

Washington Apple Health (Medicaid)

Prosthetic and Orthotic (P&O) Devices Billing Guide

January 1, 2018

Every effort has been made to ensure this guide's accuracy. If an actual or apparent conflict between this document and an agency rule arises, the agency rules apply.

About this guide*

This publication takes effect January 1, 2018, and supersedes earlier billing guides to this program.

HCA is committed to providing equal access to our services. If you need an accommodation or require documents in another format, please call 1-800-562-3022. People who have hearing or speech disabilities, please call 711 for relay services.

Services, equipment, or both, related to any of the programs listed below, must be billed using their program-specific billing guides:

- [Wheelchairs & Durable Medical Equipment and Supplies Billing Guide](#)
- [Medical Nutrition Billing Guide](#)
- [Home Infusion Therapy Billing Guide](#)

Washington Apple Health means the public health insurance programs for eligible Washington residents. Washington Apple Health is the name used in Washington State for Medicaid, the children's health insurance program (CHIP), and state-only funded health care programs. Washington Apple Health is administered by the Washington State Health Care Authority.

* This publication is a billing instruction.

Definitions

This section defines terms and abbreviations, including acronyms, used in this billing guide. Refer to [Chapter 182-500 WAC](#) for a complete list of definitions for Washington Apple Health.

Artificial limb – See prosthetic device.
(WAC [182- 543-1000](#))

Code of Federal Regulations (CFR) -
Rules adopted by the federal government.

Date of Delivery – The date the client actually took physical possession of an item or equipment. (WAC 182- 543-1000)

Health Care Financing Administration Common Procedure Coding System (HCPCS) – A coding system established by the Health Care Financing Administration to define services and procedures.
(WAC 182- 543-1000)

Orthotic Device or Orthotic – A corrective or supportive device that:

- Prevents or corrects physical deformity or malfunction.
- Supports a weak or deformed portion of the body. (WAC 182- 543-1000)

Plan of Care (POC) – (Also known as **plan of treatment (POT)**). A written plan of care that is established and periodically reviewed and signed by both a physician and a home health agency provider, that describes the home health care to be provided at the client’s residence.
(WAC [182- 551-2010](#))

Prosthetic device or prosthetic – A replacement, corrective, or supportive device prescribed by a physician or other licensed practitioner of the healing arts, within the scope of his or her practice as defined by state law, to:

- Artificially replace a missing portion of the body.
- Prevent or correct physical deformity or malfunction.
- Support a weak or deformed portion of the body. (WAC 182- 543-1000)

Resource Based Relative Value Scale (RBRVS) – A scale that measures the relative value of a medical service or intervention, based on amount of physician resources involved. (WAC 182- 543-1000)

About the Program

(WAC [182-543-1100](#))

What is the purpose of the Prosthetic and Orthotic Devices (P&O) program?

For eligible clients, the Prosthetic and Orthotic Devices (P&O) program covers the purchase of medically necessary P&O and related supplies when they are not included in other reimbursement methods (e.g., inpatient hospital diagnosis related group (DRG), nursing facility daily rate, health maintenance organization (HMO), or managed care organizations (MCOs)). The federal government considers P&O and related supplies as optional services under the Medicaid program, except when:

- Prescribed as an integral part of an approved plan of treatment under the Home Health program.
- Required under the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) program.

The agency may reduce or eliminate coverage for optional services, consistent with legislative appropriations.

Client Eligibility

Most Apple Health clients are enrolled in an agency-contracted managed care organization (MCO). This means that Apple Health pays a monthly premium to an MCO for providing preventative, primary, specialty, and other health services to Apple Health clients. Clients in managed care must see only providers who are in their MCO's provider network, unless prior authorized or to treat urgent or emergent care. See the agency's [Apple Health managed care page](#) for further details.

It is important to always check a client's eligibility prior to providing any services because it affects who will pay for the services.

How do I verify a client's eligibility?

Check the client's Services Card or follow the two-step process below to verify that a client has Apple Health coverage for the date of service and that the client's benefit package covers the applicable service. This helps prevent delivering a service the agency will not pay for.

Is the client enrolled in an agency-contracted managed care organization (MCO), in a behavioral health organization (BHO), or is the client receiving services through fee-for-service (FFS) Apple Health?

Verifying eligibility is a two-step process:

Step 1. Verify the patient's eligibility for Apple Health. For detailed instructions on verifying a patient's eligibility for Apple Health, see the *Client Eligibility, Benefit Packages, and Coverage Limits* section in the agency's [ProviderOne Billing and Resource Guide](#).

If the patient is eligible for Apple Health, proceed to **Step 2**. If the patient is **not** eligible, see the note box below.

Step 2. Verify service coverage under the Apple Health client's benefit package. To determine if the requested service is a covered benefit under the Apple Health client's benefit package, see the agency's [Program Benefit Packages and Scope of Services](#) web page.

