

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, visit [ump.regence.com/sebb](http://ump.regence.com/sebb) or call 1-800- 628-3481 (TRS: 711). For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms, see the Glossary. You can view the Glossary at [healthcare.gov/sbc-glossary/](http://healthcare.gov/sbc-glossary/) or call 1-800-628-3481 (TRS: 711) to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall <a href="#">deductible</a> ?	\$125/per member, \$375/family	The medical <a href="#">deductible</a> is what you pay before the <a href="#">plan</a> begins to pay. Generally, you must pay all of the costs for medical services up to the medical <a href="#">deductible</a> amount before this <a href="#">plan</a> begins to pay. Each member has an individual medical <a href="#">deductible</a> of \$125 and the maximum the family pays for medical <a href="#">deductibles</a> is \$375. Once a particular member meets their \$125 <a href="#">deductible</a> , the <a href="#">plan</a> begins paying for covered services for that member. Once the family <a href="#">deductible</a> has been met, the <a href="#">plan</a> begins paying for covered services for everyone in the family.
Are there services covered before you meet your <a href="#">deductible</a> ?	Yes. Covered <a href="#">preventive care</a> , hearing aids, sterilization, tobacco cessation, covered insulins and covered <a href="#">prescription drugs</a> on the UMP Preferred Drug List, and most primary care services are covered before you meet your <a href="#">deductible</a> .	This <a href="#">plan</a> covers some items and services even if you haven't yet met the medical <a href="#">deductible</a> amount. For example, this <a href="#">plan</a> covers certain <a href="#">preventive services</a> without <a href="#">cost sharing</a> and before you meet your <a href="#">deductible</a> . But a <a href="#">copayment</a> or <a href="#">coinsurance</a> may apply to some services. For example, <a href="#">deductible</a> and <a href="#">cost sharing</a> may be applied on lab or radiology services during a <a href="#">preventive care</a> visit. See a list of covered <a href="#">preventive services</a> at <a href="http://healthcare.gov/coverage/preventive-care-benefits">healthcare.gov/coverage/preventive-care-benefits</a> .
Are there other <a href="#">deductibles</a> for specific services?	No.	You don't have to meet other <a href="#">deductibles</a> for specific services.
What is the <a href="#">out-of-pocket limit</a> for this <a href="#">plan</a> ?	Medical: \$2,000/per member, \$4,000/family <a href="#">Prescription drugs</a> : \$2,000/per member, \$4,000/family	The medical <a href="#">out-of-pocket limit</a> is the most you pay during a calendar year for covered medical services before the plan pays 100 percent of the <a href="#">allowed amount</a> for <a href="#">network providers</a> . The <a href="#">prescription drug out-of-pocket limit</a> is the most you pay during a calendar year for covered <a href="#">prescription drugs</a> and products before the plan pays 100 percent of the <a href="#">allowed amount</a> . If you have other family members in this <a href="#">plan</a> , they have to meet their own <a href="#">out-of-pocket limits</a> until the overall family <a href="#">out-of-pocket limit</a> has been met.
What is not included in the <a href="#">out-of-pocket limit</a> ?	Medical: <a href="#">Premiums</a> , <a href="#">balance billing</a> charges, <a href="#">prescription drug</a> costs, member <a href="#">coinsurance</a> paid	Even though you pay these costs, they don't count toward the <a href="#">out-of-pocket limit</a> .
