Why can’t I pull up my claim?

➢ There are many reasons why you might not be able to retrieve a claim (for any system functions):

• If the claim was adjusted - you can’t retrieve a claim that has already been adjusted.
• It has been replaced by another claim.
• It hasn’t finished processing.
• It was billed under a different domain.
• You could be using the wrong profile.
• Trying to do a resubmit on a paid claim or an adjustment on a denied claim.
• Claims you billed with an NPI not reported in ProviderOne.
• Claims you billed with an ID only rendering provider NPI number as the pay-to provider.
Timely billing
Timely billing guidelines

➢ What are the agency’s timeliness guidelines?
  • The initial billing must occur within **365** days from the date of service on the claim.
  • Providers are allowed **2** years in total to get a claim paid or adjusted.
  • For Delayed Certification client eligibility, the agency allows **12 months** from the Delayed Cert date to bill.
  • Recoupments from other payer’s timeliness starts from the date of the recoupment, not the date of service.
  • The agency uses the Julian calendar for dates.
What is a TCN?

18 digit number that ProviderOne assigns to each claim received for processing. TCN numbers are never repeated.
How do I read a TCN?

1st digit - Claim Medium Indicator
- 1-paper
- 2-Direct Data Entry
- 3-electronic, batch submission
- 4-system generated (Credits/Adjustment)

2nd digit - Type of Claim
- 0-Medical/Dental
- 2-Crossover or Medical

3rd thru 7th digits - Date Claim was Received
- 3rd and 4th digits are the year
- 5th, 6th and 7th digits are the day it was received

Example TCN: 301610465325134000

- 3 Electronic submission via batch
- 0 Medical claim
- 16 Year claim was received - 2016
- 104 Day claim was received - April 13
How do I prove timeliness?

- **Direct Data Entry (DDE) Claims**
  - Resubmit Original Denied/Voided Claim.
  - ProviderOne will automatically detect the timely claim number as the timely TCN is now attached to the new transaction.

- **HIPAA EDI claims**
  - Submit a HIPAA batch transaction using a frequency 7 to adjust/replace the original claim or a frequency 8 to void the original claim.
Adjust or void a Claim
Adjust/void a paid claim

➢ Select **Claim Adjustment/Void** from the Provider Portal.

➢ Enter the **TCN** number if known; or

Billing a client
Background

The Health Care Authority implemented revisions to Washington Administrative Code (WAC) 182-502-0160, Billing a Client, allowing providers, in limited circumstances, to bill fee-for-service or managed care clients for covered healthcare services. It also allows fee-for-service or managed care clients the option to self-pay for covered healthcare services.

The full text of WAC 182-502-0160 can be found on the [Apple Health (Medicaid) manual WAC index](#) page.
# Billing a client definitions

## Healthcare Service Categories

The groupings of healthcare services listed in the table in WAC 182-501-0060. Healthcare service categories are included or excluded depending on the client's **Benefit Service Package (BSP)**.

<td>A healthcare service contained within a &quot;service category“ that is included in a medical assistance BSP as described in WAC 182-501-0060.</td>
</tr>
</tbody>
</table>

## Non-covered service

A specific healthcare service (e.g., crowns for 21 and older) contained within a service category that is included in a medical assistance BSP, for which the agency does not pay without an approved exception to rule (ETR) (see WAC 182-501-0160). **A non-covered service is not an excluded service** (see WAC 182-501-0060). Non-covered services are identified in WAC 182-501-0070 and in specific health-care program rules.
Agreement to Pay for Healthcare Services
WAC 182-502-0160 ("Billing a Client")

This is an agreement between a "client" and a "provider," as defined below. The client agrees to pay the provider for healthcare service(s) that the Health Care Authority (HCA) will not pay. Both parties must sign this Agreement. For the purposes of this Agreement, "services" include but are not limited to healthcare treatment, equipment, supplies, and medications.

Client - A recipient of Medicaid or other healthcare benefits through the HCA or a managed care organization (MCO) that contracts with the HCA.
Provider - An institution, agency, business, or person that provides healthcare services to HCA clients and has a signed agreement with the HCA or authorization from an MCO.

