

SAVE THIS BOOKLET FOR REFERENCE

This booklet explains benefit provisions that are specific to a dental plan administered by the Washington State Health Care Authority. The booklet, which explains program eligibility and general provisions, constitutes the certificate of coverage for enrollees in this dental plan. This certificate of coverage replaces and supersedes any and all previous certificates.

It is your responsibility to be informed about your benefits. To avoid penalty or loss of benefits, please note all plan Confirmation of Treatment and Cost requirements, service area restrictions and benefit limitations. If provisions within this booklet are inconsistent with any federal or state statute or rules, the language of the statute or rule will have precedence over that contained in this publication.

This booklet was compiled by the Washington State Health Care Authority, P.O. Box 42682, Olympia, Washington 98504-2682. If you have questions on the provisions contained in this booklet, please contact the dental plan.

To obtain this publication in alternative format such as Braille or audio, call 1-800-200-1004.

UNIFORM DENTAL PLAN

Self-Insured by the State of Washington

FOR BENEFITS AVAILABLE BEGINNING JANUARY 1, 2019

Administered by
Delta Dental of Washington
P.O. Box 75983
Seattle, Washington 98175-0983
1-800-537-3406

Questions Regarding Your Plan

If you have questions regarding your dental benefits plan, you may call:

Delta Dental of Washington Customer Service 1-800-537-3406

Written inquiries may be sent to:

Delta Dental of Washington
Customer Service Department
P.O. Box 75983
Seattle, WA 98175-0983

You can also email us at CSservice@DeltaDentalWA.com.

Finding a Delta Dental PPO Network Dentist

You can find the most current listing of participating PPO dentists by going online to DeltaDentalWA.com/searchUDP.

When you use the online directory, please be sure to search using the Delta Dental PPO network. If you call your dentist's office to check if they are in network, please tell them you are a Delta Dental PPO plan member.

With the UDP, you get the best coverage and financial protection when you see a dentist who is part of the Delta Dental PPO network. Participating PPO network dentists can also save you time and money. That's because they submit claim forms directly to Delta Dental and agree to provide care at discounted fees.

If you choose to get care out-of-network, you're covered. You may get care from Delta Dental Premier® dentists, or from other non-network dentists. Plan benefits are usually lower compared to in-network PPO dentists and you may need to have your dentist complete and sign a claim form. Please remember, non-contracted, out-of-network dentists may bill you for charges in excess of the Uniform Dental Plan's allowed payments.

Manage your benefits online

Healthy smiles start by getting the most of your dental benefits and we've got the tools to help you. The MySmile® Personal Benefits Center and Delta Dental Mobile App give you the information you need to understand and manage dental benefits for you and your family.

Both tools allow you to securely check your coverage, view claim status, monitor dental activity, find a dentist, and get ID cards. MySmile is our most comprehensive tool. It also helps you compare dental costs and choose personal profile features like earth-friendly, paperless Explanations of Benefits. The Delta Dental mobile app puts key information at your fingertips when you're on the go.

Your online account allows you to access both MySmile and the Mobile App with a single username and password. Register for MySmile at DeltaDentalWA.com/login or download the free Delta Dental mobile app from [iTunes](https://itunes.apple.com) or [GooglePlay](https://play.google.com) today.

Welcome to the Uniform Dental Plan and Delta Dental of Washington (DDWA).

Delta Dental of Washington began providing dental benefits coverage in 1954 and has been providing coverage to state of Washington employees through the Uniform Dental Plan since 1988. DDWA is now the largest dental benefits provider in Washington State, serving approximately 2 million people nationwide.

In 1994, the Uniform Dental Plan introduced the DDWA preferred provider (PPO) program. This program continues to provide enrollees with the freedom to choose any dentist, and it gives subscribers the opportunity to receive a higher level of coverage by receiving treatment from those dentists who participate in the Uniform Dental Plan (DDWA's Delta Dental PPO plan). Today, more than 60 percent of the dentists in Washington participate in the Delta Dental PPO program.

Delta Dental of Washington works closely with the dental profession to design dental plans that promote high-quality treatment along the most cost-effective path. As any dental care professional will attest, the key to having good oral health and avoiding dental problems is prevention. The Uniform Dental Plan and all DDWA programs are structured to encourage regular dental visits and early treatment of dental problems before they become more costly.

Delta Dental of Washington is committed to providing the highest quality customer service to all enrollees. DDWA's dedicated customer service representatives are available toll-free to enrollees from 7 a.m. to 5 p.m., Monday through Friday. You can also access information through our automated inquiry system with a touch-tone phone by entering your Social Security number or Member ID number, as applicable.

Thank you for enrolling in the Uniform Dental Plan. We are happy to be serving 283,000 enrollees.

To obtain services, inform your dentist that you are covered by the Uniform Dental Plan, DDWA program number **03000**.

Retiree Participation

Retirees must be enrolled in a medical plan to enroll in the dental plan. If they enroll in the medical and dental plans, they must enroll the same eligible dependents under both plans. Once enrolled in the medical and dental package, retirees cannot change to "medical-only" for at least two years. The two-year requirement does not apply to retirees whose medical and dental coverage is terminated due to the retiree's return to employment and subsequent enrollment in active group coverage, including spouse's re-employment.

Terms Used in This Booklet

Amalgam — A mostly silver filling often used to restore decayed teeth.

Appeal — An appeal is a written or oral request from an enrollee or, if authorized by the enrollee, the enrollee's representative to change a previous decision made by DDWA concerning: a) access to dental care benefits, including an adverse determination made pursuant to utilization review; b) claims handling, payment, or reimbursement for dental care and services; c) matters pertaining to the contractual relationship between an enrollee and DDWA or d) other matters as specifically required by state law or regulation.

Caries — Decay. A disease process initiated by bacterially produced acids on the tooth surface.

Coinsurance — DDWA will pay a predetermined percentage of the cost of your treatment (see Reimbursement Levels for Allowable Benefits under the Benefit Levels for Uniform Dental Plan) and you are responsible for paying the balance. What you pay is called the coinsurance. It is paid even after a deductible is reached.

DDWA — Delta Dental of Washington, a not-for-profit dental service corporation.

Choosing a Dentist

Once you choose a dentist, tell them that you are covered by a DDWA dental plan and provide them the name and number of your group and your member identification number. Your group information can be found on the identification card document provided to you and enrollment, or printed from www.DeltaDentalWA.com. Additionally, you may obtain your group information and your member identification number by calling our customer service number at 800-554-1907 or through our website at www.DeltaDentalWA.com. Delta Dental of Washington uses a randomly selected identification number or universal identifiers to ensure the privacy of your information and to help protect against identify theft. Please note that ID cards are not required to see your dentist, but are provided for your convenience.

Delta Dental Participating Dentists

Delta Dental Participating Dentists have agreed to provide treatment for enrolled persons covered by DDWA plans. Just tell your dentist that you are covered by a DDWA dental Plan and provide your identification number, the Plan name and the group number. You will not have to hassle with sending in claim forms. Participating dentists complete claim forms and submit them directly to DDWA. They receive payment directly from DDWA.

You will be responsible only for stated coinsurances, deductibles, any amount over the Plan maximum, and for any elective care you choose to receive outside the covered dental benefits. You will not be charged more than the participating dentist's approved fee or the fee that the Delta Dental dentist has filed with us.

There are two categories of Participating Dentists that you may choose: a Delta Dental Premier[®] Dentist or a Delta Dental PPO Dentist. If you select a dentist who is a Delta Dental PPO Dentist, your benefits will likely be paid at the highest level and your out-of-pocket expenses may be lower.

Delta Dental Premier[®] Dentists

Delta Dental Premier[®] dentists have contracted with DDWA to provide you with covered dental benefits at an agreed upon maximum allowable fee.

Delta Dental PPO Dentists

PPO dentists have contracted to receive payment based on their PPO-filed fees at the percentage levels listed on your Plan for PPO dentists, which are often lower than the Delta Dental Premier[®] maximum allowable fees. Patients are responsible only for percentage coinsurance up to the PPO filed fees.

Nonparticipating Dentists

If you select a dentist who is not a Delta Dental Participating Dentist, you are responsible for ensuring either you or your dentist completes and submit a claim form. We accept any American Dental Association-approved claim form that you or your dentist may provide. You may also download a claim form from our website at www.DeltaDentalWA.com or obtain a form by calling us at 800-554-1907.

Payment by DDWA to nonparticipating dentist for services will be based on the dentist's actual charges or DDWA's maximum allowable fees for nonparticipating dentists, whichever is less. You will be responsible for paying any balance remaining to the dentist. Please be aware that DDWA has no control over nonparticipating dentists' charges or billing practices.

Out-of-State Dentists

If you receive treatment from a Non-Participating Dentist outside of the state Washington your coinsurance amounts will be based on the coinsurance percentage established for a Delta Dental PPO Dentist. Allowable amounts paid for covered services will be based on the maximum allowable fee for a Participating Dentist in that state, or their actual fee, whichever is less.

Dental Emergency — The emergent and acute onset of a symptom or symptoms, including severe pain, that would lead a prudent layperson acting reasonably to believe that a dental condition exists that requires immediate dental attention, if failure to provide dental attention would result in serious impairment to oral functions or serious dysfunction of the mouth or teeth, or would place the person's oral health in serious jeopardy.

Dental Necessity — A service is "dentally necessary" if it is recommended by your treating provider and if all of the following conditions are met.

Necessary vs. Not Covered Treatment — Your dentist may recommend a treatment plan that includes services which may not be covered by this Plan. DDWA does not specify which treatment should be performed, only which treatment will be paid for under your Plan. While a treatment may be appropriate for managing a specific condition of oral health, it must still meet the provisions of the dental Plan in order to be a paid covered benefit. Prior to treatment, you and your dentist should discuss which services may not be covered as well as any fees that are your responsibility. For further information see the "Confirmation of Treatment and Cost" section.

1. The purpose of the service, supply or intervention is to treat a dental condition;
2. It is the appropriate level of service, supply or intervention considering the potential benefits and harm to the patient;
3. The level of service, supply or intervention is known to be effective in improving health outcomes;
4. The level of service, supply or intervention recommended for this condition is cost-effective compared to alternative interventions, including no intervention; and
5. For new interventions, effectiveness is determined by scientific evidence. For existing interventions, effectiveness is determined first by scientific evidence, then by professional standards, then by expert opinion.
 - A health "intervention" is an item or service delivered or undertaken primarily to treat (i.e., prevent, diagnose, detect, treat, or palliate) a dental condition (i.e., disease, illness, injury, genetic or congenital defect or a biological condition that lies outside the range of normal, age-appropriate human variation) or to maintain or restore functional ability. For purposes of this definition of "dental necessity," a health intervention means not only the intervention itself, but also the dental condition and patient indications for which it is being applied.
 - "Effective" means that the intervention, supply or level of service can reasonably be expected to produce the intended results and to have expected benefits that outweigh potential harmful effects.

- An intervention, supply or level of service may be dentally indicated, yet not be a covered benefit or meet the standards of this definition of “dental necessity.” UDP may choose to cover interventions, supplies, or services that do not meet this definition of “dental necessity”; however, UDP is not required to do so.
- “Treating provider” means a health care provider who has personally evaluated the patient.
- “Health outcomes” are results that affect health status as measured by the length or quality (primarily as perceived by the patient) of a person's life.
- An intervention is considered to be new if it is not yet in widespread use for the dental condition and patient indications being considered.
- “New interventions” for which clinical trials have not been conducted because of epidemiological reasons (i.e., rare or new diseases or orphan populations) shall be evaluated on the basis of professional standards of care or expert opinion. (See “existing interventions” below.)
- “Scientific evidence” consists primarily of controlled clinical trials that either directly or indirectly demonstrate the effect of the intervention on health outcomes. If controlled clinical trials are not available, observational studies that demonstrate a causal relationship between the intervention and health outcomes can be used. Partially controlled observational studies and uncontrolled clinical series may be suggestive, but do not by themselves demonstrate a causal relationship unless the magnitude of the effect observed exceeds anything that could be explained either by the natural history of the medical condition or potential experimental biases.
- For “existing interventions,” the scientific evidence should be considered first and, to the greatest extent possible, should be the basis for determinations of “dental necessity.” If no scientific evidence is available, professional standards of care should be considered. If professional standards of care do not exist, or are outdated or contradictory, decisions about existing interventions should be based on expert opinion. Giving priority to scientific evidence does not mean that coverage of existing interventions should be denied in the absence of conclusive scientific evidence.
Existing interventions can meet UDP's definition of “dental necessity” in the absence of scientific evidence if there is a strong conviction of effectiveness and benefit expressed through up-to-date and consistent professional standards of care or, in the absence of such standards, convincing expert opinion.
- A level of service, supply or intervention is considered “cost effective” if the benefits and harms relative to costs represent an economically efficient use of resources for patients with this condition. In the application of this criterion to an individual case, the characteristics of the individual patient shall be determinative. Cost-effective does not necessarily mean lowest price.

