

**Washington Apple Health (Medicaid)**

# **Prosthetic and Orthotic (P&O) Devices Billing Guide**

**July 1, 2025**

## Disclaimer

Every effort has been made to ensure this guide's accuracy. If an actual or apparent conflict arises between this document and a governing statute or Health Care Authority (HCA) rule, the governing statute or HCA rule applies.

Billing guides are updated on a regular basis. Due to the nature of content change on the internet, we do not fix broken links in past guides. If you find a broken link, please check the most recent version of the guide. If the broken link is in the most recent guide, please notify us at [askmedicaid@hca.wa.gov](mailto:askmedicaid@hca.wa.gov).

## About this guide<sup>1</sup>

This publication takes effect **July 1, 2025**, and supersedes earlier billing guides to this program.

HCA is committed to providing equal access to our services. If you need an accommodation or require documents in another format, please call 1-800-562-3022. People who have hearing or speech disabilities, please call 711 for relay services.

Services, equipment, or both, related to any of the programs listed below, must be billed using their program-specific billing guides:

- [Medical Equipment and Supplies Billing Guide](#)
- [Medical Nutrition Billing Guide](#)
- [Home Infusion Therapy Billing Guide](#)

Washington Apple Health means the public health insurance programs for eligible Washington residents. Washington Apple Health is the name used in Washington State for Medicaid, the children's health insurance program (CHIP), and state-only funded health care programs. Washington Apple Health is administered by HCA.

Refer also to HCA's [ProviderOne billing and resource guide](#) for valuable information to help you conduct business with the Health Care Authority.

## How can I get HCA Apple Health provider documents?

To access provider alerts, go to HCA's [provider alerts webpage](#).

To access provider documents, go to HCA's [provider billing guides and fee schedules webpage](#).

## What has changed?

The table below briefly outlines how this publication differs from the previous one. This table is organized by subject matter. Each item in the Subject column is a hyperlink that, when clicked, will take you to the specific change summarized in that row of the table.

Subject	Change	Reason for Change
<a href="#">Managed care enrollment</a>	Revised the first paragraph to include exceptions for the following: <ul style="list-style-type: none"> <li>• Apple Health Expansion clients</li> <li>• Clients eligible to receive Reentry Initiative services</li> </ul>	To clarify managed care enrollment policy for Apple Health clients
<a href="#">Reentry Initiative</a>	Added new section	<b>Effective for dates of service on and after July 1, 2025</b> , HCA covers a limited set of services for incarcerated individuals through fee-for-service (FFS) or their HCA-contracted managed care organization (MCO) for up to 90 days before their release from carceral facilities within Washington State.
<a href="#">What requirements must providers and suppliers meet for coverage?</a> <a href="#">Which providers are eligible and what are the requirements?</a>	"Have a standard written order (SWO) dated within <del>90</del> <u>180</u> days of the PA submission"	To treat as valid a standard written order dated within 180 days of the prior authorization submission
<a href="#">Cranial Orthosis Medical Necessity Guidelines (routine)</a>	Added details to the routine medical necessity guidelines for cranial remolding orthotics	To give the guidelines better applicability to individual circumstances

Subject	Change	Reason for Change
<b>Cranial Orthosis</b> <b>Documentation requirements</b>	Providers must submit at least one of the listed severity scales	To add a new documentation requirement for prior authorization submittals

## Definitions

---

This section defines terms and abbreviations, including acronyms, used in this billing guide. Refer to [chapter 182-500 WAC](#) for a complete list of definitions for Washington Apple Health and [WAC 182-543-1000](#).

**Artificial limb** – See prosthetic device.

**Authorized treating and prescribing provider**–

- A physician, nurse practitioner, clinical nurse specialist, or physician assistant who may order and conduct home health services, including face-to-face encounter services; or
- A certified midwife under [42 C.F.R. 440.70](#) when furnished by a home health agency that meets the conditions of participation for Medicare who may conduct home health services, including face-to-face encounter services.

**Code of Federal Regulations (CFR)** - Rules adopted by the federal government.

**Date of Delivery** – The date the client actually took physical possession of an item or equipment. See [Proof of delivery](#).

**Health Care Common Procedure Coding System (HCPCS)** – A standardized coding system established by the Centers for Medicare and Medicaid Services (CMS) that is used primarily to identify products, supplies, and services, such as durable medical equipment, prosthetics, orthotics and supplies. This term is used interchangeably with “procedure code.”

**Personal or comfort item** – An item or service that primarily facilitates leisure or recreational activities or that primarily services the comfort or convenience of the client or caregiver and is considered not medically necessary.

**Proof of delivery** – A supplier is responsible for delivery of Medicaid covered items and must instruct clients on the use of these items and maintain proof of delivery and client instruction. See [Date of delivery](#).

**Orthotic Device or Orthotic** – A corrective or supportive device that:

- Prevents or corrects physical deformity or malfunction.
- Supports a weak or deformed portion of the body.

**Prosthetic device or prosthetic** – A replacement, corrective, or supportive device prescribed by an authorized practitioner to:

- Artificially replace a missing portion of the body.
- Prevent or correct physical deformity or malfunction.
- Support a weak or deformed portion of the body.

