Definitions & Abbreviations

This list defines terms and abbreviations, including acronyms, used in this Medicaid provider guide. See the agency's [Medical Assistance Glossary](#) for a more complete list of definitions.

Date of Delivery – The date the client actually took physical possession of an item or equipment. (WAC [182-543-1000](#))

Digitized speech – (Also referred to as devices with whole message speech output) - Words or phrases that have been recorded by an individual other than the SGD user for playback upon command of the SGD user.

Healthcare Common Procedure Coding System (HCPCS) – A coding system established by the Health Care Financing Administration to define services and procedures. (WAC 182-543-1000)

Medical Supplies – Supplies that are:

- Primarily and customarily used to service a medical purpose; and
- Generally not useful to a person in the absence of illness or injury. (WAC 182-543-1000)

Other Durable Medical Equipment (other DME) – All durable medical equipment, excluding wheelchairs and wheelchair related items.

Personal or Comfort Item – An item or service that primarily serves the comfort or convenience of the client. (WAC 182-543-1000)

Plan of Care (POC) – (Also known as plan of treatment (POT)). A written plan of care that is established and periodically reviewed and signed by both a physician and a home health agency provider, that describes the home health care to be provided at the client's residence. (WAC [182-551-2010](#))

Pricing Cluster - A group of manufacturers' list prices for brands/models of DME, medical supplies and nondurable medical equipment that the agency considers when calculating the reimbursement rate for a procedure code that does not have a fee established by Medicare.

Resource Based Relative Value Scale (RBRVS) – A scale that measures the relative value of a medical service or intervention, based on amount of physician resources involved. (WAC 182-543-1000)

Reusable Supplies – Supplies that are to be used more than once. (WAC [182-543-1000](#))

Synthesized Speech – A technology that translates a user's input into device-generated speech using algorithms representing linguistic rules; synthesized speech is not the prerecorded messages of digitized speech. An SGD that has synthesized speech is not limited to pre-recorded messages but rather can independently create messages as communication needs dictate. (WAC 182-543-1000)

Nondurable Medical Supplies and Equipment

Warranty- Period – A guarantee or assurance, according to manufacturers’ or provider’s guidelines, of set duration from the date of purchase. (WAC [182-543-1000](#))

About the Program

(WAC [182-543-0500](#))

What products in general does the MSE program cover?

The federal government considers nondurable medical supplies and equipment (MSE), as optional services under the Medicaid program, except when prescribed as an integral part of an approved plan of treatment under the home health program or required under the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) program.

Note: The agency may reduce or eliminate coverage for optional services, consistent with legislative appropriations.

The agency covers MSE listed within this provider guide, according to agency rules and subject to the limitations and requirements within this guide.

The agency pays for MSE when it is:

- Covered.
- Within the scope of the client's medical program (see WAC [182-501-0060](#) and WAC [182-501-0065](#)).
- Medically necessary, as defined in WAC [182-500-0005](#).
- Prescribed by:
 - ✓ A physician.
 - ✓ An advanced registered nurse practitioner (ARNP).
 - ✓ A physician assistant certified (PAC).
 - ✓ A naturopathic physician.
- Within the scope of his or her licensure, except for dual eligible Medicare/Medicaid clients when Medicare is the primary payer and the agency is being billed for co-pay and/or deductible only.

Nondurable Medical Supplies and Equipment

- Authorized, as required in:
 - ✓ Chapter [182-501](#) WAC.
 - ✓ Chapter [182-502](#) WAC.
 - ✓ Chapter [182-543](#) WAC.
 - ✓ This guide, see [Authorization](#).
- Provided and used within accepted medical or physical medicine community standards of practice.

The agency requires prior authorization (PA) for covered MSE when the clinical criteria are not met including the criteria associated with the expedited prior authorization (EPA) process.

The agency evaluates PA requests on a case-by-case basis to determine medical necessity, according to the process found in WAC [182-501-0165](#).

The agency bases its determination about which MSE requires PA or expedited prior authorization (EPA) on utilization criteria. The agency considers all of the following when establishing utilization criteria:

- Cost
- The potential for utilization abuse
- A narrow therapeutic indication
- Safety

Note: See [Authorization](#) for more information.

The agency evaluates a request for any MSE item listed as noncovered under the provisions of WAC [182-501-0160](#). When Early and Periodic Screening, Diagnosis and Treatment (EPSDT) applies, the agency evaluates a noncovered service, equipment, or supply according to the process in WAC [182-501-0165](#) to determine if it is:

- Medically necessary.
- Safe.
- Effective.
- Not experimental (See the agency's current [Early and Periodic Screening, Diagnosis and Treatment \(EPSDT\) Program Medicaid Provider Guide](#) for more information).

Nondurable Medical Supplies and Equipment

The agency evaluates a request for a service that is in a covered category, but has been determined to be experimental or investigational as defined by WAC [182-531-0050](#), under the provisions of WAC [182-501-0165](#) which relate to medical necessity.

The agency evaluates a request for a covered service that is subject to limitations or other restrictions and approves such a service beyond those limitations or restrictions when medically necessary, under the standards for covered services in WAC [182-501-0165](#) (See [Coverage/Limitations](#)).

Client Eligibility

(WAC [182-501-0060](#) and [182-501-0065](#))

How can I verify a patient's eligibility?

Providers must verify that a patient has Washington Apple Health coverage for the date of service, and that the client's benefit package covers the applicable service. This helps prevent delivering a service the agency will not pay for.

Verifying eligibility is a two-step process:

Step 1. Verify the patient's eligibility for Washington Apple Health. For detailed instructions on verifying a patient's eligibility for Washington Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in the agency's current [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Washington Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the note box below.