Dentist — A licensed dentist legally authorized to practice dentistry at the time, and in the place, services are performed. This Plan provides for covered services only if those services are performed by or under direction of a licensed dentist or other DDWA-approved licensed professional. A “licensed dentist” does not mean a dental mechanic or any other type of dental technician.

Endodontics — The diagnosis and treatment of dental diseases, including root canal treatment, affecting dental nerves and blood vessels.

Enrollee — The subscriber or a covered dependent enrolled in this plan

Experimental or Investigative — A service or supply that is determined by the Uniform Dental Plan to meet any one of the following criteria. If any of these situations are met, the service or supply is considered experimental and/or investigative, and benefits will not be provided.

1. It cannot be lawfully marketed without the approval of the U.S. Food and Drug Administration (FDA), and such approval has not been granted on the date it is furnished.
2. The provider has not demonstrated proficiency in the service, based on knowledge, training, experience, and treatment outcomes.

3. Reliable evidence shows the service is the subject of ongoing clinical trials to determine its safety or effectiveness.
4. Reliable evidence has shown the service is not as safe or effective for a particular dental condition compared to other generally available services and that it poses a significant risk to the enrollee's health or safety.

Reliable evidence means only published reports and articles in authoritative dental and scientific literature, scientific results of the provider's written protocols or scientific data from another provider studying the same service.

The documentation used to establish the plan criteria will be made available for enrollees to examine at the office of the Uniform Dental Plan, if enrollees send a written request.

If DDWA determines that a service is experimental or investigative, and therefore not covered, the enrollee may appeal the decision. Uniform Dental Plan will respond in writing within 20 working days after receipt of a claim or other fully documented request for benefits, or a fully documented appeal. The 20-day period may be extended only with the enrollee's informed written consent.

Group — The employer or entity that is contracting for dental benefits for its employees.

HCA — The Health Care Authority.

Licensed Professional — An individual legally authorized to perform services as defined in his or her license. Licensed professional includes, but is not limited to, dentist, hygienist and radiology technician.

Not a paid covered benefit — Any dental procedure which, under some circumstances, would be covered by DDWA but is not covered under other conditions, examples of which are listed in Benefits Covered by Your Plan.

Occlusal Guard — A removable dental appliance — sometimes called a nightguard — that is designed to minimize the effects of gnashing or grinding of the teeth (bruxism). An occlusal guard (nightguard) is typically used at night.

Orthodontics — Diagnosis, prevention and treatment of irregularities in tooth and jaw alignment and function, frequently involving braces.

Periodontics — The diagnosis, prevention and treatment of diseases of gums and the bone that supports teeth.

Plan or UDP — The Uniform Dental Plan.

Plan Designated Facility or Provider — Administered by Delta Dental of Washington.

Prosthodontics — The replacement of missing teeth by artificial means such as bridges and dentures.

Resin-based Composite — Tooth-colored filling, made of a combination of materials, used to restore teeth.

Specialist — A licensed dentist who has successfully completed an educational program accredited by the Commission of Dental Accreditation, two or more years in length, as specified by the Council on Dental Education or holds a diploma from an American Dental Association-recognized certifying board.

Subscriber — Employee or retiree eligible to enroll in this dental plan.

Service Area

The Uniform Dental Plan preferred provider organization (PPO) service area is all of Washington state. If enrollees need assistance in locating PPO providers in their areas, they should contact the plan.

The out-of-PPO service area is any location outside of Washington state. If enrollees are treated by out-of-state dentists, they will be responsible for having the dentists complete and sign claim forms. It will also be up to them to ensure that the claims are sent to DDWA. For covered services, the plan will pay either the dentists' actual charges or the maximum allowable fee normally paid to Delta Dental participating dentists for the same services, whichever is less.

Uniform Dental Plan Providers

Delta Dental of Washington has participating dentist contracts with nearly 3,400 licensed dentists in the state of Washington.

Under the Uniform Dental Plan, enrollees have the option of seeking care from any licensed dentist, whether or not the dentist is a member of Delta Dental. However, their benefits may be paid at a higher level and their out-of-pocket costs will likely be lower if they see Delta Dental participating PPO dentists. This is because participating PPO dentists agree to provide care based on a lower average fee schedule.

Participating dentists submit claim forms to DDWA and receive payments directly from DDWA. Enrollees are responsible only for stated deductibles, copayments and/or amounts in excess of the program maximum.

More than 60% of Delta Dental participating dentists participate in the Uniform Dental Plan/Delta Dental PPO network. Enrollees are not required to choose a dentist at enrollment and are free to choose a different dentist each time they seek treatment.

If enrollees need assistance locating PPO dentists in their areas, or have questions about benefits or payment of claims, they should call the Uniform Dental Plan customer service team at (800) 537-3406. Customer service representatives are available weekdays from 8 a.m. to 5 p.m., Monday through Friday. In addition you can obtain a current list of Delta Dental dentists by going to our website at www.DeltaDentalWa.com. Go to Looking for a Dentist and click on Read More. This will bring up the DDWA Find a Dentist directory. Be sure to click on the Delta Dental PPO plan and follow the prompts.

Enrollees may also seek treatment from Delta Dental Premier[®] dentists, who are members of Delta Dental's traditional fee-for-service plan. Their payments, however, are likely to be higher than if they see PPO dentists. Delta Dental Premier[®] dentists also submit claims forms and receive payments directly from DDWA. Enrollees are responsible only for stated deductibles, copayments and/or amounts in excess of the program maximum.

Nonparticipating dentists have not contracted with Delta Dental. Payment for services performed by a nonparticipating dentist is based upon enrollees' dentist's actual charges or Delta Dental's maximum allowable fees for nonparticipating dentists, whichever is less. If the enrollee sees a nonparticipating dentist, he or she will be responsible for having the dentist complete and sign claim forms. It will also be up to the enrollee to ensure that the claims are sent to DDWA.

Deductible

Your program has a \$50 deductible per eligible person each benefit period. This means that from the first payment or payments DDWA makes for covered dental benefits, a deduction of \$50 is made. This deduction is owed to the provider by you. Once each eligible person has satisfied the deductible during the benefit period, no further deduction will be taken for that eligible person until the next benefit period. The maximum deductible for all members of a family (Enrolled Employee and one or more Enrolled Dependents) each benefit period is three times the individual deductible, or \$150. This means that the maximum amount that will be deducted for all members of a family during a benefit period, regardless of the number of eligible persons, will not exceed \$150. Once a family has satisfied the maximum deductible amount during the benefit period, no further deduction will apply to any member of that family until the next benefit period. The deductible does not apply to Class I covered dental benefits or Orthodontic Benefits.

Maximum Annual Plan Payment

For your program, the maximum amount payable by DDWA/Delta Dental for Class I, II and III covered dental benefits per eligible person is \$1,750 each benefit period. Charges for dental procedures requiring multiple treatment dates are considered incurred on the date the services are completed. Amounts paid for such procedures will be applied to the program maximum based on the incurred date.

Lifetime Benefit Maximums

The lifetime maximum amounts payable per eligible person for covered dental benefits are:

1. Orthodontia: \$1,750
2. Temporomandibular joint (TMJ) treatment: \$500
3. Orthognathic surgery: \$5,000

Specialty Services

Specialty treatment is a covered benefit under the Uniform Dental Plan. As with all dental treatment, enrollees will receive a higher level of benefits if they obtain treatment from a PPO dentist. Enrollees may want to ask their dentists to refer them to PPO specialists in the event they need specialty care. PPO specialists are listed in the Uniform Dental Plan provider directory, or enrollees may contact the Uniform Dental Plan customer service team at (800) 537-3406.

Benefit Levels for Uniform Dental Plan

Services	PPO Dentists in Washington State	Out of State	Non-PPO Dentist in Washington State
Diagnostic/preventive	100%	90%	80%
Restorative fillings	80%	80%	70%
Oral surgery	80%	80%	70%
Periodontic services	80%	80%	70%
Endodontic services	80%	80%	70%
Restorative crowns	50%	50%	40%
Prosthodontic (dentures and bridges)	50%	50%	40%
Orthodontic (to lifetime maximum plan payment of \$1,750)	50%	50%	50%
Non-surgical TMJ (to lifetime maximum plan payment of \$500)	70%	70%	70%
Orthognathic (to lifetime maximum plan payment of \$5,000)	70%	70%	70%

Emergency Care

Emergency care is defined as treatment for relief of pain resulting from an unexpected condition that requires immediate dental treatment. Enrollees should first contact their dentists. If the enrollee's PPO dentist is not available, he or she should call the Uniform Dental Plan customer service team at (800) 537-3406. DDWA will find a PPO dentist who can treat the enrollee or will approve treatment from a non-PPO dentist and will pay benefits at the PPO benefit level. If an emergency occurs after regular office hours, enrollees should first contact their PPO dentists. If the enrollee's dentist is not available, enrollees may seek treatment from any dentist for pain relief. If a PPO dentist is not available, the enrollee's claim from a non-PPO dentist will be paid at the PPO benefit level. Emergency care treatment involving Restorative Fillings are not subject to the frequency limitations stated in the "Class II Restoration" section of this booklet.

Claims for emergency treatment received by a non-PPO dentist when the enrollee's regular PPO dentist is not available must be sent with a written explanation to:

Send your claim to:

Delta Dental of Washington
Customer Service
Post Office Box 75983
Seattle, WA 98175-0983

Emergencies outside the PPO service area are paid as any other treatment received outside the service area.

Confirmation of Treatment and Cost

If your dental care will be extensive, you may ask your dentist to complete and submit a request for an estimate, sometimes called a "Confirmation of Treatment and Cost." This will allow you to know in advance what procedures may be covered, the amount DDWA may pay and your expected financial responsibility.

A Confirmation of Treatment and Cost is not an authorization for services but a notification of Covered Dental Benefits available at the time the request is made and is not a guarantee of payment.

A Confirmation of Treatment and Cost is valid for 6 months but in the event your benefits are terminated and you are no longer eligible, the Confirmation of Treatment and Cost is voided. DDWA will make payments based on your available benefits (maximum, deductible and other limitations as described in your benefits booklet) and the current plan provisions when the treatment is provided.

Second Opinion

To determine covered benefits for certain treatments, the Uniform Dental Plan may require a patient to obtain a second opinion from a DDWA-appointed consultant. The Uniform Dental Plan will pay 100% of the charges incurred for the second opinion.

Covered Dental Benefits, Limitations and Exclusions

The following covered dental benefits are subject to the limitations and exclusions contained in this booklet. Such benefits (as defined) are available only when rendered by a licensed dentist or other DDWA-approved licensed professional when appropriate and necessary as determined by the standards of generally accepted dental practice and DDWA. Claims for services must be submitted within 12 months of the completion of treatment.

Note: Please be sure to consult your provider before treatment begins regarding any charges that may be your responsibility.

The amounts payable by DDWA for covered dental benefits are described in the Benefit Levels for Uniform Dental Plan section of this benefit booklet.

Class I Benefits

Class I Diagnostic Services

Covered Dental Benefits

- Comprehensive, or detailed and extensive oral evaluation
- Diagnostic evaluation for routine or emergency purposes
- X-rays

Limitations

- Comprehensive or detailed and extensive oral evaluation is covered once in the patient's lifetime by the same dentist. Subsequent comprehensive or detailed and extensive oral evaluations from the same dentist is paid as a periodic oral evaluation.
- Routine evaluation is covered twice in a benefit period. Routine evaluation includes all evaluations except limited, problem-focused evaluations.