**Standard written order (SWO)** – A standard written order (SWO) is a document required for certain medical equipment, prosthetics, orthotics, and supplies (MEPOS) items, outlining the specific item, quantity, and duration of need, and acting as evidence of a valid order from the treating healthcare provider. This document may also be referred to as a prescription.

The SWO must include the following information:

- Client’s full name;

CPT® codes and descriptions only are copyright 2024 American Medical Association.

- Order date, which is the date the order was written or electronically signed by the treating practitioner;
- General item description, which may be either a general description (for example, “wheelchair” or “hospital bed”), a HCPCS code, a HCPCS code narrative, or a brand name or model number;
- For equipment, in addition to the base item description, the SWO may include all concurrently ordered options, accessories, or additional features that are separately billed or require an upgraded code (list each separately);
- If applicable, the quantity to be provided and the frequency of use;
- If applicable, the length of time the item is required; and
- The name, NPI, and signature of the treating practitioner, practitioner credentials, and the signature date.

**Warranty period** – A guarantee or assurance, according to manufacturer’s or provider’s guidelines, of set duration from the date of purchase.

## About the Program

---

### What is the purpose of the Prosthetic and Orthotic Devices (P&O) program?

For eligible clients, the Prosthetic and Orthotic Devices (P&O) program covers the purchase of medically necessary P&O and related supplies when they are not included in other reimbursement methods (e.g., inpatient hospital diagnosis related group (DRG), nursing facility daily rate, health maintenance organization (HMO), or managed care organizations (MCOs)). The federal government considers P&O and related supplies as services under the Medicaid program, except when:

- Prescribed as an integral part of an approved plan of treatment under the Home Health program.
- Required under the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) program.

## Client Eligibility

Most Apple Health clients are enrolled in an HCA-contracted managed care organization (MCO). This means that Apple Health pays a monthly premium to an MCO for providing preventative, primary, specialty, and other health services to Apple Health clients. Clients in managed care must see only providers who are in their MCO's provider network, unless prior authorized or to treat urgent or emergent care. See [HCA's managed care webpage](#) for further details.

**It is important to always check a client's eligibility prior to providing any services because it affects who will pay for the services.**

### How do I verify a client's eligibility?

Check the client's Services Card or follow the two-step process below to verify that a client has Apple Health coverage for the date of service and that the client's benefit package covers the applicable service. This helps prevent delivering a service HCA will not pay for.

#### Verifying eligibility is a two-step process:

- Step 1. **Verify the patient's eligibility for Apple Health.** For detailed instructions on verifying a patient's eligibility for Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in HCA's [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Apple Health, proceed to **Step 2**. If the patient is **not eligible**, see the **Note** below.

- Step 2. **Verify service coverage under the Apple Health client's benefit package.** To determine if the requested service is a covered benefit under the Apple Health client's benefit package, see HCA's [Program Benefit Packages and Scope of Services webpage](#)

**Note:** Patients who are not Apple Health clients may apply for health care coverage in one of the following ways:

- **Online:** Go to [Washington Healthplanfinder](#) - select the "Apply Now" button. For patients age 65 and older or on Medicare, go to [Washington Connections](#) select the "Apply Now" button.
- **Mobile app:** Download the [WAPlanfinder app](#) – select "sign in" or "create an account".
- **Phone:** Call the Washington Healthplanfinder Customer Support Center at 1-855-923-4633 or 1-855-627-9604 (TTY).

- **Paper:** By completing an *Application for Health Care Coverage (HCA 18-001P)* form. To download an HCA form, see HCA's Free or Low Cost Health Care, [Forms & Publications](#) webpage. Type only the form number into the Search box (Example: **18-001P**). For patients age 65 and older or on Medicare, complete the *Washington Apple Health Application for Aged, Blind, Disabled/Long-Term Services and Support (HCA 18-005)* form.
- **In-person:** Local resources who, at no additional cost, can help you apply for health coverage. See the [Health Benefit Exchange Navigator](#).

## Are clients enrolled in an HCA-contracted managed care organization (MCO) eligible?

**Yes.** Most Apple Health clients are enrolled in one of HCA's contracted managed care organizations (MCO). For these clients, managed care enrollment is displayed on the client benefit inquiry screen in ProviderOne.

All medical services covered under an HCA-contracted MCO must be obtained through the MCO's contracted network. The MCO is responsible for:

- Payment of covered services
- Payment of services referred by a provider participating with the plan to an outside provider

**Note:** A client's enrollment can change monthly. Providers who are not contracted with the MCO must receive approval from **both** the MCO and the client's primary care provider (PCP) prior to serving a managed care client.

**Send claims to the client's MCO for payment.** Call the client's MCO to discuss payment prior to providing the service. Providers may bill clients only in very limited situations as described in [WAC 182-502-0160](#).

## Managed care enrollment

Most Apple Health clients are enrolled in an HCA-contracted MCO the same month they are determined eligible for managed care as a new or renewing client. Some clients may start their first month of eligibility in the fee-for-service (FFS) program because their qualification for MC enrollment is not established until the month following their Apple Health eligibility determination. Providers must check eligibility to determine enrollment for the month of service.

### Exceptions:

- Apple Health Expansion clients are enrolled in MC and will not start their first month of eligibility in the FFS program. For more information, visit [Apple Health Expansion](#). Providers must check eligibility to determine enrollment for the month of service.
- Clients who are eligible to receive Reentry Initiative services and who are eligible for enrollment in an HCA-contracted managed care organization (MCO) will not start their first month of eligibility in the FFS program. Providers must check eligibility to determine enrollment for the month of service.