Step 2. Verify service coverage under the Washington Apple Health client's benefit package. To determine if the requested service is a covered benefit under the Washington Apple Health client's benefit package, see the agency's [Health Care Coverage—Program Benefit Packages and Scope of Service Categories](#) web page.

Note: Patients who are not Washington Apple Health clients may submit an application for health care coverage in one of the following ways:

1. By visiting the Washington Healthplanfinder's website at: www.wahealthplanfinder.org.
2. By calling the Customer Support Center toll-free at: 855-WAFINDER (855-923-4633) or 855-627-9604 (TTY).
3. By mailing the application to:
Washington Healthplanfinder
PO Box 946
Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit www.wahealthplanfinder.org or call the Customer Support Center.

Are clients enrolled in an agency-managed care plan eligible?

(WAC [182-538-060](#) and [182-538-095](#) or WAC [182-538-063](#) for managed care clients)

Yes! When verifying eligibility using ProviderOne, if the client is enrolled in an agency-managed care plan, managed care enrollment will be displayed on the client benefit inquiry screen in ProviderOne. All services must be requested directly through the client's Primary Care Provider (PCP). Clients can contact their managed care plan by calling the telephone number provided to them.

All medical services covered under a managed care plan must be obtained by the client through designated facilities or providers. The managed care plan is responsible for:

- Payment of covered services.
- Payment of services referred by a provider participating in the plan to an outside provider.

The agency does not cover medical equipment and/or services provided to a client who is enrolled in an agency-contracted managed care plan, but did not use one of the plan's participating providers. (WAC [182-543-1400](#) (9)).

Note: To prevent billing denials, check the client's eligibility **prior** to scheduling services and at the **time of the service** and make sure proper authorization or referral is obtained from the plan. See the agency [ProviderOne Billing and Resource Guide](#) for instructions on how to verify a client's eligibility.

Are Primary Care Case Management (PCCM) clients covered?

For the client who has chosen to obtain care with a PCCM provider, this information will be displayed on the client benefit inquiry screen in ProviderOne. These clients must obtain or be referred for services via a PCCM provider. The PCCM provider is responsible for coordination of care just like the PCP would be in a plan setting.

Provider/Manufacturer Information

(WAC [182-543-2000](#))

What types of nondurable medical supplies and equipment (MSE) and related services does the agency pay for?

The agency pays qualified providers for nondurable medical supplies and equipment (MSE) on a fee-for-service basis as follows:

- MSE providers for MSE and related repair services.
- Medical equipment dealers, pharmacies, and home health agencies under their national provider identifier (NPI) for medical supplies.
- Physicians who provide medical equipment and supplies in the office. The agency may pay separately for medical supplies, subject to the provisions in the agency's resource-based relative value scale fee schedule.
- Out-of-state orthotics and prosthetics providers who meet their state regulations.

Providers and suppliers of MSE must:

- Meet the general provider requirements in chapter [182-502](#) WAC.
- Be enrolled with Medicaid and Medicare.
- Have the proper business license.
- Be certified, licensed and/or bonded if required, to perform the services billed to the agency.
- Provide instructions for use of equipment.
- Furnish to clients only new equipment that includes full manufacturer and dealer warranties.
- Furnish, upon agency request, documentation of proof of delivery (See [How do I provide proof of delivery?](#)).
- Bill the agency using only the allowed procedure codes within this provider guide (see [Nondurable MSE Coverage Table](#)).

Nondurable Medical Supplies and Equipment

- Have a valid prescription. To be valid, a prescription must:
 - ✓ Be written on the agency's *Prescription* form, HCA [13-794](#).
 - ✓ Be written by a physician, advanced registered nurse practitioner (ARNP), physician's assistant certified (PAC), or a naturopathic physician.
 - ✓ Be written, signed (including the prescriber's credentials), and dated by the prescriber on the same day and before delivery of the supply, equipment, or device. Prescriptions must not be back-dated.
 - ✓ Be no older than one year from the date the prescriber signs the prescription.
 - ✓ State the specific item or service requested, diagnosis, estimated length of need (weeks, months, or years), and quantity.

Note: For dual eligible Medicare/Medicaid clients when Medicare is the primary payer and the agency is being billed for only the copay and/or deductible, the above does not apply.

How can I request that equipment/supplies be added to the covered list in this provider guide?

(WAC [182-543-2100](#))

Any interested party, such as providers, suppliers, or manufacturers may request the agency to include new equipment/supplies within this guide

- The request should include credible evidence, including but not limited to:
 - ✓ Manufacturer's literature
 - ✓ Manufacturer's pricing
 - ✓ Clinical research/case studies (including FDA approval, if required)
 - ✓ Proof of the Centers for Medicare and Medicaid Services (CMS) certification, if applicable
 - ✓ Any additional information the requester feels would aid the agency in its determination

Send requests to:

DME Program Management Unit
PO Box 45506
Olympia WA 98504-5506

How do I provide proof of delivery?

(WAC [182-543-2200](#))

When a provider delivers an item directly to the client or the client's authorized representative, the provider must furnish the proof of delivery when the agency requests that information.

All of the following apply:

- The agency requires a delivery slip as proof of delivery, and it must:
 - ✓ Be signed and dated by the client or the client's authorized representative (the date of signature must be the date the item was received by the client).
 - ✓ Include the client's name and a detailed description of the item(s) delivered, including the quantity and brand name.
 - ✓ For MSE that may require future repairs, include the serial number.
- When the provider or supplier submits a claim for payment to the agency, the date of service on the claim must be one of the following:
 - ✓ For a one-time delivery, the date the item was received by the client or authorized representative
 - ✓ For nondurable medical supplies for which the agency has established a monthly maximum, on or after the date the item was received by the client or authorized representative

When a provider uses a delivery/shipping service to deliver items which are not fitted to the client, the provider must furnish proof of delivery that the client received the equipment and/or supply, when the agency requests that information.