- Limited problem-focused evaluations are covered twice in a benefit period.
- A complete series or a panoramic X-ray is covered once in a five-year period from the date of service.
 - Any number or combination of X-rays, billed for the same date of service, which equals or exceeds the allowed fee for a complete series, is considered a complete series for payment purposes.
- Bitewing X-rays are covered once in a benefit period from the date of service.

Exclusions

- Consultations – diagnostic service provided by a dentist other than the requesting dentist
- Study models
- Diagnostic services and X-rays related to temporomandibular joints (jaw joints) are not a Class I paid covered benefit.

Class I Preventive Services

Covered Dental Benefits

- Prophylaxis (cleaning)
- Periodontal maintenance
- Sealants
- Topical application of fluoride including fluoridated varnishes
- Space maintainers
- Preventive resin restoration

Limitations

- Any combination of prophylaxis and periodontal maintenance is covered twice in a calendar year (refer to Class II Periodontics for additional limitation information).
 - Periodontal maintenance procedures are covered only if a patient has completed active periodontal treatment.
- For any combination of, adult prophylaxis and periodontal maintenance third and fourth occurrences *may* be covered if the dentist determines the patient meets periodontal Case Type III or IV (Pocket depth readings of 5mm or greater).*

***Note:** *These benefits are available only under certain conditions of oral health. It is strongly recommended that you have your dentist submit a Confirmation of Treatment and Cost request to determine if the treatment is a covered dental benefit. A Confirmation of Treatment and Cost is not a guarantee of payment. See the "Confirmation of Treatment and Cost" section for additional information.*

- Topical application of fluoride is limited to two covered procedures in a benefit period.
- Sealants:
 - Benefit coverage for application of sealants is limited to permanent molars that have no restorations (includes preventive resin restorations) on the occlusal (biting) surface.
 - The application of a sealant is a covered dental benefit once in a three-year period per tooth from the date of service.
- Space maintainers are covered once in a patient's lifetime for the same missing tooth or teeth through age 17.
- Preventive resin restorations:
 - Benefit coverage for application of sealants is limited to permanent molars that have no restorations on the occlusal (biting) surface.
 - The application of a preventive resin restoration is a covered dental benefit once in a three-year period per tooth from the date of service.
 - The application of a preventive resin restoration is not a paid covered benefit for three years after a sealant or preventive resin restoration on the same tooth from the date of service.

Exclusions

- Plaque control program (oral hygiene instruction, dietary instruction and home fluoride kits)

Class I Periodontics

Covered Dental Benefits

- Prescription-strength fluoride toothpaste
- Antimicrobial rinse dispensed by the dental office

Limitations

- Prescription-strength fluoride toothpaste and antimicrobial rinse are covered dental benefits following periodontal surgery or other covered periodontal procedures when dispensed in a dental office.
- Proof of a periodontal procedure must accompany the claim or the patient's history with DDWA must show a periodontal procedure within the previous 180 days.
- Antimicrobial rinse may be dispensed once per course of periodontal treatment, which may include several visits.
- Antimicrobial rinse is available for women during pregnancy without any periodontal procedure.

****Refer Also To General Limitations and Exclusions****

Class II Benefits

Note: The subscriber should consult the provider regarding any charges that may be the patient's responsibility before treatment begins.

Note: Some benefits are available only under certain conditions of oral health. It is strongly recommended that you have your dentist submit a Confirmation of Treatment and Cost request to determine if the treatment will be covered. See the "Confirmation of Treatment and Cost" section for additional information

Class II Sedation

Covered Dental Benefits

- General anesthesia
- Intravenous sedation

Limitations

- General anesthesia is a Covered Dental Benefit only in conjunction with certain covered endodontic, periodontic and oral surgery procedures, as determined by DDWA, or when medically necessary, for children through age six, or a physically or developmentally disabled person, when in conjunction with Class I, II, III, TMJ or Orthodontic Covered Dental Benefits.*
- Intravenous sedation is covered in conjunction with covered endodontic, periodontic and oral surgery procedures, as determined by DDWA.
- Either general anesthesia or intravenous sedation (*but not both*) are covered when performed on the same day.
- Sedation, which is either general anesthesia or intravenous sedation, is a Covered Dental Benefit only once per day.

Exclusions

- General anesthesia or intravenous sedation for routine post-operative procedures is not a paid covered benefit except as described above for children through the age of six or physically or developmentally disabled person.

Class II Palliative Treatment

Covered Dental Benefits

- Palliative treatment for pain

Limitations

- Postoperative care and treatment of routine post-surgical complications are included in the initial cost for surgical treatment if performed within 30 days.
- Palliative treatment is not a paid covered benefit when the same provider performs any other definitive treatment on the same date

Class II Restorative

Covered Dental Benefits

- Restorations (fillings)
- Stainless steel crowns
- Refer to “*Class III Restorative*” if teeth are restored with crowns, inlays, veneers, or onlays.

Limitations

- Restorations on the same surface(s) of the same tooth are covered once in a two-year period from the date of service for the following reasons:
 - Treatment of carious lesions (visible destruction of hard tooth structure resulting from the process of dental decay)
 - Fracture resulting in significant loss of tooth structure (missing cusp)
 - Fracture resulting in significant damage to an existing restoration
- If a resin-based composite or glass ionomer restoration is placed in a posterior tooth (except those placed in the buccal (facial) surface of bicuspid), it will be considered an elective procedure and an amalgam allowance will be made, with any difference in cost being the responsibility of the patient.
- Stainless steel crowns are covered once in a two-year period from the seat date.

Exclusions

- Overhang removal
- Copings
- Re-contouring or polishing of restoration
- Restorations necessary to correct vertical dimension or to alter the morphology (shape) or occlusion

Please also see:

- Refer to “*Class III Restorative*” for more information regarding coverage for crowns (other than stainless steel), inlays, veneers or onlays.

**Limitations for Restorative fillings do not apply to treatment received due to an emergent care situation. Please refer to the “Emergency Care” section for more information.*

Class II Oral Surgery

Covered Dental Benefits

- Major and minor oral surgery which includes the following general categories:
 - Removal of teeth
 - Preprosthetic surgery
 - Treatment of pathological conditions
 - Traumatic facial injuries
 - Ridge extension for insertion of dentures (vestibuloplasty)
- Refer to “Class II Sedation” for Sedation information.

Exclusions

- Iliac crest or rib grafts to alveolar ridges
- Tooth transplants
- Materials placed in tooth extraction sockets for the purpose of generating osseous filling

Class II Periodontics

Covered Dental Benefits

- Surgical and nonsurgical procedures for treatment of the tissues supporting the teeth
- Services covered include:
 - Periodontal scaling/root planing
 - Periodontal surgery
 - Limited adjustments to occlusion (eight teeth or fewer)
 - Localized delivery of antimicrobial agents
 - Gingivectomy

***Note:** *Some benefits are available only under certain conditions of oral health. It is strongly recommended that you have your dentist submit a Confirmation of Treatment and Cost request to determine if the treatment is a covered dental benefit. A Confirmation of Treatment and Cost is not a guarantee of payment. See the “Confirmation of Treatment and Cost” section for additional information.*

Limitations

- Periodontal scaling/root planing is covered once in a 36-month period from the date of service.
- Limited occlusal adjustments are covered once in a 12-month period from the date of service.
- Periodontal surgery (per site) is covered once in a three-year period from the date of service.
 - Periodontal surgery must be preceded by scaling and root planing done a minimum of six weeks and a maximum of six months prior to treatment, or the patient must have been in active supportive periodontal therapy.
- Soft tissue grafts (per site) are covered once in a three-year period from the date of service.

- Localized delivery of antimicrobial agents is a Covered Dental Benefit under certain conditions of oral health, such as periodontal Case Type III or IV, and five mm (or greater) pocket depth readings.*.
 - When covered, localized delivery of antimicrobial agents is limited to two teeth per quadrant and up to two times (per tooth) in a benefit period.
 - When covered, localized delivery of antimicrobial agents must be preceded by scaling and root planing done a minimum of six weeks and a maximum of six months prior to treatment, or the patient must have been in active supportive periodontal therapy.

Note: Some benefits are available only under certain conditions of oral health. It is strongly recommended that you have your dentist submit a Confirmation of Treatment and Cost request to determine if the treatment is a covered dental benefit. A Confirmation of Treatment and Cost is not a guarantee of payment. See the “Confirmation of Treatment and Cost” section for additional information.

Class II Endodontics

Covered Dental Benefits

- Procedures for pulpal and root canal treatment, services covered include:
 - Pulp exposure treatment
 - Pulpotomy
 - Apicoectomy
- Refer to “*Class II Sedation*” for Sedation information.

Limitations

- Root canal treatment on the same tooth is covered only once in a two-year period from the date of service.
- Re-treatment of the same tooth is allowed when performed by a dentist other than the dentist who performed the original treatment and if the re-treatment is performed in a dental office other than the office where the original treatment was performed.
- Refer to Class III Prosthodontics if the root canals are placed in conjunction with a prosthetic appliance.

Exclusions

- Bleaching of teeth

*****Refer Also To General Limitations and Exclusions*****

Class III Benefits

Note: *The subscriber should consult the provider regarding any charges that may be the patient's responsibility before treatment begins.*

Note: *Some benefits are available only under certain conditions of oral health. It is strongly recommended that you have your dentist submit a Confirmation of Treatment and Cost request to determine if the treatment will be covered.*

Class III Periodontic Services

Covered Dental Benefits

- Under certain conditions of oral health, services covered are:
 - Occlusal guard (nightguard)
 - Repair and relines of occlusal guard
 - Complete occlusal equilibration

Note: *These benefits are available only under certain conditions of oral health. It is strongly recommended that you have your dentist submit a Confirmation of Treatment and Cost request to determine if the treatment is a covered dental benefit. A Confirmation of Treatment and Cost is not a guarantee of payment. See the "Confirmation of Treatment and Cost" section for additional information.*

Limitations

- Occlusal guard (nightguard) is covered once in a three-year period from the date of service.
- Repair and relines done more than six months after the date of initial placement are covered.
- Complete occlusal equilibration is covered once in a lifetime.

Class III Restorative Services

Covered Dental Benefits

- Crowns, veneers, inlays (as a single tooth restoration – with limitations) or onlays for treatment of carious lesions (visible destruction of hard tooth structure resulting from the process of removing dental decay) or fracture resulting in significant loss of tooth structure (e.g., missing cusps or broken incisal edge).
- Crown buildups
- Post and core on endodontically treated teeth
- Implant-supported crown

Limitations

- A crown, veneer or onlay on the same tooth is covered once in a five-year period from the seat date.
- An implant-supported crown on the same tooth is covered once in a five-year period from the original seat date of a previous crown on that same tooth.
- An inlay (as a single tooth restoration) will be considered as elective treatment and an amalgam allowance will be made, with any cost difference in cost being the responsibility of the enrolled person, once in a two-year period from the seat date.
- Payment for a crown, veneer, inlay, or onlay shall be paid based upon the date that the treatment or procedure is completed.
- A crown buildup is a covered dental benefit when more than 50 percent of the natural coronal tooth structure is missing and there is less than 2mm of vertical height remaining for 180 degrees or more of the tooth circumference and there is evidence of decay or other significant pathology.
- A crown buildup or a post and core are covered once in a five-year period on the same tooth from the date of service.

- Crown buildups or post and cores are not a paid covered benefit within two years of a restoration on the same tooth from the date of service.
- A crown used for purposes of re-contouring or repositioning a tooth to provide additional retention for a removable partial denture is not a paid covered benefit unless the tooth is decayed to the extent that a crown would be required to restore the tooth whether or not a removable partial denture is part of the treatment.

Exclusions

- Copings
- A crown or onlay is not a paid covered benefit when used to repair micro-fractures of tooth structure when the tooth is asymptomatic (displays no symptoms) or there is an existing restoration with no evidence of decay or other significant pathology.
- A crown or onlay placed because of weakened cusps or existing large restorations.