New clients are those initially applying for benefits or those with changes in their existing eligibility program that consequently make them eligible for Apple Health managed care. Renewing clients are those who have been enrolled with an MCO but have had a break in enrollment and have subsequently renewed their eligibility.

## Checking eligibility

Providers must check eligibility and know when a client is enrolled and with which MCO. For help with enrolling, clients can refer to HCA's [Apply for or renew coverage webpage](#).

### Clients' options to change plans

Clients have a variety of options to change their plan:

- **Available to clients with a Washington Healthplanfinder account:**  
Go to [Washington HealthPlanFinder website](#).
- **Available to all Apple Health clients:**
  - Visit the [ProviderOne Client Portal website](#):
  - Request a change online at [ProviderOne Contact Us](#) (this will generate an email to Apple Health Customer Service). Select the topic "Enroll/Change Health Plans."
  - Call Apple Health Customer Service at 1-800-562-3022. The automated system is available 24/7.

For online information, direct clients to HCA's [Apple Health Managed Care](#) webpage.

## Clients who are not enrolled in an HCA-contracted managed care plan for physical health services

Some Apple Health clients do not meet the qualifications for managed care enrollment or have the option to enroll in fee-for-service (FFS). These clients are eligible for physical health services under the FFS program.

In this situation, each managed care organization (MCO) will have a Behavioral Health Services Only (BHSO) benefit available for Apple Health clients who are not in integrated managed care. The BHSO covers only behavioral health treatment for those clients. Eligible clients who are not enrolled in an integrated HCA-contracted managed care plan are automatically enrolled in a BHSO except for American Indian/Alaska Native clients. If the client receives Medicaid-covered services before being automatically enrolled in a BHSO, the FFS Medicaid program will reimburse providers for the covered services. Examples of populations that may be exempt from enrolling into a managed care plan are Medicare dual-eligible, American Indian/Alaska Native, Adoption Support and Foster Care Alumni.

## Integrated managed care

Clients qualified for enrollment in an integrated managed care plan receive all physical health services, mental health services, and substance use disorder treatment through their HCA-contracted managed care organization (MCO).

For full details on integrated managed care, see HCA's [Apple Health managed care webpage](#) and scroll down to "Changes to Apple Health managed care."

## Integrated Apple Health Foster Care (AHFC)

Children and young adults in the Foster Care, Adoption Support and Alumni programs who are enrolled in Coordinated Care's (CCW) Apple Health Core Connections Foster Care program will receive both medical and behavioral health services from CCW.

Clients under this program are:

- Under the age of 18 who are in foster care (out of home placement) or in the Unaccompanied Refugee Minors (URM) program.
- Under the age of 21 who are receiving adoption support.
- Age 18-21 years old in extended foster care.
- Age 18 to 26 years old who aged out of foster care on or after their 18th birthday (alumni).

These clients are identified in ProviderOne as **"Coordinated Care Healthy Options Foster Care."**

The Apple Health Customer Services team can answer general questions about this program. For specific questions about Adoption Support, Foster Care or Alumni clients, contact HCA's Foster Care and Adoption Support (FCAS) team at 1-800-562-3022, Ext. 15480.

CPT® codes and descriptions only are copyright 2024 American Medical Association.

## Fee-for-service Apple Health Foster Care

Children and young adults in the fee-for-service Apple Health Foster Care, Adoption Support and Alumni programs receive behavioral health services through the regional Behavioral Health Services Organization (BHSO). For details, see HCA's [Mental Health Services Billing Guide](#), under *How do providers identify the correct payer?*

## Apple Health Expansion

Apple Health Expansion covers individuals age 19 and older who do not meet the citizenship or immigration requirements to receive benefits under federally funded programs and who receive all physical health services, mental health services, and substance use disorder treatment through their HCA-contracted managed care organization. For more information, visit [Apple Health Expansion](#).

## Reentry Initiative

The Reentry Demonstration Initiative (Reentry Initiative) is a new Apple Health (Medicaid) initiative under the Medicaid Transformation Project (MTP). Under this initiative, incarcerated people who are Apple Health-eligible may receive a limited set of health care services through fee-for-service (FFS) or their HCA-contracted managed care organization (MCO) for up to 90 days before their release from carceral facilities within Washington State. These services will ensure a person's healthy and successful reentry into their community. For more information, visit [Reentry from a carceral setting](#).

## American Indian/Alaska Native (AI/AN) clients

American Indian/Alaska Native (AI/AN) clients have two options for Apple Health coverage:

- Apple Health Managed Care
- Apple Health coverage without a managed care plan (also referred to as fee-for-service [FFS])

If an AI/AN client does not choose a managed care plan, they will be automatically enrolled into Apple Health FFS for all their health care services, including comprehensive behavioral health services. See the Health Care Authority's (HCA) [American Indian/Alaska Native webpage](#).

## What if the client has third-party liability (TPL) coverage?

If the client has third-party liability (TPL) coverage (excluding Medicare), prior authorization must be obtained before providing any service requiring prior authorization. For more information on TPL, refer to HCA's [ProviderOne Billing and Resource Guide](#).

