Purpose:

This policy clarifies the criteria used by the Health Care Authority (HCA) to approve or deny requests by employer groups for eligibility standards that are different eligibility standards than standards used by the Public Employees Benefits Board (PEBB) Program.

Policy:

If an employer group, educational service districts for non-represented employee, or board members of school districts and educational service districts wants to administer an eligibility standard that differs from the standard administered by the PEBB Program, the group must submit the request in writing to the HCA and receive approval from HCA before adopting a different standard through a signed contract. The requested deviation from the PEBB Program standard eligibility criteria will be evaluated at a minimum on:

1. Compliance with applicable federal and state law;
2. Compliance with policy resolutions adopted by the PEBB Program;
3. Impact of the proposed deviation on HCA's administration of PEBB benefits;
4. Impact of the proposed deviation on HCA's administration of the cafeteria plan; and
5. Historical consideration of similar requests.