Class III Prosthodontics

Covered Dental Benefits

- Dentures
- Fixed partial dentures (fixed bridges)
- Removable partial dentures
- Inlays when used as a retainer for a fixed partial denture (fixed bridge)
- Adjustment or repair of an existing prosthetic appliance
- Surgical placement or removal of implants or attachments to implants

Limitations

- Replacement of an existing prosthetic appliance is covered once every five years from the delivery date and only then if it is unserviceable and cannot be made serviceable.
- Payment for dentures, fixed partial dentures (fixed bridges); inlays (only when used as a retainer for a fixed bridge) and removable partial dentures shall be paid upon the delivery date.
- Implants and superstructures are covered once every five years.
- **Temporary dentures** — DDWA will allow the amount of a reline toward the cost of an interim partial or full denture. After placement of the permanent prosthesis, an initial reline will be a benefit after six months.
- **Denture adjustments and relines** — Denture adjustments and relines, done more than six months after the initial placement are covered.
 - Subsequent relines or rebases (but not both) will be covered once in a 12-month period from the date of service.

Exclusions

- Duplicate dentures
- Personalized dentures
- Maintenance or cleaning of a prosthetic appliance
- Copings
- Crowns in conjunction with overdentures

Orthodontic Benefits

It is strongly suggested that orthodontic treatment plan be submitted to, and a Confirmation of Treatment and Cost request be made by, DDWA prior to commencement of treatment. This will allow you to know in advance what procedures may be covered, the amount DDWA may pay toward the treatment and your expected financial responsibility. A Confirmation of Treatment and Cost is not a guarantee of payment. See the "Confirmation of Treatment and Cost" section for additional information. Additionally, payment for orthodontia is based upon eligibility. If individuals terminate coverage prior to the subsequent payment of benefits, subsequent payment is not covered.

Orthodontic treatment is the appliance therapy necessary for the correction of teeth or jaws that are positioned improperly.

The lifetime maximum amount payable for orthodontic benefits rendered to an eligible person is \$1,750. Not more than \$875 of the maximum, or one-half of the plan's total responsibility, shall be payable for treatment during the "construction phase."

The remaining plan payments shall be made in monthly increments until completion, up to the plan maximum, providing the employee is eligible and the dependent meets eligibility requirements. The plan will not pay for treatment if claim forms are submitted more than 12 months after banding date.

The amount payable for orthodontic treatment shall be 50 percent of the lesser of the maximum allowable fees or the fees actually charged.

Covered Dental Benefits

- Fixed or removable appliance therapy for the treatment of teeth or jaws.
- Orthodontic records: exams (initial, periodic, comprehensive, detailed and extensive), X-rays (intraoral, extraoral, diagnostic radiographs, panoramic), diagnostic photographs, diagnostic casts (study models) or cephalometric films.

Limitations

- Payment is limited to:
 - Completion of the treatment plan, or any treatment that is completed through the plan's limiting age for Orthodontics (refer to "*Dependent Eligibility and Termination*"), whichever occur first.
 - Treatment received after coverage begins (claims must be submitted to DDWA within the time limitation stated in the Claim Forms Section of the start of coverage). For orthodontia claims, the initial banding date, which is the date the treatment date considered in the timely filing.
- Treatment that began prior to the start of coverage will be prorated. Allowable payment will be calculated based on the balance of treatment costs remaining on the date of eligibility.
- In the event of termination of the treatment Plan prior to completion of the case or termination of this plan, no subsequent payments will be made for treatment incurred after such termination date.

Exclusions

- Charges for replacement or repair of an appliance
- No benefits shall be provided for services considered inappropriate and unnecessary, as determined by DDWA.

*****Refer Also To General Limitations and Exclusions*****

General Exclusions

In addition to the specific exclusions and limitations stated elsewhere in this booklet, Uniform Dental Plan (UDP) does not provide benefits for:

1. Dentistry for cosmetic reasons.

2. Restorations or appliances necessary to correct vertical dimension or to restore the occlusion, which include restoration of tooth structure lost from attrition, abrasion or erosion, and restorations for malalignment of teeth.
3. Services or supplies that the Uniform Dental Plan determines are experimental or investigative. Experimental services or supplies are those whose use and acceptance as a course of dental treatment for a specific condition is still under investigation/observation.
3. Any drugs or medicines, even if they are prescribed. This includes analgesics (medications to relieve pain) and patient management drugs, such as premedication and nitrous oxide.
4. Hospital or other facility care for dental procedures, including physician services and additional fees charged by the dentist for hospital treatment. However, this exclusion will not apply and benefits will be provided for services rendered during such hospital care, including outpatient charges, if all these requirements are met:
 - a. A hospital setting for the dental care must be medically necessary.
 - b. Expenses for such care are not covered under the enrollee's employer-sponsored medical plan.
 - c. Prior to hospitalization, a request for a Confirmation of Treatment and Cost of dental treatment performed at a hospital is submitted to and approved by DDWA. Such request for Confirmation of Treatment and Costs must be accompanied by a physician's statement of medical necessity.

If hospital or facility care is approved, available benefits will be provided at the same percentage rate as those performed by a participating dental provider, up to the available benefit maximum.
5. Dental services started prior to the date the person became eligible for services under this plan, except as provided for orthodontic benefits.
6. Services for accidental injury to natural teeth when evaluation of treatment and development of a written plan is performed more than 30 days from the date of injury. Treatment must be completed within the time frame established in the treatment plan unless delay is medically indicated and the written treatment plan is modified.
7. Expenses incurred after termination of coverage, except expenses for:
 - a. Prosthetic devices that are fitted and ordered prior to termination and delivered within 30 days after termination.
 - b. Crowns, if the tooth is prepared prior to termination and the crown is seated on the tooth within 30 days after termination.
 - c. Root canal treatment, if the tooth canal is opened prior to termination and treatment is completed within 30 days after termination.
8. Missed appointments.
9. Completing insurance forms or reports, or for providing records.
10. Habit-breaking appliances which are, fixed or removable device(s) fabricated to help prevent potentially harmful oral health habits (e.g., chronic thumb sucking appliance, tongue thrusting appliance etc.), except as specified under the orthodontia benefit.
11. Full-mouth restoration or replacement of sound fillings. (Replacement of sound fillings will not be covered unless at the recommendation of a licensed dentist, and a Confirmation of Treatment and Cost is required.)
12. Charges for dental services performed by anyone who is not a licensed dentist, registered dental hygienist, denturist or physician, as specified.
13. Services or supplies that are not listed as covered.
14. Treatment of congenital deformity or malformations.
15. Replacement of lost or broken dentures or other appliances.
16. Services for which an enrollee has contractual right to recover cost, whether a claim is asserted or not, under automobile, medical, personal injury protection, homeowners or other no-fault insurance.

17. In the event an Eligible Person fails to obtain a required examination from a DDWA-appointed consultant dentist for certain treatments, no benefits shall be provided for such treatment.

Delta Dental of Washington shall determine whether services are covered dental benefits in accordance with standard dental practice and the general limitations and exclusions shown in the Contract. Should there be a disagreement regarding the interpretation of such benefits; the subscriber shall have the right to appeal the determination in accordance with the non-binding appeals process in this contract and may seek judicial review of any denial of coverage of benefits.

Eligibility

In these sections, we may refer to employees, retirees, and survivors as “subscribers” or “enrollees.” The term “retiree” or “retiring employee” as used in these sections includes elected and full-time appointed officials of the legislative and executive branch of state government eligible to continue enrollment in PEBB retiree insurance coverage. Additionally, “health plan” is used to refer to a plan offering medical or dental coverage, or both developed by the Public Employees Benefits Board (PEBB) and provided by a contracted vendor or self-insured plans administered by the Health Care Authority (HCA).

The employee’s employing agency will inform the employee whether they are eligible for benefits upon employment and whenever the employee’s eligibility status changes. The communication will include information about the employee’s right to appeal eligibility and enrollment decisions. Information about an employee’s right to an appeal can be found on page 27.

The Public Employees Benefits Board (PEBB) Program determines if a retiring employee is eligible to enroll in PEBB retiree insurance coverage upon receipt of a completed *Retiree Coverage Election* form. If the retiring employee does not have substantive eligibility or does not meet the procedural requirements for enrollment in PEBB retiree insurance coverage, the PEBB Program will notify the retiring employee of their right to appeal. Information about appealing a decision made by the PEBB Program can be found on page 34.

The PEBB Program determines if a dependent is eligible to enroll or continue enrollment in PEBB retiree insurance coverage as a survivor upon receipt of a completed *Retiree Coverage Election* form. If the survivor does not have substantive eligibility or does not meet the procedural requirements for enrollment in PEBB retiree insurance coverage, the PEBB Program will notify the survivor of their right to appeal. Information about appealing a decision made by the PEBB Program can be found on page 34.

Retirees, survivors, and their enrolled dependents, are required to enroll in Medicare Part A and B if entitled.

Enrollees who are entitled to Medicare must enroll and maintain their enrollment in Medicare Parts A and B. This is a condition of their enrollment in a PEBB retiree health plan. Enrollees must provide a copy of their Medicare card or their entitlement letter from the Social Security Administration with Medicare Part A and B dates to the PEBB Program as proof of Medicare enrollment. If an enrollee is not entitled to either Medicare Parts A or B on their 65th birthday, the enrollee must provide the PEBB Program with a copy of the denial letter from the Social Security Administration. The only exception to this rule is employees who retired on or before July 1, 1991.

Eligible Dependents

To enroll in a dental plan, a dependent must be eligible and the subscriber must follow the procedural requirements described in the “Enrollment” section of this booklet.

The PEBB Program or employing agency verifies the eligibility of all dependents and requires documents from subscribers that prove a dependent's eligibility. The following are eligible as dependents:

1. Legal spouse.
2. State registered domestic partner, as defined in state statute and substantially equivalent legal unions from other jurisdictions as defined in state statute.

3. Children. Children are eligible through the last day of the month in which their 26th birthday occurred except as described in subsection (h) of this section. Children are defined as the subscriber's:
 - a. Children as defined in state statutes that establish a parent-child relationship, except when parental rights have been terminated;
 - b. Children of the subscriber's spouse, based on the spouse's establishment of a parent-child relationship, except when parental rights have been terminated. The stepchild's relationship to a subscriber (and eligibility as a dependent) ends on the same date the marriage with the spouse ends through divorce, annulment, dissolution, termination, or death;
 - c. Children for whom the subscriber has assumed legal obligation for total or partial support in anticipation of the child;
 - d. Children for whom the subscriber has assumed a legal obligation for total or partial support in anticipation of adoption of the child;
 - e. Children of the subscriber's state-registered domestic partner, based on the state-registered domestic partner's establishment of a parent-child relationship, except when parental rights have been terminated. The child's relationship to the subscriber (and eligibility as a dependent) ends on the same date the subscriber's legal relationship with the state-registered domestic partner ends through divorce, annulment, dissolution, termination, or death;
 - f. Children specified in a court order or divorce decree for whom the subscriber has a legal obligation to provide support or health care coverage;
 - g. Extended dependent in the legal custody or legal guardianship of the subscriber, the subscriber's spouse, or subscriber's state-registered domestic partner. The legal responsibility is demonstrated by a valid court order and the child's official residence with the custodian or guardian. Extended dependent child does not include a foster child unless the subscriber, the subscriber's spouse, or the subscriber's state-registered domestic partner has assumed a legal obligation for total or partial support in anticipation of adoption; and
 - h. Children of any age with a developmental or physical disability that renders the child incapable of self-sustaining employment and chiefly dependent upon the subscriber for support and maintenance provided such condition occurs before the age of 26. The following requirements apply to dependents with a disability:
 - The subscriber must provide proof of the disability and dependency within 60 days of the child's attainment of age 26;
 - The subscriber must agree to notify the PEBB Program in writing no later than 60 days after the date that the child is no longer eligible under this subsection;
 - A child with a developmental or physical disability who becomes self-supporting is not eligible under this subsection as of the last day of the month in which they become capable of self-support;
 - A child with a developmental or physical disability age 26 and older who becomes capable of self-support does not regain eligibility under (h) of this subsection if they later become incapable of self-support;
 - The PEBB Program (with input from the medical plan if enrolled in medical) will periodically verify the eligibility of a dependent child with a disability, but no more frequently than annually after the two-year period following the child's 26th birthday, which may require renewed proof from the subscriber.

