New life insurance benefits and premiums—and a one-time enrollment opportunity

The PEBB Program strives to provide its members with better benefits and services at competitive costs. This year, the Health Care Authority (HCA) partnered with MetLife to provide new life insurance benefits to PEBB Program members starting January 1, 2017.

At the same time as the PEBB Program's open enrollment, MetLife will offer a **special, one-time open enrollment opportunity from November 1-30, 2016**, that will allow employees to enroll in or increase their supplemental life insurance or supplemental accidental death and dismemberment (AD&D) insurance without answering health questions and/or having a medical exam.

Almost everyone will need to take some action during MetLife's open enrollment. Employees will also receive mailings from MetLife in mid-to-late October. MetLife Customer Service representatives will be available at the PEBB Program's benefits fairs to answer questions.

Medical plan benefits

The changes shown below affect the plans noted. Call the plans directly or visit their websites.

Both UMP Plus networks will expand to serve new counties in 2017 (new counties shown in **bold**):

Medical plan premiums

See [employee medical premiums](#).

Individual contribution amounts for health savings accounts (HSA)

The annual HSA contribution limit for an individual (subscriber only) account will increase to \$3,400 in 2017, up from \$3,350 in 2016. (The contribution amount for a family stays the same at \$6,750.) Subscribers ages 55 and older can continue to contribute \$1,000 more in addition to these amounts.

The amounts include all contributions made, from both you and your employer. Remember to also include the \$125 SmartHealth wellness incentive contributed to your HSA (if you qualify for the incentive in 2017).

Optional long-term disability (LTD) insurance premiums

Employees enrolled in PEBB's optional LTD insurance through Standard Insurance Company will see higher premiums for 2017. While the actual premiums didn't increase, the PEBB Program used excess claims reserves in 2016 to lower members' premiums. Those reserves aren't available to be applied toward the 2017 premiums. You can find the 2017 monthly premiums at www.hca.wa.gov/public-employee-benefits.

PEBB Program rules and policies

These changes take effect January 1, 2017:

- The definition of "tobacco products" related to the PEBB Program's tobacco use premium surcharge also includes pipe tobacco. It **does not** include e-cigarettes, which are now regulated by the U.S. Food and Drug Administration.
- Eligibility for domestic partners who qualified under PEBB rules before January 1, 2010, is removed. The PEBB Program is aligning eligibility for all domestic partners based on state and federal recognition of same-sex marriages, domestic partnerships, and/or legal unions. Subscribers who enrolled their domestic partner before January 1, 2010 (and have not since provided proof of marriage, state-registered domestic partnership, or a legal union) must provide proof that their domestic partner still qualifies under current PEBB Program rules to continue the domestic partner's enrollment in 2017.

These subscribers must submit copies of document(s) that prove their domestic partner's eligibility to their personnel, payroll, or benefits office. **These document(s) must be received by December**

31, 2016, or PEBB Program coverage for the domestic partner (and the domestic partner's enrolled children, if not legally related to the subscriber) will be cancelled January 1, 2017. A list of documents that verify a dependent's eligibility is available through your personnel, payroll, or benefits office or at www.hca.wa.gov/public-employee-benefits under *Dependent verification*. If a state-registered domestic partner's status has changed for tax purposes, the subscriber must also complete the *Declaration of Tax Status* form, available from your personnel, payroll, or benefits office or on HCA's website.

- Employees who are newly eligible or regain eligibility for PEBB benefits will have 31 days to enroll in supplemental life insurance up to the guaranteed issue amounts, without answering health questions and/or having a medical exam.
