

COVID-19 testing and services FAQ

1) Where can I get up to date information on COVID-19?

- Washington State Department of Health (DOH)
 - Online: doh.wa.gov/coronavirus
 - Phone: 1-800-525-0127, press #
- Centers for Disease Control and Prevention (CDC)
 - Online: cdc.gov
 - Phone: 1-800-232-4636

2) What are the general symptoms of COVID-19?

Symptoms include fever, cough, and difficulty breathing.

People diagnosed with COVID-19 have reported symptoms that may appear in as few as two days or up to 14 days after exposure to the virus.

3) Should I get tested for COVID-19?

Seek testing if you have symptoms of COVID-19 or have been in close contact with someone who may be positive for COVID-19.

You should get tested immediately if having symptoms, or 3-5 days after suspected exposure, even if you don't experience any symptoms.

4) Will my COVID-19 testing be covered under Apple Health?

Yes, for more information on your options for testing view the [Apple Health \(Medicaid\) covers at-home COVID-19 tests FAQ](#).

5) Should I plan ahead and order extra prescriptions?

If you or one of your household members have a chronic condition and regularly take prescription drugs, talk to your health care provider, pharmacist, and insurance provider about keeping an emergency supply of medications at home.

This may exclude certain pharmaceuticals, so contact your plan for specifics.

6) Is telehealth/telemedicine covered under Apple Health coverage?

Yes, if it is determined medically necessary.

7) I lost my COVID-19 vaccination card, how do I get a replacement?

Contact the provider you received your vaccination from to receive a replacement COVID-19 vaccination card.