- If the provider uses a delivery/shipping service, the tracking slip is the proof of delivery. The tracking slip must include:
 - ✓ The client's name or a reference to the client's package(s).
 - ✓ The delivery service package identification number.
 - ✓ The delivery address.
- If the provider/supplier delivers the product, the proof of delivery is the delivery slip. The delivery slip must include:
 - ✓ The client's name.
 - ✓ The shipping service package identification number.
 - ✓ The quantity, detailed description(s), and brand name(s) of the items being shipped.
 - ✓ For MSE that may require future repairs, include the serial number.

Nondurable Medical Supplies and Equipment

- When billing the agency use one of the following:
 - ✓ Use the shipping date as the date of service on the claim if the provider uses a delivery/shipping service.
 - ✓ Use the actual date of delivery as the date of service on the claim if the provider/supplier does the delivery.

Note: A provider must not use a delivery/shipping service to deliver items which must be fitted to the client.

Providers must obtain prior authorization (PA) when required before delivering the item to the client. The item must be delivered to the client before the provider bills the agency.

The agency does not pay for MSE furnished to the agency's clients when:

- The medical professional who provides medical justification to the agency for the item provided to the client is an employee of, has a contract with, or has any financial relationship with the provider of the item.
- The medical professional who performs a client evaluation is an employee of, has a contract with, or has any financial relationship with a provider of MSE.

Rental or purchase

(WAC [182-543-2250](#))

- The agency bases its decision to rent or purchase nondurable medical equipment (MSE) on the length of time the client needs the equipment.
- A provider must not bill the agency for the rental or purchase of equipment supplied to the provider at no cost by suppliers/manufacturers.
- The agency purchases **new** MSE equipment only:
 - ✓ **A new** MSE item that is placed with a client initially as a rental item is considered a new item by the agency at the time of purchase.
 - ✓ **A used** MSE item that is placed with a client initially as a rental item **must** be replaced by the supplier with a new item prior to the purchase by the agency.

Nondurable Medical Supplies and Equipment

- The agency requires a dispensing provider to ensure the MSE rented to a client is both of the following:
 - ✓ In good working order
 - ✓ Comparable to equipment the provider rents to clients with similar medical equipment needs who are either private pay clients or who have other third-party coverage
- The agency's minimum rental period for covered MSE is one day.
- The agency authorizes rental equipment for a specific period of time. The provider must request authorization from the agency for any extension of the rental period.
- The agency's reimbursement amount for rented MSE includes all of the following:
 - - ✓ Delivery to the client
 - ✓ Fitting, set-up, and adjustments
 - ✓ Maintenance, repair and/or replacement of the equipment
 - ✓ Return pickup by the provider
- The agency considers rented equipment to be purchased after twelve months' rental, unless the equipment is restricted as rental only.
- MSE purchased by the agency for a client are the client's property.
- The agency rents, but does not purchase, certain MSE for clients.
- The agency stops paying for any rented equipment effective the date of a client's death. The agency prorates monthly rentals as appropriate.
- For a client who is eligible for both Medicare and Medicaid, the agency pays only the client's coinsurance and deductibles. The agency discontinues paying client's coinsurance and deductibles for rental equipment when either of the following applies:
 - ✓ The reimbursement amount reaches Medicare's reimbursement cap for the equipment.
 - ✓ Medicare considers the equipment purchased.
- The agency does not obtain or pay for insurance coverage against liability, loss and/or damage to rental equipment that a provider supplies to a client.

Coverage/Limitations

(WAC [182-543-5500](#))

 - ✓ Synthetic or lamb's wool sheepskin pad - 1 per 12-month period
 - ✓ Heel or elbow protectors - 4 per 12-month period
- Ostomy supplies:
 - ✓ Adhesive for ostomy or catheter: cement; powder; liquid (e.g., spray or brush) or paste (any composition, e.g., silicone or latex) - 4 total ounces per month
 - ✓ Adhesive or non-adhesive disc or foam pad for ostomy pouches - 10 per month
 - ✓ Adhesive remover or solvent - 3 ounces per month
 - ✓ Adhesive remover wipes, 50 per box - 1 box per month
 - ✓ Closed pouch, with or without attached barrier, with a 1- or 2-piece flange, or for use on a faceplate - 60 per month
 - ✓ Closed ostomy pouch with attached standard wear barrier, with built-in 1-piece convexity - 10 per month
 - ✓ Continent plug for continent stoma - 30 per month
 - ✓ Continent device for continent stoma - 1 per month
 - ✓ Drainable ostomy pouch, with or without attached barrier, or with 1- or 2-piece flange - 20 per month
 - ✓ Drainable ostomy pouch with attached standard or extended wear barrier, with or without built-in 1-piece convexity - 20 per month
 - ✓ Drainable ostomy pouch for use on a plastic or rubber faceplate (only 1 type of faceplate allowed) - 10 per month
 - ✓ Drainable urinary pouch for use with a plastic, heavy plastic, or rubber faceplate (only 1 type of faceplate allowed) - 10 per month
 - ✓ Irrigation bag - 2 every 6 months
 - ✓ Irrigation cone and catheter, including brush - 2 every 6 months

