Health plan premiums are increasing
Public Employees Benefits Board (PEBB) Program health plans will see significant increases in monthly premiums for 2024. Choose the plan that best meets your family’s health care and financial needs.
Consider whether a plan serves your area, which providers are in their network, which medications are covered, and out-of-pocket expenses. For help choosing a plan, use our Medical Benefit Comparison Tool at hca.wa.gov/compare-medical-pebb.

Open enrollment is November 1-30
