What is Medicaid Transformation?

The federal government is investing up to $1.5 billion for a five-year, statewide effort to show that Washington can deliver better health care for more people, while spending dollars in a smarter way for Apple Health (Medicaid) beneficiaries.

Three initiatives:

Initiative 1: Transformation Through Accountable Communities of Health
A regional approach

Accountable Communities of Health play a critical role:

- **Coordinating** and **overseeing** regional projects aimed at improving care for Medicaid beneficiaries.
- **Implementing** transformation projects with community partners
- **Soliciting** community feedback and participation.
- **Deciding** on distribution of incentive funds to providers for achievement of defined milestones.
- **Linking** with Medicaid Managed Care Organizations on achieving value-based purchasing requirements.