Nondurable Medical Supplies and Equipment

- ✓ Irrigation supply, sleeve - 1 per month
- ✓ Ostomy belt (adjustable) for appliance - 2 every 6 months
- ✓ Ostomy convex insert - 10 per month
- ✓ Ostomy ring - 10 per month
- ✓ Stoma cap - 30 per month
- ✓ Ostomy faceplate - 10 per month. The agency does not pay for either of the following when billed in combination with an ostomy faceplate with:
 - Drainable pouches with plastic face plate attached.
 - Drainable pouches with rubber face plate.
- Syringes and needles
- Urological supplies - diapers and related supplies:
 - ✓ The standards and specifications in this section apply to all disposable incontinence products (e.g., briefs, diapers, pull-up pants, underpads for beds, liners, shields, guards, pads, and undergarments)
 - ✓ All of the following apply to all disposable incontinence products:
 - All materials used in the construction of the product must be safe for the client's skin and harmless if ingested
 - Adhesives and glues used in the construction of the product must not be water-soluble and must form continuous seals at the edges of the absorbent core to minimize leakage
 - The padding must provide uniform protection
 - The product must be hypoallergenic
 - The product must meet the flammability requirements of both federal law and industry standards
 - All products are covered for client personal use only

Nondurable Medical Supplies and Equipment

- ✓ In addition, diapers must:
 - Be hourglass shaped with formed leg contours.
 - Have an absorbent filler core that is at least one-half inch from the elastic leg gathers.
 - Have leg gathers that consist of at least 3 strands of elasticized materials.
 - Have an absorbent core that consists of cellulose fibers mixed with absorbent gelling materials.
 - Have a backsheet that is moisture impervious and is at least 1.00 mm thick, designed to protect clothing and linens.
 - Have a topsheet that resists moisture returning to the skin.
 - Have an inner lining that is made of soft, absorbent material.
 - Have either a continuous waistband, or side panels with a tear-away feature, or refastenable tapes, as follows:
 - For child diapers, at least 2 tapes, 1 on each side
 - The tape adhesive must release from the backsheet without tearing, and permit a minimum of 3 fastening/unfastening cycles

- ✓ In addition pull-up pants and briefs must meet the following specifications:
 - Be made like regular underwear with an:
 - Elastic waist.
 - Have at least 4 tapes, two on each side or 2 large tapes, 1 on each side.
 - Have an absorbent core filler that is at least one-half inch from the elastic leg gathers.
 - Have an absorbent core that consists of cellulose fibers mixed with absorbent gelling.
 - Have leg gathers that consist of at least 3 strands of elasticized materials.

Nondurable Medical Supplies and Equipment

- Have a backsheet that is:
 - Moisture impervious, is at least 1.00 mm thick.
 - Designed to protect clothing and linens.
- Have an inner lining made of soft, absorbent material.
- Have a top sheet that resists moisture returning to the skin.
- ✓ In addition, underpads are covered only when used for clients with incontinence, and only when used for protection on a client's bed, and must meet the following specifications:
 - Have an absorbent layer that is at least one and one-half inches from the edge of the underpad
 - Be manufactured with a waterproof backing material
 - Be able to withstand temperatures not to exceed 140 degrees Fahrenheit
 - Have a covering or facing sheet that is made of nonwoven, porous materials that have a high degree of permeability, allowing fluids to pass through and into the absorbent filler. The patient contact surface must be soft and durable
 - Have filler material that is highly absorbent. It must be heavy weight fluff filler or the equivalent
 - Have 4-ply, nonwoven facing, sealed on all 4 sides
- ✓ In addition liners, shields, guards, pads, and undergarments are covered for incontinence only and must meet the following specifications:
 - Have channels to direct fluid throughout the absorbent area, and leg gathers to assist in controlling leakage, and/or be contoured to permit a more comfortable fit
 - Have a waterproof backing designed to protect clothing and linens
 - Have an inner liner that resists moisture returning to the skin
 - Have an absorbent core that consists of cellulose fibers mixed with absorbent gelling materials

Clients Residing in a Skilled Nursing Facility

(WAC [182-543-5700](#))

What does the per diem rate include for a skilled nursing facility?

The agency's skilled nursing facility per diem rate, established in chapter [74.46](#) RCW, chapter [388-96](#) WAC, and chapter [388-97](#) WAC, includes any reusable and disposable medical supplies that may be required for a skilled nursing facility client, unless otherwise specified in this provider guide.

The agency pays for the following covered nondurable medical supplies and equipment (MSE) outside of the skilled nursing facility per diem rate, subject to the limitations in this guide.

Manual and power-drive wheelchairs

(WAC [182-543-5700](#)(2))

The agency pays for one manual or one power-drive wheelchair for clients who reside in a skilled nursing facility, with prior authorization (PA), according to the requirements in WAC [182-543-4100](#), WAC [182-543-4200](#), and WAC [182-543-4300](#).

Requests for PA must:

- Be for the exclusive full-time use of a skilled nursing facility resident.
- Not be included in the skilled nursing facility's per diem rate.
- Include a completed *General Information for Authorization* form, [13-835](#).
- Include a copy of the telephone order, signed by the physician, for the wheelchair assessment.
- Include a completed *Medical Necessity for Wheelchair Purchase for Nursing Facility Clients* form, [13-729](#).

Nondurable Medical Supplies and Equipment

The agency pays for wheelchair accessories and modifications that are specifically identified by the manufacturer as separate line item charges, with prior authorization (PA). To receive payment, providers must submit the following to the agency:

- A completed *Prescription* form, [13-794](#).
- A completed Medical Necessity for Wheelchair Purchase for Nursing Facility Clients form, 13-729. The date on form 13-729 must not be prior to the date on the *Prescription* form, [13-794](#). (See [Reimbursement](#) for more information).
- The make, model, and serial number of the wheelchair to be modified.
- The modification requested.
- Specific information regarding the client's medical condition that necessitates modification to the wheelchair.

The agency pays for wheelchair repairs, with PA. To receive payment, providers must submit the following to the agency:

- A completed Medical Necessity for *Wheelchair Purchase For Nursing Facility (NF) Clients* form, [13-729](#).
- The make, model, and serial number of the wheelchair to be repaired.
- The repair requested.