## Benefit Coverage

---

### What is covered?

HCA provides a benefit for prosthetic and orthotic (P&O) devices, repairs, and labor charges listed in the [Coverage Table](#) in this billing guide. Medical necessity guidelines apply to certain items.

HCA covers a replacement prosthesis only when the purchase of a replacement prosthesis is less costly than repairing or modifying a client's current prosthesis. (See [WAC 182-543-5000\(3\)](#)).

### What requirements must providers and suppliers meet for coverage?

HCA covers the P&O devices listed in the [Coverage Table](#) in this billing guide when all of the following apply:

- The device must be medically necessary. Providers must provide a medical necessity justification for each item requested specifying why the client's medical condition necessitates the equipment, rather than what the equipment does for the client.
  - Providers must submit medical record documentation, sourced from the client's Electronic Health Record (EHR), that provides credible evidence, as outlined in [WAC 182-501-0165](#), to substantiate criteria for medical necessity, as specified under [Medical Necessity guidelines for Prosthetics and Orthotics](#) in this billing guide.
  - The client's medical record must sufficiently demonstrate their condition, justify prescribed items and quantities, and specify frequency of use or replacement if applicable. Mere submission of an agency form, supplier statement, or provider attestation, even if endorsed, is insufficient without supporting medical record information. Reference [Documentation Matters Toolkit | CMS](#).
- The device must be within accepted medical or physical medicine community standards of practice.
- The provider has received prior authorization (see [Authorization](#)).
- Billed to HCA using only the allowed procedure codes published within this billing guide.
- Prescribed by an authorized provider. Except for dual eligible Medicare/Medicaid clients when Medicare is the primary payer and HCA is billed for co-pay and/or deductible only.
- There is a standard written order (SWO), dated within 180 days of the PA submission.
- Documentation is provided that states the client diagnosis, specific item or service requested, estimated length of need (weeks, months, or years), and quantity.
- HCA is billed as the payer of last resort.

CPT® codes and descriptions only are copyright 2024 American Medical Association.

**Note:** HCA evaluates by-report (BR) items, procedures, or services for medical appropriateness and reimbursement value on a case-by-case basis.

## What are habilitative services under this program?

Habilitative services are those medically necessary services provided to help a client partially or fully attain or maintain developmental age-appropriate skills that were not fully acquired due to a congenital, genetic, or early-acquired health condition. Such services are required to maximize the client's ability to function in the client's environment.

For clients in the expanded population and covered by the Alternative Benefit Plan (ABP) only, HCA will cover prosthetic and orthotic devices to treat one of the qualifying conditions listed in HCA's [Habilitative Services Billing Guide](#), under Client Eligibility.

All other program requirements are applicable to a habilitative service and should be followed unless otherwise directed (e.g., prior authorization).

## Billing for habilitative services

Habilitative services must be billed using one of the qualifying diagnosis codes listed in HCA's [Habilitative Services Billing Guide](#) in the primary diagnosis field on the claim.

## Billing for occupational therapist evaluation

When billing for an occupational therapist evaluation, refer to the [Outpatient Rehabilitative Billing Guide](#).

## Cochlear implants and bone conduction hearing devices

See HCA's [Hearing Services Billing Guide](#).

## Replacement parts or repairs for cochlear implants and bone conduction hearing devices

See HCA's [Hearing Services Billing Guide](#).

## Medical Necessity Guidelines for Prosthetics and Orthotics

HCA covers prosthetic and orthotic (P&O) equipment. P&O equipment that requires prior authorization is reviewed individually using evidence-based standards to determine medical necessity. This section outlines the routine guidelines to enhance the efficiency of prior authorization reviews. Other clinical factors may also support medical necessity based on credible evidence from the

electronic health record (EHR) in line with evidence-based standard and HCA's review under [WAC 182-501-0165](#).

## Cranial Orthosis

### HCPCS code:

S1040 Cranial remolding orthotic, pediatric

Cranial remolding is covered to correct the shape of the infant's head as a treatment for head deformities, when medically necessary.

### Medical Necessity Guidelines (routine)

The routine medical necessity guidelines for cranial remolding orthotics are as follows. These guidelines are reviewed on an individual basis. Other clinical factors may also establish medical necessity based on credible evidence from the electronic health record (EHR). Clients must meet one of the following:

- Have craniosynostosis and the orthosis is needed for post-operative care
- Had a head injury and the orthosis is needed for post-injury displacement molding
- Has severe non-synostotic plagiocephaly (asymmetrically shaped posterior head), scaphocephaly (abnormally shaped narrow head), or brachycephaly (abnormally shaped head; shortened in antero-posterior dimension without asymmetry) in infants less than 12 months old.

Severe plagiocephaly is defined as:

- 1 cm or more of asymmetry in one of the following measures: cranial vault, skull base, or orbitotragial depth; or
- Cephalic index at least two standard deviations above or below the mean for the appropriate gender and age.
- Is an infant with persistent moderate plagiocephaly after a course of conservative treatment (repositioning and/or physical therapy).

Note:

- Initial application of cranial orthosis for infants under the age of three months (except for post-operative treatment) and over the age of 12 months is not an evidence-based standard of care and is considered not medically necessary.
- Continued use of cranial orthosis after 18 months of age is not evidence-based standard of care and is considered not medically necessary.
- Cranial remolding for torticollis alone is standard of care and is not considered medically necessary.

