HSA - HealthEquity

Starting January 1, 2020, HealthEquity will be the health savings account (HSA) custodian for the School Employees Benefits Board (SEBB) Program. The Health Care Authority (HCA) will remit the employer contribution (built into the rates) to HealthEquity each month, totaling \$375 for individual coverage and \$750 for family coverage for the year. The contributions will automatically be deposited in your employees’ HSAs.

Choose a payment method

To ensure that employee contributions are remitted timely and accurately, choose one of these two options:

1. **Pre-paid deposits:** As the easiest way to manage HSA contributions, HealthEquity provides you with a dedicated routing and account number for each employee that you can give to your payroll partner.
2. **Contribution file:** Create your own contribution file using HealthEquity’s standard Excel template.

If you have questions **specific to HealthEquity**, please contact the HealthEquity account manager, Kim Cardwell at SEBBHSACont@heathequity.com.

Questions?

Please contact O&T through [FUZE](#) secure messaging or call 1-800-700-1555. This number is dedicated for and should be used only by benefits administrators. **Do not share this number with employees.**