PA is required for the repair and modification of client-owned equipment.

The skilled nursing facility must provide a house wheelchair as part of the per diem rate, when the client resides in a skilled nursing facility.

When the client is eligible for both Medicare and Medicaid and is residing in a skilled nursing facility in lieu of hospitalization, the agency does not reimburse for MSE and labor charges under fee-for-service (FFS).

Speech generating devices (SGD)

(WAC [182-543-5700](#)(2))

The agency pays for the purchase and repair of a speech generating device (SGD), with PA. The agency pays for replacement batteries for SGDs in accordance with WAC [182-543-5500](#)(3).

Specialty beds

(WAC [182-543-5700\(2\)](#))

The agency pays for the purchase or rental of a specialty bed (a heavy duty bariatric bed is not a specialty bed), with prior authorization (PA), when:

- The specialty bed is intended to help the client heal.
- The client's nutrition and laboratory values are within normal limits.

The agency considers decubitus care products to be included in the skilled nursing facility per diem rate and does not reimburse for these separately. (See [Reimbursement](#) section for more information.)

What does the agency pay for outside the per diem rate?

(WAC [182-543-5700\(13\)](#))

The agency pays for the following medical supplies for a client in a skilled nursing facility outside the skilled nursing facility per diem rate:

- Medical supplies or services that replace all or parts of the function of a permanently impaired or malfunctioning internal body organ. This includes, but is not limited to the following:
 - ✓ Colostomy and other ostomy bags and necessary supplies; and (see WAC [182-97-1060\(3\)](#), nursing homes/quality of care).
 - ✓ Urinary retention catheters, tubes, and bags, excluding irrigation supplies.
- Supplies for intermittent catheterization programs, for the following purposes:
 - ✓ Long term treatment of atonic bladder with a large capacity.
 - ✓ Short term management for temporary bladder atony.
- Surgical dressings required as a result of a surgical procedure, for up to six weeks post-surgery.

Noncovered

What is not covered?

(WAC [182-543-6000](#))

The agency pays only for MSE and related supplies and services listed as covered in this provider guide. The agency evaluates a request for any MSE and related supplies and services listed as noncovered within this provider guide and in WAC [182-501-0070](#), under the provisions of WAC [182-501-0160](#). When the agency considers that a request does not meet the provisions of WAC 182-501-0160, the client may appeal that decision under the provisions of WAC [182-501-1165](#).

The agency does not cover:

- A client's utility bills, even if the operation or maintenance of medical equipment purchased or rented by the agency for the client contributes to an increased utility bill.
- Instructional materials such as pamphlets and video tapes.
- Hairpieces or wigs.
- Material or services covered under manufacturer's warranties.
- Supplies and equipment used during a physician office visit, such as tongue depressors and surgical gloves.
- Non-medical equipment, supplies, and related services, including but not limited to, the following:
 - ✓ Cleaning brushes and supplies, except for ostomy-related cleaners/supplies.
 - ✓ Diathermy machines used to produce heat by high frequency current, ultrasonic waves, or microwave radiation.

Nondurable Medical Supplies and Equipment

- ✓ Electronic communication equipment, installation services, or service rates including, but not limited to, the following:
 - Devices intended for amplifying voices (e.g., microphones).
 - Interactive communications computer programs used between patients and healthcare providers (e.g., hospitals, physicians), for self-care home monitoring, or emergency response systems and services (refer to ADSA COPEs or outpatient hospital programs for emergency response systems and services).
 - Two-way radios.
 - Rental of related equipment or services.
 - Devices requested for the purpose of education.
- ✓ Environmental control devices, such as air conditioners, air cleaners/purifiers, dehumidifiers, portable room heaters or fans (including ceiling fans), heating or cooling pads, and light boxes.
- ✓ Ergonomic equipment.
- ✓ Exercise classes or equipment such as bicycles, exercise mats, exercise balls , tricycles, stair steppers, weights, or trampolines.
- ✓ Generators.
- ✓ Computer software other than speech generating, printers, and computer accessories (such as anti-glare shields, backup memory cards, etc.).
- ✓ Computer utility bills, telephone bills, Internet service, or technical support for computers or electronic notebooks.
- ✓ Any communication device that is useful to someone without severe speech impairment (e.g., cellular telephone, electronic notebook, two way radio, pager ,walkie-talkie, pager, or electronic notebook).
- ✓ Racing stroller/wheelchairs and purely recreational equipment;
- ✓ Room fresheners/deodorizers.
- ✓ Bidet or hygiene systems, paraffin bath units, and shampoo rings;
- ✓ Timers or electronic devices to turn things on or off, which are not an integral part of the equipment.
- ✓ Vacuum cleaners, carpet cleaners/deodorizers, and/or pesticides/insecticides.