4. Parents of the subscriber.

- a. Parents covered under PEBB medical before July 1, 1990, may continue enrollment on a self-pay basis as long as:
 - The parent maintains continuous enrollment in PEBB medical;
 - The parent qualifies under the Internal Revenue Code as a dependent of the subscriber;
 - The subscriber continues enrollment in PEBB insurance coverage; and
 - The parent is not covered by any other group medical plan.
- b. Parents eligible under this subsection may be enrolled with a different medical plan than that selected by the subscriber. Parents may not enroll additional dependents to their PEBB insurance coverage.

ALERT! Don't forget to notify your employing agency or the PEBB Program of changes in dependent status. You may be required to pay for services received by ineligible dependents.

Enrollment

A PEBB Program subscriber or subscriber's dependent is eligible to enroll in only one PEBB dental plan even if eligibility criteria is met under two or more subscribers. For example, a dependent child who is eligible for enrollment under two parents working for employers that participate in PEBB coverage may be enrolled as a dependent under one parent, but not more than one.

Employees are required to enroll in a dental plan under their employing agency. Employees must submit an *Employee Enrollment/Change* form to their employing agency when they become newly eligible for PEBB benefits. The form must be received no later than 31 days after the date the employee becomes eligible. To enroll an eligible dependent, the employee must include the dependent's information on the form and provide the required document(s) as proof of the dependent's eligibility. A dependent must be enrolled in the same health plan coverage as the subscriber. If the employee does not meet the 31-day requirement, the employee will be enrolled in the Uniform Dental Plan and any eligible dependents cannot be enrolled until the PEBB Program's next annual open enrollment or when a qualifying event occurs that creates a special open enrollment.

Retirees and survivors may enroll in dental. If a retiree or survivor chooses to enroll in a dental plan under PEBB retiree insurance coverage, any dependents enrolled on the subscriber's account will be enrolled in dental in the same dental plan as the subscriber. The retiree or survivor must stay enrolled in retiree dental coverage for at least two years before dental can be dropped unless they defer or terminate coverage according to PEBB Program rules.

Retiring employees and dependents becoming eligible as a survivor must submit a *Retiree Coverage Election* form along with any other required forms to the PEBB Program. The forms must be received within the required enrollment time limits listed under "When Dental Coverage Begins". Retiring employees and dependents becoming eligible as a survivor who request to enroll an eligible dependent must include the dependent's information on the *Retiree Coverage Election* form and provide any required document(s) as proof of the dependent's eligibility. A subscriber or a subscriber's dependents may also be enrolled during the PEBB Program's annual open enrollment (see "Annual Open Enrollment" on page 22) or during a special open enrollment (see "Special Open Enrollment" on page 22). The subscriber must provide proof of the event that created the special open enrollment.

ALERT! Failure to notify your employing agency or the PEBB Program of changes in status affecting eligibility may result in termination of coverage. You are responsible for the cost of any services received when you or your dependent(s) were ineligible.

Subscribers are required to remove dependents within 60 days from the last day of the month when dependents no longer meet the eligibility criteria described under "Eligible dependents" on page 18.

Consequences for not submitting notice within 60 days may include, but are not limited to:

- The dependent losing eligibility to continue dental plan coverage under one of the continuation coverage options described on page 21 of this booklet;
- The subscriber being billed for claims paid by the dental plan that were received after the dependent lost eligibility;
- The subscriber being unable to recover subscriber-paid insurance premiums for dependents that lost their eligibility; and
- The subscriber being responsible for premiums paid by the state for the dependent's dental plan coverage after the dependent lost eligibility.
-

TIP: Keeping your address and other personal information up-to-date helps ensure that you receive important notices about your benefits. If your address or name changes:

- ♦ Employees should notify their personnel, payroll, or benefits office as soon as possible.
 - ♦ Retirees, survivor, and continuation coverage subscribers should contact the PEBB Program at 1-800-200-1004.
-

When Dental Coverage Begins

For an employee and the employee's eligible dependent, enrolling **no later than 31 after the date the employee becomes newly eligible**, dental plan coverage will begin the first day of the month following the date the employee becomes eligible. If the employee becomes eligible on the first working day of the month, then coverage begins on that date.

For retiring employees and their dependents enrolling in PEBB retiree insurance coverage **no later than 60 days after the employee's employer-paid coverage, Consolidated Omnibus Budget Reconciliation Act (COBRA) coverage, or continuation coverage ends**, dental coverage begins on the first day of the month after the loss of employer-paid coverage, COBRA coverage, or continuation coverage.

For an eligible elected or full-time appointed official and their dependents enrolling in PEBB retiree insurance coverage **no later than 60 days after the official leaves public office**, dental coverage begins the first day of the month following the date the official leaves public office.

For an eligible survivor of a retiree and their dependents enrolling in PEBB retiree insurance coverage **no later than 60 days after the death of the retiree**, dental coverage will be continued without a gap subject to payment of premiums and any applicable premium surcharges.

For an eligible survivor of an employee (not including emergency service personnel killed in the line of duty) and their dependents enrolling in PEBB retiree insurance coverage **no later than 60 days after the later of the date of the employee's death or the date the survivor's PEBB, school district, educational service district, or charter school coverage ends**, dental coverage begins the first day of the month following the later of the date of the employee's death or the date the survivor's PEBB, school district, educational service district, or charter school coverage ends.

For a retiree or a survivor who deferred enrollment and is enrolling in a PEBB health plan **no later than 60 days after a loss of other qualifying coverage**, dental coverage will begin the first day of the month after the loss of other qualifying coverage.

For a person enrolling during the PEBB Program's annual open enrollment, dental coverage will begin on January 1 of the following year.

For a person enrolling during a special open enrollment, dental coverage will begin the first of the month following the later of the event date or the date the form is received. If that day is the first of the month, the change in enrollment begins on that day.

Exceptions:

1. If the special enrollment is due to birth or adoption of a child, or when the subscriber has assumed a legal obligation for total or partial support in anticipation of adoption of a child, dental coverage begins as follows:
 - a. For the newly born child, dental coverage will begin the date of birth;
 - b. For a newly adopted child, dental coverage will begin on the date of placement or the date a legal obligation is assumed in anticipation of adoption, whichever is earlier;
 - c. For a spouse or state-registered domestic partner of a subscriber, dental coverage will begin the first day of the month in which the event occurs.

If adding a child who becomes eligible as an extended dependent through legal custody or legal guardianship, dental coverage begins on the first day of the month following eligibility certification.

Annual Open Enrollment

Employees may make the following changes to their enrollment during the PEBB Program's annual open enrollment:

- Enroll or remove eligible dependents; or
- Change their dental plan.

Retirees or survivors may make the following changes to their enrollment during the PEBB Program's annual open enrollment:

- Enroll in or terminate enrollment in a dental plan;
- Enroll or remove eligible dependents; or
- Change their dental plan.

If subscribers make changes during the PEBB Program's annual open enrollment, employees must submit the required form to their employing agency. Retirees and survivors must submit the required forms to the PEBB Program. The forms must be received no later than the last day of the annual open enrollment (usually November 30). The enrollment change will become effective January 1 of the following year.

Special Open Enrollment

A subscriber may make an enrollment change outside of the annual open enrollment if a special open enrollment event occurs. The change in enrollment must be allowable under Internal Revenue Code (IRC) and Treasury Regulations, and correspond to, and be consistent with, the event that creates the special open enrollment for the subscriber, the subscriber's dependent, or both.

To make an enrollment change, the subscriber must submit the required form(s). Form(s) must be received no later than 60 days after the event that creates the special open enrollment, with the following exceptions:

4. If a subscriber wants to enroll a newborn or child whom the subscriber has adopted or has assumed a legal obligation for total or partial support in anticipation of adoption, the subscriber should notify their employing agency or the PEBB Program by submitting the required form as soon as possible to ensure timely payment of claims. If adding the child increases the premium, the required form must be received no later than twelve months after the date of the birth, adoption, or the date the legal obligation is assumed for total or partial support in anticipation of adoption.
5. A retiree or a survivor may defer or terminate enrollment in a PEBB health plan or terminate a dependent's enrollment at any time by providing written notice to the PEBB Program.

Employees must submit the required form to their employing agency. Retirees and survivors must submit the required forms to the PEBB Program. In addition to the required forms, the PEBB Program or employing agency

will require the subscriber to provide proof of the dependent's eligibility, proof of the event that created the special open enrollment, or both.

When may a subscriber change his or her health plan?

Any one of the following events may create a special Open Enrollment:

1. Subscriber gains a new dependent due to:
 - a. Marriage or registering a domestic partnership;
 - b. Birth, adoption or when the subscriber has assumed a legal obligation for total or partial support in anticipation of adoption; or
 - c. A child becoming eligible as an extended dependent through legal custody or legal guardianship.
2. Subscriber, or a subscriber's dependent, loses other coverage under a group health plan or through health insurance coverage, as defined by the Health Insurance Portability and Accountability Act (HIPAA);
3. Subscriber has a change in employment status that affects the subscriber's eligibility for the employer contribution toward their employer-based group health plan;
4. The subscriber's dependent has a change in their own employment status that affects their eligibility for the employer contribution under their employer-based group health plan;
5. Subscriber or a subscriber's dependent has a change in residence that affects health plan availability. If the subscriber moves and their current health plan is not available in the new location the subscriber must select a new health plan;
6. A court order requires the subscriber, or any other individual to provide insurance coverage for an eligible dependent of the subscriber (a former spouse or former state-registered domestic partner is not an eligible dependent);
7. Subscriber or a subscriber's dependent becomes entitled to coverage under Medicaid or a state Children's Health Insurance Program (CHIP), or the subscriber or the subscriber's dependent loses eligibility for coverage under Medicaid or CHIP;
8. Subscriber or a subscriber's dependent becomes eligible for a state premium assistance subsidy for PEBB health plan coverage from Medicaid or a state CHIP;
9. Subscriber or a subscriber's dependent becomes entitled to coverage under Medicare, or the subscriber or a subscriber's dependent loses eligibility for coverage under Medicare, or enrolls in or terminates enrollment in a Medicare Part D plan. If the subscriber's current health plan becomes unavailable due to the subscriber's or a subscriber's dependent's entitlement to Medicare, the subscriber must select a new health plan;
10. Subscriber or a subscriber's dependent's current health plan becomes unavailable because the subscriber or enrolled dependent is no longer eligible for a health savings account (HSA); or
11. Subscriber or subscriber's dependent experiences a disruption of care that could function as a reduction in benefits for the subscriber or the subscriber's dependent for a specific condition or ongoing course of treatment. The subscriber may not change their health plan election if the subscriber's or dependent's physician stops participation with the subscriber's health plan unless the PEBB Program determines that a continuity of care issue exists. The PEBB Program will consider but is not limited to considering the following:
12. Active cancer treatment such as chemotherapy or radiation therapy for up to 90 days or until medically stable; or
13. Transplant within the last 12 months; or

14. Scheduled surgery within the next 60 days (elective procedures within the next 60 days do not qualify for continuity of care); or
15. Recent major surgery still within the postoperative period of up to 8 weeks; or
16. Third trimester of pregnancy.

NOTE: If an enrollee's provider or dental care facility discontinues participation with the dental plan, the enrollee may not change dental plans until the PEBB Program's next annual open enrollment or when another qualifying event occurs that creates a special open enrollment, unless the PEBB Program determines that a continuity of care issue exists. This plan cannot guarantee that any one dentist, facility, or other provider will be available or remain under contract with us.

When may a subscriber Enroll or Remove Eligible Dependents?