Note: Patients who are not Apple Health clients may submit an application for health care coverage in one of the following ways:

1. By visiting the Washington Healthplanfinder's website at:
www.wahealthplanfinder.org
2. By calling the Customer Support Center toll-free at: 855-WAFINDER (855-923-4633) or 855-627-9604 (TTY)
3. By mailing the application to:
Washington Healthplanfinder
PO Box 946
Olympia, WA 98507

In-person application assistance is also available. To get information about in-person application assistance available in their area, people may visit www.wahealthplanfinder.org or call the Customer Support Center.

Are clients enrolled in an agency-contracted managed care organization (MCO) eligible?

(WAC [182-538-060](#) and [182-538-095](#))

Yes. Most Medicaid-eligible clients are enrolled in one of the agency's contracted managed care organizations (MCO). For these clients, managed care enrollment will be displayed on the client benefit inquiry screen in ProviderOne. All services must be requested through the client's primary care provider (PCP). Clients can contact their MCO by calling the telephone number provided to them.

All medical services covered under an agency-contracted MCO must be obtained by the client through designated facilities or providers. The MCO is responsible for both of the following:

- Payment of covered services
- Payment of services referred by a provider participating with the MCO to an outside provider

The agency does not pay for medical equipment and/or services provided to a client who is enrolled in an agency-contracted MCO, but did not use one of the plan's participating providers. (See WAC [182-543-1100](#))

Note: To prevent billing denials, check the client's eligibility **prior** to scheduling services and at the **time of the service**, and make sure proper authorization or referral is obtained from the agency-contracted MCO, if appropriate. See the agency's [ProviderOne Billing and Resource Guide](#) for instructions on how to verify a client's eligibility.

Managed care enrollment

Apple Health (Medicaid) places clients into an agency-contracted MCO the same month they are determined eligible for managed care as a new or renewing client. This eliminates a person being placed temporarily in FFS while they are waiting to be enrolled in an MCO or reconnected with a prior MCO. This enrollment policy also applies to clients in FFS who have a change in the program they are eligible for.

New clients are those initially applying for benefits or those with changes in their existing eligibility program that consequently make them eligible for Apple Health managed care. Renewing clients are those who have been enrolled with an MCO but have had a break in enrollment and have subsequently renewed their eligibility.

Checking eligibility

- Providers must check eligibility and know when a client is enrolled and with which MCO. For help with enrolling, clients can refer to the Washington Healthplanfinder's [Get Help Enrolling](#) page.
- MCOs have retroactive authorization and notification policies in place. The provider must know the MCO's requirements and be compliant with the MCO's policies.

Behavioral Health Organization (BHO)

The Department of Social and Health Services (DSHS) manages the contracts for behavioral health services (mental health and substance use disorder) for eight of the Regional Service Areas (RSAs) in the state. The remaining regions have [fully integrated managed care \(FIMC\)](#).

See the agency's [Mental Health Services Billing Guide](#) for details.

Fully Integrated Managed Care (FIMC)

For clients who live in an FIMC region, all physical health services, mental health services, and drug and alcohol treatment are covered and coordinated by the client's agency-contracted MCO. The BHO will not provide behavioral health services in these counties.

Clients living in an FIMC region will enroll with an MCO of their choice that is available in that region. If the client does not choose an MCO, the client will be automatically enrolled into one of the available MCOs, unless the client is American Indian/Alaska Native (AI/AN). Clients currently enrolled in one of the available MCOs in their region may keep their enrollment when the behavioral health services are added.

Effective July 1, 2017, American Indian/Alaska Native (AI/AN) clients living in an FIMC region of Washington may choose to enroll in one of the agency-contracted MCOs available in that region or they may choose to receive all these services through Apple Health FFS. If they do not choose an MCO, they will be automatically enrolled into Apple Health FFS for all their health care services, including comprehensive behavioral health services. See the agency's [American Indian/Alaska Native webpage](#).

For more information about the services available under the FFS program, see the agency's [Mental Health Services Billing Guide](#) and the [Substance Use Disorder Billing Guide](#).

For full details on FIMC, see the agency's [Changes to Apple Health managed care webpage](#).

FIMC Regions

Clients who reside in either of the following two FIMC regions and who are eligible for managed care enrollment must choose an available MCO in their region. Specific details, including information about mental health crisis services, can be found on the agency's [Apple Health managed care webpage](#).

North Central Region – Douglas, Chelan and Grant Counties

Effective January 1, 2018, the agency will implement the second FIMC region known as the North Central Region, which includes Douglas, Chelan, and Grant Counties.

Southwest Washington Region – Clark and Skamania Counties

Effective April 1, 2016, the agency implemented the first FIMC region known as the Southwest Washington Region, which includes Clark and Skamania Counties. Clients eligible for managed care enrollment choose to enroll in one of two available MCOs in this region.