Nondurable Medical Supplies and Equipment

- ✓ Wheeled reclining chairs, lounge and/or lift chairs (e.g., geri-chair, posture guard, or lazy boy).
- Blood Pressure Monitoring:
 - ✓ Sphygmomanometer/blood pressure apparatus with cuff and stethoscope
 - ✓ Blood pressure cuff only
 - ✓ Automatic blood pressure monitor
- Transcutaneous electrical nerve stimulation (TENS) devices and supplies, including battery chargers
- Functional electrical stimulation (FES) bike
- Life Vest
- Disinfectant spray
- Periwash
- Bathroom equipment used inside or outside of the physical space of a bathroom:
 - ✓ Bath stools
 - ✓ Bathtub wall rail (grab bars)
 - ✓ Bed pans
 - ✓ Bedside commode chairs
 - ✓ Control unit for electronic bowel irrigation/evacuation system
 - ✓ Disposable pack for use with electronic bowel system
 - ✓ Raised toilet seat
 - ✓ Safety equipment (including but not limited to belt, harness or vest)
 - ✓ Shower chairs
 - ✓ Shower/commode chairs
 - ✓ Sitz type bath or equipment
 - ✓ Standard and heavy duty bath chairs
 - ✓ Toilet rail
 - ✓ Transfer bench for tub or toilet
 - ✓ Urinal male/female

Nondurable Medical Supplies and Equipment

- Personal and comfort items that do not meet the DME definition, including, but not limited to, the following:
 - ✓ Antiperspirant;
 - ✓ Astringent
 - ✓ Bath gel
 - ✓ Conditioner
 - ✓ Deodorant
 - ✓ Moisturizers
 - ✓ Mouthwash
 - ✓ Powder
 - ✓ Shampoo
 - ✓ Shaving cream
 - ✓ Shower cap
 - ✓ Shower curtains
 - ✓ Soap (including antibacterial soap)
 - ✓ Toothpaste
 - ✓ Towels
 - ✓ Weight scales

- Bedding items:
 - ✓ Blankets
 - ✓ Bumper pads
 - ✓ Mattress covers/bags
 - ✓ Mattress pads
 - ✓ Pillow cases/covers
 - ✓ Pillows
 - ✓ Sheets

- Bedside items as follows:
 - ✓ Bed trays
 - ✓ Carafes
 - ✓ Over-the-bed tables

Nondurable Medical Supplies and Equipment

- Clothing and accessories:
 - ✓ Coats;
 - ✓ Custom vascular supports (CVS)
 - ✓ Gloves (including wheelchair gloves)
 - ✓ Gradient compression stockings (pantyhose style)
 - ✓ Gradient compression stockings
 - ✓ Hats
 - ✓ Lumbar supports for pregnancy
 - ✓ Scarves
 - ✓ Slippers
 - ✓ Socks
 - ✓ Surgical stockings
- Clothing protectors, surgical masks, and other protective cloth furniture covering.
- Cosmetics, including corrective formulations, hair depilatories, and products for skin bleaching, commercial sun screens, and tanning.
- Diverter valves for bathtub and hand held showers.
 - ✓ Eating/feeding utensils
 - ✓ Emesis basins, enema bags, and diaper wipes
 - ✓ Health club memberships
 - ✓ Hot or cold temperature food and drink containers/holders
 - ✓ Hot water bottles and cold/hot packs or pads not otherwise covered by specialized therapy programs
 - ✓ Impotence devices
 - ✓ Insect repellants
 - ✓ Massage equipment
 - ✓ Medication dispensers, such as med-collators and count-a-dose, except as obtained under the compliance packaging program. See Chapter [182-530](#) WAC
 - ✓ Medicine cabinet and first aid items, such as adhesive bandages (e.g., Band-Aids, Curads), cotton balls, cotton-tipped swabs, medicine cups, thermometers, and tongue depressors
 - ✓ Sharps containers

Nondurable Medical Supplies and Equipment

- ✓ Page turners
- ✓ Radios and televisions
- ✓ Telephones, telephone arms, cellular phones, electronic beepers, and other telephone messaging services
- ✓ Toothettes and toothbrushes, waterpics, and peridontal devices whether manual, battery-operated, or electric
- Certain wheelchair features and options are not considered by the agency to be medically necessary or essential for wheelchair use. This includes, but is not limited to:
 - ✓ Attendant controls (remote control devices)
 - ✓ Canopies, including those for stroller and other equipment
 - ✓ Clothing guards to protect clothing from dirt, mud, or water thrown up by the wheels (similar to mud flap for cars)
 - ✓ Identification devices (such as labels, license plates, name plates)
 - ✓ Lighting systems
 - ✓ Speed conversion kits
 - ✓ Tie-down restraints, except where medically necessary for client owned vehicles;
 - ✓ Warning devices, such as horns and backup signals
 - ✓ Hub lock brake
 - ✓ Decals
 - ✓ Replacement key or extra key
 - ✓ Trays for clients in a skilled nursing facility
- New durable medical equipment, supplies, or related technology that the agency has not evaluated for coverage (ee WAC [182-543-2100](#)).

Note: The agency evaluates a request for any equipment or devices that are listed as noncovered in this provider guide under the provisions of WAC [182-501-0165](#). (See WAC [182-543-0500\(2\)](#)).

Authorization

(WAC [182-543-7000](#))

What is authorization?

Authorization is the agency's approval for certain medical services, equipment, or supplies, before the services are provided to clients, as a precondition for provider reimbursement. **Prior authorization (PA), expedited prior authorization (EPA) and limitation extensions (LE) are forms of prior authorization.**

The agency requires providers to obtain authorization for covered durable medical equipment (DME) and related supplies as required in:

- This provider guide.
- Any applicable numbered memoranda.
- Chapter [182-501](#) WAC, chapter [182-502](#) WAC, and chapter [182-543](#) WAC.
- When the clinical criteria required within this section are not met.

For prior authorization (PA), a provider must submit a written request to the agency as specified. (See [When does the agency require PA?](#) in this guide.)

All requests for PA must be accompanied by a completed *General Information for Authorization* form, [13-835](#) in addition to any program-specific agency forms as required in this guide.

For expedited prior authorization (EPA), a provider must meet the clinically appropriate EPA criteria outlined within this provider guide. The appropriate EPA number must be used when the provider bills the agency. (See [When is EPA Used?](#)).

When a service requires authorization, the provider must properly request authorization in accordance with the agency's rules and Medicaid provider guides.

Note: The agency's authorization of service(s) does not necessarily guarantee payment.