Any one of the following events may create a special Open Enrollment:

2. Subscriber gains a new dependent due to:
 - a. Marriage or registering a domestic partnership;
 - b. Birth, adoption or when a subscriber has assumed a legal obligation for total or partial support in anticipation of adoption; or
 - c. A child becoming eligible as an extended dependent through legal custody or legal guardianship.
3. Subscriber or a subscriber's dependent loses other coverage under a group health plan or through health insurance coverage, as defined by the Health Insurance Portability and Accountability Act (HIPAA);
4. Subscriber has a change in employment status that affects the subscriber's eligibility for the employer contribution toward their employer-based group health plan;
5. The subscriber's dependent has a change in their own employment status that affects their eligibility for the employer contribution under their employer-based group health plan;
6. Subscriber or a subscriber's dependent has a change in enrollment under another employer-based group health insurance plan during its annual open enrollment that does not align with the PEBB Program's annual open enrollment;
7. Subscriber's dependent has a change in residence from outside of the United States to within the United States, or from within the United States to outside of the United States;
8. A court order requires the subscriber, or any other individual to provide insurance coverage for an eligible dependent of the subscriber (a former spouse or former state-registered domestic partner is not an eligible dependent);
9. Subscriber or a subscriber's dependent becomes entitled to coverage under Medicaid or a state Children's Health Insurance Program (CHIP) program, or the subscriber or a subscriber's dependent loses eligibility for coverage under Medicaid or CHIP; or
10. Subscriber or a subscriber's dependent becomes eligible for a state premium assistance subsidy for PEBB health plan coverage from Medicaid or a state CHIP.

When Dental Coverage Ends

Coverage ends on the following dates:

1. On the last day of the month when any enrollee ceases to be eligible.
2. On the date a plan terminates. If that should occur, the enrollee losing coverage will have the opportunity to enroll in another PEBB dental plan.

3. For an enrollee who chooses not to continue enrollment, or is ineligible to continue enrollment under one of the options described in the "Options for Continuing PEBB Dental Coverage" on Page 26 of this booklet, coverage ends on the last day of the month in which they cease to be eligible.
4. The subscriber is responsible for timely payment of premiums and applicable premium surcharges. If the monthly premium or applicable premium surcharge remains unpaid for 30 days, it will be considered delinquent. A subscriber is allowed a grace period of 30 days from the date the monthly premium or applicable premium surcharge becomes delinquent to pay the unpaid premium balance or surcharge. If the subscriber's premium balance or applicable premium surcharge remains unpaid for 60 days from the original due date, coverage will be terminated for the subscriber and enrolled dependents retroactive to the last day of the month for which the monthly premium and applicable premium surcharge was paid. A full month's premium is charged for each calendar month of coverage. Premium payments and applicable premium surcharges are not prorated during any month, even if an enrollee dies or if the subscriber requests to terminate their coverage before the end of the month.

The subscriber is responsible for timely payment of premiums and applicable premium surcharges, and reporting changes in eligibility or address.

Failure to report changes can result in loss of premiums and loss of the subscriber and dependents' right to continue coverage under one of the continuation coverage options described in the "Options for Continuing PEBB Dental Coverage," on page 26. To report enrollment and address changes employees should contact their personnel, payroll, or benefits office. Retirees and survivors should call the PEBB Program at 1-800-200-1004.

National Medical Support Notice (NMSN)

When a NMSN requires a subscriber to provide health plan coverage for a dependent child, the following provisions apply:

1. The subscriber may enroll their dependent child and request changes to their health plan coverage as described under subsection (3) of this section. Employees submit the required forms to their employing agency. All other subscribers submit the required forms to the PEBB Program.
2. If the subscriber fails to request enrollment or health plan coverage changes as directed by the NMSN, the employing agency or the PEBB Program may make enrollment or health plan coverage changes according to subsection (3) of this section upon request of:
 - a. The child's other parent; or
 - b. Child support enforcement program.
3. Changes to health plan coverage or enrollment are allowed as directed by the NMSN:
 - a. The dependent will be enrolled under the subscriber's health plan coverage as directed by the NMSN;
 - b. An employee who has waived PEBB medical will be enrolled in medical as directed by the NMSN, in order to enroll the dependent;
 - c. The subscriber's selected health plan will be changed if directed by the NMSN;
 - d. If the dependent is already enrolled under another PEBB subscriber, the dependent will be removed from the other health plan coverage and enrolled as directed by the NMSN;
 - e. If the employee is eligible for and elects Consolidated Omnibus Budget Reconciliation Act (COBRA) or other continuation coverage, the NMSN will be enforced and the dependent must be covered in accordance with the NMSN.
4. Changes to health plan coverage or enrollment described in subsection (3)(a) through (c) of this section will begin the first day of the month following receipt of the NMSN. If the NMSN is received on the first day of the month, the change to health plan coverage or enrollment begins on that day. A dependent will be removed from the subscriber's health plan coverage as described in subsection (3)(d) of this section the last day of the month the NMSN is received. If that day is the first of the month, the change in enrollment will be made the last day of the previous month.
5. The subscriber may be eligible to make changes to their health plan enrollment and salary reduction elections

related to the NMSN.

Options for Continuing PEBB Dental Coverage

Subscribers and their dependents covered by this dental plan may be eligible to continue enrollment during temporary or permanent loss of eligibility. There are three continuation coverage options for PEBB dental plan enrollees:

1. PEBB Continuation Coverage (COBRA)
2. PEBB Continuation Coverage (Unpaid Leave)
3. PEBB retiree insurance coverage

The first two options temporarily extend group insurance coverage when the enrollee's PEBB dental plan coverage ends due to a qualifying event. PEBB Continuation Coverage (COBRA) includes eligibility and administrative requirements under federal law and regulation and also includes coverage for some enrollees who are not qualified beneficiaries under federal COBRA continuation coverage. PEBB Continuation Coverage (Unpaid Leave) is an alternative created by the PEBB Program with wider eligibility criteria and qualifying event types. Enrollees who qualify for both types of PEBB Continuation Coverage (COBRA and Unpaid Leave) may choose to enroll in only one of the options.

The third option, PEBB retiree insurance coverage, is only available to retiring employees, eligible elected or full-time appointed officials leaving public office, and dependents becoming eligible as a survivor who meet eligibility and procedural requirements.

The PEBB Program administers all three continuation coverage options. Refer to the *PEBB Continuation Coverage Election Notice booklet* or the *Retiree Enrollment Guide* for details. Retirees and continuation coverage subscribers may also call the PEBB Program at 1-800-200-1004.

Family and Medical Leave Act of 1993

An employee on approved leave under the federal Family and Medical Leave Act (FMLA) may continue to receive the employer contribution toward PEBB insurance coverage in accordance with the federal FMLA. The employing agency is responsible for determining if the employee is eligible for leave and the duration of the leave under FMLA. The employee must continue to pay the employee monthly premium contribution and applicable premium surcharge during this period to maintain eligibility. If the employee's monthly premium or applicable premium surcharge remains unpaid for 60 days from the original due date, insurance coverage will be terminated retroactive to the last day of the month for which the monthly premium and applicable premium surcharge was paid.

If an employee exhausts the period of leave approved under FMLA, they may continue insurance coverage by self-paying the monthly premium and applicable premium surcharge set by the Health Care Authority (HCA), with no contribution from the employer while on approved leave. For additional information on continuation coverage, see the section titled "Options for Continuing PEBB Dental Coverage."

Payment of Premiums During a Labor Dispute

Any employee or dependent whose monthly premiums are paid in full or in part by the employer may pay premiums directly to this dental plan or the HCA if the employee's compensation is suspended or terminated directly or indirectly as a result of a strike, lockout, or any other labor dispute for a period not to exceed six months.

While the employee's compensation is suspended or terminated, the employee shall be notified immediately by the HCA, in writing, by mail sent to the last address of record with the HCA, that the employee may pay premiums as they become due.

Appeals of dental plan administration

Any enrollee aggrieved by a decision regarding the administration of a PEBB dental plan, may appeal that decision by following the appeal provisions of the plan, with the exception of eligibility, enrollment, and premium payment determinations.

Termination for Just Cause

The purpose of this provision is to allow for a fair and consistent method to process the plan-designated provider's request to terminate coverage from this plan for Just Cause.

A retiree or an eligible dependent may have coverage terminated by HCA for the following reasons:

1. Failure to comply with the PEBB program's procedural requirements, including failure to provide information or documentation requested by the due date in written requests from the PEBB program;
2. Knowingly providing false information;
3. Failure to pay the monthly premium and applicable premium surcharge when due;
4. Misconduct. If a retiree's PEBB insurance coverage is terminated for misconduct, PEBB insurance coverage will not be reinstated at a later date. Examples of such termination include, but are not limited to the following:
 - a. Fraud, intentional misrepresentation or withholding of information the subscriber knew or should have known was material or necessary to accurately determine eligibility or the correct premium;
 - b. Abusive or threatening conduct repeatedly directed to an HCA employee, a health plan, or other HCA contracted vendor providing PEBB insurance coverage on behalf of the HCA, its employees, or other persons.

If a retiree's PEBB insurance coverage is terminated by HCA for the above reasons, PEBB insurance coverage for all of the retiree's eligible dependents is also terminated.

The PEBB Program will enroll the employee and their eligible dependents in another dental plan upon termination from this plan.

1. The subscriber has a right to appeal the decision through the eligibility appeal process described on page 27.

General Provisions

Appeal Rights

Any current or former employee of a state agency or their dependent may appeal a decision by the employing state agency regarding PEBB eligibility or enrollment to the employing agency.

Any current or former employee of an employer group or their dependent may appeal a decision by an employer group regarding PEBB eligibility or enrollment to the employer group.

Any enrollee may appeal a decision made by the PEBB Program regarding PEBB eligibility, enrollment, or premium payments to the PEBB Appeals Unit.

Any enrollee may appeal a decision regarding the administration of a PEBB dental plan by following the appeal provisions of the plan, except when regarding eligibility, enrollment, and premium payment decisions.

Relationship to Law and Regulations

Any provision of this Certificate of Coverage that is in conflict with any governing law or regulation of the state of Washington is hereby amended to comply with the minimum requirements of such law or regulation.

Release of Information

Enrollees may be required to provide the Uniform Dental Plan or the HCA with information necessary to determine eligibility, administer benefits or process claims. This could include, but is not limited to, dental records. Coverage could be denied if enrollees fail to provide such information when requested.

Third Party Liability

(Subrogation/Reimbursement)

Benefits of the Uniform Dental Plan will be available to an enrollee who is injured or becomes ill because of a third party's action or omission. The Uniform Dental Plan shall be subrogated to the rights of the enrollee against any third party liable for the illness or injury. Subrogation means that the Uniform Dental Plan (1) shall be entitled to reimbursement from any recovery by the enrollee from the liable third party, and (2) shall have the right to pursue claims for damages from the party liable for the injury or illness. The Uniform Dental Plan's subrogation rights shall extend to the full amount of benefits paid by the Uniform Dental Plan for such an illness or injury. As a condition of receiving benefits for such an illness or injury, the enrollee, and his or her representatives, shall cooperate fully with the Uniform Dental Plan in recovering the amounts it has paid including, but not limited to:

(a) providing information to the Uniform Dental Plan concerning the facts of the illness or injury and the identity and address of the third party or parties who may be liable for the illness or injury, their liability insurers, and their attorneys; (b) providing reasonable advance notice to the Uniform Dental Plan of any trial or other hearing, or any intended settlement, or a claim against any such third party; and (c) repaying the Uniform Dental Plan from the proceeds of any recovery from or on behalf of any such third party.

Enrollee's Obligation to Notify the Uniform Dental Plan

Enrollees must notify the Uniform Dental Plan of any claim or lawsuit for a condition or injury for which the Uniform Dental Plan paid benefits. This includes promptly notifying the Uniform Dental Plan in writing of all the following matters:

- The facts of the enrollee's condition or injury,
- Any changes in the enrollee's condition or injury,
- The name of any person responsible for the enrollee's condition or injury and that person's insurance carrier, and
- Advance notice of any settlement the enrollee intends to make of the action or claim.