Apple Health Foster Care (AHFC)

Coordinated Care of Washington (CCW) provides all physical health care (medical) benefits, lower-intensity outpatient mental health benefits and care coordination for all Washington State foster care enrollees through a single, statewide managed care plan known as Apple Health Core Connections (AHCC).

Clients under this program are:

- Under the age of 21 who are in foster care (out of home placement)
- Under the age of 21 who are receiving adoption support
- Age 18-21 years old in extended foster care
- Age 18 to 26 years old who aged out of foster care on or after their 18th birthday (alumni)

These clients are identified in ProviderOne as
“Coordinated Care Healthy Options Foster Care.”

See the agency’s [Apple Health managed care page](#), Apple Health Foster Care for further details.

What if the client has third-party liability (TPL) coverage?

If the client has third-party liability (TPL) coverage (excluding Medicare), providers must still obtain prior authorization (PA) before providing any service requiring PA.

Coverage

(WAC [182-543-1100](#))

What is covered?

The agency covers the prosthetic and orthotic (P&O) devices, repairs, and labor charges listed in the [Coverage Table](#) in this billing guide.

The agency covers a replacement prosthesis only when the purchase of a replacement prosthesis is less costly than repairing or modifying a client's current prosthesis. (See WAC [182-543-5000](#)(3)).

What are the general conditions of coverage?

(WAC [182-543-1100](#))

The agency covers the P&O devices listed in the [Coverage Table](#) in this billing guide when all of the following apply. The P&O devices must be:

- Medically necessary. The provider or client must submit sufficient objective evidence to establish medical necessity. Information used to establish medical necessity includes, but is not limited to:
 - ✓ A physiological description of the client's disease, injury, impairment, or other ailment, and any changes in the client's condition written by the prescribing physician, licensed prosthetist and/or orthotist, physical therapist, occupational therapist, or speech therapist.
 - ✓ Video and/or photograph(s) of the client demonstrating the impairments and the client's ability to use the requested equipment, when applicable.
- Within the scope of an eligible client's benefit package (see [Client Eligibility](#)).
- Within accepted medical or physical medicine community standards of practice.
- Prior authorized (see [Authorization](#)).
- Prescribed by a physician, advanced registered nurse practitioner (ARNP), or physician assistant certified (PAC). Except for dual eligible Medicare/Medicaid clients when Medicare is the primary payer and the agency is billed for co-pay and/or deductible only, the prescriber must use the *Prescription* form, HCA 13-794, to write the prescription. See [Where can I download agency forms?](#)

The *Prescription* form, HCA 13-794, must:

- ✓ Be signed and dated by the prescriber.
 - ✓ Be no older than one year from the date the prescriber signs the prescription.
 - ✓ State the specific item or service requested, diagnosis, estimated length of need (weeks, months, or years), and quantity.
- Bill the agency as the payer of last resort.

Note: The agency evaluates by-report (BR) items, procedures, or services for medical appropriateness and reimbursement value on a case-by-case basis.

What are habilitative services under this program?

Habilitative services are those medically necessary services provided to help a client partially or fully attain or maintain developmental age-appropriate skills that were not fully acquired due to a congenital, genetic, or early-acquired health condition. Such services are required to maximize the client's ability to function in his or her environment.

Effective January 1, 2014, and applicable to those clients in the expanded population and covered by the Alternative Benefit Plan (ABP) only, the agency will cover prosthetic and orthotic devices to treat one of the qualifying conditions listed in the agency's [Habilitative Services Billing Guide](#), under *Client Eligibility*.

All other program requirements are applicable to a habilitative service and should be followed unless otherwise directed (e.g., prior authorization).

Billing for habilitative services

Habilitative services must be billed using one of the qualifying diagnosis codes listed in the agency's *Habilitative Services Billing Guide* in the primary diagnosis field on the claim.

Billing for occupational therapist evaluation

When billing for an occupational therapist evaluation, refer to the [Outpatient Rehabilitative Billing Guide](#).

What if a service is covered but considered experimental or has restrictions or limitations?

(WAC [182-543-1100](#)(3) and (4))

The agency evaluates a request for a service that is in a covered category, but has been determined to be experimental or investigational as defined by WAC [182-531-0050](#), under the provisions of WAC [182-501-0165](#) which relate to medical necessity.

The agency evaluates a request for a covered service that is subject to limitations or other restrictions and approves such a service beyond those limitations or restrictions when medically necessary, under the standards for covered services in WAC 182-501-0165 (see limitation extensions).

What is not covered?

(WAC [182-543-6000](#))

The agency pays only for P&O devices and related supplies and services listed as covered in this billing guide. The agency evaluates a request for P&O devices and related supplies and services listed as noncovered within this billing guide and in WAC [182-501-0070](#), under the provisions of WAC [182-501-0160](#).

The agency considers all requests for covered P&O devices and related supplies and services, under the provisions of WAC [182-501-0165](#) which relate to medical necessity. When the agency considers that a request does not meet the requirements for medical necessity, or the definition(s) of covered item(s), the client may appeal that decision under the provisions of WAC [182-501-0165](#).

