INVOICING

- **Monthly** invoicing is an automated process that is for the following month. It runs on “cycle 1”, for K-12 employer groups and “cycle 2”, for Political Sub groups. Invoicing is for coverage for the following month (for example, cycle 1 invoicing created on 01/22/21 will be for 02/21 coverage).
- **Daily** invoicing is used when an agency enters an eligibility change after monthly invoicing has already processed for the month. For example, if an agency retro-enrolls a subscriber on 05/24/21 with an effective date of 04/01/21, the daily process would recognize that April and May invoicing had already run and would post both invoices as part of the daily process. Changes made after monthly invoicing will show on the next month’s invoice (in this example June).
- **Manual** invoicing occurs when an agency requests an adjustment (usually via the Insurance Eligibility Form or email) because the correct effective date for an eligibility change can not be keyed online. In most cases this would be due to the effective date of the change being beyond the lower limit date, the effective date of the change being prior to an existing effective date already on the account, or to correct a keying error. PEBB staff will enter/correct the eligibility information and PEB Accounting staff will manually post adjustments to the affected invoices. You will see the effect of the change on your next month’s invoice.

PAYMENTS

- Premium payments are due no later than the 20th of the month following the month of coverage.
- Employer groups must remit exact premium billed.
 - ***If you are expecting a credit or additional charges, as a result of a retroactive change, you are encouraged to wait to “take the credit” or pay the extra months premiums until you see it on your invoice. This will make monthly reconciliations much easier.***
- **Billing Remittance Slip must accompany all payments.** Mailing payments without billing remittance slips will cause delays in payment posting.

ELIGIBILITY “DO’S” AND “DON’T’S” FOR

MAINTAINING ACCOUNTING INTEGRITY

- **DO key eligibility screens in numerical order.** They should be keyed in the order of A.02, 41, 43, etc. If the numeric order is scrambled when keying, such as keying the A.02, then the A.41, then the A.45, then the A.43, then the A.46, the billing system may not process enrollment or billing correctly.
- **DO NOT key an enrollment and a termination on the same subscriber or dependent on the same day.** Keying an enrollment and termination on the same day may causes system billing problems. If you do make an error when keying an enrollment, let the system process the enrollment then key the correction the next day.
- **DO NOT key multiple SSN changes on the same subscriber or dependent on the same day.** If you need to change the SSN of a subscriber or dependent more than once, wait until the next day before keying the second change. Let the Daily process run after each SSN change before another change is keyed. IF you need to correct a SSN retroactively, please contact PEB Accounting for assistance.

Known System Limitations

- **EE Optional Amounts Not Credited on Termination:** Occasionally, when an employee is retroactively terminated from insurance coverage, the system will credit the ER health premiums, but not the optional LTD EE premiums. Contact PEB Accounting if you do not receive your full credit.
- **First month of erroneous billing not credited:** If an employee or dependent is enrolled in error, the termination date must be the same date as the enrollment date (usually the first day of the month). When both of these dates are the same, the system frequently thinks they should have coverage for one month, and will not credit back for that first month. Contact PEB Accounting if you do not receive your full credit.
- **First month of erroneous LTD billed:** If an employee has ever had LTD in the past, the system will some time invoice LTD for the 1st month of coverage only. Contact PEB Accounting for adjustment to receive the full credit.

Billing Statement

Report Name: Insurance Statement by Agency/Sub

Report Number: HRISDB5079-R01

Description: This report shows the total premiums billed for those individuals who are insurance eligible for the designated coverage period. The invoice should be reviewed for accuracy and to ensure that billing correctly matches eligibility information. Invoice may include amounts due for previous periods, which are designated in the coverage period column. Please contact PEB Accounting as soon as possible if a discrepancy has been found. **Please do not use the invoice to note changes needed in billing and/or eligibility.** Such changes need to be reported on the Insurance Eligibility Adjustment forms.

