

# Bi-Directional BHI Quarterly Meeting

October 19, 2018

# Welcome

- Agenda Review
- Housekeeping

# Update on Codes for Matrix 1 & 2

- Status of removing current limits:
  - Health and Behavior codes (Matrix 1): anticipated effective date January 1, 2019.
  - Psychotherapy and Tobacco Cessation (Matrix 2): anticipated effective date July 1, 2019.
- Decision Package with the rate increase is in development.

# Update on Collaborative Care Code Model Implementation

- Sign ups: 54 providers/groups have submitted attestation forms to HCA for CoCM model delivery
- Pending updates to policy include making clear that board certified addiction medicine professional or addiction psychiatrist may be consultant when diagnosis is OUD or other use disorder issue
- Rulemaking: initial rule was implemented under emergency provisions. Currently working through standard rulemaking process to complete final rule

# Screening Tool Update

- Currently 2 tables in EPSDT
- Eliminating the duplication between the tables for January EPSDT guide
- One table identifies tools for developmental screening and mood disorders which can be billed in addition to the visit
- Newest table are additional screening tools strongly recommended. Reimbursement has not been decided yet

# Organizational Update

- DBHR Merger
  - Division of Behavioral Health and Recovery merged with HCA effective July 1, 2018
  - Integrated teams work closely on FIMC activities
  - DBHR staff will be moving to Cherry Street Plaza in December.
- FIMC
  - Integration activities in NW WA and in Eastern WA including community outreach, knowledge transfer, readiness review for BH-ASOs

# Final Questions/Comments