The agency specifically excludes services and equipment in this billing guide from fee-for-service (FFS) scope of coverage when the services and equipment do not meet the definition for a covered item, or the services are not typically medically necessary. This exclusion does not apply if the services and equipment are:

- Required under the EPSDT program.
- Included as part of an MCO service package.
- Included in a waived program.
- Part of one of the Medicare programs for qualified Medicare beneficiaries.

Services and equipment that are not covered include, but are not limited to:

- Services, procedures, devices, or the application of associated services that the Food and Drug Administration (FDA) and/or the Centers for Medicare and Medicaid Services (CMS) consider investigative or experimental on the date the services are provided.

Prosthetic and Orthotic (P&O) Devices

- Any service specifically excluded by statute.
- More costly services or equipment when the agency determines that less costly, equally effective services or equipment are available.
- Hairpieces or wigs.
- Material or services covered under manufacturer's warranties.
- Shoe lifts less than one inch, arch supports, and nonorthopedic shoes.
- Supplies and equipment used during a physician office visit, such as tongue depressors and surgical gloves.
- Prosthetic devices dispensed for cosmetic reasons.
- Personal and comfort items that do not meet the definition of a prosthetic or orthotic device (see [Definitions](#)), including, but not limited to:
 - ✓ Clothing and accessories, such as coats, gloves (including wheelchair gloves), hats, scarves, slippers, and socks.
 - ✓ Cosmetics, including corrective formulations, hair depilatories, and products for skin bleaching, commercial sunscreens, and tanning.
 - ✓ Impotence devices.

Note: The agency evaluates a request for any equipment or devices that are listed as noncovered in this billing guide under the provisions of WAC [182-501-0160](#). (See WAC [182-543-1100\(2\)](#)).

Provider Requirements

Who does the agency reimburse for providing prosthetic and orthotic (P&O) devices, related supplies and services to agency clients?

(WAC [182-543-2000](#)(1))

The agency may reimburse qualified providers for prosthetic and orthotic (P&O) devices, repairs, related supplies, and services on a fee-for-service (FFS) basis as follows:

- Providers who are licensed by the Washington State Department of Health (DOH) in P&O may be reimbursed. This does not apply to medical equipment dealers and pharmacies that do not require licensure to provide selected P&O.
- Medical equipment dealers, pharmacies, and home health agencies under their national provider identifier (NPI) may be reimbursed for medical supplies.
- All HCPCS codes with a *** indicator in the licensure column may be provided by a supplier that has an NPI with a taxonomy of DME or Pharmacy as long as all other licensure requirements have been met.
- Physicians who provide medical equipment and supplies in the physician's office may be reimbursed. The agency may pay separately for medical supplies, subject to the provisions in the agency's current [Physician-Related/Professional Services fee schedule](#).
- Out-of-state P&O providers who meet their state regulations may be reimbursed.

Note: The agency terminates from Medicaid participation any provider who violates program regulations and policies, as described in WAC [182- 502-0030](#) and WAC [182- 543-5000](#).

Which providers are eligible and what are the requirements?

(WAC [182-543-2000](#))

Providers and suppliers of P&O must meet all of the following:

- Meet the general provider requirements in chapter [182-502](#) WAC
- Be enrolled with Medicaid
- Have the proper business license
- Be certified, licensed and/or bonded if required, to perform the services billed to the agency
- Provide instructions for use of equipment
- Furnish to clients only new equipment that includes full manufacturer and dealer warranties
- Bill the agency using only the allowed procedure codes (see [Coverage Table](#))
- Have a valid prescription. To be valid, a prescription must meet all of the following:
 - ✓ Be written on the agency's *Prescription* form, HCA 13-794 (See [Where can I download agency forms?](#))
 - ✓ Be written by a physician, advanced registered nurse practitioner (ARNP), or physician's assistant certified (PAC)
 - ✓ Be written, signed (including the prescriber's credentials), and dated by the prescriber on the same day and before delivery of the supply, equipment, or device. (prescriptions must not be back-dated)
 - ✓ Be no older than one year from the date the prescriber signs the prescription
 - ✓ State the specific item or service requested, diagnosis, estimated length of need (weeks, months, or years), and quantity

Note: For dual eligible Medicare/Medicaid clients when Medicare is the primary payer and the agency is being billed for only the copay and/or deductible, the above does not apply.

How can interested parties request that equipment/supplies be added to the “covered” list in this billing guide?

(WAC [182-543-2100](https://www.wa.gov/info/182-543-2100))

Any interested party, such as providers, suppliers, or manufacturers may request the agency to include new equipment/supplies in this billing guide.

- The request should include credible evidence, including but not limited to:
 - ✓ Manufacturer's literature.
 - ✓ Manufacturer's pricing.
 - ✓ Clinical research/case studies (including FDA approval, if required) .
 - ✓ Proof of the Centers for Medicare and Medicaid Services (CMS) certification, if applicable.
 - ✓ Any additional information the requester feels would aid the agency in its determination.