Right of Recovery

If an enrollee brings a claim or lawsuit against another person, the enrollee must also seek recovery of any benefits paid under this plan; the Uniform Dental Plan reserves the right to join as a party in any lawsuit the enrollee brings. The Uniform Dental Plan may, however, assert a right to recover benefits directly from the other person or from the enrollee. If the Uniform Dental Plan does so, the enrollee does not need to take any action on behalf of the Uniform Dental Plan. The enrollee must, however, do nothing to impede the Uniform Dental Plan's right of recovery. Should the Uniform Dental Plan assert its right of recovery directly, it has the right to join the enrollee as a party in the action or claim.

If the enrollee obtains a settlement or recovery for less than the insurance policy limits or reachable assets of the liable party, the enrollee is obligated to reimburse the Uniform Dental Plan for the full amount of benefits paid on the enrollee's behalf. If, however, the enrollee obtains a settlement or recovery that is equal to or greater than the liable party's insurance policy limits or assets, the enrollee is only obligated to reimburse the Uniform Dental Plan in the amount that is left after the enrollee has been fully compensated.

Any person who is obligated to pay for services or supplies for which benefits have been paid by the Uniform Dental Plan must pay to the Uniform Dental Plan the amounts to which the Uniform Dental Plan is entitled.

Coordination/Non-Duplication of Benefits

Coordination of This Contract's Benefits with Other Benefits: The coordination of benefits (COB) provision applies when you have dental coverage under more than one *Plan*. *Plan* is defined below.

The UDP employs a coordination of benefits method known as non-duplication of benefits when it is secondary to another group plan. This means that when the UDP is secondary it will pay no more than the amount it would have paid if it were the primary plan, minus what the primary plan has paid.

The UDP will coordinate benefit payments with any other group dental plan or Workers' Compensation plan which covers the enrollee. Benefit payments will not be coordinated with any individual coverage the enrollee has purchased.

If the enrollee is covered by more than one group dental insurance plan, please submit claims to DDWA and the other carriers at the same time. This helps to coordinate benefits more quickly.

The plan that is to provide benefits first will do so for all the expenses allowed under its coverage. The other plan will then provide benefits for the remaining allowed expenses.

The order of benefit determination rules govern the order in which each *Plan* will pay a claim for benefits. The *Plan* that pays first is called the *Primary Plan*. The *Primary Plan* must pay benefits according to its policy terms without regard to the possibility that another *Plan* may cover some expenses. The *Plan* that pays after the *Primary Plan* is the *Secondary Plan*. The *Secondary Plan* may reduce the benefits it pays so that payments from all *Plans* do not exceed 100 percent of the total *Allowable Expense*.

Definitions: For the purpose of this section, the following definitions shall apply:

A "*Plan*" is any of the following that provides benefits or services for dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same *Plan* and there is no COB among those separate contracts. However, if COB rules do not apply to all contracts, or to all benefits in the same contract, the contract or benefit to which COB does not apply is treated as a separate *Plan*.

- *Plan* includes: group, individual or blanket disability insurance contracts, and group or individual contracts issued by health care service contractors or health maintenance organizations (HMO), *Closed Panel Plans* or other forms of group coverage; medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental *Plan*, as permitted by law.
- *Plan* does not include: hospital indemnity or fixed payment coverage or other fixed indemnity or fixed payment coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident and similar coverage that cover students for accidents only, including athletic injuries, either on a twenty-four-hour basis or on a "to and from school" basis; benefits for nonmedical components of long-term care policies; automobile insurance policies required by statute to provide medical benefits; Medicare supplement policies; A state plan under Medicaid; A governmental plan, which, by law, provides benefits that are in excess of those of any private insurance plan or other nongovernmental plan; automobile insurance policies required by statute to provide medical benefits; benefits provided as part of a direct agreement with a direct patient-provider primary care practice as defined by law or coverage under other federal governmental *Plans*, unless permitted by law.

Each contract for coverage under the above bullet points is a separate *Plan*. If a *Plan* has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate *Plan*.

"***This Plan***" means, in a COB provision, the part of the contract providing the dental benefits to which the COB provision applies and which may be reduced because of the benefits of other *Plans*. Any other part of the contract providing dental benefits is separate from *This Plan*. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules determine whether *This Plan* is a *Primary Plan* or *Secondary Plan* when you have dental coverage under more than one *Plan*.

When *This Plan* is primary, it determines payment for its benefits first before those of any other *Plan* without considering any other *Plan's* benefits. When *This Plan* is secondary, it determines its benefits after those of another *Plan* and must make payment in an amount so that, when combined with the amount paid by the *Primary Plan*, the total benefits paid or provided by all *Plans* for the claim are coordinated up to 100 percent of the total *Allowable Expense* for that claim. This means that when *This Plan* is secondary, it must pay the amount which, when combined with what the *Primary Plan* paid, does not exceed 100 percent of the highest *Allowable Expense*. In addition, if *This Plan* is secondary, it must calculate its savings (its amount paid subtracted from the amount it would have paid had it been the *Primary Plan*) and record these savings as a benefit reserve for you. This reserve must be used to pay any expenses during that calendar year, whether or not they are an *Allowable Expense* under *This Plan*. If *This Plan* is secondary, it will not be required to pay an amount in excess of its maximum benefit plus any accrued savings.

“Allowable Expense”, except as outlined below, means any health care expense including coinsurance or copayments and without reduction for any applicable deductible, that is covered in full or in part by any of the *plans* covering you. When coordinating benefits as the secondary plan, Delta Dental of Washington must pay an amount which, together with the payment made by the primary plan, cannot be less than the same allowable expense as the secondary plan would have paid if it was the primary plan. In no event will DDWA be required to pay an amount in excess of its maximum benefit plus accrued savings. When Medicare, Part A, Part B, Part C, or Part D is primary, Medicare’s allowable amount is the allowable expense.

An expense or a portion of an expense that is not covered by any of the plans is not an allowable expense. The following are examples of expenses that are not *Allowable Expenses*:

- If you are covered by two or more *Plans* that compute their benefit payments on the basis of a relative value schedule reimbursement method or other similar reimbursement method, any amount charged by the provider in excess of the highest reimbursement amount for a specific benefit is not an *Allowable Expense*.
- If you are covered by two or more *Plans* that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an *Allowable Expense*.

“Closed Panel Plan” is a *Plan* that provides dental benefits to you in the form of services through a panel of providers who are primarily employed by the *Plan*, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

“Custodial Parent” is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year without regard to any temporary visitation.

Order of Benefit Determination Rules: When you are covered by two or more *Plans*, the rules for determining the order of benefit payments are as follows:

The *Primary Plan* must pay or provide its benefits as if the *Secondary Plan* or *Plans* did not exist.

A *Plan* that does not contain a coordination of benefits provision that is consistent with Chapter 284-51 of the Washington Administrative Code is always primary unless the provisions of both *Plans* state that the complying *Plan* is primary, except coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage is excess to any other parts of the *Plan* provided by the contract holder.

A *Plan* may consider the benefits paid or provided by another *Plan* in calculating payment of its benefits only when it is secondary to that other *Plan*.

Each *Plan* determines its order of benefits using the first of the following rules that apply:

“Non-Dependent or Dependent.” The *Plan* that covers you other than as a *Dependent*, for example as an employee, member, policyholder, subscriber or retiree is the *Primary Plan* and the *Plan* that covers you as a *Dependent* is the *Secondary Plan*. However, if you are a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the *Plan* covering you as a *Dependent*, and primary to the *Plan* covering you as other than a *Dependent* (e.g., a retired employee), then the order of benefits between the two *Plans* is reversed so that the *Plan* covering you as an employee, member, policyholder, subscriber or retiree is the *Secondary Plan* and the other *Plan* is the *Primary Plan*.

“Dependent Child Covered Under More Than One Plan:” Unless there is a court decree stating otherwise, when a *Dependent* child is covered by more than one *Plan* the order of benefits is determined as follows:

- 1) For a *Dependent* child whose parents are married or are living together, whether or not they have ever been married:
 - a) The *Plan* of the parent whose birthday falls earlier in the calendar year is the *Primary Plan*; or
 - b) If both parents have the same birthday, the *Plan* that has covered the parent the longest is the *Primary Plan*.
- 2) For a *Dependent* child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - a) If a court decree states that one of the parents is responsible for the *Dependent* child's dental expenses or dental coverage and the *Plan* of that parent has actual knowledge of those terms, that *Plan* is primary. This rule applies to claims determination periods commencing after the *Plan* is given notice of the court decree;
 - b) If a court decree states one parent is to assume primary financial responsibility for the *Dependent* child but does not mention responsibility for dental expenses, the *Plan* of the parent assuming financial responsibility is primary;
 - c) If a court decree states that both parents are responsible for the *Dependent* child's dental expenses or dental coverage, the provisions of the first bullet point above (for *dependent* child(ren) whose parents are married or are living together) determine the order of benefits;
 - d) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the dental expenses or dental coverage of the *Dependent* child, the provisions of the first bullet point above (for *dependent* child(ren) whose parents are married or are living together) determine the order of benefits; or
 - e) If there is no court decree allocating responsibility for the *Dependent* child's dental expenses or dental coverage, the order of benefits for the child is as follows:
 - I. The *Plan* covering the *Custodial Parent*, first;
 - II. The *Plan* covering the spouse of the *Custodial Parent*, second;
 - III. The *Plan* covering the *noncustodial Parent*, third; and then
 - IV. The *Plan* covering the spouse of the *noncustodial Parent*, last
- 3) For a *Dependent* child covered under more than one *Plan* of individuals who are not the parents of the child, the provisions of the first or second bullet points above (for *dependent* child(ren) whose parents are married or are living together or for *dependent* child(ren) whose parents are divorced or separated or not living together) determine the order of benefits as if those individuals were the parents of the child.

“Active Employee or Retired or Laid-off Employee:” The *Plan* that covers you as an active employee, that is, an employee who is neither laid off nor retired, is the *Primary Plan*. The *Plan* covering you as a retired or laid-off employee is the *Secondary Plan*. The same would hold true if you are a *Dependent* of an active employee and you are a *Dependent* of a retired or laid-off employee. If the other *Plan* does not have this rule, and as a result, the *Plans* do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the *Non-Dependent* or *Dependent* provision above can determine the order of benefits.

“COBRA or State Continuation Coverage:” If your coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another *Plan*, the *Plan* covering you as an employee, member, subscriber or retiree or covering you as a *Dependent* of an employee, member, subscriber or retiree is the *Primary Plan* and the COBRA or state or other federal continuation coverage is the *Secondary Plan*. If the other *Plan* does not have this rule, and as a result, the *Plans* do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under the *Non-Dependent* or *Dependent* provision above can determine the order of benefits.

“Longer or Shorter Length of Coverage:” The *Plan* that covered you as an employee, member, policyholder, subscriber or retiree longer is the *Primary Plan* and the *Plan* that covered you the shorter period of time is the *Secondary Plan*.

If the preceding rules do not determine the order of benefits, the *Allowable Expenses* must be shared equally between the *Plans* meeting the definition of *Plan*. In addition, *This Plan* will not pay more than it would have paid had it been the *Primary Plan*.

Effect on the Benefits of This Plan: When *This Plan* is secondary, it may reduce its benefits so that the total benefits paid or provided by all *Plans* during a claim determination period are not more than the *Total Allowable Expenses*. In determining the amount to be paid for any claim, the *Secondary Plan* must make payment in an amount so that, when combined with the amount paid by the *Primary Plan*, the total benefits paid or provided by all *Plans* for the claim do not exceed 100 percent of the total *Allowable Expense* for that claim. Total *Allowable Expense* is the highest *Allowable Expense* of the *Primary Plan* or the *Secondary Plan*. In addition, the *Secondary Plan* must credit to its *Plan* deductible any amounts it would have credited to its deductible in the absence of other dental coverage.

How We Pay Claims When We Are Secondary: When we are knowingly the *Secondary Plan*, we will make payment promptly after receiving payment information from your *Primary Plan*. Your *Primary Plan*, and we as your *Secondary Plan*, may ask you and/or your provider for information in order to make payment. To expedite payment, be sure that you and/or your provider supply the information in a timely manner.