Timing: Produced monthly at invoicing cycle

Field Definition

Your Agency/Sub-agency (**AG/AGY-SUB**) is in the top left corner

Employees are listed alphabetically by last name in the **NAME** column

Reading across the page, the next item is the employee's social security number (**SSN**)

The transaction date (**TRAN DATE**) is the date the transaction occurred

Transaction type (**TRAN TYPE**) indicates an invoice (**I**) or credit (**C**)

Coverage Period (**COV PP**) indicates the coverage period, year and month (**YYMM**) the transaction occurred

BATCH/DOC NUMBER is assigned by the billing system and shows the source of the transaction:

DLY is a system-generated transaction due to an eligibility change

ADJ is a manual adjustment made by HCA Accounting staff

INV is system-generated invoicing from the invoicing cycle

The **CARRIER CODES** indicate the insurance carriers for which the bill was created in the order of medical, dental, life, and ltd (see code chart for codes and definitions)

INSURANCE AMOUNT is the total amount billed for health, dental, basic life, and basic ltd coverage

EMPLOYEE AMOUNT is for optional LTD premiums

GROUP TOTALS: total of all premiums due for the month

CURRENT: total current month's billing for all employees

Balance Forward (**BALFWD**) is any outstanding balance or credit that remained on the account from previous months when the current month's billing was created

INSURANCE ELIGIBILITY ADJUSTMENT FORM

FORM: Insurance Eligibility Form

NUMBER: HCA 50-411 (12/01)

USE: Agencies that have HCA key eligibility changes are to use this form to report terminations and salary changes. If your agency does their own eligibility keying, you may use this form to reconcile differences between what was billed and what is being paid if you are not paying the exact amount billed for a coverage month.

Completed forms may be faxed to 360-725-0771 or mailed to:

Health Care Authority
Attn: PEBB Benefits
PO Box 42684
Olympia, WA 98504-2684

COMPLETION OF FORM: The following data needs to be entered on the form

1. **Agency/Sub Agency:** Your agency and sub-agency number (HCA agency account number).
2. **Agency Name:** Your agency name.
3. **Date:** The date the form is completed.
4. **Employee Name (Last, First):** The last and first name of the employee needing an eligibility change.
5. **Employee SSN:** The SSN of the employee needing an eligibility change.
6. **New Employee:** When adding new employee or dependent.
7. **Insurance Termination Date:** If the employee's insurance is to be terminated, enter the last effective date of insurance (always the last date of the month).
8. **Payment Adjustment:** The coverage month of the adjustment and the amount of the discrepancy.
9. **Salary Change Date:** The effective date of the employee's salary change (increase or decrease). The change will affect insurance for the month after the change is effective.
10. **Salary Change Gross Mo. Inc:** The new gross monthly wage of the employee if a salary change is being reported.
11. **Total Adjustment:** The total of all the payment discrepancies. (Note: the total of all the adjustments added to the payment amount must equal the amount on the billing statement.)
12. **Prepared By:** The name of the person preparing the form.
13. **Phone Number:** The phone number of the person who prepared the form.

REMINDER: Your monthly payment must equal the total amount billed. If they are not equal, you may find it difficult to reconcile. PEB Accounting encourages you to pay what you are billed and take credit(s) or pay retroactive premiums when they are invoiced. Agencies that are out-of-balance for 60 days or more will receive a termination warning. Agencies that receive a warning and do not reconcile with HCA within 30 days of the warning will face termination of coverage action. Coverage enrollment is to be reported by submitting all appropriate enrollment forms. If you have submitted enrollment forms, but the new employee is not appearing on your bill, please contact HCA Benefits Section.