Send requests to:

P&O Program Management Unit
PO Box 45506
Olympia WA 98504-5506

Authorization

What is prior authorization (PA)?

Prior authorization (PA) is the agency's approval for certain medical services, equipment, or supplies, before the services are provided to clients, as a precondition for provider reimbursement. **Expedited prior authorization (EPA) and limitation extensions (LE) are forms of prior authorization.**

Note: Facility or therapist letterhead must be used for any documentation that does not appear on an agency form.

Is PA required?

(WAC [182-543-7100](#))

Yes. The agency requires PA for certain purchases and repairs of medically necessary prosthetic and orthotic (P&O) devices and related supplies and services. See the PA column of the [Coverage Table](#) for items that require PA.

The agency bases its determination about which P&O devices and related supplies and services require PA or EPA on utilization criteria. The agency considers all of the following when establishing utilization criteria:

- High cost
- Potential for utilization abuse
- Narrow therapeutic indication
- Safety

How do I request PA?

Call or fax the agency all requests for prior authorization (see [Available Resources](#)).

What are the general policies for PA?

(WAC [182-543-7100](#))

For PA requests, the agency requires the prescribing provider to furnish patient-specific justification for base equipment and each requested line item accessory or modification identified as a separate charge. The agency does not accept general standards of care or industry standards for generalized equipment as justification.

When the agency receives an initial request for PA, the prescription(s) for those items or services cannot be older than three months from the date the agency receives the request.

All written requests must be submitted on the *General Information for Authorization* form, HCA 13-835. See [Where can I download agency forms?](#)

All written authorization requests must include a valid prescription prescribed by a physician, advanced registered nurse practitioner (ARNP), or physician assistant certified (PAC). This requirement does not apply to claims for dual eligible Medicare/Medicaid clients when Medicare is the primary payer and the agency is being billed for co-pay and/or deductible only

The prescriber must use *Prescription* form, 13-794 to write the prescription.

The *Prescription* form, 13-794 must meet all of the following criteria:

- Be signed and dated by the prescriber
- Be no older than one year from the date the prescriber signs the prescription
- State the specific item or service requested, diagnosis, estimated length of need (weeks, months, or years), and quantity

Also note the following for prescriptions:

- The prescriber's signature must have credentials. The agency does not currently accept stamped or electronic signatures.
- Prescriptions must be legible.
- The signature date is the valid date of the prescription.
- For a new request, prescriptions must be no older than 90 days.
- For extensions, prescriptions must be less than one year old.
- All forms must be complete (no blanks) and must be signed by the clinician to include their credentials.

Note: These forms can be downloaded from the agency's [forms](#) website.

Prosthetic and Orthotic (P&O) Devices

- If a letter of medical necessity (LMN) is obtained for the services provided remember:
 - ✓ The letter must be signed and dated by the clinician (to include credentials).
 - ✓ The clinician must sign and date chart notes (to include credentials) if used.
 - ✓ The LMN must include client-specific justification for the service and all related accessories/items.
 - ✓ The prescription must be dated prior to LMN and/or chart notes used as a LMN.
 - ✓ The prescription must document **tried and failed** less costly alternatives.
- The agency requires certain information from providers to prior authorize a purchase of equipment. This information includes, but is not limited to:
 - ✓ A detailed description of the item.
 - ✓ Any modifications required, including the product or accessory number as shown in the manufacturer's catalog.
- The agency prior authorizes By Report (BR) items that require PA and are listed in the [Coverage Table](#), only if medical necessity is established and the provider furnishes all of the following information to the agency:
 - ✓ A detailed description of the item or service to be provided
 - ✓ The cost or charge for the item
 - ✓ A copy of the manufacturer's invoice, price-list or catalog with the product description for the item being provided
 - ✓ A detailed explanation of how the requested item differs from an already existing code description
- The agency does not reimburse for the purchase or repair of medical equipment that duplicates equipment the client already owns. If the provider makes such a request, the agency requires the provider to submit a PA request and explain either of the following:
 - ✓ Why the existing equipment no longer meets the client's medical needs
 - ✓ Why the existing equipment could not be repaired or modified to meet those medical needs
- A provider may resubmit a request for PA for an item or service that the agency has denied. The agency requires the provider to include new documentation that is relevant to the request.

- The agency prior authorizes extensive maintenance that the manufacturer recommends be performed by an authorized dealer. The agency requires the client to take responsibility for routine maintenance of a prosthetic or orthotic. If the client does not have the physical or mental ability to perform the task, the agency requires the client's caregiver to be responsible. (See WAC [182- 543-7100](#))
- Authorizations are valid:
 - ✓ For written requests = Three months from the date of approval, then an extension must be requested.
 - ✓ For telephonic requests = One month from the date of approval, unless otherwise specified.