When authorization is not properly requested, the agency rejects and returns the request to the provider for further action. The agency does not consider the rejection of the request to be a denial of service.

Authorization requirements in this chapter are not a denial of service to the client.

The agency may recoup any payment made to a provider if the agency later determines that the service was not properly authorized or did not meet the EPA criteria. See WAC [182-502-0100](#)(1)(c).

When does the agency require prior authorization (PA)?

(WAC [182-543-7100](#))

The agency requires providers to obtain PA for certain items and services before delivering that item or service to the client, except for dual-eligible Medicare/Medicaid clients when Medicare is the primary payer. The item or service must also be delivered to the client before the provider bills the agency.

All PA requests must be accompanied by a completed *General Information for Authorization* form, [13-835](#), in addition to any program-specific agency forms as required within this section.

When the agency receives the initial request for PA, the prescription(s) for those items or services must not be older than three months from the date the agency receives the request.

What information does the agency require for PA?

The agency requires certain information from providers in order to PA the purchase or rental of equipment. This information includes, but is not limited to:

- The manufacturer's name.
- The equipment model and serial number.
- A detailed description of the item.
- Any modifications required, including the product or accessory number as shown in the manufacturer's catalog.

Nondurable Medical Supplies and Equipment

For PA requests, the agency requires the prescribing provider to furnish patient-specific justification for base equipment and each requested line item accessory or modification as identified by the manufacturer as a separate charge. The agency does not accept general standards of care or industry standards for generalized equipment as justification.

The agency considers requests for new nondurable medical supplies and equipment (MSE) that do not have assigned Healthcare Common Procedure Coding System (HCPCS) codes and are not listed in the agency's Medicaid provider guides. These items require PA.

When making authorization requests, providers must furnish the agency with all of the following information to establish medical necessity:

- A detailed description of the item(s) or service(s) to be provided.
- The cost or charge for the item(s).
- A copy of the manufacturer's invoice, price-list or catalog with the product description for the item(s) being provided.
- A detailed explanation of how the requested item(s) differs from an already existing code description.

The agency does not pay for purchase, rental, or repair of medical equipment that duplicates equipment the client already owns or rents. If the provider believes the purchase, rental, or repair of medical equipment is not duplicative, the provider must request PA and submit the following to the agency:

- Why the existing equipment no longer meets the client's medical needs.

-OR-

- Why the existing equipment could not be repaired or modified to meet those medical needs.

-AND-

- Upon request, documentation showing how the client's condition met the criteria for PA or EPA.

When an item or service has been denied by the agency, a provider may re-submit a request for PA for the denied item or service. Upon re-submission for PA, the agency requires the provider to submit any additional documentation that further supports the client's need for the item or service that was previously denied.

Submitting photos and x-rays for medical and MSE requests

For submitting photos and x-rays for medical and DME requests, use the FastLook™ and FastAttach™ services provided by Medical Electronic Attachment, Inc. (MEA).

You may register with MEA by:

- Going to www.mea-fast.com/.
- Selecting Provider Registration (on the menu bar below the banner).
- Entering FastWDSHS in the [promotion code box](#).

Contact MEA at 1-888-329-9988, ext. 2, with any questions.

When this option is chosen, you can fax your request to the agency and indicate the MEA# in the NEA field (box 18) on the PA Request Form.

There is an associated cost, which will be explained by the MEA services.

Note: See the agency [ProviderOne Billing and Resource Guide](#) and review the Prior Authorization (PA) chapter for more information on requesting authorization

What is a limitation extension (LE)?

(WAC [182-543-7200](#))

The agency limits the amount, frequency, or duration of certain covered nondurable medical equipment and supplies (MSE), and pays up to the stated limit without requiring prior authorization (PA).

Certain covered items have limitations on quantity and frequency. These limits are designed to avoid the need for PA for items normally considered medically necessary and for quantities sufficient for a thirty-day supply for one client.

The agency requires a provider to request PA for a limitation extension (LE) in order to exceed the stated limits for nondurable medical equipment and supplies (MSE).

All requests for PA must be accompanied by a completed *General Information for Authorization* form, [13-835](#) in addition to any program specific agency forms as required within this provider guide.

The agency evaluates requests for LE under the provisions of WAC [182-501-0169](#).

When is expedited prior authorization (EPA) used?

(WAC [182-543-7300](#))

EPA is designed to eliminate the need for written and telephonic requests for PA for selected nondurable medical supplies and equipment (MSE) procedure codes.

The agency requires a provider to create an authorization number for EPA for selected MSE procedure codes. The process and criteria used to create the authorization number is explained within this provider guide. The authorization number must be used when the provider bills the agency.

Upon request, a provider must provide documentation to the agency showing how the client's condition met the criteria for EPA.

A written or telephone request for PA is required when a situation does not meet the EPA criteria for selected MSE procedure codes.

The agency may recoup any payment made to a provider under this section if the provider did not follow the required EPA process and criteria.

To bill the agency for MSE that meet the EPA criteria on the following pages, the vendor must create a 9-digit EPA number. The first 6 digits of the EPA number must be **870000**. The last 3 digits must be the code number of the product and documented medical condition that meets the EPA criteria.

Enter the EPA number on the CMS-1500 claim form in the **Authorization Number** field or in the **Authorization** field (at claim level or line level) when billing electronically or direct data entry (DDE). With HIPAA implementation, multiple authorization (prior/expedited) numbers can be billed on a claim. If you are billing **multiple** EPA numbers, you must list the 9-digit EPA numbers in **field 19** of the paper claim form **exactly** as follows (*not all required fields are represented in the example*):

19. Line 1: 870000725/ Line 2: 870000726

If you are only billing one EPA or PA number on a paper CMS-1500 claim form, continue to list the 9-digit EPA number in field 23 of the claim form.

