

Apple Health restoration for COFA Islanders

Background

Compact of Free Association (COFA) Islander Health Care began in 2019 as a Health Care Authority program that pays the monthly premiums and out-of-pocket expenses for eligible COFA Islanders. A dental benefit was added for plan year 2021.

Washington Apple Health (Medicaid) was restored for individuals from the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau on December 27, 2020 through the enactment of the Consolidated Appropriations Act, 2021. This means COFA Islanders living in Washington may now be eligible for Apple Health, including individuals currently enrolled in COFA Islander programs.