What does the agency require when submitting photos and X-rays for medical and P&O requests?

For submitting photos and X-rays for medical and DME PA requests, use the FastLook™ and FastAttach™ services provided by Vyne Medical.

Register with [Vyne Medical](#) through their website.

Contact Vyne Medical at 865-293-4111 with any questions.

When this option is chosen, fax the request to the agency and indicate the MEA# in box 18 on the *General Information for Authorization* (HCA 13-835) form. **There is an associated cost, which will be explained by the MEA services.**

Note: See the agency [ProviderOne Billing and Resource Guide](#) and review [Authorization](#) for more information on requesting authorization

What is expedited prior authorization (EPA)?

EPA is designed to eliminate the need for written and telephonic requests for PA for selected prosthetic and orthotic (P&O) procedure codes.

The agency requires a provider to create an authorization number for EPA for selected P&O procedure codes. The process and criteria used to create the authorization number is explained in the following pages. The authorization number must be used when the provider bills the agency.

Upon request, a provider must provide documentation to the agency showing how the client's condition met the criteria for EPA.

Note: A written or telephone request for PA is required when a situation does not meet the EPA criteria for selected P&O procedure codes.

The agency may recoup any payment made to a provider under this section if the provider did not follow the required EPA process and criteria.

To bill the agency for P&O that meet the EPA criteria on the following pages, the vendor must create a 9-digit EPA number. The first 6 digits of the EPA number must be **870000**. The last 3 digits must be the code number of the product and documented medical condition that meets the EPA criteria.

For electronic billing, enter the EPA in the *Prior Authorization* section. For more information about entering EPA numbers, see the [Medical provider workshop](#) webinar.

EPA numbers are only for those products listed on the following pages.

EPA numbers are not valid for:

- P&O devices requiring prior authorization through the P&O Devices program.
- Products for which the documented medical condition does not meet **all** of the specified EPA criteria.
- Requests that are for over-the-limit.

Providers must submit the request to the DME Authorization Unit or call for authorization. See [Available Resources](#).

Note: For more information on requesting authorization, see the agency [ProviderOne Billing and Resource Guide](#).

EPA criteria coding table

Prosthetics

Procedure Code	EPA Code	Short Description	Criteria
L5683 L5681	787	Addition to lower extremity, below knee/above knee, socket insert, suction suspension with or without locking mechanism	<p>Initial purchase of one (1) L5683 and L5681 per initial, lower extremity prosthesis (one to wash, one to wear) allowed per 12-month period if any of the following criteria are met:</p> <ol style="list-style-type: none"> 1) Short residual limb 2) Diabetic 3) History of skin problems/open sores on stump <p>Note:</p> <ol style="list-style-type: none"> 1) If the medical condition does not meet one of the criteria specified above, you must obtain prior authorization by submitting a request in writing to DME authorization Unit (see Resources Available) or by calling the authorization toll-free number at 800-562-3022. 2) This EPA is allowed only one time per client, per 12-month period. It is the provider's responsibility to determine whether the EPA has been used for the client within 12 months prior to the provider's proposed date of service. 3) EPA is for initial purchase only. It is not to be used for replacements of existing products.

Orthotics

Procedure Code	EPA Code	Short Description	Criteria
L3030	780	Foot insert, removable, formed to patient foot	<p>One (1) pair allowed in a 12-month period if one of the following criteria is met:</p> <ol style="list-style-type: none"> 1) Severe arthritis with pain 2) Flat feet or pes planus with pain 3) Valgus or varus deformity with pain 4) Plantar fasciitis with pain 5) Pronation <p>Note:</p> <ol style="list-style-type: none"> 1) If the medical condition does not meet one of the criteria specified above, you must obtain prior authorization by submitting a request in writing to DME authorization Unit (see Resources Available) or by calling the authorization toll-free number at (800) 562-3022. 2) This EPA is allowed only one time per client, per 12-month period. It is the provider's responsibility to determine whether the EPA has been used for the client within 12 months prior to the provider's proposed date of service.
L3310 L3320	781	Lift, elevation, heel & sole, per inch	For a client with a leg length discrepancy, allowed for as many inches as required (must be at least one inch), on one shoe per 12-month period.

Prosthetic and Orthotic (P&O) Devices

Procedure Code	EPA Code	Short Description	Criteria
L3334	782	Lift, elevation, heel, per inch	<p>Allowed for as many inches as required (has to be at least one inch), for a client with a leg length discrepancy, on one shoe per 12-month period.</p> <p>Note:</p> <ol style="list-style-type: none"> 1) Lift is covered per inch, for no less than one (1) inch, for one shoe. For example: It is medically necessary for a client to have a two (2) inch lift for the left heel. Bill two units of L3334 using EPA # 870000782. 3) If the medical condition does not meet the criteria specified above, you must obtain prior authorization by submitting a request in writing to DME authorization section (see Resources Available) or by calling the authorization toll-free number at 800-562-3022. 4) This EPA is allowed only one time per client, per 12-month period. It is the provider's responsibility to determine whether the EPA has been used for the client within 12 months prior to the provider's proposed date of service.