### Fee-for-service billing instructions

Cranial orthosis requires prior authorization (PA). See the [Authorization](#) section of this guide.

CPT® codes and descriptions only are copyright 2024 American Medical Association.

In addition to the guidelines listed above, additional clinical factors may be reviewed for medical necessity under [WAC 182-501-0165](#) on a case-by-case basis.

### **Documentation requirements**

Providers must submit a medical necessity justification for each cranial remolding orthotic requested, specifying why the client's medical condition necessitates the equipment, rather than what the equipment does for the client. Avoid using the equipment's function as a justification.

Submit a severity scale. At least one of the following:

- Children's Healthcare of Atlanta (CHOA) level
- Cranial vault asymmetry index (CVAI)
- Cephalic index (CI)
- Transcranial diameter difference (TDD)
- Cranial vault asymmetry (CVA)

### **What if a service is covered but considered experimental or has restrictions or limitations?**

HCA evaluates a request for a service that is in a covered category, but has been determined to be experimental or investigational as defined by [WAC 182-531-0050](#), under the provisions of [WAC 182-501-0165](#) that relate to medical necessity.

HCA evaluates a request for a covered service that is subject to limitations or other restrictions and approves such a service beyond those limitations or restrictions when medically necessary, under the standards for covered services in [WAC 182-501-0165](#) (see limitation extensions).

## Coverage Table

### Legend

Column	Abbreviations	Definition
Code Status Indicators	N	New
Code Status Indicators	BR	By Report
Code Status Indicators	DC	Same/similar code in fee schedule
Code Status Indicators	DP	Service is managed through a different program
Code Status Indicators	U	Update
Code Status Indicators	P	Policy change
Code Status Indicators	Y	Requires prior authorization
PA	Y*	Requires prior authorization for clients 17 years of age and older
PA	Y	Licensure required
Lic (License)	***	The item can be provided by a medical equipment or pharmacy provider if other licensure requirements have been met
Lic (License)	+	Allowed for occupational therapists

**Note:** Where used in the Coverage Table, "year" means the period starting 365 days before the date of service. **For example:** If a service is allowed once per client, per year, and it was provided on June 30, 2022, then the service would not be allowed for that client again until June 30, 2023.

## Who owns the purchased P&O devices and related supplies?

- P&O devices and related supplies that HCA purchases for a client are the client's property. HCA reimbursement for covered P&O devices and related supplies includes all of the following:
  - Any adjustments or modifications to the equipment that are required within three months of the date of delivery. (This does not apply to adjustments required because of changes in the client's medical condition)
  - Fitting and set-up
  - Instruction to the client or client's caregiver in the appropriate use of the equipment, device, and/or supplies
- HCA requires a provider to furnish to HCA clients only new equipment that includes full manufacturer and dealer warranties.
- HCA charges the dispensing provider for any costs it incurs to have another provider repair equipment if all of the following apply:
  - The dispensing provider is unwilling or unable to fulfill the warranty.
  - The client still needs the equipment.
- HCA rescinds purchase orders for the following reasons:
  - If the equipment was not delivered to the client before the client:
    - Dies
    - Loses medical eligibility
    - Becomes covered by a hospice agency
    - Becomes covered by an HCA-contracted MCO
  - A client may become an MCO enrollee before HCA completes the purchase of prescribed medical equipment. If this occurs:
    - HCA rescinds the purchase order until the managed care primary care provider (PCP) evaluates the client.
    - HCA requires the PCP to write a new prescription if the PCP determines the equipment is still medically necessary (see Definitions).
    - The MCO's applicable reimbursement policies apply to the purchase or rental of the equipment.

Code Status Indicators	HCPCS Code	PA	Lic	Short Description	Policy/Comments
DC	A4280			Adhesive skin support attachment for use with external breast prosthesis, each	
	A5500			For diabetics only, fitting (including follow-up) custom preparation and supply of off-the-shelf depth-inlay shoe manufactured to accommodate multi-density insert(s), per shoe	Limit one per foot every 12 months
	A5501			For diabetics only, fitting (including follow-up) custom preparation and supply of shoe molded from cast(s) of patient's foot (custom molded shoe), per shoe	Limit one per foot every 12 months
	A5503			For diabetics only, modification (including fitting) of off-the-shelf depth-inlay shoe or custom molded shoe with roller or rigid rocker bottom, per shoe	Limit one per foot every 12 months
	A5504			For diabetics only, modification (including fitting) of off-the-shelf depth-inlay shoe or custom molded shoe with wedges, per shoe	Limit one per foot every 12 months
	A5505			For diabetics only, modification (including fitting) of off-the-shelf depth-inlay shoe or custom molded shoe with metatarsal bar, per shoe	Limit one per foot every 12 months
	A5506			For diabetics only, modification (including fitting) of off-the-shelf depth-inlay shoe or custom molded shoe with off-set heel(s), per shoe	Limit one per foot every 12 months

