
 - ✓ Have observable, documented evidence of significant improvement
- The Acute PM&R provider must do both of the following:
 - ✓ Submit a signed request for the extension of stay to the agency before the current authorization expires (see [Resources Available](#))
 - ✓ Include documented medical evidence to justify the extension; include all pertinent medical records that substantiate the client's condition has observably and significantly improved

If the agency denies the request for extension of stay, the client must be transferred to an appropriate lower level of care (see [What is Acute Physical Medicine & Rehabilitation \(Acute PM&R?\)](#)).

Note: To request authorization (either initial or an extension), complete the Acute Physical Medicine and Rehab Admit/Update form, [13-838](#), (current version) and fax it to the agency at: 360-725-1966.

Note: See the agency's [ProviderOne Billing and Resource Guide](#) for more information on requesting authorization.

What happens after prior authorization is requested?

A facility intending to transfer a client to an agency-approved acute PM&R facility or an acute PM&R facility requesting an extension of stay for a client must do both of the following:

- Discuss the agency's authorization decision with the client or the client's legal representative, or both
- Document in the client's medical record that the agency's decision was discussed with the client or the client's legal representative, or both

When does the agency authorize administrative day(s)?

The agency may authorize administrative day(s) for a client who meets one of the following:

- Does not meet the "extension" authorization requirements described in this section
- Stays in the facility longer than the community standard length-of-stay
- Is waiting for a discharge destination or a discharge plan

When does the agency not authorize Acute PM&R services?

The agency does not authorize acute PM&R services for a client who meets one of the following:

- Is deconditioned by a medical illness or by surgery
- Has loss of function primarily as a result of a psychiatric condition(s)
- Has had a recent surgery and has no complicating neurological deficits

Examples of surgeries that do not qualify a client for Acute PM&R services without extenuating circumstances are:

- ✓ Single amputation

Acute PM&R **room and board** includes, but is not limited to:

- Facility use.
- Medical social services.

How does the agency determine payment?

The agency's payment for Acute PM&R services provided by Acute PM&R facilities is described below:

- The agency pays a rehabilitation facility a per diem rate as described in WAC [182-550-3000](#). Payment is calculated based on client length of stay and the provider specific rehab per diem rate.
- The agency pays the per diem rate – in effect at the time services are provided - minus the sum of the following:
 - ✓ Client liability, whether or not collected by the contracted provider
 - ✓ Any amount of coverage from third parties, whether or not collected by the provider, including, but not limited to, coverage from the following:
 - Insurers and indemnitors
 - Other federal or state medical care programs
 - Payments made to the provider on behalf of the client by individuals or organizations not liable for the client's financial obligations, and

- Any other contractual or legal entitlement of the client, including but not limited to the following:
 - Crime victim's compensation
 - Worker's compensation
 - Individual or group insurance
 - Court-ordered dependent support arrangements
 - The tort liability of any third party

- Stays in the facility longer than the **community standards length-of-stay**
- Is waiting for a discharge destination or a discharge plan. (WAC [182-550-2561](#) (8))

How does the agency pay for administrative day(s)?

(WAC [182-550-3381](#) (3))

When the agency authorizes administrative day(s) for a client, the agency pays the facility for both of the following:

- The administrative day rate
- Pharmaceuticals prescribed for the client's use during the administrative portion of the client's stay

How does the agency pay for ambulance transportation services provided to clients receiving Acute PM&R Services? (WAC [182-550-3381](#)(4))

The agency pays for transportation services provided to a client receiving Acute PM&R services in a rehabilitation facility according to Chapter [182-546](#) WAC. Refer to the agency's [Resources Available](#) webpage for contact information.