Prosthetic and Orthotic (P&O) Devices

Procedure Code	EPA Code	Short Description	Criteria
L3000	784	Foot insert, removable, molded to patient model, "UCB" type, Berkeley Shell, each	<p>Purchase of one (1) pair per 12-month period for a client 16 years of age or younger allowed if any of the following criteria are met:</p> <ol style="list-style-type: none"> 1) Required to prevent or correct pronation 2) Required to promote proper foot alignment due to pronation 3) For ankle stability as required due to an existing medical condition such as hypotonia, Cerebral Palsy, etc. <p>Note:</p> <ol style="list-style-type: none"> 1) If the medical condition does not meet one of the criteria specified above, you must obtain prior authorization by submitting a request in writing to DME authorization Unit (see Resources Available) or by calling the authorization toll-free number at 800-562-3022. 2) This EPA is allowed only one time per client, per 12-month period. It is the provider's responsibility to determine whether the EPA has been used for the client within 12 months prior to the provider's proposed date of service. 3) If the client only medically requires one orthotic, right or left, prior authorization must be obtained.

Prosthetic and Orthotic (P&O) Devices

Procedure Code	EPA Code	Short Description	Criteria
L3215 L3219	785	Orthopedic footwear, woman's or man's shoes, oxford.	<p>Purchase of one (1) pair per 12-month period allowed if any of the following criteria are met:</p> <ol style="list-style-type: none"> 1) When one or both shoes are attached to a brace 2) When one or both shoes are required to accommodate a brace with the exception of L3030 foot inserts 3) To accommodate a partial foot prosthesis 4) To accommodate club foot <p>Note:</p> <ol style="list-style-type: none"> 1) The agency does not allow orthopedic footwear for the following reasons: <ol style="list-style-type: none"> a) To accommodate L3030 orthotics b) Bunions c) Hammer toes d) Size difference (mismatched shoes) e) Abnormal sized foot 2) The agency only allows the following manufacturers of orthopedic footwear: <ol style="list-style-type: none"> a) Acor b) Alden Shoe Company c) Jerry Miller d) Markell e) P.W. Minor f) Walkin-Comfort g) Hanger h) Answer 2 i) Keeping Pace 3) If the medical condition does not meet one of the criteria specified above, you must obtain prior authorization by submitting a request in writing to DME authorization Unit (see Resources Available) or by calling the authorization toll-free number at (800) 562-3022. 4) EPA is allowed only one time per client, per 12-month period. It is the provider's responsibility to determine whether the client has already used all EPA in the period allowed under the EPA criteria.

Prosthetic and Orthotic (P&O) Devices

Procedure Code	EPA Code	Short Description	Criteria
L1945	786	AFO, molded to patient model, plastic, rigid anterior tibial section (floor reaction)	<p>Purchase of one per limb allowed per 12-month period if all of the following criteria are met:</p> <ol style="list-style-type: none"> 1) Client is 16 years of age and younger 2) Required due to a medical condition causing crouched gait <p>Note:</p> <ol style="list-style-type: none"> 1) If the medical condition does not meet one of the criteria specified above, you must obtain prior authorization by submitting a request in writing to DME authorization Unit (see Resources Available) or by calling the authorization toll-free number at (800) 562-3022. 2) EPA is allowed only one time per client, per 12-month period. It is the provider's responsibility to determine whether the client has already used all EPA in the period allowed under the EPA criteria.

Reimbursement

(WAC [182-543-9000](#) and [182- 543-9300](#))

What is the general reimbursement for prosthetic and orthotic (P&O) devices and related supplies and services?

- The agency reimburses a qualified provider who serves a client who is not enrolled in an agency-contracted managed care organization (MCO) only when all of the following apply:
 - ✓ The provider meets all of the conditions in WAC [182- 502-0016](#).
 - ✓ The agency does not include the item/service for which the provider is requesting reimbursement in other reimbursement rate methodologies. Other methodologies include, but are not limited to, the following:
 - Hospice providers' per diem reimbursement
 - Hospital's diagnosis related group (DRG) reimbursement
 - MCOs' capitation rate
 - Nursing facilities' per diem rate
- A provider must not bill the agency for the purchase of equipment supplied to the provider at no cost by suppliers/manufacturers.
- Reimbursement for prosthetic and orthotic (P&O) devices is limited to HCPCS/National Codes with the same level of coverage as Medicare.
- The agency may adopt policies, procedure codes, and/or rates that are different than those set by Medicare, if the agency determines that such actions are in the best interest of its clients.
- The agency may pay for medical services rendered to a client only when the agency is the payer of last resort.
- The agency's maximum payment for medical equipment and supplies is the lesser of either of the following:
 - ✓ Provider's usual and customary charge
 - ✓ Established rates, unless the client is eligible for both Medicare and Medicaid