Code Status Indicators	HCPCS Code	PA	Lic	Short Description	Policy/Comments
	A5507	Y		For diabetics only, not otherwise specified modification (including fitting) of off-the-shelf depth-inlay or custom molded shoe, per shoe	
BR	A5508			For diabetics only, deluxe feature of off-the-shelf depth-inlay shoe or custom molded shoe, per shoe	Limit one per foot every 12 months
BR	A5510			For diabetics only, direct formed, compression molded to patient's foot without external heat source, multiple density insert(s) prefabricated, per shoe	Limit one per foot every 12 months
	A5512			For diabetics only, multiple density insert, direct formed, molded to foot after external heat source of 230 degrees Fahrenheit or higher, total contact with patient's foot, including arch, base layer minimum of 1/4 inch material of shore a 35 durometer or 3/16 inch material of shore a 40 durometer (or higher), prefabricated, each	Limit one per foot every 12 months
	A5513			For diabetics only, multiple density insert, custom molded from model of patient's foot, total contact with patient's foot, including arch, base layer minimum of 3/16 inch material of shore a 35 durometer or higher, includes arch filler and other shaping material, custom fabricated, each	Limit one per foot every 12 months

Code Status Indicators	HCPCS Code	PA	Lic	Short Description	Policy/Comments
	A5514			For diabetics only, multiple density insert, made by direct carving with CAM technology from a rectified CAD model created from a digitized scan of the patient, total contact with patient's foot, including arch, base layer minimum of 3/16 inch material of shore a 35 durometer (or higher), includes arch filler and other shaping material, custom fabricated, each	Limit one per foot every 12 months
	K0672	Y		Addition to lower extremity orthosis, removable soft interface, all components, replacement only, each.	Limit 1 per limb per year
	L0112	Y	Y	Cranial cervical orthosis, congenital torticollis type, with or without soft interface material, adjustable range of motion joint, custom fabricated	Limit 3 per year
	L0113	Y	Y	Cranial cervical orthosis, torticollis type, with or without joint, with or without soft interface material, prefabricated, includes fitting and adjustment	Limit 3 per year
	L0120		***	Cervical, flexible, nonadjustable (foam collar)	Limit 3 per year
	L0130		Y	Cervical, flexible, thermoplastic collar, molded to patient	Limit 3 per year
	L0140		***	Cervical, semi-rigid, adjustable (plastic collar)	Limit 3 per year
	L0150		***	Cervical, semi-rigid, adjustable molded chin cup (plastic collar with mandibular/occipital piece)	Limit 3 per year

## Provider Requirements

---

### Who does HCA reimburse for providing prosthetic and orthotic (P&O) devices, related supplies and services to HCA clients?

HCA may reimburse qualified providers for prosthetic and orthotic (P&O) devices, repairs, related supplies, and services on a fee-for-service (FFS) basis as follows:

- Providers who are licensed by the Washington State Department of Health (DOH) in P&O may be reimbursed. This does not apply to medical equipment dealers and pharmacies that do not require licensure to provide selected P&O.
- Medical equipment dealers, pharmacies, and home health agencies under their national provider identifier (NPI) may be reimbursed for medical supplies.
- All HCPCS codes with a \*\*\* indicator in the licensure column may be provided by a supplier that has an NPI with a taxonomy of medical equipment or pharmacy if all other licensure requirements have been met.
- Authorized practitioners who provide medical equipment and supplies in the authorized practitioner's office may be reimbursed. HCA may pay separately for medical supplies, subject to the provisions in HCA's current [Physician-Related/Professional Services fee schedule](#).
- Out-of-state P&O providers who meet their state regulations may be reimbursed.

For more information about medical equipment that requires a face-to-face encounter, see the [list of covered items](#) published by the Centers for Medicare and Medicaid Services (CMS).

- In accordance with rule [CMS-17 13-F](#), a qualifying face-to-face encounter with the treating provider must be performed within 6 months prior to the prescription being written.

HCA terminates from Medicaid participation any provider who violates program regulations and policies, as described in [WAC 182-502-0030](#) and [WAC 182-543-5000](#).

### Which providers are eligible and what are the requirements?

Providers and suppliers of P&O must meet all of the following:

- Meet the general provider requirements in chapter [182-502 WAC](#)
- Be enrolled with Medicaid
- Have the proper business license
- Be certified, licensed and/or bonded if required, to perform the services billed to HCA.

CPT® codes and descriptions only are copyright 2024 American Medical Association.

- Provide instructions for use of equipment
- Furnish to clients only new equipment that includes full manufacturer and dealer warranties
- Bill HCA using only the allowed procedure codes listed in this billing guide (see [Coverage Table](#))
- Have a standard written order (SWO), dated within 180 days of the PA submission.
- Furnish a medical necessity justification for each item requested, specifying why the client's medical condition necessitates the equipment, rather than what the equipment does for the client.
- Medical record documentation, sourced from the client's Electronic Health Record (EHR), must provide credible evidence, as outlined in [WAC 182-501-0165](#), to substantiate guidelines for medical necessity as specified in this billing guide.
- In accordance with CMS guidelines for Medicaid documentation, the client's medical record must sufficiently demonstrate their condition, justify prescribed items and quantities, and specify the frequency of use or replacement if applicable. Mere submission of an agency form, supplier statement, or provider attestation, even if endorsed, is insufficient without supporting medical record information. Please refer to the [Documentation Matters Toolkit | CMS](#).

**Note:** For dual eligible Medicare/Medicaid clients when Medicare is the primary payer and HCA is being billed for only the copay and/or deductible, the above does not apply.