Reconciling Your Account

In order to determine adjustments needed, we recommend the following:

1. Watch future billing statements to verify that any necessary HCA adjustments appear and that the adjustment amounts are correct.
2. Compare the detail billing from HCA to your records (generally payroll deduction reports).
3. Use the enclosed “Reconciliation Assistance Chart” to determine the cause and solution for any discrepancies revealed by the comparison.
4. If your agency does not key their own eligibility changes, you **must** submit an HCA Insurance Eligibility Adjustment Form (form #HCA 50-411) to detail terminations and/or salary changes. This form is to be used for terminations and salary changes.
5. Submit any enrollment or eligibility change forms that are needed to complete the correction.

Reconciliation Notes

- **It is your agency's responsibility to reconcile your billing records to Health Care Authority.**
- **PEB Accounting staff are unable to determine your agency's side of the reconciliation as your monthly payment posts as a lump sum to your agency's account and we are unable to determine the amount of premiums you intended to pay for each subscriber.**
- **Each month, you need to compare your payroll records to the HCA invoice to determine any differences between what you were billed and what you expected to be billed.**
- **For any differences noted, you need to determine the cause of the differences and discover if the error is on your side or on HCA side.**
- **If the error is caused by an enrollment change that has not been done or has been done incorrectly, please contact HCA Benefits section.**
- **If eligibility is correct, but the billing is still wrong, please contact PEB Accounting via FUZE .**
- **Differences caused by your side can be corrected on your next payment and need to be reported to HCA.**
- **Differences caused by HCA billing should be reported immediately to PEB Accounting staff, via FUZE, for correction.**
- **Re-check the previous month's differences on next month's bill to see if they have been corrected. HCA errors should be corrected within two billing cycles of being reported. Contact HCA PEB Accounting staff again if the discrepancies still haven't been corrected.**
- **Remember the HCA "Retroactive Termination Policy". If the termination isn't processed timely, you could end up being responsible for premiums for months the employee wasn't covered.**

K-12 & Political Subdivision Reminders

- **Be aware of invoicing dates when requesting eligibility or accounting changes** – cutoff for eligibility and accounting changes is the 20th of each month. Changes submitted after that date may not be reflected on the upcoming invoicing statement.
- **Please read your invoices carefully** – what appears to be a double invoice may be invoicing for prior month(s) and current month. The coverage period field will indicate the month(s) which are invoiced for each employee.
- **Eligibility and accounting changes should be reflected on your bill within two months of reporting them to HCA** – if you have requested such a change and your invoice does not reflect the change within two months, please contact HCA Benefits department for follow-up.
- **To insure accuracy of billing of optional LTD premiums, always report salary changes immediately.** Optional LTD will always be affected by salary changes. Failure to report the salary changes will result in incorrect coverage and premiums.
- **Salary increases and birthdays affect optional LTD premiums the month after they go into affect** – for example, an employee who receives a raise on January 1st will have their optional premiums increased on February 1st.
- **When checking credits on a terminated employee, be certain to verify that LTD premiums have also been credited for any months needed** – a known system limitation may cause the optional LTD premiums to not be refunded to your agency in conjunction with the “employee share” of health, etc. This problem must be corrected manually by PEBB Accounts Receivable, so please contact us if you find any instances of this error.
- **Take credits only once** – if you take the credit before it appears on your billing statement, and then take it again when it does appear on a future statement, your account will be out of balance with HCA.
- **Return your remittance slip with your payment** – if you mail your payment to the Seattle lockbox without your remittance slip, the bank will not process the payment. It will be sent to HCA office in Olympia, and we will have to make a copy of your remittance slip and return it to the bank with your payment. This will delay posting of the payment to your account.
- **To avoid receipt of an Overdue Balance Notice, your agency must keep its account reconciled within 60 days.**
- **If you have an eligibility problem, you should contact the HCA Benefits (via email).** HCA Accounts Receivable Department cannot assist you with eligibility problems.
- **If the subscriber’s eligibility is correct, but the billing is incorrect, you should contact PEB Accounting.** A current PEB Accounting contact list is included at the end of this packet. When possible, emails and/or faxes are preferred over telephone calls as it gives us reference documentation for any adjustments that must be done.