Prosthetic and Orthotic (P&O) Devices

- The agency determines reimbursement for P&O devices according to a set fee schedule. The agency considers Medicare's current fee schedule when determining maximum allowable fees. For by-report (BR) codes, the agency reimburses 85% of the agreed upon fee.
- The agency sets maximum allowable fees for P&O devices and related supplies and services using available published information, such as:
 - ✓ Commercial databases for price comparisons
 - ✓ Manufacturers' catalogs
 - ✓ Medicare fee schedules
 - ✓ Wholesale prices
- The agency evaluates and updates the maximum allowable fees for P&O devices at least once per year, independent of scheduled legislatively authorized vendor rate increases. Rates remain effective until the next rate change.

What is the specific reimbursement for P&O devices?

(WAC [182- 543-9300](#))

- The agency's reimbursement for a P&O device includes the cost of any necessary molds.
- The agency's hospital reimbursement rate includes any P&O devices required for surgery and/or placed during the hospital stay.
- Reimbursement for gender dysphoria surgery includes payment for all related prosthetics and supplies.

Who owns the purchased P&O devices and related supplies?

(WAC [182-543-2250](#))

- P&O devices and related supplies that the agency purchases for a client are the client's property. The agency reimbursement for covered P&O devices and related supplies includes all of the following:
 - ✓ Any adjustments or modifications to the equipment that are required within three months of the date of delivery. (this does not apply to adjustments required because of changes in the client's medical condition)
 - ✓ Fitting and set-up
 - ✓ Instruction to the client or client's caregiver in the appropriate use of the equipment, device, and/or supplies
- The agency requires a provider to furnish to the agency clients only new equipment that includes full manufacturer and dealer warranties.
- The agency charges the dispensing provider for any costs it incurs to have another provider repair equipment if all of the following apply:
 - ✓ The dispensing provider is unwilling or unable to fulfill the warranty.
 - ✓ The client still needs the equipment.
- The agency rescinds purchase orders for the following reasons:
 - ✓ If the equipment was not delivered to the client before the client:
 - Dies
 - Loses medical eligibility
 - Becomes covered by a hospice agency
 - Becomes covered by an agency-contracted MCO
 - ✓ A client may become an MCO enrollee before the agency completes the purchase of prescribed medical equipment. If this occurs:
 - The agency rescinds the purchase order until the managed care primary care provider (PCP) evaluates the client.
 - The agency requires the PCP to write a new prescription if the PCP determines the equipment is still medically necessary (see [Definitions](#)).

Prosthetic and Orthotic (P&O) Devices

- The MCO's applicable reimbursement policies apply to the purchase or rental of the equipment.

Note: P&O devices placed during an inpatient hospital stay **are** included in the hospital reimbursement rate. The agency does **not** reimburse separately under these circumstances.

What does the agency pay for P&O devices?

See the Prosthetic and Orthotic Devices [fee schedule](#) web page.

Billing

Effective for claims billed on and after October 1, 2016

All claims must be submitted electronically to the agency, except under limited circumstances.

For more information about this policy change, see [Paperless Billing at HCA](#).

For providers approved to bill paper claims, see the agency's [Paper Claim Billing Resource](#).

What are the general billing requirements?

Providers must follow the agency's [ProviderOne Billing and Resource Guide](#). These billing requirements include:

- What time limits exist for submitting and resubmitting claims and adjustments
- When providers may bill a client
- How to bill for services provided to primary care case management (PCCM) clients
- How to bill for clients eligible for both Medicare and Medicaid
- How to handle third-party liability claims
- What standards to use for record keeping

How do I bill claims electronically?

Instructions on how to bill Direct Data Entry (DDE) claims can be found on the agency's [Billers and Providers](#) web page, under [Webinars](#).

For information about billing Health Insurance Portability and Accountability Act (HIPAA) Electronic Data Interchange (EDI) claims, see the ProviderOne 5010 companion guides on the [HIPAA Electronic Data Interchange \(EDI\)](#) web page.

How are Medicare crossovers submitted?

See the agency's [ProviderOne Billing and Resource Guide](#) for general instructions on how to submit Medicare crossovers.

What does the agency require from the provider-generated EOMB to process a crossover claim?

Header-level information on the EOMB must include all the following:

- **Medicare** as the identified payer
- The Medicare claim paid or process date
- The client's name (if not in the column level)
- Medicare reason codes
- Text in font size 12 or greater

Column-level labels on the EOMB for the 1500 claim form must include all the following:

- Client's name
- Date of service
- Number of service units (whole number) (NOS)
- Procedure code (PROC)
- Modifiers (MODS)
- Billed amount
- Allowed amount
- Deductible
- Amount paid by Medicare (PROV PD)
- Medicare adjustment reason codes and remark codes
- Text in font size 12
