

Weighing treatment options for severe chronic joint or back pain?

Uniform Medical Plan (UMP) and Premera Blue Cross have teamed up to offer a Centers of Excellence Program for eligible UMP members.

The Centers of Excellence Program difference

UMP already provides coverage for eligible members for knee and hip replacements and spine care. So, what's different about the Centers of Excellence (COE) Program?

The COE Program contracts with providers who specialize in treating certain medical conditions. These providers are named Centers of Excellence because they have proven their ability to provide exceptional service with successful results for patients with those conditions.

UMP members who meet certain medical and other criteria can receive their treatment, including pre- and post-surgical care, at low to no cost. The COE Program also includes a travel and lodging benefit for eligible expenses.

The COE Program currently includes:

- **MultiCare Capital Medical Center** (Olympia) for **spine care**. Capital Medical Center has a history of serving state employees. It's owned and operated by MultiCare Health Systems, a leader in the delivery of high-quality, compassionate care in Washington state communities.
- **Virginia Mason Medical Center** (Seattle) for **knee and hip replacement** and **spine care**. Virginia Mason is recognized as one of the nation's best healthcare facilities. Its network of primary and specialty care medical centers offers superior treatment results.

If eligible for the COE Program, you will get to choose where you receive services (depending on the procedure).

COE Program eligibility

Currently, you can take part in the COE Program if you:

 - UMP Achieve 1
 - UMP Achieve 2
 - UMP High Deductible
- Are age 18 or older.