## How can interested parties request that new medical equipment and technology be included in this billing guide?

Any interested party, such as providers, suppliers, or manufacturers, may request that HCA include new medical equipment and technology in this billing guide.

The request should include credible evidence, including but not limited to:

- Manufacturer's literature.
- Manufacturer's pricing.
- Clinical research/case studies (including FDA approval, if required) .
- Proof of the Centers for Medicare and Medicaid Services (CMS) certification, if applicable.
- Any additional information the requester feels will aid HCA in its determination.

Send requests to:

P&O Program Management Unit

PO Box 45506

Olympia WA 98504-5506

## Authorization

---

### What is prior authorization (PA)?

HCA requires providers to obtain PA for certain items and services before delivering that item or service to the client, except for dual-eligible Medicare/Medicaid clients when Medicare is the primary payer. The item or service must be delivered to the client before the provider bills HCA.

Providers may submit PA requests online through direct data entry into ProviderOne. See HCA's [prior authorization webpage](#) for details.

Facility or therapist letterhead must be used for any documentation that does not appear on an HCA form.

**Note:** For more information on requesting prior authorization, see Requesting Prior Authorization in HCA's [ProviderOne Billing and Resource Guide](#).

When HCA receives the initial request for PA, the prescription(s) for those items or services must not be older than six months from the date HCA receives the request.

HCA requires certain information from providers to prior authorize the purchase or rental of equipment. This information includes, but is not limited to, the following:

- The manufacturer's name
- The equipment model and serial number
- A detailed description of the item
- Any modifications required, including the product or accessory number as shown in the manufacturer's catalog

HCA does not pay for the purchase, rental, or repair of prosthetic and orthotic (P&O) devices that duplicate equipment the client already owns or rents. If the provider believes the purchase, rental, or repair of P&O devices is not duplicative, the provider must request PA and submit one of the following to HCA:

- Why the existing equipment no longer meets the client's medical needs

**OR**

- Why the existing equipment could not be repaired or modified to meet those medical needs

**AND**

- Upon request, documentation showing how the client's condition met the guidelines for PA or EPA

A provider may resubmit a request for PA for an item or service that HCA has denied. HCA requires the provider to include new documentation that is relevant to the request.

CPT® codes and descriptions only are copyright 2024 American Medical Association.

## How do I request PA?

When a procedure's EPA criteria has not been met or the covered procedure requires PA, providers must request PA from HCA. Procedures that require PA are listed in the fee schedule. HCA does not retrospectively authorize any health care services that require PA after they have been provided except when a client has a delayed certification of eligibility.

### Online direct data entry into ProviderOne

Providers may submit a PA request online through direct data entry into ProviderOne (see HCA's [prior authorization webpage](#) for details).

### Fax Request to (866) 668-1214

If providers choose to submit a faxed PA request, the following must be provided:

- The *General Information for Authorization* form, HCA 13-835. See [Where can I download HCA forms?](#) This form must be page one of the faxed request and must be typed. Do not include a fax cover sheet.

### Providers and suppliers must submit ALL of the following with a request for PA:

- Credible evidence as outlined in [WAC 182-501-0165](#).
- Any HCA forms as outlined in this billing guide.
- Medical necessity justification for each item requested, specifying why the client's medical condition necessitates the equipment rather than what the equipment does for the client.
- Medical record documentation, sourced from the client's Electronic Health Record (EHR), that provides credible evidence as outlined in WAC 182-501-0165, to substantiate guidelines for medical necessity as specified under the [Medical Necessity guidelines for Prosthetics and Orthotics](#) section of this billing guide.
- The client's medical record must sufficiently demonstrate their condition, justify prescribed items and quantities, and specify frequency of use or replacement, if applicable. Mere submission of an HCA form, supplier statement, or provider attestation, even if endorsed, is insufficient without supporting medical record information. Reference [Documentation Matters Toolkit | CMS](#).

## What is expedited prior authorization (EPA)?

The expedited prior authorization (EPA) process is designed to eliminate the need for online or faxed submission for prior authorization for selected medical equipment procedure codes.

HCA requires a provider to create an authorization number for EPA for selected medical equipment procedure codes. The authorization number must be used when the provider bills HCA.

Upon request, a provider must provide documentation to HCA showing how the client's condition met the criteria for EPA.

PA is required when a situation does not meet the EPA criteria for medical equipment procedure codes. See HCA's [Prior authorization webpage](#) for details.

HCA may recoup any payment made to a provider if the provider did not follow the required EPA process and criteria.

HIPAA 5010 does not allow multiple authorization (prior/expedited) numbers per claim. If billing an electronic claim, enter the EPA at the claim level in the *Prior Authorization* section.

**Suppliers are reminded that EPA numbers are only for those products listed on the following pages.**

EPA numbers are not valid for:

- P&O devices requiring prior authorization through the P&O Devices program.
- Products for which the documented medical condition does not meet all of the specified EPA criteria.
- Over-limitation requests.

Providers must request PA when a situation does not meet the guidelines for a selected medical equipment code. See HCA's [Prior authorization webpage](#) for details.

## What is a limitation extension (LE)?

HCA limits the amount, frequency, or duration of certain covered ME, and related supplies, and reimburses up to the stated limit without requiring prior authorization (PA).

