Administrative Policy 19-1 Termination due to loss of eligibility or enrollment error

Types of errors identified in policy 11-3

SEBB organizations must correct the enrollment error if they:

• Fail to notify of eligibility
• Fail to accurately enroll
• Fail to enroll default coverage
• Fail to timely enroll supplemental insurance
• Fail to accurately reflect surcharge status
• Fail to terminate timely
• Fail to provide accurate information

Please refer to WAC 182-30-060 and Administrative Policy 11-3
Error correction process
Error correction process

1. Notify Outreach and Training (O&T) of the error via FUZE

2. Work with O&T to provide a written notice/correction letter to the school employee and provide recourse, as appropriate
What is recourse?

*Recourse (remedy)* is defined as actions that can be implemented to **make the employee whole**. Employees should be put into a position they would have been in had the employer not made the enrollment error.

Recourse options available may include:

- Retroactive enrollment in a SEBB health plan
- Reimbursement of claims paid
- Reimbursement of amounts paid by the employee or dependent for medical, vision, and dental premiums
- Other legal remedy received or offered; or
- Other recourse, upon approval by HCA.

Recourse must not contradict a specific provision of federal law or statute and does not apply to requests for non-covered services or in the case of an individual who is not eligible for SEBB benefits.
1. Notify Outreach and Training (O&T) of the error via FUZE.

2. Work with O&T to provide written notice/correction letter to the school employee and provide recourse, as appropriate.
   
   • SEBB organizations must:
     
     • Determine the best recourse option for the employee’s unique situation.
     • Document and provide a copy of the correction/recourse letter to O&T for approval.
       
       • Recourse solution may not be implemented until approved by the SEBB Program.
Error correction process cont.

- SEBB organizations must (cont.):
  - Once approved by the SEBB program, the letter is sent to the employee
    - Explanation of the error
    - Recourse/corrective action
    - Options available (Recourse)
  - Employee must acknowledge the agreed upon recourse solution by completing and returning the letter or responding to an email outlining how the employee would like the account to be corrected.
  - Provide signed copy of the approved recourse solution to the employee and O&T.
Error correction process cont.

3. Once the SEBB program receives the signed copy of the recourse solution:

- SEBB Org’s may enter information in SMA
  - Effective date is **within** the lower limit date
- Send a FUZE to O&T to enter information in SMA
  - Effective date is **beyond** the lower limit date
2020 SEBB lower limit

BA’s may make changes as a correction within the lower limit date:

- Current process month
  - Specific period for which the insurance system runs billing

- Lower limit date
  - Three calendar months prior to the “current process month”
  - Farthest back coverage may be retro-terminated
    - Policy 19-1, Addendum 19-1A

Notice of termination

Dear [EMPLOYEE first and last name],

During a retrospective review of your eligibility for SEBB Program insurance, it was discovered that you became ineligible for SEBB benefits on [MM/DD/YYYY] and we failed to end your coverage timely. We are providing you with this notification because we are unable to terminate your medical coverage retroactively, both as required by federal termination notice laws (Policy 19.1.2, Adendum 19-1-A).

As a result, you will remain enrolled in the current medical plan from [MM/DD/YYYY] to [MM/DD/YYYY] (WAC 182-30-060). You are not responsible for the employee medical premiums during this time period.

Explanation of error and corrective action employers will take:

Recourse options

Resource options may be considered for medical and dental enrollment errors from [MM/DD/YYYY] to [MM/DD/YYYY]. When correcting termination errors, the employee is responsible for the employer and the Health Care Authority to implement insurance coverage options identified as following parameters:

- Retroactive enrollment in a SEBB Program.
- Program health plan.
- Reimbursement of claims paid.
- Reimbursement of amounts paid on behalf of the dental premiums or other resources, upon approval by the Health Care Authority.

Recourse must not contradict a final decision of federal law or statute and does not apply to requests for non-coverage, such as in the case of an individual who is not eligible for SEBB Program benefits.

An employee who disagrees with a recourse decision of the employing agency or the Health Care Authority may appeal the decision by submitting an appeal within 30 days as outlined in WAC 182-32.

Failure to respond within 31 days of this notice will result in termination, as described, without option for recourse.

When did the employee's initial enrollment period end?

• August 1, 2020

How many days will the employee now be offered to elect benefits beginning July 25, 2020.

SD never entered the employee in SMA.

Employee failed to enroll within the 31 days enrollment period. Due to the employer failing to enter the employee in SMA, the employee was not default enrolled.

Please refer to WAC 182-30-060 and Administrative Policy 11-3

Scenario-Fail to timely enroll supplemental

On February 10, 2020, an employee of Clay SD submitted their enrollment forms for supplemental LTD to their BA with coverage effective March 1, 2020.

On June 23, 2020, Clay SD realized that they failed to timely enroll an employee in supplemental LTD as elected by the employee.

- O&T terminates coverage on March 31, 2020.
Scenario-Failure to Provide Accurate Info

On February 15, 2020, an employee of Harrison SD informs their BA that they wish to enroll their first newborn in SEBB benefits. The BA informs the employee to create an SOE event in SMA.

Employee asks what valid documentation is required and the deadline to submit forms.

BA informs employee to provide a birth certificate within the next six months instead of 60 days. Employee waited four months to submit a birth certificate for their first newborn child as instructed by their BA.

On August 17, 2020, the employee realizes their first newborn has not been enrolled in SEBB benefits.
Recourse

• Due to the BA providing inaccurate information that the employee relied upon:
