Online services

See the Directory pages at the beginning of this booklet for links and contact information.

Register for a Regence account online and get the following personalized information:

- Access the certificate of coverage (this booklet) and the Summary of Benefits and Coverage (SBC) for your plan, as well as the Glossary of Health Coverage and Medical Terms.
- Chat with customer service using the chat now feature.
- Download the Regence mobile application.
- Find providers in your plan's network.
- View or order your UMP member ID card.
- View your Explanations of Benefits (EOBs).
- View letters UMP sent you.

Visit the UMP website to:

- Access information on BlueCard® or Blue Cross Blue Shield Global® Core.
- Access resources and programs.
- Access the certificates of coverage (this booklet) and the Summaries of Benefits and Coverage (SBCs) for all plans.
- Access UMP medical policies.
- Access wellness tools.
- Download or print documents and forms.
- Find providers in any plan network.
- Get cost estimates for treatment of common medical conditions.
- Learn about submitting medical claims.
- Review complaints and appeals procedures.

Visit the Policies that affect your care webpage to:

- View Regence medical policies.

Visit the UMP vision benefits webpage to:

- Find a link to the Vision Service Plan (VSP) website.
- Find information on your vision benefit.

How to use this certificate of coverage

For general topics, check the table of contents.

For an overview of the most common benefits, see the "Summary of benefits" section. The summary also shows:

- How much you will pay.

- The page numbers where you may learn more about a benefit.

To look up unfamiliar terms, see the “Definitions” section.

About UMP Classic Medicare with Part D (PDP)

Uniform Medical Plan (UMP) Classic Medicare with Part D (PDP) plan is a self-insured Preferred Provider Organization (PPO) health plan with Medicare Part D prescription drug coverage. This plan is offered through the Washington State Health Care Authority’s (HCA’s) Public Employees Benefits Board (PEBB) Program. The medical plan is administered by Regence BlueShield. Moda Health administers the Part D prescription drug benefits for ArrayRx. Medical benefit changes may require approval by the PEB Board. Prescription drug changes are governed by Centers for Medicare & Medicaid Services (CMS). Approval takes place when benefits are procured for the next calendar year.

This plan is available only to PEBB Program eligible retirees, survivors, COBRA subscribers, retired employees of a former employer group, and their eligible dependents who are enrolled in Medicare parts A and B. See the “Eligibility and enrollment” section for more information.

This plan is designed to keep you and your enrolled dependents healthy and provide benefits in case of injury or illness. Review this document carefully so you may get the most from your health care benefits.

Accumulators

Insurance accumulators may transfer when a subscriber changes their enrollment from one UMP plan to another UMP plan mid-year, including during a special open enrollment (SOE).

When a subscriber enrolled as an active employee in either a PEBB or SEBB Program UMP plan changes their own enrollment to a subscriber enrolled in a PEBB Program UMP Classic Medicare with Part D (PDP) (meaning the subscriber continues to be the subscriber on the new PEBB Program UMP Plan, the amounts already accrued toward medical deductibles and out-of-pocket limits, and benefit limits (see definition of “Limited benefit”) will transfer to the new UMP plan. These accumulators will also transfer for any member on the subscriber’s account who changes UMP plans with the subscriber.

When a subscriber enrolled in UMP Classic Medicare with Part D (PDP) changes their enrollment to an active employee enrolled in a PEBB Program UMP plan (meaning the subscriber continues to be the subscriber on the new PEBB Program UMP Plan), the amounts already accrued toward medical deductibles and the out-of-pocket limits and benefit limits (see definition of “Limited benefit”) will transfer to the new PEBB Program UMP plan. These accumulators will also transfer for any member on the subscriber’s account who changes UMP plans with the subscriber.

When a subscriber enrolled in UMP Classic Medicare with Part D (PDP) changes their enrollment to an active employee enrolled in a SEBB Program UMP plan (meaning the subscriber continues to be the subscriber on the new SEBB Program UMP Plan), the amounts already accrued toward medical deductibles and out-of-pocket limits will transfer to the new SEBB Program UMP plan. These accumulators will also transfer for any member on the subscriber’s account who changes UMP plans with the subscriber.

If you have questions, contact UMP Customer Service.

Finding a health care provider

ALERT: When providers do not accept Medicare: If Medicare covers a service,, you must see providers who accept Medicare for the services to be covered by UMP Classic Medicare with Part D (PDP). If your provider is not contracted with Medicare or has chosen to "opt out" of participating in Medicare, this plan will not cover services by that provider, even if the provider is in the Regence or Blue Card network (preferred). To locate a Medicare covered provider visit Medicare.gov.

The information below is applicable for services that are not covered by Medicare but are covered by the UMP plan when acting as your primary insurance.

As a UMP member, you may see preferred, participating, or out-of-network providers. The amount you pay for services depends on the network status of the provider. Seeing providers who accept Medicare and Regence preferred providers will save you money.

Visit the UMP provider search to find UMP providers. You can search for preferred or participating providers by signing in to your Regence account. See the Directory pages at the beginning of this booklet for links and contact information.

If you use Find a doctor by searching as a guest, you will only see preferred providers. You can confirm a provider's network status before your visit by using the provider search or contacting UMP Customer Service.

Preferred providers are in the Preferred Provider Organization (PPO) network that applies to this plan.

ALERT! Some providers are preferred at one practice location but not another (example: urgent care clinics). Contact UMP Customer Service if you have any questions about the network status of a provider at a specific location.

- You pay 15 percent of the allowed amount after you meet your medical deductible. The plan pays 85 percent of the allowed amount.
- You pay \$0 for covered preventive care services, including covered immunizations. The plan pays 100 percent of the allowed amount.
- The provider cannot bill you for charges above the allowed amount.
- If you see a provider who accepts Medicare, you will not have to file a claim.
- When you receive nonemergency services at a network hospital, network hospital outpatient department, network critical access hospital, or network ambulatory surgical center in Washington State, you pay the network rate and cannot be balance billed regardless of the network status of the provider. For nonemergency services performed at one of these facilities outside of Washington State, you still pay the network rate, but in some states, an out-of-network provider may be allowed to ask you to waive some of your balance billing protections.
- When you receive covered ground or air ambulance services in Washington State, you pay the network rate and cannot be balance billed regardless of the network status of the provider.

ALERT! Some services and supplies are not covered by the plan (see the “What the plan does not cover” section) or have benefit limits. If you receive services or supplies that are not covered by the plan or you exceed your benefit limit, you will pay for those services or supplies, even if you see preferred or participating providers. Contact UMP Customer Service to find out if a service or supply is covered.

Participating providers contract with Regence BlueShield or another BlueCard® network as a participating provider.

- You pay 40 percent of the allowed amount after you meet your medical deductible. The plan pays most covered services at 60 percent of the allowed amount.
- You pay \$0 for covered preventive care services, including covered immunizations. The plan pays 100 percent of the allowed amount.
- The provider cannot bill you for charges above the allowed amount.
- If you see a provider who accepts Medicare, you will not have to file a claim.

Out-of-network providers are not contracted with Regence BlueShield or another BlueCard® network.

- You pay 40 percent of the allowed amount after you meet your medical deductible. The plan pays most covered services at 60 percent of the allowed amount.

Note: The provider may bill you for charges above the allowed amount, which is known as balance billing. You pay all charges billed to you above the allowed amount. Any balance billed amounts do not apply to your out-of-pocket limit or deductible.

At an out-of-network facility, when you receive emergency services you pay the network cost-sharing amount regardless of the network status of the provider or facility, and cannot be balance billed.

- You pay 40 percent of the allowed amount for covered preventive care services, including covered preventive immunizations. You will pay all charges above the allowed amount (balance billing). The plan pays 60 percent of the allowed amount.
- You pay \$0 for flu shots and COVID-19 vaccines.
- The plan pays 100 percent of the allowed amount for covered preventive childhood immunizations.
- The 40 percent coinsurance you pay to out-of-network providers will **not** apply to your medical out-of-pocket limit.
- Any amount you pay above the allowed amount does **not** apply to your medical deductible or medical out-of-pocket limit.
- You may have to pay all charges at the time of service and then fill-out and send a claim form to the plan for reimbursement.
- The provider may choose not to request preauthorization for services that require it. As a result, the plan may delay or deny payment.

Note: The plan may send payment for covered out-of-network services to you or the provider.

How to find a preferred provider

As a UMP member, you have access to Regence BlueShield preferred providers and Blue Cross and Blue Shield plan providers worldwide through the Blue Cross Blue Shield Global® Core program (see the “Services received outside the United States” section). This means your health coverage is with you

wherever you are. Your access to care includes many acute care hospitals, urgent care and ambulatory surgery centers, physicians, and other health care professionals.

To find a preferred provider while traveling outside the United States, call Blue Cross Blue Shield Global® Core Service Center or use their online provider search tool.

See the Directory pages at the beginning of this booklet for links and contact information.

Covered and noncovered provider types

ALERT! The information below is applicable for services that are not covered by Medicare but are covered by the UMP plan when acting as your primary insurance.

Covered provider types

The plan pays the allowed amount for covered services only when performed by covered provider types within the scope of their license(s). When a facility charges facility fees, the plan pays the allowed amount if they are covered services and are within the scope of the facility's license. All preferred and participating providers are covered provider types.

See the list of covered provider types at the UMP website at ump.regence.com/pebb/benefits/providers/covered-providers

Noncovered provider types

If you see a provider who is not a covered provider type, such as a Licensed Athletic Trainer, the plan will not pay for any of the services received, and you will pay for all charges. As with all noncovered services, any payments you make to a noncovered provider type will not apply to your medical deductible or medical out-of-pocket limit. If you have questions about noncovered providers contact UMP Customer Service.

Primary care providers

A **primary care provider (PCP)** is a physician, nurse practitioner, or physician assistant who provides, coordinates, and helps you access a range of health care services, such as covered immunizations. A PCP may also help coordinate care for you when you need to see specialists.

You are not required to choose a PCP. However, a PCP may help prevent and treat health care conditions early, promoting your health and well-being. Patients who have a PCP have better health outcomes and a better care experience. To be designated as a PCP, a provider must be one of the provider types and practice under one of the specialties listed below.

Provider type:

- Doctor of Osteopathic Medicine (D.O.)
- Medical Doctor (M.D.)
- Naturopathic Physician (N.D.)
- Nurse Practitioner (A.R.N.P.)
- Physician Assistant (P.A.)

Specialties:

- Adult Medicine
- Family Practice
- General Practice
- Geriatrics
- Internal Medicine
- Obstetrics and gynecology (OB/GYN)

- Pediatrics (for members under age 18)
- Preventive Medicine

When you do not have access to a preferred provider: network waiver

ALERT! All network waiver information below is applicable for services that are not covered by Medicare but are covered by the UMP plan when acting as your primary insurance.

An approved network waiver allows the plan to pay for covered services provided by an out-of-network provider at the network rate. You may request a network waiver **only** when you do not have access to a preferred provider able to provide covered medically necessary services within 30 miles of your residence. **A service or supply prescribed, ordered, recommended, approved, or given by a provider does not make it a medically necessary covered service or supply.**

When and how to request a network waiver

Before your visit

When services require preauthorization, you may request a network waiver before services are provided. Visit the UMP Policies that affect your care webpage for the list of services requiring preauthorization (see Directory for link). Your network waiver request should be included with the preauthorization request. See the "Information needed to submit a network waiver request" section below to learn what to include in your request.

When the plan approves the network waiver **before** you receive medical services from an out-of-network provider:

- You pay your cost-share for medical services the plan has approved through this waiver as though the provider is preferred.
- You pay \$0 for covered preventive services, including covered immunizations. The plan pays 100 percent of the allowed amount.

After your visit

When you receive any service, except those that require preauthorization, you may request a network waiver **after** the claims have been processed.

Network waiver requests not approved in advance are considered an appeal and must be submitted within 180 days of receiving an Explanation of Benefits. See the "Complaint and appeal procedures" section for information about your appeal rights.

Information needed to submit a network waiver request

You should include all the following information in your request:

- A letter of explanation from you or your provider stating the need to see the out-of-network provider.
- Details of the research conducted by you or your provider to locate a preferred provider (e.g., dates network status was checked, names and phone numbers of preferred providers that were researched and may have been contacted before receiving services from the out-of-network provider).

More information needed for preauthorization requests

When submitting a request for preauthorization that includes a network waiver, all the following additional information should also be included:

- Performing provider's name, address, phone number, and National Provider Identifier (NPI) or Tax ID number (TIN)
- Procedure code(s)
- Length of treatment requested or required for service(s)
- Diagnosis code(s)
- Estimated charge(s)

See the "Preauthorizing medical services" section for more information about requesting medical services preauthorization from the plan.

Where to send your network waiver request

UMP Member Appeals
Regence BlueShield
PO Box 1106
Lewiston, ID 83501-1106

If you have questions about the network waiver process, contact UMP Customer Service.

ALERT! If a network waiver is approved, you must still pay your cost-share for most medical services. Services provided under an approved network waiver are subject to your medical deductible and out-of-pocket limit. Network waivers for ongoing services will require periodic review.

Out-of-area services

Regence BlueShield has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association. Whenever you access health care services outside of the geographic area Regence BlueShield services, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of Regence BlueShield's service Area, you may receive it from Providers as described below. Providers contracted with the local Blue Cross and/or Blue Shield Licensee in that geographic area ("Host Blue") as a preferred provider are paid at the preferred provider level and will not bill you for balances beyond any deductible, copayment and/or coinsurance for covered services. Providers that contract with the Host Blue as a participating provider are paid at the participating provider level and will not bill you for balances beyond any deductible, copayment and/or coinsurance for covered services. Some providers (out of network providers) don't contract with the Host Blue. The section below explains how the Plan pays these different kinds of providers.

BlueCard® Program

Under the BlueCard® Program, when you access covered services within the geographic area served by a Host Blue, Regence will remain responsible for doing what was agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its preferred or participating providers.

When covered services are received outside the Regence's service area and the claim is processed through the BlueCard® Program, the amount you pay for covered services is calculated based on the lower of:

- The billed covered charges for your covered services; or
- The negotiated price that the Host Blue makes available to Regence.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your health care provider. Sometimes, it is an estimated price that considers special arrangements with your health care provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care providers after considering the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing of claims, as noted above. However, such adjustments will not affect the price Regence BlueShield uses for your claim because they will not be applied after a claim has already been paid.

Laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, Regence would then calculate your liability for any covered services according to applicable law.

Value-Based Programs

If covered services are received under a Value-Based Program inside a Host Blue's service area, you will not be responsible for paying any of the provider incentives, risk-sharing, and/or care coordinator fees that are a part of such an arrangement, except when a Host Blue passes these fees to the Regence through average pricing or fee schedule adjustments.

For the purpose of this section, the following definitions apply.

Value-Based Program: An outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local providers that is evaluated against cost and quality metrics/factors and is reflected in provider payment.

Provider Incentive: An additional amount of compensation paid to a healthcare provider by a Blue Cross and/or Blue Shield Plan, based on the provider's compliance with agreed-upon procedural and/or outcome measures for a particular group of covered persons.

A Care Coordination Fee is a fixed amount paid by a Blue Cross and/or Blue Shield Licensee to Providers periodically for Care Coordination under a Value-Based Program.

Inter-Plan Programs: Federal or state taxes, surcharges, or fees

Federal law or state law may require a surcharge, tax or other fee that applies to self-insured accounts. If applicable, any such surcharge, tax or other fee will be included as part of the claim fee passed on to the claimant.

Out-of-network providers outside Regence's service area

Member liability

When covered services are provided outside of Regence's service area by out-of-network providers, the amount you pay for such services will generally be based on either the Host Blue's out-of-network provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be liable for the difference between the amount that the out-of-network provider bills and the

payment Regence will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for nonparticipating emergency services.

Exceptions

In certain situations, Regence may use other payment bases such as billed covered charges, the payment Regence would make if the health care services had been obtained within Regence's service area, or a special negotiated payment, to determine the amount Regence will pay for services rendered by out-of-network providers. In these situations, you may be liable for the difference between the amount that the out-of-network provider bills and the payment Regence will make for the covered services as set forth in this paragraph.

Services received outside the United States Blue Cross Blue Shield Global® Core

ALERT! Claims for services received outside the U.S. may take longer to process. UMP Customer Service is available to assist members with the Global® Core claim process.

If you are outside the U.S., you may be able to take advantage of Blue Cross Blue Shield Global® Core when accessing covered health services. Blue Cross Blue Shield Global® Core is unlike the BlueCard® Program available in the U.S. in certain ways. For instance, although the Blue Cross Blue Shield Global® Core assists you with accessing a network of inpatient, outpatient, and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the U.S., you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical services (including locating a doctor or hospital) outside the U.S., you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, 7 days a week. An assistance coordinator, working with a medical professional, will arrange a physician appointment or hospitalization, if necessary. Covered services received from providers outside the United States may not be subject to state or federal protections from surprise or balance billing, and therefore you may be billed for balances beyond any deductible, copayment and/or coinsurance for covered services.

Inpatient services

In most cases, if you contact the service center for assistance, hospitals will not require you to pay upfront for covered inpatient services, except for your medical deductible, coinsurance, and copays. In such cases, the hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of services, you must submit a claim to receive reimbursement for covered health care services.

Outpatient services

Physicians, urgent care centers, and other outpatient providers located outside the U.S. will typically require you to pay in full at the time of services. You must submit a claim to obtain reimbursement for covered health care services.

Submitting a Blue Cross Blue Shield Global® Core claim

When you pay for covered health care services outside the BlueCard® service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, complete a Blue Cross Blue Shield Global® Core claim form and send the claim form with the provider's itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from the claims

administrator, the service center, or online at the Blue Cross Blue Shield Global® Core website at bcbsglobalcore.com. If you need assistance with your claim submission, you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, 7 days a week.

When services received outside the U.S. are covered

The plan covers the same benefits as described in this COC if the services received outside the U.S.:

- Are appropriate for the condition being treated;
- Are covered by the plan;
- Are medically necessary;
- Are not considered to be experimental or investigational by U.S. standards; and
- Have met all medical policy criteria.

Important tips for receiving care outside the U.S.

- Always carry your UMP member ID card.
- If you need emergency medical care, go to the nearest hospital.
- If you need urgent medical care, contact the Blue Cross Blue Shield Global® Core Service Center for help finding a network provider.
- If you are admitted to the hospital, call the Blue Cross Blue Shield Global® Core Service Center to notify the plan of your admission.

Blue Cross Blue Shield Global® Core contact and online information

Contact Blue Cross Blue Shield Global® Core to learn about services received outside the U.S., find a provider outside the U.S., or submit a claim for medical care provided outside the U.S.

- Call the Blue Cross Blue Shield Global® Core Service Center at 1-800-810-BLUE (2583), or call collect 1-804-673-1177 (available 24 hours a day, 7 days a week).
- To use the online provider search tool, register and sign in on the Blue Cross Blue Shield Global® Core website at bcbsglobalcore.com.
- Visit the Blue Cross Blue Shield Global® Core website on the Blue Cross Blue Shield Global® Core website at bcbsglobalcore.com. After you create an account, you may find Blue Cross Blue Shield Global® Core information, get an international claim form, and submit claims electronically.

Finding a preferred provider outside the U.S.

Under Blue Cross Blue Shield Global® Core, you have access to network providers outside the U.S., including hospital care (inpatient and outpatient) and professional provider services at network rates.

To find a contracted provider outside the U.S., register and sign in on the Blue Cross Blue Shield Global® Core website at bcbsglobalcore.com or call the Blue Cross Blue Shield Global® Core Service Center: 1-800-810-BLUE (2583) or collect at 1-804-673-1177.

What you pay for medical services

Deductibles

A deductible is a fixed dollar amount you pay each calendar year before the plan begins paying for covered services. Your medical deductible amount is \$250 per member, with a maximum of \$750 per family. When you first get services, you pay the first \$250 in charges. After you pay that first \$250, the plan begins to pay for covered services. This applies to each covered member, up to the \$750 maximum.

Your medical deductible applies to all covered services unless otherwise stated in this COC. See below for services that are not subject to your medical deductible. Services apply to your UMP medical deductible in the order claims are received and processed, not necessarily in the order the member receives the services.

ALERT! If you receive services with a benefit limit (such as nutritional counseling) before meeting your medical deductible, those visits still apply to the benefit limit. For example, if you pay out of pocket for a nutritional counseling visit because you have not met your medical deductible, that visit will apply to the maximum of 12 visits per lifetime. See definition of "Limited benefit" for more information.

SmartHealth wellness incentive

Members enrolled in this plan are not eligible to participate in, or earn, the SmartHealth wellness incentive.

If a subscriber earned the \$125 SmartHealth wellness incentive in 2025, the medical deductible may be reduced by \$125 for plan year 2026 if the subscriber is still eligible to participate in the wellness incentive program.

More details on eligibility and program requirements are on HCA's SmartHealth webpage at hca.wa.gov/pebb-smarthealth.

What does not count toward your medical deductible

The following out-of-pocket expenses do not count toward your \$250 medical deductible:

- Charges for services that exceed the benefit limit.
- Charges that exceed the maximum dollar limit.
- Out-of-network provider charges above the allowed amount.
- Prescription drugs covered under Medicare Part D.
- Services that are not subject to your medical deductible, even if you had out-of-pocket costs. For example, covered preventive care services received from an out-of-network provider.
- Services you pay for that are not covered by the plan (see the "What the plan does not cover" section).
- Your emergency room copay.
- Your inpatient hospital copay.
- Your chiropractor copay.
- Your acupuncture copay.
- Your massage therapy copay.

Services not subject to your medical deductible

The plan pays the allowed amount for the services listed below, subject to cost-share, even if you have not met your medical deductible. When you see a preferred provider, you do not have to meet your medical deductible before the plan pays for these services:

- Covered acupuncture, chiropractic, and massage therapy visits that do not exceed the benefit limit. (The plan only covers preferred massage therapists.)
- Covered contraceptive supplies and services (see the “Family planning services” benefit).
- Covered preventive care services, including covered immunizations.
- Covered screening mammograms and medically necessary diagnostic and supplemental breast exams (see the “Mammogram and Digital Breast Tomosynthesis (DBT)” benefit).
- Flu shots and COVID-19 vaccines not received from an excluded pharmacy. See the definition of “Excluded Pharmacy.”
- Hearing aids and covered hearing aid-related services.
- Prescription drugs covered under Medicare Part D.
- Routine hearing exams.
- Routine vision care: exams, glasses, and contacts.
- Second opinions required by the plan.
- Wig or hairpiece to replace hair loss due to radiation therapy or chemotherapy for a covered condition.

How your medical deductible works with dependents

If your family has three or fewer members enrolled, your medical deductible amount is \$250 per member, with a maximum of \$750. Once a member pays their \$250 deductible, the plan begins paying for covered services for that member. Because the plan is now paying for this member’s covered services, they are no longer contributing toward your family deductible. Once your family deductible has been met, the plan begins paying for covered services for all covered members on your plan.

If your family has four or more members enrolled, each member has a medical deductible of \$250. The maximum amount a family pays toward the medical deductible is \$750. Once a member pays their \$250 deductible, the plan begins paying for covered services for that member. Because the plan is now paying for this member’s covered services, they are no longer contributing toward your family deductible. Once your family deductible has been met, the plan begins paying for covered services for all enrolled family members, even if some have not met their own deductible.

If the subscriber earned the SmartHealth wellness incentive for the 2026 plan year before enrolling in this plan, the subscriber’s medical deductible is reduced. See the “If you earned the SmartHealth wellness incentive” section above to learn more.

Note: Only services that are covered and are subject to your medical deductible count toward the deductible. See page 19 for a list of services that do not count toward your medical deductible.

Coinsurance

TIP: Allowed amount is the most the plan pays for a specific covered service or supply. Out-of-network providers may charge more than this amount, and you are responsible for paying the difference between the billed amount and the allowed amount. This is called balance billing.

Coinsurance is the percentage of the allowed amount you pay for most medical services when the plan pays less than 100 percent. After you meet your medical deductible, you pay the percentages described below for most covered medical services.

- **For preferred providers:** You pay 15 percent of the allowed amount. The plan pays most covered services at 85 percent of the allowed amount.
- **For participating providers:** You pay 40 percent of the allowed amount. The plan pays most covered services at 60 percent of the allowed amount.
- **For out-of-network providers:** You pay 40 percent of the allowed amount, and the provider may balance bill you. The plan pays most covered services at 60 percent of the allowed amount.

Professional charges, such as for physician services while you are in the hospital or lab work, may be billed separately.

Note: When you receive nonemergency services at a network hospital, network hospital outpatient department, network critical access hospital, or network ambulatory surgical center in Washington State, you pay the network rate and cannot be balance billed regardless of the network status of the provider. For nonemergency services performed at one of these facilities outside of Washington State, you still pay the network rate, but in some states, an out-of-network provider may be allowed to ask you to waive some of your balance billing protections.

When you receive emergency services at an out-of-network facility you pay the network rate regardless of the network status of the provider or facility and cannot be balance billed.

When you receive covered ground or air ambulance services in Washington State, you pay the network rate and cannot be balance billed regardless of the network status of the provider.

Copay

A copay is a set dollar amount you pay when you receive treatments, supplies, or services including, but not limited to:

- Emergency room copay: \$75 per visit. See the "Emergency room" benefit for details.
- Facility charges for services received while an inpatient at a hospital, or mental health, skilled nursing, or substance use disorder facility: \$200 per day (see "Inpatient copay" below).
- Covered chiropractic, acupuncture, and massage services when you see a preferred provider will have a \$15 copay per visit. See the "Spinal and extremity manipulations" benefit, "Acupuncture" benefit, and "Massage therapy" benefit for more details.

Copays for the above services will apply toward the annual out-of-pocket limit.

Inpatient copay

The inpatient copay of \$200 per day and then any amount owed toward your medical deductible is what you pay for inpatient services at a preferred facility, such as a hospital, or mental health, skilled nursing, or substance use disorder facility. You and your enrolled dependents pay the inpatient copay up to a \$600 maximum per enrolled member per admission.

The inpatient copay applies even if you have met your medical deductible and does not apply to your medical deductible, but does apply to your medical out-of-pocket limit.

Note: Professional charges, such as lab work or provider services, while you are in the hospital may be billed separately and are not included in this copay.

When you pay

Most of the time, you pay **after** your claim is processed.

- You will receive an Explanation of Benefits (EOB) from the plan that explains how much the plan paid the provider. The Member Responsibility section of your EOB tells you how much you owe the provider.
- The provider sends you a bill.
- You pay the provider.

Note: A provider may ask you to pay your deductible and copay at the time of service. You may check your EOB to ensure the amount you paid was correct.

Medical out-of-pocket limit

The medical out-of-pocket limit is the most you pay during a calendar year for covered services from preferred providers. After you meet your medical out-of-pocket limit for the year, the plan pays for covered services by preferred providers at 100 percent of the allowed amount. The plan will not pay more than the allowed amount. **Expenses are counted from January 1, 2026, or your first day of enrollment (whichever is later) through December 31, 2026, or your last day of enrollment (whichever is earlier).**

Your medical out-of-pocket limit is \$2,500 per member and \$5,000 per family.

What counts toward this limit

- Inpatient and emergency room copays.
- Coinsurance paid to preferred and participating providers.
- Coinsurance paid to out-of-network providers for emergency room services, air ambulance, and nonemergency services furnished during a visit or stay at a preferred and participating hospital, hospital outpatient department, critical access hospital, or ambulatory surgical center.
- Your medical deductible paid to preferred and participating providers.
- Chiropractic, acupuncture, and massage therapy visit copays to preferred providers.

What does not count toward this limit

- A. Amounts paid by the plan, including services covered in full.
- B. Costs you pay under the Medicare Part D prescription drug benefit including your prescription drug deductible and copay.
- C. Amounts paid by Medicare.
- D. Your monthly premiums.
- E. Your coinsurance paid to out-of-network providers and your coinsurance and copays paid to non-network pharmacies (except those listed above in "What counts toward this limit").
- F. Balance billed amounts.
- G. Amounts paid for services the plan does not cover (see the "What the plan does not cover" section).
- H. Amounts that are more than the maximum dollar amount paid by the plan. Any amount you pay over the allowed amount does not count toward the medical out-of-pocket limit.
- I. Amounts paid for services over a benefit limit. For example, the benefit limit for acupuncture is 24 visits. If you have more than 24 acupuncture visits in one year, you will pay in full for those visits, and what you pay will not count toward this limit.

What you pay after reaching this limit

After you meet your out-of-pocket limit for the year, you pay:

- \$0 of the allowed amount for covered medical services from preferred providers.
- C through H (above) in the “What does not count toward this limit” section.
- 40 percent of the allowed amount for covered medical services for participating providers.
- 40 percent of the allowed amount for covered medical services for out-of-network providers. You may be balance billed.

Summary of services and payments

ALERT! Even if a provider orders a test or prescribes a treatment, the plan may not cover it. Review this COC or contact UMP Customer Service if you have questions about benefits or limitations.

On the next several pages, you will find a summary of types of services and what you will pay for them. For a complete understanding of how a benefit works, read the pages listed in the “For more information” column.

All services must be medically necessary to be covered. **If you see an unfamiliar term, see the alphabetical list of definitions in the “Definitions” section.**

This COC applies only to dates of service between the day your coverage begins (no earlier than January 1, 2026) and the day your coverage ends (no later than December 31, 2026).

Deductibles and limits

Deductibles and limits	Dollar amounts	What else you need to know	For more information, see page(s)
Medical deductible	\$250 per member (maximum of \$750 for a family of three or more)	You must meet your medical deductible before the plan pays for covered medical services. Not all services count toward your deductible.	19–20
Medical out-of-pocket limit	\$2,500 per member (\$5,000 for a family of two or more)	Your medical deductible, coinsurance, and copays for covered services paid to preferred and participating providers count toward this limit. Once you meet your medical out-of-pocket limit, covered services paid to preferred providers only are paid at 100% of the allowed amount.	22–23

Deductibles and limits	Dollar amounts	What else you need to know	For more information, see page(s)
Annual plan payment limit	None	No limit to how much the plan pays per calendar year.	Not applicable
Lifetime plan payment limit	None	No limit to how much the plan pays over a lifetime.	Not applicable

Types of services

The table in this section describes how much you and the plan will pay for covered services. Unless otherwise noted, all payments are based on the allowed amount, and services are subject to your medical deductible. See the “What you pay for medical services” section for more information about your deductible.

Type of service	How much you pay for covered services	How much the plan pays for covered services
Standard	<p>How much you pay (your coinsurance) depends on the provider’s network status:</p> <ul style="list-style-type: none"> • Preferred providers: You pay 15% of the allowed amount. The provider cannot balance bill you. • Participating providers: You pay 40% of the allowed amount. The provider cannot balance bill you. • Out-of-network providers: You pay 40% of the allowed amount. The provider may balance bill you. 	<ul style="list-style-type: none"> • Preferred providers: The plan pays 85% of the allowed amount. • Participating providers: The plan pays 60% of the allowed amount. • Out-of-network providers: The plan pays 60% of the allowed amount.
Preventive	<p>Covered preventive services are not subject to your medical deductible. How much you pay (your coinsurance) depends on the provider’s network status:</p> <ul style="list-style-type: none"> • Preferred providers: You pay \$0. The provider cannot balance bill you. • Participating providers: You pay \$0. The provider cannot balance bill you. • Out-of-network providers: You pay 40% of the allowed amount. The provider may balance bill you. 	<ul style="list-style-type: none"> • Preferred providers: The plan pays 100% of the allowed amount. • Participating providers: The plan pays 100% of the allowed amount. • Out-of-network providers: The plan pays 60% of the allowed amount.
Inpatient	<p>Most inpatient services require both preauthorization (see page 66) and notice (your provider must notify the plan as soon as possible after you are admitted to a facility, but not later than 24 hours after you are admitted; see page 67).</p>	<ul style="list-style-type: none"> • Preferred facility: The plan pays 100% of the allowed amount after you pay your copay and deductible at preferred facilities.

Type of service	How much you pay for covered services	How much the plan pays for covered services
	<p>You pay the \$200-per-day copay at preferred facilities up to \$600 maximum copay per admission.</p> <p>Note: The inpatient copay counts toward your medical out-of-pocket limit.</p> <p>Services are considered inpatient only when you are admitted to a facility. See definition of "Inpatient stay."</p> <p>How much you pay when you are admitted to a facility depends on the facility's network status</p> <ul style="list-style-type: none"> • Preferred facilities: You pay the inpatient copay and then your deductible (this copay applies even if you have met your deductible). • Participating facilities: You pay 40% of the allowed amount. The facility cannot balance bill you. • Out-of-network facilities: You pay 40% of the allowed amount. The facility may balance bill you. <p>How much you pay for professional services, such as provider consultations or lab tests, depends on the provider's network status:</p> <ul style="list-style-type: none"> • Preferred providers: You pay 15% of the allowed amount. The provider cannot balance bill you. • Participating providers: You pay 40% of the allowed amount. The provider cannot balance bill you. • Out-of-network providers: You pay 40% of the allowed amount. The provider may balance bill you. 	<ul style="list-style-type: none"> • Participating facility: The plan pays 60% of the allowed amount. • Out-of-network facility: The plan pays 60% of the allowed amount. <p>The plan pays for professional services, such as provider consultations or lab tests, based on the provider's network status:</p> <ul style="list-style-type: none"> • Preferred providers: The plan pays 85% of the allowed amount. <p>Note: For behavioral health professional services, the plan pays 100% of the allowed amount.</p> <ul style="list-style-type: none"> • Participating providers: The plan pays 60% of the allowed amount. • Out-of-network providers: The plan pays 60% of the allowed amount.

Type of service	How much you pay for covered services	How much the plan pays for covered services
Outpatient	<p>If you receive services at a facility that offers inpatient services (like a hospital), but you are not admitted, the services are covered as outpatient. See the specific benefit (e.g., emergency room or diagnostic tests) for how much you pay. You may be billed separately for facility fees in addition to provider fees.</p> <ul style="list-style-type: none"> • Preferred providers: You pay 15% of the allowed amount. The provider cannot balance bill you. • Participating providers: You pay 40% of the allowed amount. The provider cannot balance bill you. • Out-of-network providers: You pay 40% of the allowed amount. The provider may balance bill you. 	<ul style="list-style-type: none"> • Preferred providers: The plan pays 85% of the allowed amount. • Participating providers: The plan pays 60% of the allowed amount. • Out-of-network providers: The plan pays 60% of the allowed amount.
Facility	<p>You may be charged facility fees in addition to provider fees when accessing clinics, ambulatory surgery centers, and other facilities. A facility may be referred to as a “provider” on the Explanations of Benefits or other documents. How much you pay depends on the provider’s network status:</p> <ul style="list-style-type: none"> • Preferred facility: You pay 15% of the allowed amount; the provider cannot balance bill you. • Participating facility: You pay 40% of the allowed amount; the provider cannot balance bill you. • Out-of-network facility: You pay 40% of the allowed amount; the provider may balance bill you. 	<ul style="list-style-type: none"> • Preferred facility: The plan pays 85% of the allowed amount. • Participating facility: The plan pays 60% of the allowed amount. • Out-of-network facility: The plan pays 60% of the allowed amount.
Special	<p>These services have unique payment rules, which are described in the “How much you will pay” column in the Summary of benefits table located in the “Summary of benefits” section.</p>	

What else you need to know

- Some services are not covered (see the “What the plan does not cover” section).
- There is no waiting period for preexisting conditions.
- You will save money by seeing providers who accept Medicare and Regence preferred providers (see the “Finding a health care provider” section).

- You must be enrolled in this plan for the plan to pay for medically necessary covered services.

Benefits: what the plan covers

Guidelines for coverage

ALERT! A service or supply prescribed, ordered, recommended, approved, or given by a provider does not make it a medically necessary covered service or supply.

This plan will cover a service or supply if it meets all the following conditions. The service or supply must:

- Be listed as covered; and
- Be medically necessary; and
- Be received by a member on a day between the date coverage begins (but no sooner than January 1, 2026) and the date coverage ends (but no later than December 31, 2026); and
- Have been determined to be a covered benefit by the Health Technology Clinical Committee (HTCC), if reviewed by the HTCC, and, if determined to be covered with conditions, meet the conditions of coverage established by the HTCC; and
- Meet the plan's coverage policies and preauthorization requirements.

Limits and exclusions may apply to plan benefits. See both the benefit description and the "What the plan does not cover" section.

Some services require preauthorization and/or notice before you receive treatment. Visit the UMP Policies that affect your care webpage for a list of these services, or contact UMP Customer Service to ask if a certain service is covered, requires preauthorization, or requires notice. See Directory for link and contact information.

The following sections describe the benefits provided by this plan. Be sure to read them carefully for important information that may help you get the most from your health coverage. If you do not understand the benefits, it is your responsibility to ask for help before receiving services by contacting UMP Customer Service.

UMP is a self-insured PPO health plan. UMP is offered through HCA's Public Employees Benefits Board (PEBB) Program. UMP is administered by Regence BlueShield. All services or other benefit changes may require approval by the PEB Board Approval takes place when benefits are procured for the next calendar year.

Health Technology Clinical Committee (HTCC)

ALERT! HTCC determinations may be implemented by the plan at any time during the calendar year, but are often implemented the January following the HTCC's decision. HTCC decisions are posted on the HCA website at hca.wa.gov/hta. Contact UMP Customer Service if you have questions about specific services that the HTCC has reviewed.

Created by chapter 70.14 of the Revised Code of Washington (RCW), the HTCC is a committee of 11 independent health care professionals that reviews selected health technologies (services) to determine appropriate coverage, if any, for the services. These may include medical or surgical devices and procedures, medical equipment, and diagnostic tests.

In public meetings, the HTCC considers public comments and scientific evidence regarding the safety, medical effectiveness, and cost-effectiveness of the services when making its determination.

How HTCC decisions affect UMP benefits

Under state law, the plan must comply with HTCC decisions, RCW 70.14.120 (1)(a), unless such determination conflicts with federal or state law. Services reviewed by the HTCC are either covered, covered with conditions, or not covered. The HTCC determines the conditions, if any, under which the service will be included as a covered benefit and, if covered, the criteria the plan must use to decide whether the service is medically necessary. Criteria established by the HTCC take precedence over Regence's medical policies. When the HTCC determines that a service is not covered, then the service is not covered by the plan. Some HTCC decisions include a requirement to follow FDA or Centers for Medicare and Medicaid Services (CMS) guidelines. You may review these guidelines on the FDA website at [fda.gov](https://www.fda.gov) or CMS website at [cms.gov](https://www.cms.gov).

Where to find HTCC decisions

You may view the list of services that the HTCC has reviewed or currently has under review on the HCA website at hca.wa.gov/hta. The website includes:

- Evidence reports
- Instructions on providing public comments on pending reviews or re-reviews
- Public comments
- The decisions and criteria for coverage
- The public meeting schedule

You may also contact UMP Customer Service with questions about coverage of conditions for HTCC technologies.

Summary of benefits

ALERT! Not all covered services and limitations are listed in the table below. See the alphabetical list of all covered services in the "List of benefits" section. If you have questions, contact UMP Customer Service for more information.

Read the pages listed in the "For information" column for detailed information about each benefit. Not all details are included in the table. Also read:

- Services for which your provider must notify the plan (see page 67)
- Services that are not covered (exclusions) (see the "What the plan does not cover" section)
- Services that require preauthorization (see the "Limits on plan coverage" section)

If you have questions about your benefits, benefit limitations, services that require preauthorization or notice, or services not covered by the plan, contact UMP Customer Service.

For a description of the types of services listed in the "How much you will pay" column in the table below, see the "Types of services" section. For definitions of the rates, see the definitions of "Inpatient rate," "Preventive rate," "Special rate," and "Standard rate."

Benefit/service	How much you will pay	For information, see page(s):
Ambulance	Special rate: <ul style="list-style-type: none"> • 20% of the allowed amount for any provider • Applies to your out-of-pocket limit 	31, 69, 78
Applied Behavior Analysis (ABA) Therapy	Standard rate	32
Behavioral health	Mental health: <ul style="list-style-type: none"> • Inpatient rate • Outpatient/professional services: Standard rate Substance use disorder: <ul style="list-style-type: none"> • Inpatient rate • Outpatient/professional services: Standard rate 	33, 73, 74
Breast health screening tests	See the "Mammogram and Digital Breast Tomosynthesis (DBT)" benefit	46
Chiropractic physician services	Special rate: You pay a \$15 copay per visit, not subject to your medical deductible, when you see a preferred provider.	See the "Spinal and extremity manipulations" benefit on page 55
Diagnostic tests, laboratory, and x-rays	Standard rate	38, 46, 68
Dialysis	Standard rate	38
Durable medical equipment (DME), supplies, and prostheses	Standard rate	38, 71, 74, 119
Emergency room (ER)	Special rate: ER services are paid at the network rate at preferred, participating and out-of-network hospitals. You pay 15% of the allowed amount plus an ER copay of \$75. The \$75 copay is waived if you are admitted. You may be billed separately for services such as: <ul style="list-style-type: none"> • Facility charges • Professional (physician) services • Lab tests, x-rays, and other imaging tests 	40, 120

Benefit/service	How much you will pay	For information, see page(s):
Hearing aids	Special rate: <ul style="list-style-type: none"> • Not subject to your medical deductible • You pay \$0 of the allowed amount for one prescribed hearing aid per ear every 36 months 	43, 82
Home health care	Standard rate	43, 72, 122, 124
Hospice care	Special rate: <ul style="list-style-type: none"> • You pay \$0 for medical services after meeting your medical deductible • You pay \$0 for end-of-life counseling while in hospice after meeting your medical deductible 	44, 123

Surgery	Standard rate	45, 47, 50, 55, 55, 57, 72, 77, 117, 127, 131
Therapy: Habilitative and Rehabilitative	Inpatient rate Outpatient/professional services: Standard rate	56
Vision care exam (routine)	Preventive rate	61

Benefit/service	How much you will pay	For information, see page(s):
Vision hardware (Lenses, frames, or contact lenses)	Special rate: <ul style="list-style-type: none"> • No medical deductible • Lenses and frames: You pay \$0 of the allowed amount for one pair of covered standard lenses and frames once every two calendar years; or • Contact lenses: Plan pays up to \$200 every two calendar years in lieu of lenses and frames. You pay a \$30 fitting fee for contact lenses 	62

Note: For services requiring preauthorization or plan notification, see the list of services on the UMP Policies that affect your care webpage or contact UMP Customer Service (see Directory for link and contact information). Many services require both preauthorization and plan notification. See the “Limits on plan coverage” section for how this works.

List of benefits

Acupuncture

The plan covers up to 24 visits for acupuncture treatment per calendar year (see definition of “Limited benefit”). You pay the special rate (a \$15 copay, not subject to your medical deductible) for acupuncture when you see a preferred provider. The copay will not apply toward your medical deductible, but the copay will apply to the out-of-pocket limit. All visits will apply to the 24-visit limit.

You may receive an office visit at the time of the acupuncture service (see the “Office visits” benefit for details). Not all acupuncture services are covered. See the “What the plan does not cover” section for more information.

Note: For participating providers and out-of-network providers, services are paid at the standard rate up to 24 visits per calendar year.

Ambulance

Ambulance services for personal or convenience purposes are not covered.

Ground ambulance

You pay 20 percent of the allowed amount for medically necessary ambulance services. You may not be balance billed for services provided in Washington State. Professional ground ambulance services are covered in a medical emergency:

- From the site of the medical emergency to the nearest facility equipped to treat the medical emergency.
- From one facility to the nearest other facility equipped to provide treatment for your condition.

When other means of transportation are considered unsafe due to your medical condition, the plan covers professional ambulance services:

- From one facility to another facility, for inpatient or outpatient treatment;
- From home to a facility; or
- From a facility to home.

Air ambulance

You pay 20 percent of the allowed amount for medically necessary ambulance services regardless of network status. You may not be balance billed. Air professional ambulance services are covered only when all the following conditions are met:

- Ground ambulance is not appropriate
- The situation is a medical emergency
- Air ambulance is medically necessary
- Transport is to the nearest facility able to provide the care you need

ALERT! The plan will not pay for air ambulance or other forms of air transport to move you to a facility closer to your home. If you travel outside the U.S., consider getting separate insurance that covers such air ambulance services.

Water ambulance

You pay 20 percent of the allowed amount for medically necessary ambulance services. Water professional ambulance services are covered only when all the following conditions are met:

- Ground ambulance is not appropriate
- The situation is a medical emergency
- Water ambulance is medically necessary
- Transport is to the nearest facility able to provide the care you need

Applied Behavior Analysis (ABA) Therapy

The plan covers Applied Behavior Analysis (ABA) Therapy only for a diagnosis of autism spectrum disorder. Providers of ABA Therapy services must be appropriately credentialed and qualified to prescribe or perform ABA Therapy services.

The plan must preauthorize ABA Therapy services for members age 18 or older before services are performed. No preauthorization is required for members under age 18. Like other preauthorized services, approved ABA preauthorization is specific to the provider who made the ABA preauthorization request. ABA Therapy hours preauthorized for one provider are not automatically transferable to another provider. A change in the provider requires a new ABA preauthorization. The initial assessment and ABA therapy treatment order or prescription do not require preauthorization for members of any age.

As for other covered services, you receive the highest-level benefit by using preferred providers. See the "Types of services" section for differences in your cost for preferred, participating, and out-of-network providers. To find a preferred provider, visit the UMP provider search or contact UMP Customer Service.

You can also find more information on ABA Therapy by viewing the ABA policy on the UMP Policies that affect your care webpage. See the Directory pages at the beginning of this booklet for links and contact information.

Autism services

To determine how a service, supply, or intervention is covered for an individual with autism, see that specific benefit. For example, Applied Behavior Analysis (ABA) Therapy is addressed on page 32; speech or occupational therapy is addressed on page 56 under the "Therapy: Habilitative and Rehabilitative" benefit; and mental health coverage is found under "Behavioral health" on page 33. If a specific benefit is subject

to limits, such as number of visits, these limits do not apply when the services, supplies, or interventions are for an autism diagnosis.

Bariatric surgery

TIP: Contact UMP Customer Service to locate a provider.

For the plan to cover bariatric surgery, you must get preauthorization from the plan and follow all your chosen facility's bariatric surgery requirements. This includes working with a multidisciplinary bariatric surgery team and ensuring your surgery and postsurgical treatment meet all plan medical policies.

The plan covers only certain types of bariatric surgery procedures. If you meet the plan's clinical criteria, members age 13 and older may be eligible for covered bariatric procedures.

ALERT! If you are considering bariatric surgery, contact UMP Customer Service.

Related care following bariatric surgery

Panniculectomy (removal of loose skin) is covered following bariatric surgery when specific medical criteria are met. Most panniculectomies are considered cosmetic and are not covered.

UMP will cover medically necessary surgical follow-up care related to a covered bariatric procedure, such as care for complications and needed revisions. The follow-up surgery must be appropriate and essential to the long-term success of the initial bariatric surgery and must be preauthorized.

Members who had a bariatric procedure before coverage under a UMP plan and have complications or need medically necessary revision are not required to verify prior coverage or that they met the plan's medical policy criteria for the initial bariatric procedure. However, you must follow plan requirements for follow-up care, including requesting preauthorization.

Behavioral health

The plan covers behavioral health services including care for mental health and substance use disorder. You pay the inpatient rate when admitted to an inpatient facility, and the standard rate for all other care and services.

When you receive nonemergency services from an out-of-network provider at a network hospital, network hospital outpatient department, network critical access hospital, or network ambulatory surgical center, you pay the network rate and cannot be balance billed for services performed in Washington State or without your informed consent in states that allow you to waive the federal balance billing protections. When you receive emergency services you pay the network cost-sharing amount regardless of the network status of the provider or facility and cannot be balance billed.

When you receive covered ground or air ambulance services in Washington State, you pay the network rate and cannot be balance billed regardless of the network status of the provider.

Mental health

The plan covers mental health services for members with neuropsychiatric and mental health conditions. Marriage or family counseling is not covered. The amount the plan pays depends on the provider's network status (see the "Finding a health care provider" section and page 25). See below for details about coverage for substance use disorder treatment.

Inpatient

ALERT! Your provider must notify the plan as soon as possible after you are admitted to a facility, but not later than 24 hours after you are admitted when you receive inpatient services. If the plan is not notified of inpatient treatment, the plan may not cover the treatment. Inpatient treatment is subject to clinical review.

Services are considered inpatient when you are admitted to a facility. This may include either psychiatric inpatient hospitalization or care at a residential treatment facility. The plan must preauthorize non-emergency inpatient services. See the “Limits on plan coverage” section for details.

Your provider must notify the plan as soon as possible after you are admitted to a facility, but no later than 24 hours after you are admitted to a:

- Hospital
- Partial Hospitalization Program (PHP)
- Residential treatment facility

Contact UMP Customer Service about preauthorization requirements. Visit UMP Policies that affect your care webpage for a list of services that require plan notice. See Directory for link and contact information.

You pay an inpatient copay for facility charges at a preferred facility (see the “Copay” section). Professional services (for example, doctors) may be billed separately from the facility charges. The plan pays the inpatient rate unless it is for emergency services. All covered professional services are paid based on the allowed amount.

Outpatient

ALERT: See page 32 for preauthorization requirements related to Applied Behavior Analysis (ABA) Therapy services.

You pay the standard rate for outpatient mental health services. You pay based on the allowed amount and the network status of the provider. Most outpatient mental health services do not require preauthorization. Visit the UMP Policies that affect your care webpage for a list of services that require plan notice.

Your provider must notify the plan as soon as possible, but not later than 24 hours after Intensive Outpatient Therapy services are initiated.

Substance use disorder

Substance use disorder is defined as an illness characterized by a physiological or psychological dependency on a controlled substance or alcohol. Substance use disorder does not include dependence on tobacco, caffeine, or food.

To be covered, treatment programs must be licensed to provide treatment to persons requiring substance use disorder treatment. The amount the plan pays depends on the provider’s network status (see the “Finding a health care provider” section and page 25). See above for details about coverage for mental health services. Contact UMP Customer Service about preauthorization requirements.

Inpatient

ALERT! Your provider must notify the plan as soon as possible after you are admitted to a facility, but not later than 24 hours after you are admitted when you receive inpatient services for substance use disorder treatment. If the plan is not notified of inpatient treatment, the plan may not cover the treatment. Inpatient treatment is subject to clinical review.

You pay an inpatient copay for facility charges at a preferred facility (see the “Copay” section). Professional services (for example, doctors or lab tests) may be billed separately from the facility charges. The plan pays for these services according to the network status of the provider, unless it is for emergency services.

Your provider must notify the plan when:

- You receive detoxification services
- You are admitted to a hospital
- You begin a Partial Hospitalization Program (PHP)
- You are admitted to a residential treatment facility

Outpatient

You pay the standard rate for outpatient substance use disorder treatment. You pay based on the allowed amount and the network status of the provider.

Your provider must notify the plan when you receive the following services:

- Detoxification
- Intensive Outpatient Program (IOP)

Preauthorization for outpatient substance use disorder treatment is not required in most cases. The plan may require that your provider submit a treatment plan to determine medical necessity.

Behavioral health support resources

UMP provides behavioral health support resources to meet your needs.

Teladoc Health Mental Health

Teladoc Health Mental Health is a self-guided health and resiliency online tool clinically proven to improve emotional health. This secure resource is available 24 hours a day, 7 days a week to members age 13 or older at no cost to you. Teladoc Health’s interactive and activity-based tools are personalized to you and address conditions such as depression, anxiety, stress, substance use disorders, and chronic pain. Visit the Teladoc Health’s Mental Health website at [Teladochealth.com/start/mental-health-digital](https://teladochealth.com/start/mental-health-digital), click Register Now and use the Teladoc Health “registration code” WAPEBB to sign up and learn more or download the app in the Apple App Store or on Google Play. The “registration code” is required for your initial enrollment.

Find Care

Find additional behavioral health resources, get connected to an in-network facility, office or virtual behavioral health provider or ask for help when you sign in to your regence.com account. If you are having difficulty finding a care provider, or are not sure what type of provider you need, UMP Customer Service and the team of Regence behavioral health experts can help match you to in-person or virtual behavioral health providers that offer a variety of behavioral health resources.

Breast health screening tests

See the “Mammogram and Digital Breast Tomosynthesis (DBT)” benefit.

2026 UMP Classic Medicare with Part D (PDP) (PEBB) Certificate of Coverage

Care management

Regence care management supports the unique needs of members with chronic, serious, or sudden illness or injury and prioritizes those needs by providing personalized services that enhance well-being.

Care management teams can help with:

- Advocating for members and their support systems and improving care through close collaboration with providers.
- Supporting members with coordination of care needs.

We offer a single-nurse model dedicated to delivering personalized and holistic medical and behavioral health support to each member and their family. Once a member is engaged in the care management program, they may be assigned a case manager who is a licensed social worker or registered nurse. Regence case managers work closely with a member and their providers to help meet treatment plan goals and improve a member's overall health.

How to get started

Providers may refer members, and Regence also proactively reaches out to members most likely to benefit from care management support. Members can also self-refer by calling Regence at 1-866-543-5765 (TRS: 711) for information about care management services.

Case management as a condition of coverage

An HCA or plan medical director may review medical records and determine that your use of certain services is potentially harmful, excessive, or medically inappropriate. Based on this determination, the plan may require you to participate in and comply with a case management plan as a condition of continued benefit payment.

Chiropractic physician services

See the "Spinal and extremity manipulations" benefit.

Dental services

ALERT! Dentists and other dental providers are not included in the UMP provider network, even if they are listed in the Regence provider directory.

The plan does not cover most dental services. For example, dental implants, orthodontic services, and treatment for damage to teeth or gums caused by biting, chewing, grinding, or any combination of these are not covered. However, if you are enrolled in a dental plan, your dental plan may cover these services. Refer to your dental plan's COC, found on the HCA website at hca.wa.gov/erb, for more information.

What is covered by the plan

The plan covers oral surgery and other dental services under the medical benefit when they are considered medical. Oral surgery and dental services are considered medical if the condition being diagnosed and treated is either one which is not connected to the teeth and/or gums or is related to a disease or illness that affects the whole body. These medical services may be performed by a dentist or medical professional provider. You can find examples of these medical services in the Regence Medical Policy Administrative Guidelines to Determine Dental vs Medical Services by visiting the UMP Policies that affect your care webpage (see Directory for link). You pay 20 percent of the allowed amount for covered dental services unless otherwise stated, and the provider may balance bill you.

Note: UMP is not affiliated with the Uniform Dental Plan (UDP). If you are enrolled in UDP, contact UDP for information about services covered under your dental plan. Visit the HCA website at hca.wa.gov/erb and select "Contact" to find UDP contact information.

Fluoride treatment

Under certain circumstances, the plan may cover fluoride supplements (see the "Preventive care" benefit) at the preventive rate. The application of fluoride varnish may be covered for infants and children starting at the age when primary teeth come in (primary teeth eruption) in primary care practices for prevention of tooth decay (dental caries or cavities). Coverage of fluoride treatment depends on the network status of the medical provider as described in the "Finding a health care provider" section. Health care providers, such as your child's medical PCP, may apply fluoride varnish.

General anesthesia during a dental procedure

General anesthesia performed during a dental procedure is covered **only** when:

- It is provided by an anesthesiologist; and
- The charges are covered by the plan (see below).

Dental procedures

General anesthesia may be performed in a dental office for covered procedures and is paid at the standard rate. Dental procedures that are performed in a hospital or ambulatory surgery center are covered **only** when necessary to safeguard the member's health because treatment in a dental office would be neither safe nor effective.

Accidental injuries

To receive coverage for repair of an accidental injury to natural teeth, the injury must be evaluated, and a treatment plan developed and finalized within 30 days of the injury.

The actual treatment may extend beyond 30 days if your provider determines upon the initial assessment that treatment should start later or continue longer. Treatment must be completed by the end of the calendar year following the accident. The plan does not cover treatment after UMP coverage ends.

Example: You have an accident on March 12, 2026, resulting in injuries that are covered by the plan. Your treatment plan must be finalized no later than April 11, 2026. All related treatment must be completed by December 31, 2027 (the calendar year following the accident).

The plan does not cover treatment that:

- Was not included in the treatment plan developed within the first 30 days following the accident;
- Extends past the end of the calendar year following the accident; or
- Extends past the end of your enrollment in the plan.

Diabetes care supplies

Medical

ALERT: When Medicare is primary, UMP covers continuous glucose monitors, lancets, and test strips under your medical benefit.

Insulin pumps and pump supplies are covered as durable medical equipment (DME). See page 40 for coverage of insulin pumps and related supplies.

Diabetes education

The plan covers diabetes self-management training and education, including nutritional therapy by registered dietitians. When diabetes education includes nutritional therapy, the nutritional therapy services are not subject to the 12-visit lifetime limit stated under “Nutrition counseling and therapy” on page 48.

Diagnostic tests, laboratory, and x-rays

You pay the standard rate for covered diagnostic tests, laboratory tests, and x-rays when medically necessary. If there are alternative diagnostic approaches with different fees, the plan will cover the least expensive, evidence-based diagnostic method. Visit the UMP Policies that affect your care webpage or contact UMP Customer Service for a list of services requiring preauthorization (see Directory for link and contact information).

Covered services include:

- All prostate cancer screening (prostate-specific antigen [PSA testing]), which is subject to your medical deductible and coinsurance, even if billed as preventive.
- Colonoscopy performed to diagnose disease or illness. See the list on page 50 for coverage of preventive or screening colonoscopy.
- Diagnostic laboratory tests, x-rays, and other imaging studies.
- Electrocardiograms (EKG, ECG).
- Skin allergy testing.

TIP: See page 46 to learn how the plan covers mammograms.

The plan does **not** pay for the following tests (this list does not include all tests not covered by the plan):

- Carotid Intima Media Thickness testing.
- Upright Magnetic Resonance Imaging (uMRI), also known as “positional,” “weight-bearing” (partial or full), or “axial loading.”

Dialysis

Dialysis

You pay the standard rate for covered inpatient dialysis services. The plan pays based on the allowed amount and the network status of the provider. Other professional providers may bill separately from the facility.

Durable medical equipment (DME), supplies, and prostheses

TIP: The plan pays for covered DME at the standard rate. To receive the highest benefit, you must get the equipment or supply from a preferred DME supplier or other preferred medical provider. To find preferred DME providers, see the “Finding a preferred DME supplier” section below.

You pay the standard rate for covered DME services and supplies if they are prescribed by a provider practicing within their scope of practice, medically necessary, and used to treat a covered condition, including, but not limited to:

- Artificial limbs or eyes (including implant lenses prescribed by a physician and required due to cataract surgery or to replace a missing portion of the eye).
- Automatic Positive Airway Pressure (APAP) devices and related supplies.
- Bi-level Positive Airway Pressure (BiPAP) devices and related supplies.
- Bone growth (osteogenic) stimulators.
- Breast prostheses and bras as required by mastectomy. See the “Mastectomy and breast reconstruction” benefit.
- Breast pumps for pregnant and nursing members (see “Services covered as preventive” on page 49).
- Casts, splints, crutches, trusses, and braces.
- Compression stockings.
- Continuous Positive Airway Pressure (CPAP) devices and related supplies.
- Diabetic shoes, only as prescribed for a diagnosis of diabetes. See the “Foot orthotics” section below.
- Elemental formulas for Eosinophilic Gastrointestinal Disorders (EGIDs).
- Insulin pumps and related pump supplies (see the “Insulin pumps and related pump supplies” section below).
- Ostomy supplies.
- Oxygen and its equipment, such as all types of concentrators and tanks for administration, are covered on a rental basis only.
- Penile prosthesis when other accepted treatment has been unsuccessful, and impotence is:
 - Caused by a covered medical condition; or
 - A complication directly resulting from a covered surgery; or
 - A result of an injury to the genitalia or spinal cord.
- Rental or purchase (at the plan’s discretion) of DME such as wheelchairs, hospital beds, and respiratory equipment. (The combined rental fees cannot exceed full purchase price.)
- Wig or hairpiece to replace hair loss due to radiation therapy (or chemotherapy for a covered condition) is covered 100 percent up to a lifetime maximum of \$100. See the definition of “Limited Benefit.” Wigs and hairpieces for any other reason are not covered.

Some items require preauthorization. Find the list of supplies that require a preauthorization by visiting forms and publications at hca.wa.gov/ump-forms-pubs and search “durable medical equipment” or contact UMP Customer Service.

The plan limits coverage of DME to one item of a particular type of equipment and the accessories needed to operate the item. If you receive a higher-cost DME item when a less expensive, medically appropriate option is available, the plan will not pay for the more expensive item.

The plan also covers the repair or replacement of DME due to normal use or a change in the member’s condition (including the growth of a child). You are responsible for the entire cost of any additional pieces of the same or similar DME you purchase or rent for personal convenience or mobility.

Note: The plan does not cover replacement of lost, stolen, expired, or damaged DME.

Foot orthotics

Items such as shoe inserts, foot orthotics, and other shoe modifications are covered only when both of these conditions are met:

- The member has been diagnosed with diabetes.
- Specialized (including customized) orthotics are prescribed to treat or reduce the risk of diabetes complications.

If you have questions about what services are covered, contact UMP Customer Service.

Insulin pumps and related pump supplies

Insulin pumps and related pump supplies are covered as DME. For the highest benefit level, use a preferred DME supplier.

Finding a preferred DME supplier

You may purchase DME through a medical supplier. To find a preferred DME supplier, visit the UMP provider search (see Directory for link). You do not have to sign in to the Regence member site to search for a provider, but you will get more personalized results if you do. Click on the "All categories" link (found beneath "Doctors by name" and "Doctors by specialty"). Type "durable medical" into the search box; a drop-down list will appear. Select "Durable Medical Equipment & Supplies." You should now have a list of network DME suppliers. Preferred providers are paid at the highest rate and are noted as a Category 1 provider in the UMP provider search. Different DME suppliers carry different types of supplies. You may need to contact to confirm that a supplier has what you need.

Commercial DME

You may purchase DME and supplies from an approved Commercial Seller. A "Commercial Seller" is a retailer, wholesaler, or commercial vendor that is approved to provide new medical supplies, equipment, and devices. To purchase DME or medical supplies from an approved Commercial Seller, sign in to your regence.com account, select Care, then Care resources and click on Medical supplies.

You pay 100 percent of the billed charge and submit a claim for reimbursement. The plan will reimburse you 85 percent of the allowed amount for covered DME supplies purchased through an approved Commercial Seller. To learn more contact UMP Customer Service.

Emergency room

TIP: If you need immediate care but your situation is not a medical emergency, see the "Urgent care" benefit for how to get treatment at a lower cost than in an emergency room.

You pay a \$75 copay, then any amount owed toward your medical deductible and coinsurance for each emergency room visit. The emergency room copay applies to the facility charge, even if you have met your medical deductible and does not apply to your medical deductible, but does apply to your medical out-of-pocket limit. The plan covers facility charges for emergency room treatment when the treatment is for covered diagnoses and treatment of an injury.

Charges for professional services may be billed separately from facility (hospital or emergency room) charges. When you receive emergency services, you cannot be balance billed.

If your emergency room visit is determined to be a medical emergency, it will be paid at the network rate for preferred, participating, and out-of-network facilities. Separate professional services charges will also be paid at the network rate if your emergency room visit is determined to be a medical emergency.

If you are admitted to the hospital directly from the emergency room, the \$75 emergency room copay will be waived. However, you must pay the inpatient copay.

End-of-life counseling

End-of-life counseling involves discussing and planning for your end-of-life care, including treatment options and advanced directives. The plan covers end-of-life counseling for all members up to 30 visits per year. There is no requirement to be terminally ill, on hospice, or in the final stages of life to receive end-of-life counseling services. End-of-life counseling associated with hospice services is paid at 100 percent after you meet your medical deductible. Outside of hospice, these services are paid as a medical benefit, subject to your medical deductible and coinsurance. For more information on hospice care, see page 44.

Family planning services

If you receive care from a network provider, the plan will pay for the following covered services at the preventive rate:

- Voluntary and involuntary termination of pregnancy (abortion or miscarriage),
- Education and counseling related to contraception

If you receive care from an out-of-network provider, covered services are paid at the standard rate and the provider may balance bill you.

Barrier devices

All barrier devices requiring a fitting, insertion (includes IUD placement immediately after delivery), or removal are paid at the preventive rate when you see a preferred or participating provider. Barrier devices requiring a fitting include intrauterine devices (IUDs), diaphragms, and cervical caps.

Sterilization

When you see a preferred or participating provider, sterilization procedures, such as tubal ligation or vasectomy, are paid at the preventive rate and are not subject to your medical deductible.

Services and products not covered under the family planning benefit

The plan does not cover the following services and products as a family planning benefit:

- Prescription drugs
- Over-the-counter products
- Reversal of voluntary sterilization
- Treatment of fertility or infertility, including direct complications resulting from such treatment

Foot care, maintenance

Maintenance foot care includes services such as toenail trimming and corn or callous removal or trimming. These services are covered only for a diagnosis of diabetes and when provided by an approved provider type. The plan does not cover maintenance foot care provided outside the diagnosis of diabetes.

Gender affirming care

With a diagnosis of gender dysphoria, the following services are covered at the standard rate for outpatient services and at the inpatient rate for inpatient services:

- Covered surgical services
- Non-surgical services, including, but not limited to, hormone therapy, office visits, mental health counseling, and tests

This is not a complete list of medical and surgical treatments of gender dysphoria in transgender individuals. For more information on gender affirming care, visit the UMP Policies that affect your care webpage to find the clinical criteria for gender affirming care (see Directory for link). Some services associated with gender dysphoria may require preauthorization.

Genetic services

Covered genetic tests require preauthorization. With preauthorization, the plan covers medically necessary, evidence-based genetic testing services. Some genetics tests are not covered. For information about genetic services related to the fetus during pregnancy, see "Services for obstetric and newborn care" on page 48. Contact UMP Customer Service with any questions.

Headaches, chronic migraine or chronic tension type

The plan only covers the treatment of chronic migraine with OnabotulinumtoxinA (Botox) when both the following criteria are met:

- The condition has not responded to at least three prior pharmacological prophylaxis therapies from two different classes of prescription drugs; and
- The condition is appropriately managed for medication overuse.

Botox injections must be discontinued when:

- The condition has shown inadequate response to treatment (defined as less than 50 percent reduction in headache days per month after two treatment cycles); or
- The member has received a maximum of five treatment cycles.

The following treatments are **not** covered:

- Treatment of chronic tension-type headaches with Botox or acupuncture; and
- Treatment of chronic migraine or chronic tension-type headaches with massage, trigger point injections, transcranial magnetic stimulation, or manipulation/manual therapy (such as chiropractic services).

Hearing care (diseases and disorders of the ear)

The plan pays under the medical benefit for covered services for treatment of diseases and disorders of the ear or auditory canal not related to routine hearing loss. These services are not part of the "Hearing exam and hearing aids" benefit.

Hearing exam and hearing aids (instruments)

This benefit is not subject to your medical deductible and includes the services and supplies outlined below.

Hearing exam (routine)

ALERT! The plan pays for a hearing exam performed as part of a newborn screening at the preventive rate.

You pay \$0 for one routine hearing exam per calendar year when you see a preferred or participating provider. However, if you see an out-of-network provider, you pay 40 percent of the allowed amount and the provider may balance bill you.

Hearing aids

You pay \$0 of the allowed amount for one prescribed hearing aid per ear every 36 months. You may be responsible for hearing aid charges exceeding the allowed amount.

You pay the special rate (15 percent of the allowed amount) for the following hearing-related services, which are not subject to your medical deductible and apply to your out-of-pocket limit, when you see a preferred or participating provider:

- Ear mold(s)
- Initial battery, cords, and other ancillary equipment
- Warranty (only as included with the initial purchase)
- Follow-up consultation within 30 days after delivery of hearing aid
- Rental charges up to 30 days if you return the rented hearing aid before actual purchase
- Repair of hearing aid equipment
- The initial assessment, fitting, adjustment, auditory training, and other ear molds as necessary to maintain an optimal fit for those who have obtained or intend to obtain a hearing aid

The following hearing-related items are **not** covered:

- Over-the-counter hearing aids that are not prescribed, except for initial assessment, fitting, adjustment, auditory training, and other ear molds as necessary to maintain an optimal fit.
- Charges incurred after your plan coverage ends, unless you ordered the hearing aid before that date and it is delivered within 45 days after your coverage ended
- Extended warranties, or warranties not related to the initial purchase of the hearing aid(s)
- Purchase of replacement batteries or other ancillary equipment, except those covered under terms of the initial hearing aid purchase

The following ancillary equipment is **not** covered:

- Alerting devices
- Assistive listening devices for FM/DM systems, receivers and transmitters
- Assistive listening devices for microphone transmitters
- Assistive listening devices for TDD machines
- Assistive listening devices for telephones
- Assistive listening devices for televisions (including amplifiers and caption decoders)
- Assistive listening devices for use with cochlear implants
- Assistive listening devices, supplies, and accessories not otherwise specified
- Hearing aid batteries

Home health care

ALERT! See the "What the plan does not cover" section for services the plan does not cover.

In certain circumstances, the plan covers short-term, provider-directed, medically necessary home health services on an intermittent or part-time basis by a licensed home health, hospice, or home care agency, to help a member recover from an acute covered illness, injury, or hospital stay. Home Health care is provided through visits from specialized clinicians, performing specific tasks (rather than time-based shifts), on a short-term basis, until specified individual goals are met. These services must be part of a treatment plan written by your provider (such as your physician or advanced registered practitioner [ARNP]). The provider must certify that you are homebound. These short-term visits may include:

- Skilled nursing care, physical, occupational, or speech therapy
- Home health aides and clinical social services, provided in conjunction with the skilled services of a registered nurse (RN), licensed practical nurse (LPN) or physical, occupational, or speech therapist
- Disposable medical supplies as well as prescription drugs provided by the home health agency
- Home infusion therapy
- Home care of wounds resulting from injury or surgery
- End-of-life counseling (see page 41)

For services that may be covered under another benefit, such as nutritional counseling or follow-up care for bariatric surgery, see that benefit in this COC for coverage rules and limitations. These limitations apply even if the services are provided in the home or by a home health provider. For information on substitution of private duty nursing as an alternative benefit in lieu of hospitalization or in lieu of admission to a skilled nursing facility, see page 45 (hospital services) or page 53 (skilled nursing facility). Contact UMP Customer Service if you have questions.

Hospice care

Hospice (inpatient, outpatient, and respite care) is services provided by a state-licensed hospice program in the home or in a hospice facility to terminally ill patients. Services include pain relief care and support services that address the needs of terminally ill members and their families without intent to cure.

Medical

Hospice services received from preferred and participating providers are covered at 100 percent of the allowed amount after you meet your medical deductible. The plan covers hospice care for terminally ill members for no more than six months. See page 41 for coverage of end-of-life counseling.

If you need hospice care, your provider will refer you to the program. For additional assistance, you may contact UMP Customer Service.

Respite care

Respite care is continuous care of more than four hours a day to give caretakers temporary relief from caring for a member who is homebound or in hospice. The plan covers these services at 100 percent of the allowed amount after you meet your medical deductible, up to 14 visits per the member's lifetime.

Death with Dignity

The Washington Death with Dignity Act allows terminally ill adults seeking to end their life to request lethal doses of prescription drugs. These terminally ill patients must be Washington residents who have less than six months to live. For more information about this Act, see chapter 70.245 RCW.

Care described under this Act includes services covered by UMP, subject to standard plan requirements.

If you have questions about medical services UMP covers, contact UMP Customer Service. If needed, UMP may assign a case manager to support you.

If your current provider is unable to meet your needs, or if you need assistance in finding a provider for these services, visit End of Life Washington's website at endoflifewa.org. End of Life Washington is a community resource available to support the public in finding available providers.

For more information about the Death with Dignity Act, visit:

- The Department of Health's website at doh.wa.gov/YouandYourFamily/IllnessandDisease/DeathwithDignityAct.
- The Washington State Hospital Association's website at wsha.org/for-patients/end-of-life/.

Hospital services

ALERT! Many services provided in a hospital setting require preauthorization, notice, or both. Failure to request or receive preauthorization, or to notify the plan, may result in complete denial of claims. See the "Limits on plan coverage" section for how preauthorization and notice work.

This benefit covers hospital accommodations and inpatient, outpatient, and ambulatory care services, supplies, equipment, and prescribed drugs to treat covered conditions. Room and board is limited to the hospital's average semiprivate room rate, except where a private room is determined to be medically necessary. Some services require preauthorization. Visit the UMP Policies that affect your care webpage for the list of these services, or contact UMP Customer Service. See Directory for link and contact information.

If you receive a higher-cost service or device at a hospital when a less expensive, medically appropriate option is available, you may have to pay the difference in cost. A preferred hospital cannot charge you for the difference in cost between the standard and higher-cost item (unless you agreed in writing to pay before receiving the services).

If benefits change under the plan while you are in the hospital (or any other facility as an inpatient), coverage is based on the benefit in effect when the stay began.

Inpatient

Services are considered "inpatient" when you are admitted as inpatient to a hospital. Your provider must notify the plan as soon as possible after you are admitted, but not later than 24 hours after you are admitted. You pay an inpatient copay at a preferred facility. See the "Copay" section for details.

Professional services — such as lab tests, surgery, or other services — may be billed separate from the hospital. The plan pays these services according to the network status of the provider, unless your condition is a medical emergency (see the "Emergency room" benefit for more information) or qualifies for the network rate as specified under the "Not all providers at a network hospital are network providers" section below. The plan pays for all covered professional services at the standard rate.

Private duty nursing furnished by a licensed home health agency may be substituted as an alternative to hospitalization only if:

- Inpatient hospitalization is medically necessary and would be covered by the plan;
- Private duty nursing is the most cost-effective setting (private duty nursing must be an equal or lesser cost compared to hospitalization); and
- The member's provider agrees that private duty nursing is medically appropriate and will adequately meet the member's needs.

Private duty nursing is shift-based, hourly nursing care at home for adults and children, typically with a chronic illness, injury, or disability.

Substitution of private duty nursing in lieu of inpatient hospitalization has the same requirements as the hospital benefit. For example, all deductibles and coinsurances apply.

Outpatient

Services are considered “outpatient” when you are not admitted to the hospital. Your cost depends on the services provided, such as lab tests, and the network status of the provider(s) involved in your care. You do not pay the inpatient copay for outpatient services. Some services require preauthorization. Visit the UMP Policies that affect your care webpage for the list of these services, or contact UMP Customer Service. See Directory for link and contact information.

Not all providers at a network hospital are network providers

Some providers who work in a network hospital or other network facility, including, but not limited to, anesthesiologists and emergency room doctors, may not be network providers.

When you receive nonemergency services at a network hospital, network hospital outpatient department, network critical access hospital, or network ambulatory surgical center in Washington State, you pay the network rate and cannot be balance billed regardless of the network status of the provider. For nonemergency services performed at one of these facilities outside of Washington State, you still pay the network rate, but in some states, an out-of-network provider may be allowed to ask you to waive some of your balance billing protections.

Infusion drug site of care program

If Medicare does not cover the infusion drug, this plan will be primary payor for covered services. In this case, infusion drugs in the site of care program require preauthorization by the plan before services are performed, or services will not be covered. Approved sites of care include standalone infusion sites, doctor's offices, home infusion and some outpatient hospital facilities. Your provider must submit a preauthorization request for an unapproved site of care. See the “Limits on plan coverage” section for preauthorization instructions.

Contact UMP Customer Service for the infusion drugs covered under the site of care program, more information, or help finding an approved site of care near you.

Knee arthroplasty, total

Covered services are paid at the standard rate. Computer navigated and unicompartmental knee arthroplasty for treatment of end-stage osteoarthritis and rheumatoid arthritis of the knee are covered only as follows:

- Total knee arthroplasty performed with computer navigation is covered.
- For individuals with unicompartmental disease, unicompartmental partial knee arthroplasty is covered.
- Multi-compartmental partial knee arthroplasty (including bicompartamental and bi-unicompartmental) is not covered.

Mammogram and Digital Breast Tomosynthesis (DBT)

Screening (preventive)

For members age 40 or older, with or without a clinical breast exam, the plan covers screening mammograms and Digital Breast Tomosynthesis (DBT) every year, and they are not subject to your medical deductible.

For members under age 40, the plan covers screening mammograms and DBT for members who are at an increased risk for breast cancer. A covered health care provider must order the service, and the claim must be billed with an “at risk” diagnosis to be covered under the preventive care benefit.

Note: Digital Breast Tomosynthesis (DBT) is only covered when you receive it along with a screening or a medically necessary diagnostic mammogram.

How much you will pay

For all members, services are covered at 100 percent of the allowed amount when they are screening or medically necessary diagnostic and supplemental breast examinations.

Massage therapy

The plan covers up to 24 visits per calendar year for massage therapy (no more than 90 minutes per visit). See the definition of “Limited benefit.” You pay the special rate (a \$15 copay, not subject to your medical deductible) for up to 24 massage therapy visits per calendar year for covered diagnoses when you see a preferred provider. The copay will not apply toward your medical deductible, but the copay will apply to the out-of-pocket limit. All visits will apply to the 24-visit limit.

You must have a prescription for massage therapy treatment from a covered provider type, such as a physician. The plan does not cover massage therapy when you see a participating or out-of-network provider.

ALERT! The plan only covers preferred massage therapists. To find a preferred massage therapist, use the UMP provider search or contact UMP Customer Service (see Directory for link and contact information).

Mastectomy and breast reconstruction

ALERT! See page 41 for coverage of breast reconstruction or mastectomy services related to gender affirming care.

You pay the standard rate for a mastectomy as treatment for disease, illness, or injury, as well as:

- Physical complications of all stages of a mastectomy.
- Prostheses.
- Reconstruction of the breast on which the mastectomy was performed.
- Surgery and reconstruction of the other breast to produce a symmetrical appearance.

Mental health

See the “Behavioral health” benefit.

Naturopathic physician services

While naturopaths are a covered provider type, naturopaths may recommend services that the plan does not cover. You will pay all costs for excluded and non-medically necessary services, even if your naturopathic physician recommends or prescribes them (see the “Medically necessary or medical necessity” definition for more information).

The plan does not cover herbal, homeopathic, or other dietary supplements (including vitamins and minerals), even if a covered provider type prescribes them.

Nurse line

UMP members have access to registered nurses by phone 24 hours a day, 7 days a week or by secure chat from 8 a.m. to 10 p.m. (Pacific) at no cost to you. Nurses provide immediate symptom assessment, health information, and advice. They can help you decide if you need to go to the emergency room, see a doctor either virtually or in-person, or care for your symptoms at home. UMP members can call the nurse line at 1-877-375-2599 (TRS: 711) or by signing into your Regence account for live and secure nurse chat.

Nutrition counseling and therapy

TIP: See the “Diabetes education” benefit for how these services are covered for members with diabetes.

The plan covers up to 12 visits per lifetime for nutrition counseling and therapy services. Similar services may be covered under the “Diabetes education” benefit and not be subject to the 12-visit limit.

Obstetric and newborn care

Pregnancy program

As an expectant parent, the program helps you manage your health throughout pregnancy and offers access to a nurse line, pregnancy support, and education 24 hours a day, 7 days a week. It also includes a smartphone application to help you track milestones, identify symptoms, access education, and get one-click access to the nurse line. To enroll in the program, call 1-888-569-2229 (TRS: 711) or sign in to your Regence account (see Directory for link). This program is covered at no cost to you.

Services for obstetric and newborn care

See the “Covered and noncovered provider types” section for providers whose services are covered by the plan. Covered professional services include:

- Amniocentesis and related genetic counseling and testing during pregnancy.
- Care of complications associated with pregnancy, including pregnancies resulting from fertility or infertility treatment.
- Prenatal and postnatal care.
- Prenatal testing (as stated in Washington Administrative Code [WAC] 246-680-020).
- Vaginal or cesarean delivery.
- Placement of IUD including immediately after delivery.

Note: Early elective deliveries may not be covered. See “Deliveries before 39 weeks gestation” below.

For inpatient hospital charges related to a childbirth, you:

- Meet your medical deductible.
- Pay the inpatient copay.
- Pay the coinsurance for professional services while hospitalized.

- Meet your medical deductible for the newborn. However, if only covered preventive care services (see page 50) are billed for the newborn, you will not meet the newborn's medical deductible, pay the inpatient copay, or pay the coinsurance when you see a preferred provider.

For hospitalization of the newborn, you will also pay a separate inpatient copay for the newborn.

Circumcision of the penis is covered as a medical benefit (subject to your medical deductible and coinsurance). Because this is not a preventive service, your out-of-pocket cost may include your newborn's medical deductible, coinsurance for professional provider services, and an inpatient copay for inpatient services.

Note: The Newborns' and Mother's Health Protection Act (NMHPA) requires a hospital length of stay in connection with childbirth for a mother or her newborn and may not restrict benefits for the stay to less than 48 hours following a vaginal delivery or 96 hours following a delivery by cesarean section.

A newborn dependent of a covered gestational parent is covered by the plan from birth to at least 21 days following birth. Even if the newborn is later enrolled in different coverage, the newborn will still be covered under the gestational parent's plan coverage for the first 21 days. Visit the HCA website at hca.wa.gov/erb for what you need to do for continued coverage.

If your obstetric care began while covered under another health plan, and your providers are not part of the UMP network, contact UMP Customer Service to discuss your options.

Deliveries before 39 weeks gestation

Vaginal or cesarean deliveries before 39 weeks of gestation are covered when the services are medically necessary. Examples include:

- A medical emergency affecting the member or baby.
- A medical condition of the member or baby for which a delivery is medically necessary.
- Labor begins naturally (without medical intervention) before the member reaches 39 weeks of gestation.

Vaginal or cesarean deliveries before 39 weeks of gestation are **not** covered when the services are:

- Scheduled for convenience and not for medical necessity or medical emergency affecting the member or baby.
- Neither the member nor baby have a medical condition for which immediate delivery is medically necessary.

Talk to your provider about whether early delivery is for a medically necessary reason. For questions about this policy, contact UMP Customer Service.

Services covered as preventive

The following services are covered as preventive (not subject to your medical deductible or coinsurance when you see a preferred provider):

- HIV counseling and testing.
- Purchase of manual and electric breast pumps for pregnant and nursing members, plus supplies included with the initial purchase. Hospital-grade pumps are not covered.
- Screening for diabetes during pregnancy.

Lactation (breastfeeding) counseling

Lactation counseling is covered at the preventive rate during pregnancy and after birth to support breastfeeding when members receive services by a covered provider type.

Note: Donor human milk from an approved milk bank for inpatient use may be covered when medically necessary.

Ultrasounds during pregnancy

The following limits do not apply to high-risk pregnancies. For example, a multiple pregnancy is considered high risk. Contact UMP Customer Service to learn what is covered for high-risk pregnancies.

Routine ultrasounds during pregnancy are covered as follows:

- One in week 13 or earlier
- One during weeks 13-28

Adding a new dependent to your coverage

For information about how to enroll new dependents in your health plan, refer to the Retiree Enrollment Guide on the HCA website at hca.wa.gov/employee-retiree-benefits/forms-and-publications. You can also refer to “Making changes” in the “Eligibility and Enrollment” section of this certificate of coverage for more information.

Office visits

The plan pays for office visits for covered conditions under the medical benefit. Preventive care visits with preferred providers as described under the definition of “Preventive care” are covered in full and are not subject to your medical deductible.

Orthognathic and Telegnathic surgery

Orthognathic and telegnathic surgery must be preauthorized by the plan. Contact UMP Customer Service if you have questions. See page 56 for treatment of temporomandibular joint (TMJ) disorder.

Pain and joint management, interventional

Interventional pain management is a medical subspecialty that treats pain with invasive interventions like injections, spinal cord stimulations, and implantable drug delivery systems. The purpose of interventional pain management is to help members have less pain, so they can return to normal activities, when possible.

Preauthorization is required for interventional pain and joint management, such as:

- Epidural injections
- Facet blocks
- Pain pumps
- Radiofrequency ablations
- Sacroiliac joint injections

Preauthorization is not required for post-procedural pain management in an inpatient setting, including, but not limited to, treating acute pain due to trauma, acute post-thoracotomy pain, and acute postoperative pain.

Preventive care

ALERT! This benefit covers **only** services that meet the requirements below. If you receive services during a preventive care visit that do not meet these requirements, or your provider bills your visit as medical treatment instead of a preventive service, the services are not covered as preventive. Instead, when medically necessary, they are covered under the standard rate.

Covered preventive care services are paid at the preventive rate. You do not have to meet your medical deductible before the plan pays the allowed amount for services covered under the preventive care benefit. When you see a preferred or participating provider for these services, you pay \$0. If you see an out-of-network provider, you pay 40 percent of the allowed amount, and the provider may balance bill you. If you do not have access to a preferred or participating provider for preventive care services, see the "When you do not have access to a preferred provider: network waiver" section for how to request a network waiver.

For a list of services covered as preventive, visit the HealthCare.gov website at [healthcare.gov/preventive-care-benefits](https://www.healthcare.gov/preventive-care-benefits). This site also features links to specific preventive services covered for members based on age and other risk factors. The plan may not cover recommendations added during the calendar year as preventive until later years. For a list of immunizations covered as preventive, see the "Covered immunizations" section below.

Examples of services covered under the preventive care benefit include:

- Certain radiology and lab tests, such as screening mammograms (see page 46).
- Certain screening tests performed during pregnancy (see page 49 for more on prenatal care).
- Hearing tests as part of a newborn screening.
- Immunizations as specified under "Covered immunizations" on page 52.
- Intensive behavioral counseling for adults who are overweight or obese and have additional cardiovascular disease risk factors.
- One-time screening by ultrasound for abdominal aortic aneurysm for men ages 65-75 who have ever smoked.
- Preventive vision acuity screening from birth through 18 years of age.
- Preventive visits such as well-baby care and annual physical exams.
- Routine screenings for adults.
- Screening for hepatitis B for adolescents and adults at high risk and those who are pregnant.
- Screening procedures, such as colonoscopy (see page 38 for coverage of colonoscopy performed to diagnose or treat disease or illness). If you have a screening and the provider diagnoses and treats a condition during the colonoscopy, services will be paid at the standard rate.

Note: Prostate cancer screening (prostate-specific antigen [PSA testing]) is not covered under the preventive care benefit but is covered as a medical benefit (subject to your medical deductible and coinsurance). For more information, see page 38.

ALERT! Follow-up visits or tests as a result of your preventive care visit are not covered under the preventive care benefit. If the plan normally covers the test or visit and it is medically necessary, it is covered under the medical benefit.

Contact UMP Customer Service to ask if a medical service is covered as preventive.

The following specific services are covered as preventive:

- Chlamydia and gonorrhea testing in sexually active women ages 24 and younger, and for women age 25 or older who are at increased risk for infection.

- Counseling and screening for HIV, counseling and screening for interpersonal and domestic violence, and counseling for sexually transmitted infections.
- Education and counseling regarding contraception.
- Human Papillomavirus (HPV) testing for women age 30 or older, once every three years.

For additional services covered as preventive, see the following benefits: "Family planning services," "Mammogram and Digital Breast Tomosynthesis (DBT)," and "Obstetric and newborn care."

Covered immunizations

You pay the standard rate for covered immunizations that are not considered preventive.

The plan covers immunizations listed on the Centers for Disease Control and Prevention (CDC) applicable immunization schedule (children, adolescents, adults) for U.S. residents. For a list of immunizations covered as preventive, visit the CDC website at cdc.gov/vaccines/imz-schedules/index.html or contact UMP Customer Service.

Some covered immunizations are classified as "may be recommended" by the CDC depending on medical condition or lifestyle. For those immunizations to be covered as preventive, you must meet the criteria specified on the CDC schedule.

Immunizations covered under the preventive rate are not subject to your medical deductible. Covered immunizations given by the providers listed under the "Where to get immunizations" section below are paid under the preventive care benefit. If you see an out-of-network provider for covered preventive immunizations, you pay 40 percent of the allowed amount and the provider may balance bill you. Covered flu shots and COVID-19 vaccines are paid at 100 percent regardless of the provider's network status. Flu shots and COVID-19 vaccines that are received from an excluded pharmacy will not be covered. See the definition of "Excluded Pharmacy."

TIP: The plan covers flu shots and COVID-19 vaccines listed on the applicable CDC immunization schedule. For a list of immunizations covered as preventive, find a link to the CDC immunization schedules at the CDC website at cdc.gov/vaccines/imz-schedules/index.html or contact UMP Customer Service.

Where to get immunizations

You pay \$0 for immunizations covered under the preventive care benefit when received from a:

- Preferred or participating provider
- Public health department

The plan does not cover immunizations for travel or employment, even when recommended by the CDC or required by travel regulations. **Exception:** COVID-19 vaccines are covered when required for employment.

TIP: If you get a vaccine from an out-of-network provider, submit your claim to Regence BlueShield as a medical claim (see the "Billing and payment: submitting a claim" section).

Radiology

Preauthorization is required for all non-emergency diagnostic imaging. Providers should obtain preauthorization before scheduling or performing any elective outpatient imaging service. Examples of imaging tests that require a preauthorization are:

- Computed tomography (CT)
- Computed tomography angiography (CTA)
- Magnetic resonance angiography (MRA)
- Magnetic resonance imaging (MRI)
- Myocardial perfusion imaging (MPI)
- Nuclear cardiology:
 - Blood pool imaging
 - First pass ventriculography
 - Infarct imaging
 - Multiple-gated acquisition (MUGA) scan
- Positron emission tomography (PET and PET-CT)

Second opinions

This benefit covers:

- **Second opinions you choose to get.** The plan covers these under the medical benefit, once you meet your medical deductible and pay the coinsurance.
- **Second opinions required by the plan.** The plan covers these at 100 percent (you do not have to meet your medical deductible or pay the coinsurance). If you do not get a second opinion when required by the plan, coverage for services may be denied.
- **Expert second opinion program.** This program, a treatment decision support service provided by 2nd.MD, offers members the opportunity to consult virtually with specialists. It also provides expert lead consultation and post-consultation follow-up support. To learn more, visit the 2nd.MD website at 2nd.md/ump or call 1-866-982-1434 (TRS: 711).

Skilled nursing facility

Skilled nursing facility services are paid at the inpatient rate. The plan must preauthorize services before you are admitted to a skilled nursing facility (see the "Limits on plan coverage" section). In addition, the facility must notify the plan within 24 hours of your admission (see page 67).

This benefit covers skilled nursing facility charges for services, supplies, and room and board, including charges for services such as general nursing care made in connection with room occupancy. The plan covers up to 150 days per calendar year. Room and board is limited to the skilled nursing facility's average semiprivate room rate, except where a private room is determined to be medically necessary.

The plan does not cover stays at a skilled nursing facility that are primarily convalescent or custodial in nature.

Private duty nursing furnished by a licensed home health agency may be substituted as an alternative to placement at a skilled nursing facility only if:

- Skilled nursing facility care is medically necessary, not primarily convalescent or custodial in nature, and would be covered by the plan;

- Private duty nursing is the most cost-effective setting (private duty nursing must be an equal or lesser cost compared to a nursing facility); and
- The member's provider agrees that private duty nursing is medically appropriate and will adequately meet the member's needs.

Private duty nursing is shift-based, hourly nursing care at home for adults and children, typically with a chronic illness, injury, or disability.

Substitution of private duty nursing in lieu of placement in a skilled nursing facility has the same requirements and limitations as the facility benefit. For example, all deductibles and coinsurances apply and the benefit is limited to the equivalent of a maximum of 150 skilled nursing facility days per calendar year.

Skilled nursing care limits

Medicare covers the first 100 days during a benefit period. A Medicare benefit period begins the day of hospital or skilled nursing facility admission and ends based on the time between hospital or skilled nursing facility admissions. There may be multiple benefit periods in a year. The benefit period ends when you have not received any inpatient hospital care or skilled care in a nursing facility for 60 days in a row. If you go into a hospital or skilled nursing facility after one benefit period has ended, a new benefit period begins. There is no limit to the number of benefit periods in a year.

If Medicare is your primary coverage, this plan covers your first 100 days in a skilled nursing facility as your secondary insurer. Those 100 days count against the 150-day calendar year maximum allowed by the plan.

After you have reached your Medicare maximum of 100 days, the plan covers an additional 50 days during the same calendar year if services are medically necessary and meet the plan's criteria for skilled nursing facility coverage.

Sleep therapy

Preauthorization is required for any facility-based diagnostic or titration study (free-standing or hospital), and for sleep treatment equipment and related supplies, such as:

- Initial treatment order and supplies (APAP, CPAP, BiPAP).
- In-lab sleep study (PSG, MSLT, MWT).
- Ongoing Treatment Order (APAP, CPAP, BiPAP).
- Titration study.

Exception

The following supplies do **not** require a preauthorization:

- Ongoing APAP supplies
- Ongoing BiPAP supplies
- Ongoing CPAP supplies

Locations where sleep therapy services are not covered

Sleep therapy services are not covered:

- In the emergency room
- At urgent-care facilities
- During inpatient hospitalization

Spinal and extremity manipulations

The plan covers up to 24 visits per calendar year for manipulations (adjustments) of the spine and extremities (arms and legs). See the definition of "Limited benefit."

You pay the special rate (a \$15 copay, not subject to your medical deductible) for up to 24 visits for spinal and extremity manipulations when you see a preferred provider. The copay will not apply toward your medical deductible, but the copay will apply to the out-of-pocket limit. All visits apply to the 24-visit limit.

You may receive an office visit (see the "Office visits" benefit for more details) and/or x-ray (see the "Diagnostic tests, laboratory, and x-rays" benefit for more details) at the time of your spinal and extremity manipulation service.

Note: For participating providers and out-of-network providers, services are paid at the standard rate up to 24 visits per calendar year.

Spinal injections

The plan must preauthorize some spinal injections (see the "Limits on plan coverage" section for how this works). The following therapeutic injections are covered for treatment of chronic pain:

- Cervical-thoracic epidural injections
- Lumbar epidural injections
- Sacroiliac joint injections

Note: See page 76 for a list of spinal injections that are not covered by the plan.

Spinal injections not specified in this section may be covered subject to the plan's medical policy. Contact UMP Customer Service for more information.

Spinal surgery

The plan must preauthorize inpatient and outpatient spinal surgery

Substance use disorder

See the "Behavioral health" benefit.

Surgery

Note: When you receive nonemergency services at a network hospital, network hospital outpatient department, network critical access hospital, or network ambulatory surgical center in Washington State, you pay the network rate and cannot be balance billed regardless of the network status of the provider. For nonemergency services performed at one of these facilities outside of Washington State, you still pay the network rate, but in some states, an out-of-network provider may be allowed to ask you to waive some of your balance billing protections.

You pay the standard rate for covered surgical services. The plan pays for covered surgical services according to the network status of the provider. The surgeon and other professional providers may bill separately from the facility.

Your provider must notify the plan when you are admitted for inpatient treatment and when you receive certain services. Some outpatient procedures require preauthorization. Find the list of services that require preauthorization on the UMP Policies that affect your care webpage. Contact UMP Customer Service if you have questions. See Directory for link and contact information.

If services are inpatient (see definition of "Inpatient stay"), you will also pay an inpatient copay for facility charges at a preferred facility.

The plan covers the following services as outpatient:

- Outpatient surgery at a hospital
- Short-stay obstetric (childbirth) services (released within 24 hours of admission)
- Surgery and procedures performed at an ambulatory surgery center

ALERT! All surgeries must follow the plan's coverage rules. We recommend that you contact UMP Customer Service before any procedure to ask if it is covered or requires preauthorization.

Temporomandibular joint (TMJ) disorder treatment

The plan covers diagnosis and medically necessary treatment of temporomandibular joint (TMJ) disorders, including surgery and non-surgical services. Treatment must follow the plan's medical policy and requires preauthorization. Treatment that is experimental or investigational, or primarily for cosmetic purposes, is not covered.

Therapy: Habilitative and Rehabilitative

Note: The total limit for therapies for inpatient habilitative and inpatient rehabilitative services is a combined limit of 60 days annually. The total limit for therapies for outpatient habilitative and outpatient rehabilitative services is a combined limit of 60 visits annually.

Habilitative (Neurodevelopmental) Services

The plan covers inpatient and outpatient habilitative (neurodevelopmental) services to assist a person to keep, learn, or improve skills and functioning for daily living. This could be related to issues such as:

- A congenital anomaly (such as cleft lip or palate).
- Conditions of developmental delay, including autism.

For the purposes of this benefit, developmental delay means a significant lag in achieving skills such as:

- Cognitive (thinking).
- Language (speech, reading, writing).
- Motor (crawling, walking, feeding oneself).
- Social (getting along with others).

You must have a prescription for occupational, physical, and speech therapy services from a covered provider type (see the "Covered and noncovered provider types" section), such as a physician.

Inpatient habilitative services

Preauthorization is required for inpatient habilitative admissions. The plan covers therapy services when they are provided during inpatient habilitative admission, up to 60 days combined per calendar year, counting all types of therapies listed here (see definition of "Limited benefit"). You must pay the inpatient copay and your coinsurance for inpatient services.

Outpatient habilitative services

The plan covers medically necessary outpatient occupational, physical, and speech therapy services up to 60 visits combined per calendar year, counting all types of therapies listed here (see definition of “Limited benefit”).

Rehabilitative Services

The plan covers inpatient and outpatient services to improve or restore function lost due to issues such as:

- An illness.
- An acute injury.
- Worsening or aggravation of a chronic injury.

You must have a prescription for occupational, physical, and speech therapy services from a covered provider type (see the “Covered and noncovered provider types” section), such as a physician.

Inpatient rehabilitation services

Preauthorization is required for inpatient rehabilitation admissions. The plan covers therapy services when they are provided during inpatient rehabilitation admission, up to 60 days combined per calendar year, counting all types of therapies listed here (see definition of “Limited benefit”). You must pay the inpatient copay and your coinsurance for inpatient services.

Outpatient rehabilitation services

The plan covers medically necessary outpatient neurodevelopmental, occupational, physical, and speech therapy services up to 60 visits combined per calendar year, counting all types of therapies listed here (see definition of “Limited benefit”).

Transplants

You must receive preauthorization from the plan for all transplants (except kidney and cornea). This benefit covers services related to transplants, including professional and facility fees for inpatient accommodation, diagnostic tests and exams, surgery, and follow-up care.

Donor coverage

If a UMP member receives an organ, eye, or tissue donation from a live donor, the plan pays the standard rate for the donor’s covered expenses as primary, regardless of any other coverage the donor may have. Covered donor expenses include costs to remove the donor’s organ and treat complications directly resulting from the donor’s surgery.

Urgent care

See the “Emergency room” benefit for care during a medical emergency.

If you need immediate care or need care when your usual provider is closed, and your situation is not a medical emergency, you may use urgent care facilities to receive care at a lower cost than an emergency room. You do not pay the emergency room copay for urgent care services. These services are paid at the standard rate, according to the provider’s network status. Visit the UMP provider search to find preferred urgent care facilities (see Directory for link).

Virtual care

Telemedicine services

Telemedicine is the delivery of health care services through audio and visual technology, allowing real-time communication between the member at the originating site and a provider for the purpose of diagnosis, consultation, or treatment. Telemedicine includes audio-only telemedicine. Telemedicine does not include the use of fax or email.

"Store and forward technology" is a term used for the transfer of a member's medical information from one health care provider to another at a distant site, which results in medical diagnosis and management of the covered person. The purpose of telemedicine and store and forward technology is diagnosis, consultation, or treatment of the member. It does not include the use of fax or email.

If you see a network provider, telemedicine services are paid at the network rate. If you see an out-of-network provider, telemedicine services are paid at the out-of-network rate.

The plan covers store and forward technology and telemedicine from authorized originating sites under the medical benefit if:

- The plan provides coverage for the service when provided in person by the provider;
- The service is medically necessary;
- The service is determined to be safely and effectively provided through telemedicine or store and forward technology according to generally accepted health care practices and standards;
- The technology used to provide the service meets the standards required by state and federal laws governing the privacy and security of protected health information; and
- The service is recognized as an essential health benefit under section 1302(b) of the federal Patient Protection and Affordable Care Act (PPACA) in effect on January 1, 2015.

If services are provided through store and forward technology, there must be an associated office visit between the covered person and the referring health care provider. The associated office visit may be in person or via telemedicine. For audio-only telemedicine, the member must have an established relationship with the provider.

The originating site (the member's physical location) for telemedicine services must be one of the following sites:

- Community mental health center
- Federally qualified health center
- Home or any location determined by the individual receiving the service
- Hospital
- Physician's or other health care provider's office
- Renal dialysis center (except independent renal dialysis center)
- Rural health clinic
- Skilled nursing facility

Any originating site, except home, may charge a facility fee for infrastructure and preparation of the member.

Telemedicine and store and forward technology are subject to all terms and conditions of the plan, including utilization review, preauthorization requirements, deductibles, and copay requirements. Services obtained from out-of-network providers will be reimbursed at the out-of-network rate.

The following are **not** covered by the plan:

- Email or fax transmissions between provider and member
- Home health monitoring
- Installation or maintenance of any telecommunication devices or systems
- Originating sites' professional fees

- Services that are not medically necessary
- Services that would not be covered if delivered in person
- Store and forward technology without an associated office visit between the covered member and the referring health care provider
- Telemedicine or store and forward services for services that are not recognized as essential health benefits under section 1302(b) of the PPACA in effect on January 1, 2015
- Telemedicine or store and forward services that cannot be safely and effectively provided through telemedicine or store and forward technology
- Telemedicine or store and forward services that use technology that does not meet state and federal requirements for privacy and security of protected health information
- Telemedicine visits originating from a location other than the specified originating sites

Doctor On Demand

Doctor On Demand is a virtual care service that gives you access to high quality virtual primary care, on-demand urgent care, and behavioral health providers 24 hours a day, 7 days a week. On-demand urgent care and behavioral health services are a good option to consider when you need medical attention, but not emergency room care. First-time primary care appointments can be scheduled within days, and you are able to choose a provider for an annual preventive exam and ongoing routine care. Doctor On Demand providers are board-certified, U.S.-based providers who are specifically trained in video medicine. Members can schedule or connect in minutes with doctors face-to-face through a smartphone, tablet, or computer via the Regence website or Doctor On Demand smartphone application. To learn more, visit the Telemedicine (virtual care) webpage at ump.regence.com/pebb/benefits/telemedicine.

Providers review a member's history and symptoms, perform a virtual exam, and recommend treatment, which may include prescription drugs and lab work. Doctor On Demand providers can treat most common health conditions, including, but not limited to:

- | | |
|---|------------------------------------|
| • Asthma. | • Migraines. |
| • Colds and allergies. | • Pink eye. |
| • Diabetes. | • Preventive exams. |
| • Eczema and acne. | • Primary care visits. |
| • Heartburn and indigestion. | • Urinary Tract Infections (UTIs). |
| • High blood pressure and high cholesterol. | |

A Doctor On Demand virtual care appointment is paid at the standard rate and you will know exactly how much it will cost before you start your visit. Doctor On Demand providers are considered preferred providers. An annual preventive exam with a Doctor On Demand primary care provider qualifies as your once a year preventive visit.

In certain circumstances, virtual appointments may not be appropriate for a member's needs. When this occurs, Doctor On Demand may redirect the member to an in-person care setting. Doctor On Demand does **not** include the use of audio-only telephone, fax, or email. For additional questions, contact UMP Customer Service.

Vision care (diseases and disorders of the eye)

You pay the standard rate under the medical benefit for treatment of diseases and disorders of the eye that are not part of a routine vision exam. Orthoptic therapy is not covered except for the diagnosis of strabismus, a muscle disorder of the eye. LASIK surgery is not covered.

Following cataract surgery, vision hardware (contact lenses or eyeglasses, including frames and prescription lenses) is covered as DME (see page 38). These services are paid at the standard rate.

Your routine vision benefits

Vision coverage is provided by UMP, in collaboration with Regence Choice Vision Plan administered by Vision Service Plan (VSP). Regence BlueShield administers benefits for the treatment of diseases and disorders of the eyes. VSP administers benefits for routine eye exams and hardware (prescription lenses, frames or prescription contact lenses) and provides claims administration for this plan.

When you have questions about treatment of diseases and disorders of the eyes contact UMP Customer Service. When you have questions about routine eye exams and hardware, call VSP Member Services at 1-844-299-3041 or hearing impaired members call (TTY) 1-800-428-4833.

See the Directory at the beginning of the COC for vision services contact information.

Finding a routine vision provider

Get the most out of your UMP vision benefits and save money with a Choice Network provider. As a UMP member, you may search for a Choice Network provider for preventive (routine) vision services through the VSP website by logging in to your VSP account or by selecting "Find a doctor," and using the advanced search option to select "Choice" for "Doctor network." You can also search by signing in to your Regence account, selecting "Find care," and selecting "Vision." See the Directory pages at the beginning of this booklet for links and contact information. Members under age 19 do not have out-of-network provider benefits.

- **Choice Network provider:** When you choose to see a Choice Network provider for covered preventive vision care, you pay \$0 of the allowed amount and the plan pays 100 percent of the allowed amount. Select a Choice Network provider who participates in the Premier Edge Promise Program to receive the best value for lenses and frames or contact lenses. VSP providers who participate in the Premier Edge Promise Program provide access to special offers and savings.
- **Out-of-network provider:** For members age 19 or older, out-of-network providers will cost you more. See the table below for more information. Members under age 19 do not have out-of-network benefits.

ALERT! This benefit covers only services that meet the requirements below. If you receive services during a comprehensive routine eye exam and your provider bills your visit as a medical treatment instead of as a routine service, the services are not covered as routine. Instead, when medically necessary, they may be covered under your medical benefits. See the "Vision care (diseases and disorders of the eye)" benefit for more information.

How the plan pays

This section explains how the plan pays for covered services. The explanation includes information about maximum benefits, covered services, and payment. The below VSP coverage table applies to adults and dependents age 19 or older.

Benefit	Frequency	Your cost with a Choice Network provider	Your cost with an out-of-network provider
Professional comprehensive routine eye exams	One per calendar year.	You pay \$0 of the allowed amount and the plan pays 100% of the allowed amount.	You pay 100% of billed charges. VSP will reimburse you up to \$45 when you submit a claim for a covered exam.
Frames	One every two calendar years.	You pay \$0 up to a \$200 frame allowance; or You pay \$0 up to a \$110 frame allowance for VSP approved wholesale/retail vendors.	You pay 100% of billed charges. VSP will reimburse you up to \$70 when you submit a claim for covered frames.
Lenses and enhancements	One set every two calendar years.	You pay \$0 for the following covered lenses and the plan pays 100% of the allowed amount: <ul style="list-style-type: none"> • Single vision lenses • Lined bifocal lenses • Standard progressive lenses • Lined trifocal lenses • Lenticular lenses Note: Lens enhancement is not covered except for impact-resistant coating for dependent children age 19 or older.	You pay 100% of billed charges. VSP will reimburse you up to the following amounts when you submit a claim for covered lenses: <ul style="list-style-type: none"> • \$30 single vision lenses • \$50 lined bifocal lenses • \$50 standard progressive lenses • \$65 lined trifocal lenses • \$100 lenticular lenses
Contacts	One set of contact lenses or disposable contact lenses up to the maximum allowance instead of frames and lenses every two calendar years.	You pay \$30 copay for a contact lens evaluation and fitting exam. You pay \$0 up to a \$200 contact allowance for elective contact lenses. You pay \$0 for necessary contact lenses. Note: You are still responsible for paying a \$30 copay for the contact lens evaluation and fitting exam.	You pay 100% of billed charges. VSP will reimburse you up to the following amounts when you submit a claim for contact lenses: <ul style="list-style-type: none"> • \$105 for elective contact lenses • \$210 for necessary contact lenses

Vision exam

You pay \$0 of the allowed amount and the plan pays 100 percent of the allowed amount when you see a Choice Network provider for one professional comprehensive routine eye examination with refraction or visual analysis per calendar year, including:

- Prescribing and ordering proper lenses;
- Verifying the accuracy of the finished lenses; and
- Progress or follow-up work as necessary.

When you see an out-of-network provider you pay 100 percent of the billed charges. VSP will reimburse you up to \$45 when you submit a claim for covered services.

Vision hardware

Lenses for glasses

You pay \$0 of the allowed amount and the plan pays 100 percent of the allowed amount once every two calendar years for one set of covered glass or plastic lenses:

- Single vision lenses
- Lined bifocal lenses
- Lined trifocal lenses
- Lenticular lenses
- Standard progressive lenses
- Lens enhancement covered for dependent children age 19 or older only:
 - Impact-resistant coating

When you see an out-of-network provider you pay 100 percent of the billed charges. When you submit a claim for covered lenses, VSP will reimburse you up to the following amounts:

- \$30 single vision lenses
- \$50 lined bifocal/standard progressive lenses
- \$65 lined trifocal lenses
- \$100 lenticular lenses

Frames

The plan covers one frame every two calendar years:

- When you see a Choice Network provider, the plan pays up to \$200. You pay any amount over \$200.
- When you see an out-of-network provider you pay 100 percent of the billed charges. VSP will reimburse you up to \$70 when you submit a claim.
- When you see a VSP approved wholesale/retail vendor the plan pays up to the VSP approved wholesale/retail limit of \$110. You pay any amount over \$110. VSP approved wholesale/retail vendors include both community-based providers, as well as national retail chains. For a list of wholesale/retail vendors, contact VSP Member Services at 1-844-299-3041 or hearing impaired members call (TTY) 1-800-428-4833.

Contact lenses

The plan covers elective contact lenses or necessary contact lenses in lieu of frames and lenses once every two calendar years.

- **Elective contact lenses** are contact lenses that are covered under the frame limit in lieu of coverage for eyeglasses.
- **Necessary contact lenses** are contact lenses that are prescribed by your provider for other than elective or cosmetic purposes. Necessary contact lenses are used to treat specific conditions for which contact lenses provide better visual correction.

When you see a Choice Network provider:

- The plan pays up to \$200 for elective contacts. **You pay a \$30 copay when you receive contact lens evaluation and fitting exam at the time of service.** You also pay any amount over \$200.
- The plan pays 100 percent of the allowed amount for necessary contact lenses. **You pay a \$30 copay when you receive contact lens evaluation and fitting exam at the time of service.**

When you see an out-of-network provider you pay 100 percent of the billed charges. When you submit a claim, VSP will reimburse you up to the following amounts:

- \$105 for elective contacts including any fitting/evaluation services
- \$210 for necessary contact lenses including any fitting/evaluation services

Low vision benefit

The plan covers low vision benefits when vision loss is sufficient enough to prevent reading and performing daily activities with standard corrective eyewear. If you fall within this category, you are entitled to professional services, as well as ophthalmic materials. These services and equipment are subject to the limitations stated below. Contact your Choice Network provider for more information.

You pay 25 percent of the allowed amount for covered supplemental aids. The plan pays 75 percent of the allowed amount for medically necessary supplemental aids provided by Choice Network providers and out-of-network providers. When you see an out-of-network provider for covered supplemental aids, you pay 100 percent of the billed charges. VSP will reimburse you up to 75 percent of the allowed amount when you submit a claim for covered aids.

The maximum low vision benefit available is \$1,000 (excluding your coinsurance) every two calendar years for supplemental examinations (testing) and supplemental aids combined when provided by Choice Network providers and out-of-network providers. There is a benefit maximum of two supplemental examinations (testing) and all supplemental aids combined.

Supplemental examinations (testing)

You may receive up to two medically necessary supplemental tests (complete low vision analysis and diagnosis), including a comprehensive examination of visual functions, and the prescription of corrective eyewear or low vision aids when noted by the provider every two calendar years. When you see a Choice Network provider, you pay \$0 and the plan pays 100 percent of the allowed amount. When you see an out-of-network provider you pay 100 percent of the billed charges. VSP will reimburse you up to \$125 when you submit a claim for covered services.

Supplemental aids

The plan pays for covered supplemental aids every two calendar years, which may include:

- Optical and non-optical aids; and
- Training on how to use the aids.

Children (under age 19) who have Medicare as their primary coverage

This section explains how the plan pays for covered services for children under age 19.

Vision exam

You pay \$0 of the allowed amount and the plan pays 100 percent of the allowed amount when you see a Choice Network provider for one professional comprehensive routine eye examination with refraction or visual analysis per calendar year, including:

- Prescribing and ordering proper lenses;
- Verifying the accuracy of the finished lenses; and

- Progress or follow-up work as necessary.

Vision hardware

Lenses for glasses

You pay \$0 of the allowed amount and the plan pays 100 percent of the allowed amount when you see a Choice Network provider once every calendar year for one set of covered glass or plastic lenses.

Frames

You pay \$0 of the allowed amount and the plan pays 100 percent of the allowed amount for one covered frame every calendar year when you see a Choice Network provider.

Contact lenses

- You pay \$0 of the allowed amount and the plan pays 100 percent of the allowed amount for elective contact lenses or necessary contact lenses in lieu of frames and lenses once every calendar year when you see a Choice Network provider.
- You pay \$0 and the plan pays 100 percent of the allowed amount for contact lens evaluation and fitting exam when you see a Choice Network provider.

Low vision benefit

ALERT! Out-of-network providers are not covered for any low vision services.

The plan covers low vision benefits when vision loss is sufficient enough to prevent reading and performing daily activities with standard corrective eyewear. If you fall within this category, you are entitled to professional services, as well as ophthalmic materials at no cost to you when the services are provided by a Choice Network provider. These services and equipment are subject to the limitations stated below. Contact your Choice Network provider for more information.

Supplemental examinations (testing)

You may receive up to two medically necessary supplemental tests (complete low vision analysis and diagnosis), including a comprehensive examination of visual functions, and the prescription of corrective eyewear or low vision aids when noted by the provider every two calendar years when you see a Choice Network provider.

Supplemental aids

The plan pays for covered supplemental aids every two calendar years, which may include:

- Optical and non-optical aids; and
- Training on how to use the aids.

Vision claims administration

This section explains how VSP administers claims.

How to submit a vision claim for reimbursement

When you visit a Choice Network provider, the doctor will submit the claim directly to VSP for payment.

If you are a member and are age 19 or older and you see an out-of-network provider, you pay 100 percent of the billed charges. You can submit the claim online or by mail. See the Directory pages at the beginning of this booklet for links and contact information.

When you submit a claim, attach an itemized receipt that includes the following information:

- Doctor's name or office name;
- Name of patient;
- Date of service; and
- Each service received and the amount paid.

Timely submitting of claims

You have 12 months from the date of service to submit your claim. If you do not submit your claim within 12 months of the date of service, it will be denied.

If you disagree with how your claim was processed, you may file a complaint or an appeal.

Vision complaints and appeals

How to submit a vision complaint

Complaints can be submitted through a written or verbal request. See the Directory pages at the beginning of this booklet for links and contact information.

How to submit a vision appeal

You have the right to appeal if:

- You do not agree with VSP's decision about your health care.
- VSP will not approve or give you care you feel it should cover.
- VSP is stopping care you feel you still need.

VSP normally has 30 days to process your appeal. In some cases, you have a right to an expedited appeal. You can get an expedited appeal if your health or ability to function could be seriously harmed by waiting 30 days for a standard appeal. If you ask for an expedited appeal, VSP will decide whether your request is approved. If not approved, your appeal will be processed in 30 days. If any doctor asks VSP to give you an expedited appeal, or supports your request for an expedited appeal, it must be given to you.

If you want to file an appeal which will be processed within 30 days, do the following:

File the request in writing with VSP. See the Directory pages at the beginning of this booklet for contact information. Your appeal request will be processed within 30 days from the date your request is received.

If you want to file an expedited appeal, which will be processed within 24 hours, do the following:

- File an oral or written request for an expedited appeal. Specifically state that "I am requesting an expedited appeal," or "I believe that my health could be seriously harmed by waiting 30 days for a normal appeal."
- To file a request orally, contact VSP Member Services. VSP will document the oral request in writing.

See the Directory pages at the beginning of this booklet for contact information.

Help with your appeal:

If you decide to appeal and want help with your appeal, you may have your doctor, a friend, lawyer, or someone else help you. There are several groups that can help you. If you are covered by Medicare, you may contact the Medicare Rights Center toll free at 1-888-466-9050 (TRS: 711). You may also contact the

National Institute on Aging at 1-800-222-2225 (TRS: 711) to request the phone number of your local Area Agency on Aging or Health Insurance Counseling and Assistance Program (HICAP).

Limits on plan coverage

If you receive a service that is not medically necessary, is experimental or investigational, is listed as an exclusion in the “What the plan does not cover” section, you are responsible for paying all associated charges.

Preauthorizing medical services

The plan must preauthorize some medical services and supplies to determine whether the service or supply meets the plan’s medical necessity criteria to be covered. **The fact that a service or supply is prescribed or furnished by a provider does not, by itself, make it a medically necessary covered service.** Preauthorization is not a guarantee of coverage.

A change after the plan has approved a preauthorization request — including, but not limited to, a change of provider or different/additional services — requires your provider to submit a new preauthorization request and for the plan to approve it.

If your preauthorization is denied, your provider may request a peer-to-peer review where they can talk to a Regence BlueShield provider about your condition prior to submitting an appeal. For more information contact UMP customer service.

Your preauthorization role

ALERT! Excluded, experimental, and investigational services do not require preauthorization because they are not covered by the plan. To confirm whether a service is covered, contact UMP Customer Service.

To be covered, some services, including, but not limited to, Applied Behavior Analysis (ABA) Therapy for members age 18 or older (see page 32) and bariatric surgery (see page 33), must be preauthorized before services are received. A preferred or participating provider may be required to request preauthorization before providing services. Contact UMP Customer Service to ask if a service requires preauthorization and how to submit a request.

An out-of-network provider is not obligated to obtain preauthorization for services that require a preauthorization because they do not have a contract with Regence. If an out-of-network provider does not obtain a required preauthorization in advance of the service, you will be responsible for all charges billed to you.

You are encouraged to request that an out-of-network provider preauthorize certain services on your behalf to determine medical necessity before the services are provided. They have the clinical details and technical billing information needed to submit a request.

You may be liable for all charges if you receive services that are determined to be not medically necessary, experimental or investigational, or not covered under this plan (see the “What the plan does not cover” section).

ALERT! See the “Complaint and appeal procedures” section for how to appeal denial of a preauthorization request before receiving services.

List of services and supplies requiring preauthorization or notice

For a list of services and supplies requiring preauthorization or notice:

- Visit the UMP Policies that affect your care webpage.
- Contact UMP Customer Service to request a printed list or ask questions.

See the Directory pages at the beginning of this booklet for links and contact information.

ALERT! The UMP preauthorization list is updated throughout the year. The fact that a service does not require preauthorization or notice does not guarantee coverage.

Notice for facility admissions

Your provider must notify the plan upon your admission to a facility for services requiring plan notice. You may find a list of services requiring plan notice by visiting the UMP Policies that affect your care webpage or contacting UMP Customer Service (see Directory for link and contact information). Facility admissions for which the plan is not notified may not be covered. Notice is usually done by the facility at the time you are admitted. Notice is not the same as preauthorization and many services require both.

What is the difference between preauthorization and notice?

ALERT! Many services, including, but not limited to, inpatient services, require both preauthorization and notice. Contact UMP Customer Service or talk to your provider if you have questions about services needing preauthorization or notice.

“Preauthorization” is plan approval for coverage of specific services, supplies, or prescription drugs before they are provided to the member. Preauthorization is usually requested by the provider performing the services. The plan sends either an approval or denial of coverage. Preauthorization is not a guarantee of coverage.

If the plan does not approve services that require preauthorization before services are received, the plan may deny coverage. The plan does not approve or deny preauthorization for services that are not on the UMP preauthorization list.

“Notice” means that your provider must contact the plan to let us know when you receive services. Notice is usually done by the facility when you are admitted.

ALERT! If the plan denies preauthorization and you receive those services anyway, you are responsible for the provider’s entire billed charge.

How long the plan has to make a decision

The plan will respond to standard preauthorization requests submitted by contracted providers within five days of receipt for non-electronic requests and within three days of receipt for electronic requests. For expedited preauthorization requests, the plan will respond within one to two days of receipt. If additional information is required, the plan will notify the provider within the timelines described in this section. You will also be notified of the decision.

If your provider believes that waiting for a decision under the standard preauthorization timeframe could place your life, health, or ability to regain maximum function in serious danger, they can request an expedited preauthorization request.

General information from UMP Customer Service

For services not requiring preauthorization, you may contact UMP Customer Service to ask if a particular service is generally covered by the plan, and for an estimate of how much you will pay. **The plan does not approve or deny preauthorization for services that are not on the UMP preauthorization list.**

Until a claim is submitted and reviewed, the plan cannot guarantee that your service will be covered or give you an exact amount you will pay out of pocket. This is because when a provider bills for a service, the plan pays for it based on procedure codes. Each code describes a service in some detail, and there are many codes for similar-sounding services. Your provider, not the plan, determines which of these codes is used on the submitted claim.

Alternative benefits

Alternative benefits mean benefits for services or supplies that are not otherwise covered as specified in this COC, but for which the plan may approve coverage after case management evaluation. The plan may cover alternative benefits through case management (see the “Care management” benefit) if the plan determines that alternative benefits are medically necessary and will result in overall reduced covered costs and improved quality of care.

Before alternative benefits are covered, the plan, you (or your legal representative), and, if required by the plan, your physician or other provider, must enter into a written agreement of the terms and conditions for payment. Alternative benefits are approved on a case-specific basis only. Approval of an alternative benefit applies to only the services and member listed in the written agreement. The rest of this COC remains in effect.

What the plan does not cover

TIP: If you have any questions about services the plan does not cover, contact UMP Customer Service or ArrayRx Customer Service.

This plan covers only the services and conditions specifically identified in this COC. Unless a service or condition fits into one of the specific benefit definitions, it is not covered. You may pay all costs associated with a noncovered service.

Here are some examples of common services and conditions that are not covered. Many others are also not covered — these are examples only, not a complete list. These examples are called exclusions, meaning these services are not covered, even if the services are medically necessary.

1. Activity Therapy. The following activity therapy services include, but are not limited to:
 - Aroma;
 - Creative arts;
 - Dance;
 - Equine or other animal-assisted;
 - Music;
 - Play;
 - Recreational or similar therapy; and
 - Sensory movement groups.
2. Air ambulance, if ground ambulance would serve the same purpose
3. Ambulance (all types), to move you to a facility closer to your home or for purposes that are not medically necessary
4. Assisted reproductive technologies, regardless of underlying condition or circumstance, including, but not limited to:
 - Infertility or fertility testing or treatment after initial diagnosis;
 - Complications resulting from infertility or fertility treatment;
 - Cryogenic or other preservation, storage and thawing (or comparable preparation) of egg, sperm, or embryo;
 - In Vitro Fertilization (IVF) and all related services and supplies (including all procedures involving selection of embryo for implantation);
 - Artificial insemination;
 - Other artificial means of conception; or
 - Any associated surgery, visits for infertility, prescription drugs, testing or supplies.
5. Autologous blood and platelet-rich plasma injections
6. Bariatric surgery using intragastric balloons.
7. Bone growth stimulators for:
 - Nonunion of skull, vertebrae, or tumor related
 - Ultrasonic stimulator – delayed fractures and concurrent use with another noninvasive stimulator.
8. Bone morphogenetic protein-7 (rhBMP-7) for use in lumbar fusion
9. Bronchial thermoplasty for asthma
10. Carotid artery stenting of intracranial arteries
11. Carotid intima media thickness testing
12. Catheter ablation for non-reentrant supraventricular tachycardia
13. Cervical spinal fusion for Degenerative Disc Disease for neck pain without evidence of radiculopathy or myelopathy

14. Complications arising directly from services that would not be covered by the plan during the current plan year. The plan will cover complications arising directly from services that a PEBB or SEBB plan covered for you in the past.
15. Corneal Refractive Therapy (CRT), also called Orthokeratology
16. Coronary or cardiac artery calcium scoring
17. Cosmetic services or supplies, including drugs and pharmaceuticals, unless part of the following care:
 - Reconstructive breast surgery following a mastectomy necessitated by disease, illness, or injury
 - Reconstructive surgery of a congenital anomaly, such as cleft lip or palate, to improve or restore function
18. Court-ordered care, unless determined by the plan to be medically necessary and otherwise covered
19. Custodial care (see definition on page 119)
20. Deep brain stimulation and transcranial direct current stimulation when used as nonpharmacological treatments for treatment-resistant depression
21. Dental care for the treatment of problems with teeth or gums, other than the specific covered dental services (see pages 36–37)
22. Dietary/food supplements, including, but not limited to:
 - Herbal supplements, dietary supplements, and homeopathic drugs
 - Infant or adult dietary formulas
 - Medical foods (except when prescribed for inborn errors of metabolism)
 - Minerals
 - Prescription or over-the-counter vitamins
23. Dietary programs
24. Discography for patients with chronic low back pain and lumbar degenerative disc disease. This does not apply to patients with the following conditions:
 - Degenerative disease associated with significant deformity
 - Fracture, tumor, infection, and inflammatory disease
 - Functional neurologic deficits (motor weakness or Electromyography [EMG] findings of radiculopathy)
 - Isthmic spondylolysis
 - Primary neurogenic claudication associated with stenosis
 - Radiculopathy
 - Spondylolisthesis greater than Grade 1
25. Drugs or medicines not covered by the plan.
26. Educational programs, except as described under the “Diabetes education” benefit.
27. Electrical Neural Stimulation (ENS), which includes Transcutaneous Electrical Nerve Stimulation (TENS) units, outside of medically supervised facility settings (e.g., in-home use).

- 28. Email consultations or e-visits, except as described under the telemedicine benefit.
- 29. Equipment not primarily intended to improve a medical condition or injury, including, but not limited to:
 - Air conditioners or air purifying systems
 - Arch supports
 - Communication aids
 - Elevators
 - Exercise equipment
 - Massage devices
 - Overbed tables
 - Residential accessibility modifications
 - Sanitary supplies
 - Telephone alert systems
 - Vision aids except when covered through VSP
 - Whirlpools, portable whirlpool pumps, or sauna baths
- 30. Erectile or sexual dysfunction treatment with drugs or pharmaceuticals
- 31. Experimental or investigational services, supplies, or drugs (see page 120)
- 32. Extracorporeal shock wave therapy for musculoskeletal conditions
- 33. Eye surgery to alter the refractive character of the cornea, such as radial keratotomy, photokeratectomy, or LASIK surgery
- 34. Facet neurotomy for headache
- 35. Facet neurotomy for thoracic spine
- 36. Fecal microbiota transplantation for treatment of inflammatory bowel disease
- 37. Fees, Taxes, and Interest, except as required by law, the following fees taxes, and interest are not covered:
 - Charges for shipping and handling, postage, interest, or finance charges that the provider might bill;
 - Excise, sales, or other taxes;
 - Surcharges;
 - Tariffs;
 - Duties;
 - Assessments; or
 - Other similar charges whether made by federal, state, or local government or by another entity
- 38. Foot care not related to diabetes: Toenail cutting; diagnosed corns and calluses treatment; or any other maintenance-related foot care
- 39. Functional neuroimaging for primary degenerative dementia or mild cognitive impairment
- 40. Gene expression profile testing for multiple myeloma or colon cancer
- 41. Headaches:
 - Treatment of chronic tension-type headache with Botox or acupuncture
 - Treatment of chronic migraine or chronic tension-type headache with massage, trigger point injections, transcranial magnetic stimulation, or manipulation/manual therapy (e.g., chiropractic services)

Note: For chronic migraines and tension-type headaches, see page 42

42. Hearing aid items:

- Over-the-counter hearing aids that are not prescribed, except for initial assessment, fitting, adjustment, auditory training, and ear molds as necessary to maintain an optimal fit
- Charges incurred after your plan coverage ends, unless you ordered the hearing aid before that date and it is delivered within 45 days after your coverage ended
- Extended warranties, or warranties not related to the initial purchase of the hearing aid(s)
- Purchase of replacement batteries or other ancillary equipment, except those covered under terms of the initial hearing aid purchase

The types of ancillary equipment not covered are:

- Alerting devices
- Assistive listening devices for FM/DM systems, receivers and transmitters
- Assistive listening devices for microphone transmitters
- Assistive listening devices for TDD machines
- Assistive listening devices for telephones
- Assistive listening devices for televisions (including amplifiers and caption decoders)
- Assistive listening devices for use with cochlear implants
- Assistive listening devices, supplies, and accessories not otherwise specified

43. Hip resurfacing

44. Hip surgery for treatment of Femoroacetabular Impingement (FAI) Syndrome

45. Home health care, except as described on page 43. The plan does not cover the following services:

- Housekeeping or meal services
- Care in any nursing home or convalescent facility
- Care provided by a family member

46. Hospital inpatient charges for non-essential services or features, such as:

- Admissions solely for diagnostic procedures that could be performed on an outpatient basis
- Personal or convenience items
- Reserved beds
- Services and devices that are not medically necessary (see definition on page 125)

47. Hyaluronic acid treatment for treatment of knee or hip osteoarthritis

48. Hyperbaric oxygen therapy treatment for:

- Chronic sensorineural hearing loss
- Brain injury including traumatic (TBI) and chronic brain injury
- Cerebral palsy
- Migraine or cluster headaches

- Multiple sclerosis
 - Non-healing venous, arterial, and pressure ulcers
 - Thermal burns
49. Imaging of the sinus for rhinosinusitis using x-ray or ultrasound
 50. Immunizations, physical exams and associated services (laboratory or similar tests) for the purpose of travel or employment, even if recommended by the CDC
 51. Implantable drug delivery systems (IDDS or infusion pumps) for chronic, non-cancer pain
 52. Incarceration: Services and supplies provided while confined in a prison or jail
 53. Knee arthroplasty: Multi-compartmental arthroplasty and partial knee arthroplasty (including bi-compartmental and bi-unicompartamental)
 54. Knee arthroscopy for osteoarthritis of the knee
 55. Labial frenotomy for breastfeeding difficulties
 56. Late fees, finance charges, or collections charges
 57. Learning disabilities treatment after diagnosis, except as covered under the following benefits:
 - "Applied Behavior Analysis (ABA) Therapy" on page 32;
 - "Therapy: Habilitative and Rehabilitative" on page 56;
 - When part of treating a mental health disorder; or
 - When part of treating a substance use disorder.
 58. Lumbar artificial disc replacement.
 59. Lumbar fusion for degenerative disc disease.
 60. Lumbar radiculopathy/sciatica surgery: Minimally invasive procedures that do not include laminectomy, laminotomy, or foraminotomy, including, but not limited to, energy ablation techniques, Automated Percutaneous Lumbar Discectomy (APLD), percutaneous laser, nucleoplasty, etc.
 61. Maintenance care (see definition on page 124).
 62. Manipulations of the spine or extremities, except as described under "Spinal and extremity manipulations" on page 55.
 63. Marriage, family, or other counseling or training services, except as provided to treat an individual member's neuropsychiatric, mental health, or substance use disorder.
 64. Massage therapy services when the massage therapist is not a preferred provider.
 65. Medicare-covered services or supplies delivered by a provider who does not offer services through Medicare, when Medicare is the member's primary coverage.
 66. Microprocessor-controlled lower limb prostheses (MCP) for the feet and ankle
 67. Migraine and tension-type headaches:
 - Treatment of chronic tension-type headache with Botox or acupuncture
 - Treatment of chronic migraine or chronic tension-type headache with massage, trigger point injections, transcranial magnetic stimulation, or manipulation/manual therapy (e.g., chiropractic services)

Note: For chronic migraines and tension-type headaches, see page 42

68. Missed appointment charges.
69. Negative pressure wound therapy in patients with contraindications referred to by the FDA Safety Communication dated February 24, 2011
70. Noncovered provider types: Services delivered by providers not listed as a covered provider type (see page 13)
71. Novocure (i.e., Optune) (tumor treating fields)
72. Orthoptic therapy except for the diagnosis of strabismus, a muscle disorder of the eye
73. Orthotics, foot or shoe: Items such as shoe inserts and other shoe modifications, except as specified on page 40
74. Out-of-network provider charges that are above the allowed amount
75. Peripheral nerve ablation, using any technique, to treat limb pain for adults and children, including for knee, hip, foot, or shoulder due to osteoarthritis or other conditions
76. Pharmacogenetic testing for patients being treated with oral anticoagulants
77. Pharmacogenomics testing for depression, mood disorders, psychosis, anxiety, attention deficit hyperactivity disorder (ADHD), and substance use disorder
78. Positron Emission Tomography (PET) scans for routine surveillance of lymphoma
79. Printing costs for medical records
80. Private duty nursing or continuous care in the member's home, except as described on pages 45 and 53
81. Proton beam therapy for individuals age 21 or older for conditions other than:
 - Brain/spinal
 - Esophageal
 - Head/neck
 - Hepatocellular carcinoma
 - Ocular
 - Skull-based
 - Other primary cancers where all other treatment options are contraindicated after review by a multidisciplinary tumor board
82. Provider administrative fees: Any charges for completing forms, copying records, or finance charges, except for records requested by the plan to perform retrospective (i.e., post-payment) review
83. Repetitive transcranial magnetic stimulation for tinnitus
84. Replacement of lost, stolen, or damaged durable medical equipment (DME)
85. Residential treatment programs offered at facilities that do not meet the definition of Residential Treatment Facility (see definition of "Residential treatment facility")
86. Reversal of voluntary sterilization (vasectomy, tubal ligation, or similar procedures)
87. Riot, rebellion, and illegal acts: Services and supplies for treatment of an illness, injury, or condition caused by a member's voluntary participation in a riot, armed invasion or aggression, insurrection or rebellion, or sustained by a member arising directly from an act deemed illegal by a court of law

88. Routine ultrasounds during pregnancy, except one in week 13 or earlier, one during weeks 13-28, or high-risk pregnancies (see description on page 50)
89. "Routine vision exams, vision hardware, and vision or orthoptic therapy except as described under "Vision Care (diseases and disorders of the eye)" on page 59"
90. Sacroiliac joint fusion: Minimally invasive and open sacroiliac joint fusion procedures in adults, age 18 or older, with chronic sacroiliac joint pain related to degenerative sacroiliitis and/or sacroiliac joint dysfunction.
91. Screening and monitoring tests for osteopenia/osteoporosis:
 - Once treatment for osteoporosis has begun, serial monitoring is not covered
 - Development of a fragility fracture alone is not a covered indication
92. Separate charges for records or reports
93. Service animals: Any expenses related to a service animal
94. Services covered by other insurance, including, but not limited to:
 - Automobile no-fault
 - Commercial premises
 - General no-fault
 - Homeowner's
 - Medical payments (Med-Pay)
 - Motor vehicle
 - Personal injury protection (PIP)
 - Renter's
 - Underinsured or uninsured motorist

See page 94 for more about how this works.
95. Services delivered by providers or facilities delivering services outside the scope of their licenses
96. Services or supplies:
 - For which no charge is made, or for which a charge would not have been made if you had no health care coverage
 - For which you are not obligated to pay
 - Provided by a resident physician or intern acting in that capacity
 - Provided by someone in the member's family or household
 - That are not medically necessary for the diagnosis and treatment of injury or illness or restoration of physiological functions and are not covered as preventive care. This applies even if services are prescribed, recommended, or approved by your provider.
 - That are solely for comfort
97. Services performed during a noncovered service
98. Services performed primarily to ensure the success of a noncovered service, including, but not limited to, a hiatal hernia repair done to ensure the success of a noncovered laparoscopic adjustable gastric banding surgery
99. Services supplemental to digital mammography. When performed supplementary to digital mammography for screening purposes for members with or without dense breasts, the following procedures are not covered:
 - Non-high-risk patients:
 - Automated Breast Ultrasound (ABUS)

- Handheld Ultrasound (HHUS)
- Magnetic Resonance Imaging (MRI)
- High-risk patients:
 - Automated breast ultrasound (ABUS)
 - Handheld Ultrasound (HHUS)
 - Magnetic Resonance Imaging (MRI) less than 11 months after a prior screening
- 100. Services, supplies, or drugs related to occupational injury or illness (see page 93)
- 101. Services, supplies, or items that require preauthorization unless the request is:
 - Approved by the plan
 - Supported by medical justification from a clinician other than the member or the family of a member
- 102. Skilled nursing facility services or confinement:
 - When primary use of the facility is as a place of residence
 - When treatment is primarily custodial
- 103. Sleep apnea diagnosis and treatment as indicated in referenced Medicare national and local coverage determinations
- 104. Sleep therapy services performed at the following locations are not covered:
 - Emergency room services
 - Inpatient hospitalization
 - Urgent-care facilities
- 105. Sound therapies for treatment of tinnitus, including, but not limited to:
 - Masking devices (sound maskers)
 - Altered auditory stimuli
 - Auditory attention training
- 106. Spinal cord stimulation for treatment of complex regional pain syndrome, or when any of the following are present:
 - Life expectancy less than one (1) year
 - Hemoglobin A1C (HbA1C) > 10 (for PDN)
 - Body mass index (BMI) > 45
 - Maximum daily morphine milligram equivalent (MME) ≥ 120
 - Concurrent, untreated, substance use disorder (including alcohol, prescription or illicit drugs) per American Society of Addiction Medicine (ASAM) guidelines
 - Active, substantial chronic pain in other regions that have required treatment in the past year
 - Related or pending worker's compensation claim (for FBSS and NSRBP)
 - Pending or existing litigation for the condition being treated with SCS
- 107. Spinal injections, therapeutic (except as described under "Spinal injections" on page 55) of the following types:
 - Facet injections

- Intradiscal injections
 - Medial branch nerve block injections
108. Spinal surgical procedures known as vertebroplasty, kyphoplasty, and sacroplasty
109. Stem cell therapies for musculoskeletal conditions
110. Stereotactic body radiation therapy for the treatment of primary tumor of the following cancer types:
- Bone
 - Head and neck
 - Adrenal
 - Melanoma
 - Merkel cell
 - Breast
 - Ovarian
 - Cervical
111. Stereotactic radiation surgery for conditions other than central nervous system primary and metastatic tumors
112. Subscription, membership, and access-related fees. Fees for accessing care, treatment, or advice are not covered, whether the access is for virtual or in-person care. Excluded fees include but are not limited to:
- Concierge fees;
 - Subscription fees
 - Membership fees
 - Retainer fees
 - VIP or priority access fees; and
 - Any other access-related fees
113. Surrogacy
114. Telephone or virtual consultations or appointments, except as described under "Telemedicine services" on page 57
115. The following treatments for chondral defects are not covered for:
- Any Joint:
 - Autologous matrix-induced chondrogenesis (AMIC)
 - Cell-free implants
 - Uncorrected malalignment or ligamentous deficiency (unless a corrective procedure is performed prior to or simultaneously)
 - Any joint except the knee:
 - Matrix-induced autologous chondrocyte implantation (MACI)
 - Osteochondral allograft transplantation (OCA)
 - Osteochondral autologous transplantation (OATS)
116. Tinnitus specific therapies including, but not limited to:

- Tinnitus retraining therapy (TRT)
 - Neuromonics tinnitus treatment (NTT)
 - Tinnitus activities treatment (TAT)
 - Tinnitus-masking counseling
117. Transcranial Magnetic Stimulation (TMS) for treatment of:
- Generalized anxiety disorder (GAD)
 - Obsessive-compulsive disorder (OCD)
 - Posttraumatic stress disorder (PTSD)
 - Smoking cessation
 - Substance use disorder (SUD)
118. Transcutaneous vagal nerve stimulation (does not include or apply to support of previous implanted VNS)
119. Transcutaneous vagal nerve stimulation for epilepsy or depression
120. Travel, transportation, and lodging expenses, except as specified for ambulance services covered by the plan (see page 31)
121. Treatment of varicose veins with Endovenous Laser Ablation (EVLA), Radiofrequency Ablation (RFA), Sclerotherapy, and Phlebectomy in patients with pregnancy, active infection, peripheral arterial disease, or deep vein thrombosis (DVT)
122. Upright magnetic resonance imaging (uMRI), also known as “positional,” “weight-bearing” (partial or full), or “axial loading”
123. Vagal nerve stimulation (VNS) for treatment-resistant depression
124. Vagal nerve stimulation (VNS) for the treatment of depression (does not include or apply to support of previously implanted VNS)
- Vision services and supplies, as specified below:
 - Vision hardware replacements, such as lost, stolen or broken lenses and/or frames.
 - Certain contact lens expenses:
 - Artistically-painted or non-prescription contact lenses;
 - Contact lens modification, polishing or cleaning;
 - Refitting of contact lenses after the initial (90-day) fitting period;
 - Additional office visits associated with contact lens pathology; and
 - Contact lens insurance policies or service agreements.
 - Corrective vision treatment of an experimental or investigational nature:
 - The VSP benefits do not cover investigational or experimental treatments or procedures (health interventions), services, supplies, and accommodations provided in connection with health interventions.
 - Lens enhancements: The VSP benefits do not cover lens enhancements, including, but not limited to:
 - Anti-reflective coating;
 - Color coating;
 - Mirror coating;
 - Scratch-resistant coating;*

- Blended lenses;
- Cosmetic lenses;
- Laminated lenses;
- Oversize lenses;
- Premium and custom progressive multifocal lenses;
- Photochromic lenses;
- Tinted lenses, except Pink #1 and Pink #2;
- UV (ultraviolet) protected lenses;* and
- Impact-resistant coating.*

*These lens enhancements are covered for children under age 19 when received from a Choice Network provider. Impact-resistant coating is also covered for dependent children age 19 or older.

Medical or surgical treatment of the eyes.

- Vision services and supplies that are not medically necessary:
- Plano lenses (less than a $\pm .50$ diopter power).
- Two pair of glasses instead of bifocals.
- Services and/or materials not described as covered under your routine vision benefit.

125. Vitamin D screening and testing as part of routine screening

126. Weight control, weight loss, and obesity treatment:

- Non-surgical: Any program, drugs, services, or supplies for weight control, weight loss, or obesity treatment. Exercise or diet programs (formal or informal), exercise equipment, or travel expenses relating to non-surgical or surgical services are not covered. Such treatment is not covered even if prescribed by a provider, except as covered under "Bariatric surgery" (see page 33), "Nutrition counseling and therapy" (see page 48), or "Preventive care" (see page 50).
- Surgical: Any bariatric surgery procedure, any other surgery for obesity or morbid obesity, and any related medical services, drugs, or supplies, except when approved by preauthorization review.

127. Whole exome sequencing for:

- Uncomplicated autism spectrum disorder, developmental delay, mild to moderate global developmental delay.
- Other circumstances (e.g. environmental exposures, injury, infection) that reasonably explain the constellation of symptoms.
- Carrier testing for "at risk" relatives.
- Prenatal or pre-implantation testing.

128. Whole Genome Sequencing for:

- Carrier testing for "at risk" relatives.
- Prenatal or pre-implantation testing

129. Workers' compensation: When a claim for workers' compensation is accepted, all services related to that injury or illness are not covered, even if some services are denied by workers' compensation

If you have questions about whether a certain service or supply is covered, contact UMP Customer Service.

Coordination of Benefits

Coordination of benefits (COB) happens when you have health coverage through two or more health plans, and these two health plans both pay a portion of your health care claims.

ALERT! If Medicare pays for services that have benefit limits on the UMP plan, those services will apply to the UMP benefit limit.

How Medicare and UMP Classic Medicare with Part D (PDP) work together

ALERT! When services are covered by Medicare, you must see providers who accept Medicare for the services to be covered by Medicare and this plan.

Because Medicare pays first, a few rules apply to Medicare members. This section tells you about these rules, including:

- How this plan and Medicare work together.
- What this plan covers that Medicare does not cover.
- What your choices for providers are.
- How billing works.
- Where to go for more information.

To enroll in this plan, you and your eligible dependents who are eligible for Medicare are required to enroll in Medicare Part A and Part B. Be sure to tell Medicare you are enrolled in UMP so that they send us your claims after Medicare processes them.

When Medicare pays first, and this plan pays second

UMP and Medicare are two separate health plans that work together to pay for covered services and supplies. Here is how coordination of benefits works:

- Your providers bill Medicare. Medicare pays your claims first. After Medicare processes the claim, Medicare sends the claim to UMP.
- UMP pays your claims second. For most covered services, UMP pays the rest of the Medicare allowed amount and you owe \$0.

Each calendar year, you must meet your UMP medical deductible before UMP starts paying benefits. If you receive more covered services during the same calendar year, you may be reimbursed for at least some of your UMP deductible. That reimbursement will come from the COB savings. This savings is the part of your UMP benefit saved because Medicare pays part of your claims. See the “Why you might get a COB savings check from UMP” section.

Note: Services apply to the UMP medical deductible in the order claims are received and processed, not necessarily in the order the member receives the services.

Paying your UMP and Medicare deductibles

If you meet your UMP deductible, you do not pay both the Medicare Part B and your UMP deductible. Your Part B deductible is a part of the same total calendar year expenses processed by UMP. An example is below. This example assumes you received care from a provider who accepts Medicare (has not “opted out” of Medicare) anywhere in the U.S.

Benefit calculation	Amount
Medicare allowed amount	\$600
Medicare deductible	\$183
Subtract Medicare deductible from allowed amount: $\$600 - \$183 =$	\$417
Medicare pays 80% of this amount $(0.80 \times \$417) =$	\$333.60
Balance remaining after Medicare pays: $\$600 - \$333.60 =$	\$266.40
UMP allowed amount	\$600
UMP deductible	\$250
Subtract UMP deductible from allowed amount: $\$600 - \$250 =$	\$350
Normal UMP benefit (85% of this amount) $(0.85 \times \\$350) =$	\$297.50
Since the UMP benefit available (dollar amount) is greater than the balance, UMP pays the balance remaining after Medicare pays:	\$266.40
The difference between the normal UMP benefit and the amount UMP paid is:	\$31.10
This amount is considered “COB savings” (see page 83).	

Note: This is an example only and may not apply to your specific situation.

Example of COB when Medicare pays first and UMP pays second

Below is an example to show how the COB process works after you have met your UMP medical deductible and Medicare deductible. This example assumes you received care from a provider who accepts Medicare (has not “opted out” of Medicare) anywhere in the U.S.

Benefit calculation	Amount
Provider’s billed charge	\$300
Medicare allowed amount	\$100
Medicare pays	\$80 (80% of \$100)
Remaining amount	\$20
UMP allowed amount	\$100
UMP normal benefit	\$85 (85% of \$100)
UMP pays	\$20
You pay	\$0
COB savings accrued	\$65 $(\$85 - \$20 = \$65)$

The \$65 of the normal UMP benefit not paid on this claim is tracked as part of your COB savings. That excess benefit may be used to reimburse you directly for your UMP medical deductible met earlier in the same year or used to pay more on a service covered by UMP but not covered by Medicare. See the “Why you might get a COB savings check from UMP” section.

In this example, you owe \$0 because the provider accepts Medicare. You may still have to pay coinsurance and deductible amounts when you have not fully met your Medicare deductibles, or when Medicare does not cover a service.

If this plan covers a service or supply not covered by Medicare, then the benefit will be the normal UMP benefit plus any COB savings you may have accrued in the same calendar year, up to allowed amount for the claim.

If a provider does not bill Medicare for services covered by Medicare, this plan may not cover services. Medicare accepts claims from members only under certain circumstances, and UMP processes claims for services covered by Medicare only after Medicare has processed them. See the “What UMP covers that Medicare does not” section below for exceptions. Ask your provider if they bill Medicare.

Diabetes care supplies when Medicare pays first

Medicare pays claims for some diabetes care supplies under the Part B medical benefit. As a result, this plan pays the claim under the DME benefit. This means you will have to meet your medical deductible before this plan begins to pay on diabetes care supplies claims, then this plan pays its share based on medical benefit coinsurance (85 percent of the allowed amount for providers that accept Medicare).

See also the “Diabetes care supplies” benefit for more information.

What this plan covers that Medicare does not

ALERT: Services listed below are paid at the standard rate. You will pay more if you use out-of-network providers for these services.

This plan covers some services that Medicare does not cover. For these services, it does not matter if the provider accepts Medicare, because Medicare does not cover the service. You will receive the highest level of benefit if you choose a preferred provider.

Services listed below are not covered by Medicare, but they are covered by this plan. Out-of-network providers may balance bill you.

Services not covered by Medicare Part A or Part B include, but are not limited to:

- Hearing aids.
- Hearing exams for getting a hearing aid.
- Massage therapy (a massage therapist must be a preferred provider).
- Naturopathic medicine.
- Routine vision exams and hardware. (Medicare covers medical vision exams and vision hardware following cataract surgery.)
- Services outside of the U.S. (see the “Services received outside the United States” section for details).
- Wigs for cancer patients (see page 39).

If you see a preferred provider, they will submit the claim for you. For out-of-network providers, check if the provider will submit the claim. If not, you will need to send a claim to UMP Classic Medicare with Part D (PDP) “Billing and payment: submitting a claim” section.

When to see a preferred provider

ALERT: Preferred providers do not necessarily accept Medicare. You should always ask.

To find preferred providers outside the U.S., see page 18.

Type of service	Higher benefits with UMP preferred provider?	Important information
Services covered by Medicare	No	You should see a provider who accepts Medicare. See “When providers do not accept Medicare” on page 83 to learn why this is important.
Services covered by this plan but not by Medicare	Yes	See “What this plan covers that Medicare does not” starting on page 82 to see which services apply. Use the provider search on the UMP website (see Directory for link) or contact UMP Customer Service to find a preferred provider.
Massage therapy	Yes	The plan pays for massage therapy services only when the provider is preferred.

When providers do not accept Medicare

When services are covered by Medicare, you must see providers who accept Medicare for the services to be covered by Medicare and this plan. If your provider is not contracted with Medicare or has chosen to “opt out” of participating in Medicare, this plan will not cover services by that provider, even if the provider is in the Regence or Blue Card network (preferred). Providers that opt out of Medicare are supposed to have you sign a private contract before providing services, but you are responsible for all costs even if you did not sign a contract.

When you pay: How billing works

Most of the time, you pay only **after** both Medicare and UMP Classic Medicare with Part D (PDP) have processed your claim. Here is how it typically works:

1. Your provider bills Medicare.
2. Medicare processes the claim and sends you a Medicare Summary Notice (MSN). An MSN may also be called an Explanation of Medicare Benefits (EOMB). The MSN tells you how much Medicare paid on your claim.
3. Medicare then sends the claim to UMP for processing. You do not need to submit a claim form or other paperwork to UMP.
4. UMP processes the claim and sends you an Explanation of Benefits (EOB). The EOB tells you how much UMP and Medicare paid, plus how much you owe the provider.
5. You receive a bill from your provider for any remaining amount due. To confirm that the provider has credited your account with both Medicare and UMP payments:
 - Note the allowed amount on the Medicare MSN.
 - Subtract both Medicare’s and UMP’s payments from that amount. This should match the bill from your provider.

6. You pay your provider the amount due, if any. After you've met both your Medicare and UMP deductibles, you will not pay anything for most claims.

If you have not received any paperwork on a health care service within three months, contact your provider's billing office and ask if they have sent the claim. Neither Medicare nor UMP may process a claim they have not received.

Why you might get a COB savings check from UMP

At the beginning of the year, you must first satisfy your Medicare and UMP deductibles to receive coordination of benefits (COB) savings. Once you have satisfied these deductibles in full and receive more health care services during the year, UMP usually pays less than its normal benefit when it is a secondary payer to Medicare. The difference between what this plan pays as the secondary plan and what this plan would have paid had it been the primary payer, is your COB savings.

UMP keeps track of how much you've paid out of pocket during the year. If your Medicare coverage generates COB savings, we may send you a "COB savings check" to pay you back for the out-of-pocket expenses you paid earlier in the year. UMP does not reimburse you for more than you paid out of pocket. See the "How UMP and Medicare work together" section for examples.

Prescription drugs and supplies covered under the medical benefit

When prescription drugs or supplies covered under Medicare Part B, they are paid as medical benefit. When paying secondary to Medicare Part B, UMP also pays under the medical benefit. Therefore, these charges are subject to your medical deductible.

Note: Medicare Part B quantity restrictions may apply.

Medicare accepts claims only from providers, not from individuals. If Medicare covers a prescription drug or supply and the provider does not send the claim to Medicare first for payment, UMP will deny the claim.

Where to go for more information

See the Directory at the beginning of this booklet for links and contact information.

Billing and payment: submitting a claim

Submitting a claim for medical services

When UMP is your primary insurance and your provider is preferred, or participating, you do not need to submit claims. The provider will do it for you. If you have a question about whether your provider's office has submitted a claim, sign in to your Regence account or contact UMP Customer Service (see Directory for links and contact information). See the "Submitting a Blue Cross Blue Shield Global® Core claim" section on page 17 for instructions on submitting a claim for services received outside of the United States.

TIP: In the following section, Uniform Medical Plan (UMP) refers to the administrative functions for submitting claims to UMP. Regence BlueShield handles medical claims,

When you need to submit a claim

You may need to submit a claim to UMP for payment if:

- You receive services from an out-of-network provider.
- Medicare does not cover the service

Out-of-network providers may submit a claim on your behalf. Ask your provider.

How to submit a claim

To submit a claim yourself, you may sign in to your Regence account and go to the Submit claim webpage at regence.com/member/submit-claim/ or you may complete a medical claim form and mail the following documents:

- UMP (Regence) Medical Claim Form — You may find the form by visiting forms and publications at hca.wa.gov/ump-forms-pubs or you may request a form by contacting UMP Customer Service.
- An itemized bill from your provider that describes the services you received and the charges.

The following information must appear on the provider's itemized bill for the plan to consider the claim for payment:

- Member's name and member ID number, including the alpha prefix (three letters and the 'W' before member ID number)
- Procedure and diagnosis code(s) or description of the injury or illness

- Date and type of service
- Provider's name, address, phone number, and National Provider Identifier (NPI) or Tax ID number
- For ambulance claims, also include the ZIP code of where the member was picked up and where they were taken

If UMP is secondary, you must include a copy of your primary plan's Explanation of Benefits, which lists the services covered and how much the other plan paid. You should wait until the primary plan has paid to submit a secondary claim to UMP, unless the primary plan's processing of the claim is delayed. Claims not submitted to UMP within 12 months of the date of service will not be paid.

If we must request additional information, the processing of your claim may be delayed.

Note: Be sure to make copies of your documents for your records.

Mail both the claim form and the provider's claim document (or bill) to:

Regence BlueShield
Attn: UMP Claims
PO Box 1106
Lewiston, ID 83501-1106

Or you can fax documents to Regence at 1-877-357-3418.

The plan may send reimbursement for services received from an out-of-network provider to the provider or to you in the form of a check listing both you and the provider as payees. If you paid up front for services, proof of payment may be required. Contact UMP Customer Service if you have a question about the processing of your claim or for information on what is acceptable as proof of payment.

Important information about submitting claims

ALERT! Out-of-network claim submissions must be submitted within 12 months of the date you received health care services. This is called the "timely submitting" deadline. The plan will not pay claims submitted more than 12 months after the date of service.

For information about submitting claims for services outside of the U.S., contact UMP Customer Service. You may have to pay services upfront and submit a claim for reimbursement.

If you have other health care coverage, see the "Coordination of Benefits" section for information on how the plan coordinates benefits with other plans.

Services apply to your UMP medical deductible in the order claims are received and processed, not necessarily in the order the member receives services.

Claims reimbursement

Most of the time, the plan will pay preferred or participating providers directly. For claims submitted by you or an out-of-network provider, the plan will determine whether to pay you, the provider, or both. For a child covered by a legal qualified medical child support order the plan may pay the child's custodial parent or legal guardian.

Claims determinations

The plan will notify you of action taken on a claim within 30 days of the plan receiving it. This 30-day period may be extended by 15 days when action cannot be taken on the claim due to:

- Circumstances beyond the plan's control. Notice will include an explanation why an extension is needed and when the plan expects to act on the claim.
- Lack of information. The plan will notify you within the 30-day period that an extension is necessary, with a description of the information needed and why it is needed.

TIP: If you get a vaccine from an out-of-network provider, make sure that you submit your claim to Regence BlueShield as a medical claim (see the "Submitting a claim for medical services" section).

False claims or statements

Neither you nor your provider (or any person acting for you or your provider) may submit a claim for services or supplies that were not received, were resold to another party, or for which you are not expected to pay.

In addition, neither you nor any person acting for you may make any false or incomplete statements or any false claims on any document for your plan coverage.

The plan may recover any payments or overpayments made because of a false claim or false statement by withholding future claim payments, by suing you, or by other means. False claims may also be crimes.

If you represent yourself as being enrolled in this plan when you are not, the plan will deny all claims.

If the plan asks you for more information, you will be allowed at least 45 days to provide it. If the plan does not receive the information requested within the time allowed, the plan will deny the claim.

Complaint and appeal procedures

ALERT! In the following section, UMP refers to the administrative functions for appeals for UMP. Regence BlueShield handles medical appeals. VSP handles appeals for routine vision benefits. See "Your routine vision benefits" for more information.

Appeals procedures may change during the year if required by federal or Washington State law.

What is a complaint (aka: grievance)?

A complaint is an oral statement or written document submitted by or on behalf of a member regarding:

- Dissatisfaction with medical care.
- Dissatisfaction with service provided by the health plan.
- Provider or staff attitude or demeanor.
- Waiting time for medical services.

Note: If your issue is regarding a denial, reduction, or termination of payment or nonprovision of medical services, it is an appeal.

How to submit a complaint (aka: grievance)

For all medical complaints, it's recommended that you first contact UMP Customer Service. Many issues may be resolved with a phone call. If an initial phone call does not resolve your complaint, you may submit your complaint:

- Over the phone: If you want a written response, you must request one.
- By mail, fax, or email (see the "Where to send complaints or appeals" section below).

You will receive notice of the action on your complaint or grievance within 30 calendar days of our receiving it. The plan will notify you if it needs more time to respond.

What is an appeal?

An appeal is an oral or written request submitted by you or your authorized representative to Regence BlueShield to reconsider:

- A decision to deny, modify, reduce, or terminate payment, coverage, certification, or provision of health care services or benefits, including the admission to, or continued stay in, a health care facility.
- A preauthorization.
- A retroactive decision to deny coverage based on eligibility (see the "Appeals related to eligibility" section below).
- Claims payment, processing, or reimbursement for health care services or supplies.

The appeals process

ALERT! If your appeal is for an urgent or life-threatening condition, see the "Expedited appeals process" section below.

You or someone you authorize to represent you (see "How to designate an authorized representative" on page 98) may submit an appeal. There are three levels to the appeals process:

1. First-level appeal
2. Second-level appeal
3. External review (independent review)

Each of those parts are described in further detail below.

Coverage during each review

If your request involves a decision to change, reduce, or terminate coverage for services or supplies, the plan must continue to cover the disputed service until the outcome of the review. If the plan upholds the decision to change, reduce, or terminate coverage, you will be responsible for the cost of the services received during the review period. If you request payment for denied claims or approval of services or supplies not yet covered by the plan, the plan will not cover the services or supplies while the appeal is under consideration.

First-level and second-level appeal reviewers

Claim processing disputes will be reviewed by administrative staff. The plan will consult with a health care professional employed by Regence BlueShield on medical appeals when appeals involve issues requiring

medical judgment about covering, authorizing, or providing health care. That includes decisions based on determinations that a treatment or other item is experimental, investigational, or not medically necessary. Your appeal will be reviewed by Regence BlueShield employees who have not been involved in, or subordinate to anyone involved in, reviewing the previous decisions.

How to submit an appeal

You or your authorized representative (including a relative, friend, advocate, attorney, or provider) may submit an appeal by using the methods described below in the “Where to send complaints or appeals” section. You may authorize a representative to submit an appeal on your behalf in writing or by contacting UMP Customer Service (medical appeals).

For each appeal request, you must appeal within 180 days of receiving the plan’s decision. You may include written comments, documents, and any other information, such as medical records and letters from your provider, to support your appeal request. The plan will consider all information submitted when reviewing your appeal. You may also request copies of documents the plan has that are relevant to your appeal, which the plan will provide at no cost to you.

The plan will mail you a written response within 14 days of receiving your appeal request. If more time is needed to thoroughly research and review your appeal, the plan is allowed up to 30 days to respond. The plan will ask your permission if it needs more time to respond. You can access the UMP (Regence) Medical appeals and grievance form by visiting forms and publications at hca.wa.gov/ump-forms-pubs.

Information to provide with an appeal

You can submit information, documents, written comments, records, evidence, and testimony, including second opinions, with your appeal. When you provide all the necessary documentation, it allows the plan to review your appeal faster. Include the following when requesting an appeal:

- The member’s full name (the name of the employee, retiree, or dependent covered by the plan)
- The member ID number (starting with a “W” on your UMP member ID card)
- The name(s) of any providers involved in the issue you are appealing
- Date(s) of service or incident
- Your mailing address
- Your daytime phone number(s)
- A statement describing the issue and your desired outcome
- A copy of the Explanation of Benefits, if applicable, or a list of the claim numbers you are appealing
- Medical records from your provider, if applicable. Your provider should supply clinically relevant information, such as medical records for services denied based on medical necessity or for other clinical reasons. The plan must receive all relevant information with the appeal to make sure the most accurate decision is made.

First-level appeals

You or your authorized representative may submit a first-level appeal no more than 180 days after you receive the plan’s decision. If you do not submit an appeal within this time, your appeal will not be reviewed, and you will not be able to continue further appeals (second-level and external review). You may authorize a representative to submit an appeal on your behalf in writing or by contacting UMP Customer Service (medical appeals).

Regence BlueShield manages first-level appeals for medical services. Employees from Regence BlueShield reviewing the appeals will not have been involved in the initial decision you are appealing. Administrative staff review claim processing disputes. A staff of health care professionals at Regence BlueShield evaluate

2026 UMP Classic Medicare with Part D (PDP) (PEBB) Certificate of Coverage

appeals that involve issues requiring medical judgment about covering, authorizing, or providing health care.

ALERT! Deadlines for submitting an appeal are based on the first date you are notified of how a claim was processed, usually when you receive an Explanation of Benefits (including services that applied to your deductible or were denied). The plan does not waive deadlines based on untimely billing by your provider.

Second-level appeals

If you disagree with the decision made on your first-level appeal, you or your authorized representative may submit a second-level appeal. You must submit second-level appeals no more than 180 days after you receive the letter responding to your first-level appeal. If you do not submit an appeal within this time, your appeal will not be reviewed, and you will not be able to continue further appeals (external review). You may authorize a representative to submit an appeal on your behalf in writing or by contacting UMP Customer Service (medical appeals).

Regence BlueShield manages second-level appeals for medical services. Employees from Regence BlueShield reviewing the appeals will not have been involved in, or subordinate to anyone involved in, reviewing the first-level appeal or initial decision. If new or additional evidence or rationale is considered in reviewing your appeal, the plan will provide you with this information free of charge, and you may respond before the final decision.

Expedited appeals process

Expedited appeals for medical services

You or your authorized representative may submit an expedited appeal within 180 days of receiving the previous decision if:

- You are currently receiving or prescribed treatment or benefits that would end because of the denial; or
- Your provider determines that taking the usual time allowed could seriously affect your life, health, or ability to regain maximum function, or would subject you to severe pain that cannot be adequately managed without the disputed care or treatment; or
- The issue is related to admission, availability of care, continued stay, or emergency health care services and you have not been discharged from the emergency room or transport service.

You may authorize a representative to submit an expedited appeal on your behalf in writing or by contacting UMP Customer Service.

An expedited appeal replaces both the first- and second-level appeals. Regence BlueShield will call you, or your authorized representative, with a decision on your expedited appeal within 72 hours of the request. Regence BlueShield will also mail a written response within 72 hours of the decision.

Your provider must submit all clinically relevant information to the plan by phone or fax at:

- **Phone:** 1-888-849-3682 (TRS: 711)
- **Fax:** 1-877-663-7526

If you disagree with the expedited appeal decision, your provider may request an expedited external review (see the "External review (independent review)" section below).

Time limits for the plan to decide appeals

ALERT! The plan will comply with shorter time limits than those below when required by federal or Washington State law.

The time limits for both first- and second-level appeals are calculated from when the plan receives the appeal. The plan will decide your appeal within 14 days of receiving it but may take up to 30 days unless a different time limit applies as explained below. The plan will request written permission from you or your authorized representative if an extension to the 30-day time limit is needed to get medical records or a second opinion.

For expedited appeals, the plan will decide as soon as possible but always within 72 hours. The plan will notify you (or your authorized representative) of the decision verbally within 72 hours and will mail a written notice within 72 hours of the decision.

External review (independent review)

You or your authorized representative may submit a request for an external review by an independent review organization (IRO) if you have gone through both a first- and second-level appeal (or expedited appeal) and your appeal was based on the plan's decision to deny, modify, reduce, or terminate coverage of or payment for a health care service.

You may also submit a request for an external review:

- If the plan has exceeded the timelines for response to your appeal without good cause and without reaching a decision; or
- If the plan has failed to adhere to the requirements of the appeals process.

You may submit a request for an expedited external review if you meet the requirements for the expedited process as described above. You may also request an expedited external review at the same time that you request an expedited appeal, called concurrent expedited review. When you request concurrent expedited review, you are not required to go through both a first- and second-level appeal.

An IRO will conduct the external review. An IRO is a group of medical and benefit experts certified by the Washington State Office of the Insurance Commissioner and not related to the plan, Regence BlueShield, or HCA. An external review provides unbiased, independent clinical and benefit expertise to determine whether the plan's decision is consistent with state law and the *2026 UMP Classic Medicare with Part D (PDP) (PEBB) Certificate of Coverage*.

Requesting an external review

To request an external review, see the contact information listed in the "Where to send complaints or appeals" section below.

You or your authorized representative must submit a request for an external review no more than 180 days after you receive the letter responding to your second-level appeal (or expedited appeal). Only the member or an authorized representative may submit a request for an external review. You may authorize a representative to submit a request for an external review on your behalf in writing or by contacting UMP Customer Service (medical appeals).

The plan — Regence BlueShield for medical services — will send the IRO all the relevant information and correspondence they considered in making the decision. You may send more information directly to the IRO. The IRO will notify you of their decision.

Additional legal options

You are required to exhaust the plan's appeals process before you may bring a cause of action in court against the plan or HCA. If an IRO reviews your appeal, their decision is binding on both the plan and you except to the extent that other remedies are available under state or federal law.

If the IRO overturns the plan's decision the plan will provide benefits (including making payment on the claim) according to the IRO's decision without delay, regardless of whether the plan intends to seek judicial review of the IRO's decision and unless and until there is a judicial decision otherwise.

Complaints about quality of care

For complaints or concerns about the quality of care you received from preferred and participating providers only, contact UMP Customer Service or send a secure email through your Regence account (see Directory for link and contact information).

For complaints or concerns about the quality of care you received from any provider:

- Call Washington State Department of Health at 1-360-236-4700 (TRS: 711) or 1-800-562-6900 (TRS: 711).
- Email the Department of Health at HSQAComplaintIntake@doh.wa.gov.
- Visit the Department of Health website at doh.wa.gov/about-us/file-complaint.

Appeals related to eligibility

Appeals related to eligibility and enrollment are handled by the PEBB Program and governed by chapter 182-16 WAC.

Information on how to file an appeal is available:

- On the HCA website at hca.wa.gov/pebb-appeals.
- By contacting the PEBB Appeals Unit at 1-800-351-6827 (TRS: 711).

Where to send complaints or appeals

ALERT! VSP handles appeals for routine vision benefits. See "Your routine vision benefits" for more information.

It is recommended that you call first with a complaint or appeal, since many problems may be resolved quickly over the phone. The Directory at the beginning of this booklet includes links and contact information to contact UMP (medical services) with a complaint or appeal.

When another party is responsible for injury or illness

You may receive a letter from the plan asking if your injury or illness was the result of an accident or might be someone else's responsibility. To make sure claims are paid in a timely manner, it is important that you respond as directed in the letter, even if the answer is no. If you do not, the plan may deny coverage. You may contact UMP Customer Service if you have questions.

Occupational injury or illness (workers' compensation) claims

When a claim for occupational injury or illness (workers' compensation) is accepted by your employer's workers' compensation carrier, UMP will not cover any services related to that injury or illness, even if the compensation carrier denies some services. You must file a workers' compensation claim with your workers' compensation carrier. If your claim for workers' compensation is denied because it is determined the injury or condition is not related to an occupational injury or illness, UMP will pay for covered services under the terms of this COC.

Legal rights and responsibilities

Coverage under the plan is not provided for medical, dental, or vision expenses you incur for treatment of an injury or illness if the costs associated with the injury or illness may be covered by another first party insurance or may be recoverable from any of the following:

- A third party;
- Any other source, including no fault automobile medical payments (Med-Pay), no fault automobile personal injury protection (PIP), homeowner's no-fault coverage, commercial premises no-fault medical coverage, and sports policies. This includes excess, underinsured, or uninsured motorist coverage, or similar contract or insurance, when the contract or insurance is either issued to or makes benefits available to you, whether or not you make a claim under such coverage; or
- Services or supplies for work-related injury or illness, even when the service or supply is not a covered workers' compensation benefit under the workers' compensation plan.

ALERT! You must respond to any communication sent to you about other sources of benefits, or the plan may deny claims.

However, after expiration or exhaustion of the above benefits, if you also have a potential right of recovery for illnesses or injuries from a third party who may have legal responsibility or from any other source, benefits may be provided or advanced by the plan pending the resolution of a claim to the right of recovery subject to all the following conditions:

- By accepting or claiming benefits, you agree that the plan is entitled to reimbursement of the full amount of benefits paid out of any settlement or recovery from any source to the extent that the settlement or recovery exceeds full compensation to you for the injury or illness that you sustained. This includes any arbitration award, judgment, settlement, disputed claim settlement, underinsured or uninsured motorist payment, or any other recovery related to the injury or illness for which benefits under the plan have been provided or advanced.
- The plan may choose to recover expenses directly from the third party (or third party's insurer) responsible for your injury or illness. This is called subrogation. The plan is authorized, but not obligated, to recover any expenses, to the extent that they were paid under the plan, directly from any party liable to you, upon mailing of a written notice to the potential payer, to you, or to your representative.
- The plan's rights apply without regard to the source of payment for medical expenses, whether from the proceeds of any settlement, arbitration award, or judgment, or other characterization of the recovery by you or any third party or the recovery source. The plan is entitled to reimbursement from the first dollar received from any recovery to the extent that the settlement or recovery exceeds full compensation to you for the injury or illness that you sustained. This applies regardless of whether:

- The third party or third party's insurer admits liability;
- The health care expenses are itemized or expressly excluded in the recovery; or
- The recovery includes any amount (in whole or in part) for services, supplies, or accommodations covered under the plan.
- You may be required to sign and deliver all legal papers and take any other actions requested to secure the plan's rights (including an assignment of rights to pursue your claim if you fail to pursue your claim of recovery from the third party or other source). If you are asked to sign a trust/reimbursement agreement or other document to reimburse the plan from the proceeds of any recovery, you will be required to do so as a condition to advancement of any benefits. If you or your agent or attorney fail to comply during the course of the case, we may request refunds from the providers or offset future benefits.
- You will not do anything to prejudice the plan's rights and that you will cooperate fully with the plan, including signing any documents within the required time and providing prompt notice of any settlement or other recovery. You must notify the plan of any facts that may impact the right to reimbursement or subrogation, including, but not necessarily limited to, the following:
 - The filing of a lawsuit;
 - The making of a claim against any third party;
 - Scheduling of settlement negotiations with a minimum of 21 days advance notice of the date, time, location and participants to be involved in any settlement conferences or mediations); or
 - Intent of a third party to make payment of any kind to your benefit or on your behalf and that in any manner relates to the injury or illness that gives rise to the plan's right of reimbursement or subrogation (notice is required a minimum of five business days before the settlement).
- You and your agent or attorney must agree to keep segregated in its own account any recovery or payment of any kind to your benefit that in any manner relates to the injury or illness giving rise to the plan's right of reimbursement or subrogation, until the plan's right is satisfied or released.
- In the event you or your agent or attorney fails to comply with any of these conditions, any such benefits provided or advanced for any illness or injury may be recovered through legal action to the extent that the settlement or recovery exceeds full compensation to you for the injury or illness that you sustained.
- Any benefits provided or advanced under the plan are provided or advanced solely to assist you. By paying such benefits, the plan is not waiving any right to reimbursement or subrogation.

Fees and expenses

You may incur attorney's fees and costs in connection with obtaining a recovery. We may pay a proportional share of such attorney's fees and costs you incur at the time of any settlement or recovery to otherwise reduce the amount of reimbursement paid to the plan to less than the full amount of benefits paid by the plan.

Services covered by other insurance

The plan does not cover services that are covered by other insurance, including, but not limited to, no fault automobile medical payments (Med-Pay), no fault automobile personal injury protection (PIP), homeowner's no-fault coverage, commercial premises no fault medical coverage, or sports policies, including excess, underinsured or uninsured motorist coverage or similar contract or insurance. You are responsible for any cost-sharing required under the other coverage as allowed by state law. Once you

have exhausted benefits (e.g., reached the maximum medical expenses amount of the other insurance policy (-ies), or services are no longer injury-related), the plan will cover services according to this COC.

Motor vehicle coverage

If you are involved in a motor vehicle accident, whether as a driver, passenger, pedestrian, or other capacity, you may have rights under multiple motor vehicle insurance no fault coverages and also against a third party who may be responsible for the accident. In that case, this right of reimbursement and subrogation provision still applies.

Future medical expenses

Benefits for otherwise covered services may be excluded as follows:

- When you have received a recovery from another source relating to an illness or injury for services for which we normally would provide benefits. The amount of any exclusions under this provision, however, will not exceed the amount of your recovery.
- Until the total amount excluded equals the third-party recovery.

General provisions

UMP is administered by Regence BlueShield and ArrayRx under contract with HCA.

What you need to know: your rights and responsibilities

To make sure UMP offers access to the best possible medical care, we must work together with you and your providers as partners. To achieve this goal, you must know your rights and responsibilities.

As a plan member, you have the right to:

- Ask your provider to submit secondary claims to Medicare, if applicable.
- Be informed by your providers about all appropriate or medically necessary treatment options for your condition, regardless of cost or benefit coverage.
- Be treated with respect.
- Complain about or appeal plan services or decisions, or the care you receive.
- Get a second opinion about your provider's care recommendations.
- Have a translator's assistance, if required, when contacting the plan.
- Keep your medical records and personal information confidential as described in the UMP Notice of Privacy Practices, available online on the HCA website at hca.wa.gov/ump-privacy.
- Make decisions with your providers about your health care.
- Make recommendations about member rights and responsibilities.
- On request, receive information from the plan about:
 - How new technology is evaluated for inclusion as a covered service.
 - How the plan reimburses providers.
 - Preauthorization review requirements.
 - Providers you select and their qualifications.

- Services and treatments that have completed HTCC review and how that affects coverage by UMP.
- Technologies and treatments currently under review by the HTCC.
- The plan and preferred providers.
- Your covered expenses, exclusions, reductions, and maximums or limits.
- Receive:
 - A written explanation from the plan about any request to refund an overpayment.
 - All covered services and supplies determined to be medically necessary as described in this COC, subject to the maximums, limits, exclusions, deductibles, coinsurance, and copays.
 - Courteous, prompt answers from the plan.
 - Timely, proper medical care without discrimination of any kind — regardless of health status or condition, sex, ethnicity, race, marital status, color, national origin, age, disability, or religion.

As a plan member, you have the responsibility to:

- Comply with requests for information by the date given.
- Confirm provider and facility network status before every visit.
- Contact the plan as soon as possible if you do not understand what is covered, if you have any questions, or if you need information.
- Follow your providers' instructions about your health care.
- Give your providers complete information about your health to get the best possible care.
- Keep your mailing address current by reporting changes to the PEBB Program. Send your address changes to:

Health Care Authority
 PEBB Program
 PO Box 42684
 Olympia, WA 98504
- Know how to access emergency care.
- Not engage in fraud or abuse in dealing with the plan or your providers.
- Participate with your providers in making decisions about your health care.
- Pay your copays, coinsurance, and deductibles promptly.
- Refund promptly any overpayment made to you or for you.
- Report to the plan any outside sources of health care coverage or payment.
- Return your completed Multiple Coverage Inquiry form you receive from the plan in a timely manner to prevent delay in claims payment.
- Understand how to contact the plan for more information and help with any covered service or information described in this COC.
- Understand how UMP coverage coordinates with other insurance coverage you may have, including Medicare.
- Understand your plan benefits, including what is covered, preauthorization and notice requirements, and other information described in this COC.

Information available to you

We support the goal of giving you and your family the detailed information you need to make the best possible health care decisions. See the Directory pages at the beginning of this booklet for links and contact information.

You may find the following information in this COC:

- Benefit exclusions, reductions, and maximums or limits (see the “What the plan does not cover” section)
- Clear explanation of complaint and appeal procedures (see the “Complaint and appeal procedures” section)
- Definition of terms (see the “Definitions” section)
- List of covered expenses (see the “List of benefits” section)
- Preventive health care benefits that are covered
- Process for preauthorization, notice, or review (see the “Limits on plan coverage” section and page 67)

You may find the following on the UMP website or by contacting UMP Customer Service:

- Accreditation information, including measures used to report the plan’s performance, such as consumer satisfaction survey results or Healthcare Effectiveness Data and Information Set (HEDIS) measures
- Clinical coverage criteria applicable to health care services and supplies that require preauthorization
- Description and justification for provider compensation programs, including any incentives or penalties intended to encourage providers to withhold services
- General reimbursement or payment arrangements between the plan and preferred providers
- Information on the plan’s care management programs
- Notice of privacy practices (includes plan policy for protecting the confidentiality of health information; see “Confidentiality of your health information” on page 98)
- Online directory of preferred providers, including both primary care providers and specialists
- Procedures to follow for consulting with providers
- The Summary of Benefits and Coverage (SBC)
- When the plan may retroactively deny coverage for preauthorized medical services

The following are available through your Regence account or by contacting UMP Customer Service:

- Medical claims history and medical deductible status
- Online directory of preferred providers, including both primary care providers and specialists

You may contact UMP Customer Service for an annual accounting of all payments made by the plan that have been counted against medical payment limits, day limits, visit limits, or other limits on your coverage. The plan will provide a written summary of payments within 30 calendar days of your request. Some of this information is also available through your Regence account.

The plan does not prevent or discourage providers from telling you about the care you require, including various treatment options and whether the provider thinks that care is consistent with the plan’s coverage criteria. You may, at any time, get health care outside of plan coverage for any reason. However, you must pay for those services and supplies. In addition, the plan does not prevent or discourage you from talking about other health plans with your provider.

Confidentiality of your health information

The plan follows the UMP Notice of Privacy Practices, available online on the HCA website at hca.wa.gov/ump-privacy or by contacting UMP Customer Service. The plan will release member health information only as described in that notice or as required or permitted by law or court order.

How to designate an authorized representative

TIP: Because of privacy laws, the plan usually cannot share information on appeals or complaints with family or other persons unless the member is a minor, or the plan has received written authorization to release personal health information to the other person.

In most cases, the plan must have written authorization to communicate with anyone but the member. However, a parent or legal guardian may act as a representative for a member under age 13 without written authorization, except for certain sensitive conditions. For members ages 13 to 17, a parent or legal guardian may usually act as a representative, except for certain specially protected types of information, for which the plan must receive written authorization as described below.

You may choose to authorize a representative to:

- Communicate with the plan on your behalf regarding an appeal in process.
- Share your protected health information.
- Talk to the plan about claims or services.

To authorize release of protected health information, you must complete an Authorization to Disclose Protected Health Information form. To get the forms, follow the instructions below:

- Medical benefits: Contact UMP Customer Service or use your Regence account (see Directory for link and contact information).

Send the form to the address on the form. UMP cannot share information until we receive the completed form. On the form, you must specify:

- What information may be disclosed;
- The purpose of the disclosure (e.g., receiving an outcome of an appeal); and
- Who is designated to receive or release the information.

Release of information

The plan or HCA may require you to give information when needed to determine eligibility, administer benefits, or process claims. This could include medical and other records. The plan could deny coverage if you do not provide the information when requested.

Relationship to Blue Cross and Blue Shield Association

HCA, on behalf of itself and its members, hereby expressly acknowledges that this contract constitutes an agreement solely between HCA and Regence BlueShield, an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield plans (the "Association"), permitting the contractor Regence BlueShield to use the Washington license for those counties designated in its service area.

Right to receive and release needed information

Regence BlueShield may need certain facts about your health care coverage or services provided to process your claims correctly. Regence may get these facts from or give them to other organizations or persons without your consent. You must give Regence any facts necessary for processing of claims to get benefits under this plan. See page 98 for more information about the confidentiality of your health information.

Right of recovery

The plan has the right to a refund of incorrect payments. The plan may recover excess payment from any:

- Person that received an excess payment.
- Person on whose behalf an excess payment was made.
- Other issuers of payment.
- Other plans involved.

Limitations on liability

In all cases, you have the exclusive right to choose a health care provider. Since neither UMP nor Regence BlueShield provides any health care services, neither may be held liable for any claim or damages connected with injuries you may suffer while receiving health services or supplies provided by professionals who are neither employees nor agents of either UMP or Regence BlueShield. Neither Regence BlueShield nor UMP is responsible for the quality of health care you receive, except as provided by law.

In addition, UMP will not be liable to any person or entity for the inability or failure to procure or provide the benefits of the plan by reason of epidemic, disaster, or other cause or condition beyond UMP's control.

Governing law

The plan is governed by and construed in accordance with the laws of the United States of America and by applicable laws of Washington State without regard to its conflict of law rules.

Anti-assignment

Members may not assign this COC, or any rights, interests or obligations contained in this COC, in whole or in part, to a third party (including, but not limited to, providers of medical services), without the plan's written consent. Any attempt to assign any rights, interests or obligations contained in this COC, in whole or in part, to a third party is void and/or invalid, and the plan will not recognize it.

No waiver

The failure or refusal of either party to demand strict performance of the plan or to enforce any provision will not act as or be construed as a waiver of that party's right to later demand its performance or to enforce that provision. No provision of the plan will be considered waived unless such waiver is in writing and signed by one of HCA's authorized officers.

Acronyms

ABA – Applied Behavior Analysis [Therapy]

ASC – Ambulatory surgery center

CDC – Centers for Disease Control and Prevention

CDHP – Consumer-directed health plan

SEBB – School Employees Benefits Board

TMJ – Temporomandibular joint

TRS – Telecommunications Relay Service

UMP – Uniform Medical Plan

VSP – Vision Service Plan

WAC – Washington Administrative Code

Eligibility and enrollment

In these sections, the term “retiree” or “retiring employee” includes a retiring employee from a Public Employees Benefits Board (PEBB) employing agency or employer group, and an elected or full-time appointed official of the legislative and executive branch of state government. The term “retiree” or “retiring school employee” includes a retiring school employee from a School Employees Benefits Board (SEBB) organization or employer group. Additionally, “health plan” is used to refer to a plan offering medical, dental, vision, or any combination of these coverages developed by PEBB and provided by a contracted vendor or self-insured plans administered by the Health Care Authority (HCA).

Eligibility for subscribers and dependents

Those described in this section must permanently live in the United States and be enrolled in and stay enrolled in Medicare Part A and Part B.

Retiree eligibility

The PEBB Program determines if a retiring employee or retiring school employee is eligible to enroll in PEBB retiree insurance coverage upon receipt of their election to enroll. If the retiring employee or retiring school employee does not have substantive eligibility or does not meet the procedural requirements for enrollment in PEBB retiree insurance coverage, the PEBB Program will notify them of their right to appeal eligibility decisions. Information about appeals can be found under “Appeal rights.”

Survivor eligibility

The PEBB Program determines whether a dependent is eligible to enroll or continue enrollment in PEBB retiree insurance coverage as a survivor. If an election to enroll is required, eligibility will be determined upon receipt of *their election to enroll*. If the survivor does not meet the eligibility and procedural requirements for enrollment in PEBB retiree insurance coverage, the PEBB Program will notify them of their right to appeal. Information about appeals can be found under “Appeal rights.”

COBRA continuation coverage eligibility

The PEBB Program determines whether subscribers are eligible for Consolidated Omnibus Budget Reconciliation Act (COBRA) continuation coverage upon receipt of their election to enroll in PEBB Continuation Coverage (COBRA). If the subscriber requests to enroll and is not eligible, the PEBB Program will notify them of their right to appeal. Information about appeals can be found under “Appeal rights.”

Retired employee of a former employer group eligibility

The PEBB Program determines whether a retired employee, a retired school employee, or an eligible survivor of a former employer group is eligible to self-pay coverage in PEBB Continuation Coverage (Employer Group Ended Participation) upon receipt of their election to enroll. If the retired employee, the retired school employee, or the survivor requests to enroll and is not eligible, the PEBB Program will notify them of their right to appeal. Information about appeals can be found under “Appeal rights.”

Dependent eligibility

The following are eligible dependents:

- **Legal spouse**
- **State-registered domestic partner** and substantially equivalent legal unions from jurisdictions as defined in Washington State statute. Individuals in a state-registered domestic partnership are treated the same as a legal spouse except when in conflict with federal law.

- **Children**, through the last day of the month in which their 26th birthday occurred regardless of marital status, student status, or eligibility for coverage under another plan. It also includes children age 26 or older with a disability as described below in “Children of any age with a developmental or physical disability.” Children are defined as the subscriber’s:
 - **Children based on establishment of a parent-child relationship**, as described in Washington State statutes, except when parental rights have been terminated.
 - **Children of the subscriber’s spouse**, based on the spouse’s establishment of a parent-child relationship, except when parental rights have been terminated. The stepchild’s relationship to the subscriber (and eligibility as a dependent) ends on the same date the marriage with the spouse ends through divorce, annulment, dissolution, termination, or death.
 - **Children for whom the subscriber has assumed a legal obligation** for total or partial support in anticipation of adoption of the child.
 - **Children of the subscriber’s state-registered domestic partner**, based on the state-registered domestic partner’s establishment of a parent-child relationship, except when parental rights have been terminated. The child’s relationship to the subscriber (and eligibility as a dependent) ends on the same date the subscriber’s legal relationship with the state-registered domestic partner ends through divorce, annulment, dissolution, termination, or death.
 - **Children specified in a court order or divorce decree** for whom the subscriber has a legal obligation to provide support or health care coverage.
 - **Extended dependents in the legal custody or legal guardianship of the subscriber, the subscriber’s spouse, or the subscriber’s state-registered domestic partner.** The legal responsibility is demonstrated by a valid court order and the child’s official residence with the custodian or guardian. Extended dependent child does not include foster children unless the subscriber, the subscriber’s spouse, or the subscriber’s state-registered domestic partner has assumed a legal obligation for total or partial support in anticipation of adoption.
 - **Children of any age with a developmental or physical disability** that renders them incapable of self-sustaining employment and chiefly dependent upon the subscriber for support and maintenance, provided such condition occurs before the age of 26. The following requirements apply to a dependent child with a disability:
 - The subscriber must provide proof of the disability and dependency within 60 days of the child’s attainment of age 26.
 - The subscriber must notify the PEBB Program in writing when the child is no longer eligible under this subsection.
 - A child with a developmental or physical disability who becomes self-supporting is not eligible as of the last day of the month in which they become capable of self-support.
 - A child with a developmental or physical disability age 26 and older who becomes capable of self-support does not regain eligibility if they later become incapable of self-support.
 - The PEBB Program, with input from the medical plan, will periodically verify the eligibility of a dependent child with a disability beginning at age 26, but no more frequently than annually after the two-year period following the child’s 26th birthday. Verification will require renewed proof of disability and dependence from the subscriber.

Enrollment for subscribers and dependents

Retiree and survivor deferring enrollment

A retiring employee, a retiring school employee, or a dependent becoming eligible as a survivor may defer (postpone) enrollment in PEBB retiree insurance coverage if they meet the substantive eligibility requirements to enroll and also meet the procedural requirement by electing to defer enrollment using Benefits 24/7, the PEBB Program's online enrollment system, or by submitting a *PEBB Retiree Election Form (form A)* to the PEBB Program within the enrollment timelines.

If a retiring employee, a retiring school employee, or a dependent becoming eligible as a survivor chooses to defer enrollment in PEBB medical, enrollment in PEBB dental and PEBB vision will also be deferred. Deferring enrollment in PEBB retiree insurance coverage will also defer enrollment for all eligible dependents, except as described below.

A retiring employee, a retiring school employee, or a dependent becoming eligible as a survivor who does not enroll in PEBB retiree insurance coverage is only eligible to enroll later if they have deferred enrollment. Enrollment may be deferred as follows:

- Beginning January 1, 2001, enrollment in PEBB retiree insurance coverage may be deferred when the retiree or survivor is enrolled in employer-based group medical insurance as an employee or the dependent of an employee, or such medical insurance continued under Consolidated Omnibus Budget Reconciliation Act (COBRA) coverage or continuation coverage.
- Beginning January 1, 2001, enrollment in PEBB retiree insurance coverage may be deferred when the retiree or survivor is enrolled as a retiree or the dependent of a retiree in a federal retiree medical plan.
- Beginning January 1, 2006, enrollment in PEBB retiree insurance coverage may be deferred when the retiree or survivor is enrolled in Medicare Parts A and B and a Medicaid program that provides creditable coverage. Eligible dependents who are not enrolled in Medicaid coverage that provides creditable coverage may be enrolled.
- Beginning January 1, 2014, a retiree or a survivor who are not eligible for Medicare Part A and Part B may defer enrollment in PEBB retiree insurance coverage when they are enrolled in qualified health plan coverage through a health benefit exchange developed under the Affordable Care Act.
- Beginning July 17, 2018, enrollment in PEBB retiree insurance coverage may be deferred when the retiree or survivor is enrolled in the Civilian Health and Medical Program of the Department of Veterans Affairs (CHAMPVA).
- Beginning January 1, 2025, a retiree or a survivor who is enrolled in Medicare may defer enrollment in PEBB retiree insurance coverage when they permanently live in a location outside of the United States.

Exception: A retiree may defer enrollment in PEBB retiree insurance coverage during the period of time they are enrolled as a dependent in a medical plan sponsored by PEBB or School Employees Benefits Board (SEBB), including such coverage under COBRA or continuation coverage. They do not need to elect to defer enrollment online or submit a *PEBB Retiree Election Form*.

The PEBB Program will automatically defer enrollment in PEBB retiree insurance coverage:

If a retiree or a survivor becomes eligible for the employer contribution toward PEBB or SEBB benefits.

If a retiree or survivor who is not on Medicare and permanently lives outside of the United States, becomes eligible for Medicare Parts A and B, and does not respond to HCA within the required timeframe.

A retiree or a survivor whose enrollment in PEBB retiree insurance coverage is deferred, may enroll as described in the section titled "Retiree and survivor enrollment following deferral."

Retiree and survivor enrollment

An eligible retiree, a survivor, or their dependent can enroll in only one PEBB medical plan, even if eligibility criteria is met under two or more subscribers.

An eligible retiring employee or a retiring school employee must enroll using Benefits 24/7 or by submitting a *PEBB Retiree Election Form (form A)* along with any other required forms and supporting documents to the PEBB Program. The online enrollment must be completed or the forms must be received no later than 60 days after the employee's or the school employee's own employer-paid coverage, COBRA coverage, or continuation coverage ends. The first premium payment and applicable premium surcharges are due to HCA no later than 45 days after the election period ends.

An eligible elected or full-time appointed official must enroll using Benefits 24/7 or by submitting a *PEBB Retiree Election Form (form A)* along with any other required forms and supporting documents to the PEBB Program. The online enrollment must be completed or the forms must be received no later than 60 days after the official leaves public office. The first premium payment and applicable premium surcharges are due to HCA no later than 45 days after the election period ends.

An eligible survivor of a retiree who is enrolled at the time of the retiree's death will be enrolled under their own account with no gap in coverage in the same PEBB health plan coverage they were enrolled in. To make changes to their PEBB health plan coverage, they must submit a *PEBB Retiree Election Form (form A)* along with any other required forms and supporting documents to the PEBB Program. They must be received no later than 60 days after the death of the retiree. An eligible survivor of a retiree who is not enrolled at the time of the retiree's death, must enroll by submitting a *PEBB Retiree Election Form (form A)* along with any other required forms and supporting documents to the PEBB Program. They must be received no later than 60 days after the death of the retiree.

An eligible survivor of an employee or school employee must enroll by submitting a *PEBB Retiree Election Form (form A)* along with any other required forms and supporting documents to the PEBB Program. They must be received no later than 60 days after the later of the date of the employee's or the school employee's death, or the date the survivor's PEBB insurance coverage or SEBB insurance coverage ends. The first premium payment and applicable premium surcharges are due to HCA no later than 45 days after the election period ends.

An eligible employee or school employee determined to be retroactively eligible for disability retirement must enroll using Benefits 24/7 or by submitting a *PEBB Retiree Election Form (form A)* along with any other required forms, supporting documents, and their formal determination letter to the PEBB Program. The online enrollment must be completed or the forms must be received no later than 60 days after the date on the determination letter. The first premium payment and applicable premium surcharges are due to HCA no later than 45 days after the election period ends.

An eligible survivor of an emergency service personnel killed in the line of duty must enroll by submitting a *PEBB Retiree Election Form (form A)* along with any other required forms and supporting documents to the PEBB Program. They must be received no later than 180 days after the later of:

- The date on the letter from the Department of Retirement Systems or the Board for Volunteer Firefighters and Reserve Officers that informs the survivor that they are determined to be an eligible survivor;
- The date of the emergency service worker's death; or
- The last day the survivor was covered under any health plan through the emergency service worker's employer or COBRA coverage from the emergency service worker's employer.

A retiree or a survivor who deferred enrollment in PEBB retiree insurance coverage and is enrolling in a PEBB retiree health plan, must enroll using Benefits 24/7 or by submitting a *PEBB Retiree Election Form (form A)* along with any other required forms and supporting documents to the PEBB Program.

A retiree or a survivor who deferred enrollment while enrolled in other qualifying coverage must also submit evidence of continuous enrollment. The online enrollment must be completed or the forms must be received no later than 60 days after a loss of other qualifying coverage.

A retiree or a survivor enrolled in Medicare whose enrollment is deferred while permanently living outside of the United States and they permanently move back to the United States, must also submit proof of enrollment in Medicare Parts A and B; evidence of continuous enrollment in qualified coverage is waived. The online enrollment must be completed or the forms must be received no later than 60 days after the date of the permanent move or the date the retiree or survivor provides notification of such move, whichever is later.

The first premium payment and applicable premium surcharges are due to HCA no later than 45 days after the election period ends.

See "Retiree and Survivor enrollment following deferral" for additional information and enrollment timelines.

COBRA continuation coverage and retired employees of a former employer group enrollment

A COBRA continuation coverage subscriber, a retired employee of a former employer group, or their dependent can enroll in only one PEBB medical plan, even if eligibility criteria is met under two or more subscribers.

A subscriber enrolling in PEBB Continuation Coverage (COBRA) or PEBB Continuation Coverage (Employer Group Ended Participation) may enroll by using Benefits 24/7 or by submitting the applicable *PEBB Continuation Coverage Election/Change* form and any supporting documents to the PEBB Program.

For PEBB Continuation Coverage (COBRA), the online enrollment must be completed or the PEBB Program must receive the election form no later than 60 days from the date the enrollee's PEBB health plan coverage ended or from the postmark date on the *PEBB Continuation Coverage Election Notice* sent by the PEBB Program, whichever is later. For PEBB Continuation Coverage (Employer Group Ended Participation), the online enrollment must be completed or the PEBB Program must receive the required form no later than 60 days after the employer group's date of termination.

Premiums and applicable premium surcharges associated with continuing PEBB medical must be made directly to HCA. The first premium payment and applicable premium surcharges are due to HCA no later than 45 days after the election period ends as described above. For more information, see "Options for continuing PEBB medical coverage" and the *PEBB Continuation Coverage Election Notice sent by the PEBB Program*.

Note: Enrollment in the PEBB Program's Uniform Medical Plan (UMP) Classic Medicare with Part D (PDP) may not be retroactive. If a subscriber elects this plan and the online enrollment or the required forms are received by the PEBB Program after the date PEBB health plan coverage is to begin, the subscriber and their enrolled dependents will be enrolled in the transitional UMP coverage during the gap month(s) prior to when the UMP Classic Medicare with Part D (PDP) begins.

Dependent enrollment

To enroll an eligible dependent, the subscriber must include the dependent's information using Benefits 24/7 or on the applicable enrollment form and provide the required document(s) as proof of the dependent's eligibility. The dependent will not be enrolled in PEBB health plan coverage if the PEBB Program is unable to verify their eligibility within the PEBB Program enrollment timelines.

Dependents who are enrolled in PEBB medical must be enrolled in the same PEBB medical plan as the subscriber.

Exception: If a subscriber selects the Uniform Medical Plan (UMP) Classic Medicare with Part D (PDP), non-Medicare enrollees will be enrolled in UMP Classic.

A subscriber may also enroll an eligible dependent during the PEBB Program's annual open enrollment or when a specific life event creates a special open enrollment. See "Making changes."

Medicare eligibility and enrollment

Medicare Part A and Part B

All members must be enrolled and stay enrolled in Medicare Part A and Part B.

A retiree, a survivor, or their dependents enrolled in PEBB retiree insurance coverage are required to enroll and stay enrolled in Medicare Part A and Part B, if eligible. This is a requirement for enrollment in any PEBB retiree health plan. If this procedural requirement is not met, eligibility will end as described in the termination notice sent by the PEBB Program. The only exception to this rule is for an employee or school employee who retired on or before July 1, 1991.

Medicare Part D

This medical plan includes Medicare Part D prescription drug coverage. Medicare members can be enrolled in only one Medicare Part D plan at a time. If a subscriber or their enrolled dependent chooses to enroll in a separate Medicare Part D plan, enrollment in this medical plan may be terminated. The subscriber should contact the PEBB Program to determine what options may be available.

When medical coverage begins

Retirees, survivors, and dependents

For an eligible retiring employee or retiring school employee and their eligible dependents, medical coverage begins the first day of the month after the retiring employee's or retiring school employee's own employer-paid coverage, COBRA coverage, or continuation coverage ends.

For an eligible employee or school employee determined to be retroactively eligible for disability retirement and their eligible dependents, medical coverage begins on the date chosen by the employee or school employee as allowed under PEBB Program rules.

For an eligible elected or full-time appointed official and their eligible dependents, medical coverage begins the first day of the month following the date the official leaves public office.

For an eligible survivor of a retiree and their eligible dependents, medical coverage will be continued without a gap, subject to payment of premiums and applicable premium surcharges. If the eligible survivor is not enrolled at the time of the retiree's death, medical coverage will begin the first day of the month following the retiree's death.

For an eligible survivor of an employee or school employee and their eligible dependents, medical coverage begins the first day of the month following the later of the date of the employee's or the school employee's death or the date the survivor's PEBB insurance coverage or SEBB insurance coverage ends. This does not include emergency service personnel killed in the line of duty.

For an eligible survivor of an emergency service personnel killed in the line of duty and their eligible dependents, medical coverage begins on the date chosen, as allowed under PEBB Program rules.

For a retiree or a survivor who deferred enrollment and is enrolling in a PEBB retiree health plan following loss of other qualifying coverage, medical coverage for the retiree or the survivor and their eligible dependents begins the first day of the month after the loss of the other qualifying coverage. For a retiree or a survivor enrolled in Medicare whose enrollment was deferred while permanently living outside of the United States, and they permanently move back to the United States, medical coverage for the

retiree or the survivor and their eligible dependents begins the first day of the month after the permanent move or the date the retiree or survivor provides notification of such move, whichever is later.

COBRA continuation coverage subscribers and dependents

For a COBRA continuation coverage subscriber and their eligible dependents enrolling when newly eligible due to a qualifying event, medical coverage begins the first day of the month following the day they lost eligibility for PEBB medical.

Retired employees of a former employer group and dependents

For a retired employee of a former employer group and their eligible dependents enrolling when newly eligible, medical coverage begins the first day of the month following the day they lost eligibility for PEBB retiree insurance coverage.

All subscribers and dependents

For a subscriber or their eligible dependents enrolling during the PEBB Program's annual open enrollment, medical coverage begins January 1 of the following year.

For a subscriber or their eligible dependents enrolling during a special open enrollment, medical coverage begins the first day of the month following the event date or the date the online enrollment election using Benefits 24/7 or the required form is received by the PEBB Program, whichever is later.

If the special open enrollment is **due to the birth or adoption of a child**, or when the subscriber has assumed a legal obligation for total or partial support in anticipation of adoption of a child, medical coverage will begin as follows:

- **For a newly born child**, medical coverage will begin the date of birth;
- **For a newly adopted child**, medical coverage will begin on the date of placement or the date a legal obligation is assumed in anticipation of adoption, whichever is earlier; or
- **For a spouse or state-registered domestic partner** of a subscriber, medical coverage will begin the first day of the month in which the event occurs.

If the special open enrollment is due to the enrollment of an **extended dependent or a dependent child with a disability**, medical coverage will begin the first day of the month following the later of the event date or eligibility certification, whichever is later.

Making changes

Removing a dependent who is no longer eligible

A subscriber must provide notice to remove a dependent who is no longer eligible due to divorce, annulment, dissolution, or a qualifying event of a dependent ceasing to be eligible as a dependent child, as described under "Dependent eligibility." The notice must be received online using Benefits 24/7 or by written request to the PEBB Program within 60 days of the last day of the month the dependent no longer meets the eligibility criteria.

Consequences for not submitting notice within the required 60 days may include, but are not limited to:

- The dependent may lose eligibility to continue PEBB medical under one of the continuation coverage options described in "Options for continuing PEBB medical coverage."
- The subscriber may be billed for claims paid by the medical plan for services that were rendered after the dependent lost eligibility.
- The subscriber may not be able to recover subscriber-paid insurance premiums for the dependent that lost eligibility.

- The subscriber may be responsible for premiums paid by the state for the dependent's medical plan coverage after the dependent lost eligibility.

Voluntary termination

A subscriber may voluntarily terminate enrollment in a medical plan at any time by submitting a request online using Benefits 24/7 or in writing to the PEBB Program. Enrollment in the medical plan will be terminated on the last day of the month when the *PEBB Medicare Plan Disenrollment Form (form D)* is received.

A retiree or a survivor who voluntarily terminates their enrollment in a medical plan also terminates all other health plan enrollment and enrollment for all eligible dependents. Once coverage is terminated, a retiree or a survivor may not enroll again in the future unless they reestablish eligibility for PEBB insurance coverage by becoming newly eligible.

Retiree and Survivor deferring enrollment

An enrolled retiree or survivor may defer enrollment in PEBB retiree insurance coverage at any time by submitting the request online using Benefits 24/7 or the *PEBB Retiree Change Form (form E)* along with any other required forms and supporting documents to the PEBB Program. Enrollment in PEBB retiree insurance coverage will be deferred effective the first of the month following the date the *PEBB Medicare Plan Disenrollment Form (form D)* is received. A retiree or a survivor who deferred their enrollment may enroll as described in "Retiree and Survivor enrollment following deferral."

Retiree and Survivor enrollment following deferral

A retiree or a survivor who defers enrollment in PEBB retiree insurance coverage:

- **While enrolled in employer-based group medical or such coverage under COBRA coverage or continuation coverage** may enroll in a PEBB medical plan during the PEBB Program's annual open enrollment period, or no later than 60 days after the date their enrollment in employer-based group medical coverage or such coverage under COBRA coverage or continuation coverage ends.
- **While enrolled in a federal retiree medical plan as a retiree or dependent** will have a one-time opportunity to enroll in a PEBB medical plan during the PEBB Program's annual open enrollment period, or no later than 60 days after their enrollment in a federal retiree medical plan ends.
- **While enrolled in Medicare Parts A and B and a Medicaid program that provides creditable coverage** may enroll in a PEBB medical plan during the PEBB Program's annual open enrollment period, or no later than 60 days after their Medicaid coverage ends, or no later than the end of the calendar year when their Medicaid coverage ends if they were also enrolled in a subsidized Medicare Part D plan.
- **While enrolled in qualified health plan coverage through a health benefit exchange** developed under the Affordable Care Act will have a one-time opportunity to enroll or reenroll in a PEBB medical plan during the PEBB Program's annual open enrollment period, or no later than 60 days after exchange coverage ends.
- **While enrolled in CHAMPVA** will have a one-time opportunity to enroll in a PEBB medical plan during the PEBB Program's annual open enrollment period, or no later than 60 days after their enrollment in a CHAMPVA medical plan ends.
- **While enrolled in Medicare and permanently living outside of the United States and who moves back permanently to the United States, may enroll in a PEBB medical plan during the PEBB Program's annual open enrollment period, or no later than 60 days after the date of the permanent move or the date the retiree or survivor provides notification of such move, whichever is later.**

- **While enrolled as a dependent** in a medical plan sponsored by PEBB or SEBB, including coverage under COBRA or continuation coverage, may enroll in a PEBB medical plan during the PEBB Program's annual open enrollment period, or no later than 60 days after the enrollment in a medical plan sponsored by PEBB or SEBB ends, or such coverage under COBRA or continuation coverage ends. The evidence of continuous enrollment required to enroll as described below may include a health plan sponsored by a Washington State educational service district if enrollment was deferred prior to January 1, 2024.

Note: Enrollment in the PEBB Program's Uniform Medical Plan (UMP) Classic Medicare with Part D (PDP) may not be retroactive. If a subscriber elects this plan and the online enrollment or the required forms are received by the PEBB Program after the date PEBB retiree insurance coverage is to begin, the subscriber and their enrolled dependents will be enrolled in the transitional UMP coverage during the gap month(s) prior to when the UMP Classic Medicare with Part D (PDP) begins.

For a retiree or a survivor to enroll in a PEBB medical plan, the enrollment must be completed online using Benefits 24/7 or the PEBB Program must receive a *PEBB Retiree Election Form (form A)*, any other required forms and supporting documents during the timelines described in this section.

A retiree or a survivor who deferred enrollment while enrolled in other qualifying coverage, must also submit evidence of continuous enrollment in one or more qualifying coverages. A gap in coverage of 31 days or less is allowed between the date PEBB retiree insurance coverage is deferred and the start date of a qualifying coverage, and between each period of enrollment in qualifying coverages during the deferral period.

A retiree or a survivor enrolled in Medicare whose enrollment is deferred while permanently living outside of the United States, and they permanently move back to the United States, must submit proof of enrollment in Medicare Parts A and B; evidence of continuous enrollment in qualified coverage is waived while the retiree or survivor enrolled in Medicare lives outside of the United States.

A retiree or a survivor who deferred their enrollment in PEBB retiree insurance coverage as described above may also enroll in a PEBB medical plan if they receive formal notice that HCA has determined it is more cost-effective to enroll in a PEBB medical plan than a medical assistance program.

A retiree or a survivor should contact the PEBB Program or visit hca.wa.gov/pebb-retirees to get the required forms, information on premiums, and a list of available medical plans.

Making changes during annual open enrollment and special open enrollment

A subscriber may make certain changes to their enrollment during the annual open enrollment or when a specific life event creates a special open enrollment period.

Annual open enrollment changes

A subscriber may make the following changes to their enrollment during the PEBB Program's annual open enrollment period:

- Enroll in a medical plan following a deferral (Retiree or survivor only)
- Defer their enrollment in a medical plan (Retiree or survivor only)
- Terminate their enrollment in a medical plan
- Enroll or remove eligible dependents
- Change their medical plan

A subscriber must submit the election change online using Benefits 24/7 or submit the required *PEBB Retiree Open Enrollment Election/Change Form (form A-OE)* or *PEBB Continuation Coverage*

Election/Change form (as appropriate) along with any other required forms, and any supporting documents to the PEBB Program. The change must be completed online, or the forms must be received, no later than the last day of the annual open enrollment period. The change will be effective January 1 of the following year, except when a subscriber chooses to terminate enrollment or remove an eligible dependent, then the change will be effective on December 31.

Special open enrollment changes

A subscriber may change their enrollment outside of the annual open enrollment period if a qualifying event creates a special open enrollment period. However, the change in enrollment must be allowable under Internal Revenue Code (IRC) and Treasury Regulations and correspond to and be consistent with the event that creates the special open enrollment for the subscriber, their dependent, or both. To disenroll from this medical plan, the change in enrollment must be allowable under federal regulations.

To make an enrollment change, the subscriber must submit the change online using Benefits 24/7 or submit the required *PEBB Retiree Change Form (form E)* or *PEBB Continuation Coverage Election/Change form (as appropriate)* along with any other required forms to the PEBB Program. The change must be completed online, or the PEBB Program must receive the forms no later than 60 days after the event that creates the special open enrollment. In many instances, the date the change is received online or the date the form is received affects the effective date of the change in enrollment. Submitting the requested change sooner may avoid a delay in the enrollment or change. In addition, the PEBB Program will require the subscriber to provide proof of the dependent's eligibility, evidence of the event that created the special open enrollment, or both.

Exceptions:

- A subscriber has six months from the date of their or their dependent's enrollment in Medicare Part B to change their enrollment to a PEBB Medicare Supplement Plan. The change must be made online or the PEBB Program must receive the required form(s) no later than six months after the enrollment in Medicare Part B for either the subscriber or their dependent.
- When a subscriber or their dependent is enrolled in this medical plan, they may disenroll during a special enrollment period as allowed under federal regulations. The new medical plan coverage will begin the first day of the month following the date the *PEBB Medicare Plan Disenrollment Form (form D)* is received.
- A subscriber has seven months to enroll in a Medicare Advantage Prescription Drug (MAPD) plan or Uniform Medical Plan (UMP) Classic Medicare with Part D (PDP) that begins three months before they or their dependent first enrolled in both Medicare Part A and Part B and ends three months after the month of Medicare eligibility. A subscriber may also enroll themselves or their dependent in a MAPD plan or UMP Classic Medicare with Part D (PDP) before their last day of the Medicare Part B initial enrollment period. The change must be made online using Benefits 24/7 or the forms must be received by the PEBB Program, no later than the last day of the month prior to the month the subscriber or their dependent enrolls in the MAPD plan or UMP Classic Medicare with Part D (PDP).
- A subscriber has three months to enroll in a MAPD plan, Medicare Supplement plan, or the UMP Classic Medicare with Part D (PDP), after they or their dependent gain, lose, or have a change in low-income subsidy (LIS) eligibility, or notification of such a change, whichever is later. The change must be made online using Benefits 24/7 or the forms must be received by the PEBB Program, no later than three months after they or their dependent gain, lose, or have a change in LIS eligibility, or notification of such a change, whichever is later.
- If a subscriber wants to enroll a newborn or child whom the subscriber has adopted or has assumed a legal obligation for total or partial support in anticipation of adoption, the subscriber should complete the request online or notify the PEBB Program by submitting the required form(s) as soon as possible to ensure timely payment of claims. If adding the child increases the premium, the request must be

received online, or the required form(s) must be received no later than 60 days after the date of the birth, adoption, or the date the legal obligation is assumed for total or partial support in anticipation of adoption.

Special open enrollment events that allow for a change in health plans

A subscriber may not change their health plan during a special open enrollment if their state-registered domestic partner or state-registered domestic partner's child is not a tax dependent.

Any of the following events may create a special open enrollment:

- Subscriber gains a new dependent due to:
 - Marriage or registering a state-registered domestic partnership.
 - Birth, adoption, or assuming a legal obligation for total or partial support in anticipation of adoption.
 - A child becoming eligible as an extended dependent through legal custody or legal guardianship.
- Subscriber or their dependent loses other coverage under a group health plan or through health insurance coverage, as defined by the Health Insurance Portability and Accountability Act (HIPAA).
- Subscriber has a change in employment status that affects their eligibility for the employer contribution toward their employer-based group health plan.
- Subscriber's dependent has a change in their own employment status that affects their eligibility or their dependent's eligibility for the employer contribution under their employer-based group health plan. "Employer contribution" means contributions made by the dependent's current or former employer toward health coverage as described in the Treasury Regulation.
- Subscriber or their dependent has a change in residence that affects health plan availability. If the subscriber has a change in residence and their current medical plan is no longer available, the subscriber must select a new medical plan. If the subscriber does not elect a new medical plan as required, they will be enrolled in a PEBB medical plan designated by the director of HCA or their designee.
- A court order requires the subscriber or any other individual to provide insurance coverage for an eligible dependent of the subscriber (a former spouse or former state-registered domestic partner is not an eligible dependent).
- Subscriber or their dependent enrolls in coverage under Medicaid or a state Children's Health Insurance Program (CHIP), or the subscriber or their dependent loses eligibility for coverage under Medicaid or CHIP.
- Subscriber or their dependent becomes eligible for state premium assistance subsidy for PEBB health plan coverage from Medicaid or CHIP.
- Subscriber or their dependent enrolls in coverage under Medicare, or the subscriber or their dependent loses eligibility for coverage under Medicare or enrolls in or terminates enrollment in a Medicare Advantage Prescription Drug or a Part D plan. If the subscriber's current medical plan becomes unavailable due to the subscriber or their dependents enrollment in Medicare, the subscriber must select a new medical plan.
- Subscriber or their dependent gains, loses, or has a change in low-income subsidy eligibility.
- Subscriber or their dependent's current medical plan becomes unavailable because the subscriber or enrolled dependent is no longer eligible for a health savings account (HSA).
- Subscriber or their dependent experiences a disruption of care for active and ongoing treatment that could function as a reduction in benefits for the subscriber or their dependent. The subscriber may not change their health plan election because the subscriber or dependent's physician stops participation

with the subscriber's health plan unless the PEBB Program determines that a continuity of care issue exists. The PEBB Program will consider but not limit its consideration to the following:

- Active cancer treatment, such as chemotherapy or radiation therapy
- Treatment following a recent organ transplant
- A scheduled surgery
- Recent major surgery still within the postoperative period
- Treatment for a high-risk pregnancy
- The PEBB Program determines that there has been a substantial decrease in the providers available under a PEBB medical plan.

Note: The plan cannot guarantee that any physician, hospital, or other provider will be available or remain under contract with the plan. An enrollee may not change medical plans simply because their provider or health care facility discontinues participation with this medical plan until the PEBB Program's next annual open enrollment or when another qualifying event creates a special open enrollment for changing health plans, unless the PEBB Program determines that a continuity of care issue exists or there has been a substantial decrease in the providers available under the plan.

Special open enrollment events that allow adding or removing a dependent
Any of the following events may create a special open enrollment:

- Subscriber gains a new dependent due to:
 - Marriage or registering a state-registered domestic partnership.
 - Birth, adoption, or when the subscriber has assumed a legal obligation for total or partial support in anticipation of adoption.
 - A child becoming eligible as an extended dependent through legal custody or legal guardianship.
- Subscriber or their dependent loses other coverage under a group health plan or through health insurance coverage, as defined by the Health Insurance Portability and Accountability Act (HIPAA).
- Subscriber has a change in employment status that affects their eligibility for the employer contribution toward their employer-based group health plan.
- Subscriber's dependent has a change in their own employment status that affects their eligibility or their dependent's eligibility for the employer contribution under their employer-based group health plan. "Employer contribution" means contributions made by the dependent's current or former employer toward health coverage as described in the Treasury Regulation.
- Subscriber or their dependent has a change in enrollment under an employer-based group health plan during its annual open enrollment that does not align with the PEBB Program's annual open enrollment.
- Subscriber's dependent has a change in residence from outside of the United States to within the United States, or from within the United States to outside of the United States and that change in residence resulted in the dependent losing their health insurance.
- A court order requires the subscriber or any other individual to provide insurance coverage for an eligible dependent of the subscriber (a former spouse or former state-registered domestic partner is not an eligible dependent).
- Subscriber or their dependent enrolls in coverage under Medicaid or a state Children's Health Insurance Program (CHIP) or the subscriber or their dependent loses eligibility for coverage under Medicaid or CHIP.

- Subscriber or their dependent becomes eligible for a state premium assistance subsidy for PEBB health plan coverage from Medicaid or CHIP.
- Subscriber's dependent enrolls in Medicare or loses eligibility for Medicare.
- Subscriber or their dependent enrolled in a Medicare Advantage Prescription Drug plan, Medicare Supplement plan, or the Uniform Medical Plan Classic Medicare with Part D (PDP) who gains, loses, or has a change to their low-income subsidy eligibility.

When medical coverage ends

Termination dates

Medical coverage ends on the following dates:

- On the last day of the month when any enrollee ceases to be eligible.
- On the date a medical plan terminates due to a change in contracted service area or when the group policy ends. If that should occur, the subscriber will have the opportunity to enroll in another PEBB medical plan.
- The end of the month after a termination notice for non-payment of premiums is sent.
- The first of the month following the date the *PEBB Medicare Plan Disenrollment Form (form D)* is received, when an enrolled retiree or survivor requests to defer enrollment in PEBB retiree insurance coverage.
- The last day of the month the *PEBB Medicare Plan Disenrollment Form (form D)* is received, when a subscriber requests to voluntarily terminate enrollment in a medical plan.
- The last day of the month as required by federal law when a subscriber or their dependent must be disenrolled by a Medicare Advantage Prescription Drug plan or a Medicare Part D plan, due to permanently living in a location outside of the United States.

A subscriber will be responsible for payment of any services received after the date medical coverage ends, as described above.

Final premium payments

The subscriber is responsible for timely payment of premiums and applicable premium surcharges.

Premium payments and applicable premium surcharges are not prorated during any month, for any reason, even if an enrollee dies or asks to terminate their medical plan before the end of the month.

An exception occurs when an enrolled retiree dies, in which case, HCA will waive the premium payment for medical, dental, vision, and any applicable premium surcharges for the retiree for the month in which the death occurred.

If the monthly premium or applicable premium surcharges remain unpaid for 30 days, it will be considered delinquent. A subscriber is allowed a grace period of 30 days from the date the monthly premium or applicable premium surcharges become delinquent to pay the unpaid premium balance or applicable premium surcharges. If the subscriber's premium balance or applicable premium surcharges remain unpaid for 60 days from the original due date, a notice will be sent to them notifying them that they are delinquent on their monthly premiums and that the enrollment will be terminated prospectively to the end of the month after the notice is sent.

If an enrollee is hospitalized

An enrollee who is receiving covered services in a hospital on the date medical coverage ends will continue to be eligible for covered services while an inpatient for the condition which the enrollee was hospitalized, until one of the following events occur:

- According to this plan's clinical criteria, it is no longer medically necessary for the enrollee to be an inpatient at the facility.
- The remaining benefits available for the hospitalization are exhausted, regardless of whether a new calendar year begins.
- The enrollee becomes covered under another agreement with a group health plan that provides benefits for the hospitalization.
- The enrollee becomes enrolled under an agreement with another carrier that provides benefits for the hospitalization.

This provision will not apply if the enrollee is covered under another agreement that provides benefits for the hospitalization at the time medical coverage ends, except as set forth in this section, or if the enrollee is eligible for PEBB Continuation Coverage as described in "Options for continuing PEBB medical coverage."

Options for continuing PEBB medical coverage

A subscriber and their dependents covered by this medical plan may be eligible to continue enrollment under PEBB Continuation Coverage (COBRA) if they lose eligibility. PEBB Continuation Coverage (COBRA) temporarily extends group insurance coverage if certain circumstances occur that would otherwise end the subscriber's or their dependent's PEBB medical coverage. PEBB Continuation Coverage (COBRA) includes eligibility and administrative requirements under federal COBRA laws and regulations and also includes coverage for some enrollees who are not qualified beneficiaries under federal COBRA continuation coverage. Refer to the *PEBB Continuation Coverage Election Notice* for details.

A retiree or survivor and their dependents covered by this medical plan who lose eligibility for PEBB retiree insurance coverage when their employer group ends participation with the Health Care Authority, may be eligible to continue their enrollment under PEBB Continuation Coverage (Employer Group Ended Participation).

The PEBB Program administers these coverages. Call the PEBB Program at 1-800-200-1004 (TRS: 711) for details.

Options for continuing coverage under PEBB Retiree Insurance Coverage

A dependent becoming eligible as a survivor of a retiree or a COBRA continuation coverage subscriber whose coverage ends may be eligible to continue enrollment or defer enrollment in PEBB retiree insurance coverage if they meet procedural and substantive eligibility requirements. See the *PEBB Retiree Enrollment Guide* for details.

General provisions for eligibility and enrollment

Termination for just cause

The purpose of this provision is to allow for a fair and consistent method to process the plan-designated provider's request to terminate an enrollee's coverage from this plan for just cause.

A retiree or an eligible dependent may have coverage terminated by HCA for the following reasons:

- Failure to comply with the PEBB Program's procedural requirements, including failure to provide information or documentation requested by the due date in written requests from the PEBB Program
- Knowingly providing false information
- Failure to pay the monthly premium and applicable premium surcharges when due
- Misconduct. Examples of such termination include, but are not limited to the following:
 - Fraud, intentional misrepresentation or withholding of information the subscriber knew or should have known was material or necessary to accurately determine eligibility or the correct premium
 - Abusive or threatening conduct repeatedly directed to an HCA employee, a health plan, or other HCA-contracted vendor providing PEBB insurance coverage on behalf of HCA, its employees, or other persons

If a retiree's PEBB insurance coverage is terminated by HCA for the above reasons, PEBB insurance coverage for all of the retiree's eligible dependents is also terminated.

Appeal rights

Any enrollee may appeal a decision made by the PEBB Program regarding PEBB eligibility, enrollment, premium payments, or premium surcharges to the PEBB Appeals Unit.

Learn more at hca.wa.gov/pebb-appeals.

Fax: 360-763-4709

Mail: Health Care Authority
Attn: PEBB Appeals Unit
PO Box 45504
Olympia, WA 98504-5504

Hand deliver: Health Care Authority
626 8th Avenue SE
Olympia, WA 98501

Any enrollee may appeal a decision regarding the administration of a PEBB medical plan by following the appeal provisions of the plan, except when regarding eligibility, enrollment, and premium payment decisions.

Relationship to law and regulations

Any provision of this certificate of coverage that is in conflict with any governing law or regulation of Washington State is hereby amended to comply with the minimum requirements of such law or regulation.

PEBB customer service

For questions about PEBB eligibility and enrollment, please call the PEBB Program at 1-800-200-1004 (TRS:711) or visit hca.wa.gov/pebb.

For questions about Medicare, please call the Centers for Medicare and Medicaid Services (CMS) at 1-800-MEDICARE or visit [medicare.gov](https://www.medicare.gov).

Definitions

Allowed amount, medical services

Allowed amount for medical services is the most the plan pays for a specific covered service or supply. The allowed amount is determined as follows:

- **For preferred providers** that are within the Regence BlueShield service area, the Preferred Provider Organization (PPO) contract with Regence BlueShield is the relevant contract that determines the allowed amount. For preferred providers that are outside the Regence BlueShield service area, the contract with another Blue Cross or Blue Shield organization in the BlueCard® Program for its PPO network is the relevant contract that determines the allowed amount.
- **For participating providers** that are within the Regence BlueShield service area, the participating provider contract with Regence BlueShield is the relevant contract that determines the allowed amount. For participating providers that are outside the Regence BlueShield service area, the contract with another Blue Cross or Blue Shield organization in the BlueCard® Program is the relevant contract that determines the allowed amount.
- **For out-of-network providers** who are within the Regence BlueShield service area and not contracted with Regence BlueShield, the amount Regence has determined to be reasonable charges for covered services and supplies is the allowed amount.

The allowed amount may be based upon the billed charges for some services, as determined by Regence or as otherwise required by law. If a provider is not in the network, as described above, but has a contract with Regence, the allowed amount is based on the negotiated rate.

- **For out-of-network providers accessed through the BlueCard® Program**, the allowed amount is the lower of the provider's billed charges and the amount that the other Blue plan identifies as the amount on which it would base a payment to that provider.

Under the BlueCard® Program, when you access covered services within the geographic area served by a Host Blue, Regence BlueShield will remain responsible for fulfilling contractual obligations.

However, the Host Blue is responsible for contracting with and generally handling all interactions with its network providers.

Whenever you access covered services outside Regence BlueShield's service area and the claim is processed through the BlueCard® Program, the amount you pay for covered services is calculated based on the lower of:

- The covered billed charges for your covered services; or
- The negotiated price that the Host Blue makes available to Regence.

Often, this negotiated price will be a simple discount that reflects an actual price that the Host Blue pays to your health care provider. Sometimes, it is an estimated price that considers special arrangements with your health care provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care providers after considering the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also consider adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price Regence uses for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, Regence BlueShield would then calculate your liability for any covered services according to applicable law.

Charges more than the allowed amount are not reimbursable. For questions regarding the basis for determination of the allowed amount, contact UMP Customer Service.

Ambulatory surgery center (ASC)

An **ambulatory surgery center (ASC)** is a health care facility that specializes in providing surgery, pain management, and certain diagnostic services in an outpatient setting. ASC-qualified procedures are typically more complex than those done in a doctor's office but not so complex as to require an overnight stay. Procedures commonly performed in these centers include colonoscopies, endoscopies, cataract surgery, orthopedic, and ENT (ear, nose, and throat) procedures. An ASC may also be known as an outpatient surgery center or same-day surgery center.

Annual open enrollment

Annual open enrollment is a period of time defined by HCA when a subscriber may change to another health plan offered by the PEBB Program and make certain other account changes for an effective date beginning January 1 of the following year.

Appeal

See the "Complaint and appeal procedures" section for an explanation of appeals and how the process works. For appeals related to PEBB Program eligibility or enrollment see "Appeal rights" in the "Eligibility and Enrollment" section for more information.

Authorized representative

An **authorized representative** is someone you have designated in writing to communicate with the plan on your behalf. See page 98 for how this works.

Balance billing

Balance billing is a provider billing you for the difference between the billed amount and the allowed amount. Preferred and participating providers cannot balance bill you for covered services above the allowed amount.

When you receive nonemergency services at a network hospital, network hospital outpatient department, network critical access hospital, or network ambulatory surgical center in Washington State, you pay the network rate and cannot be balance billed regardless of the network status of the provider. For nonemergency services performed at one of these facilities outside of Washington State, you still pay the network rate, but in some states, an out-of-network provider may be allowed to ask you to waive some of your balance billing protections.

When you receive covered ground or air ambulance services in Washington State, you pay the network rate and cannot be balance billed regardless of the network status of the provider.

At an out-of-network facility, when you receive emergency services you cannot be balance billed.

Birthday rule

In some instances, the **birthday rule** is used to determine which group health plan will pay first for the dependent children of married, living together and not married, legally separated, or divorced parents. This rule looks at only the month and day, not the year, of the parents' birthdays. For example, the plan of

a parent born April 14 is primary over the plan of a parent born August 21. If both parents have the same birthday, the plan that has covered either parent the longest is primary.

Business day

Business days are Mondays through Fridays, except for legal holidays observed by Washington State.

Calendar day

A **calendar day** is any day of the week regardless of whether it is observed as a legal holiday by Washington State.

Calendar year

A **calendar year** is January 1 through December 31.

Chronic migraine

A **chronic migraine** is having a headache on 15 or more days per month of which eight or more days are a migraine.

Clinical review

Clinical review is when the plan has a clinical professional review medical records related to treatment to determine if treatment is medically necessary.

Coinsurance

Coinsurance is the percentage of the allowed amount you must pay the provider on claims for which the plan pays less than 100 percent of the allowed amount. This includes most medical services.

COBRA Continuation Coverage

COBRA Continuation Coverage means the temporary continuation of PEBB benefits available to enrollees under the Consolidated Omnibus Budget Reconciliation Act (COBRA). COBRA includes eligibility and administrative requirements under federal COBRA laws and regulations, and also includes coverage for some enrollees who are not qualified beneficiaries under federal COBRA continuation coverage.

Coordination of benefits (COB)

For members covered by more than one group health plan, **coordination of benefits (COB)** is the method the plan uses to determine which plan pays first, which pays second, and the amount paid by each plan. See description and examples in the "Coordination of Benefits" section.

Copay

Copay is a set dollar amount you pay when receiving specific services, treatments, or supplies, such as chiropractic, acupuncture, massage therapy, inpatient hospitalization, or emergency room visits.

Cost-share

Cost-share means the amount you pay for a service or supply. This may be a deductible, coinsurance, copay, or amounts not covered by the plan.

Custodial care

Custodial care is care primarily to assist in activities of daily living, including institutional care primarily to support self-care and provide room and board. Custodial care includes, but is not limited to, help in walking, getting into and out of bed, bathing, dressing, feeding and preparing special diets, and supervising prescription drugs that are ordinarily self-administered.

Deductible, medical

Your **medical deductible** is a fixed dollar amount you must meet each calendar year for health care expenses before the plan starts paying for covered services. You pay the first \$250 per member in medical expenses to your providers (\$750 maximum if you have a family of three or more on one account). Only expenses covered by the plan apply to your deductible. For example, if you receive LASIK surgery (see exclusion on 71), the plan does not apply this payment to your medical deductible. Some services are not subject to this deductible (see the "Summary of benefits" section). See the "What you pay for medical services" section for details on how your medical deductible works.

Dependent

A **dependent** is an eligible spouse, state-registered domestic partner, child, or other eligible family member as described in "Dependent eligibility" (see the "Eligibility for subscribers and dependents" section on page 101) that is either covered by or eligible to be covered by the plan under the subscriber's account.

Detoxification

Detoxification is a medically supervised treatment program for individuals with alcohol or drug intoxication, designed to rid the body of toxic substances and manage withdrawal symptoms.

Developmental delay

Developmental delay is a significant lag in reaching developmental milestones as expected during infancy and early childhood. The cause may be present at birth or acquired after birth from a disease or disorder of the body, an injury, a disorder of the mind or emotions, or harmful effects of the surrounding environment. Only a physician or other provider may diagnose a developmental delay.

Durable medical equipment (DME)

Durable medical equipment (DME) is:

- Designed for prolonged use.
- For a specific therapeutic or clinical purpose, or to assist in the treatment of an injury or illness.
- Medically necessary (meeting all plan medical necessity criteria).
- Primarily and customarily used only for a medical purpose.

See page 71 for examples of equipment that is not covered.

Effectiveness

Effectiveness means the extent to which a specific intervention, procedure, service, level of service, or supply, may reasonably be expected to produce the intended results and to have expected benefits that outweigh potential harmful effects under real-world circumstances.

Efficacy

Efficacy is the extent to which a specific intervention, procedure, service or supply produces the desired effect under ideal conditions (in a controlled environment under lab circumstances).

Elective contact lenses

Elective contact lenses are covered lenses under the frame limit in lieu of coverage for eyeglasses.

Emergency

See the "Medical emergency" definition.

Employer group

Employer group for the Public Employees Benefits Board (PEBB) Program means those counties, municipalities, political subdivisions, the Washington health benefits exchange, tribal governments, and employee organizations representing state civil service employees obtaining employee benefits through a contractual agreement with the Health Care Authority (HCA) to participate in benefit plans developed by the PEB board.

Employer group for the School Employees Benefits Board (SEBB) Program means an employee organization representing school employees and a tribal school as defined in RCW 28A.715.010, obtaining school employee benefits through a contractual agreement with the Health Care Authority (HCA) to participate in benefit plans developed by the SEB board.

Employing agency

Employing agency means a division, department, or separate agency of state government, including an institution of higher education; a county, municipality, or other political subdivision; and a tribal government covered by chapter 41.05 RCW.

Enrollee

Enrollee means a person who meets all eligibility requirements and is enrolled in PEBB benefits, and for whom applicable premium payments have been made.

Experimental or investigational

Experimental or investigational means any treatment that is not recognized by the plan as conforming to standard medical care for the condition, disease, illness, or injury being treated. "Treatment" in this setting may include any intervention, therapy, procedure, facility, equipment, drug usage, device, service, supply, intervention, biologic product or drug. Experimental and investigational treatments are not covered, even if the treatment is considered medically necessary. The plan will review scientific evidence from well-designed clinical studies found in peer-reviewed medical literature, if available, and information obtained from the treating provider regarding the treatment to determine if it is experimental or investigational.

A treatment meeting any of the following criteria is considered experimental or investigational:

- Approval of the treatment or one of its components by one or more government agencies (e.g., FDA) is required but has not been obtained at the time the treatment is requested or administered.
- The improvement has not been shown to be attainable outside the laboratory or clinical research setting.

- The scientific evidence does not permit conclusions concerning the effect of the treatment on health outcomes, which include the disease process, injury or illness, length of life, ability to function, and quality of life.
- The scientific evidence does not show that the treatment is as beneficial as any established alternatives.
- The treatment has not been demonstrated to improve net health outcomes.
- The treatment has scientific evidence to support its use, but not for the specific indication for which it is being requested.
- The treatment is a drug or device that is prescribed for other than its FDA-approved use(s) and is not recognized as “effective” for the use for which it is being prescribed. To be considered “effective” for other than its FDA-approved use, a prescription drug or device must be so recognized in one of the standard reference compendia or, if not, then in a majority of relevant peer-reviewed medical literature; or by the U.S. Secretary of Health and Human Services.
- The treatment is considered to be experimental or investigational by U.S. standards.
- The treatment is drug combination therapy, when the scientific literature only supports the drug’s use as monotherapy and not when utilized in combination with other drugs.
- The treatment is drug monotherapy, when the scientific literature only supports the drug’s use when utilized in combination with other drugs.
- The treatment is not provided by a provider that has demonstrated medical proficiency in the provision of the treatment.
- The treatment is only available in the U.S. as part of a clinical trial or research program for the illness or condition being treated.
 - Although the plan does not pay for items, drugs, devices, or services (including items, drugs, devices, or services provided in a clinical trial) for investigational use, the plan does not deny qualified individuals from participating in approved clinical trials. The terms “qualified individual” and “approved clinical trial” are defined in 42 U.S.C. §300gg-8. If a qualified individual is participating in an approved clinical trial, the plan will not deny, limit, or impose additional conditions on the coverage for routine patient costs for items and services furnished in connection with participation in the trial and will not discriminate against the individual on the basis of the individual’s participation in such trial. The plan will apply its standard terms and conditions for routine patient costs for items and services furnished in connection with participation in the trial.
- The treatment is the subject of an on-going phase I or phase II clinical trial or is the research, experimental, study, or investigational arm of an on-going phase III clinical trial.

Explanation of Benefits (EOB)

An **Explanation of Benefits (EOB)** is a detailed account of each medical claim processed by the plan, which the plan sends to you to notify you of claim payment or denial. You may also sign in to your Regence account or contact UMP Customer Service to request a copy of an EOB (see Directory for link and contact information). You will need to provide identifying information over the phone.

Family

Family is defined as all eligible family members (subscriber and dependents) who are enrolled on a single account.

Fee schedule

A **fee schedule** is a list of the plan's maximum payment amounts for specific services or supplies. Preferred providers have agreed to accept these fees as payment in full for services to members. See the definition of "Allowed amount, medical services" for more details.

Gestational Parent

The individual who carries the pregnancy and gives birth.

Grievance

A **grievance** is also called a complaint. See the "Complaint and appeal procedures" section for details on how these are handled.

Habilitative (neurodevelopmental) services

Habilitative (neurodevelopmental) services are health care services that help you keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who isn't walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology, and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

Health Care Authority (HCA)

The **Health Care Authority (HCA)** is the Washington State agency that administers the Uniform Medical Plan (UMP Classic, UMP Classic Medicare with Part D (PDP), UMP Select, and UMP CDHP), in addition to the following health care programs: Washington Prescription Drug Program, PEBB Program, SEBB Program, Behavioral Health and Recovery, and Apple Health (also known as Medicaid).

Health intervention

Health intervention is a prescription drug, service, or supply provided to prevent, diagnose, detect, treat, or palliate the following: disease, illness, injury, genetic or congenital anomaly, pregnancy, or biological or psychological condition that lies outside the range of normal, age-appropriate human variation. A health intervention may also maintain or restore functional ability. A health intervention is defined not only by the intervention itself, but also by the medical condition and patient indications for which it is being applied. A health intervention is new if it is not yet in widespread use for the medical condition and the patient indications being considered.

Health outcomes

Health outcomes are results that affect health status as measured by the length or quality (primarily as perceived by the member) of a person's life.

Home health agency

A home health agency is an agency or organization that:

- Provides a program of home health care;
- Practices within the scope of its license as a provider of home health services; and
- Is Medicare-certified, accredited by the Joint Commission on Accreditation of Healthcare Organizations, or a preferred provider.

Hospice

Hospice is services provided by a state-licensed hospice program in the member's home or in a hospice facility to terminally ill members. Hospice care includes services such as pain care relief for terminally ill members without the intent to cure, and support services for their families.

Hospital

A **hospital** is an institution accredited under the Hospital Accreditation Program of the Joint Commission and licensed by the state where it is located. A hospital has a defined course of therapeutic intervention and special programming in a controlled environment. A hospital also offers a degree of security, supervision, and structure. Hospital patients must be medically monitored with 24-hour medical availability and 24-hour onsite services as defined in federal guidelines outlining *Conditions of Participation for Hospitals*.

The term hospital does not include a convalescent nursing home or institution (or a part of one) that:

- Furnishes primarily domiciliary or custodial care.
- Is operated as a school.
- Is used principally as a convalescent facility, rest facility, nursing facility, or facility for the aged.

Inpatient copay

The **inpatient copay** is what you pay for inpatient services at a preferred facility, such as a hospital, or skilled mental health, nursing, or substance use disorder facility. Members pay \$200 per day up to \$600 maximum per facility admission. The inpatient copay does not apply to your medical deductible but does apply to the medical out-of-pocket limit.

Professional charges, such as for physicians or lab work, may be billed separately and are not included in this copay.

Inpatient rate

The **inpatient rate** means that the plan pays 100 percent of the allowed amount after you pay your deductible and copay at preferred facilities.

The plan pays for professional services, such as provider visits or lab tests, based on the provider's network status during an inpatient stay:

- Preferred providers: You pay 15 percent of the allowed amount after you meet your medical deductible. The plan pays 85 percent of the allowed amount.
Note: For behavioral health professional services, the plan pays 100 percent of the allowed amount.
- Participating providers: You pay 40 percent of the allowed amount after you meet your medical deductible. The plan pays 60 percent of the allowed amount.
- Out-of-network providers: You pay 40 percent of the allowed amount after you meet your medical deductible. You pay all charges billed to you above the allowed amount (known as balance billing). The plan pays 60 percent of the allowed amount.

Inpatient stay

An **inpatient stay** begins when you are admitted to a hospital or other medical facility, and ends when you are discharged from that facility.

Independent review organization (IRO)

An **independent review organization (IRO)** conducts the independent (or external) review of an appeal. An IRO is a group of medical and benefit experts certified by the Washington State Department of Health and not related to the plan, Regence BlueShield, or HCA. An IRO is intended to provide unbiased, independent clinical and benefit expertise, as well as evidence-based decision making while ensuring confidentiality. The IRO reviews your appeal to determine if the plan's decision is consistent with state law and the applicable COC. The plan pays the IRO's charges. See "External review (independent review)" on page 91.

Intensive Outpatient Program

Intensive Outpatient Program (IOP) is an outpatient program that is licensed as a facility or agency by the appropriate state agency and is provided under the supervision of a psychiatrist or psychiatric extender. IOP is intended to provide treatment on an outpatient basis, does not include boarding or housing, and is intended to provide treatment interventions in a structured setting, with patients returning to their home environments each day. IOP is a minimum of three hours per day, three days per week.

Limited benefit

TIP: This definition applies only to those benefits in which it is used in this COC. Other benefits have additional limits related to medical necessity or preauthorization of services (see the "Limits on plan coverage" section).

A **limited benefit** is a benefit that is limited to a certain number of visits or a maximum dollar amount. The limit applies to these benefits even if the provider prescribes additional visits and even if the visits are medically necessary.

For benefits limited to a certain number of visits, any visits that are applied to your medical deductible also count against your annual visit or dollar limit. In addition, visits that are paid by another health plan that is primary apply to the plan limit. For example, if your primary plan applies your first 12 chiropractor sessions to your medical deductible, you may receive coverage for 12 more sessions in that calendar year, for a total of 24 visits (the visit maximum for chiropractic services). For benefits limited to a certain dollar amount (e.g., wigs), you pay all charges billed to you above the maximum dollar amount. Any amounts billed above the maximum dollar limit do not apply to your out-of-pocket limit.

These limits apply **per member**.

Services are counted against a limited benefit according to the type of service, not the provider type. When a provider practicing within the scope of their license provides services coded under a limited benefit (e.g., spinal manipulation or physical therapy), those services will be counted against the benefit regardless of the provider type. In addition, if more than one type of limited benefit service is provided during a single visit, the services will count against all the limited benefits. For example, if both manipulation and physical therapy codes are billed for a visit, that visit will count against both the spinal and extremity manipulation and physical therapy benefit limits.

Maintenance care

Maintenance care is a health intervention after the member has reached maximum rehabilitation potential or functional level and has shown no significant improvement for one to two weeks, and instruction in the maintenance program has been completed.

Maintenance care may apply to several different services, including, but not limited to, physical therapy, speech therapy, neurodevelopmental therapy, home health care, and skilled nursing care.

Medical

Medical generally refers to all plan benefits and services other than those covered under preventive care and prescription drug benefits (except as the term is used in the eligibility sections of this COC).

Medical benefit

Medical benefit refers to services subject to your medical deductible, and copay or coinsurance. See the “What you pay for medical services” section for a description of how this works.

Medical emergency

A **medical emergency** means a medical condition that manifests itself by acute symptoms of sufficient severity (including severe pain) so that a prudent layperson who has an average knowledge of medicine and health would reasonably expect that not seeking immediate medical treatment at an emergency room would result in any one of the following:

- Places the member’s health, or with respect to pregnancy, the health of an unborn child, in serious jeopardy;
- Causes serious impairment to bodily functions; or
- Causes serious dysfunction of any bodily organ or part.

Medical food

Medical food is food administered under the supervision of a provider, intended for the specific dietary management of a disease or condition for which there are distinctive nutritional requirements.

Medically necessary or medical necessity

ALERT! The provider or member must provide documentation demonstrating medical necessity when requested by the plan, or the plan may deny services as not medically necessary. The plan may not cover some medically necessary services. All benefits or services that are medically necessary are subject to the plan’s coverage limitations, exclusions, and provisions of the plan. It is important to review this COC or verify coverage with UMP Customer Service before receiving services.

Medically necessary or medical necessity means health care services, supplies, or interventions that a licensed health care provider recommends and all the following conditions are met:

- The purpose of the service, supply, or intervention is to prevent, evaluate, treat, or diagnose an illness, injury, disease, or its symptoms.
- The level of service, supply, or intervention is appropriate considering the potential benefits and harm to the member.
- The level of service, supply, or intervention is known to be effective in improving health outcomes.
- The level of service, supply, or intervention recommended for this condition is cost-effective compared to alternative interventions, including no intervention.

- The service, supply, or intervention is not being recommended for reasons of convenience to the patient or health care provider.
- For services that the HTCC has reviewed, and that UMP has implemented, medical necessity is established only when HTCC's coverage conditions are met.

The fact that a physician or other provider prescribes, orders, recommends, or approves a service or supply does not make it medically necessary.

The plan may require proof that services, interventions, or supplies (including court-ordered care) are medically necessary. Depending on the circumstances, such proof may be documentation about the member's condition or scientific evidence about the effectiveness of the treatment.

The plan will not provide benefits if the required proof is not received, or does not adequately justify the medical necessity of the or service supply. Claims processing may be delayed if proof of medical necessity is required but not adequately provided by the health service provider.

The plan uses scientific evidence from peer-reviewed medical literature to determine effectiveness for services and interventions not yet in widespread use for the medical condition and member indications being considered.

For services that the HTCC has reviewed, and that UMP has implemented, state law requires that UMP use the HTCC's coverage criteria in determining whether the service is medically necessary. When the HTCC determines that a service is not covered, then the service is not covered by the plan. If the HTCC determines that a service is covered, then the HTCC's criteria (if any) determine medical necessity. The HTCC's decisions and related documentation are available on the HCA website at hca.wa.gov/hta.

For services, interventions, or supplies not related to an HTCC review, the plan first uses scientific evidence, then professional standards, then expert opinion to determine coverage.

Scientific evidence consists primarily of controlled clinical trials that either directly or indirectly demonstrate the effect of the intervention on health outcomes. If controlled clinical trials are not available, observational studies that demonstrate a causal relationship between the intervention and health outcomes may be used. Partially controlled observational studies and uncontrolled clinical series may be suggestive, but do not by themselves demonstrate a causal relationship unless the magnitude of the effect observed exceeds anything that could be explained either by the natural history of the medical condition or potential experimental biases.

Interventions for which clinical trials have not been conducted because of epidemiological reasons (that is, rare or new diseases or orphan populations) shall be evaluated based on professional standards of care or expert opinion.

A level of service, supply, or intervention is considered cost effective if the benefits and harms relative to the costs represent an economically efficient use of resources for members with this condition. The plan applies this criterion based on the individual member's medical situation and characteristics. Cost-effective does not always mean the lowest price.

Preventive services not covered by the plan's preventive care benefit will still be covered under the medical benefit if the outlined criteria are met for medical necessity.

Member

A **member** is a retiree, former employee or former dependent in COBRA Continuation Coverage, survivor, retired employee of a former employer group, or dependent enrolled in the plan (see also the "Enrollee" definition).

Necessary contact lenses

Necessary contact lenses are contact lenses that are prescribed by your provider for other than elective or cosmetic purposes. Necessary contact lenses are used to treat specific conditions for which contact lenses provide better visual correction.

Network

Network is the preferred and participating facilities, providers, and suppliers your health plan contracts with to provide health care services.

Network provider

A **network provider** is a preferred or participating provider. See the “Participating provider” definition and the “Preferred provider” definition for specific details.

Network rate

The **network rate** means the plan pays 85 percent of the allowed amount for preferred providers after you meet your medical deductible.

Network status

Network status refers to whether a provider is preferred, participating, or out-of-network with the plan. You may find out the network status of your provider by visiting the UMP provider search or by contacting UMP Customer Service (see Directory for link and contact information).

Noncovered services

Noncovered services refers to any medical service that is not covered by the plan. Some services may be medically necessary, yet still are not covered. See the “What the plan does not cover” section. When the HTCC determines that a service is not covered, then the service is not covered by the plan.

Nonduplication of benefits

Nonduplication of benefits is how UMP coordinates benefits when UMP is your secondary coverage. When another plan is primary (pays first), that plan pays their normal benefit. UMP then pays up to the amount we would have paid if UMP had been the primary plan. If the primary plan pays as much or more than the normal UMP benefit, UMP pays nothing. UMP does not pay the rest of the allowed amount.

Normal benefit

The plan’s **normal benefit** is the dollar amount the plan would normally pay if no other group health plan had the primary responsibility to pay the claim for a benefit.

Occupational injury or illness

An **occupational injury or illness** is one resulting from work that is for pay or profit.

Orthognathic and Telegnathic surgery

Orthognathic surgery is surgery to correct conditions of the jaw and face related to structure, growth, or TMJ disorders, or to correct orthodontic problems that cannot be easily treated with braces.

Telegnathic surgery means skeletal advancement to enlarge and stabilize the pharyngeal airway to treat obstructive sleep apnea.

Out-of-network provider(s)

An out-of-network provider is a health care provider that is:

- In the Regence BlueShield service area, but is not contracted as part of Regence BlueShield's PPO network; or
- Outside the Regence BlueShield service area, but is not contracted with another Blue Cross or Blue Shield organization in the BlueCard® Program (designated as a provider in the PPO network) to provide services and supplies to plan members.

See page 12 for a description of how services by these providers are covered.

Out-of-network provider(s), vision

Out-of-network provider(s), vision do not have a contract with the current carrier.

Out-of-network rate, medical

Out-of-network providers are paid at the **out-of-network rate**. When you receive medical services from out-of-network providers, you pay 40 percent of the allowed amount after you meet your medical deductible. You pay all charges billed to you above the allowed amount (known as balance billing). The plan pays 60 percent of the allowed amount.

Out-of-pocket limit, medical

The **medical out-of-pocket limit** is the most you pay during a calendar year for covered medical services before the plan pays 100 percent of the allowed amount for preferred providers. This limit does not include your premium, balance-billed charges, or services the plan does not cover. For more information on how this works, see the "Medical out-of-pocket limit" section.

For this plan, your medical out-of-pocket limit including dependents is \$2,500 per person and \$5,000 per family.

Outpatient rate

The plan's **outpatient rate** depends on the provider's status:

- Preferred providers: You pay 15 percent of the allowed amount after you meet your medical deductible. The plan pays 85 percent of the allowed amount.
- Participating providers: You pay 40 percent of the allowed amount after you meet your medical deductible. The plan pays 60 percent of the allowed amount.
- Out-of-network providers: You pay 40 percent of the allowed amount after you meet your medical deductible. You pay all charges billed to you above the allowed amount (known as balance billing). The plan pays 60 percent of the allowed amount.

Outpatient surgery center

See the "Ambulatory surgery center (ASC)" definition.

Outward Bound

An international network of outdoor education organizations whose aim is to foster the personal growth and social skills of participants by using challenging expeditions in the outdoors.

Partial Hospitalization Program (PHP)

Partial Hospitalization Program (PHP) is an inpatient program that is provided under the supervision of an attending psychiatrist or psychiatric extender. PHP is intended to provide treatment on an inpatient basis, does not include boarding or housing, and is intended to provide treatment interventions in a structured setting, with patients returning to their home environments each day. PHP is a minimum of five hours per day, five days per week.

Participating provider

A **participating provider** is:

- Contracted with Regence BlueShield but is not in your plan's preferred network, and they cannot balance bill you.
- Considered out of network for your plan, except for the following services:
 - Covered preventive services.
 - Mental health or substance use disorder.
 - Emergency services for a medical emergency (including air ambulance).

Peer-reviewed medical literature

Peer-reviewed medical literature is scientific studies printed in journals or other publications in which original manuscripts are published only after being critically reviewed for scientific accuracy, validity, and reliability by unbiased independent experts. Peer-reviewed medical literature, for example, does not include information from health-related websites or in-house publications of pharmaceutical manufacturers.

Physician services

Physician services are health care services provided or coordinated by a licensed medical physician, such as a:

- Doctor of osteopathic medicine (D.O.)
- Medical doctor (M.D.)
- Naturopathic physician (N.D.)

Find the complete list of covered provider types on the UMP website at ump.regence.com/pebb/benefits/providers/covered-providers.

Plan

Plan, as referred to in this document, means Uniform Medical Plan Classic Medicare with Part D (PDP) (UMP Classic Medicare with Part D [PDP]), a self-insured PPO plan offered by the PEBB Program. In the eligibility section see "Eligibility for subscribers and dependents" on page 101. "Plan" may include other plans not sponsored by the PEBB Program. In the "Coordination of Benefits" section, "plan" may mean any health insurance coverage.

Preauthorization

Preauthorization is plan approval for coverage of specific services or supplies, before they are provided to the member. Preauthorization is not a guarantee of coverage. If you or your provider do not receive preauthorization for certain medical services, the plan may deny the claim. See the "Preauthorizing

medical services” section for how this works. A list of medical services that require preauthorization is available on the UMP Policies that affect your care webpage or by contacting UMP Customer Service (see Directory for link and contact information).

Preferred provider(s)

A **preferred provider** is a provider:

- In the Regence service area and contracted as part of Regence BlueShield’s PPO network; or
- Outside the Regence service area and contracted with another Blue Cross or Blue Shield organization in the BlueCard® Program (designated as a Provider in the “Preferred Provider Organization (“PPO”) Network”) to provide services and supplies to plan members.

Preferred Provider Organization (PPO)

A **Preferred Provider Organization (PPO)** is a health plan that has a network of providers who have agreed to provide services at discounted rates. Members may self-refer to most specialists. UMP Classic Medicare with Part D (PDP) is a PPO.

Prenatal

Prenatal means during pregnancy.

Preventive care

Preventive care means those services described by the Public Health Services Act, Section 2713:

- Covered immunizations recommended by the CDC.
- Evidence-informed preventive care and screenings for women as described in HRSA Guidelines in accordance with 45 CFR §147.130 (a)(iv).
- Evidence-informed preventive care screenings for infants, children, and adolescents supported by the Health Resources and Services Administration (HRSA).
- Services with an A or B rating by the U.S. Preventive Services Task Force.

Preventive rate

Covered preventive services are **not** subject to your medical deductible. The plan’s **preventive rate** depends on the provider’s status:

- Preferred providers: You pay \$0. The plan pays 100 percent of the allowed amount.
- Participating providers: You pay \$0. The plan pays 100 percent of the allowed amount.
- Out-of-network providers: You pay 40 percent of the allowed amount. You pay all charges billed to you above the allowed amount (known as balance billing). The plan pays 60 percent of the allowed amount.

Primary care provider (PCP)

A **primary care provider (PCP)** is a physician (see the “Physician services” definition), nurse practitioner, or physician assistant who provides, coordinates, or helps a member access a range of health care services. See page 13 for a list of specialties that may be a primary care provider.

Primary payer

The **primary payer** is the insurance plan that processes the claim first when a member has more than one group insurance plan covering the services and the plans must coordinate benefits.

Professional services

Professional services are non-facility medical services performed by professional providers, including, but not limited to, medical doctors, doctors of osteopathy, naturopathic physicians, and advanced registered nurse practitioners.

Provider

A **provider** is an individual medical professional (such as a doctor or nurse), hospital, skilled nursing facility, pharmacy, program, equipment and supply vendor, or other facility, organization, or entity that provides care or bills for health care services or products.

Provider network

A **provider network** is a group of providers who negotiate a contract with Regence BlueShield to provide health care services to plan members. These providers have agreed to see members under certain rules, including billing at contracted rates (see the "Allowed amount, medical services" definition). The Regence BlueShield, including the BlueCard Program, provider network for UMP Classic Medicare with Part D (PDP) members in 2026 consist of preferred and participating providers.

Public Employees Benefits Board (PEBB)

The **Public Employees Benefits Board (PEBB)**, is a group of representatives, appointed by the governor, who approves insurance benefit plans for employees and their dependents, and establishes eligibility criteria for participation in insurance benefit plans.

Public Employees Benefits Board (PEBB) plan

A **Public Employees Benefits Board (PEBB) plan** is one of several health benefit plans, including the Uniform Medical Plan (UMP Classic, UMP Classic Medicare with Part D (PDP), UMP Select, and UMP CDHP), offered through the PEBB Program to eligible public employees, former employees and dependents in Continuation Coverage, retirees, survivors, retired employees of a former employer group, and their eligible dependents. The PEB Board designs benefits and eligibility and is administered by HCA as part of a comprehensive benefits package.

Public Employees Benefits Board (PEBB) Program

The **Public Employees Benefits Board (PEBB) Program** is the HCA program that administers PEBB benefit eligibility and enrollment.

Reconstructive surgery

Reconstructive surgery is surgery and follow-up treatment needed to correct or improve a part of the body because of birth defects, accidents, injuries, or medical conditions.

Regence BlueShield service area

The **Regence BlueShield service area** means the Washington counties of Clallam, Columbia, Cowlitz, Grays Harbor, Jefferson, King, Kitsap, Klickitat, Lewis, Mason, Pacific, Pierce, San Juan, Skagit, Skamania,

Snohomish, Thurston, Yakima, Wahkiakum, Walla Walla, Whatcom, and any other areas designated by Regence. Check the Regence website at [regence.com](https://www.regence.com) for up-to-date information.

Rehabilitative services

Rehabilitative services are health care services that help you keep, get back, or improve skills and functioning for daily living that have been lost or impaired because you were sick, hurt, or disabled. These services may include physical and occupational therapy, speech-language pathology, and psychiatric rehabilitation services in a variety of inpatient and/or outpatient settings.

Residential treatment facility

Residential treatment facility means a facility that offers a defined course of therapeutic intervention and special programming in a controlled environment; offers a degree of security, supervision, and structure; and is licensed by the appropriate state and local authority to provide such services. Patients also must be medically monitored with 24-hour medical availability and 24-hour onsite clinician services.

Residential treatment facilities typically do not include halfway houses; supervised living; group homes; wilderness courses or camps; Outward Bound; outdoor youth programs; boarding houses; or settings that primarily either focus on building self-esteem or leadership skills or provide a supportive environment to address long-term social needs. However, services by providers in such settings may be covered if they are billed separately and otherwise would be covered.

Respite care

Respite care is continuous care for a homebound hospice member of more than four hours a day to provide family members temporary relief from caring for the member.

Retired employee of a former employer group

A retired employee of a former employer group includes a retired employee of a PEBB employer group and a retired school employee of a SEBB employer group continuing enrollment in PEBB health plan coverage after losing eligibility for PEBB retiree insurance coverage upon the employer group ending participation in insurance plans and contracts with the Health Care Authority (HCA).

Routine

Routine services are those provided as preventive, not because of an injury or illness. In the case of covered immunizations, routine refers to covered immunizations included on the CDC schedules (see page 52).

Same-day surgery center

See the "Ambulatory surgery center (ASC)" definition.

School Employees Benefits Board (SEBB)

The **School Employees Benefits Board (SEBB)** is a group of representatives, appointed by the governor, who designs and approves insurance benefit plans for school employees and their dependents, and establishes eligibility criteria for participation in insurance benefit plans.

School Employees Benefits Board (SEBB) Organization

School Employees Benefits Board (SEBB) Organization means a public school district or educational service district or charter school established under Washington state statute that is required to participate

in benefit plans provided by the School Employees Benefits Board (SEBB). School Employees Benefits Board (SEBB) Program.

School Employees Benefits Board (SEBB) Program

The **School Employees Benefits Board (SEBB) Program** is the program within HCA that administers insurance and other benefits for eligible school employees, eligible school board members, and eligible dependents.

Scientific evidence

Scientific evidence means scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff. Scientific evidence also refers to findings, studies, or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes. However, scientific evidence does not include published peer-reviewed literature sponsored to a significant extent by a pharmaceutical manufacturing company or medical device manufacturer or a single study without other supportable studies.

Scope of practice

Scope of practice refers to the services a provider may perform and bill for, based on the provider's professional license as issued by local authorities.

Screening

Screening refers to services performed to prevent or detect illness in the absence of disease or symptoms.

Secondary coverage

When you are covered by more than one group health plan, you have **secondary coverage** that may pay a part or the rest of a provider's bill after your primary payer has paid. See the "Coordination of Benefits" section for more information on how this plan coordinates benefits.

Skilled nursing care

Skilled nursing care is services from licensed nurses in your own home or in a nursing home. Skilled care services are from technicians and therapists in your own home or in a nursing home.

Skilled nursing facility

A **skilled nursing facility** is an institution, or part of an institution, that provides skilled nursing care 24 hours a day and is classified as a skilled nursing facility by Medicare. Medicaid-eligible, long-term care facilities are not necessarily skilled nursing facilities.

Special rate

The plan's **special rate** is for services that have unique payment rules. These rules are described in the table (see the "How much you pay for covered services" column) located in the "Types of services" section.

Standard rate

The plan's **standard rate** depends on the provider's status:

- Preferred providers: You pay 15 percent of the allowed amount after you meet your medical deductible. The plan pays 85 percent of the allowed amount.
- Participating providers: You pay 40 percent of the allowed amount after you meet your medical deductible. The plan pays 60 percent of the allowed amount.
- Out-of-network providers: You pay 40 percent of the allowed amount after you meet your medical deductible. You pay all charges billed to you above the allowed amount (known as balance billing). The plan pays 60 percent of the allowed amount.

Standard reference compendium

Standard reference compendium refers to any of these sources:

- *The American Hospital Formulary Service Drug Information*
- *The American Medical Association Drug Evaluation*
- *The United States Pharmacopoeia Drug Information*
- Other authoritative compendia as identified from time to time by the U.S. Secretary of Health and Human Services

State-registered domestic partner

State-registered domestic partner means an adult who meets the requirements for a valid state-registered domestic partnership and has been issued a certificate of state-registered domestic partnership by the Washington State Secretary of State, or an adult whose legal union (other than a marriage) was validly formed in another jurisdiction and is substantially equivalent to a domestic partnership under Washington law.

Subscriber

A **subscriber** is a retiree, former employee or former dependent in COBRA Continuation Coverage, retired employee of a former employer group, or survivor who is the primary certificate holder and plan member.

Substance use disorder

Substance use disorder is a treatable mental disorder that affects a person's brain and behavior, leading to their inability to control their use of substances like legal or illegal drugs, alcohol, or medications.

Substance use disorder facility

A **substance use disorder facility** is an institution, or part of an institution, that specifically treats dependency on a substance or alcohol and meets all these criteria:

- Is certified by the Washington State Division of Behavioral Health and Recovery (DBHR), or for facilities outside of the Regence BlueShield service area, is contracted with the local BlueCard® network
- Is licensed by the state
- Keeps adequate patient records that contain course of treatment, progress, discharge summary, and follow-up programs
- Performs services under full-time supervision of a physician or registered nurse
- Provides services, for a fee, to persons receiving substance use disorder treatment, including room and board, as well as 24-hour nursing

Unicompartmental

Unicompartmental refers to a diagnosis or procedure affecting only one part, or “component,” of a joint (e.g. knee) as opposed to more than one part of a joint.

Uniform Medical Plan Classic Medicare with Part D (PDP)

Uniform Medical Plan Classic Medicare with Part D (PDP) is a self-insured PPO health plan offered through the PEBB Program and managed by HCA.

Choice Network provider, vision

Choice Network provider, vision means an optometrist or ophthalmologist licensed and otherwise qualified to practice vision care and/or provide vision care materials who has contracted with VSP to provide vision care services and/or vision care materials to members. This plan’s provider network is Choice Network.

Disclosures

If you need this document in another format or if you need information about how to file a discrimination complaint, read the UMP nondiscrimination and language assistance notice by visiting hca.wa.gov/ump-nondiscrimination.

Moda Health and ArrayRx are separate companies that provide pharmacy services.

Doctor On Demand is a separate company that provides telehealth services.

SmartHealth is provided through WebMD which is a separate company that provides health education services and materials.

Teladoc Health is a separate company that provides care and disease management services.

VSP is a separate company that provides vision services.

2nd.MD is a separate company that provides treatment decision support. The services provided are not medical care nor a substitute for medical care.

Important documents for your Part D prescription drug plan

The documents below describe your benefits and coverage rules and are available:

Evidence of Coverage (EOC)

The EOC shows all of your prescription drug coverage details. Use it to find out how to get coverage for the prescriptions you need. Every year, we post the following year's EOC online at ArrayRxSolutions.com/UMP by October 15.

Pharmacy Directory

The directory lists in-network pharmacies available to you and an estimate of the price you will pay for covered drugs after your deductible is met. Visit ArrayRxSolutions.com/UMP to access our online searchable directory, the Pharmacy Locator Tool. PDF versions are also available online.

List of Covered Prescription Drugs (Formulary)

The Formulary tells which Part D prescription drugs, including certain covered non-Part D prescription drugs and related supplies, identified by a * at the end of the listing, are covered under the Part D benefit on your plan. The Formulary is posted online:

ArrayRxSolutions.com/UMP

If you have a question about covered prescription drugs, please call ArrayRx Customer Service 1-833-599-8539 (TTY 711).

You can also view your plan documents by logging into your Member Dashboard account at ArrayRxSolutions.com/UMP

If you would like any of these documents mailed to you, contact ArrayRx Customer Service: 1-833-599-8539 (TTY 711) or UMPRXMedicare@modahealth.com

UMP Classic Medicare with Part D (PDP) is a Public Employee Benefits Board (PEBB) employer group plan. Moda Health Plan, Inc. administers the Part D prescription drug benefit for ArrayRx and holds a contract with Medicare. Enrollment in UMP Classic Medicare with Part D (PDP) depends on contract renewal.

Y0115_COMMNOTICE26A_C

January 1 – December 31, 2026

Evidence of Coverage for 2026:

Your Medicare Prescription Drug Coverage as a Member of UMP Classic Medicare with Part D (PDP)

This document gives the details of your Medicare prescription drug coverage from January 1 – December 31, 2026. **This is an important legal document. Keep it in a safe place.**

This document explains your benefits and rights. Use this document to understand:

- Our plan premium and cost sharing
- Our drug benefits
- How to file a complaint if you're not satisfied with a service or treatment
- How to contact us
- Other protections required by Medicare law

For questions about this document, call Member Services at ArrayRx Customer Service at 1-833-599-8539. (TTY users should call 711.) Hours are 8 a.m.– 8 p.m. (Pacific Time), seven days a week October 1–March 31 (closed on Thanksgiving and Christmas), and weekdays April 1–September 30. Your call will be handled by our automated phone systems outside business hours. This call is free.

This plan, UMP Classic Medicare with Part D (PDP), is offered by Moda Health, Inc. Moda is the administrator of ArrayRx. (When this *Evidence of Coverage* says “we,” “us,” or “our,” it means Moda Health, Inc., administrator of ArrayRx. When it says “plan” or “our plan,” it means UMP Classic Medicare with Part D (PDP).)

This information is available in large print. Please call ArrayRx Customer Service if you need plan information in another format or language.

Benefits, premiums, deductibles, and copayments may change on January 1, 2027.

Our formulary, pharmacy network, and/or provider network may change at any time. You'll get notice about any changes that may affect you at least 30 days in advance.

CHAPTER 1:

Get started as a member

SECTION 1 You're a member of UMP Classic Medicare with Part D (PDP)

Section 1.1 You're enrolled in UMP Classic Medicare with Part D (PDP), which is a Medicare Drug Plan

You're covered by Original Medicare (Part A & Part B) and have chosen to enroll in UMP Classic Medicare with Part D (PDP). Our plan includes your Medicare Part D prescription drug coverage.

This Evidence of Coverage is specific to the Part D prescription drug coverage under your UMP Classic Medicare with Part D (PDP) plan.

Like all Medicare plans, this prescription drug coverage, this Part D prescription drug plan is approved by Medicare and run by a private company.

Section 1.2 Legal information about the *Evidence of Coverage*

This *Evidence of Coverage* is part of our contract with you about how UMP Classic Medicare with Part D (PDP) covers your care. Other parts of this contract include your enrollment form, the *List of Covered Drugs* (formulary), and any notices you get from us about changes to your coverage or conditions that affect your coverage. These notices are sometimes called *riders* or *amendments*.

The contract is in effect for the months you're enrolled in UMP Classic Medicare with Part D (PDP) between January 1, 2026, and December 31, 2026.

Medicare allows us to make changes to plans we offer each calendar year. This means we can change the costs and benefits of UMP Classic Medicare with Part D (PDP) after December 31, 2026. We can also choose to stop offering our plan in your service area, after December 31, 2026.

Medicare (the Centers for Medicare & Medicaid Services) must approve UMP Classic Medicare with Part D (PDP) each year. You can continue to get Medicare coverage as a member of our plan as long as we choose to continue offering our plan and Medicare renews approval of our plan.

SECTION 2 Plan Eligibility Requirements

Section 2.1 Eligibility Requirements

You're eligible for membership in our plan as long as you meet all these conditions:

- You meet the eligibility requirements for the Public Employees Benefit Board (PEBB) Program coverage and are eligible for enrollment in the UMP Classic Medicare with Part D (PDP) plan
- You have Medicare Part A and Medicare Part B
- You live in our geographic service area (described in Section 2.2). People who are incarcerated aren't considered to be living in the geographic service area, even if they're physically located in it.
- You're a United States citizen or lawfully present in the United States

Section 2.2 Plan service area for UMP Classic Medicare with Part D (PDP)

UMP Classic Medicare with Part D (PDP) is only available to people who live in our plan service area. To stay a member of our plan, you must continue to live in our service area. The service area is described below.

Our service area includes the United States, Puerto Rico, the United States Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands. If you move out of our plan's service area, you can't stay a member of this plan. Call Washington State's Public Employees Benefit Board (PEBB) Customer Service 1-800-200-1004 (TTY users call 711) for other options. When you move, you'll have a Special Enrollment Period to either switch to Original Medicare or enroll in a Medicare health or drug plan in your new location.

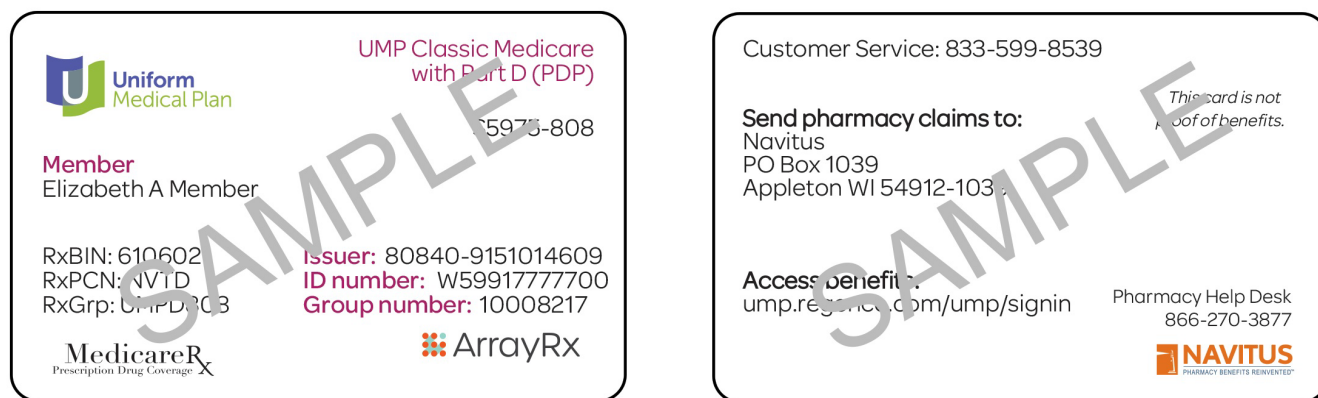

If you move or change your mailing address, it's also important to call Social Security. Call Social Security at 1-800-772-1213 (TTY users call 1-800-325-0778).

Section 2.3 U.S. citizen or lawful presence

You must be a U.S. citizen or lawfully present in the United States to be a member of a Medicare health plan. Medicare (the Centers for Medicare & Medicaid Services) will notify UMP Classic Medicare with Part D (PDP) if you're not eligible to stay a member of our plan. UMP Classic Medicare with Part D (PDP) must disenroll you if you don't meet this requirement.

Chapter 1 Get started as a member**SECTION 3 Important membership materials****Section 3.1 Our plan membership card**

Use your membership card, also called member identification (ID) card, for prescription drugs you get at network pharmacies. You should also show the provider your Medicaid card, if you have one. Sample membership card:

Carry your card with you at all times and remember to show your card when you get covered drugs. If our plan UMP Classic Medicare with Part D (PDP) plan membership card is damaged, lost, or stolen, call ArrayRx Customer Service at 1-833-599-8539 (TTY users call 711) right away and we'll send you a new card.

You may need to use your red, white, and blue Medicare card to get covered medical care and services under Original Medicare along with your member identification (ID) card.

Section 3.2 Pharmacy Directory

The *Pharmacy Directory* located at ArrayRxSolutions.com/UMP lists our network pharmacies. **Network pharmacies** are pharmacies that agree to fill covered prescriptions for our plan members. Use the *Pharmacy Directory* to find the network pharmacy you want to use. Go to Chapter 3, Section 2.5 for information on when you can use pharmacies that aren't in our plan's network.

If you don't have a *Pharmacy Directory*, you can ask for a copy from ArrayRx Customer Service at 1-833-599-8539 (TTY users call 711). You can also find this information on our website at ArrayRxSolutions.com/UMP.

Chapter 1 Get started as a member**Section 3.3 Drug List (formulary)**

Our plan has a *List of Covered Drugs* (also called the Drug List or formulary). It tells which prescription drugs are covered under the Part D benefit and any covered bonus non-Part D prescription drugs and related supplies included in UMP Classic Medicare with Part D (PDP). The drugs on this list are selected by our plan, with the help of doctors and pharmacists. The Drug List must meet Medicare's requirements. Drugs with negotiated prices under the Medicare Drug Price Negotiation Program will be included on your Drug List unless they have been removed and replaced as described in Chapter 3, Section 6. Medicare approved the UMP Classic Medicare with Part D (PDP) Drug List.

The Drug List also tells if there are any rules that restrict coverage for a drug.

We'll post an online copy of the Drug List. The formulary is posted monthly and can change throughout the year. To get the most complete and current information about which drugs are covered, visit ArrayRxSolutions.com/UMP or call ArrayRx Customer Service at 1-833-599-8539 (TTY users call 711).

SECTION 4 Your monthly costs for UMP Classic Medicare with Part D (PDP)

	Your Costs in 2026
Monthly plan premium* *Please contact HCA for the premium amounts for 2026. (Go to Chapter 2, Section 1 for contact information.)	Your monthly premium is set by the Health Care Authority (HCA).
Part D drug coverage deductible (Go to Chapter 4 Section 4 for details.)	\$100 except for drugs on Tier 1, Tier 2, covered insulin products and most adult Part D vaccines.
Part D drug coverage (Go to Chapter 4 for details, including Yearly Deductible, Initial Coverage, and Catastrophic Coverage Stages.)	Copayment during the Initial Coverage Stage (30-day supply): Drug Tier 1: You pay up to a \$0 copay per prescription for each prescription filled.

Chapter 1 Get started as a member

	Your Costs in 2026
Part D drug coverage (continued)	<p>Drug Tier 2: You pay up to a \$10 copay per prescription for each prescription filled.</p> <p>Drug Tier 3: You pay up to a \$40 copay per prescription for each prescription filled. You pay \$10 per 30-day supply of each covered insulin product on this tier.</p> <p>Drug Tier 4: You pay up to a \$75 copay per prescription for each prescription filled. You pay \$10 per 30-day supply of each covered insulin product on this tier.</p> <p>Drug Tier 5: You pay up to a \$90 copay per prescription for each prescription filled.</p> <p>Drug Tier 6: You pay a \$0 copay per prescription for each prescription filled.</p> <p>Catastrophic Coverage Stage: During this payment stage, you pay nothing for your covered Part D drugs. You may have cost sharing for drugs that are covered under our enhanced benefit for certain excluded drugs.</p>

Your costs may include the following:

- UMP Classic Medicare with Part D (PDP) Plan Premium (Section 4.1)
- Monthly Medicare Part B Premium (Section 4.2)
- Part D Late Enrollment Penalty (Section 4.3)
- Income Related Monthly Adjusted Amount (Section 4.4)
- Medicare Prescription Payment Plan Amount (Section 4.5)

Chapter 1 Get started as a member

Section 4.1 Plan Premium

As a member of our plan, you pay a monthly plan premium.

Your coverage is provided through a contract with the Health Care Authority (HCA). HCA will notify you of your monthly premium.

If you *already* get help from one of these programs, **the information about premiums in this Evidence of Coverage may not apply to you.** ArrayRx sent you a separate insert, called the *Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs* (also known as the *Low-Income Subsidy Rider* or the *LIS Rider*), which tells you about your drug coverage. If you don't have this insert, call ArrayRx Customer Service at 1-833-599-8539 (TTY users call 711) and ask for the *LIS Rider*.

In some situations, your plan costs could be less

There are programs to help people with limited resources pay for their drugs. These include Extra Help and State Pharmaceutical Assistance Programs. Learn more about these programs in Chapter 2, Section 7. If you qualify, enrolling in the program might lower your monthly plan costs. Any Low Income Subsidy amounts received under Extra Help will be reimbursed separately and not deducted from the monthly plan premium.

Medicare Part B and Part D premiums differ for people with different incomes. If you have questions about these premiums, check your copy of *Medicare & You 2026* handbook in the section called *2026 Medicare Costs*. Download a copy from the Medicare website at (<https://www.medicare.gov/medicare-and-you>) or order a printed copy by phone at 1-800-MEDICARE (1-800-633-4227). TTY users call 1-877-486-2048.

Section 4.2 Monthly Medicare Part B Premium**Many members are required to pay other Medicare premiums**

In addition to paying the monthly plan premium, **you must continue paying your Medicare premiums to stay a member of our plan.** This includes your premium for Part B. You may also pay a premium for Part A if you aren't eligible for premium-free Part A.

Section 4.3 Part D Late Enrollment Penalty

Some members are required to pay a Part D **late enrollment penalty**. The Part D late enrollment penalty is an additional premium that must be paid for Part D coverage if at any time after your initial enrollment period is over, there was a period of 63 days or more in a row when you didn't have Part D or other creditable prescription drug coverage. Creditable prescription drug coverage is coverage that meets Medicare's minimum standards since it is

Chapter 1 Get started as a member

expected to pay, on average, at least as much as Medicare's standard drug coverage. The cost of the late enrollment penalty depends on how long you went without Part D or other creditable prescription drug coverage. You'll have to pay this penalty for as long as you have Part D coverage.

When you first enroll in UMP Classic Medicare with Part D (PDP), ArrayRx will let you know the amount of the penalty. If you don't pay your Part D late enrollment penalty, you could lose your prescription drug benefits.

You **don't** have to pay the Part D late enrollment penalty if:

- You get Extra Help from Medicare to help pay your prescription drug costs.
- You went less than 63 days in a row without creditable coverage.
- You had creditable drug coverage through another source (like a former employer, union, TRICARE, or Veterans Health Administration (VA)). Your insurer or human resources department will tell you each year if your drug coverage is creditable coverage. You may get this information in a letter or in a newsletter from that plan. Keep this information because you may need it if you join a Medicare prescription drug plan later.
 - **Note:** Any letter or notice must state that you had creditable prescription drug coverage that is expected to pay as much as Medicare's standard prescription drug plan pays.
 - **Note:** Prescription drug discount cards, free clinics, and drug discount websites aren't creditable prescription drug coverage.

Medicare determines the amount of the Part D late enrollment penalty. Here's how it works:

- If you went 63 days or more without Part D or other creditable prescription drug coverage after you were first eligible to enroll in Part D, our plan will count the number of full months you didn't have coverage. The penalty is 1% for every month that you did not have creditable coverage. For example, if you go 14 months without coverage, the penalty percentage will be 14%.
- Then Medicare determines the amount of the average monthly premium for Medicare prescription drug plans in the nation from the previous year (national base beneficiary premium). For 2026, this average late enrollment premium amount is \$38.99.
- To calculate your monthly penalty, multiply the penalty percentage by the national base beneficiary premium and round to the nearest 10 cents. In the example here, it would be 14% times \$38.99, which equals \$5.46. This rounds to \$5.50. This amount will be billed to you separately each month by ArrayRx. if you have a Part D late enrollment penalty.

Chapter 1 Get started as a member

Three important things to know about the monthly Part D late enrollment penalty:

- **The penalty may change each year** because the national base beneficiary premium can change each year.
- **You'll continue to pay a penalty** every month for as long as you're enrolled in a plan that has Medicare Part D drug benefits, even if you change plans.
- If you're *under* 65 and enrolled in Medicare, the Part D late enrollment penalty will reset when you turn 65. After age 65, your Part D late enrollment penalty will be based only on the months you don't have coverage after your initial enrollment period for aging into Medicare.

If you disagree about your Part D late enrollment penalty, you or your representative can ask for a review. Generally, you must ask for this review **within 60 days** from the date on the first letter you get stating you have to pay a late enrollment penalty. However, if you were paying a penalty before you joined our plan, you may not have another chance to ask for a review of that late enrollment penalty.

Important: Don't stop paying your Part D late enrollment penalty while you're waiting for a review of the decision about your late enrollment penalty. If you do, you could be disenrolled for failure to pay our plan premiums.

ArrayRx will be billing you for your late enrollment penalty if you have one. Please be sure to pay your late enrollment penalty if you have one or you will be disenrolled from the plan.

There are two options for payment to Moda Health Plan, Inc.

Option 1: Paying by check

You may pay your monthly late enrollment penalty directly to us. This method is called Direct Pay. If you choose Direct Pay as your late enrollment penalty payment method, ArrayRx will send you a monthly statement. Direct Pay penalty statements are mailed on the 8th of each month with a due date of the 1st of the following month. Please make sure your check or money order is payable to Moda Health Plan, Inc. (not Medicare, CMS, UMP, HCA, PEBB Program or HHS). Please include your ID number on your check. Your ID number can be found on your UMP Classic Medicare with Part D (PDP) membership card.

Mail your check or money order to:

Moda Health Plan, Inc.
Attn: Accounting
P.O. Box 4220
Portland, OR 97208

Chapter 1 Get started as a member

You may drop off a payment **in person** at:

Moda Health Plan, Inc.
601 S.W. Second Ave., Suite 700
Portland, OR 97204

Option 2: Electronic Funds Transfer (EFT) from your checking account

Instead of paying by check or money order, you can have your monthly late enrollment penalty automatically withdrawn from your checking account. This method is called EFT (Electronic Funds Transfer) using the Automated Clearing House (ACH). If you choose EFT for your method to pay your Late Enrollment penalty, you may call ArrayRx Customer Service at 1-833-599-8539 (TTY users call 711) to request an EFT form and instructions be mailed to you. Customer Service is available from 8 a.m.– 8 p.m. (Pacific Time), seven days a week October 1 – March 31 (closed on Thanksgiving and Christmas), and weekdays April 1 – September 30. Your call will be handled by our automated phone systems outside business hours. You can also download the form by visiting our website at ArrayRxSolutions.com/UMP. Print the EFT form and instructions and mail your form to the address listed on the instructions. Once your EFT takes effect, deductions from your checking account for your Late Enrollment penalty will occur on the 5th of each month.

If you have questions about your late enrollment penalty statement, please call ArrayRx Customer Service at 1-833-599-8539 (TTY users call 711). Customer Service is available from 8 a.m.– 8 p.m. (Pacific Time), seven days a week October 1 – March 31 (closed on Thanksgiving and Christmas), and weekdays April 1 – September 30. Your call will be handled by our automated phone systems outside business hours.

Section 4.4 Income Related Monthly Adjustment Amount

Some members may be required to pay an extra charge, known as the Part D Income Related Monthly Adjustment Amount (IRMAA). The extra charge is calculated using your modified adjusted gross income as reported on your IRS tax return from 2 years ago. If this amount is above a certain amount, you'll pay the standard premium amount and the additional IRMAA. For more information on the extra amount you may have to pay based on your income, visit [Medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans](https://www.Medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans).

If you have to pay an extra IRMAA, Social Security, not your Medicare plan, will send you a letter telling you what that extra amount will be. The extra amount will be withheld from your Social Security, Railroad Retirement Board, or Office of Personnel Management benefit check, no matter how you usually pay our plan premium, unless your monthly benefit isn't enough to cover the extra amount owed. If your benefit check isn't enough to cover the extra amount,

Chapter 1 Get started as a member

you'll get a bill from Medicare. **You must pay the extra IRMAA to the Social Security Administration (SSA). It can't be paid with your monthly plan premium. If you don't pay the extra IRMAA, you'll be disenrolled from our plan and lose prescription drug coverage.**

If you disagree about paying an extra IRMAA, you can ask Social Security to review the decision. To find out how to do this, call Social Security at 1-800-772-1213 (TTY users call 1-800-325-0778).

Section 4.5 Medicare Prescription Payment Plan Amount

If you are participating in the Medicare Prescription Payment Plan, each month you'll pay your UMP Classic Medicare with Part D (PDP) plan premium and you'll get a bill from SimplicityRx on behalf of ArrayRx for your prescription drugs (instead of paying the pharmacy). Your monthly bill is based on what you owe for any prescriptions you get, plus your previous month's balance, divided by the number of months left in the year.

Chapter 2, Section 7 explains more about the Medicare Prescription Payment Plan. If you disagree with the amount billed as part of this payment option, you can follow the steps in Chapter 7 to make a complaint or appeal.

SECTION 5 More information about your monthly premium

Section 5.1 How to pay your UMP Classic Medicare with Part D (PDP) plan premium

There are four ways you can pay our plan premium.

Option 1: Pay by check

You can pay your UMP Classic Medicare with Part D (PDP) plan premium by check or money order. Each month you will be sent a statement telling you how much you owe. UMP Classic Medicare with Part D (PDP) plan premiums are due on or before the 15th of each month. Make your checks payable to: **Health Care Authority**

Mail your premium to:

Health Care Authority
PO Box 42691
Olympia, WA 98504-2691

Chapter 1 Get started as a member

Option 2: Electronic Debit Service (EDS) from your bank account

Instead of paying by check or money order, you can have your monthly plan premium automatically withdrawn from your checking or savings account. This method is called EDS (Electronic Debit Service). If you choose EDS for your method to pay your plan premium, you may call PEBB Customer Service 1-800-200-1004 or visit hca.wa.gov/employee-retiree-benefits/retirees/paying-benefits to request an EDS form which includes submission instructions. Until the EDS takes place, which may take up to 6 to 8 weeks, you are responsible for paying your premium with a check (or see the other payment options). Once your EDS takes effect, EDS premium deductions will come directly from your bank account on the 15th of each month. If the 15th falls on a Saturday, Sunday, or holiday, the withdrawal will occur on the next business day.

Option 3: You can have your premium deducted from your pension

To have the premium deducted from your pension, subscribers would select this option on their enrollment request forms. You may call PEBB Customer Service 1-800-200-1004 or visit www.hca.wa.gov to find out if this option is available to you.

Option 4: You can pay by cash

You may also pay in cash and deliver to the Health Care Authority. Lobby hours are Monday through Friday, 8 a.m. to 4 p.m. (Pacific Time). Please do not mail cash. Please note that the Health Care Authority does not have any cash on hand to issue change, please bring exact payment amount or any overpayment will be applied to the next month's premium payment.

Deliver your premium in cash at:

Health Care Authority (HCA)
Cherry Street Plaza
626 8th Avenue SE
Olympia, WA 98501

Changing the way you pay your plan premium

You can request to change your payment method in writing at any time. If you decide to change the option by which you pay your UMP Classic Medicare with Part D (PDP) plan premium, it can take up to three months for your new payment method to take effect. While we are processing your request for a new payment method, you are responsible for making sure that your UMP Classic Medicare with Part D (PDP) plan premium is paid on time. To change your payment method, please call PEBB Customer Service 1-800-200-1004.

Chapter 1 Get started as a member

If you have trouble paying your plan premium

Your UMP Classic Medicare with Part D (PDP) plan premium is due in HCA's office by the 15th day of the month. If HCA has not received your UMP Classic Medicare with Part D (PDP) premium by the time frame indicated in the notice, they will send you another notification telling you that your plan membership will end if they do not receive your premium payment within the time frame indicated.

If you are having trouble paying your UMP Classic Medicare with Part D (PDP) plan premium on time, please contact PEBB Customer Service to see if they can direct you to programs that may help with your plan premium.

If we end your membership because you did not pay your UMP Classic Medicare with Part D (PDP) plan premiums, you will still have health coverage under Original Medicare. In addition, you may not be able to receive Part D coverage until the following year if you enroll in a new plan during the annual enrollment period. (If you go without creditable drug coverage for more than 63 days, you may have to pay a Part D late enrollment penalty for as long as you have Part D coverage.)

If you think HCA has wrongfully ended your UMP Classic Medicare with Part D (PDP) membership, you can make a complaint (also called a grievance); see Chapter 7 for how to file a complaint. If you had an emergency circumstance that was out of your control and it caused you to not be able to pay your plan premium within our grace period, you can make a complaint. For complaints, we will review our decision again. Chapter 7, Section 7 of this document tells how to make a complaint, or you can call us at 1-800-200-1004 between 8 a.m. to 4 p.m., Pacific Time, Monday through Friday. TTY users should call 711. You must make your request no later than 60 calendar days after the date your membership ends.

Section 5.2 Our monthly plan premium won't change during the year

We're not allowed to change our plan's monthly UMP Classic Medicare with Part D (PDP) plan premium amount during the year. If the monthly UMP Classic Medicare with Part D (PDP) plan premium changes for next year, we'll tell you in October and the new premium will take effect on January 1.

If you become eligible for Extra Help or lose your eligibility for Extra Help during the year, the part of our plan premium you have to pay may change. If you qualify for Extra Help with your drug coverage costs, Extra Help pays part of your monthly plan premiums. ArrayRx will be sending you a check each month to help you with your plan costs. If you lose your eligibility for Extra Help during the year, you'll need to start paying the full monthly premium. Find out more about Extra Help in Chapter 2, Section 7.

SECTION 6 Keep our plan membership record up to date

Your membership record has information from your enrollment form, including your address and phone number. It shows your specific plan coverage.

The pharmacists in our plan's network **use your membership record to know what drugs are covered and the cost-sharing amounts**. Because of this, it is very important you help to keep your information up to date.

If you have any of these changes, let us know:

Contact PEBB Customer Service about these changes:

- Changes to your name, address, or phone number
- If your designated responsible party (such as a caregiver) changes

Contact ArrayRx Customer Service about these changes:

- Changes in any other health coverage you have (such as from your employer, your spouse or domestic partner's employer, Workers' Compensation, or Medicaid)
- Any liability claims, such as claims from an automobile accident
- If you're admitted to a nursing home
- If your designated responsible party (such as a caregiver) changes

If any of this information changes, let us know by calling ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) or PEBB Customer Service at 1-800-200-1004 (TTY users should call 711.)

It's also important to contact Social Security if you move or change your mailing address. Call Social Security at 1-800-772-1213 (TTY users call 1-800-325-0778).

SECTION 7 How other insurance works with our plan

Medicare requires us to collect information about any other medical or drug coverage you have so we can coordinate any other coverage with your benefits under our plan. This is called **Coordination of Benefits**.

Once a year, ArrayRx will send you a letter that lists any other medical or drug coverage we know about. Read this information carefully. If it's correct, you don't need to do anything. If the information isn't correct, or if you have other coverage that's not listed, call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711). You may need to give our

Chapter 1 Get started as a member

plan member ID number to your other insurers (once you confirm their identity) so your bills are paid correctly and on time.

When you have other insurance (like employer group health coverage), Medicare rules decide whether our plan or your other insurance pays first. The insurance that pays first (the primary payer), pays up to the limits of its coverage. The insurance that pays second (the secondary payer), only pays if there are costs left uncovered by the primary coverage. The secondary payer may not pay the uncovered costs. If you have other insurance, tell your doctor, hospital, and pharmacy.

These rules apply for employer or union group health plan coverage:

- If you have retiree coverage, Medicare pays first.
- If your group health plan coverage is based on your or a family member's current employment, who pays first depends on your age, the number of people employed by your employer, and whether you have Medicare based on age, disability, or End-Stage Renal Disease (ESRD):
 - If you're under 65 and disabled and you (or your family member) are still working, your group health plan pays first if the employer has 100 or more employees or at least one employer in a multiple employer plan has more than 100 employees.
 - If you're over 65 and you (or your spouse or domestic partner) are still working, your group health plan pays first if the employer has 20 or more employees or at least one employer in a multiple employer plan has more than 20 employees.
- If you have Medicare because of ESRD, your group health plan will pay first for the first 30 months after you become eligible for Medicare.

These types of coverage usually pay first for services related to each type:

- No-fault insurance (including automobile insurance)
- Liability (including automobile insurance)
- Black lung benefits
- Workers' compensation

Medicaid and TRICARE never pay first for Medicare-covered services. They only pay after Medicare, employer group health plans, and/or Medigap have paid.

CHAPTER 2:

Phone numbers and resources

SECTION 1 UMP Classic Medicare with Part D (PDP) contacts

How to contact the Public Employees Benefit Board (PEBB) Customer Service

For help with UMP Classic Medicare with Part D (PDP) plan premiums, updating your name, address or phone number, please call or write to PEBB Customer Service. They will be happy to help you.

Chapter 2 Phone numbers and resources**SECTION 2 Get Help from Medicare**

Medicare is the Federal health insurance program for people 65 years of age or older, some people under age 65 with disabilities, and people with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a kidney transplant).

The federal agency in charge of Medicare is the Centers for Medicare & Medicaid Services (CMS). This agency contracts with Medicare Prescription Drug Plans, including our plan.

Medicare takes your complaints seriously and will use this information to help improve the quality of the Medicare program.</p>

SECTION 3 State Health Insurance Assistance Program (SHIP)

The State Health Insurance Assistance Program (SHIP) is a government program with trained counselors in every state that offers free help, information, and answers to your Medicare questions. You can find a list of the State Health Insurance Assistance Programs in each state we serve in Appendix 4 at the back of this document.

SHIP is an independent state program (not connected with any insurance company or health plan) that gets money from the Federal government to give free local health insurance counseling to people with Medicare.

SHIP counselors can help you understand your Medicare rights, help you make complaints about your medical care or treatment, and straighten out problems with your Medicare bills. SHIP counselors can also help you with Medicare questions or problems, help you understand your Medicare plan choices, and answer questions about switching plans.

METHOD TO ACCESS SHIP and OTHER RESOURCES

Website
<ul style="list-style-type: none">• Visit www.shiphelp.org (Click on SHIP LOCATOR in middle of page)• Select your STATE from the list. This will take you to a page with phone numbers and resources specific to your state.

SECTION 4 Quality Improvement Organizations (QIO)

A designated Quality Improvement Organization (QIO) serves people with Medicare in each state. You can find a list of the Quality Improvement Organizations in each state we serve in Appendix 1 at the back of this document.

Your state Quality Improvement Organization has a group of doctors and other health care professionals paid by Medicare to check on and help improve the quality of care for people with Medicare. Your state Quality Improvement Organization is an independent organization. It is not connected with our plan.

Contact Your state Quality Improvement Organization if you have a complaint about the quality of care you got. For example, you can contact Your state Quality Improvement Organization if you were given the wrong medication or if you were given medications that interact in a negative way.

Chapter 2 Phone numbers and resources**SECTION 5 Social Security**

Social Security determines Medicare eligibility and handles Medicare enrollment. Social Security is also responsible for determining who has to pay an extra amount for Part D drug coverage because they have a higher income. If you got a letter from Social Security telling you that you have to pay the extra amount and have questions about the amount or if your income went down because of a life-changing event, you can call Social Security to ask for reconsideration.

If you move or change your mailing address, contact Social Security to let them know.

Social Security– Contact Information

Call	<p>1-800-772-1213</p> <p>Calls to this number are free.</p> <p>Available 8 am to 7 pm, Monday through Friday.</p> <p>Use Social Security’s automated telephone services to get recorded information and conduct some business 24 hours a day.</p>

Website	<u>SSA.gov</u>

SECTION 6 Medicaid

Medicaid is a joint federal and state government program that helps with medical costs for certain people with limited incomes and resources. Some people with Medicare are also eligible for Medicaid. Medicaid offers programs to help people with Medicare pay their Medicare costs, such as their Medicare premiums. These **Medicare Savings Programs** include:

- **Qualified Medicare Beneficiary (QMB):** Helps pay Medicare Part A and Part B premiums, and other cost sharing (like deductibles, coinsurance, and copayments). (Some people with QMB are also eligible for full Medicaid benefits (QMB+).)
- **Specified Low-Income Medicare Beneficiary (SLMB):** Helps pay Part B premiums. (Some people with SLMB are also eligible for full Medicaid benefits (SLMB+).)

Chapter 2 Phone numbers and resources

- **Qualifying Individual (QI):** Helps pay Part B premiums.
- **Qualified Disabled & Working Individuals (QDWI):** Helps pay Part A premiums.

To find out more about Medicaid and Medicare Savings Programs, contact the Medicaid agency in your state. For a list of Medicaid agencies by state, please refer to Appendix 3 at the back of this document.

SECTION 7 Programs to help people pay for prescription drugs

The Medicare website ([Medicare.gov/basics/costs/help/drug-costs](https://www.medicare.gov/basics/costs/help/drug-costs)) has information on ways to lower your prescription drug costs. The programs below can help people with limited incomes.

Extra Help from Medicare

Medicare and Social Security have a program called Extra Help that can help pay drug costs for people with limited income and resources. If you qualify, you get help paying for your Medicare prescription drug plan's monthly premium, yearly deductible, and copayments. Extra Help also counts toward your out-of-pocket costs.

If you automatically qualify for Extra Help, Medicare will mail you a purple letter to let you know. If you don't automatically qualify, you can apply anytime. To see if you qualify for getting Extra Help:

- Visit secure.ssa.gov/i1020/start to apply online.
- Call Social Security at 1-800-772-1213. TTY users call 1-800-325-0778.

When you apply for Extra Help, you can also start the application process for a Medicare Savings Program (MSP). These state programs provide help with other Medicare costs. Social Security will send information to your state to initiate an MSP application, unless you tell them not to on the Extra Help application.

If you qualify for Extra Help and you think that you're paying an incorrect amount for your prescription at a pharmacy, our plan has a process to help you get evidence of the right copayment amount. If you already have evidence of the right amount, we can help you share this evidence with us.

- Please call ArrayRx Customer Service at 1-833-599-8539 to request assistance with obtaining best available evidence. If you have information from your state of residence or Social Security that specifies your copayment amount, contact ArrayRx Customer Service first and we will note this in our system. Then fax the information to Attn: Medicare ArrayRx Customer Service at 1-800-207-8235. If you are at the

Chapter 2 Phone numbers and resources

pharmacy, your pharmacy can call ArrayRx Customer Service and also fax a copy of your documentation.

- When we get the evidence showing the right copayment level, we'll update our system so you can pay the right amount when you get your next prescription. If you overpay your copayment, we'll pay you back either by check or a future copayment credit. If the pharmacy didn't collect your copayment and you owe them a debt, we may make the payment directly to the pharmacy. If a state paid on your behalf, we may make payment directly to the state. Call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) if you have questions.

There are programs in Puerto Rico, the Virgin Islands, Guam, the Northern Mariana Islands, and American Samoa to help people with limited income and resources pay their Medicare costs. Programs vary in these areas. Call your local Medical Assistance (Medicaid) office to find out more about its rules (phone numbers are in Section 6 of this chapter). Or call 1-800-MEDICARE (1-800-633-4227) and say "Medicaid" for more information. TTY users call 1-877-486-2048. You can also visit [Medicare.gov](https://www.Medicare.gov) for more information.

What if you have Extra Help and coverage from a State Pharmaceutical Assistance Program (SPAP)?

Many states offer help paying for prescriptions, drug plan premiums and/or other drug costs. If you're enrolled in a State Pharmaceutical Assistance Program (SPAP), Medicare's Extra Help pays first.

Refer to Appendix 2 at the back of this document for a list of contact information for State Pharmaceutical Assistance Programs.

What if you have Extra Help and coverage from an AIDS Drug Assistance Program (ADAP)?

The AIDS Drug Assistance Program (ADAP) helps people living with HIV/AIDS access life-saving HIV medications. Medicare Part D prescription drugs that are also on the ADAP formulary qualify for prescription cost-sharing help through the Appendix 2 at the back of this document for a list of contact information for State Pharmaceutical Assistance Programs.

Note: To be eligible for the ADAP in your state, people must meet certain criteria, including proof of state residence and HIV status, low income (as defined by the state), and uninsured/under-insured status. If you change plans, notify your local ADAP enrollment worker so you can continue to get help. For information on eligibility criteria, covered drugs, or how to enroll in the program, refer to Appendix 2 at the back of this document for a list of contact information for State Pharmaceutical Assistance Programs.

Chapter 2 Phone numbers and resources

State Pharmaceutical Assistance Programs

Many states have State Pharmaceutical Assistance Programs that help people pay for prescription drugs based on financial need, age, medical condition, or disabilities. Each state has different rules to provide drug coverage to its members.

Refer to Appendix 2 at the back of this document for a list of contact information for State Pharmaceutical Assistance Programs.

Medicare Prescription Payment Plan

The Medicare Prescription Payment Plan is a payment option that works with your current drug coverage to help you manage your out-of-pocket costs for drugs covered by our plan by spreading them across **the calendar year** (January – December). Anyone with a Medicare prescription drug plan or Medicare health plan with drug coverage (like a Medicare Advantage plan with drug coverage) can use this payment option. **This payment option might help you manage your expenses, but it doesn't save you money or lower your drug costs. If you're participating in the Medicare Prescription Payment Plan and stay in the same Part D plan, your participation will be automatically renewed for 2026.** To learn more about this payment option, call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) or visit [Medicare.gov](https://www.Medicare.gov).

This payment option is not available for drugs that are not covered by UMP Classic Medicare with Part D or bonus non-Part D Prescription drugs and related supplies included in the plan formulary

SECTION 8 Railroad Retirement Board (RRB)

The Railroad Retirement Board is an independent federal agency that administers comprehensive benefit programs for the nation's railroad workers and their families. If you get your Medicare through the Railroad Retirement Board, let them know if you move or change your mailing address. For questions about your benefits from the Railroad Retirement Board, contact the agency.

Chapter 2 Phone numbers and resources**Railroad Retirement Board (RRB) – Contact Information**

Call	<p>1-877-772-5772</p> <p>Calls to this number are free.</p> <p>Press “0” to speak with an RRB representative from 9 am to 3:30 pm, Monday, Tuesday, Thursday, and Friday, and from 9 am to 12 pm on Wednesday.</p> <p>Press “1” to access the automated RRB HelpLine and get recorded information 24 hours a day, including weekends and holidays.</p>
TTY	<p>1-312-751-4701</p> <p>This number requires special telephone equipment and is only for people who have difficulties hearing or speaking.</p> <p>Calls to this number aren’t free.</p>
Website	RRB.gov

SECTION 9 If you have group insurance or other health insurance from an employer

If you (or your spouse or domestic partner) get benefits from your (or your spouse or domestic partner’s) employer or retiree group as part of this plan, call the employer/union benefits administrator or PEBB Customer Service at 1-800-200-1004 (TTY users should call 711.) with any questions. You can ask about your (or your spouse or domestic partner’s) employer or retiree health benefits, premiums, or the enrollment period. (Phone numbers are PEBB Customer Service at 1-800-200-1004 (TTY users should call 711) or ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) and are also printed on the back cover of this document.) You can call 1-800-MEDICARE (1-800-633-4227) with questions about your Medicare coverage under this plan. TTY users call 1-877-486-2048.

If you have other drug coverage through your (or your spouse or domestic partner’s) employer or retiree group, contact **that group’s benefits administrator**. The benefits administrator can help you understand how your current drug coverage will work with our plan.

CHAPTER 3:

Using plan coverage for Part D drugs

SECTION 1 Basic rules for our plan's Part D drug coverage

In addition to your coverage for Part D prescription drugs through our plan, Original Medicare (Medicare Part A and Part B) also covers some drugs:

- Medicare Part A covers drugs you are given during Medicare-covered stays in the hospital or in a skilled nursing facility.
- Medicare Part B also provides benefits for some drugs. Part B drugs include certain chemotherapy drugs, certain drug injections you are given during an office visit, and drugs you are given at a dialysis facility.

The two examples of drugs described above are covered by Original Medicare. (To find out more about this coverage, go to your *Medicare & You 2026* handbook.) Your Part D prescription drugs are covered under our plan.

Our plan will generally cover your drugs as long as you follow these rules:

- You must have a provider (a doctor, dentist, or other prescriber) write you a prescription that's valid under applicable state law.
- Your prescriber must not be on Medicare's Exclusion or Preclusion Lists.
- You generally must use a network pharmacy to fill your prescription (Go to Section 2 or you can fill your prescription through our plan's mail-order pharmacy.)
- Your drug must be on our plan's Drug List (Go to Section 3).
- Your drug must be used for a medically accepted indication. A "medically accepted indication" is a use of the drug that is either approved by the Food and Drug Administration (FDA) or supported by certain references. (Go to Section 3 in this chapter for more information about a medically accepted indication.)
- Your drug may require approval from our plan based on certain criteria before we agree to cover it. (Go to Section 4 for more information.)

Chapter 3 Using plan coverage for Part D drugs

SECTION 2 Fill your prescription at a network pharmacy or through our plan's mail-order pharmacies

In most cases, your prescriptions are covered *only* if they're filled at our plan's network pharmacies. (Go to Section 2.5 for information about when we cover prescriptions filled at out-of-network pharmacies.)

A network pharmacy is a pharmacy that has a contract with our plan to provide your covered drugs. The term "covered drugs" means all the Part D prescription drugs that are on our plan's Drug List.

Please note: There are no network pharmacies outside of the United States and its territories, (for a travel exception that would allow a fill of your prescriptions prior to traveling see Chapter 3, Section 4.2)

Section 2.1 Network pharmacies**Find a network pharmacy in your area**

To find a network pharmacy, go to your *Pharmacy Directory*, visit our website (ArrayRxSolutions.com/UMP), and/or call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.)

You may go to any of our network pharmacies.

If your pharmacy leaves the network

If the pharmacy you use leaves our plan's network, you'll have to find a new pharmacy in the network. To find another pharmacy in your area, call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) or use the *Pharmacy Directory*. You can also find information on our website at ArrayRxSolutions.com/UMP.

Chapter 3 Using plan coverage for Part D drugs

Specialized pharmacies

Some prescriptions must be filled at a specialized pharmacy. Specialized pharmacies include:

- Pharmacies that supply drugs for home infusion therapy.
- Pharmacies that supply drugs for residents of a long-term care (LTC) facility. Usually, a LTC facility (such as a nursing home) has its own pharmacy. If you have difficulty getting Part D prescription drugs in an LTC facility, call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.)
- Pharmacies that serve the Indian Health Service / Tribal / Urban Indian Health Program (not available in Puerto Rico). Except in emergencies, only Native Americans or Alaska Natives have access to these pharmacies in our network.
- Pharmacies that dispense drugs restricted by the FDA to certain locations or that require special handling, provider coordination, or education on its use. To locate a specialized pharmacy, go to your *Pharmacy Directory* at ArrayRxSolutions.com/UMP or call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.)

Section 2.2 Our plan's mail-order pharmacies

For certain kinds of prescription drugs, you can use our plan's network mail-order pharmacies. Generally, the prescription drugs provided through mail-order are prescription drugs you take on a regular basis, for a chronic or long-term medical condition.

Our plan's mail-order pharmacies allows you to order **up to a 90-day supply for most drugs except specialty drugs and vaccines.**

To get order forms and information about filling your prescriptions by mail you can call ArrayRx Customer Service at the number listed on the back of this document. To find a network mail-order pharmacy, you may use the Pharmacy Locator Tool at ArrayRxSolutions.com/UMP. If you use a mail-order pharmacy not in the plan's network, your prescription may not be covered.

Usually, a mail-order pharmacy order will be delivered to you in no more than 14 days. If your order is delayed, call ArrayRx Customer Service for assistance (phone numbers are printed on the back cover of this document).

New prescriptions the pharmacy gets directly from your doctor's office.

After the pharmacy gets a prescription from a health care provider, it will contact you to see if you want the medication filled immediately or at a later time. It's important to

Chapter 3 Using plan coverage for Part D drugs

respond each time you're contacted by the pharmacy to let them know whether to ship, delay, or stop the new prescription.

Refills on mail-order prescriptions. For refills, contact your pharmacy 14 days before your current prescription will run out to make sure your next order is shipped to you in time.

Section 2.3 How to get a long-term supply of drugs

Our plan offers 2 ways to get a long-term supply (also called an extended supply) of maintenance drugs on our plan's Drug List. (Maintenance drugs are drugs you take on a regular basis, for a chronic or long-term medical condition.)

1. Some retail pharmacies in our network allow you to get a long-term supply of maintenance drugs. Your *Pharmacy Directory* at ArrayRxSolutions.com/UMP tells you which pharmacies in our network can give you a long-term supply of maintenance drugs. You can also call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) for more information.
2. You can also get maintenance drugs through our mail-order program. Go to Section 2.3 for more information.

Section 2.4 Using a pharmacy that's not in our plan's network

Generally, we cover drugs filled at an out-of-network pharmacy *only* when you aren't able to use a network pharmacy. **Check first with ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711)** to see if there's a network pharmacy nearby.

We cover prescriptions filled at an out-of-network pharmacy only in these circumstances:

- Prescriptions related to care for a medical emergency or urgently needed care.
- A network pharmacy that provides 24-hour services is not within a reasonable driving distance.
- You are unable to fill a prescription that is not regularly stocked at an in-network retail or mail-order pharmacy (these drugs include orphan drugs or other specialty pharmaceuticals).
- You are traveling outside of your plan service area and you run out of or lose your covered Part D Prescription drugs or become ill and need a covered Part D drug and cannot access a network pharmacy.
- Self-administered Part D Prescription drugs provided in an outpatient setting (such as a provider clinic).

Chapter 3 Using plan coverage for Part D drugs

Note: Prescriptions filled at an out-of-network pharmacy in the situations listed above are limited to a 30-day supply.

If you must use an out-of-network pharmacy, you'll generally have to pay the full cost (rather than your normal cost share) at the time you fill your prescription. You can ask us to reimburse you for our share of the cost. (Go to Chapter 5, Section 2 for information on how to ask our plan to pay you back.) You may be required to pay the difference between what you pay for the drug at the out-of-network pharmacy and the cost we would cover at an in-network pharmacy. Please be sure to keep your receipt.

SECTION 3 Your drugs need to be on our plan's Drug List

Section 3.1 The Drug List tells which Part D drugs are covered

Our plan has a *List of Covered Drugs* (formulary). In this *Evidence of Coverage*, **we call it the Drug List**.

The drugs on this list are selected by our plan with the help of doctors and pharmacists. The list meets Medicare's requirements and has been approved by Medicare. The Drug List only shows drugs covered under Medicare Part D and any covered non-Part D prescription drugs and related supplies.

We generally cover a drug on our plan's Drug List as long as you follow the other coverage rules explained in this chapter and use of the drug is for a medically accepted indication. A medically accepted indication is a use of the drug that is *either*:

- Approved by the FDA for the diagnosis or condition for which it's prescribed, or
- Supported by certain references, such as the American Hospital Formulary Service Drug Information and the Micromedex DRUGDEX Information System.

The Drug List includes brand name drugs, generic drugs, and biological products (which may include biosimilars).

A brand name drug is a prescription drug sold under a trademarked name owned by the drug manufacturer. Biological products are drugs that are more complex than typical drugs. On the Drug List, when we refer to drugs, this could mean a drug or a biological product.

A generic drug is a prescription drug that has the same active ingredients as the brand name drug. Biological products have alternatives called biosimilars. Generally, generics and biosimilars work just as well as the brand name or original biological product and usually cost less. There are generic drug substitutes available for many brand name drugs and biosimilar alternatives for some original biological products. Some biosimilars are interchangeable

Chapter 3 Using plan coverage for Part D drugs

biosimilars and, depending on state law, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

Go to Chapter 10 for definitions of types of drugs that may be on the Drug List.

Drugs that aren't on the Drug List

Our plan doesn't cover all prescription drugs.

- In some cases, the law doesn't allow any Medicare plan to cover certain types of drugs. (For more information, go to Section 7.)
- In other cases, we decided not to include a particular drug on the Drug List.
- In some cases, you may be able to get a drug that's not on the Drug List. (For more information, go to Chapter 7.)

Section 3.2 6 cost-sharing tiers for drugs on the Drug List

Every drug on our plan's Drug List is in one of 6 cost-sharing tiers. In general, the higher the tier, the higher your cost for the drug:

- Tier 1 – Preferred Generic – Lowest cost sharing tier, includes preferred generic drugs
- Tier 2 – Generic – Tier includes generic drugs
- Tier 3 – Preferred Brand – Tier includes preferred brand drugs
- Tier 4 – Non-Preferred Drug – Tier includes non-preferred drugs
- Tier 5 – Specialty Tier – Highest cost sharing tier includes specialty drugs
- Tier 6 – Vaccines – Tier includes Part D vaccines, which may have no cost share

To find out which cost-sharing tier your drug is in, look it up in our plan's Drug List. The amount you pay for drugs in each cost-sharing tier is shown in Chapter 4.

Section 3.3 How to find out if a specific drug is on the Drug List

To find out if a drug is on our Drug List, you have these options:

- Check the most recent Drug List we provided electronically.
- Visit our plan's website (ArrayRxSolutions.com/UMP). The Drug List on the website is always the most current.

Chapter 3 Using plan coverage for Part D drugs

- Call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) to find out if a particular drug is on our plan's Drug List or ask for a copy of the list.
- Use our plan's "Real-Time Benefit Tool" (also called the "Drug price Estimator" found at ArrayRxSolutions.com/UMP) to search for drugs on the Drug List to get an estimate of what you'll pay and see if there are alternative drugs on the Drug List that could treat the same condition. You can also call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.)

SECTION 4 Drugs with restrictions on coverage

Section 4.1 Why some drugs have restrictions

For certain prescription drugs, special rules restrict how and when our plan covers them. A team of doctors and pharmacists developed these rules to encourage you and your provider to use drugs in the most effective way. To find out if any of these restrictions apply to a drug you take or want to take, check the Drug List.

If a safe, lower-cost drug will work just as well medically as a higher-cost drug, our plan's rules are designed to encourage you and your provider to use that lower-cost option.

Note that sometimes a drug may appear more than once in our Drug List. This is because the same drugs can differ based on the strength, amount, or form of the drug prescribed by your health care provider, and different restrictions or cost sharing may apply to the different versions of the drug (for example, 10 mg versus 100 mg; one per day versus 2 per day; tablet versus liquid).

Compound Medications

A compound medication is created by a pharmacist by combining or mixing ingredients to create a prescription medication customized to the needs of an individual patient.

Generally, compounded medications are non-formulary drugs (not covered) by your plan. Compounded medications may be covered in limited circumstances. To be eligible for Part D prescription drug coverage, all the following requirements must be met:

1. Compound medication must contain at least one FDA approved drug ingredient and all the ingredients in the compound (including their intended route of administration) are clinically supported.
2. The primary compound ingredient (identified by CMS as the ingredient with the highest cost) must be on the Drug List (formulary).

Chapter 3 Using plan coverage for Part D drugs

3. Compound must be approved by Medicare for the diagnosis or condition for which it's prescribed.
4. All compound medication ingredient information must be provided.

A compound medication that is eligible for Part D prescription drug coverage may require an approved coverage determination to be covered.

Section 4.2 Types of restrictions

If there's a restriction for your drug, it usually means that you or your provider have to take extra steps for us to cover the drug. Call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) to learn what you or your provider can do to get coverage for the drug. **If you want us to waive the restriction for you, you need to use the coverage decision process and ask us to make an exception.** We may or may not agree to waive the restriction for you. (Go to Chapter 7.)

Getting plan approval in advance

For certain prescription drugs, you or your provider need to get approval from our plan based on specific criteria before we agree to cover the drug for you. This is called **prior authorization**. This is put in place to ensure medication safety and help guide appropriate use of certain prescription drugs. If you don't get this approval, your prescription drug might not be covered by our plan. Our plan's prior authorization criteria can be obtained by calling ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) or on our website ArrayRxSolutions.com/UMP.

Trying a different drug first

This requirement encourages you to try less costly but usually just as effective drugs before our plan covers another drug. For example, if Drug A and Drug B treat the same medical condition, our plan may require you to try Drug A first. If Drug A doesn't work for you, our plan will then cover Drug B. This requirement to try a different drug first is called **step therapy**. Our plan's step therapy criteria can be obtained by calling ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) or on our website ArrayRxSolutions.com/UMP.

Quantity limits

For certain drugs, we limit how much of a drug you can get each time you fill your prescription. For example, if it's normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day.

Chapter 3 Using plan coverage for Part D drugs

Our vacation override policy allows you to obtain an early refill for your prescription(s) prior to traveling outside of the United States (US), or if you expect you will run out of your medication(s) while traveling where there are no contracted pharmacies. You are allowed two (2) vacation overrides per plan year. You should contact ArrayRx for your vacation override request no more than two (2) weeks prior to travel.

SECTION 5 What you can do if one of your drugs isn't covered the way you'd like

There are situations where a prescription drug you take, or that you and your provider think you should take, isn't on our Drug List or has restrictions. For example:

- The drug might not be covered at all. Or a generic version of the drug may be covered but the brand name version you want to take isn't covered.
- The drug is covered, but there are extra rules or restrictions on coverage.
- The drug is covered, but in a cost-sharing tier that makes your cost sharing more expensive than you think it should be.

If your drug is in a cost-sharing tier that makes your cost more expensive than you think it should be, go to Section 5.1 to learn what you can do.

If your drug isn't on the Drug List or is restricted, here are options for what you can do:

- You may be able to get a temporary supply of the drug.
- You can change to another drug.
- You can ask for an **exception** and ask our plan to cover the drug or remove restrictions from the drug.

You may be able to get a temporary supply

Under certain circumstances, our plan must provide a temporary supply of a drug you're already taking. This temporary supply gives you time to talk with your provider about the change.

To be eligible for a temporary supply, the drug you take **must no longer be on our plan's Drug List OR is now restricted in some way.**

- **If you're a new member**, we'll cover a temporary supply of your drug during the first **90 days** of your membership in our plan.
- **If you were in our plan last year**, we'll cover a temporary supply of your drug during the first **90 days** of the calendar year.

Chapter 3 Using plan coverage for Part D drugs

- This temporary supply will be for a maximum of 30-days. If your prescription is written for fewer days, we'll allow multiple fills to provide up to a maximum of 30-days of medication. The prescription must be filled at a network pharmacy. (Note that a long-term care pharmacy may provide the drug in smaller amounts at a time to prevent waste.)
- **For members who've been in our plan for more than 90 days and live in a long-term care facility and need a supply right away:**
We'll cover one 31-day emergency supply of a particular drug, or less if your prescription is written for fewer days. This is in addition to the above temporary supply.
- Excluded drugs or drugs with specific medical coverage criteria may not be eligible for a temporary supply.

For questions about a temporary supply, call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.)

During the time when you're using a temporary supply of a drug, you should talk with your provider to decide what to do when your temporary supply runs out. You have 2 options:

Option 1. You can change to another drug

Talk with your provider about whether a different drug covered by our plan may work just as well for you. Call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) to ask for a list of covered drugs that treat the same medical condition. This list can help your provider find a covered drug that might work for you.

Option 2. You can ask for an exception

You and your provider can ask our plan to make an exception and cover the drug in the way you'd like it covered. If your provider says you have medical reasons that justify asking us for an exception, your provider can help you ask for an exception. For example, you can ask our plan to cover a drug even though it is not on our plan's Drug List. Or you can ask our plan to make an exception and cover the drug without restrictions.

If you're a current member and a drug you take will be removed from the formulary or restricted in some way for next year, we'll tell you about any change before the new year. You can ask for an exception before next year, and we'll give you an answer within 72 hours after we get your request (or your prescriber's supporting statement). If we approve your request, we'll authorize coverage for the drug before the change takes effect.

Chapter 3 Using plan coverage for Part D drugs

If you and your provider want to ask for an exception, go to Chapter 7, Section 5.4 to learn what to do. It explains the procedures and deadlines set by Medicare to make sure your request is handled promptly and fairly.

Section 5.1 What to do if your drug is in a cost-sharing tier you think is too high

If your drug is in a cost-sharing tier you think is too high, here are things you can do:

You can change to another drug

If your drug is in a cost-sharing tier you think is too high, talk to your provider. There may be a different drug in a lower cost-sharing tier that might work just as well for you. You can check the Drug List (Formulary) available at ArrayRxSolutions.com/UMP or call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) to ask for a list of covered drugs that treat the same medical condition. This list can help your provider find a covered drug that might work for you.

You can ask for an exception

You and your provider can ask our plan to make an exception in the cost-sharing tier for the drug so that you pay less for it. If your provider says you have medical reasons that justify asking us for an exception, your provider can help you request an exception to the rule.

If you and your provider want to ask for an exception, go to Chapter 7, Section 5.4 for what to do. It explains the procedures and deadlines set by Medicare to make sure your request is handled promptly and fairly.

Drugs of our Tier 5 Specialty Tier aren't eligible for this type of exception. We don't lower the cost-sharing amount for drugs in this tier.

SECTION 6 Our Drug List can change during the year

Most changes in drug coverage happen at the beginning of each year (January 1). However, during the year, our plan can make some changes to the Drug List. For example, our plan might:

- **Add or remove drugs from the Drug List**
- **Move a drug to a higher or lower cost-sharing tier**
- **Add or remove a restriction on coverage for a drug**
- **Replace a brand name drug with a generic version of the drug**

Chapter 3 Using plan coverage for Part D drugs

- Replace an original biological product with an interchangeable biosimilar version of the biological product

We must follow Medicare requirements before we change our plan's Drug List.

Information on changes to drug coverage

When changes to the Drug List occur, we post information on our website about those changes. We also update our online Drug List regularly. Sometimes you'll get direct notice if changes are made to a drug you take.

Changes to drug coverage that affect you during this plan year

- **Adding new drugs to the Drug List and immediately removing or making changes to a like drug on the Drug List.**
 - When adding a new version of a drug to the Drug List, we may immediately remove a like drug from the Drug List, move the like drug to a different cost-sharing tier, add new restrictions, or both. The new version of the drug will be on the same or a lower cost-sharing tier and with the same or fewer restrictions.
 - We'll make these immediate changes only if we add a new generic version of a brand name drug or add certain new biosimilar versions of an original biological product that was already on the Drug List.
 - We may make these changes immediately and tell you later, even if you take the drug that we remove or make changes to. If you take the like drug at the time we make the change, we'll tell you about any specific change we made.
- **Adding drugs to the Drug List and removing or making changes to a like drug on the Drug List.**
 - When adding another version of a drug to the Drug List, we may remove a like drug from the Drug List, move it to a different cost-sharing tier, add new restrictions, or both. The version of the drug that we add will be on the same or a lower cost-sharing tier and with the same or fewer restrictions.
 - We'll make these changes only if we add a new generic version of a brand name drug or add certain new biosimilar versions of an original biological product that was already on the Drug List.
 - We'll tell you at least 30 days before we make the change or tell you about the change and cover an 30-day fill of the version of the drug you're taking.
- **Removing unsafe drugs and other drugs on the Drug List that are withdrawn from the market.**

Chapter 3 Using plan coverage for Part D drugs

- Sometimes a drug may be deemed unsafe or taken off the market for another reason. If this happens, we may immediately remove the drug from the Drug List. If you take that drug, we'll tell you after we make the change.
- **Making other changes to drugs on the Drug List.**
 - We may make other changes once the year has started that affect drugs you take. For example, we may make a change based on FDA boxed warnings or new clinical guidelines recognized by Medicare.
 - We'll tell you at least 30 days before we make these changes or tell you about the change and cover an additional 30-day fill of the drug you're taking.

If we make any of these changes to any of the drugs you take, talk with your prescriber about the options that would work best for you, including changing to a different drug to treat your condition, or asking for a coverage decision to satisfy any new restrictions on the drug you're taking. You or your prescriber can ask us for an exception to continue covering the drug or version of the drug you've been taking. For more information on how to ask for a coverage decision, including an exception, go to Chapter 7.

Changes to the Drug List that don't affect you during this plan year

We may make certain changes to the Drug List that aren't described above. In these cases, the change won't apply to you if you're taking the drug when the change is made; however, these changes will likely affect you starting January 1 of the next plan year if you stay in the same plan.

In general, changes that won't affect you during the current plan year are:

- We move your drug into a higher cost-sharing tier.
- We put a new restriction on the use of your drug.
- We remove your drug from the Drug List.

If any of these changes happen for a drug you take (except for market withdrawal, a generic drug replacing a brand name drug, or other changes noted in the sections above), the change won't affect your use or what you pay as your share of the cost until January 1 of the next year.

We won't tell you about these types of changes directly during the current plan year. You'll need to check the Drug List for the next plan year (when the list is available during the open enrollment period) to see if there are any changes to drugs you take that will impact you during the next plan year.

SECTION 7 Types of drugs we don't cover

Some kinds of prescription drugs are *excluded*. This means Medicare doesn't pay for these drugs.

If you get drugs that are excluded, you must pay for them yourself (except for certain bonus non-Part D prescription drugs and related supplies covered under our enhanced drug coverage). If you appeal and the requested drug is found not to be excluded under Part D, we'll pay for or cover it. (For information about appealing a decision, go to Chapter 7.)

Here are 3 general rules about drugs that Medicare prescription drug plans won't cover under Part D:

- Our plan's Part D drug coverage can't cover a drug that would be covered under Medicare Part A or Part B.
- Our plan can't cover a drug purchased outside the United States or its territories.
- Our plan can't cover *off-label* use of a drug when the use is not supported by certain references, such as the American Hospital Formulary Service Drug Information and the Micromedex DRUGDEX Information System. *Off-label* use is any use of the drug other than those indicated on a drug's label as approved by the FDA.

In addition, by law, the following categories of drugs are not covered by Medicare prescription drug plans (Our plan covers certain bonus non-Part D prescription drugs and related supplies listed below through our enhanced benefit. More information is provided in Chapter 4, Section 7.):

- Non-prescription drugs (also called over-the-counter drugs)
- Drugs used to promote fertility
- Drugs used for the relief of cough or cold symptoms
- Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Drugs used for the treatment of sexual or erectile dysfunction
- Drugs used for treatment of anorexia, weight loss, or weight gain
- Outpatient drugs for which the manufacturer requires associated tests or monitoring services be purchased only from the manufacturer as a condition of sale

Chapter 3 Using plan coverage for Part D drugs

We offer additional coverage of some prescription drugs (enhanced drug coverage) not normally covered in a Medicare prescription drug plan. Refer to the Drug List for coverage of bonus non-Part D prescription drugs and related supplies included in the plan formulary located at ArrayRxSolutions.com/UMP. The amount you pay for these drugs doesn't count toward qualifying you for the Catastrophic Coverage Stage. (The Catastrophic Coverage Stage is described in Chapter 4, Section 6.)

If you **get Extra Help from Medicare** to pay for your prescriptions, Extra Help won't pay for drugs that aren't normally covered. (Go to our plan's Drug List or call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) for more information. If you have drug coverage through Medicaid, your state Medicaid program may cover some prescription drugs not normally covered in a Medicare prescription drug plan. Contact your state Medicaid program to determine what drug coverage may be available to you. (Find phone numbers and contact information for Medicaid in Chapter 2, Section 6.)

If you get Extra Help to pay for your prescriptions, Extra Help won't pay for drugs that aren't normally covered. If you have drug coverage through Medicaid, your state Medicaid program may cover some prescription drugs not normally covered in a Medicare prescription drug plan. Contact your state Medicaid program to determine what drug coverage may be available to you. (Find phone numbers and contact information for Medicaid in Chapter 2, Section 6.)

SECTION 8 How to fill a prescription

To fill your prescription, provide our plan membership information (which can be found on your membership card) at the network pharmacy you choose. The network pharmacy will automatically bill our plan for *our* share of your drug cost. You need to pay the pharmacy *your* share of the cost when you pick up your prescription.

If you don't have our plan membership information with you, you or the pharmacy can call our plan to get the information, or you can ask the pharmacy to look up our plan enrollment information.

If the pharmacy can't get the necessary information, **you may have to pay the full cost of the prescription when you pick it up**. You can then **ask us to reimburse you** for our share. Go to Chapter 5, Section 2 for information about how to ask our plan for reimbursement.

SECTION 9 Part D drug coverage in special situations

Section 9.1 In a hospital or a skilled nursing facility for a stay covered by our plan

If you're admitted to a hospital or to a skilled nursing facility, Original Medicare (or your Medicare health plan with Part A and B coverage, if applicable) will generally cover the cost of your prescription drugs during your stay. Once you leave the hospital or skilled nursing facility, our plan will cover your prescription drugs as long as the drugs meet all our rules for coverage described in this chapter.

Section 9.2 As a resident in a long-term care (LTC) facility

Usually, a long-term care (LTC) facility (such as a nursing home) has its own pharmacy or uses a pharmacy that supplies drugs for all its residents. If you're a resident of an LTC facility, you may get your prescription drugs through the facility's pharmacy or the one it uses, as long as it's part of our network.

Check your *Pharmacy Directory* available at ArrayRxSolutions.com/UMP to find out if your LTC facility's pharmacy or the one it uses is part of our network. If it isn't, or if you need more information or help, call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.) If you're in an LTC facility, we must ensure that you're able to routinely get your Part D benefits through our network of LTC pharmacies.

If you're a resident in an LTC facility and need a drug that's not on our Drug List or restricted in some way, go to Section 5 for information about a temporary or emergency supply.

Section 9.3 If you are taking drugs covered by Original Medicare

Your enrollment in UMP Classic Medicare with Part D (PDP) doesn't affect your coverage for drugs covered under Medicare Part A or Part B. If you meet Medicare's coverage requirements, your drug will still be covered under Medicare Part A or Part B, even though you're enrolled in our plan. If your drug would be covered by Medicare Part A or Part B, our plan can't cover it, even if you choose not to enroll in Part A or Part B.

Some drugs may be covered under Medicare Part B in some situations and through UMP Classic Medicare with Part D (PDP) in other situations. Drugs are never covered by both Part B and our plan at the same time. In general, your pharmacist or provider will determine whether to bill Medicare Part B or UMP Classic Medicare with Part D (PDP) for the drug.

Chapter 3 Using plan coverage for Part D drugs

Section 9.4 If you have a Medigap (Medicare Supplement Insurance) policy with drug coverage

If you currently have a Medigap policy that includes coverage for prescription drugs, you must contact your Medigap issuer and tell them you enrolled in our plan. If you decide to keep your current Medigap policy, your Medigap issuer will remove the prescription drug coverage portion of your Medigap policy and lower your premium.

Each year your Medigap insurance company should send you a notice that tells if your prescription drug coverage is creditable, and the choices you have for drug coverage. (If the coverage from the Medigap policy is creditable, it means that it is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage.) The notice will also explain how much your premium would be lowered if you remove the prescription drug coverage portion of your Medigap policy. If you didn't get this notice, or if you can't find it, contact your Medigap insurance company and ask for another copy.

Section 9.5 If you also get drug coverage from an employer or retiree group plan

If you have other drug coverage through your (or your spouse or domestic partner's) employer or retiree group, contact **that group's benefits administrator**. They can help you understand how your current drug coverage will work with our plan.

In general, if you have employee or retiree group coverage, the drug coverage you get from us will be *secondary* to your group coverage. That means your group coverage pays first.

Special note about creditable coverage:

Each year your employer or retiree group should send you a notice that tells you if your prescription drug coverage for the next calendar year is creditable.

If the coverage from the group plan is creditable, it means that our plan has drug coverage that is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage.

Keep any notices about creditable coverage because you may need these notices later to show that you maintained creditable coverage. If you didn't get a creditable coverage notice, ask for a copy from the employer or retiree group's benefits administrator or the employer or union.

Section 9.6 If you're in Medicare-certified hospice

Hospice and our plan don't cover the same drug at the same time. If you're enrolled in Medicare hospice and require certain drugs (e.g., anti-nausea drugs, laxatives, pain

Chapter 3 Using plan coverage for Part D drugs

medication or anti-anxiety drugs) that aren't covered by your hospice because it is unrelated to your terminal illness and related conditions, our plan must get notification from either the prescriber or your hospice provider that the drug is unrelated before our plan can cover the drug. To prevent delays in getting these drugs that should be covered by our plan, ask your hospice provider or prescriber to provide notification before your prescription is filled.

In the event you either revoke your hospice election or are discharged from hospice, our plan should cover your drugs as explained in this document. To prevent any delays at a pharmacy when your Medicare hospice benefit ends, bring documentation to the pharmacy to verify your revocation or discharge.

SECTION 10 Programs on drug safety and managing medications

We conduct drug use reviews to help make sure our members get safe and appropriate care.

We do a review each time you fill a prescription. We also review our records on a regular basis. During these reviews, we look for potential problems like:

- Possible medication errors
- Drugs that may not be necessary because you take another similar drug to treat the same condition
- Drugs that may not be safe or appropriate because of your age or gender
- Certain combinations of drugs that could harm you if taken at the same time
- Prescriptions for drugs that have ingredients you're allergic to
- Possible errors in the amount (dosage) of a drug you're taking
- Unsafe amounts of opioid pain medications

If we see a possible problem in your use of medications, we'll work with your provider to correct the problem.

Section 10.1 Drug Management Program (DMP) to help members safely use opioid medications

We have a program that helps make sure members safely use prescription opioids and other frequently abused medications. This program is called a Drug Management Program (DMP). If you use opioid medications that you get from several prescribers or pharmacies, or if you had a recent opioid overdose, we may talk to your prescribers to make sure your use of opioid medications is appropriate and medically necessary. Working with your prescribers, if we decide your use of prescription opioid or benzodiazepine medications may not be safe, we

Chapter 3 Using plan coverage for Part D drugs

may limit how you can get those medications. If we place you in our DMP, the limitations may be:

- Requiring you to get all your prescriptions for opioid or benzodiazepine medications from a certain pharmacy(ies)
- Requiring you to get all your prescriptions for opioid or benzodiazepine medications from a certain prescriber(s)
- Limiting the amount of opioid or benzodiazepine medications we'll cover for you

If we plan on limiting how you get these medications or how much you can get, we'll send you a letter in advance. The letter will tell you if we'll limit coverage of these drugs for you, or if you'll be required to get the prescriptions for these drugs only from a specific prescriber or pharmacy. You'll have an opportunity to tell us which prescribers or pharmacies you prefer to use, and about any other information you think is important for us to know. After you've had the opportunity to respond, if we decide to limit your coverage for these medications, we'll send you another letter confirming the limitation. If you think we made a mistake or you disagree with our decision or with the limitation, you and your prescriber have the right to appeal. If you appeal, we'll review your case and give you a new decision. If we continue to deny any part of your request related to the limitations that apply to your access to medications, we'll automatically send your case to an independent reviewer outside of our plan. Go to Chapter 7 for information about how to ask for an appeal.

You won't be placed in our DMP if you have certain medical conditions, such as cancer-related pain or sickle cell disease, you're getting hospice, palliative, or end-of-life care, or live in a long-term care facility.

Section 10.2 Medication Therapy Management (MTM) program to help members manage medications

We have a program that can help our members with complex health needs. Our program is called a Medication Therapy Management (MTM) program. This program is voluntary and free. A team of pharmacists and doctors developed the program for us to help make sure our members get the most benefit from the drugs they take.

Some members who have certain chronic diseases and take medications that exceed a specific amount of drug costs or are in a DMP to help them use opioids safely, may be able to get services through an MTM program. If you qualify for the program, a pharmacist or other health professional will give you a comprehensive review of all your medications. During the review, you can talk about your medications, your costs, and any problems or questions you have about your prescription and over-the-counter medications. You'll get a written summary which has a recommended to-do list that includes steps you should take to get the best results from your medications. You'll also get a medication list that will include all the medications you're taking, how much you take, and when and why you take them. In

Chapter 3 Using plan coverage for Part D drugs

addition, members in the MTM program will get information on the safe disposal of prescription medications that are controlled substances.

It's a good idea to talk to your doctor about your recommended to-do list and medication list. Bring the summary with you to your visit or anytime you talk with your doctors, pharmacists, and other health care providers. Keep your medication list up to date and with you (for example, with your ID) in case you go to the hospital or emergency room.

If we have a program that fits your needs, we'll automatically enroll you in the program and send you information. If you decide not to participate, notify us and we'll withdraw you. For questions about this program, call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.)

Chapter 4:

What you pay for Part D drugs

SECTION 1 What you pay for Part D drugs

If you are in a program that helps pay for your drugs, **some information in this *Evidence of Coverage* about the costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the *Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs* (also known as the *Low-Income Subsidy Rider* or the *LIS Rider*), which tells you about your drug coverage. If you don't have this insert, call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) and ask for the *LIS Rider*.

We use “drug” in this chapter to mean a Part D prescription drug. Not all drugs are Part D prescription drugs. Some drugs are covered under Medicare Part A or Part B and other drugs are excluded from Medicare coverage by law. Some excluded drugs may be covered as part of our bonus non-Part D prescription drugs and related supplies enhanced benefit.

To understand the payment information, you need to know what drugs are covered, where to fill your prescriptions, and what rules to follow when you get your covered drugs. Chapter 3 explains these rules. When you use our plan's “Real-Time Benefit Tool” (also called the “Drug Price Estimator”) to look up drug coverage available at ArrayRxSolutions.com/UMP, the cost you see shows an estimate of the out-of-pocket costs you're expected to pay. You can also get information provided by the “Real-Time Benefit Tool” by calling ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.)

Section 1.1 Types of out-of-pocket costs you may pay for covered drugs

There are 2 different types of out-of-pocket costs for covered Part D prescription drugs that may be asked to pay:

- **Deductible** is the amount you pay for drugs before our plan starts to pay our share.
- **Copayment** is a fixed amount you pay each time you fill a prescription.

Section 1.2 How Medicare calculates your out-of-pocket costs

Medicare has rules about what counts and what doesn't count toward your out-of-pocket costs. Here are the rules we must follow to keep track of your out-of-pocket costs.

Chapter 4 What you pay for Part D drugs

These payments are included in your out-of-pocket costs

Your out-of-pocket costs **include** the payments listed below (as long as they are for covered Part D drugs, and you followed the rules for drug coverage explained in Chapter 3):

- The amount you pay for drugs when you're in the following drug payment stages:
 - The Deductible Stage
 - The Initial Coverage Stage
- Any payments you made during this calendar year as a member of a different Medicare prescription drug plan before you joined our plan.
- Any payments for your drugs made by family or friends
- Any payments made for your drugs by Extra Help from Medicare, employer or union health plans, Indian Health Service, AIDS drug assistance programs, State Pharmaceutical Assistance Programs (SPAPs), and most charities

Moving to the Catastrophic Coverage Stage:

When you (or those paying on your behalf) have spent a total of \$2,100 in out-of-pocket costs within the calendar year, you move from the Initial Coverage Stage to the Catastrophic Coverage Stage.

These payments aren't included in your out-of-pocket costs

Your out-of-pocket costs **don't include** any of these types of payments:

- Your monthly premium
- Late Enrollment Penalty
- Income Related Monthly Adjustment Amount (IRMAA)
- Drugs you buy outside the United States and its territories
- Drugs that aren't covered by our plan
- Drugs you get at an out-of-network pharmacy that don't meet our plan's requirements for out-of-network coverage
- Prescription drugs covered by Part A or Part B
- Payments you make towards drugs covered under our additional coverage (bonus formulary non-Part D prescription drug and related supplies) but not normally covered in a Medicare Prescription Drug Plan.

Chapter 4 What you pay for Part D drugs

- Payments you make toward drugs not normally covered in a Medicare Prescription Drug Plan
- Payments for your drugs made by certain insurance plans and government-funded health programs such as TRICARE and the Veterans Health Administration (VA)
- Payments for your drugs made by a third-party with a legal obligation to pay for prescription costs (for example, Workers' Compensation)
- Payments made by drug manufacturers under the Manufacturer Discount Program

Reminder: If any other organization like the ones listed above pays part or all of your out-of-pocket costs for drugs, you're required to tell our plan by calling ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.)

Tracking your out-of-pocket total costs

- The *Part D Explanation of Benefits* (EOB) you get includes the current total of your out-of-pocket costs. When this amount reaches \$2,100, the *Part D EOB* will tell you that you left the Initial Coverage Stage and moved to the Catastrophic Coverage Stage.
- **Make sure we have the information we need.** Go to Section 3.1 to learn what you can do to help make sure our records of what you spent are complete and up to date.

SECTION 2 Drug payment stages for UMP Classic Medicare with Part D (PDP) members

There are **3 drug payment stages** for your prescription drug coverage under UMP Classic Medicare with Part D (PDP). How much you pay for each prescription depends on what stage you're in when you get a prescription filled or refilled. Keep in mind you are always responsible for our plan's monthly premium regardless of the drug payment stage. Details of each stage are explained in this chapter. The stages are:

- **Stage 1: Yearly Deductible Stage**
- **Stage 2: Initial Coverage Stage**
- **Stage 3: Catastrophic Coverage Stage**

SECTION 3 Your Part D *Explanation of Benefits (EOB)* explains which payment stage you're in

Our plan keeps track of your prescription drug costs and the payments you make when you get prescriptions at the pharmacy. This way, we can tell you when you moved from one drug payment stage to the next. We track 2 types of costs:

- **Out-of-Pockets Costs:** this is how much you have paid. This includes what you paid when you get a covered Part D drug, any payments for your drugs made by family or friends, and any payments made for your drugs by Extra Help from Medicare, employer or union health plans, Indian Health Service, AIDS drug assistance programs, charities, and most State Pharmaceutical Assistance Programs (SPAPs).
- **Total Drug Costs:** this is the total of all payments made for your covered Part D prescription drugs. It includes what our plan paid, what you paid, and what other programs or organizations paid for your covered Part D drugs.

If you filled one or more prescriptions filled through our plan during the previous month, we'll send you a *Part D EOB*. The *Part D EOB* includes:

- **Information for that month.** This report gives payment details about prescriptions you filled during the previous month. It shows the total drug costs, what our plan paid, and what you and others paid on your behalf.
- **Totals for the year since January 1.** This shows the total drug costs and total payments for your drugs since the year began.
- **Drug price information.** This displays the total drug price, and information about changes in price from first fill for each prescription claim of the same quantity.
- **Available lower cost alternative prescriptions.** This shows information about other available drugs with lower cost sharing for each prescription claim, if applicable.

Section 3.1 Help us keep our information about your drug payments up to date

To keep track of your drug costs and the payments you make for drugs, we use records we get from pharmacies. Here's how you can help us keep your information correct and up to date:

- **Show your membership card every time you get a prescription filled.** This helps make sure we know about the prescriptions you fill and what you pay.
- **Make sure we have the information we need.** There are times you may pay for the entire cost of a prescription drug. In these cases, we won't automatically get the information we need to keep track of your out-of-pocket costs. To help us keep track of your out-of-pocket costs, give us copies of your receipts. **Examples of when you should give us copies of your drug receipts:**

Chapter 4 What you pay for Part D drugs

- When you purchase a covered drug at a network pharmacy at a special price or use a discount card that's not part of our plan's benefit.
 - When you pay a copayment for drugs provided under a drug manufacturer patient assistance program.
 - Any time you buy covered drugs at out-of-network pharmacies or pay the full price for a covered drug under special circumstances.
 - If you're billed for a covered drug, you can ask our plan to pay our share of the cost. For instructions on how to do this, go to Chapter 5, Section 2.
- **Send us information about the payments others make for you.** Payments made by certain other people and organizations also count toward your out-of-pocket costs. For example, payments made by a State Pharmaceutical Assistance Program, an AIDS drug assistance program (ADAP), the Indian Health Service, and charities count toward your out-of-pocket costs. Keep a record of these payments and send them to us so we can track your costs.
 - **Check the written report we send you.** When you get a *Part D EOB*, look it over to be sure the information is complete and correct. If you think something is missing or you have questions, call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.) Be sure to keep these reports.

SECTION 4 The Deductible Stage

The Deductible Stage is the first payment stage for your drug coverage. The deductible doesn't apply to covered insulin products and most adult Part D vaccines, including shingles, tetanus, and travel vaccines. You'll pay a yearly deductible of \$100 on Tier 3, Tier 4 and Tier 5 prescription drugs. **You must pay the full cost of your Tier 3, Tier 4 and Tier 5 prescription drugs** until you reach our plan's deductible amount. For all other drugs you will not have to pay any deductible. The **full cost** is usually lower than the normal full price of the drug since our plan negotiated lower costs for most drugs at network pharmacies. The full cost cannot exceed the maximum fair price plus dispensing fees for drugs with negotiated prices under the Medicare Drug Price Negotiation Program.

Once you pay \$100 for your Tier 3, Tier 4 and Tier 5 drugs, you leave the Deductible Stage and move on to the Initial Coverage Stage.

Chapter 4 What you pay for Part D drugs

SECTION 5 The Initial Coverage Stage

Section 5.1 What you pay for a drug depends on the drug and where you fill your prescription

During the Initial Coverage Stage, our plan pays its share of the cost of your covered prescription drugs, and you pay your share (your copayment). Your share of the cost will vary depending on the drug and where you fill your prescription.

Our plan has 6 cost-sharing tiers

Every drug on our plan's Drug List is in one of 6 cost-sharing tiers. In general, the higher the cost-sharing tier number, the higher your cost for the drug:

- Tier 1 – Preferred Generic – Lowest cost sharing tier, includes preferred generic drugs
 - Tier 2 – Generic – Tier includes generic drugs
 - Tier 3 – Preferred Brand – Tier includes preferred brand drugs
 - Tier 4 – Non-Preferred Drug – Tier includes non-preferred drugs
 - Tier 5 – Specialty Tier – Highest cost sharing tier, includes specialty drugs
 - Tier 6 – Vaccines – Tier includes Part D vaccines, which may have no cost sharing
-
- On Tiers 3 and 4 you won't pay more than \$10 for a 30-day supply of each covered insulin product.

To find out which cost-sharing tier your drug is in, look it up in our plan's Drug List.

Your pharmacy choices

How much you pay for a drug depends on whether you get the drug from:

- A network retail pharmacy
- A pharmacy that isn't in our plan's network. We cover prescriptions filled at out-of-network pharmacies in only limited situations. Go to Chapter 3, Section 2.5 to find out when we'll cover a prescription filled at an out-of-network pharmacy.
- A network mail-order pharmacy

For more information about these pharmacy choices and filling your prescriptions, go to Chapter 3 and our plan's *Pharmacy Directory* available at ArrayRxSolutions.com/UMP.

Chapter 4 What you pay for Part D drugs**Section 5.2 Your costs for a *one-month* supply of a covered drug**

During the Initial Coverage Stage, your share of the cost of a covered drug will be a copayment.

The amount of the copayment depends on the cost-sharing tier.

Sometimes the cost of the drug is lower than your copayment. In these cases, you pay the lower price for the drug instead of the copayment.

Your costs for a *one-month* supply of a covered Part D drug

Tier	Standard retail cost sharing (in-network) (up to a 30-day supply)	Mail-order cost sharing (up to a 30-day supply)	Long-term care (LTC) cost sharing (up to a 31-day supply)	Out-of-network cost sharing (Coverage is limited to certain situations; go to Chapter 5 for details.) (up to a 30-day supply)
Cost-Sharing Tier 1 (Preferred Generic)	\$0 copay	\$0 copay	\$0 copay	\$0 copay
Cost-Sharing Tier 2 (Generic)	\$10 copay	\$10 copay	\$10 copay	\$10 copay

Chapter 4 What you pay for Part D drugs

Tier	Standard retail cost sharing (in-network) (up to a 30-day supply)	Mail-order cost sharing (up to a 30-day supply)	Long-term care (LTC) cost sharing (up to a 31-day supply)	Out-of-network cost sharing (Coverage is limited to certain situations; go to Chapter 5 for details.) (up to a 30-day supply)
Cost-Sharing Tier 3 (Preferred Brand) You won't pay more than \$10 for a 30-day supply of each covered insulin product.	\$40 copay	\$40 copay	\$40 copay	\$40 copay
Cost-Sharing Tier 4 (Non-Preferred Drug) You won't pay more than \$10 for a 30-day supply of each covered insulin product.	\$75 copay	\$75 copay	\$75 copay	\$75 copay

Chapter 4 What you pay for Part D drugs

Tier	Standard retail cost sharing (in-network) (up to a 30-day supply)	Mail-order cost sharing (up to a 30-day supply)	Long-term care (LTC) cost sharing (up to a 31-day supply)	Out-of-network cost sharing (Coverage is limited to certain situations; go to Chapter 5 for details.) (up to a 30-day supply)
Cost-Sharing Tier 5 (Specialty Tier)	\$90	\$90	A long-term supply is not available	A long-term supply is not available
Cost-Sharing Tier 6 (Vaccines)	\$0	\$0	A long-term supply is not available	A long-term supply is not available

You won't pay more than \$10 for a 30-day supply of each covered insulin product regardless of the cost-sharing tier even if you haven't paid your deductible.

Go to Section 8 of this chapter for more information on cost sharing for Part D vaccines.

Section 5.3 If your doctor prescribes less than a full month's supply, you may not have to pay the cost of the entire month's supply

Typically, the amount you pay for a prescription drug covers a full month's supply. There may be times when you or your doctor would like you to have less than a month's supply of a drug (for example, when you're trying a medication for the first time). You can also ask your doctor to prescribe, and your pharmacist to dispense, less than a full month's supply if this will help you better plan refill dates.

Chapter 4 What you pay for Part D drugs

If you get less than a full month's supply of certain drugs, you won't have to pay for the full month's supply.

- If you're responsible for coinsurance, you pay a *percentage* of the total cost of the drug. Since the coinsurance is based on the total cost of the drug, your cost will be lower since the total cost for the drug will be lower.
- If you're responsible for a copayment for the drug, you only pay for the number of days of the drug that you get instead of a whole month. We calculate the amount you pay per day for your drug (the *daily cost-sharing rate*) and multiply it by the number of days of the drug you get.

Section 5.4 Your costs for a long-term (up to a 90-day) supply of a covered Part D drug

For some drugs, you can get a long-term supply (also called an *extended supply*). A long-term supply is up to a 90-day supply.

Sometimes the cost of the drug is lower than your copayment. In these cases, you pay the lower price for the drug instead of the copayment.

Chapter 4 What you pay for Part D drugs**Your costs for a *long-term* (up to a 90-day) supply of a covered Part D drug**

Tier	Standard retail cost sharing (in-network)	Mail-order cost sharing
	(up to a 90-day supply)	(up to a 90-day supply)
Cost-Sharing Tier 1 (Preferred Generic)	\$0 copay	\$0 copay
Cost-Sharing Tier 2 (Generic)	\$20 copay	\$20 copay
Cost-Sharing Tier 3 (Preferred Brand) You won't pay more than \$20 for up to a 90-day supply of each covered insulin product	\$80 copay	\$80 copay
Cost-Sharing Tier 4 (Non-Preferred Drug) You won't pay more than \$20 for up to a 90-day supply of each covered insulin product.	\$150 copay	\$150 copay
Cost-Sharing Tier 5 (Specialty Tier)	A long-term supply is not available for drugs in Tier 5	A long-term supply is not available for drugs in Tier 5
Cost-Sharing Tier 6 (Vaccines)	A long-term supply is not available for drugs in Tier 5	A long-term supply is not available for drugs in Tier 5

You won't pay more than \$20 for up to 90-day supply of each covered insulin product regardless of the cost-sharing tier, even if you haven't paid your deductible.

Chapter 4 What you pay for Part D drugs

Section 5.5 You stay in the Initial Coverage Stage until your out-of-pocket costs for the year reach \$2,100

You stay in the Initial Coverage Stage until your total out-of-pocket costs reach \$2,100. You then move to the Catastrophic Coverage Stage.

We offer additional coverage on some prescription drugs that aren't normally covered in a Medicare Prescription Drug Plan. Payments made for these drugs won't count toward your total out-of-pocket costs.

The *Part D EOB* you get will help you keep track of how much you, our plan, and any third parties have spent on your behalf during the year. Not all members will reach the \$2,100 out-of-pocket limit in a year.

We'll let you know if you reach this amount. Go to Section 1.3 for more information on how Medicare calculates your out-of-pocket costs.

SECTION 6 The Catastrophic Coverage Stage

In the Catastrophic Coverage Stage, you pay nothing for covered Part D drugs. You enter the Catastrophic Coverage Stage when your out-of-pocket costs reach the \$2,100 limit for the calendar year. Once you're in the Catastrophic Coverage Stage, you'll stay in this payment stage until the end of the calendar year.

- During this payment stage, you pay nothing for your covered Part D drugs.
- For bonus non-Part D prescription drugs and related supplies covered under our enhanced benefit, you pay applicable tiering copays (see cost share charts above).

SECTION 7 Additional benefits information

Your UMP Classic Medicare with Part D (PDP) plan includes covers certain bonus non-Part D prescription drugs and related supplies through our enhanced benefit. While many of the non-Part D drugs and related supplies included on the bonus formulary are available for purchase without a prescription, a prescription is required to receive coverage from UMP Classic Medicare with Part D (PDP) for any drug or item included in this enhanced benefit. Additionally, you must generally use network pharmacies. You will use your UMP Classic Medicare with Part D (PDP) member ID card at the pharmacy counter for this benefit.

Non-Part D drugs and related supplies are indicated by an asterisk (*) within the formulary available at ArrayRxSolutions.com/UMP.

Chapter 4 What you pay for Part D drugs

Please note: Your copays for non-Part D covered drugs and related supplies do not count toward your UMP Classic Medicare with Part D (PDP) deductible or out-of-pocket maximum. This means that if you meet your UMP Classic Medicare with Part D (PDP) out-of-pocket maximum, you will still be responsible for copays drugs and supplies on the bonus list.

SECTION 8 What you pay for Part D vaccines

Important message about what you pay for vaccines - Some vaccines are considered medical benefits and are covered under Part B. Other vaccines are considered Part D drugs. You can find these vaccines listed in our plan's Drug List. Our plan covers most adult Part D vaccines at no cost to you, even if you haven't paid your deductible. Refer to our plan's Drug List or call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) for coverage and cost-sharing details about specific vaccines.

Our plan provides coverage for a number of Part D vaccines. Because coverage for vaccines can be complicated, we suggest that you call ArrayRx Customer Service prior to receiving any vaccinations if you have any concerns.

There are 2 parts to our coverage of Part D vaccinations:

- The first part is the cost of **the vaccine itself**.
- The second part is for the cost of **giving you the vaccine**. (This is sometimes called the administration of the vaccine.)

Your costs for a Part D vaccine depend on 3 things:

1. Whether the vaccine is recommended for adults by an organization called the Advisory Committee on Immunization Practices (ACIP).

- Most adult Part D vaccines are recommended by ACIP and cost you nothing.

2. Where you get the vaccine.

- The vaccine itself may be dispensed by a pharmacy or provided by the doctor's office.

3. Who gives you the vaccine.

- A pharmacist or another provider may give the vaccine in the pharmacy. Or a provider may give it in the doctor's office.

Chapter 4 What you pay for Part D drugs

What you pay at the time you get the Part D vaccine can vary depending on the circumstances and what **drug payment stage** you're in.

- When you get a vaccine, you may have to pay the entire cost for both the vaccine itself and the cost for the provider to give you the vaccine. You can ask our plan to pay you back for our share of the cost. For most adult Part D vaccines, this means you'll be reimbursed the entire cost you paid.
- Other times when you get a vaccine, you pay only your share of the cost under your Part D benefit. For most adult Part D vaccines, you pay nothing.

Below are 3 examples of ways you might get a Part D vaccine.

Situation 1: You get the Part D vaccine at the network pharmacy. (Whether you have this choice depends on where you live. Some states don't allow pharmacies to give certain vaccines.)

- For most adult Part D vaccines, you pay nothing.
- For other Part D vaccines, you pay the pharmacy your copayment for the vaccine itself, which includes the cost of giving you the vaccine.
- Our plan will pay the remainder of the costs.

Situation 2: You get the Part D vaccine at your doctor's office.

- When you get the vaccine, you may have to pay the entire cost of the vaccine itself and the cost for the provider to give it to you.
- You can then ask our plan to pay our share of the cost, by using the procedures described in Chapter 5.
- For most adult Part D vaccines, you'll be reimbursed the full amount you paid. For other Part D vaccines, you'll be reimbursed the amount you paid less any copayment for the vaccine (including administration) and less any difference between the amount the doctor charges and what we normally pay. (If you get Extra Help, we'll reimburse you for this difference.)

Situation 3: You buy the Part D vaccine itself at the network pharmacy and take it to your doctor's office where they give you the vaccine.

- For most adult Part D vaccines, you pay nothing for the vaccine itself.

Chapter 4 What you pay for Part D drugs

- For other Part D vaccines, you pay the pharmacy your copayment for the vaccine itself.
- When your doctor gives you the vaccine, you may have to pay the entire cost for this service.
- You can then ask our plan to pay our share of the cost by using the procedures described in Chapter 5.
- For most adult Part D vaccines, you'll be reimbursed the full amount you paid. For other Part D vaccines, you'll be reimbursed the amount you paid less any copayment for the vaccine administration.

CHAPTER 5:

Asking us to pay our share of the costs for covered drugs

SECTION 1 Situations when you should ask us to pay our share for covered drugs

Sometimes when you get a prescription drug, you may need to pay the full cost. Other times, you may find you pay more than you expected under the coverage rules of our plan, or you may get a bill from a provider. In these cases, you can ask our plan to pay you back (reimburse you). It's your right to be paid back by our plan whenever you've paid more than your share of the cost for drugs covered by our plan. There may be deadlines that you must meet to get paid back. Go to Section 2 of this chapter.

Examples of situations in which you may need to ask our plan to pay you back or to pay a bill you got:

1. When you use an out-of-network pharmacy to fill a prescription

If you go to an out-of-network pharmacy, the pharmacy may not be able to submit the claim directly to us. When that happens, you have to pay the full cost of your prescription.

Save your receipt and send a copy to us when you ask us to pay you back for our share of the cost. Remember that we only cover out-of-network pharmacies in limited circumstances. Go to Chapter 3, Section 2.5 to learn about these circumstances. We may not pay you back the difference between what you paid for the drug at the out-of-network pharmacy and the amount we'd pay at an in-network pharmacy.

2. When you pay the full cost for a prescription because you don't have our plan membership card with you

If you don't have our plan membership card with you, you can ask the pharmacy to call our plan or look up your enrollment information. However, if the pharmacy can't get the enrollment information they need right away, you may need to pay the full cost of the prescription yourself.

Chapter 5 Asking us to pay our share of the costs for covered drugs

Save your receipt and send a copy to us when you ask us to pay you back for our share of the cost. We may not pay you back the full cost you paid if the cash price you paid is higher than our negotiated price for the prescription.

3. When you pay the full cost for a prescription in other situations

You may pay the full cost of the prescription because you find the drug isn't covered for some reason.

- For example, the drug may not be on our plan's Drug List, or it could have a requirement or restriction you didn't know about or don't think should apply to you. If you decide to get the drug immediately, you may need to pay the full cost for it.
- Save your receipt and send a copy to us when you ask us to pay you back. In some situations, we may need to get more information from your doctor to pay you back for our share of the cost. We may not pay you back the full cost you paid if the cash price you paid is higher than our negotiated price for the prescription.

4. If you're retroactively enrolled in our plan

Sometimes a person's enrollment in our plan is retroactive. (This means that the first day of their enrollment has already passed. The enrollment date may even have occurred last year.)

If you were retroactively enrolled in our plan and you paid out of pocket for any of your drugs after your enrollment date, you can ask us to pay you back for our share of the costs. You'll need to submit paperwork for us to handle the reimbursement.

When you send us a request for payment, we'll review your request and decide whether the service or drug should be covered based on plan criteria and coverage rules. This is called making a **coverage decision**. If we decide it should be covered, we'll pay for our share of the cost for the service or drug. If we deny your request for payment, you can appeal our decision. Chapter 7 has information about how to make an appeal.

SECTION 2 How to ask us to pay you back

You can ask us to pay you back by sending us a request in writing. If you send a request in writing, send your receipt documenting the payment you have made. It's a good idea to make a copy of your receipts for your records. **You must submit your claim to us within 60 days** of the date you got the service, item, or drug.

To make sure you're giving us all the information we need to make a decision, you can fill out our claim form to make your request for payment.

Chapter 5 Asking us to pay our share of the costs for covered drugs

- You don't have to use the form, but it'll help us process the information faster.
- Download a copy of the form from our website available at ArrayRxSolutions.com/UMP or call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) and ask for the form.

Mail your request for payment together with any bills or paid receipts to us at this address:

Manual Claims

UMP Classic Medicare with Part D (PDP)

P.O. Box 1039

Appleton, WI 54912-1039

Fax: 1-855-668-8550

SECTION 3 We'll consider your request for payment and say yes or no

When we get your request for payment, we'll let you know if we need any additional information from you. Otherwise, we'll consider your request and make a coverage decision.

- If we decide the drug is covered and you followed all the rules, we'll pay for our share of the cost. Our share of the cost might not be the full amount you paid (for example, if you got a drug at an out-of-network pharmacy or if the cash price you paid for a drug is higher than our negotiated price). If you already paid for the drug, we'll mail your reimbursement of our share of the cost to you. We'll send payment within 30 days after your request was received.
- If we decide the drug is *not* covered, or you did *not* follow all the rules, we won't pay for our share of the cost. We'll send you a letter explaining the reasons why we aren't sending the payment and your rights to appeal that decision.

Section 3.1 If we tell you that we won't pay for all or part of the drug, you can make an appeal

If you think we made a mistake in turning down your request for payment or the amount we're paying, you can make an appeal. If you make an appeal, it means you're asking us to change the decision we made when we turned down your request for payment. The appeals process is a formal process with detailed procedures and important deadlines. For the details on how to make this appeal, go to Chapter 7.

CHAPTER 6:

Your rights and responsibilities

SECTION 1 Our plan must honor your rights and cultural sensitivities

Section 1.1 We must provide information in a way that works for you and consistent with your cultural sensitivities (in languages other than English, braille, large print, or other alternate formats, etc.)

Our plan is required to ensure that all services, both clinical and non-clinical, are provided in a culturally competent manner and are accessible to all enrollees, including those with limited English proficiency, limited reading skills, hearing incapacity, or those with diverse cultural and ethnic backgrounds. Examples of how our plan may meet these accessibility requirements include, but aren't limited to, provision of translator services, interpreter services, teletypewriters, or TTY (text telephone or teletypewriter phone) connection.

Our plan has free interpreter services available to answer questions from non-English speaking members. We can also give you materials in languages other than English including Spanish and braille, large print, or other alternate formats at no cost if you need it. We're required to give you information about our plan's benefits in a format that's accessible and appropriate for you. To get information from us in a way that works for you, call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.)

If you have any trouble getting information from our plan in a format that's accessible and appropriate for you, call to file a grievance with UMP Classic Medicare with Part D (PDP) Medicare Pharmacy Appeal and Grievance Department (see Chapter 2, Section 1). You can also file a complaint with Medicare by calling 1-800-MEDICARE (1-800-633-4227) or directly with the Office for Civil Rights at 1-800-368-1019 or TTY 1-800-537-7697.

Section 1.2 We must ensure you get timely access to covered drugs

You have the right to get your prescriptions filled or refilled at any of our network pharmacies without long delays. If you think you aren't getting your Part D prescription drugs within a reasonable amount of time, Chapter 7 tells what you can do.

Chapter 6 Your rights and responsibilities

Section 1.3 We must protect the privacy of your personal health information

Federal and state laws protect the privacy of your medical records and personal health information. We protect your personal health information as required by these laws.

- Your personal health information includes the personal information you gave us when you enrolled in this plan as well as your medical records and other medical and health information.
- You have rights related to your information and controlling how your health information is used. We give you a written notice, called a *Notice of Privacy Practice*, that tells about these rights and explains how we protect the privacy of your health information.

How do we protect the privacy of your health information?

- We make sure that unauthorized people don't see or change your records.
- Except for the circumstances noted below, if we intend to give your health information to anyone who isn't providing your care or paying for your care, *we are required to get written permission from you or someone you have given legal power to make decisions for you first.*
- There are certain exceptions that don't require us to get your written permission first. These exceptions are allowed or required by law.
 - We're required to release health information to government agencies that are checking on quality of care.
 - Because you're a member of our plan through Medicare, we're required to give Medicare your health information including information about your Part D prescription drugs. If Medicare releases your information for research or other uses, this will be done according to federal statutes and regulations; typically, this requires that information that uniquely identifies you not be shared.

You can see the information in your records and know how it's been shared with others

You have the right to look at your medical records held at our plan, and to get a copy of your records. We're allowed to charge you a fee for making copies. You also have the right to ask us to make additions or corrections to your medical records. If you ask us to do this, we'll work with your healthcare provider to decide whether the changes should be made.

You have the right to know how your health information has been shared with others for any purposes that aren't routine.

Chapter 6 Your rights and responsibilities

If you have questions or concerns about the privacy of your personal health information, call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.)

Section 1.4 We must give you information about our plan, our network of pharmacies, and your covered drugs

As a member of UMP Classic Medicare with Part D (PDP), you have the right to get several kinds of information from us.

If you want any of the following kinds of information, call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.)

- **Information about our plan.** This includes, for example, information about our plan's financial condition.
- **Information about our network pharmacies.** You have the right to get information about the qualifications of the pharmacies in our network and how we pay the pharmacies in our network.
- **Information about your coverage and the rules you must follow when using your coverage.** Chapters 3 and 4 provide information about Part D prescription drug coverage.
- **Information about why something is not covered and what you can do about it.** Chapter 7 provides information on asking for a written explanation on why a Part D drug isn't covered or if your coverage is restricted. Chapter 7 also provides information on asking us to change a decision, also called an appeal.

Section 1.5 You have the right to know your treatment options and participate in decisions about your care

You have the right to give instructions about what's to be done if you can't make medical decisions for yourself

Sometimes people become unable to make health care decisions for themselves due to accidents or serious illness. You have the right to say what you want to happen if you're in this situation. This means, *if you want to*, you can:

- Fill out a written form to give **someone the legal authority to make medical decisions for you** if you ever become unable to make decisions for yourself.
- **Give your doctors written instructions** about how you want them to handle your medical care if you become unable to make decisions for yourself.

Chapter 6 Your rights and responsibilities

Legal documents you can use to give directions in advance in these situations are called **advance directives**. Documents like a **living will** and **power of attorney for health care** are examples of advance directives.

How to set up an advance directive to give instructions:

- **Get a form.** You can get an advance directive form from your lawyer, a social worker, or some office supply stores. You can sometimes get advance directive forms from organizations that give people information about Medicare. You can also call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) to ask for the forms.
- **Fill out the form and sign it.** No matter of where you get this form, it's a legal document. Consider having a lawyer help you prepare it.
- **Give copies of the form to the right people.** Give a copy of the form to your doctor and to the person you name on the form who can make decisions for you if you can't. You may want to give copies to close friends or family members. Keep a copy at home.

If you know ahead of time that you're going to be hospitalized, and you signed an advance directive, **take a copy with you to the hospital.**

- The hospital will ask whether you signed an advance directive form and whether you have it with you.
- If you didn't sign an advance directive form, the hospital has forms available and will ask if you want to sign one.

Filling out an advance directive is your choice (including whether you want to sign one if you're in the hospital). According to law, no one can deny you care or discriminate against you based on whether or not you signed an advance directive.

If your instructions aren't followed

If you sign an advance directive and you believe that a doctor or hospital didn't follow the instructions in it, you can file a complaint with your state's Department of Health.

Section 1.6 You have the right to make complaints and ask us to reconsider decisions we made

If you have any problems, concerns, or complaints and need to ask for coverage, or make an appeal, Chapter 7 of this document tells what you can do. Whatever you do—ask for a coverage decision, make an appeal, or make a complaint—**we're required to treat you fairly.**

Chapter 6 Your rights and responsibilities

Section 1.7 If you believe you're being treated unfairly, or your rights aren't being respected

If you believe you've been treated unfairly or your rights haven't been respected due to your race, disability, religion, sex, health, ethnicity, creed (beliefs), age, or national origin, call the Department of Health and Human Services' **Office for Civil Rights** at 1-800-368-1019 (TTY users call 1-800-537-7697), or call your local Office for Civil Rights.

If you believe you've been treated unfairly or your rights haven't been respected, *and it's not* about discrimination, you can get help dealing with the problem you're having from these places:

- **Call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711)**
- **Call your local SHIP.** You can find a list of the State Health Insurance Assistance Programs in each state we serve in Appendix 4 at the back of this document.
- **Call Medicare** at 1-800-MEDICARE (1-800-633-4227) (TTY users call 1-877-486-2048)

SECTION 1.8 How to get more information about your rights

Get more information about your rights from these places:

- **Call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711)**
- **Call your local SHIP.** You can find a list of the State Health Insurance Assistance Programs in each state we serve in Appendix 4 at the back of this document.
- **Contact Medicare**
 - Visit Medicare.gov to read the publication *Medicare Rights & Protections* (available at: [Medicare Rights & Protections](#))
 - Call 1-800-MEDICARE (1-800-633-4227) (TTY users call 1-877-486-2048)

SECTION 2 Your responsibilities as a member of our plan

Things you need to do as a member of our plan are listed below. For questions, call Member Services at ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.)

- **Get familiar with your covered drugs and the rules you must follow to get these covered drugs.** Use this *Evidence of Coverage* to learn what's covered and the rules you need to follow to get covered drugs.
 - Chapters 3 and 4 give details about Part D prescription drug coverage.

Chapter 6 Your rights and responsibilities

- **If you have any other prescription drug coverage in addition to our plan, you're required to tell us.** Chapter 1 tells you about coordinating these benefits.
- **Tell your doctor and pharmacist that you're enrolled in our plan.** Show our plan membership card whenever you get Part D prescription drugs.
- **Help your doctors and other providers help you by giving them information, asking questions, and following through on your care.**
 - To help get the best care, tell your doctors and other health providers about your health problems. Follow the treatment plans and instructions you and your doctors agree on.
 - Make sure your doctors know all the drugs you're taking, including over-the-counter drugs, vitamins, and supplements.
 - If you have questions, be sure to ask and get an answer you can understand.
- **Pay what you owe.** As a plan member, you're responsible for these payments:
 - You must pay your UMP Classic Medicare with Part D (PDP) plan premium.
 - For most of your drugs covered by our plan, you must pay your share of the cost when you get the drug.
 - You must continue to pay your Medicare premiums (Part A and/or Part B).
 - If you're required to pay a late enrollment penalty, you must pay the penalty to stay a member of our plan.
 - If you are required to pay the extra amount for Part D because of your yearly income, you must continue to pay the extra amount directly to the government to stay a member of our plan.
- **If you move *within* our plan service area, notify PEBB Customer Service** so they can keep your membership record up to date and know how to contact you.
- **If you move *outside* our plan service area, you can't stay a member of our plan.** See Chapter 1 for information on our service area.
- **If you move, tell Social Security (or the Railroad Retirement Board).**

CHAPTER 7:

If you have a problem or complaint (coverage decisions, appeals, complaints)

SECTION 1 What to do if you have a problem or concern

This chapter explains 2 types of processes for handling problems and concerns:

- For some problems, you need to use the **process for coverage decisions and appeals**.
- For other problems, you need to use the **process for making complaints** (also called grievances).

Both processes have been approved by Medicare. Each process has a set of rules, procedures, and deadlines that must be followed by us and by you.

The information in this chapter will help you identify the right process to use and what to do.

Section 1.1 Legal terms

There are legal terms for some of the rules, procedures, and types of deadlines explained in this chapter. Many of these terms are unfamiliar to most people. To make things easier, this chapter uses more familiar words in place of some legal terms.

However, it's sometimes important to know the correct legal terms. To help you know which terms to use to get the right help or information, we include these legal terms when we give details for handling specific situations.

SECTION 2 Where to get more information and personalized help

We're always available to help you. Even if you have a complaint about our treatment of you, we're obligated to honor your right to complain. You should always call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) for help. In some situations, you may also want help or guidance from someone who isn't connected with us. Two organization that can help are:

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

State Health Insurance Assistance Program (SHIP)

Each state has a government program with trained counselors. The program is not connected with us or with any insurance company or health plan. The counselors at this program can help you understand which process you should use to handle a problem you're having. They can also answer questions, give you more information, and offer guidance on what to do.

The services of SHIP counselors are free. You can find a list of the State Health Insurance Assistance Programs in each state we serve in Appendix 4 at the back of this document.

Medicare

You can also contact Medicare for help.

- Call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users call 1-877-486-2048
- Visit [Medicare.gov](https://www.medicare.gov)

SECTION 3 Which process to use for your problem

Is your problem or concern about your benefits or coverage?

This includes problems about whether prescription drugs are covered or not, the way they are covered, and problems related to payment for prescription drugs.

Yes.

Go to **Section 4, A guide to coverage decisions and appeals.**

No.

Go to **Section 7, How to make a complaint about quality of care, waiting times, customer service or other concerns.**

Coverage decisions and appeals

SECTION 4 A guide to coverage decisions and appeals

Coverage decisions and appeals deal with problems related to your benefits and coverage for prescription drugs, including payments. This is the process you use for issues such as whether a drug is covered or not and the way in which the drug is covered.

Asking for coverage decisions before you get services

If you want to know if we'll cover medical care before you get it, you can ask us to make a coverage decision for you. A coverage decision is a decision we make about your benefits and coverage or about the amount we'll pay for your prescription drugs.

In limited circumstances a request for a coverage decision will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so or if you ask for your request to be withdrawn. If we dismiss a request for a coverage decision, we'll send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

We make a coverage decision whenever we decide what's covered for you and how much we pay. In some cases, we might decide a drug isn't covered or is no longer covered for you. If you disagree with this coverage decision, you can make an appeal.

Making an appeal

If we make a coverage decision, whether before or after you get a benefit, and you aren't satisfied, you can **appeal** the decision. An appeal is a formal way of asking us to review and change a coverage decision we made. Under certain circumstances, you can ask for an expedited or **fast appeal** of a coverage decision. Your appeal is handled by different reviewers than those who made the original decision.

When you appeal a decision for the first time, this is called a Level 1 appeal. In this appeal, we review the coverage decision we made to check to see if we properly followed the rules. When we complete the review, we give you our decision.

In limited circumstances, a request for a Level 1 appeal will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so, or if you ask for your request to be withdrawn. If we dismiss a request for a Level 1 appeal,

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

we'll send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

If we don't dismiss your case but say no to all or part of your Level 1 appeal, you can go on to a Level 2 appeal. The Level 2 appeal is conducted by an independent review organization that is not connected to us. If you are not satisfied with the decision at the Level 2 appeal, you may be able to continue through additional levels of appeal (This chapter explains Level 3, 4, and 5 appeals).

Section 4.1 Get help asking for a coverage decision or making an appeal

Here are resources if you decide to ask for any kind of coverage decision or appeal a decision:

- **Call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711.)**
- **Get free help** from your State Health Insurance Assistance Program.
- **Your doctor or other prescriber can make a request for you.** For Part D prescription drugs, your doctor or other prescriber can ask for a coverage decision or a Level 1 appeal on your behalf. If your Level 1 appeal is denied, your doctor or prescriber can ask for a Level 2 appeal.
- **You can ask someone to act on your behalf.** You can name another person to act for you as your representative to ask for a coverage decision or make an appeal.
 - If you want a friend, relative, or another person to be your representative, call ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) and ask for the *Appointment of Representative* form. (The form is also available [CMS.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf](https://www.cms.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf) or on our website at ArrayRxSolutions.com/UMP.) This form gives that person permission to act on your behalf. It must be signed by you and by the person you want to act on your behalf. You must give us a copy of the signed form.
 - We can accept an appeal request from a representative without the form, but we can't begin or complete our review until we get it. If we don't get the form before our deadline for making a decision on your appeal, your appeal request will be dismissed. If this happens, we'll send you a written notice explaining your right to ask the independent review organization to review our decision to dismiss your appeal.
- **You also have the right to hire a lawyer.** You can contact your own lawyer or get the name of a lawyer from your local bar association or other referral service. There are groups that will give you free legal services if you qualify. However, **you aren't required to hire a lawyer** to ask for any kind of coverage decision or appeal a decision.

SECTION 5 Part D drugs: How to ask for a coverage decision or make an appeal

Section 5.1 What to do if you have problems getting a Part D drug or want us to pay you back for a Part D drug

Your benefits include coverage for many prescription drugs. To be covered, the drug must be used for a medically accepted indication. (Go to Chapter 3 for more information about a medically accepted indication.) For details about Part D drugs, rules, restrictions, and costs go to Chapters 3 and 4.

This section is about your Part D drugs only. To keep things simple, we generally say *drug* in the rest of this section, instead of repeating *covered outpatient prescription drug* or *Part D prescription drug* every time. We also use the term Drug List instead of *List of Covered Drugs* or formulary.

- If you don't know if a drug is covered or if you meet the rules, you can ask us. Some drugs require you to get approval from us before we'll cover it.
- If your pharmacy tells you that your prescription can't be filled as written, the pharmacy will give you a written notice explaining how to contact us to ask for a coverage decision.

Part D coverage decisions and appeals

Legal Term:

An initial coverage decision about your Part D drugs is called a **coverage determination**.

A coverage decision is a decision we make about your benefits and coverage or about the amount we'll pay for your drugs. This section tells what you can do if you're in any of the following situations:

- Asking to cover a Part D drug that's not on our plan's Drug List. **Ask for an exception. Section 5.2**
- Asking to waive a restriction on our plan's coverage for a drug (such as limits on the amount of the drug you can get, prior authorization criteria, or the requirement to try another drug first) **Ask for an exception. Section 5.2**
- Asking to pay a lower cost-sharing amount for a covered drug on a higher cost-sharing tier **Ask for an exception. Section 5.2**

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

- Asking to get pre-approval for a drug. **Ask for a coverage decision. Section 5.4**
- Pay for a prescription drug you already bought. **Ask us to pay you back. Section 5.4**

If you disagree with a coverage decision we made, you can appeal our decision.

This section tells you both how to ask for coverage decisions and how to request an appeal.

Section 5.2 Asking for an exception**Legal Terms:**

Asking for coverage of a drug that's not on the Drug List is a **formulary exception**.

Asking for removal of a restriction on coverage for a drug is a **formulary exception**.

Asking to pay a lower price for a covered non-preferred drug is a **tiering exception**.

If a drug isn't covered in the way you'd like it to be covered, you can ask us to make an **exception**. An exception is a type of coverage decision.

For us to consider your exception request, your doctor or other prescriber will need to explain the medical reasons why you need the exception approved. Here are 3 examples of exceptions that you or your doctor or other prescriber can ask us to make:

- 1. Covering a Part D drug that's not on our Drug List.** If we agree to cover a drug not on the Drug List, you'll need to pay the cost-sharing amount that applies to drugs in Tier 4 for brand name drugs or Tier 4 for generic drugs. You can't ask for an exception to the cost-sharing amount we require you to pay for the drug.
- 2. Removing a restriction for a covered drug.** Chapter 3 describes the extra rules or restrictions that apply to certain drugs on our Drug List. If we agree to make an exception and waive a restriction for you, you can ask for an exception to the cost-sharing amount we require you to pay for the drug.
- 3. Changing coverage of a drug to a lower cost-sharing tier.** Every drug on our Drug List is in one of 6 cost-sharing tiers. In general, the lower the cost-sharing tier number, the less you pay as your share of the cost of the drug.
 - If our Drug List contains alternative drug(s) for treating your medical condition that are in a lower cost-sharing tier than your drug, you can ask us to cover your drug at the cost-sharing amount that applies to the alternative drug(s).
 - If the drug you're taking is a biological product you can ask us to cover your drug at a lower cost-sharing amount. This would be the lowest tier that contains biological product alternatives for treating your condition.

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

- If the drug you're taking is a brand name drug you can ask us to cover your drug at the cost-sharing amount that applies to the lowest tier that contains brand name alternatives for treating your condition.
- If the drug you're taking is a generic drug you can ask us to cover your drug at the cost-sharing amount that applies to the lowest tier that contains either brand or generic alternatives for treating your condition.
- You cannot ask us to change the cost-sharing tier for any drug in Tier 5. Tier 5 is a Specialty Tier and we exempt that tier from the exceptions process.
- If we approve your tiering exception request and there's more than one lower cost-sharing tier with alternative drugs you can't take, you usually pay the lowest amount.

Section 5.3 Important things to know about asking for exceptions**Your doctor must tell us the medical reasons**

Your doctor or other prescriber must give us a statement that explains the medical reasons you're asking for an exception. For a faster decision, include this medical information from your doctor or other prescriber when you ask for the exception.

Our Drug List typically includes more than one drug for treating a particular condition. These different possibilities are called **alternative** drugs. If an alternative drug would be just as effective as the drug you're asking for and wouldn't cause more side effects or other health problems, we generally won't approve your request for an exception. If you ask us for a tiering exception, we generally won't approve your request for an exception unless all the alternative drugs in the lower cost-sharing tier(s) won't work as well for you or are likely to cause an adverse reaction or other harm.

We can say yes or no to your request

- If we approve your request for an exception, our approval usually is valid until the end of our plan year. This is true as long as your doctor continues to prescribe the drug for you and that drug continues to be safe and effective for treating your condition.
- If we say no to your request, you can ask for another review by making an appeal.

Section 5.4 How to ask for a coverage decision, including an exception**Legal Terms:**

A fast coverage decision is called an **expedited coverage determination**.

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

Step 1: Decide if you need a standard coverage decision or a fast coverage decision.

Standard coverage decisions are made within **72 hours** after we get your doctor's statement. **Fast coverage decisions** are made within **24 hours** after we get your doctor's statement.

If your health requires it, ask us to give you a fast coverage decision. To get a fast coverage decision, you must meet 2 requirements:

- You must be asking for a drug you didn't get. (You can't ask for fast coverage decision to be paid back for a drug you have already bought.)
- Using the standard deadlines could cause serious harm to your health or hurt your ability to regain function.
- **If your doctor or other prescriber tells us that your health requires a fast coverage decision, we'll automatically give you a fast coverage decision.**
- **If you ask for a fast coverage decision on your own, without your doctor or prescriber's support, we'll decide whether your health requires that we give you a fast coverage decision.** If we don't approve a fast coverage decision, we'll send you a letter that:
 - Explains that we'll use the standard deadlines.
 - Explains if your doctor or other prescriber asks for the fast coverage decision, we'll automatically give you a fast coverage decision.
 - Tells you how you can file a fast complaint about our decision to give you a standard coverage decision instead of the fast coverage decision you asked for. We'll answer your complaint within 24 hours of receipt.

Step 2: Ask for a standard coverage decision or a fast coverage decision.

Start by calling, writing, or faxing our plan to ask us to authorize or provide coverage for the prescription you want. You can also access the coverage decision process through our website. We must accept any written request, including a request submitted on the *CMS Model Coverage Determination Request Form* or on our plan's, form which are available on our website [ArrayRxSolutions.com/UMP/Drug-Coverage-Determination](https://www.ArrayRxSolutions.com/UMP/Drug-Coverage-Determination). Chapter 2 has contact information. You, your representative, or your doctor (or other prescriber) may submit a request for a coverage determination electronically using our secure form. Fill out all of the required information, attach any supporting documents and submit. To help us process your request, include your name, contact information, and information that shows which denied claim is being appealed.

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

You, your doctor, (or other prescriber) or your representative can do this. You can also have a lawyer act on your behalf. Section 4 of this chapter tells how you can give written permission to someone else to act as your representative.

- **If you're asking for an exception, provide the supporting statement**, which is the medical reasons for the exception. Your doctor or other prescriber can fax or mail the statement to us. Or your doctor or other prescriber can tell us on the phone and follow up by faxing or mailing a written statement if necessary.

Step 3: We consider your request and give you our answer.***Deadlines for a fast coverage decision***

- We must generally give you our answer within **24 hours** after we get your request.
 - For exceptions, we'll give you our answer within 24 hours after we get your doctor's supporting statement. We'll give you our answer sooner if your health requires us to.
 - If we don't meet this deadline, we're required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization.
- **If our answer is yes to part or all of what you asked for**, we must provide the coverage we agreed to within 24 hours after we get your request or doctor's statement supporting your request.
- **If our answer is no to part or all of what you asked for**, we'll send you a written statement that explains why we said no. We'll also tell you how you can appeal.

Deadlines for a standard coverage decision about a drug you didn't get yet

- We must generally give you our answer **within 72 hours** after we get your request.
 - For exceptions, we'll give you our answer within 72 hours after we get your doctor's supporting statement. We'll give you our answer sooner if your health requires us to.
 - If we don't meet this deadline, we're required to send your request to Level 2 of the appeals process, where it'll be reviewed by an independent review organization.
- **If our answer is yes to part or all of what you asked for**, we must **provide the coverage** we agreed to provide **within 72 hours** after we get your request or doctor's statement supporting your request.
- **If our answer is no to part or all of what you asked for**, we'll send you a written statement that explains why we said no. We'll also tell you how you can appeal.

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

Deadlines for a standard coverage decision about payment for a drug you've already bought

- We must give you our answer **within 14 calendar days** after we get your request.
 - If we don't meet this deadline, we're required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization.
- **If our answer is yes to part or all of what you asked for**, we're also required to make payment to you within 14 calendar days after we get your request.
- **If our answer is no to part or all of what you asked for**, we'll send you a written statement that explains why we said no. We'll also tell you how you can appeal.

Step 4: If we say no to your coverage request, you can make an appeal.

- If we say no, you have the right to ask us to reconsider this decision by making an appeal. This means asking again to get the drug coverage you want. If you make an appeal, it means you're going to Level 1 of the appeals process.

Section 5.5 How to make a Level 1 appeal**Legal Terms:**

An appeal to our plan about a Part D drug coverage decision is called a plan **redetermination**.

A fast appeal is called an **expedited redetermination**.

Step 1: Decide if you need a standard appeal or a fast appeal.

A standard appeal decision is usually made within 7 calendar days. A fast appeal decision is generally made within 72 hours. If your health requires it, ask for a fast appeal.

- If you're appealing a decision we made about a drug, you and your doctor or other prescriber will need to decide if you need a fast appeal.
- The requirements for getting a fast appeal are the same as those for getting a fast coverage decision in Section 5.4 of this chapter.

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

Step 2: You, your representative, doctor, or other prescriber must contact us and make your Level 1 appeal. If your health requires a quick response, you must ask for a fast appeal.

- **For standard appeals, submit a written request. or call us at 1-833-599-8539.**
Chapter 2 has contact information.
- **For fast appeals, either submit your appeal in writing or call us at 1-855-466-7211.**
Chapter 2 has contact information.
- **We must accept any written request**, including a request submitted on the *CMS Model Redetermination Request Form*, which is available on our website at www.hca.wa.gov/assets/pebb/ump-medicare-coverage-redetermination-appeal.pdf. Include your name, contact information, and information about your claim to help us process your request.
- You, your representative or your doctor (or other prescriber) may submit a request for an appeal electronically using our secure form. This secure form can be accessed at ArrayRxSolutions.com/UMP/Drug-Coverage-Redetermination. Fill out all of the required information, attach any supporting documents, and submit.
- **You must make your appeal request within 65 calendar days** from the date on the written notice we sent to tell you our answer on the coverage decision. If you miss this deadline and have a good reason for missing it, explain the reason your appeal is late when you make your appeal. We may give you more time to make your appeal. Examples of good cause may include a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for asking for an appeal.
- **You can ask for a copy of the information in your appeal and add more information.** You and your doctor may add more information to support your appeal. We are allowed to charge a reasonable amount for copying and sending this information to you per CMS rules. We will inform you of the costs of mailing and duplicating the case file prior to fulfilling your request.

Step 3: We consider your appeal and give you our answer.

- When we review your appeal, we take another careful look at all the information about your coverage request. We check to see if we were following all the rules when we said no to your request. We may contact you or your doctor or other prescriber to get more information.

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

Deadlines for a fast appeal

- For fast appeals, we must give you our answer **within 72 hours after we get your appeal**. We'll give you our answer sooner if your health requires us to.
 - If we don't give you an answer within 72 hours, we're required to send your request to Level 2 of the appeals process, where it will be reviewed by an independent review organization. Section 5.6 explains the Level 2 appeal process.
- **If our answer is yes to part or all of what you asked for**, we must provide the coverage we agreed to within 72 hours after we get your appeal.
- **If our answer is no to part or all of what you asked for**, we'll send you a written statement that explains why we said no and how you can appeal our decision.

Deadlines for a standard appeal for a drug you didn't get yet

- For standard appeals, we must give you our answer **within 7 calendar days** after we get your appeal. We'll give you our decision sooner if you didn't get the drug yet and your health condition requires us to do so.
 - If we don't give you a decision within 7 calendar days, we're required to send your request to Level 2 of the appeals process, where it will be reviewed by an independent review organization. Section 5.6 explains the Level 2 appeal process.
- **If our answer is yes to part or all of what you asked for**, we must provide the coverage as quickly as your health requires, but no later than **7 calendar days** after we get your appeal.
- **If our answer is no to part or all of what you asked for**, we'll send you a written statement that explains why we said no and how you can appeal our decision.

Deadlines for a standard appeal about payment for a drug you already bought

- We must give you our answer **within 14 calendar days** after we get your request.
 - If we don't meet this deadline, we're required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization.
- **If our answer is yes to part or all of what you asked for**, we're also required to make payment to you within **30 calendar days** after we get your request.
- **If our answer is no to part or all of what you asked for**, we'll send you a written statement that explains why we said no. We'll also tell you how you can appeal.

Step 4: If we say no to your appeal, you decide if you want to continue with the appeals process and make *another* appeal.

- If you decide to make another appeal, it means your appeal is going on to Level 2 of the appeals process.

Section 5.6 How to make a Level 2 appeal

Legal Term

The formal name for the independent review organization is the **Independent Review Entity**. It is sometimes called the **IRE**.

The **independent review organization is an independent organization hired by Medicare**. It isn't connected with us and is not a government agency. This organization decides whether the decision we made is correct or if it should be changed. Medicare oversees its work.

Step 1: You (or your representative or your doctor or other prescriber) must contact the independent review organization and ask for a review of your case.

- If we say no to your Level 1 appeal, the written notice we send you will include **instructions on how to make a Level 2 appeal** with the independent review organization. These instructions will tell who can make this Level 2 appeal, what deadlines you must follow, and how to reach the independent review organization.
- **You must make your appeal request within 65 calendar days** from the date on the written notice.
- If we did not complete our review within the applicable timeframe or make an unfavorable decision regarding an **at-risk** determination under our drug management program, we'll automatically forward your request to the IRE.
- We'll send the information we have about your appeal to the independent review organization. This information is called your **case file**. **You have the right to ask us for a copy of your case file**. We are allowed to charge a reasonable amount for copying and sending this information to you per CMS rules. We will inform you of the costs of mailing and duplicating the case file prior to fulfilling your request.
- You have a right to give the independent review organization additional information to support your appeal.

Step 2: The independent review organization reviews your appeal.

- Reviewers at the independent review organization will take a careful look at all the information related to your appeal.

Deadlines for fast appeal

- If your health requires it, ask the independent review organization for a fast appeal.
- If the independent review organization agrees to give you a fast appeal, the independent review organization must give you an answer to your Level 2 appeal **within 72 hours** after it gets your appeal request.

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

Deadlines for standard appeal

- For standard appeals, the independent review organization must give you an answer to your Level 2 appeal **within 7 calendar days** after it gets your appeal if it is for a drug you didn't get yet. If you're asking us to pay you back for a drug you already bought, the independent review organization must give you an answer to your Level 2 appeal **within 14 calendar days** after it gets your request.

Step 3: The independent review organization gives you its answer.***For fast appeals:***

- **If the independent review organization says yes to part or all of what you asked for**, we must provide the drug coverage that was approved by the independent review organization **within 24 hours** after we get the decision from the independent review organization.

For standard appeals:

- **If the independent review organization says yes to part or all of your request for coverage**, we must **provide the drug coverage** that was approved by the independent review organization **within 72 hours** after we get the decision from the independent review organization.
- **If the independent review organization says yes to part or all of your request to pay you back** for a drug you already bought, we're required to **send payment to you within 30 calendar days** after we get the decision from the independent review organization.

What if the independent review organization says no to your appeal?

If this organization says **no to part or all of** your appeal, it means they agree with our decision not to approve your request (or part of your request). (This is called **upholding the decision**. It's also called **turning down your appeal**.) In this case, the independent review organization will send you a letter that:

- Explains the decision.
- Lets you know about your right to a Level 3 appeal if the dollar value of the drug coverage you're asking for meets a certain minimum. If the dollar value of the drug coverage you're asking for is too low, you can't make another appeal and the decision at Level 2 is final.
- Tells you the dollar value that must be in dispute to continue with the appeals process.

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

Step 4: If your case meets the requirements, you choose whether you want to take your appeal further.

- There are 3 additional levels in the appeals process after Level 2 (for a total of 5 levels of appeal).
- If you want to go to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 6 explains the Level 3, 4, and 5 appeals process.

SECTION 6 Taking your appeal to Levels 3, 4 and 5

Section 6.1 Appeal Levels 3, 4 and 5 for Part D Drug Requests

This section may be right for you if you made a Level 1 appeal and a Level 2 appeal, and both of your appeals were turned down.

If the dollar value of the drug you appealed meets certain minimum levels, you may be able to go to additional levels of appeal. If the dollar value is less than the minimum level, you can't appeal any further. The written response you get to your Level 2 appeal will explain how to make a Level 3 appeal.

For most situations that involve appeals, the last 3 levels of appeal work in much the same way as the first two levels. Here's who handles the review of your appeal at each of these levels.

Level 3 appeal

An **Administrative Law Judge** or an attorney adjudicator who works for the federal government will review your appeal and give you an answer.

- **If the Administrative Law Judge or attorney adjudicator says yes to your appeal, the appeals process *may* or *may not* be over.** Unlike a decision at a Level 2 appeal, we have the right to appeal a Level 3 decision that's favorable to you. If we decide to appeal, it will go to a Level 4 appeal.
 - If we decide *not* to appeal, we must authorize or provide you with the medical care within 60 calendar days after we get the Administrative Law Judge's or attorney adjudicator's decision.
 - If we decide to appeal the decision, we'll send you a copy of the Level 4 appeal request with any accompanying documents. We may wait for the Level 4 appeal decision before authorizing or providing the medical care in dispute.

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

- **If the Administrative Law Judge or attorney adjudicator says no to your appeal, the appeals process *may or may not* be over.**
 - If you decide to accept this decision that turns down your appeal, the appeals process is over.
 - If you don't want to accept the decision, you can continue to the next level of the review process. The notice you get will tell you what to do for a Level 4 appeal.

Level 4 appeal

The **Medicare Appeals Council** (Council) will review your appeal and give you an answer. The Council is part of the federal government.

- **If the answer is yes, or if the Council denies our request to review a favorable Level 3 appeal decision, the appeals process *may or may not* be over.** Unlike a decision at Level 2, we have the right to appeal a Level 4 decision that is favorable to you. We'll decide whether to appeal this decision to Level 5.
 - If we decide *not* to appeal the decision, we must authorize or provide you with the medical care within 60 calendar days after getting the Council's decision.
 - If we decide to appeal the decision, we'll let you know in writing.
- **If the answer is no or if the Council denies the review request, the appeals process *may or may not* be over.**
 - If you decide to accept this decision that turns down your appeal, the appeals process is over.
 - If you don't want to accept the decision, you may be able to continue to the next level of the review process. If the Council says no to your appeal, the notice you get will tell you whether the rules allow you to go to a Level 5 appeal and how to continue with a Level 5 appeal.

Level 5 appeal

A judge at the **Federal District Court** will review your appeal.

- A judge will review all the information and decide *yes* or *no* to your request. This is a final answer. There are no more appeal levels after the Federal District Court.

Making complaints

SECTION 7 How to make a complaint about quality of care, waiting times, customer service, or other concerns

Section 7.1 What kinds of problems are handled by the complaint process

If you think HCA has wrongfully ended your UMP Classic Medicare with Part D (PDP) membership, please contact PEBB Customer Service at 1-800-200-1004 between 8:00 a.m. to 4:00 p.m., Pacific Time, Monday through Friday.

The complaint process is *only* used for certain types of problems. This includes problems about quality of care, waiting times, and customer service. Here are examples of the kinds of problems handled by the complaint process.

Complaint	Example
Quality of your care	<ul style="list-style-type: none"> Are you unhappy with the quality of the care you received
Respecting your privacy	<ul style="list-style-type: none"> Did someone not respect your right to privacy or share confidential information?
Disrespect, poor customer service, or other negative behaviors	<ul style="list-style-type: none"> Has someone been rude or disrespectful to you? Are you unhappy with our Member Services? Do you feel you're being encouraged to leave our plan?
Waiting times	<ul style="list-style-type: none"> Have you been kept waiting too long by pharmacists? Or by our Member Services or other staff at our plan? <ul style="list-style-type: none"> Examples include waiting too long on the phone, in the waiting or exam room, or getting a prescription.
Cleanliness	<ul style="list-style-type: none"> Are you unhappy with the cleanliness or condition of a pharmacy?
Information you get from us	<ul style="list-style-type: none"> Did we fail to give you a required notice? Is our written information hard to understand?
Timeliness (These types of complaints are all about the <i>timeliness</i> of our actions related to	<p>If you asked for a coverage decision or made an appeal, and you think we aren't responding quickly enough, you can make a complaint about our slowness. Here are examples:</p> <ul style="list-style-type: none"> You asked us for a <i>fast coverage decision</i> or a <i>fast appeal</i>, and we said no; you can make a complaint.

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

Complaint	Example
coverage decisions and appeals)	<ul style="list-style-type: none"> • You believe we aren't meeting the deadlines for coverage decisions or appeals; you can make a complaint. • You believe we aren't meeting deadlines for covering or reimbursing you for certain drugs that were approved; you can make a complaint. • You believe we failed to meet required deadlines for forwarding your case to the independent review organization; you can make a complaint.

Section 7.2 How to make a complaint**Legal Terms:**

A **complaint** is also called a **grievance**.

Making a complaint is called **filing a grievance**.

Using the process for complaints is called **using the process for filing a grievance**.

A **fast complaint** is called an **expedited grievance**.

Step 1: Contact us promptly – either by phone or in writing.

- **Calling Member Services at ArrayRx Customer Service at 1-833-599-8539 (TTY users should call 711) is usually the first step.** If there's anything else you need to do, ArrayRx Customer Service will let you know.
- **If you don't want to call (or you called and weren't satisfied), you can put your complaint in writing and send it to us.** If you put your complaint in writing, we'll respond to your complaint in writing.
- You, the member, or your authorized representative may file a complaint. You must make the complaint within 60 calendar days from the date of the event or incident that caused you to make a complaint. If you miss the deadline, you may still make the complaint and request an extension of the time frame. Your request may be in writing and include the reason you did not make the complaint on time.

If you want a friend, relative, your doctor or other prescriber, or other person to be your representative, call ArrayRx Customer Service (phone numbers are printed on the back cover of this document) and ask for the Appointment of Representative form. (The form is also available on Medicare's website at www.cms.gov/medicare/cms-forms/cms-forms/downloads/cms1696.pdf or on our website at ArrayRxSolutions.com/UMP.) The form gives that person permission to act on your

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

behalf. It must be signed by you and by the person who you would like to act on your behalf. You must give us a copy of the signed form.

You can mail your complaint to:

ArrayRx
Attn: Medicare Appeal and Grievance
PO Box 40384
Portland, OR 97240-0384

Or fax your complaint to:

1-833-949-1888
Attn: Medicare Appeal and Grievance

If you call ArrayRx Customer Service at 1-833-599-8539 (TTY users call 711), they will record the complaint and repeat back to you the complaint as written, to confirm the accuracy. The complaint will be noted with the time and the date. If you mail, fax, or deliver your complaint, the receive date and time will be noted on your letter. ArrayRx Customer Service is available from 8 a.m.– 8 p.m. (Pacific Time), seven days a week October 1–March 31 (closed on Thanksgiving and Christmas), and weekdays April 1–September 30. Your call will be handled by our automated phone systems outside business hours.

We have 30 calendar days from the date the complaint was received to make a decision. Sometimes we may need more time to make a decision on your complaint. We may extend the time frame by up to 14 days if you ask for the extension, or if we find a need for additional information and the delay is in your best interest. If we need more time, you will receive a letter requesting the extra time and explaining why we need more time to make a decision.

If your complaint is regarding quality of care, the letter you receive with the outcome of our decision will include your right to file a quality of care grievance with the Quality Improvement Organization (QIO) in your state.

If we turn down your request for a fast coverage determination, a fast redetermination or a fast appeal and you have not yet received the drug, you have the right to file a fast complaint. Indicate clearly on your request you would like a FAST COMPLAINT REQUEST. You may file a fast complaint by phone (call 1-855-466-7211) or fax as listed above. We will respond to your fast complaint in writing within 24 hours of receipt of your fast complaint.

- The **deadline** for making a complaint is 60 calendar days from the time you had the problem you want to complain about.

Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)

Step 2: We look into your complaint and give you our answer.

- **If possible, we'll answer you right away.** If you call us with a complaint, we may be able to give you an answer on the same phone call.
- **Most complaints are answered within 30 calendar days.** If we need more information and the delay is in your best interest or if you ask for more time, we can **take up to 14 more calendar days** (44 calendar days total) to answer your complaint. If we decide to take extra days, we'll tell you in writing.
- **If you're making a complaint because we denied your request for a fast coverage decision or a fast appeal, we'll automatically give you a fast complaint.** If you have a fast complaint, it means we'll give you **an answer within 24 hours**.
- **If we don't agree** with some or all of your complaint or don't take responsibility for the problem you're complaining about, we'll include our reasons in our response to you.

Section 7.3 You can also make complaints about quality of care to the Quality Improvement Organization

When your complaint is about *quality of care*, you have 2 extra options:

- **You can make your complaint directly to the Quality Improvement Organization.** The Quality Improvement Organization is a group of practicing doctors and other health care experts paid by the federal government to check and improve the care given to Medicare patients. Chapter 2 has contact information.

Or

- **You can make your complaint to both the Quality Improvement Organization and us at the same time.**

Section 7.4 You can also tell Medicare about your complaint

You can submit a complaint about UMP Classic Medicare with Part D (PDP) directly to Medicare. To submit a complaint to Medicare, go to [Medicare.gov/MedicareComplaintForm/home.aspx](https://www.Medicare.gov/MedicareComplaintForm/home.aspx). You may also call 1-800-MEDICARE (1-800-633-4227). TTY/TDD users call 1-877-486-2048.

CHAPTER 8:

Ending membership in our plan

SECTION 1 Ending your membership in our plan

The information in this chapter is for general Medicare enrollment. Contact PEBB Customer Service at 1-800-200-1004 for details regarding enrollment and Plan Change guidelines during PEBB Program annual open enrollment or when a special enrollment event occurs; and for terming and in some cases deferring your enrollment. Ending your membership in UMP Classic Medicare with Part D (PDP) may be **voluntary** (your own choice) or **involuntary** (not your own choice):

- You might leave our plan because you decide you *want* to leave. Sections 2 and 3 give information on ending your membership voluntarily.
- There are also limited situations where we're required to end your membership. Section 5 tells you about situations when we must end your membership.

If you're leaving our plan, our plan must continue to provide your prescription drugs, and you'll continue to pay your cost share until your membership ends.

SECTION 2 When can you end your membership in our plan?

You can request to end your plan membership at any time. However, if you request disenrollment at a time other than your group's open enrollment periods, your disenrollment effective date will be the first day of the month following our receipt of your disenrollment request.

To stay eligible to return to PEBB at a future date, you may end your membership in our plan by deferring PEBB coverage. There are specific reasons a member may be eligible to defer. Please contact PEBB Customer Service at 1-800-200-1004 between 8 a.m. to 4 p.m. Pacific Time, Monday through Friday, for more information on ending membership in our plan.

Section 2.1 You can end your membership during the Open Enrollment Period

You will have the opportunity to end your membership in the UMP Classic Medicare with Part D (PDP) for 2027 during the Public Employee Benefits Board (PEBB) open enrollment period. If you have any questions or would like more information about when you can end your plan

Chapter 8 Ending membership in our plan

membership, contact PEBB Customer Service at 1-800-200-1004 between 8 a.m. to 4 p.m., Pacific Time, Monday through Friday.

You can also end your membership in our plan during the **Open Enrollment Period** each year. During this time, review your health and drug coverage and decide about coverage for the upcoming year.

- **The PEBB Program open enrollment period for plan year 2027 is from October 26, 2026 to November 23, 2026.**
- **The Medicare Open Enrollment Period** is from **October 15th to December 7th.** **Please note: This does not apply to the UMP Classic Medicare with Part D (PDP) or any other PEBB Program Medicare plan as they are through Washington State Health Care Authority (see above for the applicable open enrollment period).**
- **Choose to keep your current coverage or make changes to your coverage for the upcoming year.** If you decide to change to a new plan, you can choose any of the following types of plans:
 - A different PEBB Program Medicare health plan. You can end your membership in the UMP Classic Medicare with Part D (PDP) plan by selecting a different PEBB Program Medicare health plan during PEBB Program open enrollment period. The UMP open enrollment period for plan year 2027 is from October 26, 2026 to November 23, 2026. Coverage under your new plan will begin January 1, 2027.
 - Another Medicare prescription drug plan,
 - Original Medicare *with* a separate Medicare prescription drug plan,
 - Original Medicare *without* a separate Medicare prescription drug plan,
 - If you choose this option and receive Extra Help, Medicare may enroll you in a drug plan, unless you've opted out of automatic enrollment.
 - A Medicare health plan. A Medicare health plan is a plan offered by a private company that contracts with Medicare to provide all the Medicare Part A (Hospital) and Part B (Medical) benefits. Some Medicare health plans also include Part D prescription drug coverage.

If you enroll in most Medicare health plans while enrolled in UMP Classic Medicare with Part D (PDP), you'll be disenrolled from UMP Classic Medicare with Part D (PDP) when your new plan's coverage begins. However, if you choose a Private Fee-for-Service plan without Part D drug coverage, a Medicare Medical Savings Account plan, or a Medicare Cost Plan, you can enroll in that plan and keep UMP Classic Medicare with Part D (PDP) for your drug coverage. If you don't want to keep our plan, you can choose to enroll in another Medicare prescription drug plan or drop Medicare prescription drug coverage.

Chapter 8 Ending membership in our plan

Note: If you disenroll from Medicare prescription drug coverage and go without creditable prescription drug coverage for 63 or more days in a row, you may have to pay a late enrollment penalty if you join a Medicare prescription drug plan later.

- **Your membership will end in our plan** when your new plan's coverage starts on January 1. Make sure the PEBB Program receives your request to end coverage before December 31.

Section 2.2 In certain situations, you can end your membership during a Special Enrollment Period

In certain situations, members of UMP Classic Medicare with Part D (PDP) may be eligible to end their membership at other times of the year. This is known as a **Special Enrollment Period**.

You may be eligible to end your membership during a Special Enrollment Period if any of the following situations apply. These are just examples; for the full list you can contact our plan, call Medicare, or visit the [Medicare.gov](https://www.Medicare.gov):

- Usually, when you move
- If you have Medicaid
- If you're eligible for Extra Help paying for Medicare prescription drug coverage
- If we violate our contract with you
- If you're getting care in an institution, such as a nursing home or long-term care (LTC) hospital
- If you enroll in the Program of All-inclusive Care for the Elderly (PACE). (PACE is not available in all states. If you would like to know if PACE is available in your state, please contact ArrayRx Customer Service at 1-833-599-8539 (TTY users call 711.)
- **Note:** If you're in a drug management program, you may not be able to change plans. Chapter 3, Section 10 tells you more about drug management programs.

Enrollment time periods vary depending on your situation.

To find out if you're eligible for a Special Enrollment Period, call Medicare at 1-800-MEDICARE (1-800-633-4227). TTY users call 1-877-486-2048. If you're eligible to end your membership because of a special situation, you can choose to change both your Medicare health coverage and prescription drug coverage. You can choose:

- Another Medicare prescription drug plan,
- Original Medicare *without* a separate Medicare prescription drug plan.

Chapter 8 Ending membership in our plan

- A Medicare health plan. A Medicare health plan is a plan offered by a private company that contracts with Medicare to provide all Medicare Part A (Hospital) and Part B (Medical) benefits. Some Medicare health plans also include Part D drug coverage.
 - If you enroll in most Medicare health plans, you'll automatically be disenrolled from UMP Classic Medicare with Part D (PDP) when your new plan's coverage begins. However, if you choose a Private Fee-for-Service plan without Part D drug coverage, a Medicare Medical Savings Account plan, or a Medicare Cost Plan, you can enroll in that plan and keep UMP Classic Medicare with Part D (PDP) for your drug coverage. If you don't want to keep our plan, you can choose to enroll in another Medicare prescription drug plan or to drop Medicare drug coverage.

Note: If you disenroll from Medicare drug coverage and go without creditable prescription drug coverage for 63 days or more in a row, you may have to pay a Part D late enrollment penalty if you join a Medicare prescription drug plan later.

Your membership will usually end on the first day of the month after we get your request to change our plan.

If you get Extra Help from Medicare to pay your drugs coverage costs: If you switch to Original Medicare and don't enroll in a separate Medicare prescription drug plan, Medicare may enroll you in a drug plan, unless you opt out of automatic enrollment.

Section 2.3 Get more information about when you can end your membership

If you have questions about ending your membership you can:

- **Call PEBB Customer Service** at 1-800-200-1004 between 8 a.m. to 4 p.m., Pacific Time, Monday through Friday.
- Find the information in the **Medicare & You 2026** handbook
- Call **Medicare** at 1-800-MEDICARE (1-800-633-4227). (TTY users call 1-877-486-2048)

SECTION 3 How to end your membership in our plan

As a member you may have circumstances when you may need to switch plans, defer your enrollment in Public Employee Benefits Board (PEBB) retiree coverage, or permanently terminate you or your dependent's enrollment. These changes can be made during the annual open enrollment or, if requirements are met, can be made during a special open enrollment event. Termination requests can be made at any time.

Please note that you must have circumstances that allow for a special enrollment event to make changes outside of the annual open enrollment period. For example, gaining the

Chapter 8 Ending membership in our plan

eligibility for coverage under Medicare may qualify as a special open enrollment event. For more information in regards to what qualifies you for a special open enrollment periods, requirements for making changes during that event, and important deadlines, see www.hca.wa.gov/employee-retiree-benefits/public-employees/what-special-open-enrollment.

The table below provides additional information on how you can switch, defer, or terminate your membership in our plan.

If you would like:	
To switch to another PEBB plan	<ul style="list-style-type: none">• Enroll in a new PEBB Medicare plan during the PEBB open enrollment period between October 27 and November 24, 2025. You may also switch plans if a special open enrollment event occurs. For additional information regarding enrollment, switching plans, required forms, and deadlines, please visit: www.hca.wa.gov/employee-retiree-benefits/retirees/change-coverage or• Contact PEBB Customer Service at 1-800-200-1004 for more information.

Chapter 8 Ending membership in our plan**If you would like:**

- A deferral from PEBB health insurance
An alternative to terminating your PEBB health insurance coverage is a deferral. Deferral is a formal process that allows you to pause or postpone enrollment in PEBB retiree insurance coverage but allows you to stay eligible to enroll in the future. You may choose to defer when you are first eligible for PEBB or after you have been enrolled.
- To terminate you or your dependent's PEBB retiree insurance
If you terminate all of your PEBB retiree insurance coverage, you cannot enroll again later unless you regain eligibility for PEBB retiree insurance coverage. For example, you terminated your coverage but then returned to employment with a PEBB or SEBB benefits-eligible position.

- You must be eligible to enroll in PEBB retiree insurance coverage in order to defer your enrollment.
 - You must be able to provide proof that you were enrolled continuously in one or more qualifying medical coverages (including start and end dates) during your entire deferral to be able to apply for re-enrollment in PEBB retiree insurance coverage. The required forms and proof of continuous enrollment must be received by the PEBB Program no later than 60 days after coverage ends. Evidence of continuous enrollment in a qualified coverage is waived while you live outside of the United States.
 - To find out more about what qualifies as qualified medical coverage, what forms are required, how to defer, and deadlines, please visit www.hca.wa.gov/employee-retiree-benefits/retirees/defer-coverage.
 - If you, the subscriber, terminates your PEBB retiree insurance coverage, your dependent's coverage will be terminated as well.
 - You can terminate your dependent's coverage without terminating your own.
 - For details such as what forms are required and deadlines, please visit: www.hca.wa.gov/employee-retiree-benefits/retirees/change-coverage
 - Submit appropriate forms or written requests in one of the following ways:
 - Online using Benefits 24/7: benefits247.hca.wa.gov/auth
 - Send PEBB Customer Service a secure message: support.hca.wa.gov/hcasupport
 - Fax: 1-360-725-0771
- Mail: Health Care Authority
PEBB Program
PO Box 42684
Olympia, WA 98504-2684

Chapter 8 Ending membership in our plan

If you would like:	
Another Medicare health plan	<ul style="list-style-type: none"> • Enroll in the new Medicare health plan. • You'll automatically be disenrolled from UMP Classic Medicare with Part D (PDP) when your new plan's coverage starts.
Original Medicare <i>with</i> a separate Medicare prescription drug plan	<ul style="list-style-type: none"> • Enroll in the new Medicare prescription drug plan. • You'll automatically be disenrolled from UMP Classic Medicare with Part D (PDP) when your new drug plan's coverage starts.
Original Medicare <i>without</i> a separate Medicare prescription drug plan	<ul style="list-style-type: none"> • Send us a written request to disenroll PEBB Customer Service at 1-800-200-1004 if you need more information on how to do this. • You can also call Medicare at 1-800-MEDICARE (1-800-633-4227) and ask to be disenrolled. TTY users call 1-877-486-2048. • You'll be disenrolled from UMP Classic Medicare with Part D (PDP) and only have Original Medicare when your coverage in Original Medicare starts.

SECTION 4 Until your membership ends, you must keep getting your drugs through our plan

Until your membership ends, and your new Medicare coverage starts, you must continue to get your prescription drugs through our plan.

- **Continue to use our network pharmacies or mail-order pharmacies to get your prescriptions filled.**

SECTION 5 UMP Classic Medicare with Part D (PDP) must end our plan membership in certain situations

UMP Classic Medicare with Part D (PDP) must end your membership in our plan if any of the following happen:

- If you no longer have Medicare Part A or Part B (or both).
- If you move out of our service area.

Chapter 8 Ending membership in our plan

- If you're away from our service area for more than 12 months.
 - If you move or take a long trip, call PEBB Customer Service at 1-800-200-1004 to find out if the place you're moving or traveling to is in our plan's area.
- If you become incarcerated (go to prison)
- If you're no longer a United States citizen or lawfully present in the United States
- If you lie or withhold information about other insurance, you have that provides prescription drug coverage
- If you intentionally give us incorrect information when you're enrolling in our plan, and that information affects your eligibility for our plan. (We can't make you leave our plan for this reason unless we get permission from Medicare first.)
- If you continuously behave in a way that's disruptive and makes it difficult for us to provide care for you and other members of our plan. (We can't make you leave our plan for this reason unless we get permission from Medicare first.)
- If you let someone else use your membership card to get prescription drugs. (We can't make you leave our plan for this reason unless we get permission from Medicare first.)
 - If we end your membership because of this reason, Medicare may have your case investigated by the Inspector General.
- If you don't pay our plan premiums for 2 months.
 - We must notify you in writing that you have 2 months to pay the UMP Classic Medicare with Part D (PDP) plan premium before we end your membership.
- If you're required to pay the extra Part D amount because of your income and you don't pay it, Medicare will disenroll you from our plan and you'll lose prescription drug coverage.
- If you are no longer eligible for this coverage under the PEBB Program.

If you have questions or want more information on when we can end your membership, call ArrayRx Customer Service at 1-833-599-8539 (TTY users call 711.)

Section 5.1 We can't ask you to leave our plan for any health-related reason

UMP Classic Medicare with Part D (PDP) isn't allowed to ask you to leave our plan for any health-related reason.

What should you do if this happens?

If you feel you're being asked to leave our plan because of a health-related reason, call Medicare at 1-800-MEDICARE (1-800-633-4227). TTY users call 1-877-486-2048.

Chapter 8 Ending membership in our plan

Section 5.2 You have the right to make a complaint if we end your membership in our plan

If we end your membership in our plan, we must tell you our reasons in writing for ending your membership. We must also explain how you file a grievance or can make a complaint about our decision to end your membership.

CHAPTER 9:

Legal notices

SECTION 1 Notice about governing law

The principal law that applies to this *Evidence of Coverage* document is Title XVIII of the Social Security Act and the regulations created under the Social Security Act by the Centers for Medicare & Medicaid Services (CMS). In addition, other federal laws may apply and, under certain circumstances, the laws of the state you live in. This may affect your rights and responsibilities even if the laws aren't included or explained in this document.

SECTION 2 Notice about nondiscrimination

We don't discriminate based on race, ethnicity, national origin, color, religion, sex, age, mental or physical disability, health status, claims experience, medical history, genetic information, evidence of insurability, or geographic location within the service area. All organizations that provide Medicare prescription drug plans, like our plan, must obey federal laws against discrimination, including Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the Americans with Disabilities Act, Section 1557 of the Affordable Care Act, all other laws that apply to organizations that get federal funding, and any other laws and rules that apply for any other reason.

If you want more information or have concerns about discrimination or unfair treatment, call the Department of Health and Human Services' **Office for Civil Rights** at 1-800-368-1019 (TTY 1-800-537-7697) or your local Office for Civil Rights. You can also review information from the Department of Health and Human Services' Office for Civil Rights at [HHS.gov/ocr/index.html](https://www.hhs.gov/ocr/index.html).

If you have a disability and need help with access to care, call Member Services at ArrayRx Customer Service at 1-833-599-8539 (TTY users call 711.) If you have a complaint, such as a problem with wheelchair access, Member Services can help.

SECTION 3 Notice about Medicare Secondary Payer subrogation rights

We have the right and responsibility to collect for covered Medicare prescription drugs for which Medicare is not the primary payer. According to CMS regulations at 42 CFR sections 422.108 and 423.462, UMP Classic Medicare with Part D (PDP), as a Medicare prescription drug plan sponsor, will exercise the same rights of recovery that the Secretary exercises under CMS

Chapter 9 Legal notices

regulations in subparts B through D of part 411 of 42 CFR and the rules established in this section supersede any state laws.

CHAPTER 10:

Definitions

Appeal – An appeal is something you do if you disagree with our decision to deny a request for coverage of prescription drugs or payment for drugs you already received.

Biological Product – A prescription drug that is made from natural and living sources like animal cells, plant cells, bacteria, or yeast. Biological products are more complex than other drugs and can't be copied exactly, so alternative forms are called biosimilars. (go to “**Original Biological Product**” and “**Biosimilar**”).

Biosimilar – A biological product very similar, but not identical, to the original biological product. Biosimilars are as safe and effective as the original biological product. Some biosimilars may be substituted for the original biological product at the pharmacy without needing a new prescription (Go to “**Interchangeable Biosimilar**”).

Brand Name Drug – A prescription drug that is manufactured and sold by the pharmaceutical company that originally researched and developed the drug. Brand name drugs have the same active-ingredient formula as the generic version of the drug. However, generic drugs are manufactured and sold by other drug manufacturers and are generally not available until after the patent on the brand name drug has expired.

Catastrophic Coverage Stage – The stage in the Part D Drug Benefit that begins when you (or other qualified parties on your behalf) have spent \$2,100 for Part D covered drugs during the covered year. During this payment stage, you pay nothing for your covered Part D drugs. During this payment stage, our plan pays the full cost for your covered Part D drugs. You may have cost sharing for bonus non-Part D prescription drugs and related supplies that are covered under our enhanced benefit.

Centers for Medicare & Medicaid Services (CMS) – The federal agency that administers Medicare.

Chronic-Care Special Needs Plan (C-SNP) – C-SNPs are SNPs that restrict enrollment to MA eligible people who have specific severe and chronic diseases.

Coinsurance – An amount you may be required to pay, expressed as a percentage (for example 20%) as your share of the cost for prescription drugs after you pay any deductibles.

Chapter 10 Definitions

Complaint – The formal name for making a complaint is **filing a grievance**. The complaint process is used *only* for certain types of problems. This includes problems about quality of care, waiting times, and the customer service you get. It also includes complaints if our plan doesn't follow the time periods in the appeal process.

Copayment (or copay) – An amount you may be required to pay as your share of the cost for a prescription drug. A copayment is a set amount (for example \$10), rather than a percentage.

Cost Sharing – Cost sharing refers to amounts that a member has to pay when drugs are gotten. (This is in addition to the UMP Classic Medicare with Part D (PDP) plan's monthly premium.) Cost sharing includes any combination of the following 3 types of payments: 1) any deductible amount a plan may impose before drugs are covered; 2) any fixed copayment amount that a plan requires when a specific drug is gotten; or 3) any coinsurance amount, a percentage of the total amount paid for a drug, that a plan requires when a specific drug is gotten.

Cost-Sharing Tier – Every drug on the list of covered drugs is in one of 6 cost-sharing tiers. In general, the higher the cost-sharing tier, the higher your cost for the drug.

Coverage Determination – A decision about whether a drug prescribed for you is covered by our plan and the amount, if any, you're required to pay for the prescription. In general, if you bring your prescription to a pharmacy and the pharmacy tells you the prescription isn't covered under our plan, that isn't a coverage determination. You need to call or write to our plan to ask for a formal decision about the coverage. Coverage determinations are called **coverage decisions** in this document.

Covered Drugs – The term we use to mean all the prescription drugs covered by our plan.

Creditable Prescription Drug Coverage – Prescription drug coverage (for example, from an employer or union) that is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage. People who have this kind of coverage when they become eligible for Medicare can generally keep that coverage without paying a penalty if they decide to enroll in Medicare prescription drug coverage later.

Customer Service – A department within our plan responsible for answering your questions about your membership, benefits, grievances, and appeals. Customer Service is dedicated to providing the highest level of service to customers by providing the information needed to understand your membership and use your plan benefits. This is offered through telephone, email, and written contact. When a non-English speaking caller needs to obtain information, we use a language interpretation service to facilitate the discussion. Chapter 2 has contact information.

Chapter 10 Definitions

Daily cost-sharing rate – A daily cost-sharing rate may apply when your doctor prescribes less than a full month’s supply of certain drugs for you and you’re required to pay a copayment. A daily cost-sharing rate is the copayment divided by the number of days in a month’s supply. Here is an example: If your copayment for a one-month supply of a drug is \$30, and a one-month’s supply in our plan is 30 days, then your daily cost-sharing rate is \$1 per day.

Deductible – The amount you must pay for prescriptions before our plan pays.

Disenroll or **Disenrollment** – The process of ending your membership in our plan.

Dispensing Fee – A fee charged each time a covered drug is dispensed to pay for the cost of filling a prescription, such as the pharmacist’s time to prepare and package the prescription.

Dual Eligible Special Needs Plans (D-SNP) – D-SNPs enroll people who are entitled to both Medicare (Title XVIII of the Social Security Act) and medical assistance from a state plan under Medicaid (Title XIX). States cover some Medicare costs, depending on the state and the person’s eligibility.

Dually Eligible Individual – A person who is eligible for Medicare and Medicaid coverage.

Emergency – A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life (and if you’re a pregnant woman, loss of an unborn child), loss of a limb, or loss of function of a limb, or loss of or serious impairment to a bodily function. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

Evidence of Coverage (EOC) and Disclosure Information – This document, along with your enrollment form and any other attachments, riders, or other optional coverage selected, which explains your coverage, what we must do, your rights, and what you have to do as a member of our plan.

Exception – A type of coverage decision that, if approved, allows you to get a drug that is not on our formulary (a formulary exception), or get a non-preferred drug at a lower cost-sharing level (a tiering exception). You may also ask for an exception if our plan requires you to try another drug before getting the drug you’re asking for, if our plan requires a prior authorization for a drug and you want us to waive the criteria restriction, or if our plan limits the quantity or dosage of the drug you’re asking for (a formulary exception).

Extra Help – A Medicare program to help people with limited income and resources pay Medicare prescription drug program costs, such as premiums, deductibles, and coinsurance.

Chapter 10 Definitions

Generic Drug – A prescription drug that’s approved by the FDA as having the same active ingredient(s) as the brand name drug. Generally, a generic drug works the same as a brand name drug and usually costs less.

Grievance – A type of complaint you make about our plan, providers, or pharmacies, including a complaint concerning the quality of your care. This doesn’t involve coverage or payment disputes.

Income Related Monthly Adjustment Amount (IRMAA) – If your modified adjusted gross income as reported on your IRS tax return from 2 years ago is above a certain amount, you’ll pay the standard premium amount and an Income Related Monthly Adjustment Amount, also known as IRMAA. IRMAA is an extra charge added to your premium. Less than 5% of people with Medicare are affected, so most people won’t pay a higher premium.

Initial Coverage Stage – This is the stage before your out-of-pocket costs for the year have reached the out-of-pocket threshold amount.

Initial Enrollment Period – When you’re first eligible for Medicare, the period of time when you can sign up for Medicare Part A and Part B. If you’re eligible for Medicare when you turn 65, your Initial Enrollment Period is the 7-month period that begins 3 months before the month you turn 65, includes the month you turn 65, and ends 3 months after the month you turn 65.

Interchangeable Biosimilar – A biosimilar that may be used as a substitute for an original biosimilar product at the pharmacy without needing a new prescription because it meets additional requirements related to the potential for automatic substitution. Automatic substitution at the pharmacy is subject to state law.

Health Care Authority (HCA) – The Health Care Authority (HCA) is the Washington State agency that administers the Uniform Medical Plan (UMP Classic, UMP Classic Medicare with Part D (PDP), UMP Select, UMP CDHP, UMP Achieve 1, UMP Achieve 2, and UMP High Deductible), in addition to the following health care programs: Washington Prescription Drug Program, PEBB Program, SEBB Program, Behavioral Health and Recovery, and Apple Health (also known as Medicaid).

Chapter 10 Definitions

Lawfully Present – Social Security is responsible for determining eligibility and handling enrollment for Medicare. U.S. citizens and lawful permanent residents who are 65 or older, or who have a disability or End-Stage Renal Disease and meet certain conditions, are eligible for Medicare.

Unlawful presence is defined in Section 212(a)(9)(B)(ii) of the Immigration and Nationality Act (INA) to mean that an alien is deemed to be unlawfully present in the U.S. if the alien is (1) present after the expiration of the period of stay authorized by the Secretary of Homeland Security or (2) present without being admitted or paroled.

For most individuals, the period of stay authorized is noted on their I-94 card and they will begin to accrue unlawful presence the day following the date in their I-94 card. Additionally, if USCIS finds (while adjudicating an application for immigration benefit) that the individual has violated their nonimmigrant status, unlawful presence will begin the day after USCIS denies the benefit (or after the I-94 expires, whichever is earlier).

List of Covered Drugs (formulary or Drug List) – A list of prescription drugs covered by our plan.

Low Income Subsidy (LIS) – Go to Extra Help. Chapter 2 has contact information.

Manufacturer Discount Program – A program under which drug manufacturers pay a portion of our plan's full cost for covered Part D brand name drugs and biologics. Discounts are based on agreements between the federal government and drug manufacturers.

Maximum Fair Price – The price Medicare negotiated for a selected drug.

Medicaid (or Medical Assistance) – A joint federal and state program that helps with medical costs for some people with low incomes and limited resources. State Medicaid programs vary, but most health care costs are covered if you qualify for both Medicare and Medicaid.

Medically Accepted Indication – A use of a drug that is either approved by the FDA or supported by certain references, such as the American Hospital Formulary Service Drug Information and the Micromedex DRUGDEX Information system.

Medicare – The federal health insurance program for people 65 years of age or older, some people under age 65 with certain disabilities, and people with End-Stage Renal Disease (generally those with permanent kidney failure who need dialysis or a kidney transplant).

Medicare Advantage (MA) Plan – Sometimes called Medicare Part C. A plan offered by a private company that contracts with Medicare to provide you with all your Medicare Part A and Part B benefits. A Medicare Advantage Plan can be i) an HMO, ii) a PPO, iii) a Private Fee-for-Service (PFFS) plan, or iv) a Medicare Medical Savings Account (MSA) plan. Besides

Chapter 10 Definitions

choosing from these types of plans, a Medicare Advantage HMO or PPO plan can also be a Special Needs Plan (SNP). In most cases, Medicare Advantage Plans also offer Medicare Part D (prescription drug coverage). These plans are called **Medicare Advantage Plans with Prescription Drug Coverage**.

Medicare-Covered Services – Services covered by Medicare Part A and Part B. The term Medicare-Covered Services doesn't include the extra benefits, such as vision, dental, or hearing, that a Medicare Advantage plan may offer.

Medicare Health Plan – A Medicare health plan is offered by a private company that contracts with Medicare to provide Part A and Part B benefits to people with Medicare who enroll in our plan. This term includes all Medicare Advantage Plans, Medicare Cost Plans, Special Needs Plans, Demonstration/Pilot Programs, and Programs of All-inclusive Care for the Elderly (PACE).

Medicare Prescription Drug Coverage (Medicare Part D) – Insurance to help pay for outpatient prescription drugs, vaccines, biologicals, and some supplies not covered by Medicare Part A or Part B.

Medication Therapy Management (MTM) program – A Medicare Part D program for complex health needs provided to people who meet certain requirements or are in a Drug Management Program. MTM services usually include a discussion with a pharmacist or health care provider to review medications.

Medigap (Medicare Supplement Insurance) Policy – Medicare supplement insurance sold by private insurance companies to fill *gaps* in Original Medicare. Medigap policies only work with Original Medicare. (A Medicare Advantage Plan is not a Medigap policy.)

Member (Member of our Plan, or Plan Member) – A person with Medicare who is eligible to get covered services, who has enrolled in our plan and whose enrollment has been confirmed by the Centers for Medicare & Medicaid Services (CMS).

Member Services – A department within our plan responsible for answering your questions about your membership, benefits, grievances, and appeals.

Network Pharmacy – A pharmacy that contracts with our plan where members of our plan can get their prescription drug benefits. In most cases, your prescriptions are covered only if they are filled at one of our network pharmacies.

Open Enrollment Period – The time period of October 15 until December 7 of each year when members can change their health or drug plans or switch to Original Medicare. The PEBB Program open enrollment for plan year 2027 is October 27, 2026 to November 24, 2026.

Chapter 10 Definitions

Original Biological Product – A biological product that has been approved by the FDA and serves as the comparison for manufacturers making a biosimilar version. It is also called a reference product.

Original Medicare (Traditional Medicare or Fee-for-Service Medicare) – Original Medicare is offered by the government, and not a private health plan like Medicare Advantage plans and prescription drug plans. Under Original Medicare, Medicare services are covered by paying doctors, hospitals, and other health care providers payment amounts established by Congress. You can see any doctor, hospital, or other health care provider that accepts Medicare. You must pay the deductible. Medicare pays its share of the Medicare-approved amount, and you pay your share. Original Medicare has 2 parts: Part A (Hospital Insurance) and Part B (Medical Insurance) and is available everywhere in the United States.

Out-of-Network Pharmacy – A pharmacy that doesn't have a contract with our plan to coordinate or provide covered drugs to members of our plan. Most drugs you get from out-of-network pharmacies aren't covered by our plan unless certain conditions apply.

Out-of-Pocket Costs – Go to the definition for cost sharing above. A member's cost-sharing requirement to pay for a portion of drugs gotten is also referred to as the member's out-of-pocket cost requirement.

Out-of-Pocket Threshold – The maximum amount you pay out of pocket for Part D drugs.

PACE plan – A PACE (Program of All-Inclusive Care for the Elderly) plan combines medical, social, and long-term services and supports (LTSS) for frail people to help people stay independent and living in their community (instead of moving to a nursing home) as long as possible. People enrolled in PACE plans receive both their Medicare and Medicaid benefits through the plan. PACE is not available in all states. If you would like to know if PACE is available in your state, please contact ArrayRx Customer Service at 1-833-599-8539 (TTY users call 711.)

Part C – Go to Medicare Advantage (MA) Plan.

Part D – The voluntary Medicare Prescription Drug Benefit Program.

Part D Prescription Drugs – Drugs that can be covered under Part D. We may or may not offer all Part D drugs. Certain categories of drugs have been excluded as covered Part D prescription drugs by Congress.

Part D Late Enrollment Penalty – An amount added to your monthly premium for Medicare drug coverage if you go without creditable coverage (coverage that's expected to pay, on average, at least as much as standard Medicare prescription drug coverage) for a continuous period of 63 days or more after you're first eligible to join a Part D plan.

Chapter 10 Definitions

Premium – The periodic payment to Medicare, an insurance company, or a health care plan for health or prescription drug coverage.

Prior Authorization – Approval in advance to get certain drugs based on specific criteria. Covered drugs that need prior authorization are marked in the formulary and our criteria are posted on our website.

Public Employees Benefit Board (PEBB) – The Health Care Authority (HCA) is the Washington State agency that administers the Uniform Medical Plan (UMP Classic, UMP Classic Medicare with Part D (PDP), UMP Select, UMP CDHP, UMP Achieve 1, UMP Achieve 2, and UMP High Deductible), in addition to the following health care programs: Washington Prescription Drug Program, PEBB Program, SEBB Program, Behavioral Health and Recovery, and Apple Health (also known as Medicaid).

Quality Improvement Organization (QIO) – A group of practicing doctors and other health care experts paid by the federal government to check and improve the care given to Medicare patients.

Quantity Limits – A management tool that is designed to limit the use of a drug for quality, safety, or utilization reasons. Limits may be on the amount of the drug that we cover per prescription or for a defined period of time.

Real-Time Benefit Tool – A portal or computer application in which enrollees can look up complete, accurate, timely, clinically appropriate, enrollee-specific formulary and benefit information. This includes cost-sharing amounts, alternative formulary medications that may be used for the same health condition as a given drug, and coverage restrictions (Prior Authorization, Step Therapy, Quantity Limits) that apply to alternative medications. This tool is also called the Drug Price Estimator.

Selected Drug – A drug covered under Part D for which Medicare negotiated a Maximum Fair Price.

Service Area – A geographic area where you must live to join a particular prescription drug plan. Our plan may disenroll you if you permanently move out of our plan's service area.

Special Enrollment Period – A set time when members can change their health or drug plans or return to Original Medicare. Situations in which you may be eligible for a Special Enrollment Period include: if you move outside the service area, if you are getting Extra Help with your prescription drug costs, if you move into a nursing home, or if we violate our contract with you.

Step Therapy – A utilization tool that requires you to first try another drug to treat your medical condition before we'll cover the drug your physician may have initially prescribed.

Chapter 10 Definitions

Supplemental Security Income (SSI) – A monthly benefit paid by Social Security to people with limited income and resources who are disabled, blind, or age 65 and older. SSI benefits aren't the same as Social Security benefits.

Appendix 1 Quality Improvement Organization

You may contact the Beneficiary and Family-Centered Care Quality Improvement Organization (BFCC-QIO) in your state listed below if available at www.acentraqio.com/ or www.livantaqio.cms.gov/

Please note: The contact information below is listed for your convenience. Due to possible changes with these entities, we cannot guarantee the availability of phone numbers or websites at the time of use. Please refer to the above links as needed.