Certain covered items have limitations on quantity and frequency. These limits are designed to avoid the need for PA for items normally considered medically necessary and for quantities sufficient for a 30-day supply for one client.

HCA requires a provider to request PA for a limitation extension (LE) to exceed the stated limits for ME, and medical supplies. See HCA's [Prior authorization webpage](#) for details.

HCA evaluates requests for LE under the provisions of WAC [182-501-0169](#).

## EPA criteria coding table

### Prosthetics

Procedure			
Code	EPA Code	Short Description	Criteria
<b>L5683</b> <b>L5681</b>	787	Addition to lower extremity, below knee/above knee, socket insert, suction suspension with or without locking mechanism	<p>Initial purchase of one (1) L5683 and L5681 per initial, lower extremity prosthesis (one to wash, one to wear) allowed per 12-month period if any of the following criteria are met:</p> <ul style="list-style-type: none"> <li>• Short residual limb</li> <li>• Diabetic</li> <li>• History of skin problems/open sores on stump</li> </ul> <p><b>Note:</b></p> <p>1. If the medical condition does not meet one of the criteria specified above, you must obtain prior authorization by submitting a request in writing to medical equipment authorization unit (see <a href="#">Resources Available</a> and <a href="#">HCA's prior authorization webpage</a>).</p> <p>2. This EPA is allowed only one time per client, per 12-month period. It is the provider's responsibility to determine whether the EPA has been used for the client within 12 months prior to the provider's proposed date of service.</p> <p>3. EPA is for initial purchase only. It is not to be used for replacements of existing products.</p>

### Orthotics

Procedure			
Code	EPA Code	Short Description	Criteria

It is the provider's responsibility to determine whether the client has already used all EPA in the period allowed under the EPA criteria.</li> </ol>

## What does HCA require when submitting photos and X-rays for medical and P&O requests?

For submitting photos and X-rays for medical and medical equipment PA requests, use the FastLook™ and FastAttach™ services provided by Vyne Medical.

Register with [Vyne Medical](#) through their website.

Contact Vyne Medical at 865-293-4111 with any questions.

When this option is chosen, fax the request to HCA and indicate the MEA# in box 18 on the *General Information for Authorization* (HCA 13-835) form. **There is an associated cost, which will be explained by the MEA services.**

See HCA's [ProviderOne Billing and Resource Guide](#) and review [Authorization](#) for more information on requesting authorization

## Billing

---

All claims must be submitted electronically to HCA, except under limited circumstances. For more information about this policy change, [see Paperless Billing at HCA](#).

For providers approved to bill paper claims, see HCA's [Paper Claim Billing Resource](#).

### What are the general billing requirements?

Providers must follow HCA's [ProviderOne Billing and Resource Guide](#). These billing requirements include:

- What time limits exist for submitting and resubmitting claims and adjustments
- When providers may bill a client
- How to bill for services provided to primary care case management (PCCM) clients
- How to bill for clients eligible for both Medicare and Medicaid
- How to handle third-party liability claims
- What standards to use for record keeping

#### Billing for By Report (BR) items:

HCA evaluates each by-report (BR) item, procedure, or service individually to determine its medical necessity, appropriateness, and reimbursement value. HCA's reimbursement rate is based on a percentage of the manufacturer's list price or manufacturer's suggested retail price (MSRP), or a percentage of the wholesale acquisition cost (WAC). HCA uses specific percentages for these calculations. See [WAC 182-543-9000](#):

Please note that to accurately determine the MSRP and consider any supplier discounts, an itemized **invoice** is required rather than a **quote**. The invoice must include the manufacturer's list price, any applicable discounts, and the final cost to the supplier. Providing the correct documentation is essential for the evaluation process.

**Note:** P&O devices placed during an inpatient or an outpatient hospital stay are included in the hospital reimbursement rate. Reimbursement for gender dysphoria surgery includes payment for all related prosthetics and supplies. HCA does not reimburse separately under these circumstances.

### How do I bill claims electronically?

Instructions on how to bill Direct Data Entry (DDE) claims can be found on HCA's [Billers and Providers webpage](#), under [Webinars](#).

For information about billing Health Insurance Portability and Accountability Act (HIPAA) Electronic Data Interchange (EDI) claims, see the ProviderOne 5010 companion guides on the [HIPAA Electronic Data Interchange \(EDI\) webpage](#).

## How are Medicare crossovers submitted?

See HCA's [ProviderOne Billing and Resource Guide](#) for general instructions on how to submit Medicare crossovers.

## What does HCA require from the provider-generated Explanation of Medicare Benefits (EOMB) to process a crossover claim?

**Header-level information on the EOMB must include all the following:**

- **Medicare** as the identified payer
- The Medicare claim paid or process date
- The client's name (if not in the column level)
- Medicare reason codes
- Text in font size 12 or greater

**Column-level labels on the EOMB for the 1500 claim form must include all the following:**

- Client's name
- Date of service
- Number of service units (whole number) (NOS)
- Procedure code (PROC)
- Modifiers (MODS)
- Billed amount
- Allowed amount
- Deductible
- Amount paid by Medicare (PROV PD)
- Medicare adjustment reason codes and remark codes
- Text in font size 12

## Where can I find the fee schedule for P&O devices?

See the [Prosthetic and Orthotic Devices fee schedule webpage](#).