This Agreement and WAC 182-502-0160 apply to billing a client for covered and noncovered services as described in WAC 182-501-0050 through WAC 182-501-0070. Providers may not bill any HCA client (including those enrolled with an MCO that contracts with the HCA) for services which the HCA or an MCO that contracts with the HCA may have paid until the provider has completed all requirements for obtaining authorization.

Directions:
- Both the provider and the client must fully complete this form before an HCA client receives any service for which this Agreement is required.
- You must complete this form no more than 90 calendar days before the date of the service. If the service is not provided within 90 calendar days, the provider and client must complete and sign a new form.
- The provider and the client must complete this form only after they exhaust all applicable HCA or HCA-contracted MCO processes which are necessary to obtain authorization for the requested service(s). These may include the exception to rule (ETR) process for noncovered services as described in WAC 182-501-0160 or the administrative hearing process, if the client chooses to pursue these processes.
- Limited English proficient (LEP) clients must be able to understand this form in their primary language. This may include a translated form or interpretation of the form. If the form is interpreted for the client, the interpreter must also sign and date the form. Both the client and the provider must sign a translated form.

Fully complete the table on back of this form. If needed, attach another sheet for additional services. The client, provider, and interpreter (if applicable) must sign and date each additional page.

Important Note from HCA:
- This agreement is void and unenforceable if the provider fails to comply with the requirements of this form and WAC 182-502-0160 or does not satisfy HCA conditions of payment as described in applicable Washington Administrative Code (WAC) and Billing Instructions. The provider must reimburse the client for the full amount paid by the client.
- See WAC 182-502-0160(9) for a list of services that cannot be billed to a client, regardless of a written agreement.
- Keep the original agreement in the client's medical record for 6 years from the date this agreement is signed. Give a copy of this completed, signed agreement to the client.
- Providers are responsible for ensuring that translation or interpretation of this form and its content is provided to LEP clients. Translated forms are available at http://hrsa.dshs.wa.gov/mpforms.shtml.

When can a provider bill a client **without** form 13-879?

- The bill counts toward the financial obligation of the client or applicant (such as spenddown liability, client participation as described in WAC 388-513-1380, emergency medical expense requirement, deductible, or copayment required by the agency).
- Printed or copied records requested by the client. Department of Health has established a policy noted at WAC 246-08-400.
- The client represented himself/herself as a private pay client and not receiving medical assistance when the client was already eligible for and receiving benefits under a Washington Apple Health.
- The client refused to complete and sign insurance forms, billing documents, or other forms necessary for the provider to bill a third-party insurance carrier for a service.
- The client chose to receive services from a provider who is not contracted with Washington Apple Health.
When can a provider bill a client with form 13-879?

- The service is covered by the agency and does not require authorization, but the service is a specific type of treatment, supply, or equipment based on the client’s personal preference that the agency does not pay for. The client completes the administrative hearings process or chooses to forego it or any part of it.
- If the service is not covered, the provider must inform the client of his or her right to have the provider request an ETR, and the client chooses not to have the provider request an ETR.
- The service is not covered by the agency, the provider requests an ETR and the ETR process is exhausted, and the service is denied.
When can a provider **not** bill a client?

- Services for which the provider did not correctly bill the agency.
- If the agency returns or denies a claim for correction and resubmission, the client cannot be billed.
- Services for which the Agency denied the authorization because the process was placed on hold pending receipt of requested information, but the requested information was not received by the agency. (WAC 182-501-0165(7)(c)(i)). This includes rejected authorizations, when the authorization request is returned due to missing required information.
- The cost difference between an authorized service or item and an "upgraded" service or item preferred by the client (e.g., precious metal crown vs. stainless steel).
- Services for which the provider has not received payment from the agency or the client's MCO because the provider did not complete all requirements necessary to obtain payment; (example: billing using a diagnosis code which is not a primary diagnosis code per ICD-9).

  - Balance bill a client
