<sup>1</sup> Lower limit date – The lower limit date is three calendar months before the current process month.<sup>3</sup> For example: if the current process month is June, three calendar months before would be March; therefore, the lower limit date for terminations would be March 31.

<sup>2</sup> Paid – Paid means payment of a month’s premium and any applicable premium surcharges, or a month’s premium and any applicable premium surcharges with only an insignificant shortfall. See WAC 182-08-015 for a description of insignificant shortfall.

<sup>3</sup> Current process month – Identifies the specific period of time for which the insurance system is billing an agency. The beginning and end date of an agency’s current process month depends on which one of the three invoicing cycles the agency is in.

<sup>4</sup> If premiums and any applicable premium surcharges remain unpaid for 60 days after the death of the subscriber, the deceased subscriber’s coverage will be terminated retroactively to the last day of the last month in which the premium or any applicable premium surcharge was paid. The retroactive termination of the deceased subscribers’ coverage will impact enrollment eligibility for surviving dependents.