If the *Primary Plan* fails to pay within 60 calendar days of receiving all necessary information from you and your provider, you and/or your provider may submit your claim for us to make payment as if we were your *Primary Plan*. In such situations, we are required to pay claims within 30 calendar days of receiving your claim and the notice that your *Primary Plan* has not paid. This provision does not apply if Medicare is the *Primary Plan*. We may recover from the *Primary Plan* any excess amount paid under the "right of recovery" provision in the plan.

- If there is a difference between the amounts the plans allow, we will base our payment on the higher amount. However, if the *Primary Plan* has a contract with the provider, our combined payments will not be more than the amount called for in our contract or the amount called for in the contract of the *Primary Plan*, whichever is higher. Health maintenance organizations (HMOs) and health care service contractors usually have contracts with their providers as do some other plans.
- We will determine our payment by subtracting the amount paid by the *Primary Plan* from the amount we would have paid if we had been primary. We must make payment in an amount so that, when combined with the amount paid by the *Primary Plan*, the total benefits paid or provided by all plans for the claim does not exceed one hundred percent of the total allowable expense (the highest of the amounts allowed under each plan involved) for your claim. We are not required to pay an amount in excess of our maximum benefit plus any accrued savings. If your provider negotiates reimbursement amounts with the plan(s) for the service provided, your provider may not bill you for any excess amounts once he/she has received payment for the highest of the negotiated amounts. When our deductible is fully credited, we will place any remaining amounts in a savings account to cover future claims which might not otherwise have been paid.

Right to Receive and Release Needed Information: Certain facts about dental coverage and services are needed to apply these COB rules and to determine benefits payable under *This Plan* and other *Plans*. The Company may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under *This Plan* and other *Plans* covering you. The Company need not tell, or get the consent of, any person to do this. You, to claim benefits under *This Plan* must give the Company any facts it needs to apply those rules and determine benefits payable.

Facility of Payment: If payments that should have been made under *This Plan* are made by another *Plan*, the Company has the right, at its discretion, to remit to the other *Plan* the amount the Company determines appropriate to satisfy the intent of this provision. The amounts paid to the other *Plan* are considered benefits paid under *This Plan*. To the extent of such payments, the Company is fully discharged from liability under *This Plan*.

Right of Recovery: The Company has the right to recover excess payment whenever it has paid *Allowable Expenses* in excess of the maximum amount of payment necessary to satisfy the intent of this provision. The Company may recover excess payment from any person to whom or for whom payment was made or any other Company or *Plans*.

If payments that should have been made under *This Plan* are made by another *Plan*, DDWA has the right, at its discretion, to remit to the other *Plan* the amount it determines appropriate. To the extent of such payments, DDWA is fully discharged from liability under *This Plan*.

Notice to covered persons If you are covered by more than one health benefit *Plan*, and you do not know which is your *Primary Plan*, you or your provider should contact any one of the health *Plans* to verify which *Plan* is primary. The health *Plan* you contact is responsible for working with the other health *Plan* to determine which is primary and will let you know within 30 calendar days.

CAUTION: All health *Plans* have timely claim filing requirements. If you, or your provider, fail to submit your claim to a secondary health *Plan* within the *Plan's* claim filing time limit, the *Plan* can deny the claim. If you experience delays in the processing of your claim by the primary health *Plan*, you or your provider will need to submit your claim to the secondary health *Plan* within its claim filing time limit to prevent a denial of the claim.

To avoid delays in claims processing, if you are covered by more than one *Plan* you should promptly report to your providers and *Plans* any changes in your coverage.

In the event DDWA makes payments in excess of the maximum amount, DDWA shall have the right to recover the excess payments from the patient, the subscriber, the provider or the other plan.

The two examples that follow explain how non-duplication of benefits works:

Example 1: Assume a subscriber has satisfied the deductible on both the primary dental plan and the UDP. The individual receives services for a root canal (Class II benefit) that costs \$350. The primary plan pays Class II benefits at 90% and would pay \$315 ($\$350 \times 90\%$). The UDP pays Class II services at 80% and would have paid \$280 ($\$350 \times 80\%$) if it were primary. As secondary payer, the UDP subtracts what the primary payer paid and pays the difference ($\$280 - \$315 = \$0$ payment).

Example 2: Assume the primary plan pays 50% for Class II benefits. The primary plan would pay \$175 ($\$350 \times 50\%$) for the root canal described in Example 1. As secondary payer, the UDP would pay \$105 ($\$280 - \175).

Claim Review and Appeal

Confirmation of Treatment and Cost

Confirmation of Treatment and Cost is a request made by your dentist to DDWA to determine your benefits for a particular service. This Confirmation of Treatment and Cost will provide you and your dentist with general coverage information regarding your benefits and your potential out-of-pocket cost for services.

A Confirmation of Treatment and Cost is not an authorization for services but a notification of Covered Dental Benefits available at the time the Confirmation of Treatment and Cost is made and is not a guarantee of payment (please refer to the “*Initial Benefits Determination*” section regarding claims requirements).

A standard Confirmation of Treatment and Cost is processed within 15 days from the date of receipt of all appropriate information. If the information received is incomplete DDWA will notify you and your Dentist in writing that additional information is required in order to process the Confirmation of Treatment and Cost. Once the additional information is available your Dentist should submit a new request for a Confirmation of Treatment and Cost to DDWA.

In the event your benefits are changed, terminated, or you are no longer covered under this Plan, the Confirmation of Treatment and Cost is no longer valid. DDWA will make payments based on your coverage at the time treatment is provided.

Urgent Confirmation of Treatment and Cost

Should a Confirmation of Treatment and Cost request be of an urgent nature, whereby a delay in the standard process may seriously jeopardize life, health, the ability to regain maximum function, or could cause severe pain in the opinion of a physician or dentist who has knowledge of the medical condition, DDWA will review the request within 72-hours from receipt of the request and all supporting documentation. When practical, DDWA may provide notice of determination orally with written or electronic confirmation to follow within 72 hours.

Immediate treatment is allowed without a requirement to obtain a Confirmation of Treatment and Cost in an emergency situation subject to the contract provisions.

Initial Benefit Determinations

An initial benefit determination is conducted at the time of claim submission to DDWA for payment, modification, or denial of services. In accordance with regulatory requirements, DDWA processes all clean claims within 30 days from the date of receipt. Clean claims are claims that have no defect or impropriety, including a lack of any required substantiating documentation, or particular circumstances requiring special treatment that prevents timely payments from being made on the claim. Claims not meeting this definition are paid or denied within 60 days of receipt.

If a claim is denied, in whole or in part, or is modified, you will be furnished with a written explanation of benefits (EOB) that will include the following information:

- The specific reason for the denial or modification
- Reference to the specific plan provision on which the determination was based
- Your appeal rights should you wish to dispute the original determination

Appeals of Denied Claims

Informal Review

If your claim for dental benefits has been denied, either in whole or in part, you have the right to request an informal review of the decision. Either you, or your Authorized Representative, must submit your request for a review within 180 days from the date your claim was denied (please see your Explanation of Benefits form). A request for a review may be made orally or in writing, and must include the following information:

- Your name and ID number
- The group name and number
- The claim number (from your Explanation of Benefits form)
- The name of the dentist

Please submit your request for a review to:

Delta Dental of Washington

Attn: Appeals Coordinator
P.O. Box 75983
Seattle, WA 98175-0983

For oral appeals, please call Uniform Dental Plan Customer Service Department at 1-800-537-3406.

You may include any written comments, documents or other information that you believe supports your claim.

DDWA will review your claim and make a determination within 30 days of receiving your request and send you a written notification of the review decision. Upon request, you will be granted access to and copies of all relevant information used in making the review decision.

Informal reviews of wholly or partially denied claims are conducted by persons not involved in the initial claim determination. In the event the review decision is based in whole or in part on a dental clinical judgment as to whether a particular treatment, drug or other service is experimental or investigational in nature, DDWA will consult with a dental professional advisor.

Appeals Committee

If you are dissatisfied with the outcome of the informal review, you may request that your claim be reviewed formally by the DDWA Appeals Committee. This Committee includes only persons who were not involved in either the original claim decision or the informal review.

Your request for a review by the Appeals Committee must be made within 90 days of the post-marked date of the letter notifying you of the informal review decision. Your request should include the information noted above plus a copy of the informal review decision letter. You may also submit any other documentation or information you believe supports your case.

The Appeal Committee will review your claim and make a determination within 60 days of receiving your request or within 20 days for Experimental/Investigational procedure appeals and send you a written notification of the review decision. Upon request, you will be granted access to and copies of all relevant information used in making the review decision. In the event the review decision is based in whole or in part on a dental clinical judgment as to whether a particular treatment, drug or other service is experimental or investigational in nature, DDWA will consult with a dental professional advisor.

The decision of the Appeals Committee is final. If you disagree with this the outcome of your appeal and you have exhausted the appeals process provided by the Uniform Dental Plan, there may be other avenues available for further action, including legal action brought on your behalf. If so, these will be provided to you in the final decision letter.

Authorized Representative

An enrollee may authorize another person to represent them and with whom they want DDWA to communicate regarding specific claims or an appeal. The authorization must be in writing, signed by the enrollee, and include all the information required in an appeal. (An assignment of benefits, release of information, or other similar form that the enrollee may sign at the request of their health care provider does not make the provider an authorized representative.) The enrollee can revoke the authorized representative at any time, and enrollees can authorize only one person as their representative at a time.

Your Rights and Responsibilities

At DDWA our mission is to provide quality dental benefit products to employers and employees throughout Washington through a network of more than 3,400 participating dentists. We view our benefit packages as a partnership between DDWA, our subscribers and our participating members' dentists. All partners in this process play an important role in achieving quality oral health services. We would like to take a moment and share our views of the rights and responsibilities that make this partnership work.

You have the right to:

- Seek care from any licensed dentist in Washington or nationally. Our reimbursement for such care varies depending on your choice (Delta member / non-member), but you can receive care from any dentist you choose.
- Participate in decisions about your oral health care.
- Be informed about the oral health options available to you and your family.
- Request information concerning benefit coverage levels for proposed treatments prior to receiving services.
- Have access to specialists when services are required to complete a treatment, diagnosis or when your primary care dentist makes a specific referral for specialty care.
- Contact DDWA customer service personnel during established business hours to ask questions about your oral health benefits. Alternatively, information is available on our website at deltadentalwa.com
- Appeal in writing, decisions or grievances regarding your dental benefit coverage. You should expect to have these issues resolved in a timely, professional and fair manner.
- Have your individual health information kept confidential and used only for resolving health care decisions or claims.
- Receive quality care regardless of your gender, race, sexual orientation, marital status, cultural, economic, educational or religious background.

To receive the best oral health care possible, it is your responsibility to:

- Know your benefit coverage and how it works.
- Arrive at the dental office on time or let the dental office know well in advance if you are unable to keep a scheduled appointment. Some offices require 24 hours' notice for appointment cancellations before they will waive service charges.
- Ask questions about treatment options that are available to you regardless of coverage levels or cost.
- Give accurate and complete information about your health status and history and the health status and history of your family to all care providers when necessary.
- Read carefully and ask questions about all forms and documents which you are requested to sign, and request further information about items you do not understand.
- Follow instructions given by your dentist or their staff concerning daily oral health improvement or post-service care.
- Send requested documentation to DDWA to assist with the processing of claims.
- If applicable, pay the dental office the appropriate co-payments amount at time of visit.
- Respect the rights, office policies and property of each dental office you have the opportunity to visit.
- Inform your dentist and your employer promptly of any change to your or a family member's address, telephone, or family status.

HIPPA Disclosure Policy

Delta Dental of Washington maintains a Compliance Program which includes an element involving maintaining privacy of information as it relates to the HIPAA Privacy & Security Rule and the Gram-Leach Bliley Act. As such we maintain a HIPAA Privacy member helpline for reporting of suspected privacy disclosures, provide members a copy of our privacy notice, track any unintended disclosures, and ensure the member rights are protected as identified by the Privacy Rule.

Policies and procedures are maintained and communicated to DDWA employees with reminders to maintain the privacy of our member's information. We also require all employees to participate in HIPAA Privacy & Security training through on-line education classes, email communications, and periodic auditing.