Vendors are reminded that EPA numbers are only for those products listed on the following pages. EPA numbers are not valid for:

- Other MSE requiring PA through the Durable Medical Equipment program.
- Products for which the documented medical condition does not meet **all** of the specified criteria.
- Over-limitation requests.

Nondurable Medical Supplies and Equipment

The written or telephonic request for PA process must be used when a situation does not meet the criteria for a selected MSE code. Providers must submit the request to the DME authorization Unit or call for authorization.

Note: See the agency's [ProviderOne Billing and Resource Guide](#) for more information on requesting authorization.

Washington State Expedited Prior Authorization Criteria Coding List

Miscellaneous Supplies

Note: The following pertains to expedited prior authorization (EPA) numbers 851 - 852:

1. If the medical condition does not meet **all** of the specified criteria, prior authorization must be obtained by submitting a request in writing to DME Program Management Unit or by calling the agency (see the [Resources Available](#) section within this guide).
2. It is the vendor's responsibility to determine whether the client has already used the product allowed with the EPA criteria within the previous 30 days.
3. For extension of authorization beyond the EPA amount allowed, the normal prior authorization process is required.
4. Must have a valid physician prescription as described in WAC [182-543-2000\(2\)\(c\)](#)
5. Length of need/life expectancy, as determined by the prescribing physician, and medical justification (including **all** of the specified criteria) must be documented in the client's file.
6. You may bill for only one procedure code, per client, per month.

Procedure Code	Description	EPA Code	Criteria
A4335	Incontinence supply, use for diaper doublers, each (age 3 and up).	851	Purchase of 90 per month allowed when all of the following criteria are met: a) If product is used for extra absorbency at nighttime only; and b) When prescribed by a physician.
		852	Up to equal amount of diapers/briefs received if one of the following criteria for clients is met: a) Tube fed; b) On diuretics or other medication that causes frequent/large amounts of output; or c) Brittle diabetic with blood sugar problems.
A4927	Additional gloves for clients who live in an Assisted Living	1262	Will be allowed up to the quantity necessary as directed by the client's physician, not to exceed a total of 400 per month.

Nondurable Medical Supplies and Equipment

Procedure Code	Description	EPA Code	Criteria
	Blood glucose test strips and lancets for pregnant women with gestational diabetes	1263	Up to the quantity necessary to support testing as directed by their physician, up to 60 days post delivery.
A4253 A4259	300 test strips/lancets per month for children through age 20	1265	100 over limit - For children only.
	300 test strips/lancets per month for children through age 20	0265	Pharmacy POS providers: Use EA number 85000000265.

Billing and Claim Forms

What are the general billing requirements?

Providers must follow the agency's [ProviderOne Billing and Resource Guide](#). These billing requirements include:

- What time limits exist for submitting and resubmitting claims and adjustments.
- When providers may bill a client.
- How to bill for services provided to primary care case management (PCCM) clients.
- How to bill for clients eligible for both Medicare and Medicaid.
- How to handle third-party liability claims.
- What standards to use for record keeping.

Billing for clients eligible for both Medicare and Medicaid

Medicare Part D

Clients covered by Part D Medicare may have coverage for diabetes supplies associated with the administration of insulin. These medical supplies include the following:

- Syringes
- Needles
- Alcohol swabs
- Gauze
- Inhaled insulin devices

If you are unable to bill Part D Medicare on behalf of a client, you will need to refer the client to a supplier that can.

For more information on how to bill for clients eligible for both Medicare and Medicaid, refer to the agency's [ProviderOne Billing and Resource Guide](#).

Third-party liability

If the client has TPL coverage (excluding Medicare), prior authorization (PA) must still be obtained before providing any service requiring PA. For more information on TPL coverage, refer to the agency's [ProviderOne Billing and Resource Guide](#).

Completing the CMS-1500 claim form

Note: Refer to the agency's [ProviderOne Billing and Resource Guide](#) for general instructions on completing the CMS-1500 claim form.

The following CMS-1500 claim form instructions relate to the nondurable medical supplies and equipment:

Reimbursement

What is the general reimbursement for MSE and related services?

(WAC [182-543-9400](#))

The agency sets, evaluates and updates the maximum allowable fees for medical supplies and nondurable medical equipment (MSE) and supplies at least once yearly using one or more of the following:

- The current Medicare rate, as established by the federal centers for Medicare and Medicaid services (CMS), if a Medicare rate is available.
- A pricing cluster.
- Based on input from stakeholders or other relevant sources that the agency determines to be reliable and appropriate.
- On a by-report basis.

Establishing reimbursement rates for medical supplies and MSE items based on pricing clusters.

- A pricing cluster is based on a specific healthcare common procedure coding system (HCPCS) code.
- The agency's pricing cluster is made up of all the brands for which the agency obtains pricing information. However, the agency may limit the number of brands included in the pricing cluster if doing so is in the best interests of its clients as determined by the agency. The agency considers all of the following when establishing the pricing cluster:
 - ✓ A client's medical needs
 - ✓ Product quality
 - ✓ Cost
 - ✓ Available alternatives
- When establishing the fee for medical supplies or other MSE items in a pricing cluster, the maximum allowable fee is the median amount of available manufacturers' list prices.

Nondurable Medical Supplies and Equipment

The agency evaluates a by-report (BR) item, procedure, or service for medical necessity, appropriateness and reimbursement value on a case-by-case basis. The agency calculates the reimbursement rate at 85% of the manufacturer's list price.

For clients residing in skilled nursing facilities, see WAC [182-543-5700](#).

What is the payment methodology for medical supplies and related services?

(WAC [182-543-9400](#))
